Board of County Commissioners
(at the time the budget was adopted,
September 20, 2012)

Standing left to right: Lesley "Les" Miller Jr. (District 3);
Victor D. Crist (District 2); Kevin Beckner (District 6);
Ken Hagan (District 5), Chair;
Seated left to right: Mark Sharpe (District 7);
Al Higginbotham (District 4), Chair
Center: Sandra L. Murman (District 1) Vice-chair

DESCRIPTION OF HILLSBOROUGH COUNTY

GEOGRAPHY AND DEMOGRAPHICS

Located midway on the west coast of Florida, Hillsborough County's boundaries embrace 1,051 square miles of land and 24 miles of inland water for a total of 1,072 square miles. With the largest bay in Florida opening to the Gulf of Mexico, its coast spans 76 miles.

The unincorporated area encompasses 87% of the total county land area. The municipalities of Tampa (the county seat), Temple Terrace and Plant City account for the remainder. According to the latest population counts from the US Census and the University of Florida's Bureau of Economic and Business Research, the county's total population as of April 1, 2011 was 1,238,951 making it the fourth most populous county in the state. Of this population, 842,395 or 68% live in the unincorporated area.

A RICH HISTORY

Hillsborough County takes its name from Wills Hill, the Earl of Hillsborough and British Colonial Secretary of 1772. The Spanish first mapped and explored the area in the early 16th century. Between 1559 and 1819, the area now called Florida was under the rule of four nations: Spain, France, Great Britain and, finally, the United States. The United States purchased Florida from Spain in 1821 for \$5 million. In 1845, it was granted statehood. On January 25, 1834, the U.S. Legislative Council for the Territory of Florida approved an act organizing Hillsborough as Florida's 19th county. Its area then was 5.5 million acres and included the present counties of Hillsborough, Pinellas, Polk, Pasco, Manatee, Sarasota, Charlotte, DeSoto, Hardee and Highlands. The civilian non-native population in 1834 was less than 100.

Hillsborough County's Board of County Commissioners held its first meeting on January 25, 1846. The county's first courthouse was a frontier cabin burned during the Second Seminole War in 1836. In 1847, Capt. James McKay built a two story courthouse at a cost of \$1,358. A third structure was erected in 1855 and was used until 1891, when a red brick, domed structure mimicking the architecture of the Tampa Bay Hotel was built, occupying a square block in downtown Tampa. This is the courthouse depicted on today's County seal. The current courthouse was built in 1952 and a new county government administration building, called Frederick B. Karl County Center, opened in 1994.

THE COUNTY'S ECONOMY

Hillsborough County has a diversified economic base including a large service sector, a large manufacturing sector and a thriving retail trade sector. According to the latest information, the four largest employers in the public sector are Hillsborough County School Board followed by Hillsborough County government, the University of South Florida and Tampa International Airport. Major private sector employers are Verizon Communica-

tions Corporation (telecommunications); St. Joseph's Hospital (medical facility), Publix Food Centers (supermarkets), Tampa Electric Corporation (electric utility), Bank of America (banking services), JPMorgan Chase (financial services), Busch Entertainment Corporation (tourist attraction), Sweet Bay Food Centers (supermarkets), Tribune Company (newspaper publishing) and MacDill Air Force Base (Central Command Headquarters).

The Port of Tampa serves as the closest port in the United States to the Panama Canal. It is also the largest tonnage port in Florida and the tenth largest port in the United States with respect to annual tonnage. Ninety-eight percent of the cargo moving through the port is bulk phosphate, phosphate chemicals, rock, coal and petroleum products. The Garrison Seaport Center is a \$300 million cruise terminal and entertainment complex. Along with the Florida Aquarium, it is helping spur redevelopment in the area known as the Channel District.

Another significant element of the economy is agriculture. The county's total agricultural production ranks 4th in the state and 59th in the United States. It ranks number two in Florida for the number of farms. In 2009, sales of crops were estimated at \$777.8 million. The crop with the highest sales in 2009 was strawberries.

Tourism is another major component of the economy. The number of tourists visiting Florida is expected to continue growing. Busch Gardens of Tampa is one of the leading tourist attractions in the nation. There are numerous other attractions in Hillsborough County such as the Florida Aquarium, the Museum of Science and Industry, Tampa Museum of Art, the Glazer Children's Museum, the Lowry Park Zoo, the New York Yankees spring training facility, the Tampa Bay History Museum and the Tampa Bay Times Forum in downtown Tampa. The county is also the home of the 2003 Super Bowl Champions, the Tampa Bay Buccaneers as well as the 2004 National Hockey League Stanley Cup Champion, the Tampa Bay Lightning. In July 2012, the Tampa Bay

DESCRIPTION OF HILLSBOROUGH COUNTY

Times Forum in downtown Tampa was the site of the Republican National Convention.

GOVERNING THE COUNTY

A political subdivision of the State of Florida, the County is governed by an elected seven-member Board of County Commissioners. Through partisan elections, three are elected to represent the entire county as a district and four are elected to represent single-member districts. Under a Charter Ordinance effective May 1985, the Board is restricted to performing the legislative functions of government by developing policy for the management of Hillsborough County. The County Administrator, a professional appointed by the Board, and his staff are responsible for the implementation of those policies. The County Internal Auditor and the County Attorney also directly report to the Board.

The Board of County Commissioners is responsible for functions and services delivered throughout the county including municipalities and for municipal services to residents and businesses in the unincorporated area. The countywide responsibilities include such services as local social services, health care for the medically indigent, animal services, mosquito control, consumer protection, and a regional park system. Its responsibilities to the residents and businesses in the unincorporated area include, for example, fire protection, local parks, emergency medical services, planning, zoning, and code enforcement.

Commissioners Serve on Other Boards—The Board of County Commissioners also serves as the Environmental Protection Commission. Individual Board members serve on various other boards, authorities, and commissions, such as the Hillsborough Area Regional Transit Authority, Tampa Bay Regional Planning Council, Tampa Bay Water, Aviation Authority, Expressway Authority, Sports Authority, Arts Council, Drug Abuse Coordinating Council, Metropolitan Planning Organization, Council of Governments and the Economic Development Corporation.

THE COUNTY ADMINISTRATOR

The Board of County Commissioners appoints the County Administrator who is responsible for carrying out all decisions, policies, ordinances and motions of the Board. The current County Administrator, Michael S. Merrill, was appointed to the position in June 2010.

The departments under the County Administrator are responsible for providing services such as social services and public assistance to residents countywide. Departments are also responsible for providing municipal-type services to residents of the unincorporated areas of Hillsborough County such as road construction and maintenance, solid waste disposal, fire and emergency rescue services, parks and recreation, code enforcement and water and wastewater treatment.

The departments and agencies under the County Administrator are grouped into four offices: Infrastructure and Development Services, Chief Financial Administrator, Public Safety and Community Services, and Chief of Administration. An organization chart is on page 8 of this book.

OTHER CONSTITUTIONAL OFFICERS AND ELECTED OFFICIALS

In addition to the Commissioners, citizens also elect five Constitutional Officers: Tax Collector, Property Appraiser, Clerk of the Circuit Court, Sheriff, and Supervisor of Elections. These Officers are not governed by the Board of County Commissioners, but the Board funds all or, in some cases, a portion of the operating budgets of these Constitutional Officers. The Constitutional Officers maintain separate accounting systems and expanded budget detail information.

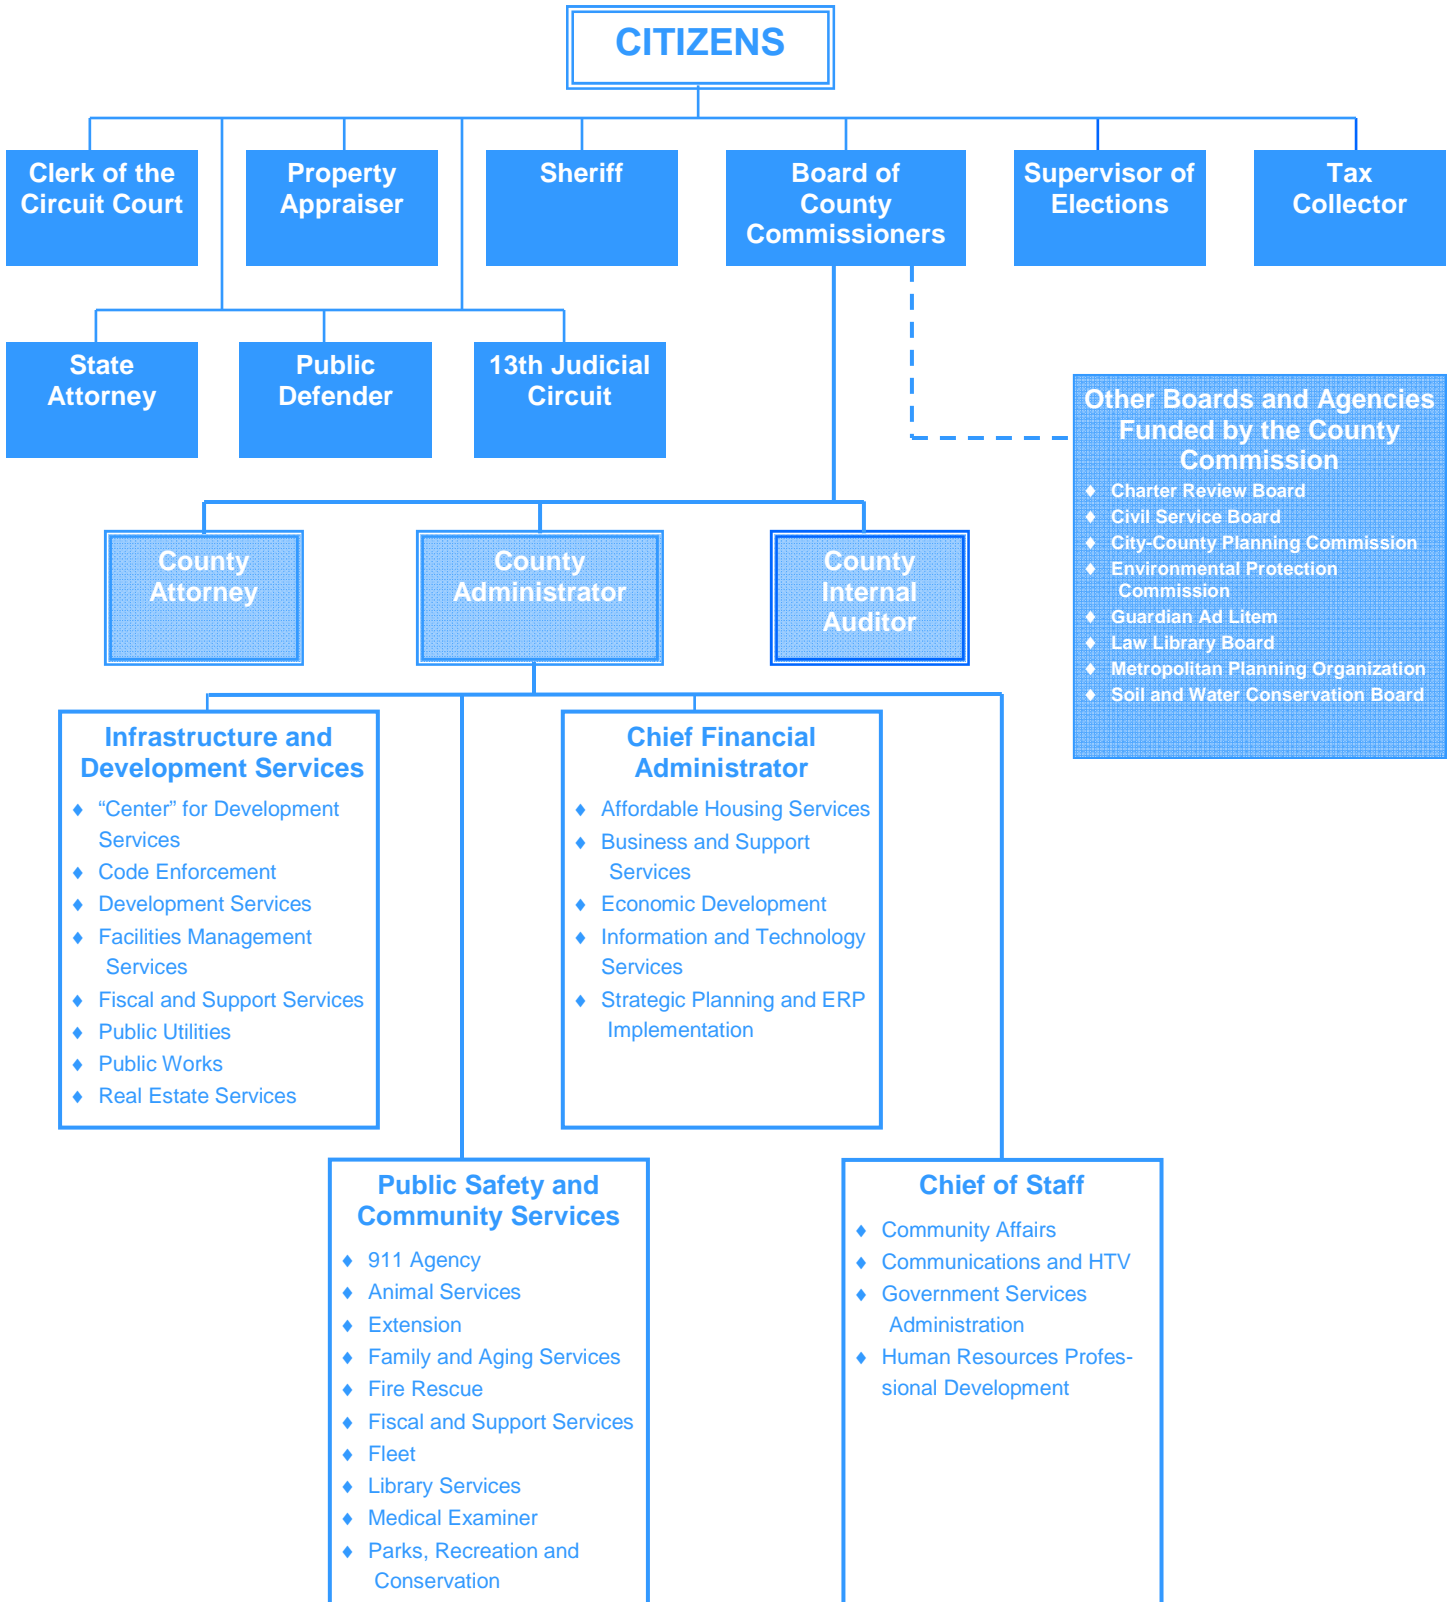

Citizens also elect the State Attorney and the Public Defender. Their budgets are included in this document to the extent they are funded by the Board of County Commissioners.

OTHER GOVERNMENT AGENCIES

Based on the extent of budgetary authority, taxing authority, the ability to obligate funds to finance any deficits and the ability to fund any significant operational subsidies, several other governmental entities also have their budgets reviewed and approved by the Board of County Commissioners. These are the Environmental Protection Commission, the Civil Service Board, the Planning Commission, Soil and Water Conservation Board, Metropolitan Planning Organization and the Law Library Board. The budgets of these offices and the Constitutional Officers are included in the County's budget to the extent of funding by the Board of County Commissioners.

HILLSBOROUGH COUNTY ORGANIZATION CHART

This chart shows the organization of County government and the levels of accountability to the electorate. Those directly elected to office by voters are shown in dark boxes. Those reporting directly to the Board of County Commissioners are in light boxes. Those under the County Administrator are in the lighter boxes. Boards and commissions funded through the Board of County Commissioners, but are not otherwise accountable to the Board are in the box connected by the dotted line.

HILLSBOROUGH COUNTY MISSION, VISION AND VALUES

Mission

The mission of Hillsborough County government is to provide effective, quality service at a reasonable cost with courtesy, integrity, and accountability in a manner which protects and enhances the quality of life of our diverse population. -- **Adopted by the Board of County Commissioners, March 18, 1998**

Vision

In the year 2020, all of Hillsborough County will take pride in the progress which has made our community remarkable. We will have embraced and be inclusive of our diverse population. Both the government and the local economy will be financially sound providing opportunity and success for our citizens. We will have balanced growth with protecting the environment while providing high quality services. All of this culminating in Hillsborough County being the leader for providing a quality of life second to none in the country.

Hillsborough County, as a Community, values:

- ◆ A Spirit of Caring
- ◆ Individual Freedom
- ◆ Human Rights
- ◆ Private Property Rights
- ◆ Citizen Participation in Government
- ◆ Integration, Planning and Feasibility of Public Services
- ◆ Educational Opportunity
- ◆ Personal Responsibility
- ◆ Economic Self-sufficiency
- ◆ Sustainable Environment
- ◆ Racial and Cultural Harmony
- ◆ Health and Public Safety

Adopted by the Board on April 21, 1999

Hillsborough County, as an organization, values the following:

- ◆ **Accountability** - Accepting individual responsibility to perform quality work that contributes to quality service at a reasonable cost.
- ◆ **Diversity** - Organizational effectiveness can best be achieved by recruiting and retaining a work force that represents the diversified population of Hillsborough County.
- ◆ **Efficiency and Cost Effectiveness** - The timeliness of meeting our obligations and performing each task; the stewardship and best use of our resources.
- ◆ **Empowerment** - The freedom and power to act, command, or decide on a course of action.
- ◆ **Open and Honest Communication** - An expression of a professional work environment which facilitates the exchange of information, ideas, and divergent opinions among all levels of an organization in an atmosphere of respect and genuine concern for the best interest of the County, its employees, and citizens/customers.
- ◆ **Quality** - Meeting citizens/customers requirements the first time and every time.
- ◆ **Respect** - The quality of accepting and holding in high esteem all persons right to their beliefs, values, autonomy, and differences while treating them with dignity, worth, courtesy, civility, and politeness.
- ◆ **Responsiveness** - The willingness and ability to provide information, reply to requests, answer questions, and complete tasks promptly.
- ◆ **Teamwork** - The ability of a group of individuals to work together towards a common vision by each doing their part to achieve the efficiency of the whole.

Adopted by the Board on April 21, 1999

HILLSBOROUGH COUNTY STRATEGIC PLAN

GOAL ONE

To ensure that Hillsborough County is financially strong enough to influence its destiny by applying efficient and/or effective policies and practices

Objectives:

- A. Reduce over-reliance on property taxes as a general revenue by relying more on the non-tax portion of total General Fund revenue from 16% (adopted FY 04 budget) to 18% (adopted FY 11 budget).
- B. Improve protection of stabilization reserves in the General Fund by establishing specific criteria by FY 08 that will determine when such reserves may be used and how quickly they would be subsequently replaced.
- C. To maintain general obligation and sales tax credit ratings of at least "Aa/AA/AA".
- D. Conduct a self-assessment by FY 08 resulting in a financial management rating of at least "A-" using current Governing Magazine criteria for "Money."

Board Initiated Strategy

- Resist unfunded mandates

GOAL TWO

To improve the economic well-being of our citizens

Objectives:

- A. Support economic development initiatives that promote the creation and retention of quality jobs that result in a local average wage exceeding the State average by at least 5 % and equal to at least 95% of the national average, by FY 09.
- B. Reduce the percentage of County residents living in poverty to the lowest quartile of counties in the State of Florida based on the 2010 Census.
- C. Support economic development initiatives that maintain an annual unemployment rate at least 1 percentage point below the State and National averages.
- D. Support economic development initiatives that maintain annual employment growth rates equal to or greater than the State and National averages, by FY 09.
- E. To assist at least 100 families having average housing expense ratios of 35% or less annually.
- F. Maintain a rating at, or above, the median housing affordability index for the 7- County Tampa Bay Regional Partnership area as reported by the Florida Data Clearinghouse, Shimberg Center for Affordable Housing, University of Florida.
- G. Diversify economic base by targeting appropriate new industries in order to improve the average wages and reduce unemployment as measured by the objectives above.

GOAL THREE

To work with citizens and neighborhoods in order to ensure quality services are delivered in a courteous and responsive manner

Objectives:

- A. To become the best county in the U.S. by FY 09, as measured by customer satisfaction surveys, benchmark comparisons with other top counties throughout the U.S., and through assessments by independent experts such as the Governing Magazine survey.
- B. Attain, by FY 10, a customer satisfaction rating on the value of County services of 80% on the value of County services compared to their costs.
- C. Maintain a customer satisfaction rating of 90%, as measured by a rating of 4 or 5 on a scale of 1 to 5.

HILLSBOROUGH COUNTY STRATEGIC PLAN

GOAL FOUR

To build a high performance diverse professional organization

Objectives:

- A. By FY 08, maintain diversity in the workforce in all EEO-4 categories of Hillsborough County government, under the County Administrator, representative within a 10% variation when compared to the workforce census of Hillsborough County measured by data from the Human Resource Information System (HRIS).
- B. By FY 08, improve employee relations through effective reduction of the number of employee disputes, grievances and lawsuits per 100 employees unresolved at the department level by 20% as compared to the number of outstanding issues as of FY 06 determined by Human Resources and County Attorney records.
- C. Achieve and maintain, by FY 07, a human resources rating of at least an "A-", as determined by the Governing Magazine review of 40 counties.
- D. Improve efficiencies and effectiveness in County services as measured by internal and external benchmarking by FY 08.

GOAL FIVE

To provide a quality of life to citizens and visitors that emphasizes public safety, arts and entertainment, and sports and recreation, in a visually pleasing and healthy community

Objectives:

Public Safety:

- A. Achieve a customer satisfaction rating of 90% regarding the deputies serving customers' neighborhoods by the end of FY 08.
- B. In partnership with local utilities and through facility upgrades, reduce the downtime caused by electrical outages at County water and sewer treatment and pumping facilities by increasing the percentage of mitigation from 14% experienced in FY 04 to 20% by FY 10.
- C. In partnership with local law enforcement agencies, the per capita rate of violent crime in Hillsborough County will be the lowest of any large urban county in the state of Florida by FY 15.
- D. In partnership with law enforcement agencies, the per capita rate of property crime in Hillsborough County will be the lowest of any large urban county in the state of Florida by FY 15.
- E. In partnership with law enforcement agencies, the per capita crime ranking for Hillsborough County will be the lowest of any large urban county in the state of Florida by FY 15.
- F. By FY 15, improve the response time of Advanced Life Support personnel to arrive within 7 minutes, 86% of the time throughout unincorporated Hillsborough County – incrementally improving the existing performance by an average of 2% per year.
- G. By FY 15, improve the response time of Advanced Life Support transport vehicles to arrive within 9 minutes, 86% of the time throughout unincorporated Hillsborough County – incrementally improving the existing performance by an average of 2% per year.
- H. By FY 15, improve fire response time in the urban area to be within 6 minutes, 76% of the time throughout unincorporated Hillsborough County – incrementally improving the existing performance by an average of 3.5% per year.
- I. By FY 15, improve fire response time in the designated suburban area to be within 7 minutes, 80% of the time throughout unincorporated Hillsborough County – incrementally improving the existing performance by an average of 2% per year.
- J. By FY 15, improve the fire response time within the rural area to be within 10 minutes, 76% of the time throughout unincorporated Hillsborough County.

Arts and Entertainment:

- K. Maintain a 90% or higher customer satisfaction level with public library youth programming using point of service surveys in FY 08.
- L. By FY 11, increase the return on investment for County-funded cultural tourism events by 5% in dollar terms over the FY 08 baseline as measured by the event survey data collected for Tampa Bay & Company.

Visually Pleasing:

- M. By FY11, achieve an above average rating from 75% of those answering the County's countywide customer service satisfaction survey's question on cultural opportunities in the county.

HILLSBOROUGH COUNTY STRATEGIC PLAN

- N. Improve the physical appearance of the community as measured by compliance with the County's sign and landscaping codes. That is, by the year 2009, reduce the incidence of variances granted to these codes by 10%.
- O. Prepare and implement community based plans for 22 communities as set forth in the work program developed with the Planning Commission as set forth in the "Team Approach to Community-Based Planning Agreement" by FY 09.
- P. Increase the percentage of code violations resolved within a 6-month period to attain a 90% resolution rate by FY 10.
- Q. Reduce the County's reliance on PD zoning by revising the land development code as required by 2010.

Healthy Community:

- R. To increase the Quality of Life for seniors by 15% by the end of FY 10 as indicated by 5 baseline benchmark measures from the 2007 Aging Master Plan.

Sports and Recreation:

- S. For athletic and recreation programs offered by Parks, Recreation and Conservation Department of Hillsborough County, as measured by the department's customer survey, maintain 85% customer satisfaction rating with recreational programs and improve athletic programs to attain 90% customer satisfaction rating by FY 09.
- T. Increase youth participation in public library activities within the Community Development Black Grant areas by 10% in FY 08 over the FY 07 youth participation of 5,741.

Board-Initiated Strategies for Sports and Recreation:

- Discounts for minority and underprivileged to afford programs offered
- Dance/music programs for disadvantaged children
- Improve transportation for underprivileged children to get to the facilities

Other Board Initiated Strategies:

- Come up with a better way of providing transportation for the elderly
- Expand senior services by running programs more efficiently

GOAL SIX

To improve transportation in Hillsborough County

Objectives:

- A. Decrease the rate of preventable intersection crashes per million entering vehicles (MEV) by 5% by FY 10.
- B. Increase the number of intersections being upgraded to accommodate growth by 50% by FY 08.
- C. Reduce the preventable pedestrian accident rate per 100,000 population. (An in-depth analysis will be conducted to determine the causes of pedestrian accidents and feasible solutions. Upon completion, objectives will be clarified based upon what the analysis reveals.)
- D. Implement a countywide "Senior Zone" Program. Conduct project development studies, prepare construction plans and install traffic control devices for at least two "Senior Zones" per year along county roadways that have adjacent assisted living facilities to reduce travel speeds and enhance traffic safety at each location and expand the program based upon BOCC approved program funding.
- E. Improve the Level of Service (LOS) for county roads such that by 2017 at least 90% of the regulated county roads assessed for LOS have an LOS of "D" or better.

Board Initiated Strategies:

- Add intersection red light cameras at deadliest intersections (will have to have legislative authority and cooperation from the Florida Department of Transportation)
- Set priority for transportation funding from the CIT and ad valorem taxes (policy discussion & development)
- Collector road traffic calming efforts

GOAL SEVEN

To effectively protect and manage our natural resources, including the conservation of the water supply to create a healthy environment in Hillsborough County

Objectives:

- A. Maintain the average per capita potable water use at 107 gallons per day in a wet weather year, 120 gallons per capita in an average rainfall year, and 130 gallons per capita per day in a dry weather year.
- B. Protect river resources by developing regulatory overlay districts for the Alafia, Little Manatee, Palm and Hillsborough rivers in Hillsborough County by FY 08.
- C. Monitor and support actions taken by the Southwest Florida Water Management District (SWFWMD) and/or Tampa Bay Water to protect natural water resources in the county from adverse impacts due to excessive ground and surface water withdrawals by meeting adopted SWFWMD minimum flow levels by FY 10.
- D. Ensure Tampa Bay Water can deliver to Hillsborough County a water supply capacity is at least 6% greater than Hillsborough County's demands by FY 08 on a twelve month average basis.
- E. Provide expanded protection from contamination through the permitting requirements for all the 740 potable water supply wellheads in the County by FY 08.
- F. Hillsborough County will pursue the acquisition of environmentally sensitive and significant resources by leveraging ELAPP funding with 40% non-county funding on an average gross annual basis.
- G. In partnership with the Environmental Protection Commission, increase ambient air quality in the County to meet the Federal Clean Air Standards by FY 08.
- H. Sustain the reuse of 45% of the reclaimed water supply to offset increased demands for potable water through FY 10.
- I. Prevent stormwater flooding attributable to the inadequate design of new development for which permits are submitted after December 2005.

GOAL EIGHT

To make Hillsborough County a desired place to live through managing growth

Objectives:

- A. Improve quality of life for County citizens by establishing and monitoring a set of BOCC improvement measures using data from an annual Quality of Life survey, beginning in FY 05.
- B. Prepare and implement community based plans for 22 communities as set forth in the work program developed with the Planning Commission as set forth in the "Team Approach to Community-Based Planning Agreement" by FY 08.
- C. Improve the physical appearance of the community as measured by compliance with the County's sign and landscaping codes. That is, by the year 2009, reduce the incidence of variances granted to these codes by 10%.
- D. Ensure projects that are zoned Planned Development (PD), which are submitted for permitting after December 2005, fully comply with the Planned Development (PD) zoning that was approved by the Board of County Commissioners.

Board Initiated Strategies

- Need to promote redevelopment strategies, including cities

As revised by the Board of County Commissioners March 6, 2008

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**Hillsborough County
Florida**

For the Biennium Beginning

October 1, 2011

Linda C. Davidson Jeffrey R. Emswiler

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a **Distinguished Budget Presentation Award** to Hillsborough County, Florida for its biennial budget for the biennium beginning October 1, 2011. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of two years only.

Hillsborough County
Florida

EXECUTIVE SUMMARY

INTRODUCTION

As a result of a policy adopted in 1995 by the Board of County Commissioners, the County uses a two-year (biennial) budget process. As part of this process, in odd-numbered years two separate twelve-month budgets are prepared and approved by the Board of County Commissioners. The first year of the biennial budget is adopted as the FY 12 budget as required by State statute. At the same time, the Board of County Commissioners also approves a budget for the second year, the planned FY 13 budget. Then, during calendar year 2012, the planned FY 13 budget is reviewed by staff and the Board during the budget updates process. This review allows the County to make the necessary adjustments to revenues and expenditures in order to accommodate needs that have arisen since the planned budget was prepared in 2011. The Board then adopts a budget for FY 13 according to procedures outlined by State statute.

This book contains the **Adopted Budget for FY 13**. It has four sections: *Executive Summary*, *Operations and Funding Guide*, *Capital Budget*, *Debt Budget* and *Supplemental Information*. Financial schedules throughout this book include multi-year information for comparison.

The first section, the *Executive Summary*, contains information about the process of developing the budget; a summary table reflecting funded positions and funded full-time equivalent positions; summary tables of the debt, capital, and department budgets; and information on property taxes, millages, and major county revenues. It also includes the County Administrator's budget message, a discussion of major County revenues, data and an analysis of economic indicators for Hillsborough County, and fund balance estimates by fund.

The second section, called the *Operations and Funding Guide*, contains more detailed information such as schedules showing the budget by fund as well as detailed information about the various budgetary funds and their funding levels. It also includes information on appropriations for the operations of County departments, commissions and boards funded through the Board of County Commissioners. Each department or organization budget includes a page with the organization's mission statement, objectives and per-

formance measures. The second page of an individual organization's budget shows its summary budget, a comparison of funded positions for the previous three years and text explaining changes from year to year. Finally, this section also includes detailed information on reserve balances, non-departmental allotments, contracts with non-profit organizations and a list of interfund transfers.

The third section, the *Capital Budget*, contains information about the County's adopted capital program for FY 13. It contains a narrative describing the capital budget highlights as well as summaries showing projects to be started in FY 13.

The fourth section, the *Debt Budget*, contains information about the County's outstanding debt.

The fifth section, *Supplemental Information*, contains information about the various salary schedules, a detailed listing of positions and pay grades, additional performance measures for organizations and departments, a glossary and an index of departments.

A second book, called the **Adopted Capital Improvement Program FY 13 - FY 17**, presents the capital improvement program through FY 17. This book includes detailed information about each project in the capital budget and the capital improvement program for the next five years.

Persons interested in reviewing any materials comprising the **Adopted Budget for FY 13** and the **Adopted Capital Improvement Program FY 13 - FY 17** at any level of detail are encouraged to contact the Hillsborough County Business and Support Services Department at (813) 272-5890. The mailing address is: Business and Support Services Department, 26th Floor, P.O. Box 1110; Tampa, Florida 33601. The Department is located at: 601 East Kennedy Blvd., County Center, 26th Floor, Tampa, Florida 33602.

A compact disk containing both volumes can be obtained by writing to the Business and Support Services Department at the above address or calling the department's phone number. Information from both books is also available through links on the County's website at www.hillsboroughcounty.org.

BUDGET HIGHLIGHTS

The County's Adopted Budget for Fiscal Year 2013 (FY 13) totals \$3.112 billion. By contrast, the FY 12 Adopted Budget was \$2.909 billion. This is the second year of the ninth biennial budget adopted by the Board of County Commissioners (Board). This budget is the culmination of the process that started in January 2012.

In a biennial budget process, the Board develops detailed budgets for two separate years. The intent of a biennial budget process is to focus on implementation of major policy decisions in a two year cycle. The first year's budget (FY 12) was formally adopted by the Board on September 22, 2011 and covered the period of October 1, 2011 through September 30, 2012. At the same time, the Board approved a "planned" second year budget for FY 13, covering the period of October 1, 2012 through September 30, 2013. Starting in January, this planned budget was updated as appropriate to reflect revised revenue and expenditure estimates and other budget issues not known at the time the planned budget was prepared, resulting in this "recommended" budget for FY 13. The recommended budget was modified by the BOCC throughout the summer, ending with formal adoption in late September 2012. The continued impact of declining revenue on the County's budget – which in some cases lags the economic cycle – required continued creativity in developing new service delivery models that were effective in maintaining current service levels with fewer resources.

As previously discussed, the FY 13 Adopted Budget is an update to the FY 13 component of the FY 12 and FY 13 biennial budget that was adopted by the Board in September 2011. In a very real sense, the FY 13 biennial budget was an ongoing community conversation that began in the summer of 2010 during the adoption of the FY 11 budget. Facing continuing declines in tax revenues, the FY 11 budget was balanced with one-time, non-recurring revenues. This strategy, while not sustainable in the long-term, did buy the time needed to undertake more deliberate, strategic and transformational changes in our organization in order to improve customer service and reduce the cost of operations.

Guiding Principles – FY 13 Adopted Budget

- Adequate reserves were maintained in support of "AAA" credit rating
- Budget decisions were based on data and on a clearly defined core mission
- Level-of-service commitments were strategic and sustainable, and derived with community input
- Services and programs were designed cost effectively through collaboration and measureable outcomes
- Productivity and customer service were enhanced through strategic investments in technology
- Capital program was prioritized to support these principles within available resources

During the budget process the Board of County Commissioners held three public hearings to provide opportunity for community input. This input supplemented information gathered last year when the County Administrator personally met with citizen and employee groups in a concerted effort to reach out to the community and learn more about their concerns and needs, and to hear creative ideas for a more responsive government. Outreach to stakeholders through such venues as the roundtable group sponsored by the Children's Board was instrumental in this strategic thinking process.

Far in advance of the development of the FY 12 and FY 13 biennial budget, the County Administrator began conducting "pre-budget" meetings with department directors to solicit their strategic thinking about service delivery, including:

- Identifying core services; specifically, who is served, and whether that customer is best served by County government or by another provider;
- Establishing key performance measures and how they will be tracked/verified;

BUDGET HIGHLIGHTS

- Identifying departments' functional interrelationships within the County and describing plans to more effectively integrate financially and operationally across the organization;
- Describing plans to achieve the County's client services focus;
- Describing how departments will involve staff in the decision making process; and
- Identifying strategies and investments to automate and to achieve process improvement, better customer service, and cost efficiencies.

As a result of all these efforts, the operating budget for FY 13 achieves long-term fiscal sustainability in day-to-day service provision.

During the update of the two-year biennial budget, available resources were reevaluated to determine the continued viability of the FY 13 Planned Budget. This process identified that resources continued to decline to lower levels not anticipated when the planned budget was approved. The FY 13 Planned Budget projected that property tax values would stabilize. However, these values declined by an additional 2.5% for FY 13 resulting in the need to further prioritize existing resources.

The FY 13 Adopted Capital Budget is balanced within available resources, but those resources have dwindled. Reductions in Community Investment Tax (CIT) revenue and ad valorem tax revenue to fund capital needs such as roads, stormwater and recreation necessitated a reprioritization of capital projects with an emphasis on pressing service needs and public safety. As a consequence, future funding sources must be considered for capital projects that do not meet these criteria. Options for future alternative funding sources include mobility fees and tax increment financing, as well as a recommended rededication of a portion of the currently levied Communications Services Tax (CST) for critical infrastructure needs. On a positive note, further reductions from the FY 13 Planned Capital Budget were not required.

Budget in Brief

The County's Adopted Budget for FY 13 totals \$3.112 billion; this represents a \$203 million increase over the adopted FY 12 budget of \$2.909 billion. This change is attributable primarily to an increase of \$169.5 million in the Capital Improvement Program. The FY 13 capital budget represents a return to a more normalized capital spending plan since due to a continued lack of growth in Community Investment Tax (CIT) revenues, approximately \$127 million CIT funding had to be removed from projects in the FY 12 – FY 17 capital improvement program.

From a service delivery point-of-view, there are seven programmatic areas shown in the chart below that more meaningfully describe the budget. The chart demonstrates the County continues to place a high value on public safety. Over the past six years, expenditures for public safety have continued to be maintained even as expenditures for other service areas have been reduced.

BUDGET HIGHLIGHTS

It is the operating budget that is most impacted by changes in the property tax base and reduced sales tax collections. In the adopted budget for FY 13, funding for service delivery of \$1.3 billion represents 43% of the total County budget. The charts to the left and in the Operating Budget section below depict how the budget is allocated in FY 13.

Since FY 07, non-dedicated property tax revenue has declined by \$230.2 million due primarily to three events. The first event was legislative action to limit millage. The second event was the voters' approval of Amendment One increasing homestead exemption amounts and limiting assessed value increases on non-homestead properties to 10%. The third event was the effect of an economic recession and the associated decline in property values brought on by a collapse in the housing market.

Due to the weak economy, half-cent sales tax collections since FY 07 have declined by 17.1%. On a positive note, FY 13 sales tax revenue is expected to increase 4.5% over FY 12. However, fuel tax revenues are projected to decrease slightly. The increase in half-cent sales tax revenue was inadequate to address the reduction in ad valorem taxes and other revenues.

Since 2007 approximately \$339.8 million in combined revenue losses have contributed to shortfalls in the County operating budget. These shortfalls have been predominately absorbed by County Administrator operations. From FY 07 to FY 13 the budget for County Administrator operations has declined by a total of \$81 million, excluding Fire/EMS and Library Services – the latter which is funded by revenue from a separate taxing district. In FY 12, shortfalls in revenue were addressed through a combination of reductions in force, elimination of vacant positions and reductions in associated operating costs. These and other reductions are continued in the FY 13 adopted budget. While no new reductions in force occurred for FY 13, the adopted budget does reflect the elimination of 55 positions that were vacant due to retirement or other reasons.

Operating Budget

The FY 13 operating budget reflects a decline of \$15.5 million from FY 12. The budget continues to reflect the transfer of the Section 8 program to the Tampa Housing Authority and the lack of any new future federal Neighborhood Stabilization Program funding, and reflects a state mandated increase in Florida Retirement System contribution rates. This increase impacts all departments, agencies and Constitutional Officers funded by the BOCC.

BUDGET HIGHLIGHTS

The Adopted Budget for FY 13 continues recurring support of non-profit agencies at FY 12 levels. The Citizen's Advisory Committee (CAC), whose members are appointed by the Board of County Commissioners, is assisting the County in developing a new system of outcome-based performance measures that align with services determined to be part of the County's core mission. These measures and other CAC recommended criteria for awarding grants to non-profit service providers are expected to be ready in 2013 for the Board's deliberations on funding awards.

The Adopted Budget for FY 13 includes the loss of \$14.4 million in general fund property tax revenues. The budget shortfall is covered by one-time revenues, including \$12.9 million from a refund of excess workers compensation fund reserves and a refund of \$4.3 million from excess fleet replacement reserves. As a result of revenue reductions the County will lose some of the flexibility it has enjoyed in the past to be able to absorb unexpected needs or requests. It is unlikely we will be able to absorb the cost of future unplanned events without a commitment of additional resources.

Capital Budget

The Adopted Capital Budget for FY 13 is \$168.1 million compared to a \$1.4 million decrease in FY 12. This represents a \$169.5 million increase to prior year capital program funding.

Poor sales tax revenue performance and financing conditions during the last recession have limited CIT financing capacity requiring a \$127.6 million reduction in CIT project funding in FY 12. This funding was identified in last year's Capital Improvement Program as undetermined in FY 14. Some of these projects have been funded in FY 13 with various funding sources while others still remain in FY 14 dependent upon the performance of existing funding sources and/or the identification of alternative funding sources.

Since the presentation of the FY 13 Recommended Budget, the Board has authorized \$46.5 million in funding to provide incremental funds for the Historical Preservation Fund Program, address the renovation of three neighborhood service centers and provide funds for the addition and/or renovations of eight parks facilities and five transportation projects.

The Hillsborough County Fire Rescue Department responds to more than 80,000 unique citizen calls for assistance annually. During FY 11 Fire Rescue responded to urban calls in an average 6.1 minutes, suburban calls in an average 6.8 minutes, and rural calls in an average 9.4 minutes. Maintaining and improving Fire Rescue service in Hillsborough County is a priority in the Adopted FY 13 Budget which includes eight new projects to expand, renovate or replace fire stations. These projects will replace the Apollo Beach, Armwood, East Lake, South Brandon, and Wimauma fire stations. Carrollwood, Falkenburg and Riverview stations will be expanded or renovated. FY 13 capital funding for Fire Rescue totals \$20.4 million. A large portion of the funding for these projects will come from bonding future Communications Services Tax revenues. This future bond issue will also support the Public Safety Operations Complex project.

The Parks Adopted Capital Budget for FY 13 is \$31.0 million. Twelve new projects are added to the Parks Program. Nine of the twelve funded projects for FY 13 are part of the county's repair, replacement, renovation and maintenance (R3M) program. Since the FY 13 Recommended Capital Budget, the Board authorized the funding of \$29.3 million for 8 projects including the Progress Village Recreation Center at

BUDGET HIGHLIGHTS

Larry Sanders Sports Complex, the Northdale Recreation Center Expansion, the Town n Country Area Recreation Center, Evans Park Renovations, the Gibsonton Area Recreation Center/Gardenville School Renovation, the Progress Village Park Field Renovations, the Ruskin Area Recreation Center and the Countywide Soccer Complex.

The Transportation Program Adopted Capital Budget for FY 13 is \$11.9 million. The program includes funding for the Big Bend Road Widening (Covington Gardens to Simmons Loop)- PD&E project at \$6.5 million, the Bridge/Guardrail Rehabilitation Program at \$400,000, the Columbus Drive over Hillsborough River Bridge Rehabilitation and the Platt Street over Hillsborough River Bridge Rehabilitation projects at \$500,000 each, the Sidewalk ADA Retrofit Program at \$550,000, the New and Improved Signalization program at \$2.7 million, the Paved Shoulders/Bicycle Lanes County Rural Roads at \$250,000, the Pavement Treatment Program at \$5.0 million and the Dangerous Intersection and Pedestrian Safety Program at \$8.5 million. Since the FY 13 Recommended Capital Budget, the Board authorized an additional \$13.7 million in transportation funding to address road improvements, intersection and pedestrian safety, sidewalks and road resurfacing needs.

Through an interlocal agreement, the City of Tampa and Hillsborough County are responsible for any Tampa Sports Authority capital and operating shortfalls related to the Raymond James Stadium and George Steinbrenner Field. The City funds one-third and the County two-thirds of any shortfalls. During FY 13, the Tampa Sports Authority budget includes significant capital requirements for maintenance and replacements at Raymond James Stadium. The adopted FY 12 County budget included \$6 million in FY 12, which will carry forward into FY 13. An additional \$7.44 million is included in the FY 13 budget to meet these requirements. The source of funding for these capital contributions is short-term commercial paper borrowing to be repaid from 4th Cent Tourist Development Tax revenue.

Since 1980, in addition to other taxes authorized by law, Hillsborough County has levied the Ninth Cent Fuel Tax authorized by Section 336.021, Florida Statutes. In unincorporated Hillsborough County, revenue from the tax has been used exclusively for the maintenance of roads, streets and bridges. There is a

continuing need for the funding of such activities. At a June 15, 2011 public hearing the Board authorized extending the tax through December 31, 2021. The One to Six Cents Local Option Fuel Tax is set to expire August 31, 2013. This tax has the same allowable uses as the Ninth Cent Fuel Tax. Section 336.025, Florida Statutes, authorizes the Board to extend the levy of the One to Six Cents Local Option Fuel Tax by majority vote taken prior to July 1, 2013. This issue will be brought to the Board for their consideration in 2013. The annual revenue generated from the local option fuel tax is approximately \$24 million; The FY 13 impact reflected in this budget is approximately \$2 million.

Setting the Stage for Fiscal Sustainability

This budget includes carrying over unspent balances from the \$12.6 million in direct support for economic development initiatives to retain and attract jobs approved by the Board in FY12. The FY 12 funding established a closing fund of \$2 million dollars to provide a source of cash incentives that can make the difference between a business choosing Hillsborough County over another location. A small business investment fund in the amount of \$500,000 and a “green” sustainability fund in a like amount were approved as a way to inject capital into existing businesses that encourages innovation and creates jobs. The budget also includes carryover of \$100,000 for an agriculture innovation fund and \$500,000 for a bio-tech innovation fund.

This adopted budget continues to stress the importance of economic development by continuing to commit county resources to activities designed to

BUDGET HIGHLIGHTS

create jobs and stimulate economic growth. Economic development initiative funds carried forward from FY 12 include: 1) \$250,000 to the Economic Development Corporation for business recruitment; 2) \$2.5 million in capital funding for historic preservation of which \$2 million was committed to four historic clubs in the Ybor City area; 3) \$2 million in a historic preservation challenge grant matching program for capital improvements to encourage cultural tourism; 4) \$500,000 each for the Sports Commission, the Film Commission, and Tampa Bay and Company; and 5) second year funding of \$730,000 for limited duration staff in the Building Services Division to assist in decreasing the amount of time necessary to issue permits for new development.

A powerful economic development engine in our community is our major cultural and entertainment venues. The Aquarium, Lowry Park Zoo, Museum of Science and Industry (MOSI), Straz Center for the Performing Arts, Glazer Children's Museum and the Tampa Bay History Center are not only educational resources, they attract tourist dollars and serve as a potent marketing tool in our effort to attract target corporate relocations. In the case of MOSI, Children's Museum and History Center, the County has made a substantial investment in the buildings and assets which must be preserved and enhanced. Dedicating a reliable, recurring revenue source to further the mission of these venues is of paramount public benefit. To that end, monies from the Seminole Gaming Compact are committed as a funding source for these six venues. The second year's share of the Compact's distribution for Hillsborough County amounts to \$2.036 million. Staff has worked with the leadership of these venues to develop a formula for sharing of the monies and quantifiable performance measures and criteria the venues must continue to meet to receive funding.

Strategic Planning

The County's existing Strategic Plan, developed during a period of strong revenue growth and unlimited expectations, no longer serves as a viable guide to decision-making in our current environment – or in the environment expected to exist in the next several years. When the Board met in its annual retreat last December, the County Administrator outlined four vision statements that he saw as describing how we should move forward in this new environment: community building, identifying essential (core) services, enhancing customer service, and creating a

new and vibrant organizational culture. He laid out his personal and organizational goals and objectives for each of these areas, and he embraced them as we reshaped our organization and as we built this biennial budget for Board consideration and subsequent approval.

Moving forward, the Board has expressed a desire to revisit strategic planning and engage in a discussion of a new approach to plotting a multi-year course for this government and the community we serve. As we move forward into the future, we will need to decide how to engage our citizens in that process; recognize the importance in such a process of identifying internal organizational strengths and weaknesses and external opportunities and threats; understand the need to establish organization-wide and community objectives for the next several years; and plan to use key performance indicators to chart our progress and interconnect to current and future budget decisions. These deliberations should also be conducted in concert with other community stakeholders including the Planning Commission, Port Authority, Aviation Authority and Economic Development Corporation, to name a few.

Investment Opportunities for One-Time Monies

During each annual budget process, new one-time sources of funds may be identified. When this occurs, sound financial practice suggests that such sources should be used to fund one-time uses. During the FY 13 budget process, two such one-time sources were identified. First, excess workers compensation reserves resulting from prior assessments are recommended to be refunded to the various funding sources from which the original assessments were paid. The refund to the general funds totaled \$11.6 million. The excess was due to a significant decrease in the number of funded positions in the past five years combined with better than anticipated claims experience. Second, general fund beginning fund balances in FY 12 were higher than anticipated. As we have been transforming County operations to become more customer-oriented and business-friendly, several critical one-time needs have been identified in the areas of economic development and technology. In keeping with sound budget principles, we are recommending these needs be met with these identified one-time sources of funding. Some of these needs include the following:

BUDGET HIGHLIGHTS

- \$12 million in a one-time allotment to allow additional funding for high priority needs.
- \$500,000 for detailed analysis of data center needs at the new Public Safety Operations Center (PSOC) to allow the PSOC to serve as a backup to the primary data center in the event of disaster.
- Additional economic development program funding.
- Funding for deferred capital projects discussed below in the Capital Budget section.

Other Factors Considered in the Adopted FY 13 Budget

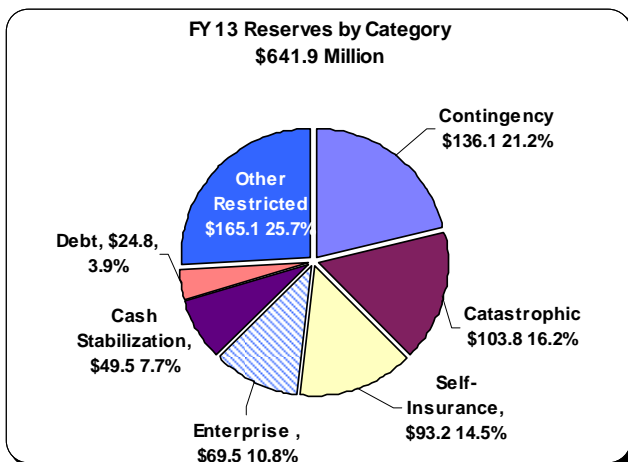

Budget Limitation – The Adopted Budget is in compliance with Board Policy 03.05.07.00 on limiting spending. We also carefully assessed our ability to avoid future draw downs of fund balance in the Countywide General Fund and Unincorporated Area General Fund because such actions can have significant implications on our ability to access financial markets to secure financing for County projects.

Reserves – Our reserve strategy remains sound – the County maintains reserves to meet various objectives, including adhering to best business practices; complying with statutory, bond covenant, actuarial and other requirements; and to provide a safeguard for unexpected circumstances. There are three basic categories of reserves: restricted, designated, and contingency.

Restricted reserves reflect amounts that are intended for and must be used to meet a specific purpose. The restriction can be set by legal agreement, such as a bond covenant required debt reserve; statute or other regulation, such as mandatory reserves associated with our various self-insurance programs; or by the nature of the revenue, such as revenues received by the enterprise fund whose use is restricted to enterprise program related purposes. For FY 13, restricted reserves total \$165.1 million.

Designated reserves represent amounts set aside to provide funds for a specific purpose where the actual cost is currently unknown. Once the actual need for which the funds were reserved has been met, any remaining balance may be reappropriated with Board approval for any lawful purpose. Examples include cash stabilization reserves, intended to protect the County from revenue shortfalls and to ensure that sufficient cash is on hand in the following year to meet the County’s obligations until revenues are anticipated to be available; catastrophic reserves established to provide critical funds in the event of a hurricane, major flood or other disaster; reserves for future capital outlay, which are intended to fund capital project cost increases as well as unfunded capital projects in current or future years; and reserves to meet prior year obligations that have not yet been paid. For FY 13, designated reserves total \$153.3 million.

Contingency reserves represent amounts available for appropriation by the Board to meet any lawful purpose. Most funds have a contingency reserve, intended to meet unanticipated needs within the corresponding fund. When discussing contingency reserves, the usual intent relates to reserves in the two general revenue operating funds. By Board policy, use of these funds requires supermajority approval by the Board. The policy also states that the need being funded could not be reasonably anticipated during the budget process. For FY 13, contingency reserves across all non-enterprise funds total \$136.1 million.

BUDGET HIGHLIGHTS

Vacation Payout Program – During the 2011 legislative session, legislation was passed that requires all participants in the Florida Retirement System to contribute 3% of their pay towards retirement. This requirement, combined with no County pay adjustments (other than union contracts) over the period FY 10 through FY 12, place a significant burden on County employees to continue to meet their financial obligations in an environment of rising prices including a significant rise in fuel prices. The FY 13 budget continues a program began in FY 12 to allow employees to cash out up to 40 hours of their vacation time in excess of 80 hours of their vacation accruals. Vacation time is an obligation of the County that is paid out to all employees at the time they separate employment from the County. Therefore, as vacation time is paid out, the County will reduce its obligation for future payouts.

Reduced Millage – The Countywide operating millage has been reduced for the twentieth consecutive year. As with the reduction in FY 12, the amount is minimal, but we believe that this shows a Board commitment on property taxes. The cumulative reduction amounts to \$2.42 in savings for every \$1,000 in taxable value in addition to the benefits of the doubling of the homestead exemption approved by Florida voters. For those unincorporated taxpayers who benefit from all reductions in County-levied millage rates, the total millage has been reduced for eighteen consecutive years, amounting to a total of \$3.20 in savings for every \$1,000 in taxable value. While taxpayers have benefited from lower millage rates, a higher homestead exemption, and portability of the Save Our Homes cap on taxes, the amount of revenue generated by each mill of property tax has declined by 29.3 percent since FY 08.

Conclusion

Consistent with past practice, this budget continues a commitment to ensure that Hillsborough County is financially strong and able to influence its destiny by applying efficient and/or effective policies and practices. The County continues to receive positive feedback – most recently in 2010 when Fitch Ratings and Moody's upgraded our general credit rating to "AAA" as part of a recalibration of U.S. public finance ratings. Hillsborough County has held a "AAA" credit rating from Standard and Poor's Ratings Services since 2006. All three rating agencies reaffirmed their credit ratings for the county in early 2012.

The Adopted Budget for FY 13 budget represents a balanced, equitable plan to provide our residents with vital services in this difficult economic period. As we move into FY 13 we will continue to seek opportunities to improve the manner in which we deliver service and continue to help grow our economy. The FY 13 Adopted Budget continues the same level of service to Hillsborough County citizens.

THE BUDGET PROCESS: BIENNIAL (2-YEAR) BUDGETING

The budget process used to develop this document reflects an approach first adopted by the Board of County Commissioners (BOCC) in 1995. At that time, the BOCC approved a biennial budget process for FY 96 and FY 97. While Florida Statutes require a minimal annual process to adopt the budget, there is nothing prohibiting local governments from developing a budget plan for a second year. In this way, when it is time to legally adopt the second year of the budget plan, the process of preparing the adopted budget represents an “update” of the original plan. One of the greatest advantages of a biennial process is the literally thousands of hours of staff time that are typically saved in the “off” year of the process, while maintaining opportunities for public input in the update process.

The biennial budget process increasingly used by local governments varies from the process historically used by some state governments. Unlike states that use a biennial budget because the legislature meets infrequently, local government legislative bodies – councils or commissions – meet regularly and can update the second year’s budget during an abbreviated update process for the second year as well as make changes during each year as unplanned circumstances arise.

The BOCC has continued this biennial process for succeeding budgets. In FY 12, the BOCC adopted a ninth fiscal plan reflecting the budgets for FY 12 and FY 13.

The budget process used this year to update the FY 13 Planned Budget included a review of revenue projections, recalculation of fund balances based on more current data, and consideration of issues not known when the FY 13 Planned Budget was developed. Strategies used to absorb continued revenue shortfalls included a review of line item budgets and vacant positions, additional departmental restructurings and consolidations, and analysis of possible new revenue opportunities. Additionally, identified one-time revenues were used to strategically invest in high priority projects with one-time financial impacts. The FY 13 Adopted Budget also included certain unallocated appropriated funds that are available for the Board to prioritize through budget workshops held during the summer months.

USES OF FUNDS

The Operating Budget

A key component of the budget is the portion funding day-to-day services -- the operating budget. As explained in the *Taxpayer’s Guide to the Hillsborough County Budget*, there are factors that drive up the operating budget even in times of tight resources. One is continuing population growth as shown in the section titled “Economic Indicators.” A second is inflation. In some program areas, demand for specific services far outstrips the overall population growth. Increasingly, the County works to improve the collection of performance measures to identify these high levels of demand for County services and to track performance in meeting the demands.

The operating budget is composed of three types of expenditures: compensation, operating expenses and equipment (also referred to as capital outlay).

Personal Services (Compensation) - This reflects salaries of elected officials, salaried and hourly employees and temporary employees. It includes overtime pay, mandatory contributions to the Florida Retirement System (FRS), social security and Medicare taxes, employee health insurance and life insurance premiums, disability insurance, workers compensation assessments and wage loss payments. These benefits are subject to review and revision annually. This category, frequently referred to as “personal services,” crosses a variety of funding sources. It covers not only the positions funded with property taxes that receive the most public attention, but also positions funded with revenue from federal and state grants and programs that are funded with user fees.

Board Policy 03.02.02.13 provides that pay ranges for all employees be targeted to maintain the 50th percentile in comparison to pay for public and private employers. In FY 05, MGT of America, Inc. completed a compensation and classification study which included recommendations to allow the County to maintain compliance with its policy. Annually, the Civil Service Office provides the Board with an analysis of the market comparability of compensation levels. These recommendations were followed in FY 06 and FY 07. However, legislative actions and economic conditions caused reduced pay raises in FY 08 and FY 09, and no pay raises, market equity or performance unless included in labor contracts, in FY 10, FY 11, and FY 12. The FY 13 Adopted Budget includes a one-time economic salary adjustment to assist employees with infla-

SUMMARY INFORMATION ON THE BUDGET

tionary pressures. State legislative action in FY 11 requires employees to contribute 3% of their compensation to the Florida Retirement System (FRS) beginning July 1, 2011.

In the area of staffing, the Board adopted service standards for two programmatic areas. On June 28, 2005, the BOCC established a service standard for Code Enforcement Officers that maintains a ratio of one Officer for every 18,000 persons in the unincorporated area of the County. Then, in law enforcement for the unincorporated area, the Board set a target ratio of 1.7 sworn deputies per 1,000 citizens. This service standard was established in FY 00. Neither of these standards is currently being met due to recent legislative actions and general economic conditions.

Finally, the Board of County Commissioners has contracts with four collective bargaining units. The following represent general information on each:

American Federation of State, County and Municipal Employees (AFSCME) Local 167

Contract start: October 1, 2011

Contract end: September 30, 2013

Positions represented: 925

Departments covered: Public Safety Services, Community Services, Fleet Services, Facilities Management, Development Services, Public Utilities, Public Works, and Public Works.

Emergency Medical Personnel and Critical Care Technicians (EMPACCT) Local 3525¹

Contract start: October 1, 2010

Contract end: September 30, 2012

Positions represented: 49

Departments covered: Public Safety Services - Fire Rescue & Emergency Dispatch/Communications.

International Association of Firefighters (IAFF) Local 2294 SUPPRESSION UNIT

Contract start: October 1, 2011

Contract end: September 30, 2014

Positions represented: 780

Departments covered: Public Safety Services - Fire Rescue.

International Association of Firefighters (IAFF) Local 2294 SUPERVISORS UNIT

Contract start: October 1, 2011

Contract end: September 30, 2014

Positions represented: 19

Department covered: Public Safety Services - Fire Rescue.

Operating Expenses - This category reflects costs of supplies, utilities, fuel, rent, professional services contracts, etc. This category also includes funds provided by the County to support outside organizations – primarily non-profits.

Increasing federal grant awards typically increases the budget for operating expenses. Grants are subject to the “all years” budgeting technique which is discussed in detail in footnote 1 on the next page. Beginning in FY 00, grants have only been reflected in the year the revenue is first received. Any remaining funds at year end are tracked by grant until the grant expires or all funds are expended. This is purely a change in budget technique, not an operational issue. Organizations continue to have access to all grant funds that have been appropriated in prior years.

Since FY 08, operating budgets supported by the County’s two major tax funds declined each year due to Legislative actions and worsening economic conditions and this trend is expected to continue in FY 13. The FY 13 Adopted Budget reflects further decreases in available resources. During the first few years of revenue reductions, costs were reduced through a focus on identifying efficiencies including reducing discretionary areas of the budget including travel and training, office leases, contract services, general operating supplies, etc. As the economic downturn has persisted the focus has turned to developing new methods of conducting business and delivering service, including selective reductions in services in areas deemed less critical.

The operating budget category includes a component referred to as “Grants and Aids” in detailed breakouts of the budget such as the table entitled “Fund Summary by Type of Expenditure.” This component of operating expenses reflects funds that the County receives but passes through to other governments. A notable example is approximately \$45 million per year in Community Investment Tax proceeds that the County pays to the School Board, municipalities, and for debt on Raymond James Stadium. Another example is tax increment district revenue that the County receives but must pass on to the City of Tampa, the City of Temple Terrace, and the City of Plant City to finance their redevelopment projects. A third example is the distribution of the 9th cent gas tax revenue that the County receives from the State and then disburses,

SUMMARY INFORMATION ON THE BUDGET

in part, to municipalities as required by interlocal agreements.

This component also includes payments for services to various non-profit service providers. Funding sources include general County revenues, federal Community Development Block Grants and tourist development taxes. In addition, the payments reflect the County's role as a regional recipient of federal grants (such as Ryan White grants that fund AIDS programs), which are pass-through funds which the County receives and then passes on to providers of services in Pinellas and Pasco Counties.

Equipment - This reflects costs of fleet, data processing and other equipment such as playground and recreation equipment.

Summary - The operating budget (compensation, operating expenses, and equipment) has been the focus of budget discussions in past years because it generally represented the cost of day-to-day services to County residents. To some extent, that is becoming less the case as pass-throughs account for an increasing share of the operating budget and a significant share of the annual increase in the operating budget.

With that caveat, it still represents the best focus for comparison of how the budget is changing over time, ignoring the spending down of borrowed funds for projects and the occasional fluctuations in debt service requirements resulting from debt refinancing and other activity.

The Capital Budget

A separate summary presenting details on FY 13 projects appears in the back of this document. The entire five-year capital improvement program (CIP) can be reviewed in the volume containing the **Adopted Capital Improvement Program FY 13 – FY 17**.

The capital budget continues to reflect each year's changes to the "all years" budget in the capital program. "All years" budgeting is possible by using a feature of the County's financial systems software.¹

¹ All years budgeting is a technique frequently used to account for funds that may carry over from one fiscal year to the next for a defined purpose such as a capital project or a grant program. It has not been applied to other areas of the budget where unspent funds will revert to fund balance at year end and will be available to appropriate in the next fiscal year to meet operational needs or reserve requirements. The use of this technique results in a smaller budget than would otherwise be the case.

"All years" budgeting within the capital budget means that once the Board commits funds to a capital project, those funds remain with that project until the project is completed, regardless of how many fiscal years the project may last, or specific budget action is taken by the Board of County Commissioners to revise the all years budget previously approved. The unspent funds will no longer show up in the fund balance reported in the budget at the beginning of each year or in the capital budget in future years. Once a project is completed, unspent funds will become available again for appropriation.

Under annual budgeting, unspent funds are estimated in fund balance and re-budgeted in subsequent years. Re-budgeting the same funds year after year overstates the impact of the budget on the community since the funds will only be spent once, one of the benefits of using all years budgeting for capital projects.

With this practice reflected in the budget, county residents and others who examine the budget should better understand how funds are allocated to capital projects in the budget since the capital budget will reflect only new funding allocated to projects. The capital improvement program, which is described in the second budget book, will continue to reflect prior year funding for projects in addition to any funding anticipated in this budget or future budgets.

Other key points about the capital budget are:

✓ The decision on whether to finance a project versus use a pay-as-you-go approach is typically made on a project-by-project basis. Explicit debt and capital policies were adopted by the BOCC in July 1998 to guide the decision-making process. In part, the policy and procedures requires the review of the capital program by the City-County Planning Commission to ensure consistency of the five year CIP and capital budget with the elements of the County's comprehensive land-use plan.

✓ Increasingly, the County is using short term financing as a tool as well as using a line of credit to cover encumbrance requirements (contractual obligations that precede the actual need for cash). These techniques optimize the County's ability to time projects to meet operational requirements while minimizing financing costs. In some cases short term financing allows the County to use state or federal grants that would otherwise not be available if funding for a project were delayed.

SUMMARY INFORMATION ON THE BUDGET

✓ Until FY 08 the budget has historically funded environmental land acquisition and protection program (ELAPP) purchases by levying an operating millage to bring the total ELAPP millage up to 0.25 mills. This pay-as-you-go approach to ELAPP maximized the revenue available to that program as the millage levied to pay debt service on existing ELAPP bonds gradually declined. This approach was changed in the FY 08 budget, and the ELAPP operating millage was reduced proportional to other millage reductions mandated by the Legislature. In FY 09, the portion of the ELAPP operating millage that has historically been used for capital acquisitions was eliminated.

✓ The capital program continues to reflect one percent of both the General Fund and the Unincorporated General Fund being set aside to maintain existing County facilities.

Debt Service

When financial conditions were appropriate, existing debt has been refinanced or defeased to lower interest expense. Detail on the County's debt capacity and debt obligations are provided in a separate section of the Adopted Budget.

Transfers

Transfers are non-economic transactions necessary within a complex accounting system, used to transfer monies from one fund to another. Including them in the budget has the effect of overstating the amount of funds available to provide services. By definition, a transfer reflected as a "source" must have a counterbalancing transfer reflected as a "use." For example, a transfer from the General Fund to a specific grant is a "use" in the General Fund while the grant fund will show a like dollar amount as a "source," both amounts of which are reflected in the total County budget although no new funds are actually available to fund additional services.

Reserves

Reserves reflect funds set aside to meet a variety of Board actions and specific purposes. Some reserves are established as a requirement when the County borrows funds. Others are set aside to meet actuarial requirements – such as in the County's self-insured employee health insurance and workers compensation insurance programs. Some are created to allow the BOCC to fund contingencies that arise during the year – with the full expectation that most or all of these contingency funds could be appropriated during the year.

During FY 99, the BOCC adopted a policy that uses any excess fund balance in the County's two major operating funds to, in part, build reserves for catastrophic emergencies and set aside reserves for previously unfunded liabilities. A third use for excess fund balance was meeting industry fleet replacement standards.

The BOCC adopted a second policy intended to fund a stabilization reserve in each of the two major operating funds that over an 8-year period would be 5% of expenditures (exclusive of other reserves). The 5% stabilization reserve was achieved ahead of schedule as a result of strong growth in revenues and sound financial management.

THE PURPOSE OF BUDGET DOCUMENTS AND THE BUDGET PROCESS

Users of budget documents reflect a wide spectrum of types and interests. Users include financial analysts who may from time-to-time invest in the long-term securities issued by the County or who may review County finances in order to rate such bond issues, and residents and business owners within the community who desire a better understanding of the services county government provides and what various taxes and fees are collected to pay for those services. Other users include researchers interested in comparing the structure of Hillsborough County's organization and finances against those of other jurisdictions; senior and mid-level County managers interested in confirming the resources allocated to their organizations (both dollars and staffing) and the expectations for their organizations in terms of mission, objectives and measures. Other interested parties include employees and their bargaining units interested in understanding the County's allocation of priorities and finances and perhaps numerous other groups and individuals with similar and additional interests.

As explained in the following section titled "Basis of Budgeting," the formatting of a budget document does not always present the same disclosure that is required in an annual financial report. This difference recognizes the broader -- and normally less technical -- audience served by budget documents. Disclosures are presented to assist those who use both budgets and financial reports to reconcile the differences.

The Government Finance Officers Association of the United States and Canada (GFOA) has long recognized the diversity of interests in budget documents

SUMMARY INFORMATION ON THE BUDGET

and structured a program to strengthen the ability of state and local governments to meet these needs. Hillsborough County is pleased to have regularly received GFOA's recognition for meeting the various criteria intended to meet these needs through the budget documents it prepares, including the **Taxpayers' Guide**, which won a GFOA Award for Excellence in 1993 and which served as a model for a variety of governments throughout North America. More importantly, however, is the ability of Hillsborough County to provide information to address questions that might not otherwise be answered because not every user will take the time to call, write, or e-mail County staff.

A number of years ago, a group was formed to develop recommended budget practices for state and local governments. Comprised of representatives of a variety of organizations including elected officials, managers/administrators, unions, and appointed staff, the National Advisory Council on State and Local Budgeting (NACSLB) developed a series of 59 recommended budget practices. The NACSLB intentionally stopped short of declaring the recommendations to be "standards" by recognizing that some jurisdictions may never be able to adopt each recommendation. Overall, the practices reflect a framework that encompasses planning, development, implementation, and evaluation of a budget. The 59 practices are organized into the following 4 principles and 12 elements:

Principle 1: Establish Broad Goals to Guide Government Decision Making

- ✓ Element 1: Assess Community Needs, Priorities, Challenges, and Opportunities
- ✓ Element 2: Identify Opportunities and Challenges for Government Services, Capital Assets, and Management
- ✓ Element 3: Develop and Disseminate Broad Goals

Principle 2: Develop Approaches to Achieve Goals

- ✓ Element 4: Adopt Financial Policies
- ✓ Element 5: Develop Programmatic, Operating and Capital Policies and Plans
- ✓ Element 6: Develop Programs and Services that are Consistent with Policies and Plans
- ✓ Element 7: Develop Management Strategies

Principle 3: Develop a Budget Consistent with Approaches to Achieve Goals

- ✓ Element 8: Develop a Process for Preparing and Adopting a Budget
- ✓ Element 9: Develop and Evaluate Financial Options

- ✓ Element 10: Make Choices Necessary to Adopt a Budget

Principle 4: Evaluate Performance and Make Adjustments

- ✓ Element 11: Monitor, Measure, and Evaluate Performance
- ✓ Element 12: Make Adjustments as Needed

Many of the NACSLB recommendations address processes that should be used, rather than information that can be disclosed in a budget document. Hillsborough County monitored development of the draft recommendations prior to their being finalized in 1998, and many of the practices are currently in place, based on a self-assessment. For example, a set of comprehensive financial policies developed and then approved by the Board of County Commissioners in July 1998 reflected examination of draft NACSLB recommendations. Where possible, common language has been incorporated.

The County's long range plans for quality programs and improved performance measurement will address recommended budget practices that are not currently in place. Additional information on the NACSLB recommended budget practices is available through GFOA's web site at www.gfoa.org or by calling (312) 977-9700.²

THE BASIS OF BUDGETING

For the most part, governmental accounting and financial reporting are conducted consistent with "Generally Accepted Accounting Principles" -- commonly referred to as "GAAP." Financial readers are typically familiar with a concept known as the "basis of accounting," which describes the measurement method used in accounting for financial transactions. Examples include cash accounting, modified accrual accounting, and accrual accounting.

Hillsborough County uses the GAAP basis of accounting. Governmental funds reflect a modified accrual basis of accounting. Revenues are recorded when they become both measurable and available to pay liabilities.

² Other participating organizations in the NACSLB included the International City/County Management Association, the National League of Cities, the National Association of Counties, the National Conference of State Legislatures, the U.S. Conference of Mayors, the Council of State Governments, the Association of School Business Officials International, the American Federation of State, County & Municipal Employees, and the Service Employees International Union, as well as several academic and industry representatives.

SUMMARY INFORMATION ON THE BUDGET

ties of the current period. Expenditures are recorded when a liability is incurred with certain limitations. Proprietary funds use an accrual basis of accounting that is more similar to that used by private businesses. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. At the end of each year, all budget appropriations lapse along with outstanding encumbrances.³

There is no requirement that Hillsborough County's budget be prepared consistent with GAAP. However, the comparison of (final) budget to actual revenues and expenditures in a subsequent *Comprehensive Annual Financial Report* (CAFR) requires a reconciliation of the budgetary basis to GAAP basis. Therefore, ***the County budget is prepared, for the most part, to be consistent with GAAP to minimize the degree of reconciliation needed to compare the budget to actuals.*** How the budget is prepared is labeled either the "basis of budgeting" or the "budgetary basis of accounting." These terms may be used interchangeably.

Several key differences need to be disclosed to assist the reader in reconciling between the basis of budgeting used to develop Hillsborough County's budget documents and the basis of accounting that is reflected in the County's CAFR prepared by the Clerk of Circuit Court as the County's Chief Financial Officer. The primary differences include the budgets for the Sheriff's Law Enforcement Fund, the Property Appraiser's Property Assessment Fund, and the Clerk of Circuit Court's Court System and Accounting Fund, which are prepared on a basis of budgeting that differs from GAAP. These budgets reflect transfers of funds from the General Fund and other BOCC funds. The CAFR excludes these transfers, but does present the account structure for the funds maintained by these Constitutional Officers in their independent accounting systems. The budget, therefore, shows the collection of the tax revenues used to fund Constitutional Officers and the General Fund reflects the transfer of funds for those budgets. Any unspent funds at year end are shown as "other non-revenue sources" in the General Fund. The following table depicts FY 11 revenues and other financing sources and expenditures and other financing uses associated with those funds that are not included in the County's budget document.

Funds included in CAFR but not in Budget		
(in thousands)		
	Revenues	Expenditures
Sheriff's Law Enforcement Fund	\$369,310	\$369,310
Sheriff's Special Use Rev. Fund	2,932	2,932
Sheriff's Jail Inmate Canteen Fund	4,335	4,335
Sheriff's Child Prot. Invest. Fund	12,717	12,717
Sheriff's Drug Enforcement Fund	474	-
Sheriff's Communications 911 Fund	736	690
Property Appraiser's Property Assessment Fund	11,820	11,820
Tax Collector's Fund	35,948	35,948
Supervisor of Elections' Elections Fund	7,717	7,717
Clerk of the Circuit Court's Court System & Accounting Fund	31,952	31,057

With the Sheriff's Law Enforcement Fund and the Clerk of Circuit Court's Fund, there may be a difference between the basis of budgeting and GAAP in the treatment of certain capital leases related to equipment purchases. On a budgetary basis only the current year's payments are appropriated and these amounts are classified as capital outlays, general governmental expenditures, or public safety expenditures. On a GAAP basis, the full obligation is recognized and the debt service payments are recorded as appropriate.

With the Sheriff's Law Enforcement Fund, there is a difference between the basis of budgeting and GAAP in the treatment of certain grants. On a budgetary basis, cost reimbursement type grant revenues and expenditures are netted. On a GAAP basis, revenues and expenditures from these grants area presented at gross amounts in the financial statements.

With the Property Appraiser's and Tax Collector's Funds, there is a difference between the basis of budgeting and GAAP in the treatment of excess fee distributions to entities outside of the County's reporting entity. On a budgetary basis, the distribution of excess fees to these entities is reported as an "other financing use." On a GAAP basis, these distributions are reported as expenditures because there is a reduction in the net financial resources of the County.

This BOCC budget does not disclose the fund structure maintained by the Sheriff, Clerk, Property Appraiser, or Tax Collector, including an unbudgeted Inmate Canteen Fund used by the Sheriff and a fee-based budget maintained by the Clerk which uses funds that do not pass through the BOCC budget. The Property Appraiser and Tax Collector receive revenues directly

³ An encumbrance represents a commitment for future expenditures based on a purchase order or contract that has been issued, and where goods or services have been ordered but not received.

SUMMARY INFORMATION ON THE BUDGET

from other taxing authorities and disperse unspent funds at year end according to their source. Other elected officials (State Attorney, Public Defender, and 13th Judicial Circuit) receive significant funding from the state of Florida. Those state funds are not reflected in the County budget or in the CAFR.

A second significant difference is the treatment of proprietary funds, an accounting classification which includes both internal service funds (used to maintain the County's fleet, provide employee health insurance, collect and disperse workers' compensation payments, and provide risk management) and enterprise funds (used to manage the water and wastewater system and to manage the solid waste system). These funds are presented in the same format used for the majority of County funds (known as governmental funds) which present revenues and other sources, equaling expenditures and reserves. This budgetary presentation allows various revenues and expenditures to be presented in a consistent format without regard to the fund type and how accounting standards will require them to be presented.

The CAFR presents the proprietary funds in a format that breaks out operating revenues and operating expenses to determine operating income prior to considering non-operating revenues and expenses.

The adopted budget reflects a management plan for financial activity. It is subsequently revised during the year to reflect revisions in that plan such as increases or decreases in specific grants awarded to Hillsborough County, the appropriation of contingency reserves by the BOCC to address issues not known at the time the budget was adopted, and shifts in funding based on capital projects needs as project costs are refined. As such, the revisions recognize the need to revise a financial plan to be consistent with newer and better information, and to allow the management plan to change accordingly.

Under GASB Statement 34, the CAFR reflects both the adopted budget and the final revised budget which includes amendments that occur after the completion of the fiscal year as final transactions are posted to the fiscal year on a modified accrual or accrual accounting basis. These final amendments reflect proper re-

coding of financial activity rather than a change in management plan. Budget documents, therefore, typically disclose historical actuals – both actual revenues and other sources, and actual expenditures and other uses – rather than revised budgets that may not truly reflect the management plan.

The budget presents organizational summaries without differentiating the level of control the BOCC may exercise over individual organizations. Departments and other offices under the County Administrator face the highest level of control through the direct reporting relationship of the County Administrator to the BOCC. Constitutional Officers – particularly the Sheriff and Supervisor of Elections – receive the least control over their budgets with control being primarily limited to level of funding. The Sheriff, Clerk, Tax Collector and Property Appraiser each maintain independent accounting systems.

Organizations that report to appointed or elected commissions (Planning Commission, Environmental Protection Commission, Civil Service Board, etc.) are subject to less direct control over services, but the BOCC may influence services as well as determine funding. Statutory provisions determine the level of independence of each organization.

From time to time, new financial reporting requirements may be imposed on governments by the Governmental Accounting Standards Board (GASB) that redefines what is referred to as GAAP. The accounting/reporting changes may not be reflected in the budget, resulting in a greater difference between the budget and what is ultimately reported in the CAFR. A good example is GASB Statement No. 31 which requires accounting and financial reporting for changes in the fair market value of certain investments. Hillsborough County's budget does not attempt to estimate how the value of investments may change from one year to the next, although it does reflect assumptions about interest earnings. Similarly, the budget does not anticipate changes in the accrual of compensated absences – i.e., sick leave, vacation, or other forms of administrative leave. Hillsborough County has frequently covered this unbudgeted liability by absorbing the cost of pay-outs when employees leave by keeping a position vacant long enough to offset the cost.

THE PROCESS OF ADOPTING THE BUDGET

An annual budget, including all such funds as required by law, shall be prepared, approved and adopted for each fiscal year. The budget shall control the levy of taxes and expenditure of money for all County purposes during the ensuing fiscal year. The budget process shall be conducted in accordance with Chapters 125, 129, 200, and 218 of the Florida Statutes, as amended.

SPECIFIC LEGAL REQUIREMENTS

By June 1, the Property Appraiser must send an estimate of the total assessed value of nonexempt property for the current year to the Hillsborough County Board of County Commissioners (BOCC).

By July 1, the Property Appraiser must certify the preliminary taxable value of property within each taxing district. Taxable values for each Tax Increment Financing District (TIF) must also be provided. Hillsborough County currently has eleven TIFs.

As the BOCC's designated Budget Officer, the County Administrator must present a balanced budget to the Board of County Commissioners (BOCC).

Within 35 days of either July 1 or the date the Property Appraiser certifies the taxable value of property, whichever is later, the BOCC must tell the property appraiser the prior year millage rates, the proposed current year millage rates, the current year roll-back rate (the millage rate that will generate the same amount of revenue as the prior year for existing construction) computed as specified under s. 200.065, F.S., and the date, time and place for the first statutorily required public hearing on the proposed budget and millage rates.

Within 65 to 80 days of July 1 or the date the Property Appraiser certifies the taxable value, the BOCC must hold a public hearing, after 5:00 p.m., to hear public testimony and to adopt a tentative budget and tentative millage rates. The first substantive issue discussed must be the percentage increase in the proposed aggregate millage rate over the aggregate rolled-back rate and, if appropriate, the specific purposes for which the ad valorem tax revenues are being increased. (Information on rolled-back millages may be found in this document and a definition may be found in the glossary.) Prior to the conclusion of the hearing, the BOCC amends the tentative budget as it deems necessary, adopts the amended tentative budget, recomputes its proposed millage rates as needed, and publicly announces the percent, if any, by which the recomputed proposed aggregate millage

exceeds the rolled-back rate. That percentage represents the percentage increase in property taxes tentatively adopted by the BOCC (regardless of whether millage rates have changed). The date, time and place for the second statutorily required public hearing is set at this time. As with the first public hearing, the second public hearing must be held after 5:00 p.m.

Within fifteen days after the first statutorily required public hearing, the County is required to publish two budget advertisements in a newspaper of general circulation in the County. One advertisement notifies county residents of the BOCC's intent to adopt final millage rates and a final budget, identifying any increase in property taxes. The second advertisement summarizes the tentative budget, showing for each budget and for the total of all budgets, the proposed millage rates, balances, reserves, and major revenue and expenditure classifications. Specific size, placement, and wording requirements for each advertisement are defined in Chapter 200.065(3) of the Florida Statutes. The tentative budget must be posted on the County's official web site at least two days before the public hearing to consider the tentative budget.

No earlier than two days and no later than five days after the advertisements have been published the second statutorily required public hearing must be held to receive public testimony and to adopt final millage rates and the final budget. If for any reason the adoption of the final budget is delayed beyond the start of the next fiscal year, the BOCC can expend moneys as outlined in s. 200.065(2)(g), F.S., as amended.

Within three days of the final public hearing, copies of the completed ordinances or resolutions adopting the final millages and budget are required to be forwarded to the Property Appraiser, the Tax Collector, and the Florida Department of Revenue. Hillsborough County adopts its millages and budget through resolution.

The adopted budget must be posted on the County's official web site within thirty days of adoption.

Within 30 days following adoption of the resolution establishing the property tax levy, the BOCC must certify to the Florida Department of Revenue that they have complied with the provisions of Chapter 200, F.S. The BOCC certifies compliance by sending a certification package which includes a signed statement of compliance, a copy of the adopted millage and adopted budget resolutions, a copy of the published budget advertisements including proof of publi-

THE PROCESS OF ADOPTING THE BUDGET

cation from the newspaper, and copies of statutorily required completed forms.

Copies of the adopted budget are filed with the Clerk of the BOCC as public records.

Upon final adoption of the budget, the budget shall regulate the expenditures of the County and the budget shall not be amended, except as provided for in Chapter 129.06, Florida Statutes. Pursuant to Chapter 129.07, Florida Statutes, it is unlawful for the BOCC to expend or contract for expenditures in any fiscal year in excess of the amount budgeted in each fund.

PROCESS OF ADOPTING THE FY 13 BUDGET

Besides complying with the specific legal requirements for adopting a budget and levying ad valorem taxes, the County has a budget process consisting of four distinct phases.

The Planning Phase began October 1, 2011 with in-house review of the FY 12 budget process and consideration of comments from the review of prior budget documents by the Government Finance Officers Association (GFOA). The County submitted the FY 12 and FY 13 biennial (two-year) budget to GFOA for consideration to receive GFOA's *Distinguished Budget Presentation Award*. The planning phase continued with preparation of budget instructions, examples, and training materials.

The Preparation Phase began when budget instructions were delivered to departments in February with submissions due March 16, 2012. One budget workshop was conducted during this phase. A workshop with the BOCC on February 15, 2012 discussed the budget calendar, the status of the two major tax funds, the County Administrator's vision, goals, and objectives, the Five-Year Proforma Analysis, and the strategies to balance the budget.

Although Florida Statutes allow most Constitutional Officers to submit their budgets on June 1st, the Board approved a resolution, as allowed by Florida statutes, requiring the Sheriff, Clerk of the Circuit Court, and the Supervisor of Elections to submit their budgets by May 1. All Constitutional Officers provided their budget requests on or before May 1.

The Review Phase consisted of scheduled budget work sessions conducted by the County Administrator

and attended by the County Administrator, Assistant County Administrators and budget staff. In these sessions proposals submitted by each department or agency were reviewed. Review meetings began in April and continued into mid-May. Due to the FY 13 budget process being an off-year process, department directors were not included in these work sessions unless specific clarification of their budgets was required.

The Public Adoption Phase began with the formal presentation of the **County Administrator's Recommended Budget for FY 13** at a regular Board meeting on June 27, 2012. The BOCC's review of the budget and the public process of review, change, and formal adoption continued through September 20, 2012 when the BOCC formally adopted the budget. This phase included three workshops and public hearings with the BOCC. Only two of the public hearings were mandatory under State law.

The second milestone of this phase set the proposed millage rates for FY 13. This occurred at a workshop on July 31st. The proposed millage rates approved at the July 31st workshop were used by the Property Appraiser to prepare Truth-in-Millage (TRIM) notices to be sent to property owners in mid-August.

The TRIM notice advises each property owner how tax rates proposed by all local taxing authorities combined with current information on assessed value of real property will affect the taxes on each taxed parcel of land. The TRIM notice also serves as the official notification of the time and place of the first State-required public hearing to adopt the tentative millage rates and a tentative budget by each taxing authority.

The third milestone in this phase was the first of two State required public budget hearings to be held on September 12, 2012. After hearing public testimony at the hearing, the BOCC adopted tentative millage rates and a tentative FY 13 budget. Pursuant to State law, the County posted the tentative budget on its website within the required period.

The fourth and final milestone in this phase was the adoption of the FY 13 budget and millage rates at the second public hearing on September 20, 2012. The second public hearing along with the State mandated information on the tentative budget was advertised in a newspaper of general circulation as required by law. The Tampa Tribune and the Tampa Bay Times are newspapers of general circulation in the county.

THE PROCESS OF ADOPTING THE BUDGET

BUDGET PROCESS MILESTONES

Planning

- **October - December 2011** - Staff reviews the previous biennial budget process, comments from GFOA reviewers, and Board policies.

Preparation

- **February 15, 2012** – First budget workshop with the Board of County Commissioners reviewing the Five-Year Proforma Analysis and budget strategies
- **March 16, 2012** – Budget submissions due from all organizations except Constitutional Officers
- **May 1, 2012** - Budget submissions due from Sheriff, Clerk, and Supervisor of Elections
- **June 1, 2012** – Budget submission due from Property Appraiser

Review

- **April – May** - County Administrator review of proposed budgets and decision units with Business and Support Services Department staff, and Assistant County Administrators.
- **June 1** - Preliminary tax roll information from the Property Appraiser's Office is available.

Public Adoption

- **June 27, 2012** – The County Administrator delivers the **Recommended Budget for FY 13** and the **Recommended Capital Improvement Program FY 13 – FY 17** to the Board of County Commissioners.
- **July 1, 2012** - Final tax roll information from the Property Appraiser's Office is available.
- **Budget Workshops During Adoption Phase:**
June 28, 2012
July 26, and 31, 2012 (The July 31st workshop is for reconciling budget issues and setting the TRIM rates.)
- **Non– Mandatory Public Hearing**
July 19, 2012
- **Mandatory Public Hearings**
September 12, 2012 – First State-Required Public Hearing to adopt tentative millage rates and a tentative budget

September 20, 2012 – Second State-Required Public Hearing to adopt final millage rates and the FY 13 operating and capital budgets.

BUDGET SUMMARY

Fiscal Year	FY 10 Actual	FY 11 Actual	FY 12 Adopted	FY 13 Adopted
PROPERTY TAX RATES (In Mills)				
Countywide ⁽¹⁾	5.8027	5.8011	5.7995	5.7978
Library District ⁽²⁾	0.5583	0.5583	0.5583	0.5583
General Purpose MSTU ⁽³⁾	4.4004	4.4004	4.4004	4.4004
VALUE OF 1 MILL (In Millions of \$) ⁽⁴⁾				
Countywide	\$73.2	\$64.9	\$62.1	\$60.5

Detail may not add to totals because of rounding.

Note: The County uses an all years budget process for capital projects (see glossary for definition of all years budget process).

⁽¹⁾ See the pages entitled Millage Comparison for an explanation of countywide millage rates.

Includes millage levies for debt service.

⁽²⁾ Includes properties within the City of Tampa and the unincorporated areas of the County.

⁽³⁾ Unincorporated area - includes Parks General Obligation millage.

⁽⁴⁾ Based on Property Appraiser taxable assessed values as of July 1.

⁽⁵⁾ Reserves are budgeted but not expended. Actual expenditures for the operating budget, capital budget, or debt service may include drawdown of reserves. Actual expenditures shown in previous years reflect refunds.

⁽⁶⁾ Debt service amount reflects debt service capital and interest payments only.

(1) "All years" budgeting is used within certain funds. This means that the current year's budget will only reflect changes in funding, such as additional funds being added to a project or grant budget or unneeded funds being subtracted. Prior year funding will remain with projects or grants until completion and will not need to be rebudgeted every year. "All years" budgeting can result in negative budget balances for an individual fiscal year.

(2) Other financing sources are net of a 5% reduction of revenues as required by Florida Law. These reductions will offset other financing sources, and in certain funds, result in a negative number in this category.

(3) Other governmental funds include such funds as the unincorporated area special purpose fund, the library tax district fund, the debt service funds, capital projects funds, blended component unit funds, etc.

Detail may not add to totals because of rounding.

Amounts expressed in millions of dollars, rounded to the nearest one hundred thousand.

Note: The County uses an all years budget process for capital projects. This means that the current year's budget will only reflect changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted.

Prior year funding will remain with the project until completion and will not need to be reappropriated every year.

BUDGET SOURCES AND USES OF FUNDS

WHERE THE MONEY COMES FROM (SOURCES) FY 13 - ALL FUNDS

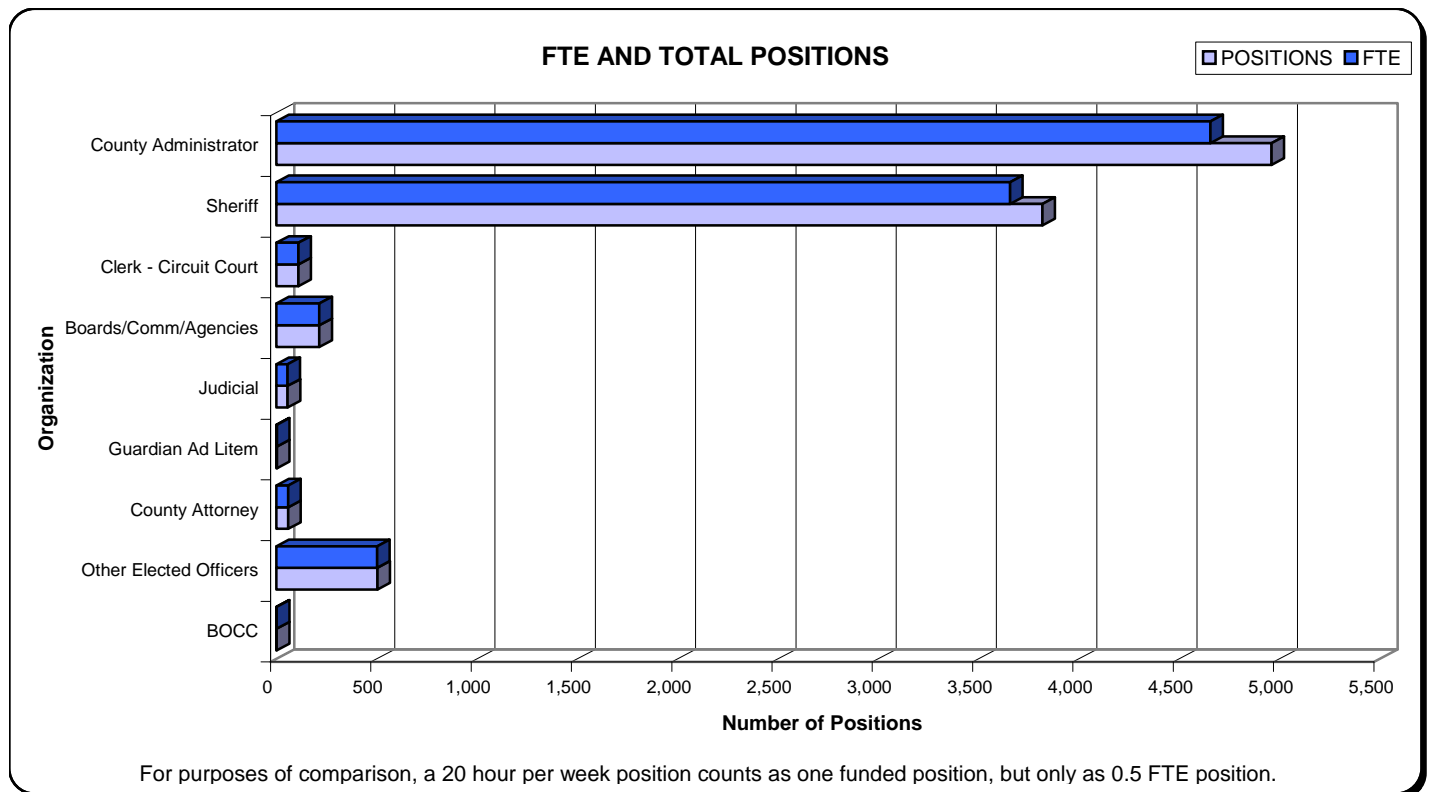

WHERE THE MONEY GOES (USES) FY 13 - ALL FUNDS

Note: Sources and Uses shown above exclude \$648.3 million in Transfers In and Transfers Out, respectively. With the exception of Fund Balance, Other-Non-Revenues, and Transfers In, many of the other revenues are subject to a statutory 5% reduction. That is, only 95% of anticipated revenue may be budgeted. As the reduction may only apply to selected revenues in any category, the numbers in this chart have not been reduced. Totals may not add up to 100% due to rounding.

BUDGET BY PROGRAM

The following charts provide a graphic presentation of the County's budget by program. Program categories reflected in this document are defined by the State of Florida, and those definitions have been redefined somewhat over time. To the extent they are similarly applied by local governments, they provide information that can be compared from jurisdiction to jurisdiction. A breakout of the budget by program allows an assessment of the priorities that are reflected in this budget. Such a presentation allows the reader to see how much of the budget has been allocated to a particular purpose regardless of which organization provides the service.

The first chart provides an overview across all funding sources. While it portrays the most global picture of priorities, the Board of County Commissioners may have little or no discretion in how some funding sources are allocated to programs. For example, gasoline tax revenue may be only allocated to the transportation program. A grant for services to the elderly may be only allocated to human services. Self-funded operations such as the County's water/wastewater enterprise and solid waste enterprise pay their way through user fees and charges. The revenue generated by these "physical environment" services is not available for any other use.

The remaining charts provide an overview for a smaller portion of the budget: the two major operating funds – each of which relies primarily on property taxes. These funds are the Countywide General Fund and the Unincorporated Area General Fund.

- ✓ *The **All Funds** chart provides a picture of total existing program funding.*
- ✓ *The **Countywide General Fund** chart and the **Unincorporated Area General Fund** chart each provide information on where tradeoffs may be most easily made between programs. A reallocation of these discretionary funds would subsequently change the **All Funds** chart to reflect the new priorities.*

In preparing the charts, certain components of the budget have been excluded. All charts exclude reserves. Reserves are non-recurring components of the budget that cannot be used to meet recurring program needs. Reserves are required for several reasons: for bond financing requirements, to accumulate

funds for repair and replacement of existing assets, or to provide stop-gap funding in the event of a revenue shortfall or unanticipated cost.

All charts also exclude administrative or "general government" costs. Some of these costs are legally required while others are discretionary. Legal requirements include the commission paid to the Tax Collector for collecting County taxes, County Commissioners' salaries, the Property Appraiser's budget approved by the Florida Department of Revenue, and funding to other governments required by the referendum that approved the Community Investment Tax (a local option sales tax). Major components of general government are presented in the tables that follow the charts. Both discretionary and legal requirements are needed to support the direct services to citizens reflected in the various programs shown in each chart.

The presentation in these charts is not intended to suggest that changes cannot be made in administrative (general government) areas of the budget, but such changes may impact the delivery of numerous direct services in other program areas. For example, a reduction in the allocation of funding to financial services in order to shift funding from the general government program to the transportation program could result in slower payment processing to not only the expanded transportation program, but also to all other existing programs. A shift in property tax funding from, for example, an economic environment program to transportation is more feasible, since it would be unlikely to impact any other programs.

*Because of the difference in dollar value of the three charts, a reallocation of priorities in either of the tax funds charts would have a smaller impact in shifting priorities in the **All Funds** chart.*

For example, to increase the 3.6% allocation to economic environment and housing in the **All Funds – FY 13** chart by one percentage point to 4.6% would require an added \$13.5 million increase in funding. A \$13.5 million shift to economic environment and housing in the **Unincorporated Area General Fund** would require a 5.1 percentage point shift in priorities from one or more other program areas because each percentage point shift in that fund equals about \$2.6 million.

PROGRAM DESCRIPTIONS

The Budget by Program schedules in the following pages reflect expenditures by major State of Florida Uniform Accounting System (UAS) classifications. The classification descriptions below will assist the reader in understanding what major County services and functions are included within each classification. They appear in the same order in which they appear in the detailed schedules. For those interested, the complete State of Florida Uniform Accounting System Manual is available as a downloadable file from the State of Florida website.

Public Safety – services related to the security of persons and property. These include:

- **Law Enforcement** – expenditures related to enforcement of applicable laws by the Sheriff's Office and other law enforcement agencies.
- **Fire Rescue** – expenditures related to both fire control and ambulance and rescue services.
- **Detention/Corrections** – expenditures related to confinement of prisoners, sentenced or otherwise, and rehabilitation of offenders. These include costs associated with the County jail, parole and probation services, juvenile homes, work release programs and other related expenses.
- **Public Safety Protective Inspections** - expenditures related to provision of inspections relevant to issuance of a license, permit or certificate relating to public safety not included elsewhere. These include costs relating to code enforcement inspections, child care facility inspections and building and zoning inspections.
- **Emergency and Disaster Relief Services** - expenditures related to defense against and relief from disasters. These include costs associated with County emergency management, including operating the Emergency Operations Center, certain Fire Rescue operations and other emergency preparation and relief costs.

Physical Environment – services for achieving a satisfactory living environment by controlling and utilizing elements of the environment. These include:

- **Solid Waste** – expenditures related to collection and disposal of garbage, refuse and solid waste.

- **Water/Sewer Combination Services** - expenditures related to provision of water and sewer services as a combined unit operation.
- **Conservation and Resource Management** - expenditures related to conservation and management of natural resources. These include costs relating to environmental protection, aquatic plant control, programs run by the Extension Department, the County Environmentally Sensitive Land Acquisition Program, review of development plans for determination of environmental impact and other related costs.
- **Flood Control** – expenditures related to flood control programs and facilities, primarily encompassed in the County stormwater program.
- **Other Physical Environment** – all other expenditures related to the physical environment not provided for above. These costs primarily include review of development plans for environmental impacts.

Transportation – services for provision of safe and adequate flow of vehicles, travelers, and pedestrians. These include:

- **Road and Street Facilities** – expenditures related to provision and maintenance of road and street facilities and ancillary facilities such as bridges, viaducts, sidewalks, traffic control devices, street lights, right-of-way, shoulders and other facilities incidental to the proper movement of traffic.
- **Transport Transit Systems** – expenditures related to the provision of mass transit systems. This consists primarily of funds provided to the Hillsborough Area Regional Transit Authority (HART) from transportation impact fee revenues.
- **Other Transportation** – all other transportation related expenditures not provided for above.

Economic Environment – services related to development and improvement of the economic condition of the community and its residents. These include:

- **Industry Development** – expenditures related to promotion and encouragement of industry

PROGRAM DESCRIPTIONS

development which will directly or indirectly benefit the community. This includes promotion of tourism as well as encouragement of a desirable firm or industry to relocate to the County.

- **Veterans Services** – expenditures related to the provision of services including counseling, assistance in attaining educational and financial benefits, housing and employment opportunities to eligible veterans. These costs also include the County's expenditures for the ad valorem tax relief program for veterans.
- **Housing and Urban Development** – expenditures related to the provision of public housing and other urban development projects. These costs include affordable housing, Section 8 housing, and Community Development Block Grant fund expenditures.
- **Other Economic Environment** – all other costs primarily related to the economic environment not already provided for above. These costs include the impact fee waiver program implemented to encourage development in targeted areas of the County, and grants to non-profit agencies providing tourism or economic development related services.

Human Services – services for care, treatment and control of human illness, injury or handicap; and for the welfare of the community as a whole and its individuals. These include mental health, physical health, public assistance programs, indigent health care, and programs to assist developmentally disabled persons. These include:

- **Health – expenditures** related to the provision of nursing, dental, diagnostic, rehabilitation and other services for the care and treatment of the sick, and for the control and prevention of disease. These costs include the County indigent health care program, mosquito control, physical health and well-being services provided by the Health and Social Services Department, certain animal services costs and the County's annual contribution to Tampa General Hospital.
- **Mental Health** – expenditures related to diagnosis and treatment of mental illnesses, and the provision of mental health services for public use. These costs primarily consist of mental

health services provided by the Health and Social Services Department.

- **Human Services Public Assistance** – expenditures related to the provision of economic assistance to the indigent residents of the County, including case management, counseling, general assistance, and indigent burial services.
- **Other Human Services** – expenditures related to the provision of other human services that cannot reasonably be classified into one of the above classifications. These include services to the aging, children's services, Headstart and Early Headstart, respite care programs, transportation assistance, food programs, education and counseling programs and grants to non-profit agencies providing rehabilitation and care programs.

Culture/Recreation – services related to the provision and maintenance of cultural and recreational facilities and activities for the benefit of citizens and visitors. These include:

- **Libraries** – expenditures related to the provision, maintenance and operation of library facilities and services.
- **Parks and Recreation** – expenditures related to the provision and operation of recreational facilities and activities for both participant and spectator involvement, including parks and recreational facilities, but excluding stadiums, auditoriums, civic centers and marinas.
- **Cultural Services** – expenditures related to the provision and maintenance of facilities and services for citizen involvement in activities of a cultural nature. These include any County funding for the Museum of Science and Industry, the Lowry Park Zoo, the Tampa Aquarium and the Performing Arts Center.
- **Special Recreation Facilities** – expenditures related to the provision and maintenance of special purpose facilities such as stadiums, auditoriums, civic centers, and marinas. These costs include funding provided to the Tampa Sports Authority relating to the County's share of operating deficits and ad valorem taxes for the Raymond James Stadium, Legends Field, and the

PROGRAM DESCRIPTIONS

St. Petersburg Times Forum and debt service related to certain stadium related bond issues.

- **Other Culture/Recreation** – expenditures related to the maintenance of other cultural or recreational services not otherwise classified above. These include funds provided for historic landmark preservation, the public art program and funding provided to non-profit agencies providing cultural or recreational services to County residents.

Courts – expenditures for State mandated County payments for the Judicial Branch, State Attorney, Public Defender, Conflict Counsel and Guardian Ad Litem facilities and technology.

General Government Services – non-court related services provided by the legislative and administrative branches of the County for the benefit of the public and the governmental body as a whole. This does not include administrative services provided by a specific department in support of services including in another classification above. These include:

- **Legislative** – direct costs charged for the performance of the Board of County Commissioners' primary and subsidiary activities.
- **Executive** – expenditures related to the provision of executive management and administration as provided by the County Administrator and other staff in the County Administrator's Office.
- **Financial and Administrative** – expenditures related to the provision of financial and administrative services including budgeting, accounting, auditing, property appraisal, tax collecting, personnel, purchasing, pension administration, communication, printing, stores, property control and grants development.
- **Legal Counsel** – expenditures related to the provision of legal services by the County Attorney's Office.
- **Comprehensive Planning** – expenditures related to the provision of master planning, zoning and development.

- **General Government Debt Service** – expenditures related to principal and interest payments and other non-proprietary fund debt associated costs.

Other General Government – expenditures related to other general government services not otherwise classified above. These include capital and maintenance for general government facilities not associated with one of the classifications previously discussed, including fleet management, communications, the County self-insurance programs, legislative delegation, procurement services, non-project specific real estate surveying, acquisition, and maintenance, maintenance and operation of parking facilities and security services.

Nonexpenditure Disbursements – Use of funds that do not represent expenditures for operating or capital purposes. Includes inter- and intrafund transfers and reserves and refunds.

- **Transfers** – represent transfers from one County fund to another, which are not repayable and do not constitute payment or reimbursement for goods provided or services performed, and do not represent an expenditure of the County as whole.
- **Reserves and Refunds** – reserves represent non-spendable budgetary appropriations. Before reserves can be expended, they must be appropriated for a specific use by the Board of County Commissioners. Reserves are used to provide a mechanism to meet unanticipated costs relating to normal operations or disasters, to provide a cushion against revenue shortfalls, or to set aside funding for future use. Certain types of reserves may be required by bond covenants or other agreements. Refunds relate to reimbursements by the County in the current fiscal year to payors for revenues received in a prior fiscal year.

Other Nonoperating Costs – payments by proprietary funds (enterprise funds) other than those for operating purposes. These consist primarily of budgeted interest and principal for debt service on enterprise fund commercial paper and long term debt.

The categories used in this schedule are defined by the State of Florida in the State Uniform Accounting System Manual

Note: In FY 00 the County implemented an all years budget process for capital projects. This means that beginning in FY 00 the current year's budget will only reflect changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted. Prior year funding will remain with the project until completion and will not need to be reappropriated every year.

Amounts include capital funding for infrastructure including fire, government facilities, libraries, parks, solid waste, stormwater, transportation, and water and wastewater.

(1) In FY 00 the County implemented an all years budget process for capital projects. This means that beginning in FY 00, the current year's budget will only reflect changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted. Prior year funding will remain with the project until completion and will not need to be reappropriated every year.

(2) Includes interest earnings and other miscellaneous revenues.

(3) Other Non-CIP expenditures are Capital Budget Expenditures not related to the Capital Improvement Program, such as capital equipment, leasehold improvements, some land acquisitions, and the County's Major Repair, Replacement, Renovation and Maintenance Program

(4) Reflects net changes to reserve accounts.

Notes:

- ¹ Amounts shown include Special Assesment debt but do not include County contributions to the Tampa Sports Authority for debt service on the outstanding bonds of the Authority.
- ² Includes fees paid for trustees, paying agent and registrar services, remarketing and Letter of Credit fees
- ³ The principal amount of outstanding bonds placed in irrevocable escrow for payment when due or callable. Does not include principal payments made from Commercial Paper rollover notes which are shown separately below.
- ⁴ Beginning in FY 12, Commercial Paper Rollovers will no longer be included in the budget since they will neither increase nor decrease resources. They will be tracked on the General Ledger. New Commercial Paper issues and defeasance of Commerical Paper notes will be reflected in the budget.
- ⁵ Includes debt issuance costs, tax liability consultant services and assessment collection services. Under Florida Uniform Accounting Standards (UAS), these costs are not classified as debt service, but as operating costs. They are shown here to provide full disclosure of all debt related costs.

MAJOR COUNTY REVENUES

Hillsborough County relies on a variety of revenue sources to finance operations and construction activities. These sources include taxes, special assessments, fines and forfeitures, fees, intergovernmental funding, grants and service charges. Some examples include ad valorem (property) taxes, user fees such as those funding the County's solid waste and water and wastewater utilities, fuel taxes on gasoline and diesel fuel financing roadway construction and maintenance, permit fees supporting building permit and inspection programs, sales tax and other revenue shared with counties by the State of Florida, business license fees, parks and recreation fees, and interest earned on cash balances.

Various factors can have significant impact on revenues: changes in overall county-wide and unincorporated area population, changes in specific service populations and associated demands, increases or decreases in real disposable income (which measures residents' after-tax buying power, adjusted for inflation), increases or decreases in taxable property values, and inflation. State legislative action can also significantly impact revenues as evidenced by the state mandated roll-back of property taxes for FY 08 and beyond, and the constitutional amendment introduced by the state legislature and passed by voters which increased exemptions and capped the percentage the taxable value of non-homestead properties can increase each year to 10%. One or more of these factors affect revenues directly or indirectly. For example, decreases in real disposable income not only make it more difficult for residents to pay property taxes, but also results in consumers and businesses buying fewer goods which negatively impacts revenue from sales taxes. Less disposable income and/or higher gas prices can result in residents driving less which negatively impacts fuel tax revenue. Less disposable income can result in fewer homes being sold, reducing both demand for new construction and existing home resales and refinancing resulting in lower County revenue associated with these activities. Lower real disposable income can also result in fewer out-of-state visitors or visitors staying in the County for shorter periods of time, which negatively impact revenue sources such as the tourist development tax, sales taxes and fuel taxes.

Major tax and state shared revenues are forecast using a variety of methods. Each March and August, the Florida Legislature's Office of Economic & Demographic Research (EDR) publishes statewide revenue projections from the Florida Revenue Estimating Conference (REC). The REC provides estimates of revenue and/or the tax base for the Local Government Half-Cent Sales Tax, Indigent Care Surtax, Community Investment Surtax, Communications Services Tax, Tourist Development Tax, various State collected fuel taxes, and the State's County Revenue Sharing program (which is based on the sales tax and a cigarette tax). Statewide REC estimates are provided on the State's fiscal year basis (July 1 – June 30), are converted by the Business and Support Services Department to the County's fiscal year (October 1 – September 30), and are then applied to local revenues. Projecting County revenues based on State forecasts is just one forecasting method used to project County revenues. In addition to using the REC estimates, the Business and Support Services Department forecasts revenues using various

trend forecasting methods. These methods include moving average models, year-to-date rate of growth trend, year-to-date monthly averages, regression analysis models, and using the average of the various estimates generated by these methods.

Estimates of revenues not forecast by the State are gathered from a variety of sources including professional organization forecasts and federal forecasts. Operating departments, agencies, and Constitutional Officers provide estimates of revenue from program related fees (charges for services), state and federal grants, licenses and permits, fines, and assessments. Their forecasts based on past trends, current conditions, and forecasts of future conditions.

To assist in the revenue forecasting process, each April the Business and Support Services Department hosts a Revenue Consensus Meeting with representatives from various County departments including Family and Aging Services, Fire Rescue, Economic Development, Development Services (formerly Planning and Growth Management), and Public Works to develop a consensus on major revenues. Preliminary forecasts generated by the Department of Business and Support Services using the various techniques previously described as well as any forecasts developed by the participants based on their expertise regarding relevant major revenues are evaluated and discussed until a consensus is reached.

Participants in the April 21, 2012 Revenue Consensus Meeting noted small variance among the forecast results from the various forecasting methods and consequently endorsed the average year-end FY 12 estimates for fuel taxes and slightly below average estimates for sales tax based revenues. Participants were concerned about high energy costs and high uncertainty regarding the effects of sovereign debt troubles. The Communications Services Tax revenue has slowed recently and is performing below the FY 12 budgeted amount; therefore, participants chose a conservative estimate for year-end FY 12. Tourist Development Tax (TDT) estimates were provided by the Economic Development Department and are consistent with the average forecast. The TDT has been growing strongly in recent months.

Revenue Consensus Meeting participants recognized economic conditions improved in 2011 and are projected to show more robust improvement in 2012 and 2013. The group agreed on FY 13 projections based on growth rates consistent with state projections in January for sales tax based revenues, the Communications Services and fuel tax revenues. The group further agreed to use a higher estimate of 1% higher than REC based growth rates for the Tax Tourist Development Tax in recognition of strong local performance and high expected summer bookings.

As various indicators seem to affirm the recovery has not given way to renewed recession, Economy.com now expects 2.5% GDP growth for 2012 and 3.0% for 2013, provided the Eurozone holds together and US fiscal policymakers reach new agreements over looming tax increases and spending cuts. Economy.com expects positive but relatively weak job growth. Hillsborough County economic growth

MAJOR COUNTY REVENUES

improved in 2011 and should continue that trend through 2013. Continued weakness in housing markets, higher energy prices and the continuing European debt crisis are downside risks to these forecasts.

Paralleling the national trend, both Florida and Hillsborough County are showing improvement as well. FY 11 non-ad Valorem major revenues returned to growth after two to four years of decline. Estimates of year-end FY 12 revenues reflect growing improvement in late 2011 and early 2012. Estimated year-end FY 12 fuel tax and sales tax based revenues are expected to fall 2% to 4% below adopted FY 12 budgets due to actual economic growth increasing more slowly than the FY 12 budget anticipated. Fuel tax revenue is expected to be about flat compared to FY 11. Sales tax based revenues are expected to end FY 12 on a more positive note and are expected to rise 3% to 3.5 % compared to FY 11. Continued improvement is forecast for FY 13.

In addition to state-wide forecasts, during mid- to late summer each year the Florida Department of Revenue (DOR) provides specific local guidance on revenues and/or the tax base for the Local Government Half-Cent Sales Tax, Indigent Care Surtax, Community Investment Surtax, Communications Services Tax, Tourist Development Tax, various State-collected fuel taxes and the State's County Revenue Sharing program. Where appropriate, county revenue estimates are updated using these localized DOR estimates and serve as the basis for final revenue estimates for the budget to be adopted in September.

Unlike other revenues, State and local forecasts project that ad valorem (property tax) revenue will continue to decline for FY 13 even though the local economy has begun to improve. A continued decline in FY 13 is projected both due to the lag between when property values actually recover and when this increased value is captured for taxable value assessments, and the continued impact of State legislatively mandated constraints on taxable value growth discussed under the Ad Valorem Taxes section below. FY 13 property tax revenues are based on declining home values that occurred during 2011 that are reflected in the January 1, 2012 valuations used by the Property Appraiser in determining FY 13 taxable values. Home prices continued to decline through 2011 (see the Economic Indicators section of the Executive Summary for further discussion) which resulted in a continuation of the decline in property values. The initial taxable values were provided to the County on May 25, 2012 by the Property Appraiser and form the basis for the ad valorem tax revenues in the FY 13 recommended budget. The decline for FY 13, at 2.5%, is moderate compared to the past four years, as illustrated in the graph on the next page.

FY 13 ad valorem revenue for the adopted budget was revised to reflect July 1 taxable property values provided by the Property Appraiser at the end of June, in conjunction with millage rates adopted by the Board of County Commissioners (BOCC) at the two statutorily required public hearings held in September.

Hillsborough County will continue to carefully monitor the impact of economic conditions and legislative action on estimated revenues and expenditures, and if necessary, will recommend appropriate expenditure adjustments for BOCC consideration.

In reviewing the graphs associated with the following revenue discussions, it is important to keep in mind a statutory requirement that budgeted revenue in each category be reduced by 5% from "...all receipts reasonably to be anticipated from all sources."¹ This state mandated requirement often results in what appears to be an anticipated reduction in revenue from the prior year's actual collections as reflected on the respective graphs, when in fact the actual estimate is for actual collections to meet or exceed the prior year's actual amounts. Year-end actual revenue collected often exceeds budget for this reason.

The following sections discuss major revenues and how they have changed over time.

Ad Valorem Taxes

In modern times, property taxes, also called *ad valorem* taxes, have traditionally been the major source of revenue for local governments.² In Hillsborough County these taxes comprise the single largest percentage of all current year's revenues – 33.2% in FY 13.

Hillsborough County levies a property tax on all property within the County, including property within municipalities, for services provided countywide. This tax, referred to as the *Countywide Ad Valorem Tax*, is deposited in the County's Countywide General Fund to fund programs having countywide benefit. Examples of Countywide tax funded programs include services to the elderly and children provided by the Family and Aging Services Department, emergency management and emergency dispatch functions provided by the Fire Rescue Department, jail operations provided by the Sheriff's Office, and animal control and spay/neuter services provided by the Animal Services Department.

Hillsborough County also levies a *Municipal Services Taxing Unit (MSTU) Ad Valorem Tax* to fund municipal type services provided in the unincorporated area of the County. This tax is only assessed on property in unincorporated areas of the County and is deposited in the Unincorporated Area General Fund. Proceeds from this tax may only be used to provide services in the unincorporated area of the County.³ Examples of MSTU tax funded services are unincorporated area fire rescue services provided by the Fire Rescue Department, law enforcement services provided by the Sheriff's Office, and code enforcement services provided by the Code Enforcement Department. Since the three municipalities assess their own property tax to provide municipal services, including fire rescue and police services, within their own boundaries, the County only assesses

¹ Section 129.01(2)(b), Florida Statutes

² Section 9(a), Article VII, Florida Constitution

³ Section 125.01(1)(q), Florida Statutes

MAJOR COUNTY REVENUES

residents outside of the municipalities for these and other unincorporated area services.

To fund operations of the city-county library system, the County levies a third property tax called the *Special Library District Ad Valorem Tax*. This tax applies only to property in the City of Tampa and in unincorporated areas of the County. The Cities of Temple Terrace and Plant City operate their own libraries, although they receive funding from the County system to establish a coordinated system for all County residents.

In addition to the Hillsborough County Board of County Commissioners, other jurisdictions in the County have independent authority to levy their own property taxes. Entities such as the cities of Tampa, Temple Terrace, and Plant City, the Hillsborough County School Board, the Hillsborough Area Regional Transit Authority, the Southwest Florida Water Management District, the Tampa Port Authority and the Children's Board are all authorized by the state to levy their own ad valorem taxes. Each November, individual taxpayers receive a consolidated tax bill which lists each of these tax levies.

In addition to the tax levies already mentioned, the County levies separate countywide property taxes to meet annual debt service requirements for the payment of voter approved general obligation bonds. FY 13 assessments include a countywide millage for voter approved general obligation debt for the acquisition of environmentally sensitive land, and an unincorporated area millage for voter approved debt for additional park facilities located solely in the unincorporated area.

Current fiscal year property tax revenues depend upon two components - the ad valorem tax rate expressed as a millage rate (a mill is \$1 per \$1,000), as well as the *taxable* value of property. Taxable value is the assessed value of real and personal property less any exemptions. By statute, the County can assess no more than 10 mills for countywide purposes and 10 mills for services in the unincorporated area. The FY 13 adopted countywide general purpose millage rate is 5.7374 mills, a 0.0017 mill reduction from FY 12, and the adopted general purpose MSTU millage rate is 4.3745 mills, unchanged from FY 12. Additional millages for debt service may be levied if approved by voter referendum. The FY 13 budget includes 0.0604 mills for countywide voter approved debt to acquire environmentally sensitive land and another 0.0259 mills assessed only in the unincorporated area for voter approved debt for parks and recreational facilities.

As a separately elected constitutional officer, the Hillsborough County Property Appraiser is responsible for assessing property values and taxable values, which are based on property values as of the preceding January 1st. While growth in the tax base increases County ad valorem tax revenues without requiring an increase in the ad valorem tax rate (the millage rate), a decrease in the tax base, as Hillsborough County has been experiencing since FY 09, can result in lower ad valorem revenues without a change in the tax rate. Taxable values tend to fluctuate over time. Historically, countywide tax-

able value growth averaged 11.6% annually from 1997 – 2007, increased to 21.7% for FY 07 and declined to 11.7% for FY 08. A weakening economy, with the associated weak housing markets and State mandated tax reform measures resulted in a 4.7% decline in taxable values for FY 09. Rapid home price declines led to a further 12.6% decline in FY 10 taxable values, followed by another 11.3% reduction for FY 11. FY 12 taxable values fell by 4.3%, with projected FY 13 taxable values declining at a more moderate rate of 2.5%.

Projections of future ad valorem tax revenues for the budget are updated throughout the budget process by the Hillsborough County Department of Business and Support Services based on historical and current information on economic activity and the current tax roll. Key forecasting tools for taxable property values include state forecasts, trend analysis, preliminary data from the Property Appraiser, and expert knowledge.

The adopted budget is updated with actual data from the Property Appraiser's Office with the statutorily required preliminary taxable values as of July 1st. The July 1 taxable values reflect the amounts sent to property owners on the Truth in Millage (TRIM) notices to be mailed in late August, and local governments are required by statute to use these values in projecting ad valorem revenue for the adopted budget. Note that the July 1st taxable values are always described as preliminary since the Property Appraiser's values are, in turn, subject to adjustment by the Value Adjustment Board (VAB) upon appeal by a taxpayer. Since VAB adjustments impact the tax base, actual ad valorem tax revenues will differ from adopted budget estimates. The historical annual impact of Value Adjustment Board changes has been well below 1%.

Another factor constraining growth in property values is Amendment 10 of the Florida Constitution, also known as the Save Our Homes constitutional amendment. Passed by voters in 1992, this amendment took effect January 1, 1995 and limits the rise in assessed values for homesteaded properties to the lesser of 3% or the rise in the Consumer Price Index.

MAJOR COUNTY REVENUES

Additional tax reform measures approved by the State and by voter referendum since 2007 further limit increases in taxable values and millage rates which can be assessed by local authorities, and impact the taxable values not only for homesteaded properties but for other residential and commercial property as well. These regulatory constraints will limit any future growth of property tax revenue for the foreseeable future. Further constitutional limitations on assessed values may be considered by voters in upcoming elections.

The following chart on Current Ad Valorem Taxes shows the changes in the County's ad valorem tax revenues for the County-wide, MSTU, Library District and Environmentally Sensitive Land acquisition bond ad valorem taxes since 1997. Strong growth in taxable value from FY 97 to FY 07 allowed the County to reduce total BOCC millage each year during that period while maintaining ad valorem revenues needed to fund County needs.

(Note: All graphs show FY 97 – FY 11 actual revenue and budgeted FY 12 – FY 13 revenue)

Total BOCC millage rates and associated budgeted ad valorem taxes were reduced for FY 08 and FY 09 due to the mandated millage rollback and property tax reforms. In FY 12, the adopted budget demonstrated the Board of County Commissioners' continued commitment to taxpayer relief by decreasing the total BOCC millage by 0.0016 mills from FY 11, from 10.7598 mills to 10.7582 mills. For FY 13, the BOCC adopted a 0.0017 mills reduction, from 10.7582 mills to 10.7565 mills.

Other Taxes

The *Other Taxes* category includes receipts from non-ad valorem sources such as certain types of locally imposed fuel and sales taxes, the Communications Services Tax, certain lawyer and occupational license taxes, and Tourist Development Taxes. This category accounts for 16.7% of all current year revenues.

Local Government Infrastructure Surtax - In a referendum held on September 3, 1996, voters of Hillsborough County approved the levy of a 0.5% sales surtax for a thirty year period, effective Decem-

ber 1, 1996. The proceeds from this "Community Investment Tax"⁴ are used to acquire, construct and improve general government, public education and public safety infrastructure to promote the health, safety and welfare of Hillsborough County residents. This tax is currently due to expire on November 30, 2026.

Under an interlocal agreement with the Hillsborough County School Board receives 25% of this revenue, distributed monthly. Another \$318 million is dedicated to finance, over a thirty year period, Raymond James Stadium. This stadium is used by the University of South Florida football team, the Tampa Bay Buccaneers of the National Football League, and hosts multiple special events annually. The remaining Community Investment Tax proceeds are shared among the County and its three municipalities using the same population based distribution formula that applies to the regular Local Government Half-Cent Sales Tax.

Reflecting strong economic growth and consumer spending, Community Investment Tax (CIT) revenue grew at a 6.45% average annual rate from FY 98 to FY 06. This exceeded the original long term forecast, even factoring in the 2001 recession and aftermath of 9/11/01 occurring during that period. FY 02 revenues fell 0.25% but quickly recovered. Revenue growth accelerated to 14.6% in FY 05 with boosts from post-hurricane spending and rapidly rising home prices. Weakening housing markets and slow economic growth in late 2007 resulted in CIT revenues falling 2.1% for FY 07. Full-blown recession in 2008 and 2009 led to a 6.2% drop for FY 08, a further 9.4% decline in FY 09, and a 1.2% drop in FY 10, before starting to recover in late 2010.

The participants in the April 11th Revenue Consensus Meeting accepted a slightly below average estimate for sales tax based revenues for year-end FY 12. This resulted in year-end estimates about \$1 million below those based on the statewide January Revenue Estimating Conference (REC). Participants agreed FY 12 revenue performance will surpass FY 11 results but still fall 2% to 3% short of FY 12 adopted annual revenue. Forecasts for an improving job market in 2012 and 2013 should boost consumer spending, although

⁴ Section 212.055(2), Florida Statutes

MAJOR COUNTY REVENUES

weak home prices and high energy prices will continue to act as spending constraints. Community Investment Tax revenue is projected to grow by 5.4% in FY 13. More robust economic recovery than estimated could spark stronger consumer spending than forecast, with the corresponding increase in sales tax revenue, while any delays in economic recovery could result in weaker consumer spending.

As previously discussed, Business and Support Services staff prepares short and long term projections of sales surtax revenues based on trend analysis, state forecasts, and current economic conditions, and will continue to update projections as new information becomes available.

Indigent Care and Trauma Center Sales Surtax - The *Indigent Care and Trauma Center Sales Surtax*⁵ funds Hillsborough County's nationally acclaimed Indigent Health Care Program. In FY 85, Hillsborough County authorized a two-year 0.25% surtax and in FY 92, the Board of County Commissioners authorized a seven-year 0.5% sales surtax within Hillsborough County to fund this program.

On May 23, 1997, the state legislature approved a bill to extend the sales surtax until October 1, 2005. The legislation requires that any county which levied the indigent care surtax prior to October 1, 1998 must adopt an ordinance, by extraordinary vote, to extend the surtax to October 1, 2005 and to authorize the surtax rate. On July 9, 1997, the Hillsborough County Board of County Commissioners approved the required ordinance to extend the surtax to September 30, 2005 and authorized a reduction of the surtax rate from 0.50% to 0.25% set to expire if reserves decline to a level 110% of the amount expended in the prior fiscal year. In FY02, the surtax returned to 0.50% due to falling reserves amounts.

In 2003, the state legislature removed the sunset provision, extended the authority for this surtax on a continuing basis however, with a requirement that a biennial audit be delivered to the local governing body and to the chair of the legislative delegation.

⁵ Section 212.055(4), Florida Statutes

The chart for this tax reflects revenues since FY 97. FY 98 through FY 01 revenues reflects the reduction in the surtax rate from 0.5 percent to 0.25 percent effective October 1, 1997, with corresponding decreases in revenues. In FY 02, the over 80% revenue increase reflects the return to a 0.5% rate on October 1, 2001. In the absence of rate changes, other structural tax changes and audit adjustments the Indigent Care Sales Surtax and the Local Government Infrastructure Sales Surtax (CIT) previously discussed should exhibit nearly identical trends. Using the same methods and tax base, the Indigent Care Surtax will parallel CIT forecasts.

Gasoline Taxes - This tax classification includes two fuel taxes, the Voted (9th Cent) Fuel Tax⁶ and the Local Option (6 Cents) Fuel Tax⁷. Gasoline taxes collected within Hillsborough County are shared among the County and its three municipalities. These taxes reflect a fixed assessment per gallon of fuel; therefore associated revenues correlate strictly to the number of gallons of fuel sold, not to the price of fuel. When fuel prices increase, demand, along with associated revenue from these fuel taxes, tends to decline.

Fuel taxes are an important source of funds for road maintenance and road resurfacing. Like most fuel taxes, and as shown in the respective charts, fuel tax revenues have grown slowly over the last several fiscal years due primarily to increased motor vehicle fuel efficiency and rising gas prices. FY 99 and FY 00 fuel tax revenue increases reflected strong fuel demand resulting from rapid economic growth. FY 01 local option fuel taxes fell due to higher fuel costs and a slowing economy, but returned to long term trends in FY 02 and FY 03. A strong economy kept fuel tax revenue growth high in FY 04 and FY 05.

The trend in fuel price increases seen over the past few years has been very volatile. High fuel prices in the summer of 2008 began to negatively impact demand, discouraging consumers from driving and encouraging a shift to more fuel efficient cars. The financial crisis of late 2008 intensified the recession that began in December 2007, resulting in falling oil demand and a steep drop in prices. Prices resumed climbing in the summer of 2009 through early 2010, re-

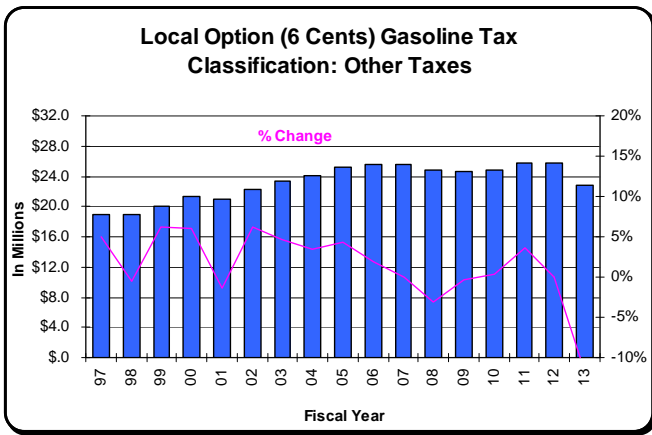

⁶ Section 336.021(1)(a), Florida Statutes

⁷ Sections 206.41(1)(e), 206.87(1)(c), and 336.025, Florida Statutes

MAJOR COUNTY REVENUES

treated in 2011. Prices rose again to near record levels in early 2012 before retreating yet again in May.

The participants in the April 11th Revenue Consensus Meeting accepted the average fuel tax estimates for year-end FY 12. These average estimates are consistent with the statewide January Revenue Estimating Conference estimates for fuel taxes. Stronger economic activity in late 2012 and 2013 may support growth in fuel demand for FY 13 however, if current fuel prices rise consumers could continue to reduce their gasoline usage, which would negatively impact fuel tax revenues. FY 13 Voted Fuel Tax and Local Option 6 Cents Fuel Tax revenues are projected to decrease from FY 12 levels.

Note: Chart above reflects sunset of tax on August 31, 2013.

The Voted (9th Cent) Fuel Tax was scheduled to expire on December 31, 2011, but was extended by the Board of County Commissioners on June 15, 2011 for another ten years. The new sunset date is December 31, 2021.

The Local Option (6 Cents) Fuel Tax is scheduled to expire on August 31, 2013; renewal will be addressed in 2013.

Local Option Tourist Development Tax⁸ - This tax, imposed primarily on tourist related resorts and facilities, provides funding for tourist and economic development. The tax was increased in 1990 from 3% to 4% to provide funds as a pledge against sports facility debt. In October 1995, an additional one percent was added to finance the St. Petersburg Times Forum, an indoor sports and entertainment arena constructed in downtown Tampa. This brings the current tax rate to 5%.

Tourist tax revenues rose steadily from FY 97 to FY 01. FY 02 revenues fell substantially in the aftermath of September 11, 2001, and began to rebound in FY 03 and into early FY 04. As the economy recovered and tourists returned to travel, FY 04 revenues modestly exceeded pre-September 11 levels. Strong tourism markets boosted revenues for FY 05. FY 06 revenues increased 4.2%, and FY 07

revenues increased 5.6% over FY 06. Tampa played host to both the NCAA Men's basketball quarterfinals and the NCAA Women's basketball semi-finals and final in 2008. Poor economic conditions, however, resulted in an overall 2.5% revenue decline for FY 08 and a 13.5% decline for FY 09. Tourist Development Tax revenue fell a further 4.8% in FY 10. Revenue performance improved in mid-2010 and 2011, exceeding year-ago performance. FY 11 revenue rose 8.9%. First half FY 12 revenue has increased 9.8% over the same period in FY 11.

The April Revenue Consensus group agreed year-end FY 12 Tourist Development Tax (TDT) would meet budgeted levels amid the gathering strength in the revenue since mid-2010. Improving national economic conditions are projected to support more travel and local occupancy rates are improving. The Economic Development Department (EDD) and the consensus group expect 4.2% FY 13 revenue growth.

Communications Services Tax – In 2001, the State of Florida established the Communications Services Tax (CST)⁹. The goal was to restructure taxes on telecommunications, cable television, direct-to-home satellite, and related services. The law replaced and consolidated several different state and local taxes with a single tax comprised of two parts: the Florida communications services tax and the local communications services tax. Communications services subject to the tax encompass voice, data, audio, video, or any other information or signals, including cable services that are transmitted by any medium that originate and terminate in the state, or originate or terminate in the state and are billed to an address within the state.

The 2001 legislation established a default rate for each locality so that the new law was revenue neutral, however it allowed each local taxing jurisdiction to levy its own tax rate on communications services rather than use the default rate.

In FY 02, the Hillsborough County Board of County Commissioners (BOCC) assessed the default rate of 2.2%. Starting January 1, 2003 the BOCC lowered the rate to 2%. On January 1, 2004, the BOCC raised the rate to 4.0%, with the provision that one-quarter (25%) of

⁸ Section 125.0104, Florida Statutes

MAJOR COUNTY REVENUES

the tax go to fund fire station construction and capital fire equipment acquisition.

During the FY 06 budget process the BOCC increased the 25% Communications Services Tax allocation provision, which supports fire rescue construction and capital equipment acquisitions, to 37.5%. In FY 08; in conjunction with addressing previously discussed mandated ad valorem revenue reductions, the BOCC reduced the percentage allocated to fire rescue uses from 37.5% to 12.5% for FY 08 and FY 09. This percentage was restored to 37.5% in FY 10, where it remains for FY 13.

In FY 13, the adopted budget includes issuing Communication Services Tax backed debt to construct a new Public Safety Operations Center and for Fire Station renovation and replacement.

Communications Services Tax (CST) revenue continues to reflect the rapid change occurring in the communications industry. New technologies, particularly internet and wireless, are changing the way we use telephones, computers and television. Some of these technologies and arrangements are not currently taxable, and in some cases, such as Voice over Internet Protocol (VOIP), supplant taxable services. Strong FY 06 and FY 07 growth of 36.7% and 15.5% was followed by only 1.7% growth in FY 08 due to weakening economic conditions. Recession brought a 3.8% decline for FY 09. FY 10 revenue was 6.7% below FY 09. As with other revenues the CST began to recover in mid-2010 as monthly results exceeded year-ago levels but unlike sales taxes the CST has dipped below year ago levels since September.

The April Consensus group accepted a 5.0% estimated revenue decline for FY 12 followed by a weak 0.1% rise in FY 13. These rates are consistent with the statewide January revenue estimates.

This tax is levied in the unincorporated area only, and is used to fund services in the unincorporated area, with 3/8 of the revenue dedicated to Fire Rescue. Note that the three municipalities levy their own communications services taxes.

Licenses and Permits

Fees from licenses and permits provide 3.3% of total County current year revenues. This has increased from less than 1% in prior years due primarily to the State reclassifying Impact Fees and Special Assessments from the Miscellaneous Revenue category to the License and Permit Revenue category. These fees merit mention due to their relationship to the regulatory functions of County government and their usefulness in gauging activity of growth in related segments of the County's economy.

Building Permit Fees - The chart on Building Permit Fee revenue since 1997 parallels the general health of the local building industry. As in the rest of the nation, both residential and commercial construction was very strong in Hillsborough during the late 1990s. Building fee revenue surged 16.2% in FY 98 and 22.4% in FY 99. Rapid commercial construction, however, outpaced market absorption in 2000 resulting in increasing vacancy rates and softening rents. This development, combined with higher interest rates in 2000, contributed to a 41.2% fall in the value of commercial permits issued in 2000. New residential permits fell 19.5%. Building fee revenue fell 8% in FY 00. Single family permitting activity improved in 2001 and 2002 supporting better building fee revenue growth 4.2% in FY 01 and 8.5% in FY 02. FY 03 revenues included fee increases for residential housing permits and building trades sub-permits. After a one-time increase of nearly 50% in this revenue, FY 04 revenue grew 8.3%. Strong markets produced a 26.7% gain for FY 05. In response to higher interest rates, residential building permits fell 19.5% in 2006. This drop led to a 16.9% fall in this revenue for FY 06, followed by a 32.2% fall in FY 07. In 2007, in recognition of increased permit application processing costs, the Board of County Commissioners approved an increase in permitting fees; despite this increase, revenues continued to decline as the number of residential permits fell 30.6% in FY 07.

Despite permit activity falling another 28.2% in FY 08 due to the continued backlog of unsold existing and new homes, revenue increased 9.6% due to the full year benefit of the increased fee structure implement in FY 07. Actual year-end FY 09 revenues fell 27.6% or almost \$3 million from FY 08 revenues, reflecting the weak economy. FY 10 revenue rose 15.4%, reflecting some growth in con-

MAJOR COUNTY REVENUES

struction, albeit from low levels. FY 10 actual revenues of \$9.0 million exceeded the FY 10 budget of \$7.0 million. FY 11 revenues were \$9.4 million, a 3.5% increase over FY 10. Greater Tampa Association of Realtors (GTAR) reports 2011 existing home sales rose 11.4%. While improving, sales are still at low levels and home prices fell again in 2011. GTAR reports year-to-date April 2012 sales are down 5.7% compared to 2011, but are still 61% above the same period in 2008. Months of inventory has dropped to 4.3 months in April compared to more than 10 during much of 2007-2010. GTAR reports April 2012's average sales price is up 10.0% compared to a year ago.

Higher existing home sales activity has reduced the backlog of unsold homes and is encouraging new home construction. New single family home permits rose above year-ago levels in the third quarter of 2011, but are still well short of 2000 - 2007 levels and are not yet indicative of a large increase in construction activity. Increases in late 2012 and in 2013 will be from current low activity levels and should be supported by renewed job growth and lower unsold existing home inventory. FY 12 revenue is projected to be only \$4.5 million reflecting a temporary 50% decrease in permit fee rates approved by the Board of County Commissioners on September 8, 2011. The reduction is intended to help encourage economic development, and applies to construction related permit applications and applications for service filed between October 1, 2011 and December 31, 2012. The rates are scheduled to return to FY 11 levels effective January 1, 2013. The three month FY 13 reduction is reflected in the adopted budget of \$6.5 million. The forecasts are based on the expert judgment of Development Services (formerly Planning and Growth Management) staff regarding projected permitting activity.

Impact Fees - Impact fees on new construction were implemented in June 1985 to finance capital facilities needed to maintain service levels in areas of growth. The first of these fees was for roads and parks, while the right-of-way portion of the roads impact fees was implemented in February 1986. School impact fees followed in August 1986, with fire impact fees implemented in June 1988. Originally, all impact fees were collected only in the unincorporated areas of the county. However, on January 1, 1993, school impact fees began to be collected in both incorporated and unincorporated areas of the county.

In April 1990, all impact fees, with the exception of fire impact fees, were increased. The degree of increase depended on several factors including land use, location, and engineering factors. Total impact fee revenues have shown cyclical growth since FY 97, reflecting overall county growth. Not shown, however, are the in-kind contributions provided by some developments in lieu of paying fees. Cost recovery rates for impact fees have dropped substantially since fees were changed in 1990, declining from 80% to approximately 12% in FY 09.

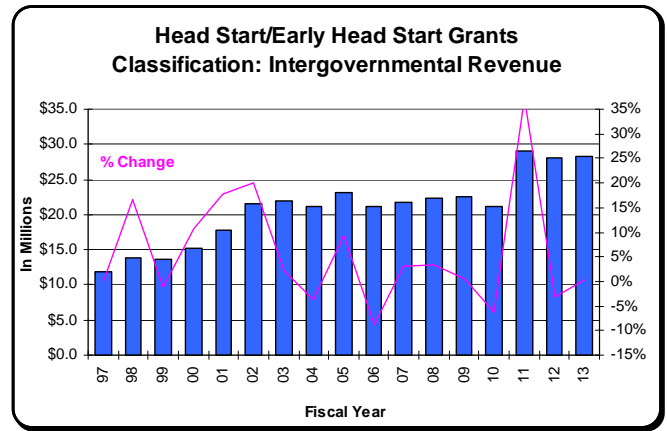

In July 2006, the Board voted to increase school impact fees beginning in November 2006. This is evident in the above graph for school impact fee revenues starting in FY 07. Impact fee revenue since FY 07 has been adversely impacted by the weak real estate market previously discussed in the building permit fee section; this weakness is expected to continue into FY 13. Fees are conservatively estimated by Department of Business and Support Services staff using a forecast of new construction and expert staff judgment. Note that prior to FY 10, impact fees were reported under Miscellaneous Revenues.

Stormwater Assessments - On June 22, 1989, the Board of County Commissioners of Hillsborough County imposed a stormwater assessment on developed properties within the unincorporated area of Hillsborough County. This assessment pays for costs associated with the Hillsborough County stormwater system, including capital augmentation. The assessment applies to roofed and paved parcels of land within areas that cannot absorb water. The stormwater assessment is placed on the tax bill as a non-ad valorem assessment.

On August 15, 1991, the Board set the rates for single family residential and agricultural parcels at \$12 per year. Other residential parcels, such as apartment complexes and condominiums, are assessed \$6 per dwelling unit on the parcel. For non-residential parcels the assessment is \$.01 for each 1.5 square feet of area which cannot absorb water, with a minimum assessment of \$12.

The stormwater rates have remained unchanged since 1991. While annual population growth in the unincorporated area historically accounted for a small, but consistent annual increase in revenues, the large number of taxpayers delinquent on their taxes or currently in foreclosure resulted in FY 09 revenues declining slightly. FY 10 actual revenue exceeded budget by \$516 thousand or 6.9%. FY 11 revenue was slightly under budget, but was above FY 10. FY 12 and FY 13 budgets reflect the 5% statutorily required reduction previously discussed which accounts for the values being lower than FY 10 and FY 11 actual revenue. Forecasts are derived by Public Works staff judgment and actual property tax roll data.

MAJOR COUNTY REVENUES

Intergovernmental Revenues

The County receives 12.8% of its current year's revenue from intergovernmental sources including federal and state grants.

Grants - Major grants received by the county include funding for head start and early head start, children and elderly food programs, anti-drug abuse programs, environmental issues, and Housing and Urban Development grants for community development and housing rental.

The County's largest grants are for the Head Start/Early Head Start Program. This program provides services designed to enhance children's physical, social, emotional and intellectual development. Early Head Start serves low-income pregnant women and families with infants and toddlers. Head Start provides preschool services for three and four year old children from low income families in Hillsborough County. Young children with disabilities or developmental delays are also served in an environment of inclusion. The centers are located throughout the County and transportation is provided for the Head Start children. All families receive health, dental, and preventative mental health services and parent involvement opportunities.

As the chart indicates, revenue grew substantially from FY 97 through FY 02 due to cost-of-living adjustments (COLA) and expansion funding. In FY 03 through FY 10, the rate of increase began to slow and have annual growth has generally been confined to the COLAs. Strong growth reflected in FY 11 is mainly attributable to additional grant funding received through the American Recovery and Reinvestment Act of 2009 (ARRA). FY 12 and FY 13 revenues are expected to be slightly below FY 11 levels. Estimates are prepared by the Family and Aging Services Department in consultation with the granting agency, the U.S. Department of Health and Human Services, Region IV Administration for Children and Families.

On December 1, 1992, the Hillsborough County Board of County Commissioners was designated as the grantee agency for the Ryan White CARE Act of 1990 for Title I funds to be allocated among service providers for HIV+ individuals in the Tampa-St. Petersburg area, comprised of Hillsborough, Pinellas, Pasco, and Hernando Counties. On June 18, 1997, the County was designated to administer Ryan White Title II funds in Hillsborough, Pinellas, Pasco, Hernando, Polk, Highlands, Hardee and Manatee Counties. Both Ryan White grants are administered by the Family and Aging Services Department in accordance with allocations of the Ryan White Care Council.

As the chart shows, Ryan White grant revenue peaked in FY 11, and has been declining for FY 12 and FY 13. FY 12 and FY 13 projections reflect estimates prepared by the Family and Aging Services Department in consultation with the granting agency, the U.S. Department of Health and Human Services, Region IV, Health Resources and Services Administration.

While the U.S. Department of Health and Human Services is the County's largest granting agency, significant funding comes from the U.S. Department of Housing and Urban Development (HUD). The largest HUD program is the Section 8 Housing Choice Voucher Program. This program provides financial assistance to low-income families so they can obtain decent, safe and sanitary rental housing in Hillsborough County.

MAJOR COUNTY REVENUES

As the chart below indicates, Section 8 grant revenue trends showed slow but steady increases from FY 97 through FY 05. Though timing issues related to receiving the funds caused the graphed fluctuations, the amounts actually granted increased gradually.

However, available funding fell from FY 05 to FY 06, rebounding slightly in FY 07 and FY 08. The FY 09 revenue increase was due to a new grant which was not received in FY 10. FY 11 was higher than FY 10 revenue.

Starting in FY 12, responsibility for the Section 8 program has been transferred to the Tampa Housing Authority, an independent agency whose budget is independent of the BOCC. As a result, the County will not receive any Section 8 grant funds beyond FY 11.

State Shared Revenues - Two State shared revenues are important sources of funding for the County. The *Local Government Half-Cent Sales Tax*¹⁰ has been a major source of revenue for the County since FY 83. Growth was steady from FY 98 to FY 06, reflecting the strong local economy and associated consumer spending. Strong economic conditions boosted growth above 7% for FY 04, FY 05 and FY 06. The impact of the recession is apparent in FY 08, where revenues declined 7.4% and declined another 10.4% for FY 09. Although revenue began to exceed year ago amounts in late FY 10, Half-cent sales tax revenue still fell 2.3% on an annual basis for FY 10. As consumer spending rose with renewed job growth, Half-cent revenue rose 4.0% in FY 11, the first increase in five years. Revenue has risen 4.5% during the first six months of FY 12.

Participants in the April 11th Revenue Consensus Meeting accepted a slightly below average estimate for sales tax based revenues for year-end FY 12. Estimated year-end FY 12 Half-Cent revenue is 3.4% above FY 11 reflecting slowly improving economic conditions in 2012. An improving job market in 2012 and 2013 is projected to boost consumer spending. High energy costs and falling home prices could continue to act as spending constraints. The Consensus Meeting accepted the REC based forecast of 5.4% for FY 13. More robust economic recovery than estimated could spark stronger

¹⁰ Section 212.20(6)(d)2, Florida Statutes

consumer spending than forecast, with the corresponding increase in sales tax revenue.

The second important State revenue source is the County Revenue Sharing Program¹¹. Until July 1, 2000 the County received a portion of the State intangibles tax along with a small contribution from the one-cent cigarette tax. As with other State estimates, FY 98 and FY 99 State Revenue Sharing revenues were underestimated. FY 00 included a 25% reduction in the intangibles tax based on a change approved by the Florida Legislature in 1999. In May 2000 the Legislature passed an additional change to State Revenue Sharing. As of July 1, 2000 counties still receive the one-cent cigarette tax but no longer receive any portion of the intangibles tax. In place of the intangibles revenue the Legislature authorized 2.25% of State sales tax revenue be included in State Revenue Sharing. This change further reduced state revenue proceeds, but produced a more stable revenue source over the long term. The change causes State

Revenue Sharing to grow in a similar manner to the Half-Cent Sales Tax. It is expected that State Revenue Sharing forecasts, will closely track Half-Cent Sales Tax forecasts. In 2004, State legislation related to Article V implementation lowered the share of sales tax shared with counties through revenue sharing by 9.1% effective July 1, 2004. The weakening economy, with its associated impacted

¹¹ Sections 210.20(2), 212.20(6) and 218.20, Florida Statutes

MAJOR COUNTY REVENUES

on sales tax revenue, resulting in reductions in revenue starting in FY 08. The economic recovery is evident in FY 10, when state revenue sharing was less than 1% below FY 09. FY 11 state revenue sharing increased 3.3%, while FY 12 growth in the first six months of the fiscal year is up 5.9%. 5.3% growth is forecast in FY 13. The FY 11 through FY 13 amounts shown in the above graph reflects the statutorily required 5% reduction.

The *Constitutional Fuel Tax*¹² is a two cent per gallon of motor fuel State levy shared only with counties. Eighty percent of the revenue can be used for debt service and is managed by the State Board of Administration. Any remainder of the 80 percent portion not needed for debt service is then distributed to the County for their use in meeting transportation needs. The other 20 percent is given to the County for the acquisition, construction and maintenance of roads.

As the associated chart shows, revenues from this tax have grown steadily from FY 97 to FY 05 before declining and leveling out through FY 12. FY 11 revenues rose 0.18% from FY 10. FY 12 revenue declined 0.6%, from FY 11. FY 13 revenue is forecast to increase 2%, reflecting state estimates.

The *County (7th Cent) Fuel Tax*¹³ is a one cent per gallon of motor fuel tax considered a State Shared Revenue since its distribution is based on a State-set formula not based solely on total collections within the county of collection. This revenue, along with other gasoline taxes and road network impact fees, is used to support road network maintenance and improvements.

As the associated chart shows, revenues from this tax have grown steadily from FY 97 to FY 06 before leveling out in FY 07 and declining in FY 08 through FY 10. FY 10 revenue was 0.3% below FY 09. FY 11 revenue rose a modest .2% amid rising demand and FY 12 revenue grew 2.4% over FY 11 actual revenue as the economy improved. State forecasts for the County (7th cent) Fuel Tax call for FY 13 revenue to decline 1.5% from FY 12 levels.

911 Emergency Service Fee¹⁴ – Prior to FY 09 this revenue was classified by the State of Florida as a charge for service. A change in the Florida Uniform Accounting System required that, beginning with FY 09, the County classify this as intergovernmental revenue. This fee is paid by landline telephone subscribers within Hillsborough County to fund the 911 emergency services program. The monthly rate is 50 cents per access line up to a maximum of 25 lines per account. There was a similar fee imposed by the State of Florida on cellular telephone subscribers to fund the electronic 911 system. Starting in FY 10, accounting for these two fees were required by the State to be consolidated for budget and reporting purposes.

The income from the 911 service fee grew steadily from FY 95 through FY 03. However, in FY 04 the revenue generated by landlines began to decline as the number of landline telephones declined. This decrease was more than offset by increases in fees generated from cellular telephones as reflected in the constant growth from FY 97 to FY 11. For the same reasons discussed under the Communications Services Tax section, shifts from traditional phone service to non-taxable services like Voice over Internet Protocol (VOIP) are expected to negatively impact FY 12 revenues. FY 13

¹² Section 9(c), Article XII, Florida Constitution
¹³ Section 206.41(1)(b), Florida Statutes

¹⁴ Sections 365.172 - .173, Florida Statutes

MAJOR COUNTY REVENUES

revenue is forecast to increase 7.9% over FY 12. The FY 12 and FY 13 budgets include the statutorily required 5% reduction to the revenue estimate. Revenue estimates are provided by the 9-1-1 Agency based on staff expert opinion.

State Housing Initiatives Partnership Program (SHIP)- The State of Florida levies a Documentary Stamp Tax on all real estate transactions. Of total collections in each County, 11.3425% was returned to local governments to fund local affordable housing plans. The growth in this revenue generally follows the same pattern as Building Permits since they are interrelated. The high level of building activity in FY 98 and FY 99 caused the FY 99 revenue spike as shown in the chart below. Since mortgage refinancing is also subject to the documentary stamp tax, high levels of mortgage refinancing in FY 02 and FY 03 account for those years' increases. The housing market supported high growth in this revenue for FY 04. As interest rates and home prices rose in 2005 and 2006, Hillsborough County experienced a decline in sales and corresponding revenues.

In FY 07, a one-time change in the method and timing of remittance of the revenue from the State resulted in significantly lower booked revenue for FY 07. FY 08 and FY 09 revenues were relatively flat with FY 06 levels, resulting from a weak economy and recognition that the slow housing markets did not turn around before 2010.

In early 2009, the State of Florida notified Hillsborough County that due to budgetary constraints at the State level, no SHIP grants will be awarded until further notice.

Phosphate Severance Tax¹⁵ - The State of Florida levies a tax on phosphate rock mined in the state. The 1982 session of the State Legislature authorized a distribution of 10% of this tax to counties. To receive funds from this source, a county must demonstrate a nexus, direct or indirect, to the phosphate industry. The volatility of the phosphate industry in the late 1980's adversely affected the amount of tax levied; in FY 94 the state permanently reallocated a portion of these taxes to other jurisdictions.

The chart shows this revenue's volatility over the years. Revenue in FY 99 reflected better international market conditions for phosphates and phosphatic fertilizer. In May 2000 the Legislature increased the county share of the tax from 10% to 18%. In FY 04, a major phosphate mining company scaled back operations in Hillsborough County and shifted them to Manatee and Hardee counties. This was a short term shift and revenues returned to near normal in FY 07, and FY 08. FY 09 actual revenues were 30.7% lower than FY 08. FY 10 actual revenue increased 8.9% from FY 09 levels, increased 20.6% for FY 11 and 11.9% in FY 12. FY 13 is for projected revenues to remain at FY 10 levels. Forecasts are based on Business and Support Services staff judgment and analysis of the number of phosphate mining reviews for the preceding three years.

Charges for Services

Charges for Services comprise 31.1% of adopted FY 13 budgeted income and include revenues from such services as ambulance transports, water, special recreation programs, sewer service charges, internal service charges, fees for housing federal prisoners, and municipal, commercial and franchise solid waste disposal fees. In preparing the County's annual budget, the departments whose operations are supported by these fees provide the estimates of anticipated revenue. Departments rely upon past trends and their accumulated expert knowledge to construct these estimates. Over the past several years, as a result of declining general revenues, the County has had to rely more heavily on this type of revenue.

One example of this type of revenue is illustrated by the chart on *EMS Ambulance Service Fees*. As the graph illustrates, these fees have been a steady source of revenue except in FY 01. In FY 99, collections were contracted out and revenue began to rise. However, a problem with the collection vendor in FY 01 caused revenue to decrease substantially for that fiscal year, and rise substantially above the norm in FY 02. County growth accounted for the revenue growth from FY 03 through FY 06, at which time County growth slowed as the economy began its downturn and more service recipients found themselves unable to reimburse the County for transport services.

¹⁵ Section 211.3103, Florida Statutes

MAJOR COUNTY REVENUES

This decrease is evident from FY 07 through FY 09. Actual FY 10 revenues increased 5.5% from FY 09, while FY 11 revenues declined 4.4% from FY 10. FY 12 revenues increased 7.9% over FY 11 and, 4.5% growth projected for FY 13, reflecting estimates by the Fire Rescue Department, which are based on a five year trend analysis and expert judgment.

Water and Wastewater Utility User Charges - The primary source of revenue for the Hillsborough County Water and Wastewater utility system is the monthly charges to its customers. These charges are composed of three parts – Base Facility Charges, Volumetric Charges and a Customer Service Charge. From FY 01 through FY 09, the standard residential Base Facility Charge for Potable Water was \$7.90 per month, the Wastewater charge was \$12.75 per month and the Customer Service Charge was \$3.80 per month. The rates will be adjusted for indexing effective June 1, 2010 and June 1, 2011 resulting in the following new rates. The Residential Base Facility Charge for Potable Water will be \$8.12, the Residential Base Facility Charge for Wastewater will be \$13.11, and the Customer Service Charge will be \$3.91. These base charges are in addition to Volumetric Charges, which are tiered as follows: \$.66 for each 1,000 gallons up to 5,000 gallons, \$1.85 for each 1,000 gallons from 5,001 to 15,000 gallons, \$3.09 for each 1,000 gallons from 15,001 to 30,000 gallons, \$4.63 per 1,000 gallons over 30,000 gallons, plus a Purchased-Water Pass-Through Charge of \$2.77 per 1,000 gallons. Wastewater billable flow is charged at \$4.22 for each 1,000 gallons.

In order to ensure that rates are sufficient to meet the financial needs of the County's Water and Wastewater System, a rate study is conducted by the Public Utilities Department every two years to set the rates for the biennial budget. Once completed the study is validated by an independent consultant. This study is the basis for the monthly user charges for the following two years, with the exception of the "Purchased-Water Pass-Through" consumption charge to recover the cost of all retail and bulk potable water purchases. The Water Department calculates the "Purchased-Water Pass-Through" charge annually and implements any changes for the 12-month period on or about October 1 of each year. Growth and the need to reduce reliance on ground water pumping have required Tampa Bay

Water to construct additional projects, including a water desalinization plant, which have increased the cost of bulk water purchased.

The Water/Wastewater chart shows that overall revenues from user, base and service charges grew steadily through FY 07, reflecting the impact of growth in the unincorporated area. The troubled real estate market is reflected in the 1.3% revenue decline for FY 08 and the additional 3.2% decline in FY 09 as fewer new homes translated to fewer new connections. FY 10 showed modest growth of 1.5%. Reflecting the improving economy, FY 11 revenues jumped 10.4% from FY 10. FY 12 had modest growth of 2.5% over FY 11 revenues. FY 13 projected revenues reflect 0.6% growth over FY 12 revenues, which is based on Public Utilities analysis and expert judgment.

Solid Waste Residential Assessments - These non-ad valorem assessments appear on the ad valorem tax bill, and fund residential solid waste collection and disposal and provide a stable revenue source for Solid Waste Management System bonds. Since FY 98 there are two separate assessments, a solid waste collection assessment and a solid waste disposal assessment. Both assessments are collected in the Unincorporated Area only. Solid Waste collection and disposal rates are reviewed on a regular basis and revised as needed to pay expenses and comply with debt service coverage requirements defined in bond covenants.

The solid waste collection assessment was initially approved by the Board of County Commissioners (BOCC) on November 13, 1996, and went into effect on October 1, 1997. This assessment replaced the annual \$82.08 fee residents previously paid directly to collectors for curbside service. Franchise collectors are now paid directly by the County. From FY 98 through FY 03 the rate was \$76.20. For FY 04 the rate was \$80.68, and increased to \$85.16 for FY 05 through FY 07. For FY 08 the rate was \$105.61. In FY 09 the rate was \$118.44. For FY 10 the rate was \$128.93. On May 20, 2010, the BOCC approved an increase to \$135.02, which went into effect on January 1, 2011. Bond covenant requirements dictate that the rate will increase \$1.21 to \$136.23 for FY 12 and FY 13. This increase is offset by a \$1.21 decrease in the disposal assessment.

MAJOR COUNTY REVENUES

Residents are also assessed a solid waste disposal assessment on the ad valorem tax bill. These assessment fees replace the tipping fee previously charged by disposal facilities for residential refuse disposal, whether transported by the residential user or a commercial service. From FY 87 to FY 91, this assessment was \$96.50 and was reduced to \$84.00 in FY 92. In FY 96 and FY 97, the disposal fee was \$89.71; in FY 98 through FY 07 this assessment decreased to \$85.43. In FY 08 the assessment was \$87.99, increasing to \$90.63 in FY 09. For FY 10 the rate was \$93.35, increasing to \$96.15 for FY 11. As indicated above, in FY 12 the rate will be reduced by \$1.21 to \$94.94. Refuse originating from non-residential sources is subject to a tipping fee at the time of disposal.

As a result of the rate increases discussed above and a strengthening economy, FY 11 revenue grew by 5.7% from FY 10. The improving economy will contribute to continued growth of 5.2% in FY 12 and 8.3% in FY 13. Estimates reflect Public Utilities Department expert staff judgment and existing property tax rolls.

Sheriff's Office Fees – The majority of these fees are reimbursements to services provided by the Sheriff's Office. For example, the cities reimburse for School Crossing Guards provided by the Sheriff and the School District reimburses half of the costs for the School Resource Deputy program. The largest reimbursement is from the U.S. Department of Justice for detention of federal inmates awaiting trial. The revenue estimates are provided by the Sheriff's Office based on the estimated cost to provide these services to the outside agencies. The revenue has been consistent over the last ten years, with the exception of FY 01 and FY 02. During those two years, the Hillsborough County Indigent Health Care Program was reimbursing for the cost of Indigent Inmate Healthcare. That reimbursement

ceased in FY 03. In FY 05, an apparent drop in Sheriff's Office Fees as illustrated in the graph below was in fact due to an accounting change that reclassified revenue received by the Sheriff for housing federal prisoners from Charges for Services to Residual Equity. This reclassification resulted in this revenue no longer being budgeted under the BOCC, but is being remitted to the BOCC at fiscal year end as part of the Sheriff's residual equity. Sheriff's Office Fee revenue estimates are provided by the Sheriff's Office based on the estimated cost to provide these services to the outside agencies, and are forecast to decline from FY 11 levels by 3.0% in FY 12, and an additional decrease of 4% for FY 13.

Court Costs and Surcharges – Prior to FY 05, these revenues were composed of civil court filing fees, criminal court cost charges, and special surcharges designed to aid in the funding of the court system. However, effective July 1, 2004, most court-related fees and fines now accrue to the Clerk of the Circuit Court to pay for the Clerk's court related duties. Three new fees were allowed by the Legislature and adopted by Hillsborough County. The first is a traffic court surcharge used to fund court facilities. The second is a document recording fee to fund court technology. The third is a criminal court surcharge used to fund the court innovations, a law library, legal aid, and teen court/juvenile diversion programs.

MAJOR COUNTY REVENUES

The Clerk of the Circuit Court, together with Business and Support Services, develop the estimates for these new fees using expert judgment and a five year trend analysis of similar fees. In the 2008 legislative session, the Legislature repealed the Documentary Stamp Tax Return requirement. The associated 1% administrative fee was no longer assessed as of FY 09. This factor, combined with the weak real estate market, resulted in FY 09 revenues decreasing by 14.2% from FY 08, 4.9% in FY 10, and an additional 2.8% for FY 11. FY 12 revenues are forecast to remain relatively flat. Revenue is not expected to return to positive growth until FY 13, when housing markets are forecast to improve and revenue is forecast to increase 1.3% from FY 12.

Fines and Forfeitures

Fines and Forfeitures comprise only 0.4% of the County's current year's revenues. Prior to July 1, 2004, these revenues consisted mainly of court, local ordinance and library fines. However, State legislation related to Article V implementation redirected court fines to the Clerk of the Circuit Court to carry out court-related functions. This resulted in an estimated annual revenue loss of \$1.0 million.

Miscellaneous Revenues

Miscellaneous Revenues account for 2.6% of projected FY 13 revenues. Note that special assessments and impact fees no longer fall under this state classification as the State of Florida reclassified these revenues as Licenses and Permits. As a result of continued low interest rates and the corresponding impact on investment vehicle yields, interest now accounts for less than half of the revenues in this category. In addition to interest, this category also includes rental income, reimbursement of prior year expenditures, sale of surplus equipment, property and land, and contributions and donations. It also reflects the net change in the fair value of investments, as required to be reported under governmental accounting standards. The County does not currently budget for unrealized changes in the value of its investments, but they are reflected in its financial statements and they impact future years' budgets through changes in the fund balance brought forward.

Interest Earnings – Interest revenue is the largest component of Miscellaneous Revenues and affects every county fund. As the chart below shows, there can be a great deal of fluctuation in interest earnings. The main reasons for this fluctuation are changes in interest rates and changes in investment term structure. The spikes in FY 96 and FY 01 are due to short term interest rate increases while the declines from FY 02 through FY 05 are due to short term interest rate decreases. On June 30, 2004 the Federal Reserve Board of

Governors (Fed), in response to improving economic growth, began a string of short term interest rates increases. From June 2004 through June 2006 the Fed increased the Federal Funds rate a total of 425 basis points. The Fed made no additional changes until lowering the rate a total of 75 basis points in September and October 2007 in response to worsening mortgage markets and other weaknesses in the economy. Amid fears of recession and financial stress, the Fed aggressively lowered its rate target another 350 basis points through October 2008 in order to stimulate economic activity. As the financial crisis intensified during October and November 2008 and business and consumer confidence hit record lows, the Fed lowered its key rate target to the range of 0.0% to 0.25%. Short term rates dropped to near zero and remained there through mid-2012. The Federal Reserve has stated its intention to hold rates near zero through 2014. These actions, coupled with the maturity of higher yielding County investments and replacement with low yielding investments, have curtailed interest income since FY 07. Continued weak performance is anticipated to continue through FY 13.

The other component of interest earnings is average daily cash balance. Overall this tended to fluctuate very little from FY 97 through FY 07. Several factors since FY 07 have resulted in a decrease in average daily cash balance through FY 13. These include declining average fund balance estimates due to lower ad valorem revenues anticipated through FY 13 offset partially by increasing sales tax revenues in FY 12 and FY 13 as previously discussed. These factors, coupled with the previously discussed Fed action to maintain low interest rates will continue to contribute to restrained interest earnings through FY 13. Business and Support Services combines national interest rate forecasts with a three year average cash balance model to derive forecasts for interest earnings in each fund.

MILLAGE COMPARISON

Hillsborough County's Use of the Countywide 10-mill Cap FY 13

Hillsborough County's Use of the Unincorporated Area 10-mill Cap FY 13

BASIC INFORMATION ON PROPERTY TAXES

The calculation of assessed value of real and tangible personal property and how much of this value is subject to ad valorem taxation varies from state to state. In Florida, each county has an elected Property Appraiser whose office supervises the valuation process following the appropriate state laws, regulations and professional guidelines.

EXEMPTIONS

Florida law provides specific exemptions to reduce the value of property subject to taxation. Some of the more common exemptions are:

Homestead - For all permanent residents of Florida, the first \$25,000 of the assessed value of an owner-occupied residence is exempt. Certain elderly low-income homeowners may also qualify for an additional exemption called the *Senior Homestead Exemption*. The Board of County Commissioners set this additional exemption at \$50,000.

Second Homestead - For all permanent residents of Florida, the assessed value from \$50,001 to \$75,000 of an owner-occupied residence is exempt. This exemption applies only to non-School Board levies.

Government - Government owned property is exempt.

Widows - An additional \$500 in value is exempt if the resident-owner is a widowed permanent resident.

Disability - In addition to any other exemptions, an additional \$500 in value is exempt for totally and permanently disabled or blind residents.

Institutional - All properties of non-profit organizations used for literary, scientific, educational and charitable purposes are exempt.

COMPUTING PROPERTY TAXES

To compute the property tax on a parcel, you must know three factors: the assessed value as determined by the Property Appraiser; the amount of the value which is not subject to the tax due to the application of exemptions; and the millage rate authorized by a taxing authority.

Example:

Assessed Value of Property	\$165,000
Minus Exemptions:	
First Homestead Exemption	-25,000
Second Homestead Exemption	-25,000
Equals Taxable Value of Property	\$115,000
Divide the Taxable Value of Property by \$1,000	\$115
Multiply \$115 by the FY 13 adopted countywide millage rate	5.7374
Equals the amount of countywide property tax levied on property	\$659.80

THE AGGREGATE ROLLED-BACK RATE

In recent years, much of the legislation in Florida governing the setting of millage rates has been centered on the concept of the "rolled-back rate". The "rolled-back rate" is that millage rate which when applied to the total amount of taxable value of property (excluding new construction and dedicated tax increment value) adjusted for payments to tax increment financing districts produces the same amount of revenue as the previous year.

The "rolled-back rate" is used as a standardized point of comparison to show how millage rates are changing from one year to the next. The purpose of the "rolled-back rate" calculation is to allow local governments in Florida to identify when they are drawing more tax revenue from existing property. For example, an increase in the assessment of existing property draws more tax revenue for governments even when those governments keep the same millage rates as the previous year. The aggregate "rolled-back rate" varies significantly from the total millage rate because the combined ad valorem revenue from the General Revenue Fund, MSTU, and Library Fund is divided by the countywide taxable value in calculating the "aggregate rolled-back rate" even though ad valorem revenue from the Special Library District millage and the MSTU millage is generated from smaller tax bases.

At the public hearings in September, the County is required to show how proposed millage rates compare to the "aggregate rolled-back rate" and to identify why the proposed rate differs from the "aggregate rolled-back rate."

During the 2007 session the legislature passed House Bill 1B which mandated in FY 08 millage rates that, in combination, generate revenue 5% lower than that generated from the FY 07 aggregate rolled-back rate. Starting in FY 09, the bill also mandates that the maximum allowable property tax levy is the rolled-back rate plus the growth in the Florida per capita personal income. Then, in January 2008, voters approved a constitutional amendment that further restricts growth in taxable values. The provisions include a second homestead exemption previously discussed that applies only to non-School Board levies, a new portability provision allows owners of homesteaded properties to transfer of up to \$500,000 of accumulated Save Our Homes savings to a newly purchased home if the new home is purchased within 2 years of the sale of the previous home, a new \$25,000 exemption on tangible property and a new cap of 10% on the amount non-homesteaded property values can increase in a single year.

BASIC INFORMATION ON PROPERTY TAXES

The following example demonstrates how to compute the "aggregate rolled-back rate", the millage rate that will generate the same ad valorem tax revenues on existing property exclusive of payments to tax increment financing districts (TIF) and new construction, major additions to structures, etc.

CALCULATION OF THE ESTIMATED AGGREGATE ROLLED-BACK RATE¹

Amount of Property Taxes Collected in the Previous Year for the General Revenue Fund, MSTU, and Library District Less Payments to Tax Increment Financing Districts = \$548,311,106

Divided by

Amount of Taxable Value of Countywide Property Less New Construction and Less Dedicated Tax Increment Values

in the Current Year = \$58,729,842,952

**The result of this calculation is the Aggregate Rolled-Back Rate of
9.3362 Mills or \$9.33 per \$1,000 of Taxable Value**

HILLSBOROUGH COUNTY AD VALOREM OPERATING MILLAGES

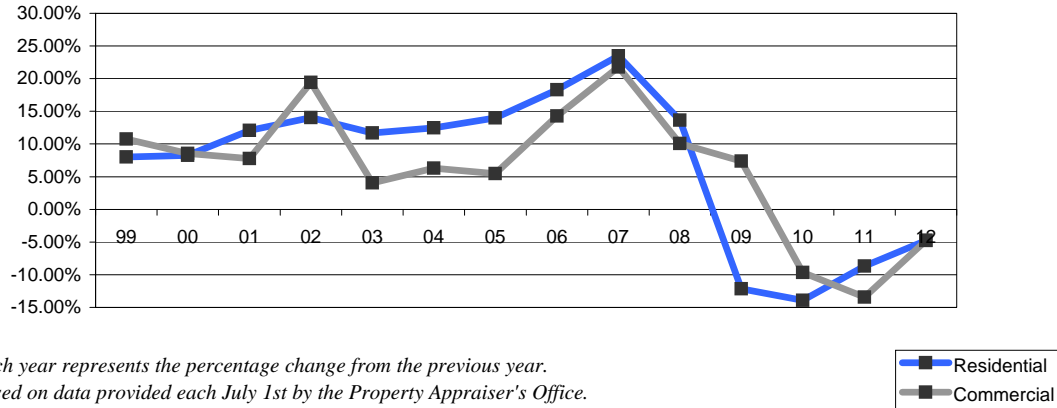

The FY 13 Countywide millage decreases by .0017 mills from FY 12.
FY 13 millages reflect no change from FY 12 for the MSTU and Library millages.

¹ Florida Statutes require the budget estimate be based on the Property Appraiser's July 1 preliminary certification. Due to taxable value adjustments made after July 1st by the Property Appraiser and Value Adjustment Board, actual property taxes collected will differ from estimated collections used for budget purposes. The example above incorporates changes to calculating the aggregate rolled back rate resulting from voter approval of Amendment One in January 2008.

Notes:

- * Not a tax levy, assessment, or fee of the Hillsborough County Board of County Commissioners (BOCC).
- ** Homeowners residing within the municipalities of Tampa, Temple Terrace, or Plant City pay city taxes instead of MSTU. The Hillsborough Area Regional Transit Tax is not levied in Plant City. The Library Tax is not levied in Temple Terrace or Plant City. Starting in FY 09, the taxable value for School Board taxes is \$140,000 because the second \$25,000 homestead exemption approved by voters in January 2008 does not apply to the School Board assessment.

Assumptions:

- Excludes any exemption other than the homestead exemptions.
- Excludes any other special district assessment (i.e., street lighting tax district or maintenance district).
- + For the purposes of consistency, the Hillsborough River Basin was selected. Other basins may have different tax rates.

ECONOMIC INDICATORS

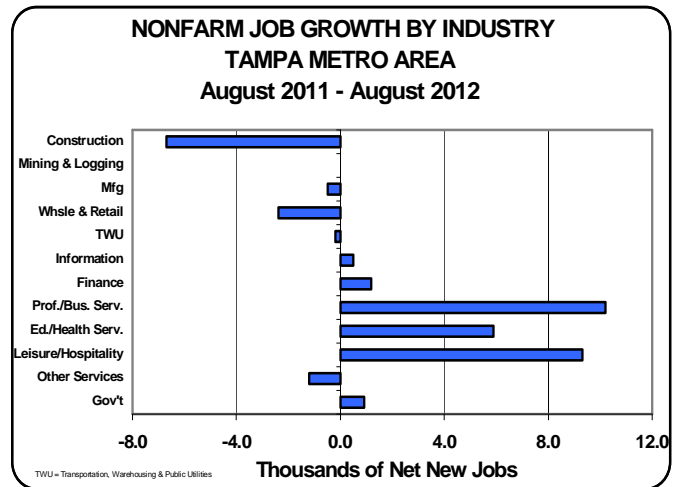

The Hillsborough County budget is affected by various economic variables that are significant drivers of demand for County services and of major revenues. The following is a brief discussion of past and projected trends for key economic indicators including jobs, population, income, housing, and taxable sales.

For a third year in a row summer has brought a slowdown in an already weak economic recovery. Growth is weighed down by concerns over the European sovereign debt/euro crisis, slower growth in China and, increasingly, the so-called “fiscal cliff” in the United States. The “fiscal cliff” is the negative impact that expiring tax cuts and automatic spending cuts at the federal level may have on economic growth. Economy.com estimates these will equal 4.5% of Gross Domestic Product (GDP) in 2013, more than the 2.4% GDP growth estimated for 2012.

Second quarter GDP growth slowed to 1.7% from first quarter GDP growth of 1.9% and 3.0% in the fourth quarter of 2011. Economy.com estimates third quarter growth will rise to a still weak at 2.1%. Concerns regarding the resilience of the recovery have led to businesses resuming their reluctance to hire and to consumers growing more cautious on spending. Monthly national job growth has fallen to 67,000 during April through June. July and August job growth improved to 141,000 and 96,000 respectively, but still remains below March 2011 to March 2012 average monthly job growth of 168,000. Monthly national retail sales fell in April, May and June before regaining some ground in July. Year ago retail sales growth slowed to 4.1% in July from 7% to 9% growth during much of 2011. On the positive side consumer spending and net exports are still supporting overall growth.

Economy.com and other analysts expect policymakers will act to avoid the fiscal cliff and a euro meltdown. Under this scenario Economy.com is forecasting 2013 growth of 2.4% will marginally exceed 2012's 2.3% growth. Economy.com expects positive, but relatively weak job growth. Hillsborough County economic growth improved in 2012 and should continue that trend through 2013.

Metro Tampa job growth slowed in mid-2012. Twelve month job gains totaled 17,000 in August, compared to gains of about 25,000 during late 2011. Although Metro Tampa job growth has fallen slightly, the 17,000 gains in August accounted for one-fifth of all statewide job gains of 85,700. Metro Tampa gained the second most jobs in the twelve months to August 2012 among Florida metropolitan areas. Metro Tampa's August 1.5% growth rate compared to the US rate of 1.4% and the Florida growth rate of 1.2%. The University of Central Florida forecasts 1.5% and 1.8% job growth for Tampa Bay in 2012 and 2013 respectively.

Source: Florida Department of Economic Opportunity, Labor Market Statistics Center

Source: Florida Department of Economic Opportunity, Labor Market Statistics Center and Institute for Economic Competitiveness, University of Central Florida

Since August 2011 Hillsborough County's unemployment rate has matched or dipped slightly below the State's rate. That rate exceeded the State's rate during most of September 2009 to July 2011. Hillsborough County's August 2012 rate is 8.9%, compared to 10.8% in July 2011. Hillsborough County's rate peaked at 12.0% in January 2010. More improvement is needed as the unemployment rate remains high compared to mid-2000s rates. The unemployment rate still remains high compared to August 2007's rate of 4.3%. US unemployment also remains high at 8.2% (not seasonally adjusted) for August 2012, under the previous August rate of 9.1% and the peak rate of 10.6% for January 2010. Florida's August rate is 9.0% (not seasonally adjusted) compared to 10.9% a year ago.

ECONOMIC INDICATORS

Note: TWU = Transportation, Warehousing & Utilities

Source: BEA, Regional Economic Information System (REIS)

Long-term job growth in Metro Tampa, and, indeed, Florida and the nation, is concentrated in services industries. In 2010 services industries accounted for about 46% of existing jobs in Hillsborough County and Florida. Services industries include high wage industries such as finance, insurance, legal services, engineering services, computer design, and health. Wholesale and retail trade accounted for about 14.5% of all jobs. Most of Hillsborough's ten largest employers in 2011 are government, retail or health related.

LARGEST HILLSBOROUGH EMPLOYERS, 2011

Publix Food Centers	5,823
St. Joseph Hospital	4,400
City of Tampa	4,274

Source: Hillsborough County, Florida Comprehensive Annual Financial Report. Fiscal Year Ended September 30, 2011

While job growth is perhaps the single most important and visible economic indicator for a local area, other indicators play important roles as well. The University of Florida's Bureau of Economic and Business Research (BEBR) reports that Florida and Hillsborough population growth has resumed after falling as a result of the housing correction and resulting recession. After average annual population growth of 25,500 in Hillsborough County during 1999-2008, BEBR estimated Hillsborough's population fell by 3,649 in 2009, consistent with the first statewide population drop in 63 years. BEBR estimated Hillsborough gained of 9,725 people in 2011. BEBR forecasts Hillsborough population growth during 2011 - 2015 will average 15,900 annually. Population growth rates for both Florida and Hillsborough County are expected to recover from recessionary lows, but not match the relatively rapid rates of 1999-2008.

Source: Bureau of Economic and Business Research (BEBR)

Source: Bureau of Economic and Business Research (BEBR)

Population growth is, in turn, a primary factor driving housing markets and retail sales as well as job growth. Hillsborough County's real estate market has experienced a deep and persistent cyclical downturn as have national markets. While housing markets troubles still continue the worst may be over. New and existing national home sales have tracked upward since mid-2011 and home prices appear to be firming. A backlog of foreclosures remains a threat to housing market recovery.

Housing markets ended 2011 mixed, posting sales gains in 2011 as well as continued price declines. National existing sales rose 1.7% in 2011. Greater Tampa Association of Realtors (GTAR) reports year-to-date December 2011 existing home sales rose 11.4%. GTAR reports months of inventory fell to 5.3% in December compared to more than 10 during much of 2007-2010. While improved, sales were still at low levels and home prices fell again in 2011.

GTAR reports months of inventory has dropped to 3.5 months in August compared to the mid to high teens during 2007 and 2008.

ECONOMIC INDICATORS

GTAR reports August sales are up 1.1% compared to August 2011 and 48% above the same period in 2008. Metrostudy reported new home starts in Metro Tampa rose 16.7% in the first half of 2012 compared to 2011. This likely reflects lower inventories and a slowly recovering job market. The National Association of Home Builders includes Metro Tampa in its list of 99 expanding housing markets in the nation for September 2012.

Source: Greater Tampa Association of Realtors

Price data are mixed, highlighting the uncertainty of the near-term path of home prices. GTAR reports August 2012 average sales price is up 11.4% compared to a year ago. The National Association of Realtors reports the 2nd quarter 2012 Metro Tampa area median price is up 11.3% compared to a year earlier. The June 2012 Metro Tampa S&P Case/Shiller Index is up 3.4% (April through June were the first increases in this index since December 2006). Rising foreclosures during October through July were expected as some of the delays resulting from the "robosigning" moratoria on foreclosures are beginning to be resolved. Further downward pressure on prices is expected. The extent of further declines, if any, will depend on the severity of resumed foreclosure activity.

LARGEST HILLSBOROUGH PROPERTY TAXPAYERS, FY 11

Highwoods/Florida Holding LP	4.2
BrightHouse Networks	3.8

Source: Hillsborough County, Florida Comprehensive Annual Financial Report. Fiscal Year Ended September 30, 2011

Property taxes provide Hillsborough County Government with its largest source of revenue. Poor housing markets and tax reform

measures resulted in a 4.7% decline in taxable values for FY 09. Taxable values declined a further 12.6% for FY 10, 10.6% for FY 11 and 4.0% for FY 12. Declining home prices in 2011 produced a further 2.4% decline in taxable values for FY 13.

Sources: Florida Department of Revenue, Revenue Estimating Conference and Dept of Business & Support Services.

Florida and Hillsborough consumer spending is reflecting gains in jobs. Taxable Sales in Hillsborough County have risen on a year ago basis since April 2010. Taxable sales for July 2012 were 4.7% above July 2011. Reflecting this improvement, 12 month Hillsborough County Sales Surtax revenues have exceeded year ago results since November 2010.

Source: Florida Department of Revenue (DOR)

Hillsborough taxable sales are highly dependent on consumer nondurable purchases, including clothing and groceries. When comparing the sources of Hillsborough's taxable sales to Florida's some notable differences arise. Hillsborough in 2009 was more dependent on automobile related sales and business investment (items and services related to construction activity). Hillsborough sales are less reliant on tourism/recreation with 19.3% of sales arising from that industry compared to nearly 22% for the state.

ECONOMIC INDICATORS

Sources: BEA, Regional Economic Information System (REIS), and Institute for Economic Competitiveness, University of Central Florida

With the absence of direct and comprehensive measures of a local area's economic output, total personal income is a good surrogate measure. Metro Tampa's 2010 total personal income stood at \$103.2 billion, 3.0% above 2009, erasing much of 2009's loss. The University of Central Florida estimates Metro Tampa personal income rose 4.7% in 2011 as job growth resumed. Income growth is forecast at 3.7% for 2012 and 4.3% for 2013.

Sources: U.S. Department of Labor, Bureau of Labor Statistics and National Association for Business Economics (NABE)

US inflation briefly rose above 5.0% during mid-2008 but fell to 3.8% for the year as oil prices retreated rapidly in late 2008. Weak recessionary demand placed downward pressure on commodity and food prices. Inflation turned negative, -0.4%, during 2009. Weak economic recovery kept overall inflation in check even as energy prices rise strongly during 2010. 2010 inflation was still modest at 1.6%. High energy and commodity prices caused inflation to rise to 3.2% in 2011. The National Association for Business Economics expects inflation to fall to 2.4% for 2012 and 2.3% for 2013. This will restrain interest rates.

Sources: US Energy Information Administration and U.S. Department of Labor, Bureau of Labor Statistics

The Federal Reserve has signaled its continuing intention to hold short term interest rates low. Forecasters anticipate The Fed will hold its key Federal Funds rate target steady through 2014. The Fed is continuing its efforts to support economic growth.

Sources: Federal Reserve Board and National Association for Business Economics (NABE)

Risks always abound in economic forecasting. Housing markets are still fragile and foreclosures could reaccelerate. The Eurozone's continuing problems and US fiscal policy remain key concerns. A return of sustained job growth will be a key to recovery.

PROCEDURES FOR AMENDING THE BUDGET

For a full discussion of the County's budget process, see **The Process of Adopting the Budget** section in this budget document.

After formal adoption of the budget each September by the Board of County Commissioners (BOCC) for the fiscal year beginning October 1st, changes may be made to the adopted budget only with a budget amendment. An amendment is a BOCC agenda item processed to increase or to decrease an existing budget. When a budget is amended, an offset is required to ensure that the budget remains in balance. At no time can the budget be amended so that it is no longer balanced.

Items requiring action by the BOCC are initiated by the individual department or agency requesting the action item. Action items are documented on an Agenda Item Cover Sheet Form. Action items for BOCC action fall into one of two categories: actions that have no impact on the adopted budget, and actions requiring an amendment to the adopted budget. In requesting a budget amendment the following additional information is required.

- The subject section of the Agenda Item Cover Sheet Form must state "Request for Budget Amendment Resolution" and identify the subject of the amendment and the fiscal year impacted.
- The recommendation section of the cover sheet must state where funds are coming from and where funds are going; justification on why the action is needed; and the amount of the increase or decrease.
- The financial impact section of the cover sheet must state the impact of the change on the current year's budget as well as any recurring impact on future years' budgets. Any change to reserves reflect the balance of the reserve both prior to and subsequent to the changes requested in the budget amendment.
- A separate form entitled Line Item Detail showing the specific line item accounts affected must accompany the Agenda Item Cover Sheet Form.
- Each department director is responsible for initiating agenda items, via an electronic agenda workflow system, that affect their department's activities or budget. The completed Agenda Item Cover Sheet Form with the Line Item Detail Form, including the estimated impact on the next fiscal year and any other appropriate information, is elec-

tronically signed by the department director and then forwarded for review through the organization. Electronic review and signature is performed in the following sequence:

- Department Director
- Business and Support Services Department
- County Attorney's Office (concurrent with review and approval by Business and Support Services)
- Assistant County Administrator (required for departments under the County Administrator).

All budget amendments, approved by the above referenced organizations/staff, are processed by the Administrative Services Section of the County Administrator's Office for final coordination and preparation of the BOCC's agenda. Copies of all budget amendments are electronically forwarded to the Clerk of the Circuit Court's Finance Department to facilitate pre-audit of the proposed budget revisions.

As part of the overall review process, the Business and Support Services Department reviews the proposed budget amendment for accuracy, availability of funds, completeness, compliance with BOCC Policies and other matters considered appropriate for good financial management. If changes or corrections to a budget amendment are required, the item is electronically rejected back to the originating department for revision and resubmitted for electronic approval.

In accordance with BOCC Policy 03.02.05.00, any budget amendment that requires a drawdown on the reserve for contingency in either the Countywide General Fund or the Unincorporated Area General Fund must be approved by a super majority vote of the BOCC.

Upon final approval by the BOCC, the budget amendment is posted to the financial system, a budget resolution is prepared by the Clerk to the BOCC, signed by the Chairman of the BOCC and forwarded to the Clerk's Office for inclusion in the Board's official records. In accordance with BOCC Policy 03.02.05.00, any budget amendment that requires a drawdown on the reserve for contingency in either the Countywide General Fund or the Unincorporated Area General Fund must be approved by a super majority vote of the BOCC.

FINANCIAL POLICIES AND PROCEDURES

The County Administrator has explicit responsibility for all financial planning for the Board of County Commissioners (BOCC) including operating, capital and debt service budgets; and for the allocation of resources to facilitate accomplishing BOCC goals. The County Administrator is also responsible for developing long-range financial planning strategies, including reserve policies and forecasting. These functions are performed by the various team administrators and the Business and Support Services Department.

To execute these responsibilities and to maintain sound financial management practices, it is important to have financial policies and related procedures that complement the statutory requirements and professional standards which establish local governments' financial management framework. To this end, the Business and Support Services Department is involved in the ongoing effort to research, document, publish and update financial policies and guidelines.

The Board of County Commissioners has adopted a series of financial policies, presented in this section, as a major effort towards documenting a comprehensive approach to financial management. In some cases, written policies replaced informal rules that had been in place for years, but had not been previously documented and formally approved. Given the structure of county government in Florida, with most accounting functions residing with the elected Clerk of Circuit Court, and the budget function residing with the County Administrator who reports to the elected Board, the documentation and approval of policies have particular importance.

The policies were developed over a period of time, during which draft policies were distributed to bond rating agencies and during which County staff reviewed recommended budget practices developed by the **National Advisory Council on State and Local Budgeting (NACSLB)**. Several of the policies are intended to directly address NACSLB recommended budget practices.

It should be noted that the policies listed here reflect those adopted by the Board of County Commissioners. Other financial policies adopted by the Clerk of Circuit Court in his or her capacity as Chief Financial Officer for the Board, which do not require Board approval, do not appear here.

There are two key Florida Statutes regulating local government budget development and implementation, Chapters 129 and 200. Chapter 129, entitled "County Annual Budget," establishes a system for controlling

finances of county boards of commissioners throughout the state. Chapter 200, "Determination of Millage," defines the duty of the county commissioners in setting the rate of taxation. These statutory provisions set the framework for the budgetary process. In addition, Generally Accepted Accounting Principles (GAAP) for state and local governments as set forth by the Governmental Accounting Standards Board (GASB), provide professional standards that guide public financial management and reporting.

Due to recent reorganizations, some of the names and responsibilities of departments and sections have changed. These will be examined and changes will be adopted then. Staff will also be reviewing recently enacted State legislation to determine impacts on the County budget process.

INDEX

POLICIES AND GUIDELINES

The following policy statements guide the annual budget development and monitoring functions of the County. They correspond closely to explicit provisions found in the statutes and complement professional standards established by GASB.

1. **Chapter 129.01(2)(b), Florida Statutes:** The budget will be balanced by subfund, that is, the estimated revenues including balances brought forward will equal the total of the appropriations and reserves.
2. **Chapter 129.01(2)(b), Florida Statutes:** Budgeted reimbursements are considered anticipated receipts and as such will be budgeted at 95% of the estimated fiscal year total.
3. **Chapter 129.01(2)(c)1, Florida Statutes:** Reserves for contingencies may be established for each fund during the annual budget development process, and when established, will be in compliance with Florida Statutes requiring that reserves for contingencies not exceed ten percent of the total budget.
4. **Chapter 129.01(2)(d), Florida Statutes:** A reserve for reappropriation will be provided in each fund as necessary to provide for the payment of vouchers which have been incurred in the year(s) prior to the fiscal year for which the budget is being prepared.

FINANCIAL POLICIES AND PROCEDURES

5. **Chapter 129.06(2)(a), Florida Statutes:** Budget changes may be made through the budget amendment process.
6. **Chapter 129.06(2)(d & e), Florida Statutes:** Fund revenue and expenditure totals may be increased or decreased by formal action of the BOCC: a) following appropriate public notice and public hearing, b) in the event new revenue is received from an unanticipated source, or c) in the County's enterprise funds.
7. **Chapter 129.06(3)(b), Florida Statutes:** Interfund transfers are fixed when the budget is adopted.
8. **Hillsborough County Ordinance 02-12: Safety of Investment Principal.** The highest priority in the handling of investments for the County is safety of principal. Each investment transaction shall seek to first ensure that capital losses are avoided, whether they be from securities, defaults, or erosion of market value. Investments shall be diversified to the extent practicable to control risk of loss resulting from over concentration of assets in a specific maturity, issuer, instrument, dealer, or bank through which financial instruments are bought and sold. From time to time, securities may be traded for other similar securities to improve yield, maturity, or credit risk. For these type transactions, a loss may be incurred for accounting purposes, provided any of the following occurs with respect to the replacement security:
 - Yield has been increased
 - Maturity has been reduced
 - Quality of investment has been improved
 - A positive blend for arbitrage purposes has been accomplished
9. **Hillsborough County Ordinances 92-8 and 95-18:** Reverse repurchase agreements are specifically prohibited.
10. **Grant Application Tracking- BOCC Policy 03.01.03.00:** It is the policy of the BOCC that all organizations directly funded by the Board participate in the tracking system by sharing information on all applications for new, or expansions of existing state and federal grants for which the Board would be responsible for appropriations, regardless of whether or not the Board would be responsible for providing matching funds. Information should be provided to the Management and Budget Department within five business days of application in a form established by the County Administrator.

Purpose: The purpose of this policy is to establish and maintain a method of tracking applications for all federal and state grant funds that the BOCC would be responsible for appropriating.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy and to provide monthly reports to the BOCC on the status of outstanding grant applications.

11. **Acceptance of Credit Cards, Charge Cards, and Debit Cards for Payment of County Fees and Charges for Service - BOCC Policy 03.01.04.00:** Departments under the authority of the Board of County Commissioners have the option of allowing the public to pay fees and charges for services with credit cards, charge cards, and debit cards. A department opting to allow the public to use credit cards will meet all the following conditions:
 - Use the County's approved credit card service vendors to process the charges.
 - Adhere to agreements with the approved credit card service vendors.
 - Not charge a person using a credit card, charge card, and debit card a surcharge or fee for using the card.
 - Explicitly budget in its operating budget the cost of paying credit card service vendors' fees. This budgeting will begin in the fiscal year the department starts to accept credit cards.
 - Budget the cost of equipment, software, and professional services needed to implement the acceptance of credit cards, charge cards, and debit cards. This budgeting will also begin in the fiscal year the department starts to accept credit cards, charge cards, and debit cards.
 - Because these cards can be considered a substitute for cash, the department will develop policies and procedures in concert with the Clerk of the Circuit Court to insure prudent management and accountability of card charges, chargebacks, and card account number security.
 - Pursuant to Chapter 215.322(5) of the Florida Statutes, individual credit card, charge card, or debit card account numbers are confidential and are exempt from the provisions of Chapter 119.07(1) of the Florida Statutes.

Purpose: To allow departments under the Board of County Commissioners to have the option of accepting credit cards, charge cards, and debit cards from the public for payment of fees and charges for

services. The acceptance of credit cards is authorized by Chapter 215.322 of the Florida Statutes.

Responsibility: It is the responsibility of each department opting to allow the public to use credit cards, charge cards, and debit cards to implement the above policy.

- 12. Bids for Capital Improvement Projects 10% or More in Excess of Estimated Construction Costs - BOCC Policy 03.02.01.00:** It is the policy of the Board of County Commissioners that in instances where the low bid on a Capital Improvement Project amounting to \$50,000 or more exceeds the estimated construction costs by ten percent (10%) or more, the County Administrator shall appoint a committee to review the low bid.

Purpose: The purpose of this policy is to establish a uniform system for review of capital improvement project bids exceeding the estimated construction costs by 10% or more.

Responsibility: It is the responsibility of the County Administrator to instruct the Chairman of the Review Committee to set a time for review of the project bid. The review shall consist of, but not be limited to, the plan quality, unit quantities, current unit cost, escalation clauses, if any, and other items pertinent to the project. The Committee shall present recommendations to the County Administrator on whether to accept or reject the low bid.

- 13. Capital Budget and Capital Improvement Program - BOCC Policy 03.02.02.00:** During the first year of the County's biennial budget Hillsborough County will develop and implement a comprehensive Capital Budget and a six-year Capital Improvement Program. The first two years of the Capital Program will represent the Capital Budget with the remaining four years representing the Capital Plan. During the second year of the County's biennial budget there will be a one-year Capital Budget and a four-year Capital Plan.

The Planning Commission, Constitutional Officers, Environmental Protection Commission, County Administrator and their departments, other agencies which provide services to Hillsborough County residents, and organized citizen groups, will have the opportunity to provide input to the Capital Improvement Program process. Capital project financing will be derived from various funding sources including, but not limited to, bonds, short term loans and notes, fuel taxes, federal and State grants, commu-

nity investment tax (Local Government Infrastructure Surtax), enterprise revenue, impact fees and the levy of ad valorem taxes and non-ad valorem assessments as determined by the Board of County Commissioners.

The Capital Improvement Program will comply with the Laws of Florida, (specifically Florida Statute 125.85(2) Florida Statutes), the Florida Administrative Code, Generally Accepted Accounting Principles (GAAP), necessary to assure proper accounting and fiscal management techniques and any County Ordinance, Policy and Procedure which relates to Capital Improvements and does not prohibit or restrict compliance with Section 218.33, Florida Statutes.

A list of priority categories for the Capital Improvement Program will be established by the Board of County Commissioners. This list will determine initial consideration of proposed projects for the Capital Improvement Program and provide a basis for evaluation and subsequent funding. Conformance with Board priority categories will aid in assuring the worthiness of a capital improvement project in relation to factors such as public health, safety, welfare, impact on the operational cost for government services and the implications for concept of growth management.

Additions or deletions of projects in the adopted Capital Improvements Program shall be by a Resolution of the Board of County Commissioners amending the Capital Improvements Program Resolution. Such additions or deletions shall be submitted to the Planning Commission for review of the change's impact upon the adopted level of service at least ten calendar days prior to the Board of County Commissioners' meeting at which the amendment is to be considered.

Changes in the cost of a current year project, advancing projects into the current year or delaying them from the current year to a future year in the adopted Capital Improvements Program shall be handled pursuant to the budget amendment procedure contained in Section 129.06, Florida Statutes.

Changes in the cost of a current year project that are less than 10% or less than \$100,000, whichever is least, of the project's all years budget (including all funding sources), can be adjusted with the approval of the County Administrator under the Administrative Budget Amendment process. The Board of County Commissioners will be provided

FINANCIAL POLICIES AND PROCEDURES

with a quarterly report of all such administrative adjustments.

Emergency additions to the Capital Improvements Program shall be made pursuant to the County Administrator's emergency purchasing authorization in the Hillsborough County Purchasing Manual with appropriate amendments to the Capital Improvements Program to be made as soon as reasonably possible thereafter.

In addition to the Capital Budget and the Capital Improvement Program, an annual update will be prepared, as identified in the Comprehensive Plan for Unincorporated Hillsborough County. Specifically, an annual update will be provided for:

- a. public facilities requirements related to standards set for potable water, sanitary sewer, solid waste, stormwater management, parks and recreation facilities, and arterial and collector roads; and
- b. revenue forecasts and analysis of financial capacity, as related to the above-listed public facilities.

Definitions: For the purpose of the Hillsborough County Capital Improvement Program:

- 1) A **Capital Project** is a set of activities, with related expenditures and schedule which includes one or more of the following:
 - a) delivery of a distinct asset or improvements to an existing asset, which will become an asset owned by Hillsborough County and be recorded on the financial records of the County as a capital asset under generally accepted accounting principles,
 - b) any contribution by Hillsborough County to other governmental or not-for-profit entities for the purpose of delivering a capital improvement. In situations where the improvement is not nor will it become an asset of the County, it will be included in the Capital Improvement Program as a contribution,
 - c) any project, including equipment, which is funded from the Community Investment Tax (CIT),
 - d) any engineering study or master plan necessary for the delivery of a capital project, and
 - e) major repair, renovation or replacement of existing facilities.

The cost and timing of these Capital Improvements are to be identified in the Capital Improvement Pro-

gram. The project scope, schedule, and costs approved by the Board of County Commissioners. A Project Manager is identified for managing each capital project.

- 2) A **Major Repair, Renovation or Replacement Capital Project** is a project which is primarily intended to preserve or enhance the operational condition of the existing facility and may increase the capacity of the facility. Facilities undergoing major repair and replacement may include existing buildings, roads for resurfacing purposes, wastewater treatment facilities, etc. A project will be considered for the Major Repair, Renovation or Replacement Capital Project category if it has an estimated cost of \$100,000 or greater, or extends its useful life by at least five years, or adds capacity or square footage to an existing facility, or will require more than a twelve-month period to deliver. A project which does not extend the useful life of the asset by at least five years, or does not add capacity or square footage to an existing facility and will be delivered within a twelve-month period will be included in the County's routine repair and replacement program.
- 3) **The Capital Improvement Program** is the Board's approved financial plan of Capital Projects. The Capital Improvement Program will include "new" Capital Projects and Major Repair, Renovation or Replacement Capital Projects. "New" Capital Projects include the acquisition of new capital facilities through either purchase or construction, or assets acquired through public/private partnerships. The Capital Improvement Program should include any new facility or any existing facility which is being changed to either extend the useful life by at least five years, increase capacity, increase square footage, increase the level of service to the community, or change the function of the facility.
- 4) Project Costs represent the purchase price or construction costs of a project, including other capitalizable costs incurred such as feasibility studies, cost-benefit analysis, site acquisition, legal and title costs, appraisal and surveying fees, architect and accounting fees, design and engineering services, initial fixtures and equipment, and transportation charges necessary to place the completed asset in its intended location and condition for use.

BOARD OF COUNTY COMMISSIONERS PRIORITY CATEGORIES FOR THE CAPITAL IMPROVEMENT PROGRAM - The following criteria, which is not presented in any sequence, will be used to establish priority for making decisions re-

lated to capital projects to be funded in the Capital Improvement Program:

- Projects which are necessary to conform to state or federal laws or court rulings.
- Projects eligible for restricted revenues such as state and federal grants.
- Projects necessary in carrying out Hillsborough County's Comprehensive Plan for unincorporated Hillsborough County.
- Major repair and replacement capital projects.
- Projects which reduce future operating costs or improve effectiveness of operation of county services.
- Projects which are essential to the health, safety and welfare of the community.
- Projects which stimulate private investment or otherwise affect measurable neighborhood and economic improvement.
- Projects which involve inter-agency cooperation.
- Projects which will improve the cultural and recreational activities of the community.
- Projects which provide measurable environmental benefit.
- Projects which improve accessibility to County facilities to all citizens.

Purpose: The purpose of this policy is to establish Board of County Commissioners guidelines and requirements for the submission of an annual Capital Budget and the biennial development of a Six-Year Capital Improvement Program (CIP) that will be county-wide in scope and administer the implementation framework for an adequate capital projects foundation to serve the needs of the residents of Hillsborough County. The CIP is designed to balance the need for public facilities and infrastructure as expressed by the County's Comprehensive Plan with the fiscal capability of the County to meet those needs. The CIP serves as a general planning guide for the construction of general purpose and utility facilities in the County. The CIP process provides a framework for careful development of reliable capital expenditure and revenue estimates and the timely scheduling of short- and long-term debt issues.

Responsibility: It is the responsibility of the Management and Budget Department under the direction of the County Administrator to prepare and submit to the Board of County Commissioners for its approval and adoption:

The Management and Budget Department is also responsible for preparing and submitting the annual update for the unincorporated area.

- 1) A Capital Improvement Budget; and
- 2) a Capital Improvement Program for Hillsborough County.

14. Budget Submissions - BOCC Policy 03.02.02.01:

It is the policy of the Board of County Commissioners (BOCC) that all government organizations funded in whole, or in part, by the BOCC submit budget requests for the upcoming year (or in the case of a two year budget process, for two years) in accordance with the budget instructions distributed annually by the County Administrator, as designated Budget Officer.

Purpose: The purpose of this policy is to provide consistent disclosure of the budgets requested by organizations funded by the Board of County Commissioners (BOCC).

Responsibility: It is the responsibility of each organization requesting funds to comply with this policy. The County Administrator, as designated Budget Officer, will advise the BOCC if any organization fails to provide the necessary detail.

15. Use of Excess Fund Balance- BOCC Policy 03.02.02.02:

It is the policy of the BOCC that upon completion of the annual financial audit, any excess fund balance in the General Fund and General Purpose MSTU Fund will be appropriated by budget amendment pursuant to Section 129.06, Florida Statutes, as follows:

- Twenty-five percent (25%) will be transferred to a fleet replacement account in the Fleet Services Fund for the replacement of vehicles including annual rental costs until the County's fleet replacement account for each fund has attained industry replacement standards, as identified by the Fleet Maintenance Department; and
- Twenty-five percent (25%) will be transferred to a designated reserve in the Self Insurance Fund for unbudgeted litigation or judgment expenses until the reserve in that account equals one percent of the combined General Fund and General Purpose MSTU Fund; and,
- Fifty percent (50%) will be appropriated to the catastrophic emergency reserve in the Self Insurance Fund until reserves in that account match eight percent of expenditures in the General Fund and General Purpose MSTU Fund; and any addi-

tional funds remaining as a result of meeting the required thresholds identified in (1), (2) or (3) will be split in the same ratio to meet the remaining threshold(s).

Once the standards are met for fleet replacement, unbudgeted litigation and judgments, and catastrophic reserves, excess fund balance in either fund may be appropriated in the next adopted budget for any legal purpose.

Excess fund balance is defined as both, (1) under-expenditures which may be realigned in the budget in which it was appropriated pursuant to Section 129.06(2)(a), Florida Statutes and, (2) unanticipated revenue which may be appropriated pursuant to Section 129.06(2)(f), Florida Statutes, that combined exceed the budgeted beginning fund balance for the next fiscal year.

Purpose: The purpose of this policy is to provide for prudent use of any excess fund balance to improve the County's financial security.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator as Budget Officer, to implement this policy.

16. Earmarking of Funds - BOCC Policy 03.02.02.03:

It is the policy of the BOCC that the budget avoid "earmarking" of available revenues that would unnecessarily restrict the full range of potential uses of such revenues. The use of various funds, however, will be consistent with generally accepted accounting principles and Florida Statutes, Section 129.02.

Purpose: The purpose of this policy is to provide the BOCC maximum discretion in the use of its funds.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

17. Self Insurance Fund - BOCC Policy 03.02.02.04:

It is the policy of the BOCC that the County's self-insured programs are fully funded, including reserves for incurred-but-not-reported (IBNR) claims, through annual assessments to covered departments and agencies. Unrecovered costs in one year may be recovered in a subsequent year through adjustments to charges.

Purpose: The purpose of this policy is to ensure that all programs managed through the Self Insurance Fund are fully funded through the fees recovered through covered departments and agencies, including administrative costs and reserves. Covered programs include: health insurance, worker's compensation, auto liability, and general liability.

Responsibility: It is the responsibility of the Management and Budget Department, the Procurement Services Department, and the Human Resources Department, under the direction of the County Administrator, to implement this policy.

18. Pay-As-You-Go Funding of Capital Improvement Projects - BOCC Policy 03.02.02.05:

It is the long-term policy of the BOCC to use at least one percent of the County's unrestricted General Fund revenues and one percent of the County's unrestricted General Purpose MSTU Fund revenues to provide pay-as-you-go funding for the general government capital improvement program (CIP) for renewal, replacement and/or improvement of County facilities. For the purpose of this calculation, fund balance, transfers and other non-revenue sources will not be considered.

Purpose: The purpose of this policy is to establish a long-term target for financing a portion of the County's general government capital improvement program through pay-as-you-go funding, in order to provide adequate funding for minor projects, rehabilitation and renovation of existing assets, and front-end funding of other projects for which total project cost has not been calculated.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

19. Prioritization of Capital Projects - BOCC Policy 03.02.02.06:

It is the policy of the BOCC that capital projects be prioritized based on standards established for each program. Within the prioritization process, capital maintenance of existing infrastructure will be given a higher priority than new construction. New construction projects will be prioritized based on standards established for each program, including comprehensive plan standards and impact fee standards.

Purpose: The purpose of this policy is to ensure that prioritization of capital projects reflect estab-

lished community standards, and that the County maintains its existing infrastructure investments.

Responsibility: It is the responsibility of the Management and Budget Department, using input from the Planning and Growth Management Department, under the direction of the County Administrator, to implement this policy.

20. **Minimizing the Expense of Financing Capital Projects - BOCC Policy 03.02.02.07:** It is the policy of the BOCC that short-term or long-term financing for capital projects be based on anticipated cash requirement so as to borrow only when funds are needed, and to fully comply with federal tax code in regard to arbitrage rebates. That is, funds shall not be borrowed for future phases of a project, if those funds will not be needed within the next twelve months and the County will incur additional interest expense or operating impacts as a result of such action.

As necessary, the County will employ the use of bond anticipation notes (BAN's), pay-as-you-go financing until an accurate project cost can be determined, and/or breaking a bond issue into phases.

Purpose: The purpose of this policy is to minimize the financing (interest) expense and operational impacts that may result from borrowing funds for future capital project requirements.

Responsibility: It is the responsibility of the Management and Budget Department, and the Debt Management Department, under the direction of the County Administrator, to implement this policy.

21. **Operating Impact of Capital Projects - BOCC Policy 03.02.02.08:** It is the policy of the BOCC that all capital projects considered for funding by the County include information on the potential impacts on maintenance, as well as any cost of operating the project. Such information will include any savings resulting from the project, as well as any new costs. The operating impact information shall be provided for the period covered in the County's current six year Capital Improvement Program. No capital project shall be funded unless operating impacts have been assessed and the necessary funds can be reasonably assumed to be available, when needed.

Purpose: The purpose of this policy is to assess the impact of capital projects on the need for operational funding. Such assessment should prevent the

County from building or acquiring a project that the County cannot afford to operate and/or maintain.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

22. **User Fees and Cost Recovery - BOCC Policy 03.02.02.09:** It is the policy of the BOCC that the County may from time to time establish or update fees for services provided by the County (user fees). The County will identify the full cost of providing a service for which fees are charged. Whenever practical, the County shall identify cost recovery goals for each fee and authorize automatic adjustment so that the fee can be updated to recover the same portion of the County's cost over time. The calculation of cost will include all reasonable and justifiable direct and indirect cost components.

Purpose: The purpose of this policy is to identify the full cost of services for which user fees are charged and to establish, over time, specific cost recovery goals for these services that can be maintained as costs change.

The calculation of the full cost of providing a service does not suggest that user fees should fully recover the cost, only that the public should know what portion of the cost is being recovered through user fees, and such recovery rate should be maintained unless the Board acts to increase or reduce a cost recovery goal.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

23. **Recovery of Indirect Costs - BOCC Policy 03.02.02.10:** It is the policy of the BOCC that for the calculation of the value of indirect services provided to a department (exclusive of any grant-funded programs), the County use the most current, "full-cost" cost allocation plan.

- Enterprise operations - Each County enterprise operating shall reimburse the General Fund for the Calculated Value of indirect services provided to the enterprise. These costs should be incorporated into service charges levied by the enterprise. The amount actually charged should be based on the amount derived during the budget process.

FINANCIAL POLICIES AND PROCEDURES

- Internal service operations - Each County internal service operation shall reimburse the General Fund for the calculated value of indirect services provided to the internal service department. These costs should be incorporated into service charges levied by the internal service fund.
- Building Division - The Building Division of the Planning and Growth Management Department shall reimburse the General Fund for the calculated value of indirect services provided to the Building Division. These costs should be incorporated into permit and licensing fees levied by the Division.
- Special Library District - The Library Services Department, which is funded through the Special Library District, shall reimburse the General Fund for the calculated value of indirect services provided to the Library Services Department. These costs should be incorporated into the annual budget, and should be covered by the millage levied for the Special Library District Fund.
- Other Funds - As appropriate, other operating funds such as the General Purpose MSTU Fund and the Transportation Trust Fund will reimburse the General Fund for the calculated value of indirect services provided to departments funded from those funds. The Management and Budget Department should determine where such charges are appropriate. These costs should be incorporated into the annual budget, and should be covered by the revenues available to those funds.

Purpose: The purpose of this policy is to establish how indirect cost charges are assessed to recover a portion of the General Fund costs for central service departments from other funding sources.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

- 24. Anticipated Revenue Shortfalls - BOCC Policy 03.02.02.11:** It is the policy of the BOCC that in the event a significant revenue shortfall is within an operating fund, the County will develop a plan to reduce expenditures, use reserves, or take other appropriate actions to maintain the financial integrity of the County.

Purpose: The purpose of this policy is to ensure that a measurable reduction in revenues results in

actions to reduce expenditures. Budget control is based on budgeted revenues. In the event actual revenues are anticipated to fall short of budget, expenditures should be reduced to ensure that a shortage of funds or a drawdown of fund balance does not occur.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

- 25. Fleet Maintenance -BOCC Policy 03.02.02.12:** It is the policy of the BOCC that the Fleet Maintenance Department operate within an internal service fund. The internal service fund shall recover, over time, the full cost of providing fleet maintenance services to customers, as well as the projected replacement cost (net of salvage value) for vehicles owned by Fleet Maintenance and rented to departments and agencies. The Department will develop a fleet replacement schedule and update that schedule annually.

Within this internal service fund, there will be maintained a fleet replacement reserve, the purpose of which is to accumulate the funds necessary to replace County vehicles when they meet County standards for replacement. Fleet replacement standards shall be reviewed annually to ensure rental rates are set to recover sufficient funds to replace vehicles.

Purpose: The purpose of this policy is to operate the Fleet Maintenance Department in a self-sufficient manner, reflecting both maintenance of County vehicles and replacement of vehicles.

Responsibility: It is the responsibility of the Fleet Maintenance Department, under the direction of the County Administrator and with the assistance of the Management and Budget Department and the Debt Management Department, to implement this policy.

- 26. Pay Comparability with Public And Private Employers- BOCC Policy 03.02.02.13:** It is the policy of the BOCC that pay ranges for all employees be targeted to the 50th percentile in a comparison of pay with public and private employers. As a targeted goal for comparison purposes, the midpoint of each County pay range should represent the imputed market value of a job and should be set so that one-half of comparable employers pay lower (the basis for a 50th percentile) and the other one-half pay higher. However, as the BOCC considers

the targeted percentile along with the total employee compensation package, it will be the BOCC discretion in determining where the actual pay ranges shall be established.

Purpose: The purpose of this policy is for the County to be a competitive employer.

Responsibility: It is the responsibility of the Management and Budget Department and the Human Resources Department, under the direction of the County Administrator, to implement this policy.

27. **Performance Pay - BOCC Policy 03.02.02.14:** It is the policy of the BOCC that the budget include an annual pay adjustment for employees, with each employee's actual pay adjustment based on an assessment of job performance.

Purpose: The purpose of this policy is for the County to maintain a pay system for employees under the County Administrator that ties pay increases to performance as an incentive for employee performance.

Responsibility: It is the responsibility of the Management and Budget Department and the Human Resources Department, under the direction of the County Administrator, to implement this policy.

28. **Performance Measurement - BOCC Policy 03.02.02.15:** It is the policy of the BOCC that performance measures be developed for all organizations to provide information on workload, efficiency and effectiveness. Comparative information should be provided in budget documents for a minimum of three or four years--the previous year, the current year, and the upcoming budget year or years. Selection of measures shall reflect quantifiable key objectives for each organization, industry standards, and the availability of data.

Purpose: The purpose of this policy is to provide the public with quantifiable objectives for each organization and statistics on performance that can be compared over time, and against similar organizations in other jurisdictions. Objectives and measures provide the public with information on outcomes resulting from the investment of public funds in an organization's operations.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

29. **Multi-Year Projection of Operating Funds - BOCC Policy 03.02.02.16:** It is the policy of the BOCC that the County annually prepare a Pro Forma projection of revenues and expenditures for the General Fund and Unincorporated General Fund that builds on the adopted current year budget and extends that budget five years - consistent with the period covered by the County's capital improvement program. The projections should include the anticipated operating impacts of the adopted capital improvement program. Major assumptions should be outlined and sensitivity analysis should be provided for alternate assumptions. In addition to the financial projections, the County will prepare a financial plan outlining how the County can address any shortfalls identified in the projections.

Purpose: The purpose of this policy is to establish multi-year financial planning as a strategic planning tool for major operating funds that receive ad valorem tax revenue. A model can be used with trend analysis to project future revenues and expenditures using alternative economic, planning and policy assumptions. The model can be used, in turn, to develop a financial plan of action to address any identified needs.

The financial planning process helps shape decisions and permits necessary and corrective action to be taken before problems become more severe. A financial forecast and the associated financial plan is not a forecast of what is certain to happen, but rather a device to highlight significant issues or problems that must be addressed if goals are to be achieved, and a plan to address those issues or problems.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy by preparing an annual report by February 1.

30. **Budgetary Position Control- BOCC Policy 03.02.02.17:** It is the policy of the BOCC that the total number of permanent full-time, and part-time positions approved in the adopted budget for each department, agency or office funded by the BOCC may not be exceeded without prior approval of a change in the authorized staffing level. The County Administrator as designated Budget Officer, may authorize position realignments between departments, agencies and offices with the consent of any affected appointing authorities, so long as the realignment is not inconsistent with the work program in the approved budget. For departments and

agencies that report to the BOCC, this also applies to temporary positions.

Additions to the approved number of total positions (i.e., permanent full-time, part-time, and temporary) in all organizations funded by the BOCC will require BOCC approval.

The following applies to departments and agencies that report to the BOCC:

Approved positions that have remained vacant for greater than one year will be eliminated along with related budget appropriation unless continuation of the position(s) is approved by the BOCC. For purposes of this policy, a position is not considered to be vacant if it is associated with an employee that is on an approved leave of absence. A position becomes vacant on the date that staff in the position terminated employment based on the effective date in an approved personnel action. Newly established positions are considered to become vacant from the effective date of the position as determined through Civil Service Board approval up until such time as the position becomes filled with a new employee.

Positions that are not established through either the Human Resources Department (unclassified positions) or the Civil Service Office (classified positions) within six months after BOCC approval will be eliminated along with related budget appropriation and reported to the BOCC through an agenda item.

Costs associated with the use of temporary employees will be controlled through standards documented by the Human Resources Department. At a minimum, these standards will address the use of temporary agencies, compensation, promotional opportunities, and recruitment. The term of employment for temporary staff shall not exceed 180 days.

Purpose: The purpose of this policy is to control expenditures on personnel through control of the number of positions each organization is authorized to fill.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

31. Budget Override Authority - BOCC Policy

03.02.02.18: It is the policy of the BOCC that a procedure exist to permit the County Administrator, as designated Budget Officer, to provide authorization to the Clerk of Circuit Court, as Chief Financial Officer, to bypass or override established budgetary controls when there are no appropriations or insufficient appropriations with a designated department or agency funding source. To address the immediate operational requirement, such override will be requested only in situations when it is absolutely necessary and when a budget amendment has been prepared for approval by the BOCC at any of their next scheduled meetings, and when the County Administrator is not aware of any reason why the BOCC would reject approval of the budget amendment. At no time shall the fund be overexpended. The authority to prepare the budget amendment and coordinate the override with the Clerk of the Circuit Court may be delegated to the Budget Director.

In addition, this policy also authorizes the Clerk of Circuit Court to automatically process overrides on statutory payments (i.e., payroll, payroll benefits, and workers compensation payments), accounting system interfaces, and accounting corrective action when such processing is in the best interest of the County.

Budget amendments to correct such overrides become the responsibility of the department or agency through their routine budget monitoring process.

Purpose: The purpose of this policy is to provide for temporary bypass of normal budgetary controls when, in the conduct of normal business, a department or agency has expended its approved budget or has incurred unanticipated expenditures and it becomes necessary to issue warrants or process purchase orders or requisitions prior to having the Board of County Commissioners (BOCC) approve additional appropriations through a budget amendment.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

32. Balanced Budget - BOCC Policy

03.02.02.19: It is the policy of the BOCC that the County adopt a balanced budget for all funds and any component subfunds of those funds. The County will avoid budget and accounting practices that balance the budget at the expense of future budgets. The

budget will not use one-time (non-recurring) sources to fund continuing (recurring) uses, postpone expenditures, intentionally underestimate expenditures or overstate revenues, or use external borrowing for operational requirements.

Purpose: The purpose of this policy is to establish professional standards for the balancing of the annual budget that are consistent with a goal of long term financial health for the County.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

33. Budgetary Control - BOCC Policy 03.02.02.20: It is the policy of the BOCC that the budget be controlled at the level of character of expense within a subfund, by department or agency.

Purpose: The purpose of this policy is to formalize the County's level of budgetary control.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

34. Fiscal Year - BOCC Policy 03.02.02.21: It is the policy of the BOCC that County programs be operated on a fiscal year period beginning each October 1, and ending the following September 30, except where such timing is inconsistent with federal or state programs. Operating contracts will include language that funding in future fiscal years will be subject to the availability of funds.

Purpose: The purpose of this policy is to conform the timing and reporting of County-operated programs to the fiscal year established for counties under Florida Statutes, Section 129.04, except where such timing would be inconsistent with federal or state programs. Consistent timing of program years with the fiscal year will allow reconciliation between program reporting and existing requirements for financial reporting. In general, this impacts non-grant programs where program reporting will be inconsistent with financial reporting unless both follow the same reporting period.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

35. Reserve for Cash Balance (Stabilization Funds)

- BOCC Policy 03.02.02.22: It is the policy of the BOCC that the County budget an ending fund balance for an upcoming fiscal year equal to a minimum of 5 percent of expenditures. The calculation will be based on expenditures in the most recent year for which audited actuals are available. For example, in preparing the budget for FY 08, an ending fund balance will be budgeted equal to 5 percent of FY 06 audited expenditures, since the budget for FY 08 will be prepared during FY 07. If a budget for FY 09 is also budgeted as a part of a biennial budget process, it will also be based on FY 06 expenditures, since that will still be the most recent year for which audited expenditures are available.

For the purpose of this calculation, expenditures will include transfers to Constitutional Officers but exclude interfund transfers.

This policy applies to the following operating funds: General Fund, Unincorporated General Fund (MSTU Fund), and Special Library District Fund.

Recognizing that the minimum 5 percent target may not be accomplished immediately, the County will move toward that level through the following interim objectives:

- FY 00 a minimum of 0.625 percent
- FY 01 a minimum of 1.250 percent
- FY 02 a minimum of 1.875 percent
- FY 03 a minimum of 2.500 percent
- FY 04 a minimum of 3.125 percent
- FY 05 a minimum of 3.750 percent
- FY 06 a minimum of 4.375 percent
- FY 07 a minimum of 5.000 percent

Purpose: In order to be fiscally prudent, current revenues should pay for current expenditures. One-time sources such as beginning fund balance should be allocated only to one-time uses or carried forward. A reserve for cash balance to be carried forward as authorized by Section 129.01(2)(C)2. Florida Statutes should be budgeted each year at an adequate level to insulate the County against unanticipated revenue shortfalls and/or unanticipated expenses in the upcoming year and to ensure that sufficient cash is available in the following year to meet the County's obligations until revenues are anticipated to be available.

Responsibility: It is the responsibility of the Management and Budget Department, under the direc-

tion of the County Administrator, to implement this policy.

36. Fact Based Decision Making - BOCC Policy

03.02.02.23: It is the policy of the Board of County Commissioners that departments and organizations engage in the collection and use of data in making decisions. Such a process will ensure the financial stability of the County is maintained, and county residents and businesses are well-served through effective decision-making.

Purpose: The purpose of this policy is to establish that Hillsborough County government should incorporate the review of facts underlying an issue prior to making decisions. This pertains to decisions made both by staff and by the Board of County Commissioners. The facts used may include financial data, legal precedents, engineering statistics and other forms of data.

Responsibility: It is the responsibility of each department and organization to comply with this policy.

37. Service and Program Delivery - BOCC Policy

03.02.02.24: It is the policy of the Board of County Commissioners (BOCC) that each department and organization funded by the BOCC continually measure the efficiency and effectiveness of services and programs and benchmarks.

Purpose: The purpose of this policy is to establish that services and programs provided by the County are evaluated to ensure that the best approach for delivery is selected which is both efficient and effective. Programs and services are the methods by which a government addresses priorities created through its policies and plans.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

38. Budget Adjustment For Turnover Savings - BOCC Policy

03.02.02.25: It is the policy of the Board of County Commissioners that in preparing the budget, the County Budget Officer may budget less than the calculated annual cost of personnel based on an analysis of historical expenditure trends which reflect the savings that result from turnover resulting from resignations, terminations, retirements, promotions, and transfers. In the event this policy is utilized, a minimum of 25% of the

amount that is subtracted from the budget to reflect such turnover savings will be placed in a reserve within the respective fund and be available only for appropriation to meet personnel costs for budgeted positions. This reserve shall not be used to hire new employees or to meet other operational requirements. The funds placed in reserve may be used to meet unanticipated personnel requirements of any organization in which a reduced level of personnel funding was budgeted as a result of the application of this policy. Any reserve balance remaining at year-end will be available for appropriation in the subsequent year.

Amounts subtracted from the personnel budget and not reserved will be available for appropriation in the current fiscal year.

In implementing this policy, provisions should be made to exempt organizations with less than 25 positions, and this policy does not apply to the budgets of Constitutional Officers.

Purpose: The purpose of this policy is to allow the budget to reflect anticipated year-end personnel expenditures while ensuring that adequate funds are available to fund all positions throughout a fiscal year. Budgeting the cost of positions based on historic knowledge of savings that result from turnover resulting from resignations, terminations, retirements, promotions, and transfers (also known as budgeting for attrition) better reflects what will actually be spent on personnel costs. At the same time, provision must be made if turnover savings is less than anticipated, and to recognize the potential problems for organizations with few employees.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator as County Budget Officer, to implement this policy.

39. Use of Capital Project Appropriations - BOCC Policy

03.02.02.26: Appropriations for a capital project deemed not needed to complete that project should be appropriated in the following order.

- 1) In accordance with bond covenants, grant contracts, statutory provisions, or other legal requirements, maintain a contingency balance within each subfund sufficient to allow completion of currently approved capital projects. This contingency balance (the sum of Allocated Funds for Future Capital Projects, Allocated Funds for Future Land Acquisition and Reserve

for Future Capital outlay) shall be computed as follows:

On an all years basis, the contingency balance for capital projects within any subfund shall equal at least 10% of the subfund's total all years appropriation less the sum of actual all years expenditures, all reserves, and all years appropriations for allocated funds for future land acquisition and future capital projects.

- 2) Once contingency balance requirements have been met, remaining capital project appropriations may be used to reduce outstanding debt within the applicable program if permitted by bond covenants and if doing so does not create an economic or financial loss.
- 3) If the requirements in 1) and 2) above have been met, remaining funds may be used to initiate new projects.
- 4) Depending on the original funding source, if no unfunded needs currently exist, if no other requirements are specified under bond covenants, grant contracts, statutory provisions or other legal requirements, excess funds shall be added to Reserve for Future Capital Outlay. If the funds were originally transferred from a tax fund then remaining appropriations may be returned to that tax fund.

Note that any time a budget amendment (either administrative or Board agenda item) is submitted to reduce the total funding for a given project, the amount of the proposed reduction will be deemed to be "remaining" appropriations subject to this policy.

Appropriations associated with projects from general allocations for a type of project (i.e., the annual appropriation for road resurfacing, sidewalks, intersection improvements, median barriers, school flashers, etc.) will be returned to the allocated funds account established for that purpose and will not be subject to these requirements.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator as County Budget Officer, to implement this policy.

40. Budgetary Reappropriations – BOCC Policy

03.02.02.27: It is the policy of the BOCC that the portion of any year's budget that is attributed to the carryover or reappropriation of a prior year's financial commitments be limited to items meeting at least one or more of the following criteria:

- 1) Operating expenses within restricted subfunds may be adjusted (added to or subtracted from) for any actual fund balance in excess of or below that budgeted. Use of excess balances will be determined during the review of reappropriation requests.
- 2) Operating expenses relating to an encumbrance that is limited to one-time costs budgeted in a prior fiscal year with an obligation to pay carried into the subsequent year. The expenses must be necessary and material in amount in relation to the department's budget (e.g., the balance of a professional services contract that cannot be absorbed within the current fiscal year budget). Eligible items should come primarily from encumbrances within objects 031 Professional Services and 034 Other Contractual Services. Encumbrances for "supplies" typically do not meet the eligibility criteria for reappropriation. All reappropriation requests must be specifically documented and supported by a valid purchase order or encumbered contract.
- 3) Grants and aids and capital items where a purchase order was issued and funds encumbered in a prior fiscal year, but payment was not made prior to the close of that fiscal year.
- 4) Grants and aids and capital items for which the Procurement Services Department received a valid purchase requisition and a pre-encumbrance was posted in FAMIS but the actual purchase order was not issued prior to the end of a prior fiscal year. This eligibility criterion, as it relates to capital items, is intended to accommodate the purchase of capital equipment that has a long purchasing cycle, including the development of specifications and bidding. Individual pre-encumbrances will be reviewed for eligibility based upon the date the requisition was initiated, type of equipment, and whether the specific capital outlay was part of an approved BF-105 in the department's prior year budget submittal or a mid-year budget amendment.

The County Administrator may add additional eligibility criteria to further restrict items eligible for reappropriation based on an assessed need for tighter budgetary control or funding limitations.

The County Administrator's recommendations for reappropriation must be approved by the BOCC through the budget amendment process.

Purpose: The purpose of this policy is to control which financial commitments (from a prior fiscal year) are eligible to be rebudgeted and reappropriated in a new fiscal year.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

41. Method of Funding Citizen Initiated Localized Capital Projects or Services – Board Policy 03.02.02.28:

It is the policy of the Board of County Commissioners that it will use non-ad valorem assessments to fund the full cost of citizen initiated capital projects or services that will benefit limited areas within the unincorporated area, that exceed the current general levels of services provided to residents of unincorporated area by Hillsborough County and have not been previously provided by the County. These non ad valorem assessments will be imposed through Municipal Service Benefit Units (MSBU) the BOCC may establish under Chapter 125.01(1)(q) of the Florida Statutes.

- 1) The area to be included in an MSBU is compact and amenable to the efficient and effective delivery of service.
- 2.) A fair and reasonable methodology can be developed to apportion the full cost of the capital project or service to those properties benefiting.
- 3) The citizen initiated project or service is not the remediation of a tangible action of the Hillsborough County Charter Government.

This policy does not apply to the County's existing MSBU programs such as residential streetlighting, reclaimed water, transportation impact fee assessment units, water and sewer capacity fee assessment units, or infrastructure assessment units, etc. It also does not apply to existing localized programs that are available through established processes to all unincorporated area communities such as residential and neighborhood traffic control or the neighborhood minigrant program.

Additionally, if the BOCC uses grants or other funds from intergovernmental and/or private agreements to pay all or part of a localized capital project or service that conforms to #1 above, this action does not obligate the BOCC to fund all or part of the future costs of projects or services of this type or service level with ad valorem taxes or other local non-grant resources.

Purpose: The purpose of this policy is to establish guidelines regarding the method of funding citizen initiated projects or services that benefit limited geographic areas within the unincorporated area, that exceed the current general level of service provided to residents of unincorporated area by Hillsborough County and have not been previously provided by the County.

Responsibility: It shall be the responsibility of the County Administrator to manage compliance with this policy

42. Environmental Land Acquisition Program (ELAP) Fund - BOCC Policy 03.02.03.00:

It is the policy of the Board of County Commissioners that general obligation bonds for ELAP not be issued this fiscal year in order to save issuance and interest costs. Further, it is the policy of the Board that .25 mills be levied in September 1991 to continue the ELAP program and to further adopt an ordinance or to amend the existing ordinance to declare the levy in September 1991, the first year of the 20-year period.

Purpose: The purpose of this policy is to clarify the financing of the Environmental Land Acquisition Program (ELAP) for 1991-1992 as it pertains to a referendum approved by voters on March 3, 1987, and a referendum approved by voters on October 2, 1990. The 1987 referendum authorized a tax levy of up to .25 mills for a period not to exceed four years. The 1990 referendum authorized general obligation bonds payable from ad valorem taxes at a rate not exceeding .25 mills in any one year for a period not to exceed 20 years from the first levy.

Responsibility: It is the responsibility of the Municipal Services Team under the County Administrator to be the coordinating agency for this policy.

43. Reserve for Catastrophic Emergencies - BOCC Policy 03.02.04.00:

It is the policy of the (BOCC) to maintain a Catastrophic Emergency ("Rainy Day") reserve within the County's Self Insurance Fund for events of such magnitude that they could not otherwise be covered by available, budgeted funds. This reserve shall be used only for one or more of the following events:

- Local disaster recovery requiring County expenditures;
- Unanticipated County liability;
- Major County revenue shortfall.

Expenditures or revenue of the County's enterprise operations are excluded. Use of this reserve requires approval by a super majority vote of the BOCC, and the prior drawdown of all available, and appropriate, contingency reserves.

Purpose: The purpose of this policy is to maintain emergency reserves that will provide for unanticipated financial impacts on the Board of County Commissioners.

Responsibility: It is the responsibility of the County Administrator and the Budget Department to advise the BOCC when it may be necessary to draw down this reserve, identifying the criterion which has been met. A final determination that use of the reserve is appropriate shall be made by the BOCC.

44. Reserve for Contingency - BOCC Policy 03.02.05.00:

It is the policy of the Board of County Commissioners (BOCC) to reduce the draw downs on the Reserve for Contingencies to only those requests that meet one or more of the following criteria:

- 1) could not be reasonably anticipated during the budget process for the current year and without funding would result in material financial penalty or detriment to the County;
- 2) are the result of new unfunded/federal mandates that require immediate funding;
- 3) would not be part of any County competitive funding program in the following year, and/or;
- 4) are offset by unbudgeted revenues that cannot be appropriated in the current year.

All requests will require detailed justification including a statement as to why these requests could not wait until the next budget cycle, and will require a supermajority vote of the BOCC for passage with the following exception: if funding is appropriated in the current year's budget for the Fallen Heroes Fund program, a supermajority vote is not required to increase the appropriation of funding in that General Fund program to a maximum of one million dollars for the fiscal year.

Purpose: The purpose of this policy is to provide a clear guideline restricting the use of the Reserve for Contingency within the unrestricted General Fund and within the unrestricted General Purpose MSTU Fund.

Responsibility: It is the responsibility of the County Administrator and the Business and Support

Services Department to advise the BOCC when it may be appropriate to draw down this reserve, identifying the criterion which has been met. Proposed budget amendments that appropriate contingency reserves in the General Fund or General Purpose MSTU Fund will be placed on the regular section of the BOCC agenda of a regularly scheduled meeting for BOCC discussion.

Any deviation to this policy shall require a supermajority vote of the BOCC prior to consideration of the budget amendment.

45. Debt Management - BOCC Policy 03.02.06.00:

It is the policy of the Board of County Commissioners: (a) to periodically approve the issuance of Debt Obligations on behalf of the County to finance the construction, acquisition and/or equipping infrastructure and other capital assets to meet its governmental obligations to its residents; (b) to approve the issuance of Debt Obligations to refund outstanding debt when indicated by market conditions or management considerations; (c) that such Debt Obligations are issued and administered in such a manner as to ensure and sustain the long-term financial integrity of the County, to achieve the highest possible credit ratings and to preserve and enhance the quality of life, safety and welfare of its residents; (d) that such Debt Obligations shall not be issued or debt proceeds used to finance current operating expenditures of County government except as provided for herein; and, (e) to issue or guarantee, if necessary, Debt Obligations on behalf of independent authorities and agencies of the County to finance the construction, acquisition and/or equipping of infrastructure and capital assets which serve a public purpose and further the goals of County government.

[The term "Debt Obligations" shall mean bonds, notes, letters and lines of credit, or other securities issued by the County to fund a capital project providing a public benefit and secured by a pledge on a specific revenue source or a covenant to budget and appropriate specific revenues.]

Purpose: To establish parameters and guidance for the issuance, management, monitoring, assessment and evaluation of all Debt Obligations (defined below) issued by Hillsborough County.

Responsibility: It is the responsibility of the Debt Management Department, under the direction of the County Administrator and with the advice of the Finance Committee, to implement this policy.

46. Policy Concerning Conduit Private Activity Bond Issuance – Board Policy 03.02.06.01: - All requests for County approval of PAB's proposed to be issued by a Conduit Issuer or issued directly by the County on behalf of a Borrower must comply with the policies, guidelines and procedures described in the attached Borrower Application Forms. Furthermore, Conduit Issuers and Borrowers shall use the County's bond counsel, and the County Attorney's Office shall serve as General Counsel to all Conduit Issuers whose members are appointed by the County Commission. Finally, fees payable to the Hillsborough County Board of County Commissioners by the Borrower are established as follows: (1) a non-refundable \$2,000 application fee, (2) a fee in the amount of ½ of 1% of the total par amount of bonds issued, payable from bond proceeds (minimum fee of \$25,000), and (3) a surcharge of \$2,500 for expedited review of completed applications received less than 31 days prior to the desired date of presentation to the Board.

Purpose: The purpose of this policy is to ensure that the County's review of applications for Board approval of Conduit Private Activity Bond issuance is conducted efficiently and effectively while accomplishing the following objectives: (1) ensuring that the County's interests are protected, (2) ensuring compliance with the County Commission's policies and goals, (3) instituting standardized procedures and guidelines for the evaluation and issuance of Conduit Private Activity Bonds, and (4) imposing application and review fees to be paid by the Borrower.

For the purpose of this policy, the following terms have the indicated meanings:

- 1) 1. Conduit Issuer means any city, county, or independent governmental authority established by statute excluding, however, the Hillsborough County Housing Finance Authority and the Hillsborough County Industrial Development Authority.
- 2) 2. Conduit Private Activity Bonds (PAB's) mean a type of revenue bond, issued by a Conduit Issuer on behalf of a Borrower, specifically authorized by statute and by the U.S. Tax Code of 1986, as amended, and the proceeds of which are used to fund eligible capital projects. PAB's are payable solely from revenues derived from loan, lease or installment sale payments made by the Borrower.
- 3) 3. Borrower means a not-for-profit entity, or other entity permitted by the U.S. Tax Code of

1986, as amended, to utilize Private Activity Bond financing.

Responsibility: Debt Management Department

47. Water and Wastewater Financial Policy - BOCC Policy 03.03.01.00: Hillsborough County intends to operate its water and wastewater system in a businesslike manner using financial procedures which are consistent with those used in standard utilities operations. The Water Department shall be an enterprise fund department existing solely on its own revenues (i.e. monthly service revenues and fees, grants, interest income, bond sale proceeds, etc.) and such revenues are expended only for use of the Water Department. Further, monthly water and wastewater service revenues shall be used, to the greatest extent possible, to provide for the operation and maintenance of the utilities system, renewal and replacement, debt service (except for the portion eligible to be paid by capacity fees), and any capital rehabilitation related to service of existing customers.

In addition, the funds to expand the utilities system to service new customers shall be obtained through capacity fees, past earnings of the system, grants (including Community Investment Tax), proceeds from bonded Capacity Assessments Units (CAU's), and un-bonded CAU's. Provided, however, that any Water Department funds may be used to meet cash flow requirements to expand the utilities system with a return of those funds used in lieu of capacity fees. Capacity fees and CAU's shall be accounted for as set forth in appropriate county ordinances and bond covenants. Also, these fees and all other Water Department fees, rates and charges shall be reviewed on an annual basis to determine their sufficient for providing service in compliance with the bond resolution.

Purpose: The purpose of this policy is to insure that the Hillsborough County Water Department utilizes a financial program using acceptable and sound procedures consistent with standard criteria for operating utilities and that the Water Department shall be an enterprise fund existing solely on its own revenues and that such funds are utilized only for the use of the Water Department.

Oversight Responsibility: The Water Department under the direction of the County Administrator will establish and execute procedures necessary and comply with existing ordinances and bond covenants to accomplish the appropriate financial plan-

ning, accounting and review for the operation, maintenance and expansion of the utilities system.

- 48. Community Investment Tax Financial Policies - BOCC Policy 03.03.05.00:** The Board of County Commissioners is committed to the efficient delivery of projects to be funded by the Community Investment Tax. The Board recognizes that during the delivery period, the costs of the projects may change and opportunities to expedite projects may arise. The policy is summarized below and is described in more detail in the attachment.

A reserve is established to cover unanticipated costs of projects funded by the Community Investment Tax. The County Administrator may use the reserve to cover contingencies and cost increases which are within 10% or \$100,000 (whichever is less). If cost increases are over 10% or \$100,000, then the County Administrator may recommend a funding alternative which may include the reserve. If a project cost is lower, its scope is reduced, or it is not feasible to implement, then funds originally allocated to the project will be allocated to the reserve. If the reserve is sufficient to cover contingencies in a given year, the County Administrator may recommend expediting a project programmed for funding in future years. In the event a project programmed for future years becomes needed sooner than anticipated, the County Administrator may recommend using the reserve, detaining a current project, or consider financing. Financing may be recommended if the following conditions are met: the reserve is insufficient; there is a cost-savings or other economic reason, and there are sufficient staff resources to implement the project.

Purpose: To establish financial parameters and guidance for the implementation of projects funded by the Community Investment Tax.

Responsibility: It is the responsibility of the Management and Budget Department and the Office of the Capital Program Administrator, under the direction of the County Administrator, to implement this policy.

- 49. Guidelines for Use of Phosphate Severance Taxes - BOCC Policy 03.04.24.00:**

- It is the intent that phosphate severance tax revenue be separately accounted for in the County's accounting structure so that a clear record of receipts, balances, interest earnings, and uses may be maintained. Under the County's accounting structure, this requires

maintaining revenues and recording expenditures within a separate subfund.

- While several uses have previously been identified as eligible uses of this tax, it is the policy of this Board that the funds be used for phosphate-related purposes. Pursuant to this policy, phosphate-related purposes shall consist of or be similar to such uses as restoration of phosphate lands for appropriate and lawful public reuse, mitigation or remediation of environmental damage or harm caused or likely to be caused by phosphate mining or its related and intended activity, or repair or improvement of public infrastructure directly damaged or likely to be damaged from such phosphate activities. Any expenditure of phosphate severance tax revenue not covered by the above definition will require a super-majority vote of the Board of County Commissioners.
- To prevent any abuse of these funds and interest thereof, any new use of phosphate revenue, will be reviewed by the County Attorney's Office and then presented to the Board of County Commissioners as a County Administrator recommendation in a staff report on the regular agenda for Board concurrence. No new use will be included in any recommended budget or budget amendment presented to the Board without prior approval.

Purpose: Hillsborough County receives from the State of Florida a portion of the taxes paid by phosphate mining companies for mining activities within Hillsborough County. Florida Statutes provide certain constraints on the use of phosphate taxes by Hillsborough County, limiting their use to phosphate-related expenditures. The purpose of this policy is to establish parameters for the use of those taxes.

Responsibility: It is the responsibility of the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

- 50. Budget Preparation and Limitations – BOCC Policy 03.05.07.00:** It is the policy of the BOCC that, commencing with the preparation of the proposed annual budget for the 2008 Fiscal Year and each fiscal year thereafter, in preparing the annual budget for submission to the BOCC, the County's Budget Officer shall insure that, except as otherwise directed by this policy, the proposed amounts budgeted for the Countywide General Fund and the Unincorporated Area General Fund do not exceed

the amount budgeted for each of the respective funds in the adopted annual budget for the prior fiscal year plus amounts for inflation and population growth based upon price and population indices adopted by the County's Budget Officer. With respect to the preparation of the proposed annual Budget for the 2008 Fiscal Year, the adopted annual budget for the prior fiscal year shall mean the adopted annual Budget for Fiscal Year 2007 as amended as of the approval of this policy by the BOCC.

The limitation provided in this policy, shall not apply to the proposed amounts to be budgeted for each of the respective funds for: mandates imposed by the State of Florida or the Federal Government; funding directly provided to the Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector; or funding necessary to satisfy all contractual obligations and commitments approved by the BOCC prior to the approval of this policy by the BOCC.

Any deviation or amendment to this policy shall require a supermajority vote of the BOCC after a duly noticed public hearing prior to consideration of such deviation or amendment.

Purpose: To establish a fiscal policy of the Board of County Commissioners ("BOCC") that will restrict future growth in the areas of the proposed annual Budget that are primarily funded with ad valorem taxes.

51. Recording of Infrastructure Assets – Board Policy: 03.05.08.00: Infrastructure assets are defined as long-lived capital assets that are normally stationary and can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets are bridges, streets, sidewalks, streetlights, water mains and wastewater collection systems. Land is not an infrastructure asset. Infrastructure assets may be (a) purchased and/or constructed by the County or (b) purchased and/or constructed by a private entity and contributed to the County such as when land is platted and improved in accordance with the County's Land Development Code. Contributed infrastructure assets will be recorded at their fair market value as of the date of acceptance plus any ancillary costs incurred by the County_necessary to place the asset in service. Examples of ancillary costs include items such as attorney fees, engineering fees and permit fees. Notification to the Clerk of Circuit Court's Finance Department made by the

Department acquiring an infrastructure asset will include documentation of the fair market value of the asset.

County staff will promptly and accurately record infrastructure asset acquisitions, sales or other dispositions throughout the fiscal year as the County receives or relinquishes ownership of infrastructure assets. The Department acquiring or disposing of an infrastructure asset will be responsible for promptly notifying the Clerk of Circuit Court's Finance Department in a form and manner specified by the Clerk's Office for presentation to and approval by the BOCC. Infrastructure Assets that are part of an enterprise for which an enterprise fund has been established will be accounted for through that fund.

Purpose: The purpose of this policy is to assure that the addition and/or deletion of infrastructure assets are properly and timely recorded in the County's financial records. It is important that such assets are recorded appropriately to ensure that the County's records are complete and accurate and in compliance with Government Accounting Standards Board Statement Number 34 and other applicable accounting standards.

Responsibility: Notification of the Clerk of Circuit Court's Finance Department will be the responsibility of Planning and Growth Management, Public Works, Real Estate, and Water Resource Services, as appropriate.

The Management and Budget Department will be responsible for periodically monitoring departments' compliance with this policy and ensuring that each department maintains appropriate procedures to implement the Policy.

52. Capital Funding for Outside Agencies Board Policy: 04.05.000.00

1. Purpose: To establish a uniform procedure for submission, review and approval of capital funding requests from applicable outside agencies and for administration of such funding, if approved.

2. Policy Statement: In recognition of the need to ensure that county citizens are well-served through effective use and administration of county funds, the Board does hereby establish and adopt a uniform procedure for submission, review and approval of capital funding requests from applicable outside agencies and for administration of such funding, if approved by the Board.

3. Applicability: These procedures are applicable whenever any request for capital funding from outside, non-County, non-governmental agencies are made to the County. Applicable agencies include but are not be limited to private, not-for-profit corporations. This policy does not apply to projects funded by Tourist Development Taxes, economic development projects pursuant to Section 288.075 Florida Statutes or projects that are governed by other applicable Board Policies or Agreements.

4. Procedures:

4.1 Placement on Regular Agenda: All actions by the Board related to applicable capital funding requests (including funding decisions, agreements, modification agreements, license agreements, leases, etc.) shall be placed on the Regular agenda or on a public hearing agenda, but not on the Consent agenda.

4.2 Submission, Review and Approval of Request: Prior to Board consideration, any applicable request for capital funding must be accompanied by appropriate documents in order to provide the Board specific information regarding the request and assurance of the public purpose of the request. These documents are as follows:

1. A Completed Capital Funding Request Information Form: The form shall be available on the Department of Business and Support Services website and will require the following information:
 - a) A complete project description.
 - b) A discussion of the project justification and benefits that the completed project will provide to the citizens of Hillsborough County.
 - c) A discussion of why the funds are necessary and how the funds will be spent.
 - d) An indication of whether the project will help the Board meet its Strategic Plan objectives, and if so, which objective.
 - e) The proposed project location.
 - f) A complete project cost estimate, (including any non-County funding sources anticipated) with costs estimated by year in which they will be incurred.
 - g) A discussion on how the project cost was determined.
 - h) The estimated project schedule, including construction start and completion dates.
 - i) An estimate of annual operating and/or maintenance costs once the project is completed.
 - j) A discussion on how the annual operating and/or maintenance costs were determined.

k) The signature of the agency head or chief financial officer attesting to the accuracy of the information.

2. A Business Plan: The Business Plan will include a discussion of how the agency proposes to meet annual operating and maintenance cost requirements, and will provide a sensitivity analysis for the agency's anticipated ability to meet ongoing cost commitments at various revenue levels. It should identify any other anticipated funding sources (actual or proposed) and the estimated amount from each source. The Business Plan should also include a discussion of the intended ownership of the capital asset – whether the agency will retain ownership or will turn it over to the County once completed. The Business Plan format shall be available on the Department of Business and Support Services website and will include the following:

- a) Table of Contents
- b) Executive Summary (no more than 2 pages)
- c) Organization Profile
- d) Community Need
- e) Scope of Service
- f) Program Goals and Objectives
- g) Evaluation Plan
- h) Project Management
- i) Leverage of Other Funds
- j) Financial Capabilities
- k) Budget Information

4.2.2 Capital funding requests from Board members for applicable agencies shall be referred to the County Administrator for staff review. After review, the County Administrator shall present a report to the Board concerning the request and a recommended source of funding.

4.2.3 As part of the process of approval of the capital funding request, the Board shall make a finding on the public record by Resolution that the capital funding request, the business plan, funding sources, and ownership issues meet all requirements for funding under the specified revenue source and the funding serves a public purpose.

4.2.4 A capital funding request budgeted prior to the completion of the requirements of sections 4.2.1 through 4.2.3 shall be considered conditional funding subject to completion of those requirements. No agreement or disbursement of

funds shall be authorized prior to meeting these requirements.

4.2.5. If the capital funding request is approved by the Board, then pursuant to Board Policy 03.02.02.00, the capital funding request shall be included in the Capital Improvement Program (CIP).

4.3 Monitoring and Agreement for the Capital Funding/Project

4.3.1 Capital project funding and construction for applicable agencies shall be monitored by designated County staff to ensure the proper use of County funds.

4.3.2 Prior to disbursement of any County funds, an Agreement with the applicable agency shall be approved by the Board. Specific responsibility shall be assigned to designated County staff to review and approve capital funding agreements for compliance with County policy, procedures and sound business practices. Specific responsibility shall be assigned to designated County staff to monitor and review the project as well as to ensure that payments are made accordance with the Board-approved Agreement.

4.3.3 In addition to other appropriate conditions, the Agreement with the applicable agency shall include the following specific provisions:

1. Definition and limitation of the use of County's funds;
2. Stipulation concerning the County's rights to use the facility;
3. Stipulation that the County is to be repaid its funding portion if the property or facility is later transferred to another party, unless the sale proceeds are to be used for a specifically approved purpose by the Board of County Commissioners;
4. Stipulation that the County is to be repaid its funding portion if the use of the property or facility substantially deviates from original funding agreement without approval of the Board of County Commissioners;
5. Reference to building plans and estimates showing how dollars will be spent;
6. Stipulation that changes to scope, budget and schedule shall be subject to Board approval;
7. Stipulation that the project design, the construction and the associated costs shall be consistent with County standards; that the project shall be durable and functional and that County funds

shall not be used for non-functional/non-essential embellishments, as determined by County standards;

8. Stipulation that the funding will be on a reimbursement basis subject to receipt and review of paid invoices for authorized expenditures; require detailed documentation such as copies of checks bank statements and other appropriate documents to confirm payments;

9. Stipulation to maintain a separate bank account for County funds in order to segregate County funds from other funding sources;

10. Stipulation of County's right to monitor entire project for all funding sources, including but not limited to monitoring for project overfunding;

11. Should there be any funding restrictions dictated by funding source, it shall be addressed in the Agreement.

12. Stipulation that only costs incurred after the execution of the agreement by both parties may be reimbursed. Costs incurred prior to the execution date of the agreement shall not be reimbursed.

5.0 RESPONSIBILITY: It is the responsibility of the Business and Support Services Department, the Fiscal and Support Services Department – Infrastructure and Development Services and the Fiscal and Support Services Department – Public Safety and Community Services using input from other appropriate departments under the direction of the County Administrator, to implement this policy.

- 53. Disposal of Surplus Fleet Vehicles and Related Equipment – BOCC Policy 08.01.01.02:** It is the policy of the BOCC that vehicles and related equipment disposed by the County be sold at fair market value with the proceeds returned to the appropriate funding source. Salvage value for surplus vehicles and equipment is a funding source for replacement vehicles. Restricted funding sources such as grants, enterprise funds, and internal services funds generally require the proceeds from surplus vehicles and equipment be returned.

The BOCC has the discretion to classify as surplus any of its property not otherwise lawfully disposed of that is obsolete, that is uneconomical or inefficient to use, or that serves no useful purpose.

At the direction of the BOCC, a direct sale at fair market value can be made to another government unit or political subdivision. Donations will not be

made to any person or to any civic, charitable or nonprofit organization.

Purpose: To reduce the County's cost of replacing vehicles and related equipment by establishing guidelines for disposal of surplus fleet vehicles and related equipment, by ensuring restricted funding sources recover revenue based on the fair market value of such vehicles and equipment and by facilitating partial funding of replacement vehicles and related equipment from such revenue.

Responsibility: It is the responsibility of the Fleet Management Department and the Management and Budget Department, under the direction of the County Administrator, to implement this policy.

54. Funding Reclaimed Water Improvement Unit (RWIU) Projects - BOCC Policy 09.07.07.00: For Hillsborough County to provide Reclaimed Water Improvement Unit (RWIU) Projects to residential subdivisions, two-fold funding will be required:

- a. Reclaimed Water Facilities – Transmission. These will be funded from existing Utility Enterprise Fund Bond proceeds through specific Capital Improvement Program (CIP) projects. If bond proceeds are not sufficient, other Utilities Enterprise funds may be used upon BOCC approval.
- b. Reclaimed water Facilities – Distribution. The initial funds to design and construct these may come from either:
 - Utility System Rate Stabilization Fund;
 - Short-term bond anticipation notes (BAN) and/or,
 - Other Utility Enterprise funds approved by the BOCC.

A budget amendment will be presented to the BOCC to appropriate the initial amounts from the above-referenced funds (#2) and thereafter if necessary.

The Utility System funds and BAN may be refinanced with long-term, fixed rate assessment district bonds. Funding, regardless of its source, will be repaid from assessments on property within the RWIU. The choice of financing alternatives will be determined on a case-by-case basis depending upon the economic feasibility to the homeowners and the economic and credit impact on the Utility Enterprise System.

Purpose: The purpose of this policy is to establish guidelines for the funding of the Reclaimed Water Improvement Unit (RWIU) Projects.

Definitions:

- a. Reclaimed Water Improvement Unit (RWIU). A legal mechanism for establishing a special assessment district to finance the design and construction of a reclaimed water distribution system within a subdivision.
- b. Reclaimed Water Facilities – Transmission. Those pipes, valves, fittings, and appurtenances used to convey reclaimed water from a wastewater treatment plant or pump station to reclaimed water distribution facilities.
- c. Reclaimed Water Facilities – Distribution. Those pipes, valves, fittings, service connections, and appurtenances used to convey reclaimed water transmission facilities to customers within a subdivision.

Responsibility: It is the responsibility of the Public Utilities Department, under the direction of the County Administrator, to be the coordinating agency for this policy to ensure compliance.

- 55. The Clerk is hereby authorized to invest public funds on hand at prevailing market rates in:
 - those investments outlined in Chapters 125.31 and 218.415, Florida Statutes;
 - Standard and Poor's "Qualified Investments for 'AAA' Financing," subject to collateralization requirements of Chapter 280, Florida Statutes;
 - shares of the Florida Counties Investment Trust (FCIT) Government Fund or any other FCIT investment fund, the assets of which are restricted to investment instruments authorized by Section 125.31, Florida Statutes or by ordinance of the County, subject to execution of necessary documents; and
 - other investment vehicles authorized by BOCC resolution.

56. Fallen Heroes Program - BOCC Policy 10.06.00.00: It is the policy of the Board of County Commissioners that a Fallen Heroes Program (Program) be established to provide monetary benefits for the support, and maintenance of the beneficiaries of specified fallen First Responders who have died while in the performance of their duties to the citizens of Hillsborough County, which Program shall be administered pursuant to the requirements of this Policy as described below. County funding for the Program will be provided in the form of an annual General Fund non-departmental appropria-

FINANCIAL POLICIES AND PROCEDURES

tion with provisions for total annual funding not to exceed one million dollars.

Definitions:

A. First Responder:

A First Responder includes:

1. A law enforcement or correctional officer as defined in §943.10, F.S.;
2. A firefighter as defined in §633.30, F.S.; or
3. An emergency medical technician or a paramedic as defined in §401.23, F.S., who is employed (including full-time, part-time, or volunteer) by Hillsborough County or one of the municipalities of Tampa, Temple Terrace, and Plant City.

B. In the Line of Duty:

In the Line of Duty means a First Responder who at the time of death, or an injury that is the direct and proximate cause of death, is in the course of actually:

1. Engaging in law enforcement;
2. Performing fire suppression and prevention related activity;
3. Responding to a hazardous-material emergency;
4. Performing rescue activity;
5. Providing emergency medical services;
6. Performing disaster relief activity;
7. Otherwise engaging in emergency response activity; or
8. Engaging in a department or agency authorized training exercise related to any of the above events or activities; and the employing public agency legally recognizes him or her to have been in such course at the time of the event directly and proximately causing the death or injury. A heart attack or stroke which causes death, or causes an injury resulting in death, must occur within 24 hours of one of the above events or activities and must be determined to have been directly and proximately caused by the event or activity.

C. Beneficiary

Benefits shall be paid to surviving beneficiaries in the following descending order:

1. The beneficiary designated in writing by the First Responder on the form approved by the Fallen Heroes Program Administrator, which form has been filed with the employing agency prior to the death or injury;
2. The First Responder's surviving children and spouse in equal portions;
3. The First Responder's surviving parents; or

4. If none of the above is applicable, the First Responder's estate.

D. Fund Administrator

The Fund Administrator is the staff of the Hillsborough County Business and Support Services Department.

Fallen Heroes Program: The Hillsborough County Board of County Commissioners hereby establishes the Fallen Heroes Program for the purpose of providing monetary benefits to the beneficiaries of First Responders who have died, or suffered an injury resulting in death, while In the Line of Duty, serving and protecting the citizens of Hillsborough County. County funding for the Program, including any mid-year supplemental appropriations, will be provided in the form of an annual General Fund non-departmental appropriation with provisions for total annual funding not to exceed one million dollars. The amount of County monetary benefits paid to the Beneficiary, as defined above, of a fallen First Responder shall be up to \$100,000. County monetary benefits paid under the program may be supplemented by private and/or outside donations through the establishment of a temporary escrow account within the County's financial system. Except as otherwise provided in this Policy, the Clerk of the Circuit Court (Clerk) is authorized through adoption of this policy to establish and account for such escrow account upon the request of the Program Administrator for ninety (90) days from the time of the death of an eligible First Responder for the purpose of paying such additional benefits that are funded by such private and/or outside donations. The Clerk is also authorized to issue payment(s), at the direction of the Program Administrator, without further action of the Board of County Commissioners, to eligible Beneficiaries, as defined above, in shares proportionate to the distribution of the County funds.

Line of Duty Determination and Request for Benefits:

The employing agency shall be responsible for determining whether the death or injury resulting in death occurred In the Line of Duty and shall submit to the County Program Administrator sufficient documentation from its investigation of the event to support its determination. The employing agency shall be responsible for submitting an approved request for benefits form to the County Program Administrator on behalf of the Beneficiary, as defined above.

Benefits Paid Due to a Catastrophic or Terrorist Event:

The Board of County Commissioners reserves the right to adjust the amount of County benefits paid under the Program to a Beneficiary, as defined above, due to the occurrence of a catastrophic (natural or

FINANCIAL POLICIES AND PROCEDURES

manmade) or terrorist event, which results in multiple deaths or injuries resulting in death in order to ensure annual County appropriations do not exceed one million dollars.

Termination: This Policy, and the Fund established by it, shall continue from year to year subject to an annual appropriation by the Board.

Delivery of Funds to Beneficiaries: When reasonably possible, funds from this Program shall be delivered personally to each Beneficiary. It is the responsibility of the Chairman of the Board of County Commissioners to designate a Board member or member of the County Administrator's staff to deliver the funds on behalf of the County.

Purpose: To provide financial assistance to the beneficiaries of county and municipal First Responders whose death occurred In the Line of Duty on behalf of Hillsborough County. The Board finds that this policy serves a public purpose to assist in the support of the beneficiaries of Hillsborough County First Responders who have died while in the performance of their duties to the citizens of Hillsborough County.

Responsibility: It is the responsibility of the County Administrator, through the Business and Support Services Department, to implement this Policy and to establish procedures for its administration. The Business and Support Services Department shall be the Program Administrator. The Program Administrator shall be responsible for collecting, receipting, depositing, and acknowledging private and outside donations.

COMPARISON OF STATUTORY OPERATING BUDGET TO TRADITIONAL OPERATING BUDGET

	FY 10 Adopted	FY 11 Adopted	FY 12 Adopted	FY 13 Adopted
Total Budget	\$3,481.6	\$3,521.0	\$2,909.3	\$3,112.2
Reductions:				
Internal Service Funds (Net of Transfers)	330.0	359.0	366.0	349.7
Trust and Agency Funds (Net of Transfers)	13.0	14.2	13.0	13.0
Debt Redemption, Defeasance and Commercial Paper Rollovers	300.2	313.6	(207.9)	0.0
Transfers	737.5	743.0	551.1	687.1
Capital Budget (Net of Reserves)	39.3	99.9	(1.4)	152.8
Capital Reserves	(30.9)	28.1	(27.8)	41.7
Total Reductions	1,389.0	1,557.7	692.9	1,244.3
Statutory Operating Budget ¹	\$2,092.6	\$1,963.3	\$2,216.4	\$1,867.9
Total Budget	\$3,481.6	\$3,521.0	\$2,909.3	\$3,112.2
Reductions:				
Capital Budget (Net of Reserves)	39.3	99.9	(1.4)	152.8
Debt Service	408.7	410.1	93.1	108.3
Transfers	737.5	743.0	551.1	687.1
Reserves and Refunds	689.4	706.1	743.4	641.9
Total Reductions	1,874.9	1,959.1	1,386.1	1,590.1
Traditional Operating Budget ²	\$1,606.7	\$1,561.9	\$1,523.1	\$1,522.1

Detail may not add to totals because of rounding.

Amounts expressed in millions of dollars, rounded to the nearest one hundred thousand.

Notes:

(1) Calculated per section 200.065(3)(l), Florida Statutes.

(2) Calculated per traditional (non-statutory) methodology reflected elsewhere in this document which included personal services, operating and maintenance, and grants only.

(3) Major reconciling adjustments between statutory and traditional operating budget calculations:

- a. Operating reserves (excluding internal service fund and trust and agency fund reserves) are included in the statutory operating budget; all reserves are excluded from the traditional operating budget.
- b. Debt service, net of advanced refunded debt principal and commercial paper rollovers, is included in the statutory operating budget but is excluded in the traditional operating budget. Debt service costs include principal and interest payments, arbitrage rebate costs, bond counsel fees, consultant fees, and other costs associated with issuing and servicing long or short term debt.
- c. Internal service funds net of transfers are excluded from the statutory operating budget; non-capital internal service fund amounts are included in the traditional operating budget.
- d. Trust and agency funds net of transfers are excluded from the statutory operating budget; non-capital trust and agency fund amounts are included in the traditional operating budget.

ESTIMATION OF THE COUNTY'S ENDING FUND BALANCE

In reviewing the adopted budget, the reader will notice that the County's practice is to appropriate all beginning fund balances and all revenues and other sources. As a result, it appears that it is the County's intent to end the fiscal year with no remaining funds. This is not the case.

The County's estimation of its fiscal position at fiscal year end on September 30th can be looked at in two ways - on a budgetary basis and on a projected year end basis.

First, on a budgetary basis, State law requires a balanced budget, so a significant portion of the adopted budget is placed in reserves. Since these adopted reserves cannot be expended until they are first appropriated by amendment of the adopted budget, the reserves can be viewed as an assumption of ending fund balance. In fact, sufficient reserves are included to ensure adequate funds are available at the beginning of the next fiscal year to meet payments. A listing of reserves is found in the operations section of this document and totals \$652.8 million in FY 13.

A second basis for looking at ending fund balance is to project how much of the funds appropriated in the adopted budget will actually be spent, based on past experience and current trends. The remaining (unspent) funds will increase ending fund balance. Similarly, by projecting excess revenues, an additional component of ending fund balance can be established.

Excess revenues for local governments in Florida often result from a statutory requirement that governments only appropriate 95% of anticipated revenues. While a 95% factor may be reasonable for ad valorem collections, where adjustments to the tax roll and discounts for early payment result in collections of about 95%, it frequently results in understatement of collections from other revenues.

The final factor in this method of estimating ending fund balance is to review the budgeted expenditures and reserves and project what portion of the expenditures will be spent and what level of the reserves will not be appropriated through budget amendments during the fiscal year. A multi-year projection of fund balances for three major operating funds is included in an annual five year Pro Forma budget document.

The following table presents a simplistic fund-by-fund estimate of ending fund balance.

The first column reflects the budgeted beginning fund balance. The second column reflects 100% of budgeted revenues and other sources (no 95% factor is applied), with the exception of Ad Valorem Taxes. Due to discounts for early payment and Value Adjustment Board revisions to assessed values, receipt of approximately 95% of budgeted ad valorem tax revenue is normal and is reflected in the revenue estimate.

The third column reflects estimated expenditures and other uses, excluding reserves. All authorized positions are budgeted at 100% for the year. However, due to a variety of factors, chiefly turnover, not every department will use their entire Personal Services budget.

Grants and Aid from the County to other governments and non-profit agencies are budgeted at the full allocation. However, most of these grants are structured as reimbursements for services provided with a maximum that equals the allocation. Not all agencies provide the levels of service allowing them to receive the maximum allocation by fiscal year end, so there is normally a balance remaining.

Contracts for Services and Capital Equipment are budgeted at the full estimated amount so the contract or purchase order can be awarded. However, there are always some contracts where not all of the work is completed by year end, again resulting in unexpended budgeted funds that flow into year-end fund balance.

The final column, which reflects a somewhat conservative projection of fund balance at September 30th is column one plus column two, less column three. The total for all funds is \$825.9 million in FY 13.

Best budget practices recommend disclosure when there is a significant change in fund balance (defined as an increase or decline by more than 10%) in a major fund or in the aggregate fund balance total for nonmajor funds. In calculating the aggregate change in fund balance for nonmajor funds, all years funds are excluded since there is no beginning fund balance budgeted for these funds. Therefore, for all years funds the amount shown in the ending fund balance column represents the net change in the all years budget for the fiscal year. Due to the nature of all years budgeting, it is possible to have a negative amount in this column, which represents a current year reduction to funds budgeted in prior years.

ESTIMATION OF THE COUNTY'S ENDING FUND BALANCE

Per the Comprehensive Annual Financial Report (CAFR) for Hillsborough County, the County's major funds include the Countywide General Fund, the Unincorporated Area General Fund, the Sales Tax Revenue Fund, the Intergovernmental Grants Fund, the County Transportation Trust Fund, the Infrastructure Surtax Fixed Project Fund, the Florida Health Care Surtax Trust Fund, the Water Resource Services System Fund and the Solid Waste Resource Recovery Fund. For FY 13, the following major funds are estimated to have a fund balance change of more than 10% (as indicated on the schedule following this narrative):

- Unincorporated Area Special Purpose Fund - In FY 13, expenditures are expected to exceed budgeted revenues by approximately \$1.9 million. This is primarily due to a planned \$1.8 million use of Economic Development reserves for industry promotion purposes.
- Florida Health Care Surtax Trust Fund – The fund balance reduction of 18.1% or \$8.7 million in FY 13 is due to both projected expenditures exceeding sales surtax and other current revenues, and the required 5% statutory reduction discussed above. The fund is projected to exceed the minimum target ending fund balance of between two and three months of actual expenditures (between \$17.3 million and \$25.9 million based on FY 10 actual expenditures).
- Sales Tax Revenue Fund – The fund balance increase of \$7.7 million is the result of the required

5% statutory reduction discussed above (\$10.2 million) and a reduction of required transfers for debt service (\$1.5 million).

- County Transportation Trust Fund – The FY 13 fund balance decrease of \$3.8 million reflects the use of \$5.0 of impact fee reserves for US 301 debt service and reduce a required transfer from unincorporated area general fund for transportation operations and maintenance.
- Fleet Services Fund – The FY 13 fund balance is estimated to decrease \$19.8 million due to planned refund of excess reserves (\$5.0 million) and the planned drawdown of fund balance in FY 13 to fund purchase of vehicles originally scheduled for purchase in FY 12 (\$10.1 million)
- County Self Insurance Fund – The FY 13 fund balance decrease of \$20.4 million is due to a refund of excess reserves from FY 08 and FY 09 workers compensation assessments.

The aggregate fund balance for non-major funds is estimated to decrease by 5.9%, or \$52.3 million for FY 13. Although the change is under the 10% threshold for explanation recommended under best budgeting practices specific information on the reasons for significant changes in the nonmajor funds are detailed on the estimated ending fund balance schedule.

FY 13 ESTIMATED ENDING FUND BALANCE

Description	Beginning Fund Balance	Revenues and Sources	Expend/ Uses	Ending Fund Balance	Percent Change

Funds that are all years are represented by an N/A in the Percent Change column and have no budgeted beginning fund balance. The ending fund balance shown represents the FY 13 net change to the all years budget for these funds. Some funds have all years subfunds as well as regular subfunds. These include the Enterprise Funds, ELAPP Capital Project Fund, Transportation Fund, Library District Fund and the Unincorporated Area Special Purpose Fund.

Notes:

- (1) - Decrease primarily due to planned drawdown of Economic Development reserves to fund \$1.8 million in industry promotion costs.
- (2) - Decrease due to planned drawdown of reserves resulting from forecast expenditures exceeding anticipated sales surtax and other current revenues by \$8.7 million. Changes to benefits recently implemented will help maintain annual ending fund balance above target levels of between 2 and 3 months actual expenditures (\$13.7 to \$20.5 million).
- (3) - Increase primarily due to the impact of the 5% statutory reduction to revenue estimates (\$10.2 million).
- (4) - Decrease due to one time use of impact fee reserves for US 301 debt service (\$5.0 million), reduce required transfer from unincorporated area general fund for transportation operations and maintenance (\$4.2 million)
- (5) - Decrease due to planned use of reserves to fund library construction (\$7.9 million) offset by the impact of the 5% statutory reduction (\$1.6 million).
- (6) - This fund is budgeted on an all years basis, from appropriation inception through the current reporting period, not on an annual fiscal year basis. The ending fund balance shown reflects the FY 13 change to prior all years budgeted amount.
- (7) - Debt service fund changes primarily reflect annual reserve adjustments required under bond covenants.
- (8) - Reduction reflects refund of excess prior year reserves (\$5.0 million) and planned drawdown of fund balance to purchase vehicles initially funded in FY 12.
- (9) - Reduction due to planned refund of excess FY 08 and FY 09 workers compensation reserves (\$20.4 million).

Hillsborough County
Florida

OPERATIONS AND FUNDING GUIDE

BUDGET BY FUND

The Budget by Fund section of the Operations and Funding Guide provides an overview of the County budget at the fund type, fund, and subfund level. Presented first is a brief narrative which provides information on the budgetary and accounting basis used by Hillsborough County for each fund type.

Next follows the Budget Summary by Fund schedule which shows budget figures for each fund within its respective fund type. The next schedule is the Fund Summary by Type of Expenditure which reflects data by characters of expense entitled Personal Services, Operating Expenditure/Expense, Capital Equipment, Capital Projects, Debt Service, and Grants and Aids. The character of expense entitled *Other Uses* is not shown in the aggregate but rather as a breakdown into objects classified as Transfers, Budgeted Transfers to Constitutional Officers, and Reserves & Refunds. The schedules that follow provide, by fund, an explanation of the purpose of the fund and a four-year comparison of revenues and appropriations. Revenues are presented according to classifications set by the State of Florida and appropriations are presented by major organization. Each table presents actuals for FY 10 and FY 11, and adopted budgets for FY 12 and FY 13.

The Budget by Subfund schedule follows next. Subfunds allow County staff to separate, for example, the transportation impact fees collected in each of ten geographic zones, so they may be used exclusively within those zones for the benefit of those who paid the fees. The budget is balanced within each of the subfunds presented, since each subfund has unique sources and uses. Interest is earned, fund balances are estimated, and

reserves are established, as needed. Subfunds which are marked with an asterisk are coded as "all years" in the County's financial system. All years budgeting is the method of budgeting and reporting grant and capital project appropriations and expenditures from grant or project inception through the reporting period, as opposed to budgeting and reporting on a fiscal year basis. With all year's budgeting, each year's budget only reflects that specific year's changes in funding.

The numbers that precede fund type, fund, and subfund titles are primarily presented for the benefit of County staff that may use the table to identify subfunds in automated accounting reports and budget reports. The two-digit numbers reflect the fund type. For example, "01" reflects the General Fund and "10" reflects Special Revenue Funds. The three-digit bolded and italicized numbers represent the fund (e.g., "001" reflects the Countywide General Fund). The next level of three-digit numbers reflects the subfund code. They are not unique in all cases, so the identifier for a subfund should include the three-digit fund number.

Comparing Budget Documents with the Comprehensive Annual Financial Report (CAFR)

When comparing the fund structure shown within County budget documents with that presented in the County's Comprehensive Annual Financial Report (CAFR), a reader should be aware of certain aggregations that are used in the CAFR. Fund 01-001 and fund 01-003 are combined in the CAFR reporting the General Fund.

FUND ACCOUNTING

The operations of the County are recorded in the following fund types for FY 10, FY 11, FY 12, and FY 13:

All Fund Types: FY 10 \$2,976,404,841 FY 11 \$2,815,918,537 FY 12 \$2,909,270,095 FY 13 \$3,112,197,461

Governmental Funds: FY 10 \$2,222,694,921 FY 11 \$2,055,312,867 FY 12 \$1,832,242,512 FY 13 \$2,128,157,363

Governmental funds are used to account for the County's expendable financial resources and related liabilities (except those accounted for in proprietary funds). The measurement focus is based upon determination of changes in financial position. The following are the County's governmental fund types:

A. **General Fund:** FY 10 \$842,726,138 FY 11 \$791,422,388 FY 12 \$957,223,105 FY 13 \$97,285,187

The general fund is the primary operating fund of the County. It is used to account for all financial resources of the general government except those required to be accounted for in other funds.

B. **Special Revenue Funds:** FY 10 \$1,098,350,647 FY 11 \$1,168,129,298 FY 12 \$875,924,921 FY 13 \$1,002,811,983

Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to specified purposes.

C. **Debt Service Funds:** FY 10 \$185,728,508 FY 11 \$51,184,828 FY 12 \$81,755,500 FY 13 \$89,766,611

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and other debt related costs.

D. **Capital Projects Funds:** FY 10 \$95,889,628 FY 11 \$44,576,353 FY 12 (\$82,660,914) FY 13 \$57,293,582

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Proprietary Fund Types: FY 10 \$741,556,104 FY 11 \$747,876,254 FY 12 \$1,064,064,240 FY 13 \$971,071,880

Proprietary funds are used to account for activities that are similar to those often found in the private sector. The measurement focus is on the determination of net income and capital maintenance. The following are the County's proprietary fund types:

A. **Enterprise Funds:** FY 10 \$592,500,326 FY 11 \$635,222,206 FY 12 \$694,394,099 FY 13 \$599,171,298

Enterprise funds are used to account for operations that are financed primarily through user charges, or where the governing body has concluded that the determination of net income is appropriate.

B. **Internal Service Funds:** FY 10 \$149,055,778 FY 11 \$112,654,048 FY 12 \$369,670,141 FY 13 \$371,900,582

Internal service funds are used to account for goods or services provided by one County department to other County departments or agencies on a cost-reimbursement basis.

Agency Funds: FY 10 \$12,153,816 FY 11 \$12,729,416 FY 12 \$12,963,343 FY 13 \$12,968,218

Fiduciary funds are used to account for assets held by the County on behalf of outside parties, including other governments, or on behalf of other funds within the government. Fiduciary funds are specifically used for purposes such as: holding bond proceeds and related bonds payable liabilities of the reclaimed water improvement units and capacity assessment units which are not obligations of Hillsborough County. Agency funds are fiduciary funds used to account for assets that the County holds on behalf of others as their agent.

Source of definitions: Hillsborough County 2000 Comprehensive Annual Financial Report (CAFR) and 2002 CAFR.

COUNTYWIDE GENERAL FUND

This general fund accounts for all financial transactions except those required to be accounted for in other funds. The fund's resources, ad valorem taxes and other revenues, provide services for the benefit of all residents of Hillsborough County. Effective FY 91, all restricted revenues and expenditures were moved into the Unincorporated Area Special Purpose Fund. Effective FY 12, Communications Services Tax revenues were also moved into the Unincorporated Area Special Purpose Fund to allow segregation of the CST revenues that will be committed to pay debt service on new Public Safety Operations Complex bonds anticipated to be issued in FY 12. This separation provides a better picture of the use of unrestricted and restricted County funds.

UNINCORPORATED AREA GENERAL FUND

This general fund accounts for ad valorem taxes and other revenue sources that provide services for the benefit of the residents of the unincorporated areas of Hillsborough County only. The services provided by this fund include fire suppression, law enforcement, stormwater, parks and recreation, planning and growth management, survey/mapping, code enforcement, and emergency services. Effective FY 91, all restricted revenues and expenditures were moved into the Unincorporated Area Special Purpose Fund. This separation provides a better picture of the use of unrestricted and restricted County funds for unincorporated area services.

COUNTYWIDE SPECIAL PURPOSE REVENUE FUND

This special revenue fund accounts for all financial transactions associated with restricted revenues which provide services to all residents of Hillsborough County. This special use fund is subdivided into numerous and varied subfunds which have been established to manage and account for revenues and fees which are restricted as to the purposes for which they may be used. Most of these revenues/fees are authorized by State law or by local government ordinance. For example, numerous court fees have been established by local ordinances to fund various court-related programs regarding services and facility improvements. State laws authorize fines to fund various criminal justice functions and education/training programs, and a half-cent sales tax to fund an indigent health care program. Other local fees, fines, and charges are used to fund wholly or in part such programs as the 9-1-1 emergency telephone system and the Animal Services spay/neuter program. In some cases, these restricted funds are supplemented by unrestricted revenues from the General Fund in order to provide for enhanced programs.

UNINCORPORATED AREA SPECIAL PURPOSE FUND

This special revenue fund accounts for all restricted revenue sources that provide services for the benefit of the residents of unincorporated Hillsborough County. Services provided from this fund include building permitting and inspection and construction associated with impact fees. Included within the revenue sources are an annual Stormwater Assessment on developed properties and a distribution from the State of the Phosphate Severance Tax.

COUNTY BLENDED COMPONENT UNITS FUND

This fund was established in FY 98 to account for the revenues and expenditures of the Hillsborough County Civil Service Board, Law Library Board, and the Hillsborough County City-County Planning Commission. These component units meet the criteria for blended presentation in accordance with GASB Statement Number 14 and are budgeted in a manner similar to that of the primary government itself.

LOCAL HOUSING ASSISTANCE PROGRAM FUND

This special revenue fund accounts for revenues and expenditures of the State Housing Initiatives Partnership (SHIP) program. The SHIP program's primary focus is to implement the State of Florida's William E. Sadowski Affordable Housing Act which creates a dedicated statewide funding source for affordable housing.

STATE OF FLORIDA HEALTH CARE SURTAX TRUST FUND

This trust fund was established in FY 92 to account for the proceeds of the special one-half cent sales surtax which was implemented December 1, 1991 to be used solely to fund indigent health care services to residents of Hillsborough County. Prior to FY 01, proceeds from this sales surtax were accounted for by a Trust Fund. As a result of GASB 34, the Trust Fund was replaced by this Special Revenue Fund.

SALES TAX REVENUE FUND

This special revenue fund accounts for the collection of the Tourist Development Tax, the Local Government Half-Cent Sales Tax, and the Local Government Half-Cent Infrastructure Surtax. The Tourist Development Tax is a 5% local option tax levied on all transient lodging for the broad purpose of stimulating tourism. The Local Government Half-Cent Sales Tax is an allocation by the State to the County and its three municipalities on the basis of population. This tax may be used for most governmental fund purposes, with a disproportionate share to the County to be used for countywide purposes. The Local Government Half-Cent Infrastructure Surtax (Community Investment Tax) was approved by voters to finance general government, public safety, and educational facilities in Hillsborough County and capital expenditures for the cities of Tampa, Plant City, and Temple Terrace.

INFRASTRUCTURE SURTAX FIXED PROJECT FUND

This fund is to account for the County share of a discretionary half-cent sales surtax (Community Investment Tax) approved by the voters to finance general government, public safety, and educational facilities in Hillsborough County, and capital expenditures for the cities of Tampa, Plant City, and Temple Terrace. This fund was created as a result of the closeout of the Sales Surtax Fixed Capital Outlay Fund in FY 97. Debt service budgets in FY 12 and FY 13 are \$0 due to a change in the accounting method used for commercial paper rollovers and due to having no plans for any new issuances.

PARKS & RECREATION GENERAL OBLIGATION BONDS 1993/1996/2002 DEBT SERVICE FUND

This debt service fund accounts for the collection of ad valorem tax revenue levied in the unincorporated area of the County and required for principal and interest payments on general obligation bonds issued by the County to fund acquisition of land and construction of park facilities in the unincorporated area. Bonds were issued in 1993 and 1996 in the principal amount of \$10,000,000 each. The County is obligated to levy millage in an amount sufficient to pay annual debt service, but the millage is not included in the calculation of the constitutional 10 mill limitation on the annual millage levy. Both the Series 1993 and 1996 bonds were refunded by the \$18,540,000 Series 2002 bonds. The maturity date of the Series 2002 bonds is July 1, 2025.

ELAPP LIMITED AD VALOREM TAX BONDS DEBT SERVICE FUND

This debt service fund accounts for the collection of ad valorem tax revenue required principal and interest payments on general obligation bonds issued by the County to finance the acquisition, management, and restoration of environmentally sensitive lands. The County was authorized by voter referendum to levy millage in an amount sufficient to pay annual debt service, not to exceed one-fourth (0.25) of one mill. Bonds were issued in 1992 in the principal amount of \$45,000,000 and in 1994 in the principal amount of \$17,990,000. The Series 1992 bonds were partially refunded by the \$28,190,000 Series 1998 bonds. The Series 1994 bonds were refunded by the \$10,105,000 Series 2003 bonds. The final maturity date of the 1998 and 2003 bonds was July 1, 2011.

CAPITAL IMPROVEMENT NON-AD VALOREM REFUNDING REVENUE 1996/2006 BONDS DEBT SERVICE FUND

This debt service fund accounted for payment of principal and interest on bonds issued to refund the outstanding Capital Improvement Non-Ad Valorem Revenue Bonds (Museum of Science and Industry Project) and the Capital Improvement Non-Ad Valorem Revenue Bonds (County Center Project). These bonds were issued in two series: the \$20,490,000 Series 1996 A bonds (MOSI Project) and the \$56,445,000 Series 1996 B Bonds (County Center Project). The Series 1996 bonds were refunded in April 2006 by the Capital Improvement Non-Ad Valorem Refunding Revenue Bonds, Series 2006. The Series 2006 bonds were secured by a covenant to annually budget and appropriate legally available non-ad valorem revenue of the County. The Series 2006 bonds were defeased in January 2010.

COMMUNITY INVESTMENT TAX REVENUE BONDS 2001 A&B DEBT SERVICE FUND

This debt service fund accounts for the payment of principal and interest on bonds issued to finance all or a portion of the cost of acquisition and construction of capital improvements to the County's jail and stormwater facilities. A portion of the bond proceeds was also used to refund Commercial Paper Notes, which were used to finance the construction of jail and stormwater facilities on an interim basis. The bonds are secured solely by a pledge of the Community Investment Tax Revenues with final maturity occurring in November 2025.

COMMUNITY INVESTMENT TAX REVENUE BONDS 2007 DEBT SERVICE FUND

This debt service fund accounts for the accumulation of CIT revenue collections for and the payment of principal and interest on bonds issued to finance the acquisition and construction of transportation and other CIT capital projects in the County. The bonds are secured solely by a lien upon and pledge of the Community Investment Tax Revenues, with final maturity occurring in 2025.

US 301 EXPANSION TAXABLE NOTES

This debt service fund accounts for payment of principal and interest on the County's Series 2008 Taxable Notes A and B that were issued to provide interim financing for the design, acquisition and construction of improvements to approximately 6.11 miles of highway U.S.301 between CR 672 and Gibsonton Drive. The county and a community development district (CDD) intend to provide permanent financing through transportation improvement revenue bonds. These notes are secured by cash and irrevocable direct pay letters of credit from participating developers plus Limited Transportation Impact Fees that the County has placed in reserve as additional security. The Notes mature April 1, 2013 if not replaced earlier by the anticipated permanent financing.

COMMUNITY INVESTMENT TAX REFUNDING REVENUE 2012 A & B DEBT SERVICE FUND

This debt service fund accounts for the payment of principal and interest on bonds issued to refund the County's Series 2001 A and B serial bonds and the Series 2004 bonds. The 2001 bonds were used to finance acquisition and construction of capital improvements to the County's jail and stormwater facilities. The aggregate principal refunded was \$43,685,000. The 2004 bonds were used to finance the acquisition and construction of stormwater, transportation, and other Board approved capital projects. The aggregate principal refunded was \$46,710,000.

TSA TAMPA BAY ARENA NON-AD VALOREM REFUNDING REVENUE BONDS 2005 DEBT SERVICE FUND

This debt service fund accounts for the payment of principal and interest on the Series 2005 Bonds, issued to refund the TSA Taxable Special Purpose Florida Surcharge Loan Revenue Bonds, Series 1995. The refunded bonds were originally issued to fund a portion of the acquisition, construction and equipping of the St. Pete Times Forum. The bonds are secured by the County's legally available non-ad valorem revenue. The final maturity date of the bonds is October 1, 2026.

CAPITAL IMPROVEMENT COMMERCIAL PAPER PROGRAM FUND

This capital projects fund accounts for the payment of principal, interest, and fees for the commercial paper program. The program provides funds for the short-term financing of capital projects and as a source of encumbering capital contracts. This program provides an efficient, low cost alternative to other forms of short-term and interim financing. The commercial paper notes are issued to provide funding for transportation, stormwater, and facilities projects. The debt service on the notes will be paid by program revenues or by long-term financing of the projects.

SOLID WASTE SYSTEM ENTERPRISE FUND

This enterprise fund accounts for the operations of the Solid Waste Management Department on a countywide basis. Refuse generated in the unincorporated areas of the County is collected by franchised and non-franchised collectors serving residential and commercial customers and by private companies serving their own customers. Refuse collection and disposal fees are reviewed annually and are set at levels sufficient to recover operating and debt service expenses.

WATER & WASTEWATER UTILITY ENTERPRISE FUND

This enterprise fund accounts for the operations of the water and wastewater system in the unincorporated areas of the County. Water and wastewater fees are determined annually by rate studies and are set at levels to recover the expenses of operations, including debt service, in a manner similar to private business enterprises. Activities necessary to provide water and wastewater service are accounted for in this fund, including customer service, engineering, operations and maintenance.

FLEET SERVICES FUND

This internal service fund accounts for the revenues and expenses of the repair and maintenance of the County's motor vehicle fleet, equipment repairs, and fuel purchases. Through FY 95 this program was accounted for in the General Revenue (Special Use) Fund and subsidized by the General Revenue (Countywide) Fund. Since FY 96 the services are fully supported by charges for services and sales of fuel to the operating departments.

COUNTY SELF INSURANCE FUND

This internal service fund accounts for the revenues and expenses of the County's risk management and employee group health insurance programs. Risk management includes workers' compensation, automotive and general liability, and catastrophic disaster recovery programs. Employee group health insurance is a self-insurance program funded by employee payroll deductions and employer contributions. Prior to FY 94, this fund only included the workers' compensation program. In FY 94, Employee Group Life, Health and Accidental Death & Disability were added to the self-insurance program along with general liability operations and the County "Catastrophic Disaster Recovery" fund. Assessments to the participants of the program, recovered costs from third parties, and interest earnings are used to reimburse the fund for costs and claim payments.

TRANSPORTATION ASSESSMENT UNITS FUND

This fund accounted for non-ad valorem special assessment revenue from the time payment of transportation impact fee program. The revenues were used to fund the cost of transportation capital improvements in the zone from which they were collected. All transportation impact fees associated with this unit are now paid in full.

* Subfunds marked with an asterisk are budgeted as "all years" funds. All years budgeting is the method of budgeting and reporting grant and capital project appropriations and expenditures from grant or project inception through the reporting period, as opposed to budgeting and reporting on a fiscal year basis. As a result, each year's budget only reflects that year's changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted from the budget.

DEPARTMENT SUMMARIES

DEPARTMENT SUMMARIES The Departmental Summaries that follow in this section include mission statements, summary budgets, and funded position comparisons for each individual department and various other organizations funded by the Board of County Commissioners.

MATRIX OF COUNTY SERVICES Hillsborough County is a general-purpose government which performs many tasks and a wide range of services for the health, safety, and welfare of its citizens. At a March 10, 1999 workshop to review recommendations made by the Blue Ribbon Committee on County Finances, the Board of County Commissioners requested that a matrix be developed to disclose over three hundred services provided by Hillsborough County. The original list was taken from a report prepared by Florida TaxWatch. The current list reflects organizational changes as well as refinements

by the departments that are the direct result of the 'mapping' of specific performance measures to each service or program. Some services contracted by Hillsborough County as well as services provided by other taxing authorities are not included (e.g., Hillsborough County's three cities, the School Board, the Children's Board, the Hillsborough Area Regional Transit Authority, the Port Authority, independent special districts, and the Southwest Florida Water Management District). There may be some embedded programs within the list that could be identified separately. The matrix is intended to be used as additional reference material for reviewing the budget.

For questions regarding the statutory authority of specific County services, please contact the County Attorney's Office at 272-5670 or the Business and Support Services Department at 272-5890.

BOARD OF COUNTY COMMISSIONERS

MISSION:

Provide effective, quality service at a reasonable cost with courtesy, integrity, and accountability in a manner which protects and enhances the quality of life of our diverse population.

KEY OBJECTIVES:

1. Adopt a balanced budget for County government for FY 12 and FY 13 that is linked to the County's Strategic Plan and incorporates customer feedback.
2. Respond to citizens' requests.
3. Maintain bond ratings of at least Aa (Moody's), AA (Standard and Poor's), and AA (Fitch Ratings) on general obligation debt.

SERVICES/MEASURES:	Key Obj Num	Baseline/ Historical Actual FY 10	Baseline/ Historical Actual FY 11	Baseline/ Historical Actual FY 12	Projected FY 13
<i>Workload/Demand</i>					
# of Commissioners' referrals and direct contacts per the Customer Request Management System (CRM)	2	12,363	13,346	18,389	15,000
# of Boards and Councils served	4	41	41	41	41
<i>Effectiveness</i>

Funded Positions	21	21	21	21
Funded FTE Positions	21.00	21.00	21.00	21.00

The FY 10 adopted budget was funded below continuation level due to a \$46,613 reduction in personal services which consisted of furlough days for Commissioner's Aides and monthly auto allowance reductions equivalent to a 4% salary reduction for Commissioners.

The FY 11 adopted budget was funded at continuation level.

The FY 12 adopted budget was funded at continuation level.

The FY 13 adopted budget is funded at continuation level.

COUNTY INTERNAL AUDITOR

MISSION:

Promote accountability while providing to the Board of County Commissioners fair and objective oversight, insight, and foresight into County operations. Assess performance, results, efficiency, and effectiveness of County operations in a professional, quality, and timely manner.

KEY OBJECTIVES:

1. Promote accountable government by completing four performance audit reports each fiscal year.
2. Promote efficient government by identifying potential cost savings or cost avoidance in performance audit reports.
3. Promote effective government by producing high-quality performance audit reports where at least 75% of our recommendations are adopted by the BOCC.
4. Produce high-quality and timely performance audit reports as measured by receiving an average score of 4 or greater (out of 5) on our BOCC Satisfaction Survey and by completing 90% of audits within established deadlines.
5. Promote fiscal stewardship by reviewing every consent item greater than \$125,000 and finding that 95% of items meet review criteria.
6. Provide high-quality budget analysis services to the BOCC as measured by receiving an average score of 4 or greater (out of 5) on the BOCC Satisfaction Survey.
7. Promote government accountability by providing high-quality advisory services to the BOCC as measured by receiving an average score of 4 or greater (out of 5) on the BOCC Satisfaction Survey.

Funded Positions	3	3	3	3
Funded FTE Positions	3.00	3.00	3.00	3.00

The FY 10 adopted budget eliminated an Executive Assistant position and included an efficiency of \$13,500 to reduce the operating expenditure budget. At the July 15, 2009 regular Board meeting, the Board entered into a Memorandum of Understanding with the Clerk of the Circuit Court to complete performance audits. Additionally, at the May 6, 2009 Board meeting, the Board voted to establish a \$150,000 budget (included in non-departmental allotments) to contract for performance audits and other outside expertise when in-house staff do not possess specific subject matter knowledge. These two actions expanded the County's capability to conduct performance audits. Non-departmental allotments also included a one-time budget of \$10,000 in FY 10 to have a peer review performed of the Internal Performance Auditor's Office.

The FY 11 adopted budget was funded at a continuation level.

The FY 12 adopted budget was funded at a continuation level.

The FY 13 adopted budget is funded at a continuation level.

COUNTY ATTORNEY

MISSION:

Provide our clients with a network of innovative legal solutions, excellent legal representation, and quality customer service in a cost effective and timely manner by emphasizing the practice of preventative law and alternative dispute resolution techniques.

KEY OBJECTIVES:

1. Provide high quality low-cost legal representation to all clients with a positive client service rating of 90% or better.
2. Prosecute and defend legal actions by and against the County, limiting outside counsel fees to under \$185 per hour.
3. Initiate and defend eminent domain litigation on behalf of the BOCC, limiting outside counsel. Use to less than 10% of all cases.

The FY 10 adopted budget eliminated 14 positions including a Senior Assistant County Attorney, an Assistant County Attorney, three Paralegal Specialists, the Manager of Automated Systems, the Legal Office Administrator, three Legal Secretaries, and four Office Assistants. Another Paralegal Specialist was also reduced to part-time (.5 FTE). The department's operating expenditure budget was reduced approximately 37% with the most significant reductions in the areas of training, memberships, copying and printing, legal publications, and office supplies. One-time funding of \$60,000 was approved for the updating of the codification of County ordinances and for the office to pursue certain activities related to the Florida Sterling Award.

The FY 11 adopted budget eliminated a Legal Administrative Assistant position. FY 10 one-time funding of \$42,700 was rebudgeted in FY 11 to allow for the continuation of the Florida Sterling Award and codification of County ordinances. The FY 11 operating budget reflected additional productivity savings of \$56,699 primarily in the areas of books and subscriptions, information technology, process servers, and court reporters. Approximately \$300,000 in one-time funding was used to support the FY 11 budget of the County Attorney. The Office worked on a transition plan to eliminate the continuing need for one-time funding.

The FY 12 adopted budget eliminated seven positions including a Deputy County Attorney, two Senior Assistant County Attorneys, an Assistant County Attorney, an Accountant II, a Senior Paralegal Specialist, and a Legal Administrative Assistant. The agency redistributed caseloads among the remaining attorneys, replaced the attendance of all Managing Attorneys with the County Attorney at the County Administrator's Agenda Review meetings, eliminated the assignment of paralegals to divisions or attorneys and created a pool of paralegals for the office, and divided the duties of the Accountant II among remaining administrative staff and staff in Business and Support Services. The FY 12 adopted budget was reduced by the personnel cost of a Chief Administrative Manager position. The position was eliminated when the incumbent retired during FY 12. Personnel costs for this position was absorbed within the agency's adopted personnel services budget. The agency's operating budget reflected savings of \$22,243 primarily in the areas of court reporting, other professional services, printing and binding, contractual non-payroll employees, and books and subscriptions.

The FY 13 adopted budget was funded at continuation level.

9-1-1 AGENCY

MISSION:

Maintain effective Enhanced 911 (E911) services which provide citizens with rapid direct access to the appropriate public safety agencies in an effort to efficiently respond to requests for emergency services initiated through the E911 emergency telephone system in the interest of the public health, safety and general welfare of the citizens and inhabitants of Hillsborough County.

KEY OBJECTIVES:

1. Comply with the requirements of Florida Statutes 365.171 - 175 (911 Telephone Legislation) and the Florida Emergency Communications E911 State Plan in the administration of an effective countywide E911 emergency telephone system.
2. Maintain integrity of an address database to ensure 911 calls are delivered to appropriate Public Safety Answering Points (PSAP's) with 99.97% accuracy.
3. Process 90% of all reviews for new residential and commercial developments received from Development Services by requested response date in accordance with the responsibilities established in HC Ordinance 89-05 (Uniform Building Numbering System) providing for the assignment of addresses in the unincorporated areas of the County to ensure accurate and timely responses by emergency agencies.

During FY 09, the 9-1-1 Emergency Telephone System split from the Information and Technology Services Department and became the 9-1-1 Agency.

In the FY 10 adopted budget, a part-time Public Relations Coordinator position was transferred from the Emergency Management Department. This action enhanced the 9-1-1 public education efforts of the 9-1-1 Agency.

The FY 11 adopted budget was funded at continuation level.

The FY 12 adopted and the FY 13 planned budgets eliminated a manager position and the manager's duties of address enforcement were transferred to the Code Enforcement department. A Community Relations Coordinator position was also eliminated and these duties were transferred to the Communications department. Additionally, an Executive Secretary position was eliminated as a result of the reorganization of the Public Safety and Community Services team. The department reduced operating costs by \$32,200 in both the FY 12 and FY 13 budgets due to the modification of an interpreter services contract. In order to allow the department to provide a single, concurrent mapping platform to all 9-1-1 call centers with the latest 9-1-1 mapping solutions, funding of \$473,130 was provided in FY 12 and \$1,001,910 in FY 13. Additionally, the department was implementing a concurrent call statistics platform which would meet the reporting and analytical needs of the 9-1-1 call centers at a cost of \$201,600 in FY 12 and \$302,400 in FY 13. The FY 12 budget also added \$264,000 for a secure private network connecting all 9-1-1 call centers and the 9-1-1 agencies to allow for accessing data and electronic communications.

The FY 13 adopted budget is funded at the continuation level.

AFFORDABLE HOUSING SERVICES DEPARTMENT

MISSION:

Increase affordable housing opportunities as well as community and economic development initiatives for eligible residents of Hillsborough County in accordance with the rules and regulations of federal, state and local funding sources.

KEY OBJECTIVES:

1. Increase communication by utilizing technology and mass media to improve service delivery and staff effectiveness in an effort to increase production in housing programs.
2. Improve administrative and accounting support to all sections of the Affordable Housing Department.
3. Provide assurance and accountability of all funding.
4. Provide assistance to low income Hillsborough County citizens through multiple County departments and outside agencies.
5. Provide safe, decent, affordable housing opportunities for 300 low income families.

Funded FTE Positions	29.00	42.50	22.00	23.00

The FY 10 adopted budget reflected the elimination of \$6.4 million in FY 10 State Housing Initiative Partnership (SHIP) grant funding. Because the department continued to have projects funded from prior year SHIP grants, six positions were transferred to the Unincorporated Area General Fund to monitor and provide oversight of these projects, with three positions transferred to CDBG and HOME. Of the \$6 million set aside in a capital project fund for Affordable Housing initiatives, \$1,195,110 was utilized to fund all of the department's Unincorporated Area General Fund personnel and operating costs. Efficiencies included the elimination of an Executive Planner and Housing Counselor positions. The Manager of contracts Management and contracts funded with Community Development Block Grant were transferred from the Management and Budget Department to Affordable Housing Department.

The FY 11 adopted budget included the elimination of three positions – Environmental Specialist II, Planning and Zoning Tech I and a Senior Secretary. The Department entered into a \$75,000 contract with the Environmental Protection Commission to perform environmental requirements. The adopted budget also includes the transfer of the HUD Section 8 program from Health and Social Services Department to the Affordable Housing Department. Of the twenty one positions within the Section 8 program, seventeen positions were transferred to Affordable Housing. Included in these positions was a Systems Coordinator reduced from full time to part time and two limited duration Family Self Sufficiency Counselor positions funded through December 31, 2010. Prior to FY 11 a portion of the Accountant III was being funded by Section 8. However, in FY 11 the position will be funded 100% by the Family and Aging Services Department. A Receptionist, Accountant I and a Housing Assistance Specialist are being eliminated from the Section 8 program. Because of an increase in the CDBG and HOME grant allocations, funding for nine positions were transferred from the Unincorporated Area General Fund to the grants. The total cost of these positions along with operating costs totaling \$650,420 was transferred back into the capital project fund for Affordable Housing initiatives.

During FY 11 the BOCC approved the Family Self-Sufficiency Coordinator grant from the U. S. Department of Housing and Urban Development which extended funding for the two limited duration Counselor positions through June 30, 2012.

The FY 12 adopted budget included the transfer of five inspector positions and the inspection function to Code Enforcement Department. In addition, the Section 8 program was transferred to the Tampa Housing Authority and resulted in the elimination of sixteen positions. Included in the FY 12 adopted budget a Systems Coordinator position was increased from part time to full time. Of the funds set aside in a capital project fund for Affordable Housing initiatives, \$1,041,874 was utilized to fund all of the department's Unincorporated Area General Fund personnel and operating costs. During FY 12, a General Manager I position was transferred from Code Enforcement Department.

The FY 13 adopted budget is funded at continuation level. Of the funds set aside in a capital project fund for Affordable Housing initiatives, \$1,095,568 is being utilized to fund all of the department's Unincorporated Area General Fund personnel and operating costs.

AGING SERVICES DEPARTMENT

MISSION:

The mission of the Department of Aging Services is to provide essential social and health services to older adults and to promote social, physical, economic and emotional well-being to encourage maximum independence and improve the quality of life for older adults and their caregivers.

KEY OBJECTIVES:

1. In-Home Care – Continue serving frail, functionally impaired elderly that are at the greatest risk of nursing home placement. Provide services on balance with available funding and population growth of seniors in Hillsborough County versus clients served by the Aging Services Department.
2. Senior Centers – Increase Senior Center visits/day care hours commensurate with the growth rate in the senior population and available funding. Maintain 8 senior centers and 20 congregate and satellite dining sites assuring compliance with fire, health and licensing guidelines, and Americans with Disabilities Act requirements resulting in licensing of 100% of our facilities, while focusing on the clients' health and safety.
3. Nutrition – Provide breakfast and hot noon meals to senior citizens at 8 senior centers and 20 congregate and satellite dining sites to meet at least two-thirds of the daily nutritional requirements for clients aged 60 and over, resulting in achieving and maintaining improved nutritional status with at least 95% client satisfaction.
4. Case Management – Provide case management services to link clients with community resources meeting their needs. Additionally, successfully link 100% of clients referred from the State of Florida Department of Children and Families Adult Protective Services to services within 72 hours of referral.
5. RSVP – Increase the number of volunteer provided hours by 3% each year.
6. Quality Improvement – Continue transition from a complaint driven, compliance oriented environment to a high performance organization in a continuous quality improvement environment achieving 95% client satisfaction with services.
7. Annual Citizen Survey – Improve Hillsborough County citizens' perceived performance and worth of aging related services by 1% annually from 2008 baseline.
8. Customer Satisfaction – Achieve 95% or greater in client satisfaction with services as measured on the Aging Service County Point of Service Customer Satisfaction Survey results.
9. Seek to implement more innovative and effective means of providing transportation for the elderly with improved transportation services provided to Aging Services clients (Strategic Plan Goal 5, Board Initiated Strategy 6).
10. Provide added value with senior services by running programs more efficiently through automation (Strategic Plan Goal 5, Board Initiated Strategy 7).
11. Establish baselines and benchmarks for measuring the quality of life for senior citizens, and improve the quality of life by 5% for key physical health, mental health, social, safety, transportation, and faith-based activity outcomes by FY 11, as measured with Aging Services' Master Plan Survey Tool. Baseline was established in 2007, second measure to be done in 2010, and new results to be available in 2011.

Funded Positions	260	0	0	0
Funded FTE Positions	176.58	0.00	0.00	0.00

The FY 10 adopted budget eliminated 10 positions as a result of efficiency proposals. The FY 10 adopted budget also eliminated another 32 positions in the areas of in-home services, and case management, as well as \$57,900 in operating costs. The reductions in the area of case management reduced non-grant funded client capacity from 1,470 down to 210. The reductions in the area of in-home care resulted in a non-grant cut in capacity of 130 clients served by in-house staffing, in addition to a reduction in vendor-contracted in-home services for 21 clients. In FY 10, no existing clients lost service. The clients who left the programs created vacant slots that were not filled, therefore, "capacity" was reduced.

The FY 11 adopted budget eliminated five positions in the areas of in-home services and case management. With the increased utilization of volunteers and interns in the senior center/adult day care areas, an additional four positions are eliminated. Additionally, five administration positions in the fiscal, management information systems, and quality/compliance area were eliminated. The workload for these positions was assigned to other staff and/or was redistributed to support resources provided by other Human Services departments as a result of consolidation of back office functions. Two positions were restored in the area of case management that had been deleted in FY 10. Staffing levels at three senior centers were reduced by deleting three LPN positions and the Center Manager positions require an LPN or RN license. As a result of productivity savings, administrative operating costs were being reduced by \$81,110 for lease costs and cell phone usage.

In the FY 11 adopted budget, as a result of the approval of administrative order AO-10-01, the Aging Services Department merged with the Children's Services Department and the Health and Social Services Department to become the Family and Aging Services Department.

ANIMAL SERVICES DEPARTMENT

MISSION:

Provide for the public's safety and the protection of companion animals through education and enforcement of County Ordinances and Florida state laws dealing with companion animals. Work with community partners to reduce pet overpopulation through spay/neuter and adoption programs.

KEY OBJECTIVES:

1. Enforcement/Protection – Ensure that the public's safety is adequately protected and ensure the humane treatment of animals by enforcing the Animal Ordinance and related Florida state laws.
2. Enforcement/Protection – Maintain a capability to carry out emergency disaster operations in accordance with Federal and State mandates and the County Consolidated Emergency Plan (CEMP).
3. Sheltering Animals – Ensure that all animals impounded are provided with appropriate and humane care including a clean environment, fresh water, adequate nutrition, and appropriate medical care by maintaining a ratio of one Animal Care Assistant per 1,000 impounded animals annually as recommended by the Florida Animal Control Association.
4. Rabies Tags and Licensing – Maintain a Pet Registration program for owned dogs, cats, and ferrets in order to provide for the public's safety from the threat of rabies and other zoonotic diseases and to facilitate the return of lost pets to their owners.
5. Responsible Pet Ownership Education – Promote responsible animal ownership and bite-prevention through multifaceted education programs. Also to maintain a successful, positive promotion of the Department, the County, and the profession through media exposure and outreach.
6. Animal Adoption – Maintain effective pet adoption programs to find permanent homes for in need animals impounded by the Department.
7. Pet Overpopulation – Maintain a successful low cost pet sterilization program for qualified pet owners that will help reduce the number of unwanted dogs and cats in Hillsborough County.

Funded FTE Positions	87.50	82.50	77.50	77.50

The FY 10 adopted budget eliminated seven positions and reduced operating costs by \$32,400 as a result of efficiency proposals. The proposals included the redesign of the rabies license notice mailer, eliminated one leased vehicle, and increased the effectiveness and efficiency in field operations by allowing animal control officers to use assigned patrol zones to park their vehicles. As a result of budget cuts in the FY 10 adopted budget, seven positions were eliminated resulting in the days of operation for the shelter being reduced from six to five. Additionally, in the FY 10 adopted budget, one position was funded for two months as part of the reduction in force process.

During FY 10, because of a high demand for spay and neuter surgeries for qualified low-income residents' pets, funds in the Animal Control Spay/Neuter Incentive Payment Program Fund decreased considerably. The funds for this program are appropriated from the tag fee differential amounts collected for intact animals as compared to sterilized animals. The program expended funds at nearly double the amount expended in FY 09. In the hope of increasing tag sales, the Department started another program to contact animal owners who had failed to register their animals.

In the FY 11 adopted budget, an Animal Abuse Investigator position, an Animal Care Assistant position and an Office Assistant position were eliminated as productivity savings. Additionally a Business Analyst II position was deleted, and an Animal Control Officer position that was only funded for two months in FY 10 was eliminated. In the FY 11 adopted budget, as a result of an administrative order for organizational changes within the Office of Public Affairs, a Community Relations Coordinator position was assigned to the Communications Department 25% of the time.

The FY 12 and FY 13 adopted budgets eliminated an Accounting Clerk position. In the FY 12 and FY 13 adopted budgets, four positions in the financial services function were transferred to the Fiscal and Support Services Department as a result of the reorganization of the Public Safety and Community Services team. As a result of a reduction in field officers, the Department gave up six vehicles and continued the level of operation with the current fleet resulting in cost savings of \$3,800 in both FY 12 and FY 13. Termination of the shelter's after-hours lost animal telephone line answering service and use instead of a cell phone assigned to the shelter would result in cost savings of \$2,000 in both the FY 12 and FY 13 budgets. Funding designated for the Spay/Neuter program continued to decline in FY 11 at the same time that the number of surgeries increased. Funding in the amount of \$350,000 from the countywide general fund was appropriated to supplement the program in FY 12 and FY 13. An evaluation of the program was being conducted to develop options for its continuation without long-term reliance on countywide general fund support.

FY 12 and FY 13 service levels were not anticipated to be affected by budget actions in these years.

BUSINESS AND SUPPORT SERVICES DEPARTMENT

MISSION:

Assure organizational compliance with all laws, ordinances and policies governing budgeting, procurement, human resources and other assigned administrative processes using the best professional practices available.

KEY OBJECTIVES:

1. Comply with requirements of Florida Statutes, Chapters 129 and 200, as evaluated by the Florida Department of Revenue in its annual review of Truth in Millage (TRIM) materials and through Clerk of Court acceptance of a balanced budget by Statutory deadlines of July 15 (recommended budget) and October 1 (adopted budget).
2. Develop a "Proficient" biennial budget in accordance with budget criteria established by the Government Finance Officers Association Distinguished Budget Presentation Award Program meeting the requirements of a budget as a policy document, financial plan, operations guide, and communications device. (Biennial budget submitted in even numbered fiscal years. Award valid for two years.)
3. Maintain departmental expenditures as a percent of total government expenditures at or below the GFOA benchmark average of 0.10% for budget offices in 9 major governments with budgets in excess of \$1 billion (for which the range was 0.07% to 0.19%).
4. Reduce over-reliance on property taxes as a general revenue by relying more on the non-property tax portion of total General Fund budgeted revenue from 16% to 18%, and by establishing a Countywide target of under 7 mills by FY 09. (Strategic Plan Goal 1, Objectives A and B.)
5. Set priority for transportation funding from the Community Investment Tax (CIT) and ad valorem taxes (Strategic Plan Goal 7, BOCC strategy – not quantified, no measurements) and resist unfunded mandates (Strategic Plan Goal 1, BOCC strategy – not quantified, no measurements).
6. Manage central procurement and requests for proposals with average turnaround times of 21 days for informal bids and for formal bids, the following: commodities (80 days), term contracts (80 days), services (80 days), and construction (110 average days), and 180 days for RFP's.
7. Manage and train on the Purchasing Card Program offering a monthly training class for all departments and semi-annual user group meetings.
8. Administer employee benefits program to entire workforce, and resolve inquiries within two weeks of receipt. Manage all employee benefit programs through efficient education and response to all employees.
10. Provide safety training and risk management administration to reduce accidents, losses and claims, and provide support through incentives and active involvement to departments and Safety Action Teams, while minimizing the cost of claims settlements through timely claims management.
11. Criminal Justice Liaison represents the County for public safety, criminal justice, mental health, and substance abuse issues to ensure County interests are represented and communicated clearly; builds and maintains strong collaborations with stakeholders and various segments of the community to create, coordinate, support, enhance or sustain crime reduction projects; secures 75% of the grants applied for; manages and monitors those grants; manages trust and general funds; is active with Public Safety Coordinating Council, Anti-Bullying Advisory Board, Baker Act, Marchman Act and other related groups to reduce violent crime and property crime; advocates for criminal justice programs that include best-practice or evidence based models; and pursues cost effective measures such as decriminalization of the mentally ill. The crime ranking for Hillsborough County will be the lowest of any large urban county in Florida by FY 15 (Strategic Plan Goal 5, BOCC Objectives C, D, & E).

In the FY 11 adopted budget, as a result of an organizational restructuring, the Human Resources Department, Management and Budget, and Procurement Services Department merged to become the Department of Business and Support Services. In addition, a Principal Business Analyst was transferred from the County Administrator's Office and a Manager, Debt Finance was transferred from the Debt Management Department.

During FY 11, the BOCC approved Administrative Order AO-11-01 reestablishing the Human Resources Department as a separate department with the transfer of sixteen positions from Business and Support Services. This included the recruitment, training and employee relations function. In addition, the reorganization plan transferred three positions to the County Administrator's Office (an Administrative Specialist, a Manager Debt Finance and the Management Services Administrator) and five positions from the Criminal Justice section of Community Liaisons to Business and Support Services. The Process Improvement Team made up of two positions was transferred to Government Services Administration. An Executive Secretary and a Senior Administrative Specialist were transferred from the County Administrator's Office.

The FY 12 adopted budget eliminated a Budget Manager-Capital Team, an Administrative Specialist, and a Claims Services Representative II. Operating budget expenditures were also reduced by \$16,861. An additional twelve positions and the insurance administration, claims and wellness program were moved to Human Resources Department. Budget reductions in FY 12 will not affect department service levels. During FY 12, one positions was transferred to Human Resources Department.

The FY 13 adopted budget transfers a Budget Analyst II position to the Economic Development Department to assist with contract monitoring.

CENTER FOR DEVELOPMENT SERVICES

MISSION:

Provide a customer-centric triage assistance system for the intake, processing, and issuance of building and land development permits for all residential and commercial activity within Hillsborough County.

KEY OBJECTIVES:

1. Provide a customer-centric triage assistance system for development related activities and services.
2. Building permit application intake, review, processing and tracking.
3. Building Inspection to assure the health, safety and welfare of the general public by inspecting all new and remodeled buildings for conformance with approved plans and permits; and to stop work on any project that lacks a permit.
5. Contractor licensing activities and code compliance investigations.

In the FY 12 adopted budget, "The Center" was established to provide centralized intake and processing for various development and land use issues and applications, i.e. building permits, rezoning actions, commercial site plan processing, subdivision submittals, and right-of-way information. By consolidating these functions, customers are served in one location. This department issues Certificates of Occupancy and Certificates of Completion. This consolidation enhances the efficiency of service delivery and allows for the streamlining of various processes. Positions were transferred from Development Services, Fiscal & Support Services for Infrastructure and Development, and Real Estate within the Infrastructure and Development Services Team to create this department.

The FY 13 adopted budget includes transferring 86 positions from the Development Services Department and two positions from the Public Works Department as part of consolidating Zoning Administration, Building Plans Review and Permitting, and Building Inspection Services into The Center for Development Services.

CHILDREN'S SERVICES DEPARTMENT

MISSION:

We are committed to empowering children and families to be successful, healthy, and self-reliant through education, care, and support in a safe and nurturing environment.

KEY OBJECTIVES:

1. Provide 100% of the licensed child care providers in Hillsborough County the number of monitoring visits required by County Ordinance.
2. Comply with the Federal Revised Head Start/Early Head Start Performance Standards as measured by the March 2007 Program Review Instrument Service Monitoring (PRISM) Audit and 2009 Self Assessment Evaluation.
3. The Child Outcomes Section of the Head Start Division will assure at least 3,070 preschool aged children assessments for education will be above the local, state and national standards as measured by the Galileo Education Instrument and Early Childhood and Infant Toddler screening tools.
4. The Head Start Division will provide parenting education classes to at least 3,000 families by providing multiple workshops on self-reliance, job training, mental wellness and responsible fatherhood. This is evidenced and measured through sign in sheets, evaluations of participants and parent surveys.
5. Provide residential treatment services on a 24/7 basis for up to 86 residents of the Family Treatment Program, Emergency Shelter Care, CINS/FINS and the GATES Programs. Eighty percent of clients discharged will demonstrate improved behavior.
6. Provide outpatient intake screening and counseling services for up to 3,000 Children in Need of Services (CINS) and Families in Need of Services (FINS) by September 30, 2010.
7. The four residential programs (Child & Family counseling, Emergency Shelter, Family Treatment, and GATES) will provide 18,615 days of therapeutic residential care (including family involvement) days for up to 51 youth on a 24 hour/7 day per week basis.

Funded Positions	503	0	0	0
Funded FTE Positions	478.34	0.00	0.00	0.00

During FY 08, four positions (3.55 FTE's) were added: two Senior Treatment Counselors, one Senior Social Worker, and one Project Manager III (0.55 FTE).

The FY 10 adopted budget was funded below continuation level funding as a result of the following efficiencies: the elimination of a Community Services Program Coordinator in the Child and Family Counseling Program; the purchase of a live scan fingerprint system; the surplus of two minibuses; the reduction of Head Start leases (\$320,000); the elimination of one Senior Case Manager in the Family Treatment Program whose workload was absorbed by community based organizations; and effective June 1, 2010 the elimination of the Child and Family Counseling Manager whose duties was absorbed by the Emergency Shelter Program Manager. Consequently, the Emergency Shelter Program Manager was reclassified to a Division Director due to the added responsibilities of overseeing an additional program. Other efficiencies included the elimination of one Senior Secretary in the Child and Family Counseling Program which resulted in the reclassification of a Senior Secretary to an Executive Secretary to absorb the duties of the eliminated Senior Secretary position as well as provide support to Community Support Services, the Food Program, and assisting and managing all residential programs in assuring outpatient and inpatient services are well coordinated and measured; the elimination of four Senior Treatment Counselors which resulted in the creation of two new General Manager II positions to provide supervisory responsibility over Clinical and Behavioral Programs in Residential Services; and the elimination of an unclassified Manager of Support Services in the Head Start Division to support the reclassification of a Senior Supervisor to a General Manager I, and the reclassification of one Minibus Driver to a Multi-Trades Worker II. The budget reductions included: the elimination of one Senior Secretary and one unclassified Manager in the Family Treatment Program; the elimination of an Accounting Manager in Administration, the elimination of a Senior Secretary in the Emergency Shelter Program; the elimination of an unclassified Dining Facility Manager in the Food Service Program; and the elimination of one Senior Secretary in the Child and Family Counseling Program.

During FY 10, Child Care Licensing for Child Care Centers and Homes implemented new fees and partnered with organizations to help fund their operations. In May 2009, the Board of County Commissioners approved the grant application for the Head Start and Early Head Start Cost-of-Living and Quality Improvement funds. This grant allowed Head Start to create higher level positions to allow current employees to apply and receive temporary promotions until grant funds expired in September 2010. Additional funding was obtained to fully fund the higher level positions. Therefore, the 17 lower level positions were inactivated.

The FY 11 adopted budget included reductions to offset the Medicaid revenue shortfall by eliminating five Child Care Specialists, a Treatment Counselor, and a Psychologist; reductions to offset the lack of funding for the Basic Center grant by eliminating a Treatment Counselor and a Child Care Specialist (0.49); and reductions in Head Start Services by eliminating a Senior Social Services Specialist and a Social Services Specialist. Increased funding in the School Readiness Grant allowed the transfer of 13 child care licensing positions from the Countywide General Fund. Criminal Liaison Juvenile Justice Grants provided funding for a Senior Secretary, Recreational Therapist, Delinquency Prevention Program Manager, and a reduced hour Senior Case Manager (0.50 FTE). Operating efficiencies included reclassifying a Child Care Supervisor to a Multi-Trades Worker III; four Social Services Specialists to four Licensed Practical Nurses; two Senior Social Services Specialists to a Treatment Counselor and a Licensed Practical Nurse; a Registered Nurse to a General Manager; two Senior Minibus Drivers to two Senior Head Custodians; two Minibus Drivers to two Custodians; and an unclassified Manager to a higher pay grade. The FY 11 adopted Head Start Services budget was increased by \$5.1 million due to the success of the program in obtaining additional federal funding. Countywide general fund support for the program is reduced by \$415,476.

During FY 10, an organizational restructuring merged Aging Services, Children's Services, and Health and Social Services into a new entity called Family and Aging Services Department per Administrative Order (AO) 10-01.

CLIENT AND LIAISON SERVICES DEPARTMENT

MISSION:

To advocate for citizens, communities and neighborhoods while providing reliable, respectful and fully-facilitated access to services at all times.

KEY OBJECTIVES:

Community Liaison Function

1. Community Liaisons increase advocacy and outreach activities between the African-American, Hispanic, Asian-American, and Criminal Justice communities by 3% each year and respond to queries within 24 hours. Asian-American Liaison assists in matters concerning visits from foreign officials and dignitaries, coordinates and networks with County agencies, inter-counties, state and international groups.
2. Americans with Disabilities Act Liaison represents County on disability issues and increases awareness about the 1990 ADA and other applicable disability rights law; ensures County Title II compliance with ADA, including development, review, and update of ADA Transition Plan including architectural, communication, and procedural barriers and modifications; increasing advocacy and outreach by 3% each year, and respond to queries within 24 hours.

Neighborhood & Community Relations

3. Assist 800 neighborhood associations to receive information and technical assistance within one working day 90% of the time.
4. Award 100% of available mini-grant funds to neighborhood associations with 90% of projects completed during the fiscal year.
5. Conduct outreach services for two new Community Based Plans in the unincorporated County, recruiting a minimum of 30 people per community to serve on the working committee.
6. Maintain database of neighborhood associations for contact, updating within two working days of change notices.
7. Provide an annual local conference for up to 305 participants.
8. Award neighborhood recognition awards for exemplary projects and good neighbor awards for exemplary citizens.

The department formerly known as Community Liaisons was renamed Client and Liaison Services.

During FY 11, the BOCC approved Administrative Order AO-11-01, which merged four Public Affairs and Neighborhood Relations positions from the County Administrator's Office, five Community Relations positions and five Citizen Boards Support positions from Communications, four Community Liaisons positions, and seven Community Relations positions from Customer Services Development Services Center and Administrative Services Unit Planning and Infrastructure into a new department called Client and Liaison Services, reporting to the Chief Administrative Officer. Five Criminal Justice positions were transferred to Business and Support Services Department.

The FY 12 adopted budget, per Administrative Order AO-01-03, transfers five Citizen Boards Support positions and the American Disability Act Coordinator position from Client and Liaison Services to Government Services Administration. The adopted budget also transfers the Asian-American Affairs Liaison position from Client and Liaison Services to Economic Development Department and a Senior Administrative Specialist position from Client and Liaison Services to Government Services Administration.

The FY 12 adopted budget included \$25,054 in one-time funding for a Citizen Request Management software maintenance agreement.

The FY 13 adopted budget, per an Administrative Order, establishes a new department called Office of Community Affairs. Three positions from Client and Liaison Services, one position from Economic Development Department, and one position from Public Utilities are transferred to this new department. The Administrative Order also transfers thirteen positions from Client and Liaison Services to the Communications Department and one position from Client and Liaison Services to Government Services Administration.

CODE ENFORCEMENT DEPARTMENT

MISSION:

Preserve the quality and value of public and private property and maintain a high standard of living by eliminating conditions that threaten the life, health, safety, and general welfare of the public.

KEY OBJECTIVES:

1. Code Enforcement: Respond to code enforcement complaints within 5 working days from receipt 98% of the time by September 30, 2012.
2. Code Enforcement: Increase the percentage of code violations resolved within a 6-month period to attain a 90% resolution rate by September 30, 2012 (Strategic Plan Goal 5, Objective O).
3. Burglar Alarm Enforcement: Obtain collection on 90% of fines assessed by 9/30/2012.
4. Sign Removal: Remove at least 35,000 snipe signs from the rights-of-way of unincorporated Hillsborough County roads and streets during FY 12.
5. Condemnation & Demolition: Facilitate the demolition or repair of at least 55 hazardous, condemnable structures during FY 12.

Funded FTE Positions	53.00	49.00	53.00	52.00

The FY 10 adopted budget included the elimination of eight positions with \$140,658 in related operating costs. The elimination of these positions resulted in approximately 9,000 fewer removal of illegal signs and 39,200 property inspections (a 6% reduction over FY 09) resulting in a 84% compliance of cases within 6 months. A 10% reduction in cases referred to the Code Enforcement Board was anticipated. Approved efficiencies totaling \$41,465 included the termination of cell phones, recycle case file folders, paperless inspection notifications, labeling of file folders, and the use of Community Service Workers from the Sheriff's office to clean up certain properties and right of ways. In addition, one unclassified position, Manager of Code Enforcement, was eliminated. The Accounting Clerk II and the Community Relations Coordinator were retained and funded by a Federal Stimulus grant for one year. The State Stimulus grant provided funding for the retention of three Community Codes Investigator positions for one year. The annual state formula grant provided funding for two retained Community Codes Investigator positions for three years. During FY 10, a Community Relations Coordinator position was transferred to Communications.

The FY 11 adopted budget included the elimination of three Community Codes Investigator I positions with \$38,770 in related operating expenses. Productivity savings of \$45,944 were generated from reductions in travel, wireless air cards, demolition costs, office supplies and equipment, and the utilization of local, in-house and free training opportunities. A reduction in replacement and insurance costs resulted from the elimination of two vehicles. An additional \$10,000 in productivity savings in the Property Improvement Program resulted from the agreement entered into during FY 10 with the Sheriff's Office to use Community Service Workers to clean up certain properties and right of ways. The Accounting Clerk II, Community Relations Coordinator, and three Community Codes Investigators funded in FY 10 by stimulus grants for one year were funded in FY 11 by the extension of State Stimulus funding and, Federal and State Justice Assistance Grants.

During FY 11, the County Administrator's reorganization plan included the transfer of five inspector positions and the inspection function from the Affordable Housing Department to Code Enforcement.

The FY 12 adopted budget included the elimination of an office assistant position and the transfer of a General Manager I position to Affordable Housing Department.

The FY 13 adopted budget is funded at continuation level.

COMMUNICATIONS AND DIGITAL MEDIA SERVICES

MISSION:

Provide accurate and timely Hillsborough County information, outreach and services to the public through traditional and innovative means in order to connect people with their County government and inspire public confidence and participation.

KEY OBJECTIVES:

1. Public Information: Provide timely, accurate and complete information of public interest to both employees and citizens, while ensuring 100% compliance with the Florida Sunshine Law.
2. Hillsborough Television: Maintain the County's cable TV station by producing and televising government meetings and other programs about County government and its services. Provide audio/visual services for the BOCC, administration, and county offices and produce 50 productions per year. Provide access to County government through cable channels, internet streaming, and social media videos.
3. Internet and Intranet services: Provide a functional Internet and Intranet site with ease of use in locating online services; information, databases and documents; making inquiries concerning service delivery; and working to provide a 24/7 electronic County Center.
4. The Hillsborough County Citizen Services Center addresses all concerns that the citizens of Hillsborough County may have in interacting with county government. An essential part of the center's operation is to provide after hours emergency contact assistance to the public and law enforcement in providing emergency assistance from county departments.

The FY 10 adopted budget eliminated five positions including a Print Services Manager, one Station Manager, two Senior Television Producers, and one Television Producer/Director. An additional two limited duration Television Program Specialist positions added in FY 09 expired and were not part of the FY10 budget.

During FY 10, BOCC approved Administrative Order AO-10-03, which permanently reassigned eight positions from Code Enforcement, Public Works, Water Resources Services, and Parks, Recreation, and Conservation to Communications Department. One position from Animal Services was assigned to Communications Department 25% of the time, the position and FTE count remained in Animal Services.

The FY 11 adopted budget included productivity savings which reduced overtime and operating expenses. Two positions responsible for televising non-BOCC meetings were reclassified from Broadcast Engineer to Electronics Technician I and TV Videographer to Production Assistant. The Unincorporated Area General fund included increased funding for indirect administrative costs. Capital outlay funding to replace old and antiquated equipment of video and audio capital equipment was reduced. As a result of the organizational changes, two positions were reclassified: Public Relations Information Specialist I to Public Relations Information Specialist II and General Manager I to Community Relations Coordinator. Funding for one Community Relations Coordinator was included in the Community Liaison's department budget.

During FY 11, the BOCC approved Administrative Order AO-11-01, which merged four Public Affairs and Neighborhood Relations positions from the County Administrator's Office, five Community Relations positions and five Citizen Boards Support positions from Communications, four Community Liaisons positions, and seven Community Relations positions from Customer Services Development Services Center and Administrative Services Unit Planning and Infrastructure into a new department called Client and Liaison Services, reporting to the Chief Administrative Officer.

The FY 12 adopted operating budget reflected savings totaling \$12,400 primarily in the areas of telecommunications, printing and binding, postage, pre-employment medical testing, and other professional services. One limited-duration position (1.00 full time equivalents) funded by Criminal Justice Grant funding was eliminated.

During FY 12, the BOCC approved Administrative Order AO-12-01, which reorganized and renamed Communications Department to Communications and Digital Media Services Department. The administrative order also reclassified two unclassified managers to Division Directors and transferred thirteen positions from Client and Liaison Services to Communications and Digital Media Services Department.

The FY 13 adopted budget was funded with no additional budgetary changes.

CONSUMER PROTECTION AGENCY

MISSION:

To enforce consumer protection laws and to protect and educate Hillsborough County consumers, in the marketplace and business community, against economic losses resulting from unfair, deceptive and illegal business practices. Present criminal cases to the State Attorney and Attorney General for review and prosecution. Recover losses for consumers through investigation and mediation.

KEY OBJECTIVES:

1. Receive, investigate, mediate, and/or refer at least 700 written consumer complaints.
2. Conduct at least 75 consumer outreach/education events at schools, community events, civic and neighborhood meetings.
3. Complete at least 6 consumer related criminal investigations for prosecution.
4. Receive, respond, and assist all citizen inquiries on consumer protection matters.
5. Administer and maintain the "pain management clinic" license program.

The FY 10 budget eliminated the Professional Responsibility section and five positions, which included one unclassified position. Two positions were transferred to other functions. The Equal Employment Opportunity (EEO) Manager transferred to the office of the Equal Opportunity Administrator and assumed responsibility for all EEO investigations—both internal and external. A Chief Investigator/Professional Responsibility transferred to County Administrator's Office to consolidate within that department the handling of investigations involving County employees.

During FY 10, the State American Recovery and Reinvestment Act (ARRA) Justice Assistance Grant (JAG) funded a Consumer Protection Investigator I (1.00 FTE) for one year.

The FY 11 adopted budget includes productivity savings which reduced operating expenses for the Consumer Protection Agency, while adding additional operating funds for Pain Management Clinic Licensing. Funding for one position was transferred from Community Liaison. Due to limited Federal Justice Assistance Grant (JAG) funding, one Consumer Protection Investigator I was reduced to permanent part time (0.60 FTE) for one year.

During FY 11, the BOCC approved Administrative Order AO-11-01, which merged nine positions from Consumer Protection, three positions from Equal Opportunity Administrator, one position from HIPAA Compliance Office, two positions from Process Improvement Team from Business and Support Services, two positions from Compliance Services, one position from Agenda Process, and one position from Reception from the County Administrator's Office into a new department called Government Services Administration, reporting to the Chief Administrative Officer.

One permanent part-time limited-duration position (0.60 full time equivalents) funded by Federal Justice Assistance Grant (JAG) funding is eliminated.

CO-OP EXTENSION SERVICES DEPARTMENT

MISSION:

To provide positive solutions to the citizens of Hillsborough County with research based knowledge and education from the University of Florida and USDA that focus on strengthening the community, sustaining natural resources and promoting healthy individuals, youth and families.

KEY OBJECTIVES:

1. Provide six hours or more of youth development and leadership educational programs through 4-H to Hillsborough County residents (ages 9-19) delivered by staff and trained volunteers.
2. Provide research based information/education to agricultural producers and information concerning agriculture as an industry to the Hillsborough County public, assisting agricultural Farm-Gate value growth.
3. The Urban Horticulture program provides homeowners and professional horticulture service workers information/education on Best Management Practices for composting, water conservation and environmental landscape management. Clients will report adopted conservation techniques and sustainable practices.
4. Family and Consumer Sciences programs in nutrition, home environment, parent education and financial management will help County residents make decisions and adopt behaviors that improve their lives. Clients will report improved parenting, nutrition, and financial management skills and practices.
5. Provide the citizens of Hillsborough County with prompt and timely response to their needs and maintain the highest level of customer satisfaction.
6. Increase the information delivered via technology.

The FY 10 adopted budget included efficiency savings to transfer funding for the Florida Yards and Neighborhood Urban Horticulture Program Coordinator position to the Florida Yard and Neighborhood Program Tampa Bay Water grant. Additional efficiency savings were reflected in the operating expenditure budget by increasing the use of grant funds and cutting costs in various operating areas. Budget reductions included the reclassification of one Senior TV Producer/Director to a Program Coordinator and the elimination of two positions: one Senior Secretary at the Aquaculture Lab and one part-time Program Assistant the Bette S. Walker Discovery Garden. Aquaculture Lab administrative support has been maintained by replacing the eliminated position with a contract with the University of Florida to provide this function. The budget for this contract was included in the Governmental Agencies area of the budget and was managed by Health and Social Services department.

The FY 11 adopted budget included productivity savings and budget reductions, which eliminated two positions, Adult and 4H Young Expanded Food Nutrition Education Program (EFNEP) Extension Agents. Through six-year-renewable and annual-recurring federal grants, the University of Florida (UF) was able to fund each position which allowed for continued services for Extension. Additional productivity savings were reflected by reducing funding for an Instructional Media Extension Agent, a contractual non-payroll staff member, who continued to provide services for Extension, as the UF continued to fund this position without reimbursement from Hillsborough County. Of the 43 total staff in this department, 27 were funded through County payroll, with four also funded through UF payroll. The remaining 16 were UF salaried employees, with one funded from Florida Agricultural and Mechanical University.

The FY 12 adopted budget was funded at a reduced level which eliminated a Senior Secretary position and transferred an Accountant I position to the Fiscal and Support Services Department – Public Safety and Community Services. The increase in operating expenditure was attributed to the \$51,999 assessment in the Countywide General Fund for direct administrative costs to support the Fiscal and Support Department – Public Safety and Community Services.

The FY 13 adopted budget funded a Multi-Trades Worker II position for three months, at which time the position will be eliminated upon retirement of the incumbent, providing a savings of \$45,938. The cleaning and maintenance duties will be contracted out at an annual cost of \$20,000. The budget also included savings to operating expenses in the amount of \$50,539.

COUNTY ADMINISTRATOR

MISSION:

Provide sound administration and execution of Hillsborough County programs and finances for the Board of County Commissioners as evidenced by comparisons with other local governments, and provide opportunities for public interaction with the Board on the budget that guides both finances and programs.

KEY OBJECTIVES:

1. Develop and recommend an annual balanced budget (a biennial budget in odd numbered fiscal years) by the first Board meeting in June to provide 3 months' public exposure to the budget and to facilitate public comment to the Board well in advance of Board adoption at September public hearings.
2. Maintain bond ratings of at least Aa (Moody's), AA (Standard and Poor's), and AA (Fitch Ratings) on general obligation debt. (Strategic Plan Goal 1, Objective C.)
3. Benchmark services provided by departments and agencies under County Administration against Florida cities and counties through participation in the Florida Benchmarking Coalition (FBC), participating in all of the service categories and at least 85% of the service measures.

SERVICES/MEASURES:	Key Obj Num	Baseline/ Historical Actual FY 10	Baseline/ Historical Actual FY 11	Baseline/ Historical Actual FY 12	Projected FY 13

Funded FTE Positions	19.00	19.00	11.00	11.00

The FY 10 adopted budget eliminated 16 positions, transferred six positions to Library Services, and reduced operating expenses to better align the budget with historical spending patterns. Support positions within County Administration were physically aligned with those of Management and Budget and Debt Management Departments forming a Business Center to support these departments. Other personnel changes included transferring one position from Management and Budget Department and one position from Consumer Protection Department to strengthen the handling of disciplinary issues involving County employees.; and transferring six positions and operating funding to Library Services to consolidate reference and referral functions.

The FY 11 adopted budget eliminated one position, transferred one position to Business and Support Services Department, reduced operating costs for the Neighborhood Conference, and transferred two positions from the Debt Management Department which was dissolved.

During FY 11, the Board of County Commissioners approved Administrative Order AO-11-01 Reorganization of the County Administrator's Office, which transferred four positions along with associated operating costs, including the Neighborhood Enhancement Program (\$96,000) and the projected balance of the Neighborhood Tree Mini-Grant Program (\$207,169), to the newly named Client and Liaison Services Department; transferred three positions to the newly established Government Services Administration Department; transferred two positions from the Business and Support Services Department; and eliminated one position; resulting in a net reduction of six positions within the department.

The FY 12 adopted budget eliminated two positions for a cost savings of \$159,629.

The FY 13 adopted budget is funded at continuation level.

DEBT MANAGEMENT DEPARTMENT

MISSION:

Manage the County's issuance of debt and its debt obligations in a manner that serves the public interest, complies with the policies and meets the goals of the County Commission; complies with all federal tax and securities laws; ensures that appropriate financial controls are exercised; and enhances the long-term fiscal health of the County.

KEY OBJECTIVES:

1. Debt Administration, Issuance and Refinancing -- (A) Identify, analyze and develop new financings to fund infrastructure and capital requirements approved by the BOCC at the lowest cost and highest possible credit ratings; (B) maximize interest cost savings by refinancing outstanding debt as indicated by financial and/or legal changes; and (C) administer outstanding debt to maintain general credit ratings of at least Aa2/AA/AA; and (D) ensure that Hillsborough County is financially strong enough to influence its destiny by applying efficient and/or effective policies and practices. **[Note:** Achievement of effectiveness targets for this objective is subject to economic and market conditions over which the Department has no control.]
2. Financial Advisory Services -- Ensure the consistent application of sound financial business principles and compliance with outstanding debt covenants 100% of the time: (A) provide general financial advice to departments and agencies including development of capital financing and business plans; (B) evaluate the creditworthiness and financial condition of bidders/respondents to RFP's; and (C) advise in the preparation and updating of strategic business plans for the Enterprise Systems.
3. Municipal Securities Market Compliance and Disclosure -- Research, compile, and submit financial information to ensure 100% compliance with municipal securities market disclosure requirements.
4. Financial & Credit Evaluations of Conduit Bond Issues -- Evaluate the credit, financial condition, and proposed transaction structures of Community Development District and conduit bond applicants and recommend to the BOCC only those transactions in which there is a reasonable expectation of borrower compliance with scheduled debt repayment.

The FY 10 adopted budget included the Manager of Business Services position being split funded to reflect the assignment of duties. This realignment transferred .5 FTE totaling \$76,486 from the General Fund to the Solid Waste Enterprise Fund. Operating costs were decreased by \$9,816. A Housing and Finance Advisor position was eliminated and operating costs were reduced by \$6,064 as productivity savings. This position was transferred to Debt Management during FY 09 and was not reflected in the Department's FY 09 adopted budget.

The FY 11 adopted budget transferred the debt management responsibilities to the Clerk of the Circuit Court. A Senior Debt Finance Manager and a Manager of Business Services position were eliminated totaling \$237,531 as well as operating costs of \$35,463. The Utilities Commerce Administrator position and a Senior Administration Specialist position were transferred to the Office of the County Administrator at a cost of \$290,224. A Manager of Debt Finance position was transferred to the Business and Support Services Department at a cost of \$146,742.

DEVELOPMENT SERVICES DEPARTMENT

MISSION:

To efficiently and effectively manage Hillsborough County's planning and growth management system consisting of the following core services: Code Development, Zoning Administration, Grants Administration, Special Purpose Studies, Land Use and Development Counseling.

KEY OBJECTIVES:

1. Zoning Administration: Process applications for rezonings, variances, conditional uses, special uses, and land use appeals.
2. Land Use and Development Counseling: To counsel property owners, developers and consultants on the proper application of County Codes to their projects prior to the initiation of development activities.

Total	\$20,265,816	\$17,454,984	\$17,165,218	\$3,734,755

Funded Positions	185	168	144	29
Funded FTE Positions	176.96	168.00	144.00	29.00

The FY 11 adopted budget included 9.21 FTE reductions in the Unincorporated Area General Fund (UAGF). The following five positions were eliminated: one Community Planner II, one Landscape Examiner, one Planning and Zoning Tech II, one Principal Planner, one Professional Engineer I and 10 part time; 2.96 FTE's in temporary personnel at a cost savings of \$676,788. Transfers to other funds included 1.25 FTE's. An Administrative Specialist Position was transferred to the Transportation Trust Fund (TTF) at \$81,328. The Impact Fee Program Manager position was transferred to the Business and Support Services Department; .25 FTE at \$25,828 from UAGF and .75 FTE at \$77,485 from the Impact Fee Fund. Productivity savings of \$111,392 in the UAGF were included in operating costs. The Impact Fee Fund was reduced with a transfer of .50 FTE Principal Planner position to the Transportation Trust Fund. This was offset by the elimination of one Manager of Transportation Planning at \$130,598 in the TTF. The Building Services Fund had productivity savings of \$548,997 primarily due to the relocation from Net Park to the County Center in FY 10. During FY 11, the Board of County Commissioners approved the realignment of funding and 20 positions from the administrative functions located in the Development Services department (former Planning and Growth Management) and into the Infrastructure & Development Services Fiscal Support Services (IDS).

The FY 12 adopted budget included an organization restructure that transferred five positions within the IDS team and one position to Economic Development. After evaluating the overall programs within the department, ten positions were eliminated as business opportunities. In addition, Development Services added 12 new positions to support building inspections and plans reviews. The staffing increase addressed pending building code compliance cases, decreased the backlog of inspections, generated additional revenue through the issuance of citations, and assisted the code compliance team. The department identified savings through business opportunities within their operating and capital expenditures.

The FY 13 adopted budget includes transferring one position to Fiscal & Support Services Infrastructure and Development, 31 positions to Public Works, 86 positions to the Center for Development Services, one position from Real Estate Services, and one position from Public Works for a net reduction of 115 positions. In addition to personnel changes, the following functions are reassigned: Building Plans Review and Permitting, Zoning Administration, and Building Inspection will move to The Center for Development Services; and Development Plan Review will move to Public Works. A business opportunity for County Planning and Land Use Services transfers one position to Building Services Fund for a cost savings of approximately \$65,326 to Unincorporated Area General Fund. As a result of these changes, Development Services will provide the sole function of Land Use and Development Counseling.

ECONOMIC DEVELOPMENT DEPARTMENT

MISSION:

Improve employment opportunities of County residents by encouraging creation and retention of quality jobs throughout the entire range of economic activities in the County.

KEY OBJECTIVES:

1. Work with public and private organizations to promote job growth through corporate/business relocation, retention, and expansion; increase the number of corporate prospects making a commitment to at least 25%.
2. Provide information, technical assistance, business disaster information, workshops/counseling, and access for financing to existing and startup small businesses, responding within three days to requests.
3. Provide assistance to disadvantaged minority/disadvantaged women and small business enterprises (DM/DWBE & SBE) to increase their participation in the County's procurement programs.
4. Encourage growth and retention of the County's agri-business industry, resolving at least 65% of agriculture projects/issues.
5. Promote the growth of tourism/convention activity and spending within the County by administering with the Tourist Development Council tourist development tax receipts and providing technical assistance to recipient agencies, increasing assistance to tourism entities by 2% annually.
6. Encourage private investment in the University Area by administering the Enterprise Zone Program, targeting a 2% annual increase in new businesses and jobs for area residents.
7. Support economic development initiatives that promote the creation and retention of quality jobs that result in a local average wage exceeding the State average by at least 5% and equal to at least 95% of the national average.
8. Reduce the percentage of County residents living in poverty to the lowest quartile of counties in the State of Florida based on the 2010 Census.
9. Support economic development initiatives that maintain an annual unemployment rate at least 1 percentage point below the State and national averages.
10. Support economic development initiatives that maintain annual employment growth rates equal to or greater than the State and national averages.
11. Diversify economic base by targeting appropriate new industries in order to improve the average wages and reduce unemployment as measured by the objectives above.

Note: Data for FY10 & FY11 was combined.

*In FY10, official preliminary data indicates a net total job loss of 7130 for Hillsborough County, in large part due to the national economic downturn. During this same period, new job announcements of 1,481 represent an offset to those job losses and a creation of 768 jobs over those lost.

**Data is from August 2011-August 2012 due to September 2012 data unavailable.

During FY 11, the Board of County Commissioners approved establishing a limited duration Office Assistant III with City of Tampa funding to provide administrative support for business workshops and Enterprise Zone Coordination.

The FY 12 adopted budget included the following personnel changes: transferred one position and associated operating from Client and Liaison Services Department, transferred one position and associated operating from Development Services Department, eliminated a temporary position (0.13 FTE), increased one position by 0.30 FTE, decreased one position by 0.20 FTE, and changed seven positions from part-time to full time resulting in a net increase of one position and 4.77 FTEs.

The FY 12 adopted budget included several one-time funding increases. The budget added \$500,000 for the Corporate Business Development (CBD) Services BioTech Innovation Fund Program; \$2,000,000 for the CBD Closing Fund which is a financial incentive program to maintain a business friendly environment to encourage corporations to create and sustain quality employment opportunities; \$500,000 for the CBD Technology And Manufacturing Research and Development (TAMRAD) Incentive Program; \$100,000 for the Agriculture Innovation Program which encourages job creation, capital investment, and positive economic impact in agriculture industry sectors; and \$250,000 for the Small/Minority Business Development (SMBD) Services Incentive Fund. These additions to the budget were funded by transfers of \$1,850,000 from the Countywide General Fund and \$1,500,000 from the Unincorporated Area General Fund.

The FY 12 adopted budget for Small/Minority Business Development (SMBD) included operating increases of \$96,135. The HUD Community Services Development Block Grant in Affordable Housing's budget provided \$308,000 for SMBD operations. The Countywide General Fund included \$168,999 from the City of Tampa for technical assistance to small/minority businesses in the City of Tampa, and \$75,568 from the University of South Florida Small Business Development Center for business workshops and counseling services to small/minority businesses in Hillsborough County.

During FY 12, the Board of County Commissioners (BOCC) approved: an Agreement with the USF Heart Institute to establish various operating facilities throughout Hillsborough County for \$1,000,000 in FY 12 and \$250,000 annually for FY 13 through FY 16; an Agreement with the Tampa Bay Sports Commission Inc., to support sports event programming services for \$375,000 in FY 12 and \$125,000 in FY 13, allocated \$500,000 of one time funding to Tampa Bay & Company to support industry promotion; and Administrative Order AO-12-02 Reorganization of Client and Liaison Department which transferred one position and associated operating to the newly established Office of Community Affairs.

The FY 13 adopted budget includes transferring one position from Business and Support Services and reappropriating one time funding of: \$225,000 for Tampa Bay & Company, \$385,922 for Small Minority Business Development, \$100,000 for Agriculture Innovation Program, \$500,000 for Bio Tech, \$500,000 for Technology and Manufacturing Research and Development (TAMRAD), \$2,000,000 for Closing Fund, and \$203,288 for Corporate Business Development.

EMERGENCY DISPATCH CENTER

MISSION:

Coordinate all efforts in the preservation of life and property with expediency, accuracy and compassion.

KEY OBJECTIVES:

1. Answer, triage, and allocate appropriate emergency and/or non-emergency resources for over 200,000 requests for service, providing pre-arrival medical instructions for all 9-1-1 callers and the dispatch of Advanced Life Support (ALS), Basic Life Support (BLS), and fire apparatus.
2. Perform electronic notifications and process 24x7 requests that contain information regarding routine, significant and/or sensitive events to public safety and public service entities at both local and state levels.
3. Provide 24x7 call processing and dispatching for mental health transports countywide for the Crisis Center.
4. Maintain databases that are necessary to assure accurate location and response scenarios.
5. Maintain the administrative integrity of BOCC appointed Emergency Medical Planning Council (EMPC).-

The FY 10 adopted budget eliminated two Communication Supervisors and a Digital Communication Dispatcher. This reduction diminished capacity by increasing call answering time from four seconds to five seconds. The operating budget was reduced in FY 10 primarily due to a decrease in indirect costs allocated to the department.

The FY 11 adopted budget was funded at continuation level.

During FY 11, the Emergency Dispatch Center Department was merged into the Fire Rescue Department per Administrative Order AO-11-01, Reorganization of the County Administrator's Office.

EMERGENCY MANAGEMENT DEPARTMENT

MISSION:

Serve as the focal point for emergency management in Hillsborough County. Provide support to citizens, businesses, and government agencies in all matters relating to emergency management. Develop, implement, and maintain a comprehensive, all hazards approach to disaster preparedness, response, recovery, and mitigation that incorporates the National Incident Management System (NIMS) guidelines as well as State and local directives and guidelines.

KEY OBJECTIVES:

1. Maintain a comprehensive public education program to inform the public about hurricane preparedness and emergency management.
2. Maintain a comprehensive, all-hazards exercise program that conforms to the National Incident Management System (NIMS), Homeland Security Exercise & Evaluation System (HSEEP), and other applicable standards and protocols.
3. Coordinate the evacuation and sheltering of county residents during an impending or existing emergency situation.
4. Meet or exceed state and regional standards for emergency shelter capacity.
5. Assist county departments/agencies, healthcare facilities, and local businesses in maintaining a high level of emergency preparedness.
6. Maintain a state-approved countywide Comprehensive Emergency Management Plan (CEMP).
7. Maintain a highly skilled and professional Emergency Management workforce through continued professional development of staff.

Funded Positions	11	11	0	0
Funded FTE Positions	10.60	10.60	0.00	0.00

The FY 10 adopted budget increased reliance on grant funding and reduced dependence on the General Fund. Operating budget reductions impacted the County's disaster notification capacity in the event of a disaster or pending disaster, reduced in weather updates for Emergency Management Staff, and discontinued the printed hurricane guides for the public.

The FY 11 adopted budget eliminated a grant match transfer of \$102,064 since the grant requirements were met through the local emergency budget. The percentage of each position charged to the Countywide General Fund increased to accommodate this shift in funding requirements. Productivity savings of \$35,465 were provided in reduced operating costs.

During FY 11, the Emergency Management Department was merged into the Fire Rescue Department per Administrative Order AO-11-01, Reorganization of the County Administrator's Office.

EQUAL OPPORTUNITY ADMINISTRATOR

MISSION:

Enforce the Human Rights Ordinance 00-37 and all related laws to ensure equal opportunity for all residents in unincorporated Hillsborough County and Plant City. Also, conduct internal equal opportunity (EO) discrimination, harassment, and/or retaliation investigations for complaints made by or against employees that fall under the jurisdiction of the County Administrator.

KEY OBJECTIVES:

1. Complete investigations of employment, housing, contracting and procurement, and public accommodations discrimination complaints filed under the Human Rights Ordinance 00-37 within 180 days.
2. Respond to citizen's requests for assistance and service within 24 hours.
3. Complete investigations of internal EEO discrimination complaints within 120 days.

Total	\$250,325	\$180,287	\$0	\$0

Funded Positions	3	3	0	0
Funded FTE Positions	3.00	3.00	0.00	0.00

The FY 10 adopted budget reflected budget reductions that eliminated two positions: one Equal Opportunity Administrator and one Equal Opportunity Specialist. One Equal Employment Opportunity Manager position was transferred from the Consumer Protection Agency and assumed responsibility for all EEO investigations – both internal and external. The reduction of one position negatively affected the department's ability to receive, investigate, and resolve housing complaints filed. Funding for one Senior Equal Opportunity Specialist position was shifted from the Countywide General Fund to the Fair Housing Assistance Program (FHAP) grant (50%) and the HOME Investment Partnerships Program (HOME) grant (50%), in order to maximize the HOME award amount of \$35,000. The adopted budget also reflected a shift in funding for a Senior Secretary position from the FHAP grant to the Community Development Block (CDBG) grant, in order to maximize the CDBG award amount of \$30,000. All operating expenses were budgeted in the FHAP grant.

The FY 11 adopted budget reflected budget transfers between grants and the establishment of a reserve account in the FHAP grant to allow for the better use of funds. The department utilized Affordable Housing funding to partially fund two positions. The \$35,000 HOME Investment Partnerships Program (HOME) grant and \$30,000 Community Development Block (CDBG) grant were included in Affordable Housing's department budget.

During FY 11, the BOCC approved Administrative Order AO-11-01, which merged nine positions from Consumer Protection, three positions from Equal Opportunity Administrator, one position from HIPAA Compliance Office, two positions from Process Improvement Team from Business and Support Services, and two positions from Compliance Services, one position from Agenda Process, and one position from Reception from the County Administrator's Office into a new department called Government Services Administration, reporting to the Chief Administrative Officer.

FACILITIES MANAGEMENT SERVICES DEPARTMENT

MISSION:

Provide comprehensive facility management services to ensure a safe, pleasant, functional, and sustainable environment throughout County facilities while maintaining the operating plant in good condition, controlling operating costs, and protecting the County's investment in its facilities.

KEY OBJECTIVES:

1. Effectively and efficiently operate and maintain the County's facilities.
2. Ensure the effective delivery of support services in support of facility operations.
3. Deliver quality capital facility projects in support of department and agency missions on time and within budget.
4. Perform facility asset management and repair / renovation to ensure facility assets are preserved.
5. Support the delivery of the County's Public Art Program.

As a result of the County Administrator's approved reorganization, the FY 12 adopted budget created the new Facilities Management Services Department. Facilities Management Services included the transfer of two positions from Public Works and 109 positions from the following programs within the Real Estate Department: Architecture Services, Public Art, R3M (now Repair and Preservation), and Facilities Maintenance. The new department reflected business opportunities with cost savings of approximately \$1.1 million that included the elimination of six positions and the transfer of a Project Manager IV to Fiscal and Support Services Infrastructure and Development Department and savings in the following areas: energy, City of Tampa solid waste, paper products, recyclable office materials, and service center custodial services. The department's budget included \$4 million for energy and utility costs as well as over \$2 million in contracted services.

The FY 13 adopted budget includes: transferring two positions to Fiscal & Support Services Department - Infrastructure & Development Services; eliminating one position and transferring the funding to Code Enforcement Department; eliminating one position; transferring one position from Fiscal & Support Services Department - Infrastructure & Development Services; and reducing electricity by \$250,000 as a business opportunity.

FAMILY AND AGING SERVICES DEPARTMENT

MISSION:

Assist families in achieving their maximum level of self-sufficiency -- with an emphasis on protecting and nurturing at-risk children, seniors, and families.

KEY OBJECTIVES:

Health & Social Services Division

1. Implement restructuring recommendations for the HealthCare Program approved by the BOCC and implement the operational and eligibility changes made by the Study Committee as adopted by the BOCC at its October 7, 2009 meeting.
2. Maintain a General Assistance (GA) program that assures over 18,500 households receive assistance within the dollars available in the approved budget, and manage existing social service related grant programs to assure all grant funds are spent in accordance with the terms of the grant. Transitional Objectives: a) Help 1,000 families move out of poverty through intensive case management in FY-10; b) provide case management services to 15,000 families which result in an increase of at least one level on a Results Oriented Management and Accountability (ROMA) self-sufficiency scale.
3. Maintain an effective employment opportunity program that moves 240 clients into employment and helps them reach maximum self sufficiency.
4. Meet 90% goal of on time delivery performance for Sunshine Line transportation service.
5. Actively seek grant and other funding sources to offset the need for more Health Care Trust Fund and ad valorem funding for Department programs. In accordance with Strategic Plan goal, obtain minimum of one successful new grant application each year.
6. Provide services to at least 1,900 homeless applicants (a family or single individual) annually.
7. Coordinate the provision of at least 400,000 Summer Food services (lunches and snacks) to eligible children.
8. Provide stewardship over the Ryan White Program in order to 1) ensure high quality of services at a reasonable cost to at least 6,290 individuals annually affected by HIV, and 2) ensure that the federal, state, and County guidelines are followed.
9. Assist at least 30,061 veterans/dependents/survivors annually in obtaining Veteran's benefits in the amount of at least \$19.4 million with emphasis on serving homeless veterans.
10. Award final contracts for replacement of the client assistance management information system by 1st quarter FY 2012. The information system was deployed in 1993 and currently nearing the end of its developmental life cycle.
11. Reduce morbidity and mortality from trauma by planning, coordinating, and evaluating the trauma care system across a continuum of services. Reduce/maintain over-triage of injured citizens and visitors to 15% or less.
12. Participate in the Prosperity Campaign of Hillsborough and Pinellas Counties and facilitate the return of approximately \$8.5 million in tax returns to residents of Hillsborough County, thus helping Hillsborough County achieve its goal of reducing the percentage of County residents living in poverty to the lowest quartile of counties in the State of Florida on the 2010 census.
13. Survey and measure customer satisfaction for Department services with the objective of making continuous improvements in customer service.

Aging Services Division

14. In-Home Care – Continue serving frail, functionally impaired elderly clients that are at the greatest risk of nursing home placement. Provide continued services on balance with available funding. Work toward reducing the number of eligible elders waiting to receive services, to the maximum extent possible.
15. Senior Centers – Increase Senior Center visits/day care hours commensurate with the growth in the demand for services and available funding. Maintain 8 senior centers and 18 congregate and satellite dining sites assuring compliance with fire, health and licensing guidelines, and Americans with Disabilities Act requirements resulting in licensing of 100% of our facilities, while focusing on the clients' health and safety.
16. Nutrition – Provide breakfast and hot pre-plated lunch to senior citizens at 8 senior centers and 18 congregate and satellite dining sites to meet at least two-thirds of the daily nutritional requirements for clients aged 60 and over, resulting in achieving and maintaining improved nutritional status with at least 95% client satisfaction. Weekly, frozen meals are delivered to home-bound elderly clients.
17. Case Management – Provide case management services to link clients with community resources meeting their needs. Additionally, successfully link 100% of clients referred from the State of Florida Department of Children and Families Adult Protective Services to services within 72 hours of referral.
18. RSVP – Maintain at least 50% of volunteers in outcome-driven volunteer assignments.
19. Quality Improvement – Continue transition from a complaint driven, compliance oriented work environment to a high performance organization in a continuous quality improvement environment achieving 95% client satisfaction with services.
20. Seek to implement more innovative and effective means of providing transportation for the elderly with improved transportation services provided to Aging Services clients (Strategic Plan Goal 5, Board Initiated Strategy 6).
21. Improve the quality of life of services recipients by meeting established goals for key performance outcome measures: client home environment (safety); nutrition status (health); activities of daily living (ADL); instrumental activities of daily living (IADL); service to high risk adult protective services (APS) referred clients; services to clients at imminent risk for nursing home placement; and, caregiver quality of life.

Funded Positions	0	1,023	840	836
Funded FTE Positions	0.00	893.59	767.57	764.57

The FY 12 adopted budget in the Aging Services Division eliminated 10 Adult Service Aides, one Project Coordinator, and one Aging Services Specialist. Personnel costs were reduced by having 15 Adult Day Care Aides work 6 hours instead of 8 hours, eliminating six Food Service Aides, one Executive Secretary, and one Human Services Supervisor. The FY 12 adopted budget eliminated 12 Food Service Aide positions, 70 of the 85 Home Delivery Driver part-time positions, one Accounting Clerk administrative support position, and one Manager of Nutritional Activity. Reductions were also made in the case management and in-home care services capability by eliminating one Case Manager and reducing in-home care services costs by \$252,720. The FY 12 adopted budget in the Health and Social Services Division eliminated one Contracts Manager and two Community Services Program Coordinators. Additionally, due to grant funding ending, two positions were deleted. Pursuant to BOCC approval, two Veteran Services Officer were added, as well as one Division Manager of Administrative Services. In the FY 12 adopted budget and the FY 13 planned budget, \$34,000 from the Veterans' Combat Grant was realigned to fund the HIMS homeless tracking system, as well as \$300,000 in general assistance for alternate veterans' programs. The FY 12 adopted budget in the Division of Children's Services eliminated three Treatment Counselors, one Registered Nurse, four Child Care Specialists, one Senior Secretary, and nine Child Care Supervisors. As a result of the Department's Workforce Plan Analysis and FY 10 Hillsborough Kids' Inc. shortfall, a Treatment Counselor position and a Senior Childcare Specialist position were also eliminated. Additionally, due to grant funding ending, eight positions were deleted. Additionally, one Administrative Services Coordinator and five manager positions were added. Funding for 0.40 of an FTE for an already existing grant funded Project Manager position approved by the BOCC was also added.

As a result of the reorganization of the Public Safety and Community Services team, 54 positions in the financial services and contracts management functions were transferred to the new Fiscal and Support Services Department.

In the FY 13 adopted budget, the Division of Aging Services is reducing the cost of providing services by \$593,600. Additionally, a Nutrition Services Coordinator position was eliminated and four Center Coordinator position hours were increased by .25 of an FTE position.

In the FY 13 adopted budget, the Division of Children's Services is reducing operating funds by \$337,890. This is due to the consolidation of all programs, efficiency of the new campus buildings and the elimination of remote locations. Additionally, a Senior Treatment Counselor position is being eliminated in the Head Start Division due to the contract funding ending. As a result of a business opportunity proposal, the Head Start operating expenditures and County matching funds transfer is being reduced by \$400,000. In the FY 13 adopted budget, a Community Services Program Coordinator is being transferred to the Human Resources Division. In the FY 13 adopted budget, \$5,800 from the Children's Services Contributions Fund is being appropriated for services or related activities for youth at the Lake Magdalene campus.

In the FY 13 adopted budget, the Division of Health and Social Services is reducing the amount of client assistance by \$494,900 that had been previously provided by the Countywide General Fund. As a result of a business transition opportunity, two positions are being eliminated from the Sunshine Line Division. Additionally, due to efficiencies being achieved a Community Services Program Coordinator position is also being eliminated. Three positions are being transferred to the Division of Health and Social Services from the Fiscal and Support Services Department as these positions are directly related to the Division's programs, and a Senior Administrative Specialist position is being transferred to Fiscal and Support Services Department. In the FY 13 adopted budget, the Transportation Disadvantage Program is being reduced by \$43,268 as a result of a reduction in the FY 13 Social Services Sunshine Line revenue. In the FY 13 adopted budget, \$45,000 is being realigned from the Indigent Health Care Services Fund to the Countywide General Fund to provide transportation for Baker Act non-County residents.

FIRE RESCUE DEPARTMENT

MISSION:

Protect life and property through fire prevention, investigation, and education, advanced life support, fire suppression, hazardous materials response/mitigation and other emergency services during both natural and man-made emergencies in the unincorporated areas of Hillsborough County in the most effective, professional, and efficient manner possible. Coordinate all efforts of emergency dispatch in the preservation of life and property with expediency, accuracy and compassion. The Office of Emergency Management provides support to and coordinates with citizens, businesses, and County departments/agencies, as well as local, state, and federal government partners to ensure our community mitigates our vulnerabilities to hazards such as hurricanes and severe weather, manmade disasters, and mass casualty incidents, and has adequate policies, plans, resources, and personnel in place to manage, respond to, and recover from these hazards and other events in an effective, efficient, and fiscally responsible manner.

KEY OBJECTIVES:

Fire Rescue Function:

1. By FY 15, ensure Advanced Life Support personnel continue to arrive within 7 minutes, 67 % of the time throughout unincorporated Hillsborough County. (Goal 5, Objective G)
2. By FY 15, ensure Advanced Life Support transport vehicles continue to arrive within 9 minutes, 71% of the time throughout unincorporated Hillsborough County year. (Goal 5, Objective H)
3. By FY 15, ensure the response time in the designated urban area continues to be within 6 minutes, 62% of the time. (Goal 5 Objective I)
4. By FY15 ensure the response time in the designated suburban area continues to be within 7 minutes, 67% of the time. (Goal 5 Objective J)
5. By FY 15, ensure the response time in the designated rural area continues to be within 10 minutes, 70% of the time. (Goal 5 Objective K)
6. Provide professional certified training to all career response personnel (paramedics, firefighters, and cross trained) and 180 volunteer firefighters at an average of 50 hours per career person and 45 hours per volunteer firefighter, per year.
7. Provide fire prevention and life safety activities through fee supported fire prevention inspections to 85% of all commercial occupancies every two years year and minimize property loss from fire through inspections, which evaluate each site's code compliance. Close 50% of open investigations of fires and other related emergency incidents; complete construction plans review with an average turn around time of 45 working days. In public education we will provide fire and life safety education through educational programs, static displays, news articles and media releases.

Emergency Dispatch Communications Function:

1. Answer, triage, and allocate appropriate emergency and/or non-emergency resources for over 200,000 requests for service, providing pre-arrival medical instructions for all 9-1-1 callers and the dispatch of Advanced Life Support (ALS), Basic Life Support (BLS), and fire apparatus.
2. Perform electronic notifications and process 24x7 requests that contain information regarding routine, significant and/or sensitive events to public safety and public service entities at both local and state levels.
3. Provide 24x7 call processing and dispatching for mental health transports countywide for the Crisis Center. Service no longer provided as of 01-01-12
4. Maintain databases that are necessary to assure accurate location and response scenarios.

Emergency Management Function

1. Maintain a comprehensive public information and education program to inform residents about emergency preparedness and emergency management.
2. Maintain a comprehensive, all hazards training and exercise program that conforms to the National Incident Management System (NIMS) and Homeland Security Exercise & Evaluation Program (HSEEP) and supports continued professional development of staff.
3. Assist citizens, businesses, County departments/agencies, and healthcare facilities in the development and maintenance of emergency preparedness and continuity programs and/or plans.
4. Maintain evacuation, transportation, and sheltering plans and provide adequate accessible and pet-friendly emergency shelter space for evacuees in accordance with applicable state and federal guidance.
5. Maintain Emergency Operations Center (EOC) capabilities to ensure systems and staffing are in place for immediate and sustained activation of Emergency Support Functions.
6. Comply with all State and Federal Grant requirements to assure that Emergency Management is maximizing its usage of external revenue sources.

Funded Positions	864	864	898	902
Funded FTE Positions	864.00	864.00	898.00	902.00

The FY 11 adopted budget included productivity savings from reducing overtime by \$500,000. Additions to the budget included a new Voluntary Employees' Beneficiary Association (VEBA) benefit for \$478,375. During FY 11, the Emergency Dispatch Center and the Emergency Management Department were merged into the Fire Rescue Department per Administrative Order AO-11-01, Reorganization of the County Administrator's Office. Consequently, 30 positions (30.00 FTEs) were transferred from the Emergency Dispatch Center and 11 positions (10.60 FTEs) were transferred from the Emergency Management Department. A non-FTE Temporary Digital Communications Dispatcher was eliminated and replaced with two full time Temporary Digital Communications Dispatchers (2.00 FTEs) which was approved by the Board of County Commissioners on April 7, 2010. A reduction in overtime allowed for funding of these two positions.

The FY 12 adopted budget included the following business opportunities (cost savings): \$234,497 due to modifying the entry level position from Fire Medic to Fire Medic Trainee; elimination of a Manager whose job functions will be absorbed by existing staff as a result of merging Emergency Management into Fire Rescue; elimination of promotional assessment funding; fleet down-sizing by reducing vehicle fleet by four; reduction in the wellness exam program for Fire Suppression based on projected usage; and \$40,000 for revenue sharing paramedic assessment services. Additions to the budget included establishing two full time Digital Communication Dispatchers in the Countywide Special Purpose Revenue Fund. The FY 12 adopted eliminated nine fiscal and administrative positions, reduced overtime, and transferred the funding to the Public Safety and Community Services Fiscal Department. Additional personnel changes included: increasing a Senior Planner from part-time to full-time; reducing a full time Community Relations Coordinator to part-time; and established a part-time Training Technician. Further reductions included outsourcing logistic operations thereby eliminating one position in FY 12.

The FY 13 adopted budget includes the establishment of four positions to support the logistics operations. Efficiencies included a \$950,000 reduction in overtime, reduction in expenditures associated with the maintenance of equipment, and elimination of Engine 5 from service.

FISCAL & SUPPORT SERVICES DEPARTMENT—INFRASTRUCTURE & DEVELOPMENT SERVICES

MISSION:

Provide support services in the areas of accounting, budgeting, desktop support, employee relations, and procurement and contracts, for the departments within the Infrastructure and Development Services Team, and for Hillsborough County's Capital Improvement Program, in an effective and efficient manner.

KEY OBJECTIVES:

1. Process all payments within the required timeframes of the Prompt Payment Act.
2. Process Personnel Action forms accurately and within five working days.
3. Maximize rebates and discounts on departmental purchases.
4. Respond to all ITS Desktop support requests within 24 hours.

In the FY 11 adopted budget, as a result of organizational restructuring, the Fiscal and Administrative section within the Real Estate and Public Works department merged into the Administrative Services Unit. During FY 11, the Board of County Commissioners approved the realignment of funding and 34 positions from the administrative functions located in the Development Services Department (former Planning and Growth Management) and the Real Estate Department into the Fiscal and Support Services – Infrastructure and Development Services Department.

The FY 12 adopted budget included a business opportunity which eliminated two positions (a Sr. Business Analyst and a Training Technician). The budget also included the realignment of seven positions from The Center for Development Services, Development Services (PGM), Communications, Real Estate, Public Works, and the County Administrator department as a part of restructuring the organization within the Infrastructure and Development Services Team.

The FY 13 adopted budget includes consolidating fiscal and support services functions and human resources functions for a net reduction of one position. The fiscal and support services restructure includes: two positions from Facilities Management Services, two position from Real Estate Services, one position from Development Services, one position from Government Services Administration, one position from Public Works, one position to Government Services Administration, and one position to Facilities Management. The human resources restructure includes six positions to Human Resources Department.

FISCAL & SUPPORT SERVICES DEPARTMENT—PUBLIC SAFETY & COMMUNITY SERVICES

MISSION:

Support the County's core services by providing effective and efficient fiscal, systems, contractual support and compliance programs at reasonable costs with courtesy, integrity, and accountability in a manner which protects and enhances the quality of life of our diverse population.

KEY OBJECTIVES:

1. Achieve staff productivity rate (time charged directly to projects in support of departments) at 1,664 hours annually per FTE.
2. Ensure payments for Public Safety & Community Services Departments comply with Florida's Prompt Payment Act.
3. Ensure revenue deposit reports are submitted within time frames established by Clerk of the Circuit Court.
4. Provide monthly management reports to Public Safety & Community Services Departments; budget, actual performance, trend and statistical analysis within 5 business days of month-end close and Spoolview availability.
5. Ensure grant financial managers meet all timeframes for draw-downs, reimbursements and monthly, quarterly and annual reporting.
6. Participate in cross-functional team projects to accomplish specific goals which result in efficiencies across Public Safety & Community Services Departments.
7. Achieve equipment acquisition average order time of less than 60 days with 90% or higher satisfactory response to customer service as indicated through customer satisfaction surveys.
8. Process Public Safety & Community Services Departments' requisitions and develop specifications within 10 business days for commodities and 30 business days for services.
9. Respond to Public Safety & Community Services Departments' desktop support requests within 24 hours.

Fiscal & Support Services (FSS) was created during calendar year 2011 in order to streamline support activities and consolidate similar functions and processes across Public Safety & Community Services (PS&CS) Departments. Consolidating fiscal and support functions will produce efficiencies, reduce support costs and allow Public Safety & Community Services Departments to focus on their core missions to provide services to Hillsborough County citizens. FSS will provide support to the following PS&CS Departments and Divisions: 911-Administration, Animal Services, Extension Services; Family & Aging Services (Aging Services, Children Services and Health & Social Services), Fire Rescue (Emergency Dispatch, Emergency Management), Fleet Management, Library Services, Medical Examiner, and Parks, Recreation & Conservation. Core functions of FSS are Financial Services (Budget Development, Revenue Processing, Accounts Payable, Financial Reporting and Grant Financial Management); Fiscal Controls & Compliance and Audit Coordination; Systems & Applications Support (Integration; Process Management & Automation, Web Page & ERP support); and Contract Development & Management. The FY 12 adopted budget reflected the first full year of operations for the department.

In the FY 13 adopted budget as a result of a business opportunity savings proposal, three positions being funded from the Countywide General Fund are being transferred to the Department of Family and Aging Services, Division of Health Care Services. The three positions are directly program related and are to be funded from the Indigent Health Care Services Fund. Additionally, an Executive Secretary position is being transferred to Fiscal & Support Services Department from the Department of Family and Aging Services to support a realignment of duties. In the FY13 adopted budget, business opportunity savings and efficiencies resulted in a substantial reduction in operating expenditures.

FLEET MANAGEMENT DEPARTMENT

MISSION:

Provide County departments with the most effective vehicle and/or other piece of fleet equipment that is safe, efficient and reliable to meet their respective missions. The functions involved in providing this service are fleet acquisition and disposal, preventative maintenance, repairs, fuel service, and motor pool rentals.

KEY OBJECTIVES:

1. Maintain mechanic productivity at 1,664 labor hours per year per mechanic providing for 80% of labor hours billed.
2. Maintain a vehicle equivalency unit (VEU) to mechanic ratio of in excess of the industry average range between 220 - 275:1.
3. Maintain average operational downtime (out of service) of less than 5 days per repair.
4. Attain average vehicle availability (in service) of 92% or better.
5. Maintain an average of less than 1% for vehicles and equipment returned for repeat work.
6. Maintain 95% or better satisfactory response to customer service as indicated through electronic surveys.
7. Maintain Automotive Service Excellence (ASE) Blue Seal Certified Shop Accreditation for 4 Fleet Shops.
8. Achieve 100% of Fire Apparatus annual pump and aerial testing requirements in accordance with National Fire Protection Assn (NFPA) 1911 standard. Maintain average days out of service for pump and aerial test completion under 6 days.
9. Provide approximately 2 million gallons of fuel to more than 100 sites throughout the County with fuel to be available at all sites 100% of the time.
10. Provide more than \$2.3 million in parts achieving an on-demand availability rate of 88% and operating expenses to less than 14% of total parts costs.
11. Attain overall customer satisfaction for the motor pool of 95% or better satisfactory response to customer service as indicated through electronic surveys (survey information not available for FY/12.).

Funded Positions	66	61	51	50
Funded FTE Positions	66.00	61.00	51.00	50.00

The FY 10 adopted budget included several efficiencies in the amount of approximately \$950,000 and a reduction of four positions. The first efficiency was the fleet vehicle reduction in response to utilization concerns. A fleet right sizing study was conducted that recommended the reduction and pooling of 179 vehicles and pieces of equipment. The fleet was reduced by 314 units. This reduction resulted in reduced maintenance, replacement and operating charges to County departments that reimburse Fleet Management for these costs on a charge back basis. This reduction along with streamlining work processes and responsibilities allowed for the closing of one satellite facility – Fleet Unit 4 (Plant City) in addition to reductions in labor, parts, and contracted services. Fleet Management implemented new service intervals for preventive maintenance (PM's) to coincide with manufacturers' recommended standards. This occurred since the motor oils produced for today's engines have a longer useful life and engines are more efficient. Another factor was the implementation of an on-board oil filtration system that uses a technologically advanced process to clean engine oil while vehicles are in operation. This resulted in the included vehicles running on clean oil and reduced and/or eliminated the need to change engine oil on a routine basis. The Tire Recap Program improved the vulcanization process which applies the new tread to an existing tire casing. The tire program recap targets heavy truck and equipment users such as Solid Waste, Public Works, and Water Resource Services. During FY 10, the department used a more environmentally friendly and less expensive parts washer rather than using a rental contract.

The FY 11 adopted budget included productivity savings of \$1.3 million eliminating five positions. The duties and responsibilities associated with a Project Manager I were significantly reduced due to the federally mandated replacement of underground fuel storage tanks. As a result of the functional reductions and the reassignment of remaining responsibilities, the Project Manager I position was eliminated. The department continued to right-size fleet. As a result, 171 additional vehicles and pieces of equipment were relinquished by departments. As a result of this productivity savings, the department eliminated one technician and further reduced commercial service, parts, other contractual services, fuel and County indirect expenses. Additionally, one supervisor (Manager) and two overhead positions (a Senior Service Writer and a Trades Helper) were eliminated as a result of the realignment of duties. The department identified savings by reducing cell phones by 50% and converting to push-to-talk service only. A less expensive brand of hand tools were furnished to technicians. Also, copier networking was incorporated eliminating some printers. Planned capital improvements to fuel sites were funded by an American Reinvestment and Recovery Act grant resulting in savings to the operating budget.

The FY 12 adopted budget reflected savings of \$466,528 due to efficiencies identified by the department. These included the elimination of the following three positions: a Fabrication Specialist, a Fleet Equipment Repair Supervisor, and a Senior Administrative Specialist at a cost of \$221,861. An additional Office Assistant III position was eliminated on 01/01/12 resulting in savings of \$43,200 in FY 12. Seven positions were transferred to the Fiscal and Support Services – Public Safety and Community Services Team. Funding transferred totaled \$815,264 comprised of \$678,832 in personal and \$136,432 in operating costs. The department reduced the new vehicle and equipment preparation time while decreasing costs through the implementation of a change in the new equipment order process. All installations that include welding and fabrication work are included with new equipment orders providing efficiencies at a reduced cost. The department also has developed process mapping and implemented virtual workflows to reduce the need for coordination of administrative programs and eliminated the need for paper files. Additional operating costs were reduced by \$186,447 due to reductions in commercial repairs, parts and fuel expenses related to equipment reductions realized through the utilization of contracted services by the Parks and Recreation Department and Public Utilities.

The FY 13 adopted budget includes reappropriation of approximately \$9 million for vehicles purchases.

GOVERNMENT SERVICES ADMINISTRATION

MISSION:

Administer programs which assure regulatory compliance and provide innovative solutions for our internal and external customers.

KEY OBJECTIVES:

Americans with Disabilities Act (ADA) Liaison

1. Represent Hillsborough County on disability issues and increased awareness about the 1990 ADA and other applicable disability rights law. Respond to queries within 24 hours.
2. Administer Title II compliance with ADA, including development, review, and update of ADA Transition Plan including architectural, communication, and procedural barriers and modifications.

BOCC Regular Meeting Agenda

3. Coordinate and prepare the BOCC Regular Meeting Agenda for the County Administrator.

Business Analysis Unit

4. Provide independent reviews and analyses of the functions and programs under the County Administrator to recommend efficiencies within processes and resources.

Citizen Boards Support

5. Support the Code Enforcement Board, Code Enforcement Special Magistrates, Land Use Appeals Board, and Nuisance Abatement Board as mandated by County Ordinance, processing all new cases within 30 days of submittal, while providing consistent and reliable customer service.

Consumer Protection Agency

6. Receive, investigate, mediate, and/or refer at least 700 written consumer complaints, and other related BOCC initiatives as assigned.
7. Conduct at least 75 consumer outreach/education events at schools, community events, civic and neighborhood meetings.
8. Complete at least 6 consumer related criminal investigations for prosecution.
9. Receive, respond, and assist all citizen inquiries on consumer protection matters.
10. Administer and maintain the "Pain Management Clinic" license program.
11. Administer and maintain the "PIP Medical Providers Clinic" license program.

Equal Opportunity Administration

12. Complete investigations of employment, housing, contracting and procurement, and public accommodations discrimination complaints filed under Title VI and the Human Rights Ordinance 00-37 within 180 days.
13. Respond to citizen's requests for assistance and service within 24 hours.
14. Complete investigations of internal EEO discrimination complaints within 120 days.
15. Administrate USCIS I-9 Employee Eligibility Compliance.

Health Insurance Portability and Accountability Act (HIPAA) Compliance

16. Monitor and assure HIPAA privacy and security compliance.
17. Provide annual workforce training to ensure proper safeguarding of PHI.

Total	\$0	\$0	\$2,045,652	\$2,261,898

Funded Positions	0	0	25	27
Funded FTE Positions	0.00	0.00	25.00	27.00

During FY 11, the BOCC approved Administrative Order AO-11-01, which merged nine positions from Consumer Protection, three positions from Equal Opportunity Administrator, one position from HIPAA Compliance Office, two positions from Process Improvement Team from Business and Support Services, and two positions from Compliance Services, one position from Agenda Process, and one position from Reception from the County Administrator's Office into a new department called Government Services Administration, reporting to the Chief Administrative Officer.

The FY 12 adopted budget, per Administrative Order AO-01-03, transferred five positions in Citizen Boards Support and the American Disability Act Coordinator position from Client and Liaison Services to Government Services Administration. The adopted budget also transferred a Chief Investigator Professional Responsibility position of the Compliance Services section from Government Services Administration to Human Resources and a Senior Administrative Specialist position from Client and Liaison Services to Government Services Administration.

The FY 12 adopted budget of the Consumer Protection section reflected a savings of \$5,580 primarily in travel reimbursement, postage and freight services, building and facility maintenance, and office supplies and minor office equipment. Funding to purchase and maintain a fleet vehicle for use by investigative staff for pain management clinic inspections, consumer investigative field work, and community outreach events was included in the Consumer Protection budget.

The FY 12 adopted budget of the Equal Opportunity Administrator section utilized Affordable Housing grant funding to partially fund two positions, due to a 61% reduction in funding from Affordable Housing grant funding, 0.28 full time equivalents was transferred to the Fair Housing Assistance Program (FHAP). Reserve funding bridged the gap in the FY 12 FHAP grant; however the FY 13 FHAP grant cannot support the full cost of the section and was budgeted with a shortfall of \$111,037. The \$15,000 HOME Investment Partnerships Program (HOME) grant and \$10,000 Community Development Block (CDBG) grant was included in Affordable Housing's department budget.

The FY 12 adopted budget of the Citizen Board Support section reflected a savings of \$3,000 primarily in the areas of telecommunications and printing and binding.

During FY 12, the BOCC approved Administrative Order AO-12-02, which reestablished a portion of the Client and Liaison Services Department as provided for in Ordinance #06-06 as the Office of Community Affairs. Part of the Administrative Order transferred one position from Client and Liaison Services to Government Services Administration. The FY 13 budget also transferred one position and related operating from Human Resources Department to Government Services Administration.

The FY 13 adopted budget also included savings to operating expenses in the amount of \$41,422 from HIPAA Compliance, \$10,550 from Consumer Protection, and \$4,000 from Citizen Boards Support. The Personal Injury Protection (PIP) Clinic Program expenses were established at \$24,000 which is offset by the program's revenues. By limiting HIPAA consultation services to \$26,660, the department was able to realign \$25,000 from Government Services Administration to Human Resources for external misconduct investigative services. The budget also reflected a realignment of \$12,000 for printing and binding from the County Administrator's Office to Government Services Administration, as a result of the reorganization in FY 11.

The FY 13 adopted budget of the Equal Opportunity Administrator section utilized Affordable Housing grant funding to partially fund two positions. The \$15,000 HOME Investment Partnerships Program (HOME) grant and \$10,000 Community Development Block (CDBG) grant were included in Affordable Housing's department budget. The FY 13 FHAP grant cannot support the full cost of the section, as a result 0.81 full time equivalents were funded by the Countywide General Fund.

HEALTH AND SOCIAL SERVICES DEPARTMENT

MISSION:

Provide holistic, case-managed medical, social, and other services to eligible County residents to assist them in reaching their maximum potential of self-sufficiency; to improve their health by providing quality health services at reasonable cost and in a manner which contributes to the overall health of the community; and to provide effective, efficient and quality services using grant and/or operating funds for Ryan White, Community Service Block Grants, Veterans Assistance, Homeless, Energy and Housing Assistance, Trauma Care oversight, and Disadvantaged Transportation programs.

KEY OBJECTIVES:

1. Implement restructuring recommendations for the HealthCare Program approved by BOCC and implement the operational and eligibility changes recommended by the Study Committee as adopted by the BOCC at its October 7, 2009 Meeting.
2. Maintain a General Assistance (GA) program that assures over 5,329 households receive assistance within the dollars available in the approved budget, and manage existing social service related grant programs to assure all grant funds are spent in accordance with the terms of the grant. Transitional Objectives: a) Help 1,400 families move out of poverty through intensive case management in FY-10; b) provide case management services to 4,050 families which result in an increase of at least one level on a Results Oriented Management and Accountability (ROMA) self-sufficiency scale.
3. Maintain an effective employment opportunity program that moves 450 clients into employment and helps them reach maximum self sufficiency.
4. Meet 88% goal of on time delivery performance for Sunshine Line transportation service.
5. Actively seek grant and other funding sources to offset the need for more Health Care Trust Fund and ad valorem funding for Department programs. In accordance with Strategic Plan goal, obtain minimum of one successful new grant application each year.
6. Provide services to at least 1,450 homeless applicants (a family or single individual) annually.
7. Coordinate the provision of at least 623,352 Summer Food services (lunches and snacks) to eligible children.
8. Provide stewardship over the Ryan White Program in order to 1) ensure high quality of services at a reasonable cost to at least 6,070 individuals annually affected by HIV, and 2) ensure that the federal, state, and County guidelines are followed.
9. Assist at least 27,797 veterans/dependents/survivors annually in obtaining Veteran's benefits in the amount of at least \$24 million with emphasis on serving homeless veterans.
10. Provide housing assistance through Section 8 and general assistance funded rent programs to over 7,100 households. Provide Section 8 rental assistance for 2,010 unduplicated low-income families.
11. Award final contracts for replacement of the client assistance management information system by end of the 4th quarter FY 2011. The information system was deployed in 1993 and currently nearing the end of its developmental life cycle.
12. Reduce morbidity and mortality from trauma by planning, coordinating, and evaluating the trauma care system across a continuum of services. Reduce/maintain over triage of injured citizens and visitors to 15% or less.
13. Participate in the Prosperity Campaign of Hillsborough and Pinellas Counties and facilitate the return of approximately \$8.6 million in tax returns to residents of Hillsborough County, thus helping Hillsborough County achieve its goal of reducing the percentage of County residents living in poverty to the lowest quartile of counties in the State of Florida on the 2010 census.
14. Survey and measure customer satisfaction for Department services with the objective of making continuous improvements in customer service.

The FY 10 adopted budget reflected efficiency savings and budget reductions that eliminated 15 positions, including one unclassified position. The adopted budget included the following efficiencies: eliminating one Community Services Program Coordinator I position, Sunshine Line (SSL) savings by issuing monthly and daily unlimited-ride bus passes, reclassifying a Manager to Senior Supervisor within the SSL for a partial year savings, reclassifying a Special Needs Transportation Coordinator to an Office Assistant, eliminating one Receptionist position within the Veterans Affairs Office, eliminating two Paratransit Minibus Operator positions, eliminating two SSL vehicles, and reclassifying an Executive Secretary position to a Public Relations Information Specialist II, in lieu of a Secretary position. The adopted budget included the following reductions: eliminating one Regional Service Center Manager position, eliminating two Paratransit Minibus Operator positions and related operating expense budget, eliminating one Veterans Service Officer position, reducing General Assistance by 6%, and utilizing the increased Low Income Home Energy Assistance Program (LIHEAP) funding, reducing the operating expense budget for SSL, eliminating the Veterans Affairs Combat Grant Program for Renters, eliminating funding to the Crisis Center, eliminating funding match to the Agency for Community Treatment Services, eliminating one Senior Case Manager position due to not receiving Community Development Block Grant funding, eliminating three Paratransit Minibus Operator positions due to reduced grant funding, eliminating one Housing Counselor from Section 8 Family Self-Sufficiency (FSS) Grant and shifting funding for one Senior Housing Counselor from the Section 8 Choice Vouchers (Section 8) Grant to FSS Grant, transferring funds from grant reserves in order to fund indirect administrative costs within the Section 8 Grant, allocating excess revenue to fund indirect administrative costs within the Ryan White HIV Grants, and eliminating two Housing Assistance Specialist positions within the Section 8 Grant. The adopted budget transferred two Contracts Manager positions from Management and Budget. FY 10 position and FTE counts included 22 limited duration grant funded positions.

During FY 10, the BOCC approved two limited duration FSS positions (two Housing Counselors) through 12/31/10. The following reclassifications occurred: one Healthcare Service Review Nurse to Office Assistant II, one Community Services Program Manager to Human Services Supervisor, three Paratransit Minibus Operators to Senior Paratransit Minibus Operators. Six limited duration Community Service Block Grant/American Recovery and Reinvestment Act positions (two Job Developers, three Case Managers, and one Accounting Clerk III) added in FY 10 expired on 9/30/10.

The FY 11 adopted budget included productivity savings that reduced operating expenses, eliminated two positions (Office Assistant in SSL and Office Assistant II in Social Services), and reclassified two positions (Senior Case Manager to Case Manager for partial year savings in Social Services and Receptionist to Office Assistant in SSL). The Manager of Contracts and Accounting position was upgraded. The Section 8 and FSS Grants were transferred to Affordable Housing Department per Administrative Order AO-10-08. This included the transfer of 14 positions (13.50 FTE's) and three limited duration positions (3.00 FTE's). Three positions (3.00 FTE) were eliminated, and one was transferred from the Section 8 Grant to the Countywide General and Indigent Health Care funds. The Countywide General fund included utility costs for Tampa Family Health Center. The overall IHCF in the Countywide Special Purpose Revenue fund was reduced by approximately \$17.5 million to allow for an adequate reserve balance which represented three and a half months of expenses per the most recent actuarial study. Funding for the CLASS replacement system project, strategic information management and IVRS system replacement was included in the IHCF. The FY 11 position and FTE counts included 12 limited-duration grant funded positions: six JARC positions (one Job Development Team Leader and five Paratransit Minibus Operators) and six LIHEAP positions (one Accounting Clerk III and five Senior Social Services Specialists). During FY 10, the BOCC approved Administrative Order AO-10-01, which merged Aging Services, Children's Services, and Health and Social Services into a new entity called the Family and Aging Services Department.

HIPAA COMPLIANCE OFFICE

MISSION:

Provide leadership, education, awareness, training, and guidance to those impacted by the federal Health Insurance Portability and Accountability Act (HIPAA), assure compliance with Privacy, Security, and Transactions and Code Set Standards, uphold individual rights and safeguard Protected Health Information (PHI) for each citizen or workforce member served by the County, maintain appropriate documentation and agreements consistent with compliance oversight, identify and mitigate risks to the County from federal civil and criminal penalties associated with non-compliance, and that necessary measures exist to provide ongoing access to paper and electronic information for the continued delivery and payment for services as mandated by the HIPAA Law. Promote HIPAA compliance through routine compliance reviews, electronic monitoring and on-site inspections coupled with reasonable and appropriate recommendations for improvements.

KEY OBJECTIVES:

1. Provide annual training of the workforce to ensure proper safeguarding of PHI.
2. Maintain HIPAA privacy and security compliance by: monitoring HIPAA impacted departments through electronic tracking systems, access control reports, and targeted recommendations for improvements; monitoring the legislation enacted by the American Recovery and Reinvestment Act (ARRA) of 2009 for changes in the HIPAA privacy and security standards for Business Associates (BA), Minimum Necessary, Psychotherapy Notes and for Non-HIPAA Covered Entities as the new requirements and definitions are developed; reviewing departments or programs that are not "Covered Entities" but may be "Business Associates" to determine if they need to comply with HIPAA ; leading the HIPAA Committee for the ongoing HIPAA Security Program; monitoring the guidance and education offered under the new Regional Office Privacy Advisors and National Education Initiative defined in ARRA for updates to policy, procedure and training; and recommending policy, procedure and training updates based on new ARRA HIPAA requirements for: Breach Notification, Criminal Penalties and Improved Enforcement of Penalties.
3. Promote participation of electronic transactions and code sets through increased outreach and collaboration with Business Associates and Trading Partners. This effort includes review and assessment of compliance of existing and planned electronic systems that process Protected Health Information.

The FY 10 adopted budget reduced other professional services. Additional efficiencies in operating expenses were realized by utilizing technology for the electronic dissemination of information and training.

The FY 11 adopted budget was funded at a continuation level.

During FY 11, the BOCC approved Administrative Order AO-11-01, which merged nine positions from Consumer Protection, three positions from Equal Opportunity Administrator, one position from HIPAA Compliance Office, two positions from Process Improvement Team from Business and Support Services, and two positions from Compliance Services, one position from Agenda Process, and one position from Reception from the County Administrator's Office into a new department called Government Services Administration, reporting to the Chief Administrative Officer.

HOUSING AND COMMUNITY CODE ENFORCEMENT DEPARTMENT

MISSION:

Provide residents with safe, decent, and sanitary housing stock in an acceptable and aesthetically pleasing community by enforcing the County's Land Development Code, Minimum Housing Standards, False Alarm Ordinance, demolishing unsafe structures, and making housing affordable.

KEY OBJECTIVES:

1. Code Enforcement: Respond to code enforcement complaints within 10 working days from receipt 95% of the time by September 30, 2006.
2. Code Enforcement: Increase the percentage of code violations resolved within a 12-month period to attain a 90% resolution rate by September 30, 2010. (Strategic Plan Goal 5, Objective O)
3. First Time Home Buyer Program: Provide 375 very low, low, and moderate income first-time home buyers with the down payment assistance needed to purchase an affordable home that meets the County's Minimum Housing Standards by September 30, 2006.
4. First Time Home Buyer Program: Reduce by 5%, the number of homeowners who spend more than 50% of household income on housing costs and have an income of less than 90% of area median income by September 30, 2012. (Strategic Plan Goal 2, Objective E)
5. Housing Rehabilitation: Rehab 200 single family owner-occupied housing units to meet the County's Minimum Housing Standards by September 30, 2006.
6. Single Family Affordable Housing: Provide financial assistance for the construction of 250 single-family affordable housing units for clients below 80% of median income by September 30, 2006.
7. Multi Family Affordable Housing: Provide financial assistance for the construction of 250 multi-family affordable housing units for clients below 50% of median income by September 30, 2006.
8. Rental Inspection Program: Inspect 70% of the rental housing units (single, multiple, and mobile home) by September 30, 2006.
9. Burglar Alarm Enforcement: Notice 75% of false alarm events within 3 days of receipt of alarm by September 30, 2006.
10. Contract Management: Perform one contract monitoring per contract by September 30, 2006.
11. Maintain a rating at, or above, the median housing affordability index for the 7-county Tampa Bay Regional Partnership area as reported by the Florida Data Clearinghouse, Shimberg Center for Affordable Housing, University of Florida. (Strategic Plan Goal 2, Objective F)
12. Need to promote redevelopment strategies, including cities. (Board Initiated Strategies 8)

The FY 07 adopted budget was funded at continuation level except for the addition of twelve Community Code Investigator and two Senior Secretary positions. In addition, one Housing Counselor funded by the State Housing Initiative Partnership grant and one Contracts Manager funded by the Community Development Block Grant is included. Two positions were transferred to Health and Social Services. During FY 07, the County Administrator established the Code Enforcement Department to handle the code enforcement function. Eighty-seven positions, operating expenses, and capital equipment were transferred to the Code Enforcement Department from Housing and Community Code Enforcement to handle the administration and implementation of the code enforcement function.

The FY 08 adopted budget reflected activity for prior year awards for the State Housing Initiative Partnership Grant (SHIP) and Community Development Block Grant (CDBG). Affordable Housing administered and monitored these grants.

HUMAN RESOURCES—PROFESSIONAL DEVELOPMENT

MISSION:

Improve the quality of life of Hillsborough County employees by providing an enriching employment experience.

KEY OBJECTIVES:

1. Maximize the effectiveness of the IMAGE program (established by the Department of Homeland Security to promote proper hiring procedures and employment eligibility verification) by accurately administering all procedures to reduce error rates and detect fraudulent employment documentation.
2. Provide relevant learning opportunities and organizational development solutions in order to build employees' competencies. Achieve a satisfaction rating indicating that at least 80% of class participants were satisfied with or more than satisfied with the course or program.
3. Provide records management services by responding to all public record requests and subpoenas in a manner that complies with law and policy. Audit all documents imaged for the electronic drawers of benefits, medical, personnel, retirement, and workers' compensation to comply with existing law. Records Management endeavors to process 90% of public records requests and/or subpoenas by due date.
4. Improve the performance, productivity, and professionalism of the County's workforce; ensure organizational compliance with employment-related laws and regulations; and develop and implement effective strategies to meet current and future workforce needs.
5. Assist in Union negotiation process: implement and administer ratified collective bargaining agreements and procurement contracts with county-wide applicability.
6. Administer employee benefits program to entire workforce and resolve inquires within two weeks of receipt. Manage all employee benefit programs through efficient education and response to all employees.

In the FY 10 adopted budget, seven positions were eliminated as a result of budget cuts. The positions included a Senior Personnel Analyst, an Administrative Specialist, a Personnel Analyst, two Training Specialists and a Senior Personnel Assistant. The duties associated with these positions were reallocated to other employees within the department. Also eliminated was the position of Division Director, Employee Relations. As a result of efficiency proposals, operating costs were reduced by \$164,500 in the General Fund and by \$100,000 in the Employee Group Health Insurance Fund in both the FY 10 and FY 11 budgets. The primary areas reduced include awards programs (\$12,000), other professional services (\$65,000), printing and binding (\$14,000), computer software and hardware (\$40,000), and rental of training space (\$50,000) at the Tampa Port Authority.

In the FY 11 adopted budget, three positions in the Countywide General Fund were eliminated and the duties of these positions were redistributed and the processes revised with a reduction in workload due to process improvements. The three positions eliminated were: Employee Relations Manager, Senior Personnel Analyst, and Senior Personnel Assistant. Additionally, \$91,470 in operating costs in the Countywide General Fund was reduced in non-essential and under-utilized expenditures. In the FY 11 adopted budget, two positions were realigned from the Countywide General Fund to two of the Self Insurance Funds. In addition, operating costs in two of the Self Insurance Funds are being reduced by a total amount of \$70,119.

In the FY 11 adopted budget, as a result of organizational restructuring, the Human Resources, Management and Budget Department, and Procurement Services departments merged to become the Business and Support Services Department. During FY 11, the BOCC approved Administrative Order AO-11-01 reestablishing the Human Resources Department's recruitment, training, employee relations, and labor union relations functions as a separate department with the transfer of fifteen positions from Business and Support Services. In addition, one position was transferred from the County Administrator's Office.

The FY 12 adopted budget included an additional twelve positions and the insurance administration, claims and wellness program being moved to Human Resources Department. During FY 12, one position was transferred from Business and Support Services.

The FY 13 adopted budget consolidates certain aspects of the human resources function and includes the transfer of six positions from the Fiscal and Support Services – Infrastructure and Development Services Department, four positions from the Parks, Recreation and Conservation Department, two positions from the Library Services Department and three positions from the Public Utilities Department. One position is transferred to the Government Services Administration Department.

INFORMATION AND TECHNOLOGY SERVICES DEPARTMENT

MISSION:

Provide efficient, reliable, and cost effective information management services through the application of computing technology and related information resources. Provide planning and technical support for Countywide telephone/voice and data processing systems, non-emergency radio services and centralized Geographic Information Systems management.

KEY OBJECTIVES:

1. Resolve 70% of Telecom cases associated with movements, additions, & deletions of data and telephone services within five days. (This does not include phone repair)
2. Provide a central point for reporting automation problems and ensure a resolution rate of 96% within 3 days.
3. Implement technology based measures to allow maintaining a client to Network Administrator ratio of 357 to 1, with a goal of reaching FY 10 ratios.
4. Maintain a customer service satisfaction rating of 90% or higher on all services render by ITS.
5. Maintain the Customer requested Unplanned projects involvement to 30% or less by increasing awareness among customer base.
6. Ensure that critical automated systems (Human Resources, Health Care, Permitting, Water Services Billing, Geographic Information Systems, Etc.) are available to our clients a minimum of 99.95% of the time during business hours.

Funded FTE Positions	84.00	83.00	83.00	83.00

In the FY 10 adopted budget, six positions were eliminated in wireless support, technical support, outsourced systems development and support, cellular, pager and 800 MHz radio support, GIS data management and GIS geodata directory. Also as a result of efficiency proposals, the department reduced operating costs in the area of desktop support services, the non-renewal of leases at Netpark, technology improvement programs, and the asset management inventory program. The reductions in the operating costs were due to the migration of the existing email program to Microsoft, the elimination or replacement of several software products, the migration to Symantec, the reduction of software licenses, maintenance support, the virtualization of servers and software applications, not renewing the outsourcing of computer issues, and the reduction of training and travel expenses.

The FY 11 adopted budget eliminated the Distributed Processing Manager's position and the duties were reassigned to other managers within the department. Additionally, operating costs were reduced by \$475,952 as a result of productivity savings proposals. These operating cost reductions were in the areas of Communication Services Wireless Devices – \$10,157, Technology Improvement Program – \$221,795, HP Hardware and Software Support – \$214,374 and product retirements enabled by Microsoft System Center – \$29,626.

The FY 12 adopted budget funded the implementation of a new gas fire suppression system at a cost of \$35,000. The department was also implementing a new client survey system that would result in cost savings of \$33,353 in both FY 12 and FY 13. One-time expenditures of \$448,000 were funded for the implementation of a new SharePoint system and for the updating of the County's web site.

FY 12 and FY 13 service levels were not anticipated to be reduced by budget actions in these years. The one-time expenditures for technology were anticipated to improve customer service and to make service delivery more cost effective.

In the FY 13 adopted budget, a business opportunity savings proposal is being implemented that eliminates the procurement of technology items in the amount of \$390,909. Additionally, in the FY 13 adopted budget, funding in the amount of \$307,339 is being provided for data storage and tape backup library to accommodate the growth in user data storage needs. In the FY 13 adopted budget, \$500,000 is being transferred from the Half-cent Sales Tax Fund to the Information and Technology Services Project Fund for the Public Safety Operations Center data needs analysis.

LIBRARY SERVICES DEPARTMENT

MISSION:

Promote lifelong learning, an informed citizenry, individual intellectual freedom, an enhanced quality of life, and broadened horizons for all residents of Hillsborough County through a network of free libraries with open access, a community focus, welcoming environments, a broad range of relevant materials in a variety of formats, and highly trained, qualified customer-focused employees.

KEY OBJECTIVES:

1. Maintain circulation of 10,000,000 items in FY13 through a 1% increase in circulation of electronic materials.
2. Achieve or exceed the Florida Library Association enhanced quality level standard of 50% of population registered for a library card.
3. Maintain the percentage of customers both, in person and virtual, whose questions were answered clearly.
4. Offer public access computers to meet the Florida Library Association standard for exemplary service of 1 workstation per 1,000 population.
5. Maintain program participants of 200,000 in FY13 with library programming inside and outside library facilities.
6. Maintain a 95% or higher customer satisfaction level with library services using point of service surveys.

Funded FTE Positions	348.30	346.59	322.12	317.12

The FY 10 adopted budget eliminated 30 positions. The positions cut were: 13 part-time Library Assistants, 13 part-time Librarians, one Principal Librarian, one Office Assistant, one Public Relations Information Representative, and a part-time Library Assistant. The book budget was reduced by \$750,000, a decrease in the operating grants to municipal libraries of \$93,296, and an extension of the public access computers replacement cycle saving \$100,000. The new Sulphur Springs Library added four positions and operating funds at \$236,102. Reorganization of the Citizens Action Center transferred four Public Relations/Info Specialists II and two Senior Public Relations Specialists to Library Services from the County Administrator Department. The FY 11 adopted budget eliminated five positions: one Manager of Library Facilities Planning and Design, one Library Transport Assistant I, two Public Relations/Information Specialist II positions and one Executive Secretary at a cost reduction of \$472,149 in personnel and indirect costs. Productivity savings of \$24,998 were included. Seven part-time Library Assistants were added at \$107,104 in personnel and \$60,500 in operating costs to restore a portion of hours that were previously reduced in the following libraries: North Tampa, Fendig, Seminole Heights, 78th Street Community Library, Ruskin, Thonotosassa and West Tampa. Due to a recalculation of indirect cost for building depreciation in FY 11, the indirect cost to the Library Services budget was reduced by \$1,165,953.

The FY 12 adopted budget eliminated 16 positions at the beginning of the budget year and eliminated an additional three positions during the year for a cost savings of \$1,049,475. The FY 13 planned budget included a total of 19 position reductions at a cost savings of \$1,164,052. Nine positions were transferred to the Fiscal and Support Services – Public Safety and Community Services Team. Funding transferred totaled \$850,283 comprised of \$732,216 in personal and \$118,067 in operating costs. Additional operating costs were reduced by \$2,473,828 in FY 12 and \$2,262,540 in FY 13. Substantial programmatic changes included closing the science library at the Museum of Science and Industry totaling \$156,662. Library Services staff absorbed the duties previously provided by the Citizens Action Center for a savings of \$222,635. The Youth Services and Adult Programming units were combined with the John F. Germany Public Library public services department staff saving \$118,780. Library delivery operations were outsourced throughout FY 12 with cost savings of \$75,754 and \$109,274 in FY 13. Administration cost reductions totaled \$84,135 in FY 12 and \$111,980 in FY 13. Software/hardware and technology maintenance was reduced by \$169,486 and building maintenance by \$450,000. The completion of tagging all books and materials with Radio Frequency Identification in FY 12 eliminated the separate purchase of tags since all new materials are purchased with the tags. This resulted in \$200,000 of savings per year in FY 12 and FY 13. Electric hand dryers installed in all branch libraries resulted in savings of \$12,872 annually. Programming supplies were reduced by \$50,000. County grants to Temple Terrace and Plant City were reduced by \$12,315 for circulation functions, \$6,158 for reference and information functions and \$2,053 for cultural and instructional programming functions which was an overall 5.5% decrease.

The FY 13 adopted budget includes the elimination of three transportation positions that were reduced mid-year in FY 12. Vacant positions have been reclassified to lower cost positions resulting in savings of approximately \$128,650. A Senior Human Resource Assistant and a Personnel Assistant are transferred to the Human Resources-Professional Development Department. Processing costs for digital vs. print materials will result in savings of \$16,463. A portion of non-public telephone lines will be eliminated with savings of \$5,386. The final implementation of the Radio Frequency Identification self-checkout and security system has resulted in the need for fewer operating supplies to support circulation functions saving \$65,000. Operating supplies to support computer and networking operations is anticipated to be lower resulting in savings of \$27,000. Library Services has typically budgeted funds for mitigating mold outbreaks. New facilities have cavity wall designs to inhibit moisture and with maintenance improvements and air quality monitoring such outbreaks are infrequent and the need to budget funding each year is eliminated at a cost savings of \$100,000. Should an outbreak occur contingency reserves could be utilized. Computer hardware and software reductions of \$50,000 are included. The library books and materials budget is reduced by \$100,000 which is approximately two percent of FY 12 funding. The spending reductions will primarily focus on print adult non-fiction collections which are declining in circulation.

MANAGEMENT AND BUDGET DEPARTMENT

MISSION:

Develop and use sound financial and management practices in budgeting to efficiently and effectively allocate available resources to address the Board of County Commissioners' priorities today, while providing responsible planning to meet future priorities.

KEY OBJECTIVES:

1. Comply with requirements of Florida Statutes, Chapters 129 and 200, as evaluated by the Florida Department of Revenue in its annual review of Truth in Millage (TRIM) materials and through Clerk of Court acceptance of a balanced budget by Statutory deadlines of July 15 (recommended budget) and October 1 (adopted budget).
2. Develop a "Proficient" biennial budget in accordance with budget criteria established by the Government Finance Officers Association Distinguished Budget Presentation Award Program meeting the requirements of a budget as a policy document, financial plan, operations guide, and communications device. (Biennial budget submitted in even numbered fiscal years. Award valid for two years.)
3. Maintain departmental expenditures as a percent of total government expenditures at or below the GFOA benchmark average of 0.10% for budget offices in 9 major governments with budgets in excess of \$1 billion (for which the range was 0.07% to 0.19%).
4. Reduce over-reliance on property taxes as a general revenue by relying more on the non-property tax portion of total General Fund budgeted revenue from 16% to 18%, and by establishing a Countywide target of under 7 mills by FY 09. (Strategic Plan Goal 1, Objectives A and B.)
5. Set priority for transportation funding from the Community Investment Tax (CIT) and ad valorem taxes (Strategic Plan Goal 7, BOCC strategy – not quantified, no measurements) and resist unfunded mandates (Strategic Plan Goal 1, BOCC strategy – not quantified, no measurements).
6. Assist County departments, agencies, and other offices in developing, managing and monitoring operating budgets developed under the County's biennial budget process with a unit cost per operating budget transaction of less than the average for FY 05 through FY 08 of \$56.53 per transaction (based on full cost, cost allocation plans).
7. Assist County departments, agencies, and other offices in developing, managing and monitoring capital budgets and the Capital Improvement Program with a unit cost per capital budget transaction of less than the average for FY 05 through FY 08 of \$103.45 per transaction (based on full cost, cost allocation plans).

Funded Positions	19	0	0	0
Funded FTE Positions	19.00	0.00	0.00	0.00

The FY 10 adopted budget eliminated a Capital Program Administrator, a Senior Administrative Specialist, and an Administrative Specialist. During FY 09, three departments with contracts management functions involving non profit contracts worked to consolidate existing activities into two areas. Two positions are transferred to Health and Social Services along with social services contracts funded by general revenue. The Manager-Contracts Management position is transferred to Affordable Housing to manage contracts funded with Community Development Block Grant funds. In addition, a General Manager III is transferred to the County Administrator Department to strengthen handling of disciplinary issues involving County Employees.

The FY 11 adopted budget reflected a productivity savings of approximately \$84,000. The savings include the elimination of a Budget Analyst I position as a result of downsizing the operating budget staff. This lower number of analysts was sustained by streamlining operating departments to reduce the number of separate departmental budgets. Four positions – two classified positions and two unclassified positions – were transferred from other departments (Public Works, Planning and Growth Management, Debt Management, and the County Administrator's Office) to establish a business analysis group. Those positions were primarily used to analyze data and County processes in order to identify opportunities for service improvement and cost reduction.

In the FY 11 adopted budget, as part of an organizational restructuring, the Management and Budget Department merged with the Procurement and Human Resources departments to become the Business and Support Services Department.

MEDICAL EXAMINER DEPARTMENT

MISSION:

Identify criminal, accidental, suicidal, suspicious, unexpected, unattended and work-related deaths; determine causes of death for same and for all bodies to be cremated, donated to science, or removed from the State as per Section 406.11, Florida Statutes and County Ordinance 93-18. Arrange disposition of dead bodies as mandated by F.S. 406.50 while minimizing the financial impact on the County. Foster improved medical care by disseminating autopsy results to physicians and by functioning as a teaching affiliate of the University of South Florida College of Medicine. Optimize number of organ donors without compromising prosecution of criminal defendants.

KEY OBJECTIVES:

1. Maintain median number of days to sign autopsy reports to 60 days or less.
2. Sign a minimum of 90% of autopsy reports within 90 days.
3. Maintain toxicology turnaround time (specimen receipt to results ready, excludes preparation of report) for screens and alcohols at less than 30 days.
4. Investigate, by inquiry, all deaths for which the body is to be cremated or removed from the State.
5. Minimize disposition costs for unclaimed and indigent bodies by maximizing disposal by cremation.
6. Maintain median number of days to dispose unclaimed bodies to 21 days or less.

Intergovernmental Grants	226,620	123,619	127,293	0
Total	\$4,744,726	\$4,475,960	\$4,554,062	\$4,880,914

Funded Positions	35	35	35	35
Funded FTE Positions	29.48	29.96	29.96	29.96

The FY 10 adopted budget reflected efficiency savings that reduced microfiche backup costs with the utilization of on-site digital imaging equipment and outsourcing and immunoassay reagent costs. The merging of the Unclaimed Bodies Unit and the Forensic Investigation Unit provided additional efficiencies by eliminating a vacant Senior Secretary position and reclassifying a General Manager I position and a Social Services Investigator position to two Forensic Investigator I positions. Budget reductions included the elimination of three positions and the related operating expenditure budget: one Forensic Toxicologist II position and two Forensic Investigator I positions.

During FY 10 a State American Recovery and Reinvestment Act (ARRA) Justice Assistance Grant (JAG) funded the USF Fellow, a contractual non-payroll staff member, along with digital imaging equipment, and capital funding to replace a database. The department also received funding from Florida Department of Law Enforcement Paul Coverdall Grant to purchase additional digital imaging equipment. Also during FY 10, BOCC approved the addition of three new permanent part-time (0.16 FTE) Forensic Investigator I positions funded with the reduction of overtime.

The FY 11 adopted budget reflected funding for personal services at a continuation level and productivity savings which reduces operating expenses. There was an increase in the morgue's operating budget, which was largely offset by lower than projected increases in electrical costs, projected efficiencies in the facility's air handling system, as well as, other efficiencies implemented in the toxicology laboratory and morgue. Federal Justice Assistance Grant funded the USF Fellow, a contractual non-payroll staff member, for one year.

The FY 12 adopted budget included \$9,000 in one time funding for the replacement of autopsy saws, \$35,000 in one time funding for the replacement of a digital X-ray cassette reader, and \$190,000 for the first phase of the replacement of the DOS-Based Medical Examiner System which replaced the Case Management System. The USF Fellow, a contractual non-payroll staff member, was funded with State Justice Assistance Grant (JAG) funding.

The FY 13 adopted budget included \$190,000 that was reappropriated to complete the first phase of the replacement of the DOS-Based Medical Examiner System which replaced the Case Management System and \$75,000 in one time funding for the second phase of the replacement of the DOS-Based Medical Examiner System which replaces the Laboratory Information Management System, and \$315,000 for the replacement of a liquid Chromatograph/ Mass Spectrometer. Due to the loss of State Justice Assistance Grant (JAG) funding, the department's budget in the countywide general fund includes \$127,293 for continued funding of the USF Fellow position, allowing the Department to sustain the 1,200 autopsies required to satisfy State mandates of Florida Statute 406, Part 1. The budget also includes savings to operating expenses in the amount of \$74,410.

OFFICE OF COMMUNITY AFFAIRS

MISSION:

Improve customer service initiatives for the benefit of Hillsborough County citizens.

KEY OBJECTIVES:

UNDER DEVELOPMENT

	Key Obj Num	Baseline/ Historical Actual FY 10	Baseline/ Historical Actual FY 11	Baseline/ Historical Actual FY 12	Projected FY 13

During FY 12, the BOCC approved Administrative Order AO-12-02, which reestablished a portion of the Client and Liaison Services Department as provided for in Ordinance #06-06 as the Office of Community Affairs. Three positions from Client and Liaison Services, one position from Economic Development Department, and one position from Public Utilities were transferred to this new department as a result of this administrative order. The creation of the new department is an effort to improve customer service initiatives for the benefit of Hillsborough County Citizens.

The FY 13 adopted budget established funding for the new department, Office of Community Affairs.

PARKS, RECREATION AND CONSERVATION DEPARTMENT

MISSION:

To provide for the public a standard of excellence in leisure service, facilities, programs and preservation of resources while working in concert with residents and the County's leadership.

KEY OBJECTIVES:

1. Maintenance and Construction Services: Provide over 73,799 square feet of building maintenance per day at a cost of less than \$2.04 per square foot with a 94% satisfaction rating. Provide maintenance of 176 parks of 1,775 acres, oversee the mowing of 320 acres daily.
2. Recreation Services: Provide morning, afternoon, and evening leisure programming at 10 Regional Community Centers. Provide Special Interest programming in each region at satellite facilities. Provide Summer Camps at Regional Centers and resource-based parks. Increase attendance at all programs. Attendance in FY12 was 365,000. Attendance represents daily occurrences for all recreation programs and events. Implement online user satisfaction surveys.
3. Athletic Services: Provide administration, facilities, officiating and all associated duties to nearly 50,000 youth and adult sports participants at 265 athletic fields. Provide Therapeutic Services to an average of 350 clients per event achieving 97% or better customer satisfaction.
4. Regional Parks: Provide and maintain ten Regional Parks and the Upper Tampa Bay Trail offering activities such as picnicking, hiking, canoeing, fishing, nature study, trails, swimming and camping at an average cost between \$1.91 and \$3.20 per visit (or less) and within a 95% satisfaction rating.
5. Conservation Services: Provide administration for the Environmental Lands Acquisition and Protection Program (ELAPP) which identifies, evaluates, and protects lands meeting program criteria. Responsible for providing land management activities such as site security, habitat restoration/enhancement, prescribed burn program, invasive and exotic plant removal, etc., for 60,008 acres at 62 sites with an average of 40 prescribed burns per year.
6. For athletic and recreation programs, as measured by the department's customer survey, maintain 85% or more customer satisfaction rating with recreational programs and improve athletic programs to attain 95% customer satisfaction rating. (Strategic Plan Goal 5).
7. Outreach to disadvantaged children; give discounts for minority and underprivileged to afford programs offered; offer dance/music programs for disadvantaged children; improve transportation for underprivileged children to get to the facilities. (Strategic Plan Goal 5)

The FY 12 Adopted budget approved: adding 18 neighborhood facilities to the plan for the Rec2Six Program which was a new recreation program for children grades kindergarten through fifth, offered Monday through Friday from 2 p.m.—6 p.m. Rec2Six improves a child's quantity and quality of physical activity, motor skills, movement knowledge, and peer interaction that measures fitness improvement throughout the year along with providing seasonal sports, fitness activities, art programs, and special activities; A standard fee was established in the amount of \$38; a fee of \$30 for an eligible child on reduced lunch and \$20 for a child on free school lunch; and using contract staff. This transition plan will not result in a loss of recreational activities to citizens. In fact, synergies gained from a more centralized approach will improve the quality of the County's programs.

The FY 12 adopted budget eliminated 11 positions (11.00 FTEs) and transferred the funding to the Public Safety and Community Services Fiscal Department to fund newly established positions. Further changes in personnel services included: transferring a Project Manager from Animal Services to fully support the Rec2Six program; establishing 30 positions (30.00 FTEs); and eliminating 196 positions (172.27 FTEs); resulting in a net reduction of 176 positions (152.27 FTEs) and budget savings in excess of \$8 million.

During FY 12, the department made personnel changes that resulted in the elimination of two temporary positions (0.96 FTE), the establishment of one part time position (0.50 FTE), and the reclassification of two part time Lifeguard positions (0.81 FTE) to two part time Park Ranger I positions (1.20 FTEs).

On March 8, 2012, the Board of County Commissioners approved a motion to discontinue the after school program, known as Rec2Six, at neighborhood facility centers with less than five children enrolled. This action resulted in the closure of three neighborhood facility centers with less than five children in attendance. There are currently eight neighborhood facility centers and 11 regional parks that are running successfully. During FY 12, seven neighborhood facility centers have discontinued the program due to low attendance. As a result of the reduction to the Rec2Six Program, two full time and 40 part time positions (2.00 and 8.00 FTEs, respectively) were eliminated, along with related operating. In addition, funding for six full time positions (6.00 FTEs) were shifted from the after school program budget to other centers.

The FY 13 adopted budget established funding for two vehicles, operating expenses, and six new positions (6.00 FTEs) in order to address the Lower Green Swamp Preserve (formerly known as Cone Ranch) management needs. On May 21, 2012, the ELAPP General Committee approved a three year funding commitment to transfer \$341,726 from the ELAPP Unrestricted Fund to the Countywide General Fund for FY 13 and \$299,646 per year to be transferred for FY 14 and FY 15. Four positions were transferred to Human Resources Department; however funding for these positions remained in Parks, Recreation, and Conservation Department budget. Additionally, as a result of midyear reclassifications of maintenance positions to Park Ranger positions and a functional transfer of one Park Ranger position from the Bakas Equestrian Program to Lake Rogers Park, funding for four positions was shifted from the Unincorporated Area General Fund to the Countywide fund.

PROCUREMENT SERVICES DEPARTMENT

MISSION:

The Department of Procurement Services is committed to maintaining public trust by achieving the highest level of professionalism, ethics, integrity and customer service, and procuring the highest quality commodities / services at the lowest cost in a manner that is fair, efficient and provides equal opportunities to our diverse vendor community in accordance with established regulations.

KEY OBJECTIVES:

1. Manage central procurement for informal bids and requests for proposals (between \$10,000 and \$25,000) with an average turnaround time of 21 days.
2. Manage central procurement for formal bids (exceeding \$25,000) with an average turnaround time of: commodities (80 days), term contracts (80 days), services (80 days), and construction (110 average days), for formal requests for proposals (exceeding \$25,000) with an average turnaround time of 180 days.
3. Manage automated services activities – Purchase Orders and Blanket Purchase Orders with a turnaround time of 4 days.
4. Manage and train on the Purchasing Card Program offering a monthly training class for all departments and semi-annual user group meetings.

Funded FTE Positions	25.00	0.00	0.00	0.00

The FY 10 adopted budget included efficiencies resulting from an 11% reduction in operating expenditures and the elimination of two vacant positions (a Procurement Analyst and a Business Analyst). In addition, an Executive Secretary, a Receptionist, a Procurement Analyst, an Office Assistant II and a Senior Procurement Analyst were eliminated. The elimination of these positions resulted in the outsourcing of all vendor registration and bid notifications. An efficiency included the elimination of two Executive Secretaries upon their retirement during FY 10.

The FY 11 adopted budget included productivity savings of \$361,411 with the elimination of a Director of Procurement Services, a Manager of Procurement Administration/Information Systems and an Accountant I. Additional productivity savings of \$29,121 resulted from the reclassification of three positions, elimination of a Blackberry, all pagers, cell phones, desktop printers and two networked printers. As part of an organizational restructuring plan, the Procurement Services, Human Resources, and Management and Budget departments were consolidated into the Business and Support Services Department.

PUBLIC SAFETY DEPARTMENT

MISSION:

Support public safety agencies by administering the 9-1-1 emergency telephone system; provide dispatch services for medical, fire, and mental health responses; provide general support to citizens and government agencies in matters relating to emergency preparedness and public safety; provide crime prevention and personnel safety for County operations; and administer the marine safety program.

KEY OBJECTIVES:

1. Answer, triage, and allocate appropriate emergency resources for 200,000 requests for service within 90 seconds, and provide pre-arrival medical instructions.
2. Plan, coordinate, and execute drills and exercises to include various volunteers, private non-profit organizations, city, county, state, and federal agencies in various areas such as natural disasters, industrial accidents, and terrorism with at least two exercises per year.
3. Enforce Florida Statute 365.171, 2, 3, 4 (9-1-1 Telephone Legislation) and HC Ordinance 89-05 (Uniform Building Numbering System) and maintain integrity of the address database to ensure 9-1-1 calls are delivered to appropriate Public Safety Answering Points (PSAP's) with 97% accuracy.
4. Perform 24 hour, 7-day a week security functions, including courthouse screening, to safeguard County personnel and property, confiscating 99.9% of prohibited items.
5. Maintain the County uniform waterway marker system. Manage the County derelict vessel removal grant program to ensure removal of vessels within three months of grant approval.
6. After the occurrence of a declared emergency, measure citizen satisfaction with Hillsborough County's preparedness and response by means of a survey; based on the survey results, adopt milestones for continuous improvement. (Strategic Plan Goal 5, Objective B.)

As a result of an organizational restructuring during FY 06 (Administrative Order #06-02), the Public Safety Department was eliminated and the Emergency Dispatch Center, Emergency Management, and Security Services Agency were created. The Marine Safety program was transferred to the Parks, Recreation and Conservation Department and 9-1-1 Administration was transferred to the Information and Technology Services Department and subsequently became a separate department.

PUBLIC UTILITIES DEPARTMENT

MISSION:

Provide for the treatment, storage and distribution of potable drinking water; the collection, treatment and disposal of wastewater; the collection, transfer and disposal of solid waste; and the recovery of recyclable materials.

KEY OBJECTIVES:

1. Treat and distribute all potable water to customers within the service area efficiently and effectively, while complying with regulatory requirements.
2. Treat and dispose all wastewater received from customers within the service area efficiently and effectively, while complying with regulatory requirements.
3. Sustain the reuse of 55% of reclaimed water supply to offset increased demands of potable water through FY 2013.
4. Maintain 5% or less bad debt write-off as a percentage of year-end accounts receivable balance.
5. Provide collection services, garbage (2), yard/wood waste (1), and recyclables (1) for residential customers, transport solid waste from transfer stations to landfill or resource recovery facility.
6. Receive and landfill all solid waste which cannot be processed by other methods including ash residue, construction and demolition debris, shredded tires, non-combustibles and by-pass solid waste; to receive and incinerate solid waste and convert the energy into electricity; and to receive and process yard/wood waste at the yard and wood waste processing facility.

Funded Positions	0	861	839	825
Funded FTE Positions	0.00	861.00	839.00	825.00

FY 11 adopted budget included the consolidation of the Solid Waste Management and Water Resource Services Departments into the Public Utilities Department. The FY 11 adopted budget included within the Solid Waste Division productivity savings of \$923,774 as a result of reductions in fleet fuel and oil (\$200,000), fewer anticipated fleet repairs (\$230,000), overtime (\$400,767), travel and training (\$84,339), and cellular phone costs (\$8,668). The elimination of two Environmental Specialist I positions and the outsourcing of a portion of the environmental sampling team's responsibilities resulted in a net productivity savings of \$59,480. The FY 11 adopted budget included within the Water Resource Services Division productivity savings of \$7,116,334 as a result of continued implementation of prior years efficiencies, further reduction in power costs, reduction in costs related to elimination of 56 vehicle/heavy equipment, further reduction in odor control chemicals, purchased water and printers and related costs. The elimination of a property control specialist position was included in the FY 11 adopted budget. A transfer of the Community Relations Coordinator to Communications was also included in the FY 11 adopted budget. However, the Public Utilities Department continued to fund the position.

Included in the FY 12 adopted budget were several business opportunities implemented as part of the department's transition plan to enhance the bond coverage and focus on essential (core) services. These business opportunities included the elimination of twenty two positions, transfer of ownership and maintenance of the high volt transmission equipment to Tampa Electric Company, in-house recycling (stripping) of meters, elimination of warehouse standby costs, and electricity savings at the Central Water Treatment Plant. Additional savings were generated from the department contracting out mowing at the landfill facilities and changing the provider of natural gas. In addition, services provided by the Environmental Protection Commission, Office of Neighborhood Relations, outside contract for litter removal, Cooperative Extension Services, Hillsborough Education Foundation and recycle for county offices were being eliminated.

The FY 13 adopted budget includes the elimination of ten positions. In addition, three positions were transferred to Human Resources and one to the Office of Community Affairs. The FY 13 adopted budget also reflects the financial impact of the revised solid waste collection contract.

PUBLIC WORKS DEPARTMENT

MISSION:

Provide and manage safe and efficient transportation and stormwater systems to satisfy diverse mobility needs, and to manage the engineering and environmental review and permitting of horizontal land development.

KEY OBJECTIVES:

1. Meet requirements of the Clean Water act for the NPDES program; maintain wetlands mitigation sites within compliance standards of federal and state permits. Conduct public education programs to enhance water quality, alleviate flooding, and comply with regulatory requirements.
2. Maintain the County's bridges, roads, stormwater system, and sidewalks. Construct and maintain safe roadway and drainage networks; including a service guarantee response time of 72 hours from report for pothole patching.
3. Provide traffic engineering services; maintain and install traffic control devices with a service guarantee response time of within 24 hours of report to malfunctioning traffic devices and maintain street lighting to enhance public safety.
4. Reduce the preventable pedestrian accident rate per 100,000 population. (An in-depth analysis will be conducted to determine the causes of pedestrian accidents and feasible solutions. Upon completion, objectives will be clarified based upon what the analysis reveals.)(Strategic Plan Goal 6, Obj.).
5. Decrease the vehicle crash rate per million entering vehicles (MEV) by 5% (Strategic Plan Goal 6, Obj. A).
6. Implement the transportation and stormwater CIP in a timely manner to optimize quality standards using partnering and maintaining construction costs within 5% of award for projects greater than \$1 million.
7. Locate mosquito breeding sites; conduct source reduction to decrease larvae and adult population numbers to improve the quality of life within Hillsborough County maintaining 75% of activities on time per schedule.
8. Provide enhanced public safety through adequate Street Lighting management as required with Florida Statue, Chapters 125 & 189 and Hillsborough County Ordinance #06-03.
9. Site plan and subdivision project review, processing, tracking and permitting.

Total	\$78,523,506	\$66,869,790	\$65,075,850	\$69,465,783

Funded Positions	677	589	441	477
Funded FTE Positions	619.03	531.03	435.95	471.95

The FY 11 adopted budget reflected a reduction of 68 positions as a result of productivity savings and budget reductions. Stormwater included a reduction of eight vacant positions. In addition, The Transportation Trust Fund reflected a reduction of approximately \$6.3 million which included the elimination of 52 vacant positions within the Transportation Maintenance, Engineering, and Traffic Division, four positions (two Administrative Specialist, a Director of Operations/Fiscal Division, and a Manager of Fiscal Control/Administration) within Operations of Fiscal and Administration Division, and three Unclassified Managers (Traffic Services Division Director, and two Transportation Maintenance Division Section Managers). A General Manager III was transferred to the Business and Support Services Department to analyze data and County processes in order to identify opportunities for service improvement and cost reduction. The department had significant reductions in operating costs related to overtime, telecommunications, office supplies, travel, training, membership, dues, books, subscriptions, contractual services, and fleet. There were additional productivity savings within fiscal administration and asset management support services. Contracted Street Sweeping in the amount of \$300,000 was added to support the County's National Pollution Discharge Elimination System (NPDES) permit and assist in reducing the amount of debris entering the stormwater systems. As a result of the Transitional plan, 15 positions within the Fiscal and Admin Section were transferred to the Administrative Services Unit and five community relations positions were transferred to the Communications Department.

During FY 11 three community relations positions were transferred to the Communications Department and 14 positions were transferred to the Fiscal and Support Services Infrastructure and Development Services section.

The FY 12 adopted budget included a reorganization which transferred: 21 positions in the Asset Management and Right of Way Management sections to Real Estate Services Department, two positions to Facilities, one additional Fiscal and Administration position, and two positions transferred from Development Services. The department has identified \$2.1 million of business opportunities that will result in reductions to the budget. The business opportunities include the elimination of 17 positions and several vehicles. Approximately 81 of the positions eliminated are associated with the work release program in which the county worked with the Sheriff's office to hire inmates as temporary laborers. Implementation of the Public Works field operations reorganization resulted in a reduction of 29 positions (Asset Coordinators, General Crew Leaders, Professional Engineers, Transportation Workers, Office Assistant II's, Inventory purchasing Manager, and Storekeepers) positions, and an increase of 15 positions (Trades helpers and Operation Field Coordinators).

The FY 13 adopted budget includes an organization restructure which transfers two positions to The Center for Development Services Department, one position to Development Services, one position to Fiscal & Support Services Department – Infrastructure & Development Services, 31 positions from Development Services, 11 positions from Real Estate Services Department, eliminate 2 positions and transfer funding to Code Enforcement; for a net increase of 36 positions. A realignment of functions includes Right of Way Management from Real Estate Services Department and Development Plan Review from Development Services Department. The budget also includes a business opportunity for Traffic Services and Transportation Maintenance by reducing planned traffic sign replacements since the capital project, Traffic Sign Retro Reflectivity, is ahead of schedule and will be replacing deficient traffic signs sooner than anticipated resulting in a cost savings of approximately \$255,000 and a business opportunity for Mosquito Control as a result of a one time revenue source of approximately \$500,000 from the sale of a fixed wing aircraft.

REAL ESTATE SERVICES DEPARTMENT

MISSION:

Provide comprehensive right of way management and real estate support services in a professional and cost effective manner for the benefit of the citizens of Hillsborough County while instilling a sense of employee pride and dedication.

KEY OBJECTIVES:

1. Effectively manage the County's rights of way to ensure protection of the County's infrastructure/assets and safety of the public by issuing right-of-way permits, conducting inspections of the permitted activities and performing Utility Coordination for all the work within the County's rights of way.
2. Provide leadership and support for the management of Hillsborough County's Infrastructure assets (Stormwater and Transportation) and support Public Works's Infrastructure Management System (currently Hansen).
3. Provide real estate services to support CIP (Capital Improvement Program)/CIT (Community Investment Tax)/ELAPP (Environmental Land Acquisition Protection Program) and on-going non-capital programs (i.e., Developer Road Projects and Developer Projects, Tampa Bay Water). Close 50% of Right-of-Way parcels prior to eminent domain litigation.
4. Pursue the preservation of environmentally sensitive and significant resources by leveraging ELAPP funding with non-ELAPP funding.
5. Provide quality, professional surveying and mapping services for CIP/CIT programs; enhance Geographical Information System (GIS) services and Right-of-Way Information Request; and meet mandatory plan review deadlines.
6. Provide professional lease administration as landlord and as tenant, keeping average cost per square foot of office space as tenant below \$14.00.

Total	\$23,844,233	\$21,996,061	\$9,700,245	\$8,724,536

Funded Positions	188	177	87	73
Funded FTE Positions	187.50	176.50	87.00	73.00

The FY 10 adopted reflected a reduction of 59 positions. The utilization of existing staff assuming the responsibilities of 11 eliminated positions resulted in departmental efficiencies in the following sections: Fiscal, Property Management, Building Maintenance and Repair, Architectural Services, and Surveying and Mapping. In addition, two positions (a Refrigeration/AC Mechanic III and a Multi Trades Worker II) funded within the Water and Wastewater Utility Enterprise Fund were eliminated and a Project Manager II was transferred to Water Resources Services. A portion of the operating expenses were transferred to Water Resources to fund contracts for services. Also there were several budget reductions in addition to the efficiency savings proposed by the department. A reduction of funding for the expansion of the preventative maintenance program increased the emergency and routine request response time due to performing preventative maintenance work while handling repair requirements. There were additional reductions in janitorial services, records management services, and mapping support services.

The FY 11 adopted budget included a reduction of three positions (one Geographic Information System Mapping Technician, an Engineering Tech and a Manager of Geographic Information System Mapping Section) for the Geographic Information Systems (GIS) Support Services. In addition, the adopted budget reflected productivity savings of approximately \$659,000. Hillsborough County's Energy program is continuing to look at ways to save on energy cost, through lighting retrofits, renegotiating rates, looking at usage during peak times and other energy levels which allowed the Real Estate electricity budget to be reduced substantially. The department also identified savings throughout the departmental travel, training, and telecommunications budgets. As a result of a transition plan, eight positions within the department's Fiscal and Administrative section were transferred to the Administrative Services Unit.

The FY 12 adopted included the County Administrator's reorganization which realigned Facilities, Architect, Repair & Preservation (R3M), Public Art, Fiscal & Support, and Customer Services functions, along with 113 positions from Real Estate Services to Facilities Management Services, and 29 positions transferred to Real Estate Services from within the Infrastructure and Development Services team. The Asset Management and Right of Way Management sections were transferred to the Real Estate Services department from Public Works. The budget also included a reduction of three positions, a vehicle, and funding for janitorial services at Net Park. There was also a reduction of six positions as a result of business opportunities.

The FY 13 adopted budget includes an organization restructure which transfers 11 positions to Public Works Department, one position to Development Services Department, and two positions to Fiscal & Support Services Department - Infrastructure and Development Services; resulting in a total reduction of 14 positions and a transfer of the Right of Way function to Public Works Department. The budget also includes cost savings of \$9,000 from business opportunities in Right of Way Management, \$67,435 for contractual services in Asset Management, and three underutilized vehicles.

SECURITY SERVICES AGENCY

MISSION:

Provide general support to citizens and government agencies in matters relating to security; prevent unauthorized items from entering Courthouse facilities; provide crime prevention and personnel safety for County operations.

KEY OBJECTIVES:

1. Perform 24 hour, 7-day a week security functions, including courthouse screening, to safeguard County personnel and property, confiscating 99.9% of prohibited items.
2. Provide daily escorts for Children Justice Center for the safety of the children, families, staff and transporters.
3. Maintain a one day turnaround on Incident/Event Reports. Provide Incident/Event Reports to various departments and agencies.

SERVICES/MEASURES:	Key Obj Num	Baseline/ Historical Actual FY 10	Baseline/ Historical Actual FY 11	Baseline/ Historical Actual FY 12	Projected FY 13

Total	\$1,422,141	\$0	\$0	\$0

Funded Positions	69	0	0	0
Funded FTE Positions	67.00	0.00	0.00	0.00

The FY 10 adopted budget showed a continued funding of the Security Services Department. However, in January 2010 the Hillsborough County Sheriff's Office assumed full responsibility for security. This phased transition included all of the Edgecomb Courthouse, Courthouse Annex, 700 Twiggs Street Facility, 419 Pierce Street Facility, N. Florida Avenue Traffic, and the Plant City Courthouse. This budget was used at the total phase out point to fund security provided by the Hillsborough County Sheriff's Office.

SOLID WASTE MANAGEMENT DEPARTMENT

MISSION:

Provide for the safe, efficient, and environmentally sensitive collection, transportation, and disposition of solid waste generated or brought into the Hillsborough County service area.

KEY OBJECTIVES:

1. **Waste Collection:** Provide collection services, garbage (2), yard/wood waste (1), and recyclables (1) for residential customers, transport solid waste from transfer stations to landfill or resource recovery facility.
2. **Waste Disposal:** To receive and landfill all solid waste which cannot be processed by other methods including ash residue, construction and demolition debris, shredded tires, non-combustibles and by-pass solid waste; to receive and incinerate solid waste and convert the energy into electricity which is sold to Tampa Electric Company; receive solid waste at two transfer stations, five community collection centers, and three yard and wood waste processing facilities and transport the solid waste to the Resource Recovery Facility or the Southeast County Landfill or the City of Tampa Resource Recovery Facility; and to receive and process yard/wood waste at the yard and wood waste processing facility.

SERVICES/MEASURES:	Key Obj Num	Baseline/ Historical Actual FY 10	Baseline/ Historical Actual FY 11	Baseline/ Historical Actual FY 12	Projected FY 13

Funded FTE Positions	161.00	0.00	0.00	0.00

The FY 10 adopted budget included operating expenses of \$120,000 and seven new positions (two Equipment Operator III, two Construction Equipment Operator II, two Equipment Operator I and an Accounting Clerk II) to operate the new transfer facility opened in September 2009. With the active landfill gas collection system at the Southeast County Landfill becoming operational in FY 10, \$8,000 was added for standby pay to be used only in emergency situations.

The FY 11 adopted budget included the consolidation of the Solid Waste Management and Water Resource Services Departments into the Public Utilities Department.

WATER RESOURCE SERVICES DEPARTMENT

MISSION:

Provide for the treatment and delivery of potable water, collection and treatment of wastewater, and the distribution of reclaimed water within the approved utility service area. Provide these services under established programs to address present and future customer needs in conformance with local, state, and federal regulations in an environmentally sensitive and cost conscious manner, utilizing continuous improvement processes.

KEY OBJECTIVES:

1. Maintain the average per capita potable water use at 107 gallons per day in a wet weather year, 120 gallons in an average year, and 130 gallons in a dry year. (Strategic Goal 7, Objective A).
2. Treat and dispose all wastewater received from customers within the service area efficiently and effectively, while complying with regulatory requirements.
3. Sustain the reuse of 55% of reclaimed water supply to offset increased demands of potable water through FY 2010. (Strategic Goal 7, Objective H).
4. Define the customer satisfaction rating with the quality of Departmental services being provided. (Strategic Goal 3, Objective C).
5. Maintain 5% or less bad debt write-off as a percentage of year-end accounts receivable balance.
6. Reduce downtime caused by electrical power outages at County water and sewer treatment, and pumping facilities by increasing the percentage of mitigation from 14% experienced in FY 2004 to 20% by FY 2010 (Strategic Goal 5, Objective C).

The FY 10 adopted budget included efficiencies that eliminated 24 support, managerial and senior level positions in an effort to contain costs and downsize the telecommunications program. Additionally, four positions were eliminated that provided facility/real estate maintenance. The elimination of the existing standby pay in the Plant Operations group and the addition of a second shift in Field Maintenance Services resulted in reductions in both standby and overtime pay. The construction of new underground power conduits, wiring, switches, meters and transformers to allowed the Solid Waste Resource Recovery Facility to provide electric power to the Falkenburg AWTP, Woodbury Master Wastewater Pumping Station and the Brandon Support Operations Complex (BSOC) facilities in lieu of using electric power from Tampa Electric Company. Two positions within the Real Estate Department that were funded by Water Resource Services (WRS) for building maintenance and CIP support were eliminated, with one position (Project Manager II) transferred to WRS. In addition, two positions in the Planning and Growth Management Department that were funded by WRS for utility plan review and land development permitting and inspecting were eliminated. There was also funding for an energy efficiency advisor to identify opportunities to modify existing equipment, replace inefficient equipment and to implement electrical energy alternatives to reduce reliance on energy purchased from Tampa Electric Company and implement additional water conservation strategies. Through a mixture of more energy efficient motors and equipment, and construction of energy production facilities (photo voltaic, etc), Water Resource Services aimed at reducing its electrical bills from TECO by 2.0%.

The FY 11 adopted budget included the consolidation of the Solid Waste Management and Water Resource Services Departments into the Public Utilities Department.

WATER RESOURCES TEAM

MISSION:

Protect the interests of Hillsborough County, the quality of life for its citizens, and the environment from the potential adverse effects of new and existing water supply facilities operated by Tampa Bay Water.

KEY OBJECTIVES:

1. Evaluate Tampa Bay Water’s application for Primary Environmental Permits for their new and existing water supply projects and provide recommendations to the BOCC within the mandated period of 30 days.
 2. Exercise the County’s rights to binding arbitration under the Amended and Restated Interlocal Agreement to ensure that Tampa Bay Water addresses the concerns of the County as they relate to applications for Primary Environmental Permits, striving to settle at least 50% of these with issues resolved.
 3. Monitor the implementation of the Northern Tampa Bay New Water Supply and Ground Water Withdrawal Reduction Agreement to ensure that 100% of the required wellfield reductions are met according to the SWFWMD mandated timelines, and recovery of the natural systems achieved.
 4. Provide communication to the BOCC and the public in order to allow for the public involvement and awareness of water supply projects, increasing outreach to all interested parties through a variety of informational methods.
 5. Monitor and participate as warranted in the water resource related efforts of Tampa Bay Water, regulatory agencies (local, state, and federal), legislatures, and watershed, estuary and bay management programs.

The FY 06 Water Resource Team's budget was included in the Water Resource Services Department budget to reflect the County Administrator's reorganization plan.

CLERK OF THE CIRCUIT COURT

MISSION:

BOCC Records: Keep and protect the public records, provide required services, and serve the people of Hillsborough County in a professional, accurate, and efficient manner. **County Finance:** Perform financial functions supporting the Clerk of Circuit Court's role as accountant and treasurer for the Board of County Commissioners (BOCC) and chief financial officer of Hillsborough County. Financial functions include preparation of countywide, enterprise, and other financial reports, coordination of the annual audit by the County's independent auditors, maintenance and retention of financial records, banking, cash management and investment of County funds, issuance and management of County debt, monitoring grants, auditing the County's budget and budget amendments, and receipt and disbursement of County funds of the BOCC and other agencies in compliance with Generally Accepted Accounting Principles (GAAP), federal, state, and County laws and regulations, County policies and contractual obligations. **Payroll:** Provide payroll services for the Clerk of the Circuit Court as well as BOCC employees. **System Support:** Administer and oversee the BOCC integrated payroll system, financial system, and sub-systems, to include technical and functional support, training, application security, and reporting. **Clerk to the Board Administration:** Provide professional administrative support to the Board of County Commissioners in a cost effective manner. **County Audit:** Provide audit services, add value, improve operations, and serve the people of Hillsborough County in a professional, accurate, and efficient manner. **Mail Services:** Provide proficient, expedient, and reliable mail services to 250 departments of the BOCC and other Hillsborough County agencies while remaining compliant with all USPS regulations and the Federal Private Express Statutes.

KEY OBJECTIVES:

1. Maintain minutes and records of the BOCC and other committees and councils appointed by the BOCC, process and distribute agenda items within ten days of receipt and produce meeting minutes within 21 days of meeting date.
2. Attend and record zoning meetings; have zoning files available for view by the public; accept oral argument requests; notify parties of record of the BOCC Land Use Meeting dates.
3. Report yearly lobbyist registrations to the BOCC and public, through the Clerk's internet.
4. Issue County's Comprehensive Annual Financial Report (CAFR), Single Audit, Water Resource and Solid Waste Enterprise Fund Financial Reports, the Annual Local Government Financial Report to state of Florida, Financial Summary Report, and other reports by statutory or other due dates.
5. Ensure that Hillsborough County financial statements are prepared using generally accepted accounting principles and are audited annually in accordance with Florida Statutes.
6. Record capital asset additions, disposals, contributions and transfers in a timely and accurate manner. Inventory all tagged property (equipment and vehicles) on a 12-month cycle.
7. Audit BOCC budget and budget amendments for compliance with Florida Statutes, ordinances, bond covenants, grant contracts, interlocal agreements, and other requirements on a timely basis.
8. Manage County cash and investments while fulfilling fiduciary responsibilities for safety of principal, liquidity to meet cash needs, and optimization of earnings.
9. Monitor financial aspects of grants.
10. Timely review and processing of all accounting documents including revenues and expenditures.
11. Reconcile ledger balances within 30 days of month-end to maintain integrity of accounting entries, systems and financial reports.
12. Debt Management: (a) Identify, analyze and develop new financings to fund infrastructure and capital requirements approved by the BOCC at the lowest cost and highest possible credit ratings; (b) maximize interest cost savings by refinancing outstanding debt as indicated by financial and/or legal changes; and (c) administer outstanding debt to maintain general credit ratings of at least Aa2/AA/AA.
13. Monitor debt service requirements and compliance with bond covenants and initiate all principal and interest payments in a timely manner.
14. Research, compile, and submit financial information to ensure 100% compliance with municipal securities market disclosure requirements.
15. Produce accurate and timely payroll payments each two weeks for employees of agencies covered under the payroll system.
16. Audit the appropriateness of payments to these employees.
17. Distribute moneys deducted from employees to all appropriate vendors within two days of the pay day.
18. Manage back up payroll documentation for historical records.
19. Provide technical and functional support for BOCC financial system, payroll system, and sub-systems.
20. Provide hands on training for the BOCC financial system, payroll system, and sub-systems.
21. Establish and maintain security for the users of the BOCC financial system, payroll system, and sub-systems.
22. Coordinate, develop, and maintain system programs, processes, and enhancements for the FAMIS financial system, Genesys payroll system, and OnBase imaging system.
23. Provide financial and payroll reports and data files to BOCC departments, County Finance, Payroll, other constitutional officers and independent agencies of Hillsborough County and the public at large.
24. Provide efficiency in validating vendor W-9 forms and applications security forms electronically through an online imaging system.
25. Provide quality professional administrative and clerical support to the Board of County Commissioners and their Aides.

Continued in "Supplemental Information"

CLERK OF THE CIRCUIT COURT

Appropriations	FY 10 Actual	FY 11 Actual	FY 12 Adopted	FY 13 Adopted
Other Uses	\$17,910,217	\$18,325,647	\$18,177,333	\$19,021,542

Budget by Fund	FY 10 Actual	FY 11 Actual	FY 12 Adopted	FY 13 Adopted
Countywide General Fund	\$17,910,217	\$18,183,278	\$18,177,333	\$19,021,542
Countywide Special Purpose Revenue Fund	0	142,369	0	0
Total	\$17,910,217	\$18,325,647	\$18,177,333	\$19,021,542

Funded Positions	106	106	105	103
Funded FTE Positions	106.00	106.00	105.00	103.00

Functions under the Clerk of the Circuit Court's budget include:

1. **Recordkeeping for the Board of County Commissioners**--Maintains minutes and records of the Board.
2. **Financial Services**--Collects, reports, disburses, and invests County funds.
3. **Internal Auditing**--Audits the adequacy and effectiveness of internal controls and procedures in BOCC departments, agencies, and programs.
4. **Recordkeeping for Circuit and County Courts**--Maintains records and files for all Courts in the 13th Judicial Circuit.
5. **County Recorder**--Records all authorized documents into the official record.

The FY 10 adopted budget eliminated two positions in BOCC Accounting and one position in Systems Support. The budget shifted two positions in BOCC Records and one Clerk to the Board Administration position to the Value Adjustment Board to assist with an increase in petitions, and the length of hearings caused by statutory changes to the process. Technology changes increased the hardware replacement cycle from three to four years and reduced maintenance and support contracts. The Clerk's technology staff was tasked with dealing with more hardware and software repair issues internally. Administrative support department budgets were reduced by 10.5% and this savings was reflected in the reduced FY 10 budget. The remaining reduction in the Clerk's FY 10 budget consisted of a 1.50% reduction in the employer contribution to the deferred compensation plan and the implementation of five unpaid furlough days.

The FY 11 adopted budget eliminated the original planned three furlough days by identifying other operation savings in the budget. The budget also eliminated one Janitor position.

The FY 12 adopted budget represented continuation level funding.

The FY 13 budget eliminates two positions as a result of implementing technology improvements including a new online document management system. This system has created efficiencies in the County Finance and Payroll areas.

PROPERTY APPRAISER

MISSION:

Secure a just valuation for ad valorem tax purposes of all real and tangible personal property; provide for uniform assessment of these properties; and administer exemptions pursuant to Florida law.

KEY OBJECTIVES:

1. Assess all real and tangible property in Hillsborough County including agricultural, commercial, residential, and vacant parcels.
2. Assess all tangible property (business assets) located in the county including furniture, fixtures, tools, machinery, equipment, signs, leasehold improvements, supplies, leased equipment, and whatever is used to conduct business.
3. Administer Homestead Exemptions applications, verifying qualifications and approving or disapproving exemptions up to \$50,000 based on State statute requirements.
4. Administer disability, widow/widower, religious, seniors, and non-profit exemptions, verifying qualifications and approving or disapproving exemptions based on State statute requirements.
5. Send TRIM (Truth in Millage) notices to all property owners and implement review/appeal process.
6. Conduct individual assessment reviews for Value Adjustment Board appeals and defend assessment values.
7. Implement Amendment 10, Constitutional Amendment, limiting annual assessment of homestead property, not to exceed 3% assessment increases, or the percentage change in the Consumer Price Index (CPI) or just market value, whichever is the lowest.

The Hillsborough County Property Appraiser is not required to submit their budget to the County for consideration during the budget process. They submit their budget directly to the State of Florida for approval. Once approved by the State, the Property Appraiser provides the County a copy of the approved budget.

The FY 10 adopted budget eliminated five positions.

The FY 11 adopted budget reduces staffing by an additional seven positions.

The FY 12 adopted budget reflects a reduction of two positions.

The FY 13 adopted budget eliminates three positions, but provides for a continuation level of services.

PUBLIC DEFENDER

MISSION:

We are committed to efficiently providing our clients with effective legal representation, and treating our clients, our employees, and our community with dignity and respect.

KEY OBJECTIVES:

1. Represent appointed clients arrested for or charged with a felony, a violation of probation or community control, a criminal misdemeanor or criminal traffic offense, criminal contempt, violation of municipal or County ordinance, juveniles alleged to be delinquent, those detained under the "Baker Act" proceedings and individuals charged under the civil Commitment for Habitual Sexual Predators Act. Provide representation in other proceedings as appointed by the court (Chapter 27, F.S. mandate).

Subsequent to June 30, 2004, S. 14, Article V of the State Constitution required counties to fund the cost of communication services, existing radio systems, existing multi-agency criminal justice information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the circuit and county courts, public defenders' offices, state attorneys' offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions.

The FY 10 adopted budget included one time funding of \$588,000 for replacement of computer hardware and software that will no longer be under maintenance contracts and is obsolete. The funds were used to move off the Novell GroupWise e-mail system and move onto the Microsoft Exchange e-mail system to better communicate with the other agencies: State Attorney's Office, Clerk of Court, Board of County Commissioners, Court Administrator, and other outside agencies. The funds upgraded the IP phone servers and software.

The FY 11 adopted budget was funded at continuation level.

The FY 12 adopted budget included funding for \$400,000 for Odyssey System Software, a criminal case management system which enabled the agency and the Clerk of the Circuit court to increase electronic file sharing and exchange of criminal case information, in an effort to create a truly unified criminal justice system.

Section 29.008 (1) (4) counties are required by s. 14 Art. V of the State Constitution to fund the cost of auxiliary aids and services for qualified individuals with a disability which are necessary to ensure access to the courts. Such auxiliary aids and services include, but are not limited to, sign language interpretation services or real-time transcription services for individuals who are hearing impaired. The FY 12 budget added additional support to the Public Defender's Office of \$35,000 to provide for these services.

The FY 13 adopted budget included \$400,000 of one-time funding that was reappropriated to complete the procurement for Odyssey System Software, a criminal case management system which enabled the agency and the Clerk of the Circuit court to increase electronic file sharing and exchange of criminal case information, in an effort to create a truly unified criminal justice system. The budget also includes funding in the amount of \$35,700 for annual maintenance of the Odyssey System.

SHERIFF

MISSION:

The mission of the Hillsborough County Sheriff's Office is to serve, protect, and defend the community while preserving the rights and dignity of all.

KEY OBJECTIVES:

1. Provide emergency law enforcement response times within ten (10) minutes and provide proactive enforcement of traffic laws to unincorporated Hillsborough County.
2. Perform timely and objective criminal investigations of all assigned criminal incidents resulting in clearance of more than 19% of reported indexed crimes.
3. Perform the inmate booking process for 25 local, state, and federal agencies and safely house and supervise pretrial and sentenced inmates within constitutional and regulatory standards maintaining an average daily inmate census within the detention system operating capacity.
4. Provide timely civil process services by attempting or completing service for all civil processes received by the Sheriff.
5. Provide security for judges, court attendees, and persons detained for trial by providing secure movement of inmates and maintaining order in the courts through assignment of at least one bailiff per criminal court session.

The FY 10 and FY 11 adopted budgets did not add any new civilian, court bailiff, detention or deputy positions. The FY 10 and FY 11 budgets also reflected the impacts of numerous efficiencies implemented including: the renegotiation of an inmate medical services contract, closing the work release center, changes in inmate transportation routes, modification of electrical and water systems in the jails, reduction in overtime for detention deputies, installation of bulk fuel tanks at district offices, extending the retention of patrol vehicles from four years to six years, etc.

In FY 10 and FY 11, the cost of replacing 120 vehicles was funded through the use of the Community Investment Tax..

The FY 12 adopted and FY 13 adopted budgets are funded at a continuation level.

Each year the Hillsborough County Sheriff's Office generates revenues which help offset costs for services it provides through agreements with the Hillsborough County School Board and the Tampa Port Authority and through the red light camera monitoring program. The School Resource Officer program generates approximately \$2.5 million annually, the School Crossing Guard program generates approximately \$716 thousand annually, the Port Authority Officer program generates approximately \$1.9 million annually, and the red light monitoring program generates approximately \$1.8 million annually.

STATE ATTORNEY PART I

MISSION:

Appear in the Circuit and County Courts within the Judicial Circuit and prosecute and defend, on behalf of the State, all suits, applications or motions, civil or criminal, in which the State is a party, except as provided in Chapters 39 and 959 of the Florida Statutes (F.S. 27.22).

KEY OBJECTIVES:

1. Initiate a caseload of approximately 139,585 criminal legal actions on behalf of the State in FY 11.
2. Maintain a 90% or greater conviction rate.
3. Continue implementation and expansion of automated informational processing throughout the Criminal Justice System.
4. Represent the citizens of Hillsborough County with quality legal services.

Subsequent to June 30, 2004, S. 14, Article V of the State Constitution required counties to fund the cost of communication services, existing radio systems, existing multi-agency criminal justice information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the circuit and county courts, public defenders' offices, state attorneys' offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions.

The State Attorney is mandated to provide Hillsborough County citizens such services as: criminal prosecution of all felony and misdemeanor cases, hearings related to Florida's Baker Act statutes, prosecution of all delinquency cases within the juvenile criminal justice system, civil commitment hearings, certain criminal appeals of felony and misdemeanor cases, oversight of diversion programs.

The FY 10 adopted budget was funded at continuation level.

The FY 11 adopted budget included a reduction of \$275,000 in telecommunications and other operating cost.

The FY 12 adopted budget was funded at a reduced level which reduced continued support on software maintenance, hardware maintenance for network, servers, storage devices, scanners and printer/copier maintenance.

The FY 13 adopted budget was funded at continuation level.

STATE ATTORNEY PART II (VICTIM ASSISTANCE)

MISSION:

Enhance law enforcement by providing comprehensive services to victims of crime through all phases of the criminal justice/judicial process and to act as liaison between victims and each agency involved in law enforcement to ensure cooperation and understanding and close any service gaps among the victim population.

KEY OBJECTIVES:

1. Provide quality victim services to all victims of violent crime within Hillsborough County by: attempting initial contact with victims within 5 days of criminal offense; assisting law enforcement agencies within the county to provide 24-hour, on-site emergency services to all victims of crimes; increase awareness of services by providing crime scene call outs, roll calls and public presentations; notifying domestic violence victims in writing within 5-7 days of the crime, apprising them of available services; provide initial intake interviews for all sexual battery victims; and, when possible, notifying all crime victims of the crucial stages of their case within five days after court date is scheduled.
2. Divert designated worthless check cases from the criminal justice system, obtain restitution for victims in a timely manner and generate revenue from check writers' required fees.
3. In accordance with the Hillsborough County Administrator's Strategic Plan, we will strive to provide outstanding customer service to the victims of Hillsborough County and will measure our success by randomly surveying victims coming into the office.

The FY 10 adopted budget cut \$160,150. This included one Intake Counselor, one part time Court Clerk II and corresponding operating expenditures. One-time funding was included to maintain a part-time Domestic Violence Therapist position.

The FY 11 adopted budget increased the part-time status of a Domestic Violence Therapist by .1 full time equivalents. The budget also eliminated four full-time positions including the Director of Victim Assistance, a Senior Supervisor, and Administrative Manager, and an Intake Counselor. Three furlough days originally planned for FY 11 were eliminated in the budget.

The FY 12 adopted budget was funded at a reduced level and eliminated two Court Clerk II positions. Two limited duration positions funded with State Formula Justice Assistance Grant (JAG), an Intake Counselor and a part-time Court Clerk II, were also eliminated, however, the position and FTE counts for these grant funded positions were not included in the FY 11 counts, thus the FY 12 budget did not show this reduction.

The FY 13 adopted budget was funded at continuation level.

SUPERVISOR OF ELECTIONS

MISSION:

Conduct open, secure, reliable elections for the citizens of Hillsborough County.

KEY OBJECTIVES:

1. Plan, organize, and efficiently execute one countywide general, and one election to serve in excess of 750,000 registered voters for the Countywide General Election, and 16,000 registered voters for Plant City Elections.
2. Locate, retain and provide the support necessary for suitable and accessible polling places for 347 precincts for countywide elections, as well as polling places needed for other elections.
3. Recruit, train and supervise all election workers for elections. Develop a cadre of highly trained and skilled election workers who will be deployed upon for various elections and whose expertise will ensure efficiency and compliance.
4. Increase public awareness of various ways voters can participate in the electoral process by promoting and familiarizing the public with the availability of early voting and vote by mail (absentee ballots).
5. Implement appropriate list maintenance activities that accomplish complete database comparisons each year in compliance with United States Postal Service regulations, produce routine final address confirmations within a month of the Postal Address Change Notification, and delete voters from the registration rolls within one month from the date of notification. Complete the legislatively mandated odd-year list maintenance process in 2013.
6. Continue to encourage public confidence in the election process through education and improvement of voter services.
7. Maintain streets indexes and jurisdictional maps, in compliance with federal, state and local requirements.

The FY 10 adopted budget added five new funded positions.

The FY 11 adopted budget included the cost of an election for the City of Tampa which was not included in the FY 10 adopted budget.

The FY 12 adopted budget included funding for three major elections.

The FY 13 adopted budget includes funding for one major election and the election for Plant City. The Supervisor of Elections has begun utilizing a staffing agency to reduce overall administrative costs associated with meeting temporary staffing needs.

TAX COLLECTOR

MISSION:

To exceed customer expectations through continuous innovation in performing the required duties of our office with the highest level of ethics and integrity while empowering and challenging our workforce. Purpose: To perform the state work of collecting and distributing taxes and license fees at the local level.

KEY OBJECTIVES:

1. Property Tax and Other Taxes -- Bill and collect property taxes and assessments from property owners and distribute property taxes collected to each taxing authority at least five times during the first two months of tax roll collections and at least once every other month thereafter. Bill and collect business and tourist development taxes in accordance with local ordinance; and issue hunting & fishing licenses on behalf of FFWCC. Distribute appropriate taxes and fees collected in accordance with all applicable FL statutes and local ordinances.
2. Motor Vehicle and Driver Licenses -- Issue motor vehicle titles, registrations, and driver licenses in accordance with FL statute and regulations of the FL DHSMV and the Federal Real ID Act (for Driver Licenses). Distribute collections to the DHSMV weekly as required by FL statute and distribute sales tax to FL DOR. Assume responsibility for all driver license services from the state of FL DHSMV by 2015.

*Funded Positions	283	305	305	320
*Funded FTE Positions	283.00	305.00	305.00	320.00

The budget reflected above is not the budget of the Tax Collector but represents the dollar amounts that the County Commission has paid or is estimated to pay to the Tax Collector as the statutory fee for collection of taxes on behalf of the County Commission and School Board as a taxing authority. Other taxing authorities paying commissions to the Tax Collector for the collection of ad valorem taxes include the Tampa Port Authority, the Children's Board, HARTline, the Southwest Florida Water Management District and Tampa Palms. Florida Statutes require that the Tax Collector's operating budget be submitted on or before August 1st of each year and be approved by the Department of Revenue and that commissions be paid to the Tax Collector by the County and other taxing authorities for the collection of ad valorem taxes. The Tax Collector returns excess fees (surplus funds) remaining at the end of the fiscal year. The number of funded positions and funded FTE's represent the total for the entire Tax Collector's organization.

Budget amounts reflected statutory fees for the collection of taxes on behalf of the BOCC and the School Board. Fees for the collection of School Board property taxes were approximately \$12.3 million in FY 10, \$10.8 million in FY 11, and are estimated to be \$10.7 million for both FY 12 and FY 13.

The State of Florida recently passed legislation to transfer responsibility for drivers license activities to local jurisdictions. This change is resulting in an increase in the budget of the Tax Collector including the addition of new positions. The change will also create new revenue for the Tax Collector, however, the new revenues are not anticipated to cover all of the new costs.

*Fee Funded.

VALUE ADJUSTMENT BOARD

MISSION:

Receive and hold hearings for petitions filed by taxpayers concerning property value assessments, classification, homestead exemptions, and other disputes of exemptions from ad valorem taxes. Report to the Value Adjustment Board and the Department of Revenue.

KEY OBJECTIVES:

1. Accept petitions from taxpayers who wish to appeal property assessments and exception denials by the 25th day from the mailing of TRIM notices.
2. Schedule and begin hearings no later than 60 days following the mailing of TRIM notices; mail notice of hearings at least 30 days prior to hearings; reschedule on demand if requested at least 5 days prior to hearing.
3. Assist special magistrates in the hearings; accept evidence and scan into VAB program; record hearings and convert to mp3 and attach to online VAB program. Some evidence issues require rescheduling.
4. Track every property that is remanded or postponed to Property Appraiser; specific time limits apply; copies must be sent to petitioners; reschedule each to new hearing date for conclusion.
5. Track all portability petitions; mail cross-county petitions to counties from which a petitioner moved; must wait until other county's hearing decision is received before scheduling a hearing in Hillsborough.
6. Track all requests to hold hearings in the petitioners' absence ("no show" hearings). Otherwise, all nonappearances will result in a cancellation of the hearing.
7. Audit all special magistrate recommended findings of fact and conclusions of law for each property considered in hearings and mail to petitioner and Property Appraiser timely (before final VAB meeting).
8. Balance each VAB tax year and compile values and statistics for Department of Revenue.
9. Let petitioners know when the final VAB hearing will be held.
10. Report to the Value Adjustment Board at least four times each year to hire special magistrates, review DOR rules, approve internal operating procedures, extend tax rolls, approve magistrate hearing recommendations, and certify tax rolls.
11. Advertise and report loss in taxes due to VAB action to the Florida Department of Revenue as mandated by statute.
12. Within 20 days of the final VAB meeting, mail final hearing decisions to all petitioners who had a hearing before a special magistrate.
13. Hold orientation meetings after special magistrates are hired and before hearings begin.
14. Advertise and assist the VAB in hiring special magistrates each year.
15. Advertise and assist in hiring of VAB attorney each year.
16. Assist in yearly VAB member appointment process.

Funded FTE Positions	6.00	6.00	6.00	5.00

Functions under the Value Adjustment Board budget include: assisting the public in filing petitions to contest property value assessments, property classification and homestead exemption, and providing petitioners an independent appeal hearing.

The Value Adjustment Board is considered part of the Clerk of the Circuit Court organization. The six positions funded in this budget are included in the total of Clerk-funded positions in the position detail listing.

The FY 10 budget shifted two positions in BOCC Records and one Clerk to the Board Administration position to the Value Adjustment Board to assist with an increase of 67% in petitions, and the length of hearings caused by statutory changes to the process. Changes caused the workload of hearing masters to double, and the FY 10 adopted budget reflected a doubling in the cost of hearing masters to \$250,000 annually.

The FY 11 adopted budget was funded at continuation level.

The FY 12 adopted budget was funded at continuation level.

The FY 13 adopted budget includes an efficiency eliminating one position due to a reduction in actual petitions.

JUDICIAL BRANCH (ADMINISTRATIVE OFFICE OF COURTS)

MISSION:

Consider all legal actions within the Circuit, including civil, family law, criminal, juvenile, probate, guardianship and mental health, and conduct all business in a way that will instill public confidence and support the judiciary in the performance of its constitutional duties by providing programmatic, technical, and administrative assistance.

KEY OBJECTIVES:

1. Court Administration: Provide technical and administrative assistance to the judiciary to assure they have the necessary resources to fulfill their constitutional duties. This includes administering security support services, personnel actions, responding to informational inquiries and payments for goods and services, processing 95% of the invoices within 3 days.
2. Court Facilities: Provides the mandated management and maintenance of the various court facilities and assistance to judges, judicial assistants and court staff for internal mail services, purchasing, and security.
3. Children’s Justice Center: Provide a neutral, child friendly atmosphere to children who are exposed to an adult court system striving for less than 7% no shows for interviews.
4. Mediation and Diversion: Provide high quality professional mediation services at a reasonable cost in a cordial and comfortable environment and resolve disputes in a timely and efficient manner.
5. Juvenile Diversionary Program: Handles referrals from law enforcement and the State Attorney’s Office. Cases are 1st and 2nd time misdemeanor offenses. Each youth is assessed using a nationally recognized assessment tool to determine the youth’s needs. The youth and family are interviewed to gather additional information. The youth is sanctioned using the assessment and interview results. The youth is then connected with services in the community. Staff follow each case until sanctions are completed.
6. EJC: Provides guidance to elders in our community who need assistance navigating through the courts and to the services available in the community
7. Domestic Violence: Provides assistance with the cost of DV assessment & other treatment and services to domestic violence offenders when the offender is indigent.
8. Drug Court Program: Assist adult and Juvenile substance abuse offenders to become drug and crime free productive citizens.
9. Court Technology Services: Provides desktop management services to approximately 525 computers and 800 devices within the courts. This includes the following areas: A) Court Communications Technology Services: Provide efficient technology solutions, services and support to the judiciary, Administrative Office of the Courts and all affiliated court programs and departments, as well as criminal justice partners. Currently supporting approximately 3,000 network connected devices. B) Judicial Automated Workflow System (JAWS): Provide a primary interface between the court, the people and organizations that have business before it by offering the capability for external parties to schedule hearings and upload courtesy copies, allowing the judiciary a way to generate orders in court and delivering case management tracking for specific departments. JAWS supports approximately 8,800 users. C) Digital Court Reporting: Capture quality annotations and recordings and perform timely quality control so a verbatim transcript can be produced while delivering superior customer service. Currently, the digital court reporting infrastructure supports 27 divisions. D) Help Desk: Provide a single point of contact for all internal and external users and customers to direct questions and report problems regarding information, requests, Facilities, Court Business Center and supported computing and networking services. The Help Desk will answer questions, resolve the issue and attempt to help the user or distribute the call to the appropriate levels of computing and networking services and ensure that the technical support essential to effectively use these services is provided in an efficient and effective manner. E) Desktop Management Services: provides desktop management services to approximately 525 computers and 800 devices within the courts.
10. Legal Department. Provides legal advice, counsel, and research to members of the Judiciary and the Administrative Office of the Courts. Attorneys are assigned to judges in all subject matter divisions and to the administrative management team to research legal issues, draft legal memoranda, attend evidentiary hearings, draft proposed orders on pending cases, review contracts, respond to public records requests potentially seeking confidential records, and draft or review all administrative orders entered by the chief judge.

Funded FTE Positions	56.50	56.50	56.50	57.35

The FY 10 adopted budget eliminated two positions (Director of Fiscal Affairs and a Public Information Specialist) and approximately \$600,000 is reduced for operating and capital outlay expenditures.

The FY 11 adopted budget included an additional reduction of \$624,302 to reduce support for technology (\$541,302), community mediation (\$50,000), facilities (\$23,000), and court administration (\$10,000).

The FY 12 adopted was funded at a continuation level.

An American Recovery and Reinvestment Act Justice Assistance Grant (Drug Court Expansion) in the amount of \$1,100,000 ended in FY 12. A Drug Court Program Substance Abuse and Mental Health Services Administration (SAMHSA) Grant in the amount of \$300,000 ended in FY 12. Two grants awarded by the Children's Board ended in FY 12. These include the Child Advocacy Supervised Visitation Program Grant in the amount of \$92,663 and the Family Court Services and Assistance Grant in the amount of \$50,000. Two grants were budgeted with an estimated award reduction of \$18,949.

The FY 13 adopted budget shifted one position previously funded by the Child Advocacy Supervised Visitation Program Grant from the Intergovernmental Grants fund to the Countywide Special Purpose Revenue Fund. One limited duration reduced hour Court Program Specialist I position (0.85 FTE) was added and extended through September 30, 2013 and funded by the Crime Victim Assistance (VOCA) grant in the amount of \$45,634 which required an in-kind match of \$11,409.

GUARDIAN AD LITEM

MISSION:

Represent the best interests of all abused, abandoned, and neglected children in Hillsborough County's Dependency Courts, through both its volunteers and staff guardians, advocating for their safety, their security, and for any services required for their well being.

KEY OBJECTIVES:

1. Maintain the number of children whose cases are currently active and served by the program in FY 13.
2. Increase the number of volunteers by 20.5% in FY 13, to ensure all represented children have a volunteer GAL.

The Board of County Commissioners provides funding for the Guardian ad Litem program to provide an unbiased voice in advocating what is in the child's best interest in court proceedings for abused and neglected children.

The FY 10 budget was funded at the continuation level and reflected productivity savings of \$17,092 in telecommunications and \$243,299 in rental expense due to a move into County-owned office space.

The FY 11 adopted budget was funded at the continuation level.

The FY 12 adopted budget was funded at the continuation level and reflects a 5% decrease (\$1,272) in telecommunications costs.

Additional funds are included in the FY 13 adopted budget for technology replacement.

CHARTER REVIEW BOARD

MISSION:

Review any and all phases of County government and, upon approval of 2/3 of the members of the Charter Review Board, propose County charter amendments to be voted upon at a general election.

KEY OBJECTIVES:

1. Receive testimony and collect data on recommended changes to the County charter.
 2. Evaluate benefits of recommended charter changes.
 3. Propose County charter amendments to be placed on the ballot at a general election.

The Charter Review Board convenes every five years to conduct a comprehensive study of any or all phases of county government.

The Board convened in FY 10.

CIVIL SERVICE BOARD

MISSION:

Provide select personnel services, via a centralized model, to 20 Hillsborough County Government Agencies and their current and future employees.

KEY OBJECTIVES:

1. Talent Acquisition: Promptly and effectively respond to client requests to fill job vacancies by aggressively recruiting and screening candidates to achieve high quality hires.
2. Job Classification and Compensation: Promptly and effectively respond to client requests for position reviews. Improve management and employee perceptions of internal compensation equity.
3. Employee Change Action Review and Approval: Promptly and accurately review classified employee change actions for compliance with laws, rules and policies and maintain an accurate employment history file for each classified employee.
4. Hearings of Discipline Appeals and Grievances: Promptly and effectively respond to employee requests for Civil Service Board hearings of discipline appeals and grievances (maximize number resolved without a full hearing).

Chapter 2000-445 of the General Laws of Florida requires that the Civil Service Board receive a minimum funding level that is equal to .65 percent of the payroll of the classified employees for each county appointing authority. These appointing authorities for Hillsborough County are the Board of County Commissioners, the Aviation Authority, the Tampa Sports Authority, the Tampa Port Authority, the Tampa-Hillsborough County Expressway Authority, the Clerk of the Circuit Court, the Sheriff, the Children's Board, the Property Appraiser, the Arts Council, and the Tax Collector.

The FY 10 adopted budget was funded at the statutorily required minimum funding level.

The FY 11 adopted budget was funded at the statutorily required minimum funding level.

The FY 12 adopted budget was funded at the statutorily required minimum funding level.

The FY 13 adopted budget is funded at the statutorily required minimum funding level.

ENVIRONMENTAL PROTECTION COMMISSION

MISSION:

To protect the natural resources of Hillsborough County through local control and regulation of activities that may cause pollution.

KEY OBJECTIVES:

1. Air Management – Inspect sources, issue permits, write reports, monitor air quality, respond to citizen inquiries and complaints, regulate noise through monitoring events, oversee asbestos removal, enforce rules, conduct air quality planning and special projects as needed, coordinate grant activities and requirements and provide public information; average 229 inspections per year, per inspector.
2. Water Management -- Issue domestic and industrial wastewater permits, conduct source compliance and sampling inspections, investigate citizen complaints, enforce facility compliance, conduct other surface water and ground water protection activities and operate an environmental laboratory that supports the agency; average 250 inspections per year, per inspector. Also monitor water and sediment quality and benthic organisms in the County's public waterways. Prepare reports summarizing monitoring results, documenting environmental conditions and trends and providing natural resource and watershed management recommendations for the EPC Board. Manage the Pollution Recovery Fund (PRF), Gardinier Settlement Trust Fund (GSTF) and Artificial Reefs programs. Monitor and review proposed water management plans and rules, and evaluate cumulative environmental impacts of water supply development projects. Respond to citizen complaints and enquiries involving surface water quality issues. Monitor 100% of water quality and benthic monitoring stations per year. Coordinate and provide technical support for the agency-wide GIS program.
3. Waste Management -- Protect soil, groundwater and surface water quality by maintaining programs for permitting and monitoring waste management facilities, investigating citizens complaints, inspecting and educating small quantity generators (SQG) of hazardous waste, inspecting pollutant storage tank facilities, oversee clean up at petroleum tank facilities and petroleum contaminated sites, and perform corrective enforcement when required; average 362 SQG inspections per year, per inspector.
4. Wetlands Management -- Identify and protect wetlands and other surface waters and their functions by performing wetland field delineations; reviewing plans and applications for land development including agricultural proposals, wetland impact and mitigation, phosphate mining and mangrove trimming, nuisance vegetation removal and shoreline stabilization. Issue Tampa Port Authority minor work and dredging permits. Conduct compliance inspections on permits, respond to citizen inquiries and complaints; average 168 mitigation inspections per year, per inspector.

The FY 10 adopted General Fund budget included a 13% reduction totaling \$1,270,565 and a reduction of 9.15 FTE's. A reorganization eliminated two division directors; Finance and Administration and Environmental Resource Management Division. A reduction of seven additional positions (6.85 FTE's) included: an Accountant III, two Environmental Scientist I's, three Environmental Scientist II's and a General Manager IV. A realignment of eight positions resulted in a reduction of .30 FTE. A five day furlough resulted in savings of \$100,425. Overtime costs of \$24,526, temporary personnel costs of \$40,632 and car allowance costs of \$10,319 were eliminated. Fleet efficiencies and network printer standardization provided savings of \$66,000. Within the agency Special Funds, a Community Relations Specialist position was eliminated and position realignments from the General Fund to Special Funds increased by 1.50 FTE's. Waste Division State contract funding was reduced and eliminated an Accountant III (.15 FTE), an Environmental Specialist II, an Executive Secretary and positional realignments reduced an additional 2.20 FTE's. Air Division realignments within the Division increased the grants and contracts by 1.0 FTE. The FY 11 adopted General Fund budget included a reduction of \$413,709 and a reduction of 6.08 FTE's. The following five positions are eliminated: one Engineering Specialist II, one Environmental Scientist II, one Professional Geologist, one Programmer/Analyst, and one Information Systems Project Manager. Transfers to grant funds included 1.08 FTE's. Productivity savings in operating costs were \$17,180. An additional \$75,000 was included for reimbursement for environmental assessments that were conducted for Affordable Housing. One Administrative specialist position was eliminated in the Air Pollution Control Grant. One Hydrologist, one Project Manager III and \$30,936 in temporary personnel were eliminated from the Petro Site Cleanup Grant. Reductions were achieved through staff funding shifts in anticipation of increased grant funding, interdivisional sharing of personnel, limited contracting of information management functions, collaboration with the Information and Technology Services Department and further economizing and a 16% reduction of fleet expenses. Additional grant funding was expected from the U.S. Environmental Protection Agency for further commitments in compliance activities as well as climate change initiatives.

The FY 12 adopted budget included a reduction of \$434,176 for the following six positions: two Office Assistant III's, a Project Manager III, a General Manager IV, an Environmental Specialist II and an Environmental Scientist I. An additional position; an Accountant I was eliminated midyear for savings of \$36,106 in FY 12 and \$72,211 in FY 13. A Project Manager I position was grant funded for one year in FY 12. A limited duration Environmental Scientist I position was funded for two years. Operating costs were reduced by \$28,928. A business opportunity included \$20,000 in operational savings for the utilization of a centralized printer station and the elimination of desk top printers. The Agency received additional revenue of \$69,600 for a contract with Southwest Florida Water Management District for wetland assessment. This was used to offset personnel costs in FY 12 and FY 13. Programmatic changes as a result of decreased staffing levels included the permitting function at a minimum service level. The managerial oversight of the water monitoring program was reduced. The compliance and enforcement function was challenged to respond to all complaints within one week and expected a 95% rate of response. During FY 12, four limited duration positions were established that will carry over for a portion of FY 13; an Environmental Technician I position for the Tampa Bay Estuary Program Baywide Benthic Monitoring Program grant, an Environmental Technician I position for the Old Tampa Bay Integrated Model Development grant and the EnviroFocus Technologies grant, an Environmental Scientist II position for the Tampa Bay Watershed Compensatory Mitigation project and an Office Assistant II position for the Florida Department of Environmental Protection Petroleum Contamination Site Cleanup Management grant.

The FY 13 adopted budget includes the reduction of one General Manager II and an Environmental Specialist II, both the result of grant reductions. A transfer of 1.5 FTE's is made from the Pollution Recovery Fund to the Countywide General Fund. A Project Manager I limited duration position is extended for one year in the Local Air Pollution Control Tag Fee Fund. A one-time expenditure of \$100,000 from the Phosphate Mining Severance Tax Fund was authorized for the Tampa Bay Environmental Fund administered by the Tampa Bay Estuary Program.

LAW LIBRARY BOARD

MISSION:

Collect, maintain, and make available legal research materials in print and electronic format not generally obtainable elsewhere in the County for use by the bench, Bar, students, and the general public.

KEY OBJECTIVES:

1. Provide access to legal research materials via print and electronic format.

SERVICES/MEASURES:	Key Obj Num	Baseline/ Historical Actual FY 10	Baseline/ Historical Actual FY 11	Baseline/ Historical Actual FY 12	Projected FY 13
Provide Access to Legal Research Materials	1

Funded Positions	4	4	4	4
Funded FTE Positions	4.00	4.00	4.00	4.00

The Law Library receives funding from the County Blended Component Units Fund.

The FY 10 adopted budget was funded at the continuation level.

The FY 11 adopted budget was funded at the continuation level.

The Law Library is supported primarily through court fees prescribed by Florida Statutes. Fees in FY 12 were not projected to be sufficient to support a continuation level budget. Therefore, the Law Library book budget was reduced by \$6,516.

The FY 13 adopted budget is funded at the continuation level.

LEGISLATIVE DELEGATION

MISSION:

Serve the 16-member Legislative Delegation, its staff, and the constituency (private and public sectors) by providing district office, constituent, legislative services and economic development services along with management of the central office. [Mandated: M1 (Ch. 73-484, Laws of Florida)]

KEY OBJECTIVES:

1. District Office Services: Services provided to each Senator (with three staff members) and each Representative (with two staff members). Includes staff development and training, the development of training tools, provision of legislative and constituent services and community outreach.
2. Constituent Services: Direct contact with persons within the private and public sectors in resolving largely state-related issues but frequently including local and federal issues;
3. Legislative Services: Bill research and drafting, bill analyses, current and historical legislative research (including appropriations), management of the local bill and public hearing/workshop processes, identification and tracking of legislation, staffing and management of ad hoc committees, reporting of findings, consultation on development of local bills and communities budget requests and any related matters. Management of Hillsborough Day in Tallahassee, including attracting and retaining co-hosts and site hosts, fundraising, and staging of the event.

The FY 10 adopted budget included funding for the Legislative Delegation Director to operate the office through December 31, 2009. A Senior Administrative Specialist position was eliminated. In January 2010, the office was eliminated and the duties were absorbed by the County Administrator's Office.

METROPOLITAN PLANNING ORGANIZATION

MISSION:

Develop and maintain a continuing, cooperative, comprehensive, and balanced transportation plan that preserves and enhances the quality of life for present and future residents of Hillsborough County.

KEY OBJECTIVES:

1. Conduct required long-range transportation planning activities to keep the urbanized area eligible for federal and state funding in conformance with Chapter 339, F.S. and Chapter 23 USC 134. Develop and amend as needed the Long-Range Transportation Plan (LRTP) for Hillsborough County. The plan shall have a 20+ year planning horizon and be updated every five years. Identify present and future needs for improvement in the transportation network. Estimate the costs of and funding availability for meeting such needs. Prioritize the needed projects, identifying those reasonably affordable in the long range. Support more than 100 meetings of the MPO Board and its Technical, Citizens, Policy, Livable Roadways, Intelligent Transportation System, Bicycle/Pedestrian Advisory Committees, and Subcommittees to set priorities for long range transportation plans and review of other transportation studies. Conduct state and federally mandated regional coordination, participating in regional teams and developing regional plans and studies. Support the West Central Florida MPO Chairs' Coordinating Committee (CCC) and Joint Citizens Advisory Committee to set priorities for regional long range transportation plans. Annually update the Unified Planning Work Program (UPWP) documenting federally-funded transportation planning in Hillsborough County.
2. Monitor transportation systems to maintain current data for transportation planning and annually update the program of committed projects. Evaluate the performance and impacts of the transportation system, comprising major roads, sidewalks, bicycle facilities, freight systems, and public transit services including paratransit and trip reduction. Annually evaluate candidate improvement projects for federal funding and update the required Transportation Improvement Program (TIP). Forecast population and other socioeconomic data for each of more than 700 traffic analysis zones, and periodically participate in validating the accuracy of the Tampa Bay Regional Travel Demand Forecasting Computer Model to estimate future congestion levels on each road segment. Maintain the MPO's technical capacity and federal and state certifications.
3. Provide technical assistance, inter-agency coordination, and participation opportunities in metropolitan planning to local jurisdictions. Prepare a variety of technical studies and community-supported plans to meet federal and state requirements as well as local requests. Examples include plans and studies for congestion management, goods movement, intelligent transportation systems, public transportation, non-motorized transportation, transportation disadvantaged services, and corridor-specific needs. Respond to informational inquiries, provide technical assistance to the local jurisdictions and transportation authorities, and advise on local plans and studies as needed or requested. Provide opportunities for public engagement including workshops, presentations, displays, and informational materials for community stakeholders and local citizens throughout the planning process. Record comments, analyze and respond to input, and provide citizen feedback to the MPO Board in full compliance with federal and state public participation requirements, including: §450.316, §450.322, §450.324, and §450.326 in Chapter 23 of the Code of Federal Regulations; Title VI of the Civil Rights Act of 1964; the Limited English Proficiency Executive Order 13166; Florida Statute 339.175; and The Sunshine Law.
4. Conduct required planning for the transportation disadvantaged in conformance with Chapter 427 F.S. Monitor and evaluate the quality and quantity of trips provided by the Community Transportation Coordinator to county residents who do not have means to transport themselves to life-sustaining activities. Forecast local needs for such services and annually update the Transportation Disadvantaged Service Plan. Provide a public process for addressing customer grievances. Support meetings of the Transportation Disadvantaged Coordinating Board and its advisory committees.

The FY 10 adopted budget was funded at the continuation level. Two positions; a PC Specialist and an Executive Planner were transferred from the City-County Planning Commission budget.

The FY 11 adopted budget included the transfer of the following five positions (budgeted at 5.00 FTE's) at a cost of \$677,272 from the City-County Planning Commission budget: one Executive Director Metropolitan Planning Organization, one Team Leader Transportation Planning/Special Programs-PC, one Team Leader Transportation Planning Modeling Program-PC, one GIS Analyst and one Administrative Assistant.

The FY 12 adopted budget was funded at continuation level. During FY 12 the department received a \$600,000 grant from the Florida Department of Transportation for long range transportation plan and data program.

The FY 13 adopted budget is funded at continuation level.

PLANNING COMMISSION

MISSION:

As the countywide, single local planning agency, conduct comprehensive planning, plan consistency reviews, community/neighborhood planning, MPO transportation planning, Hillsborough River planning, and other planning studies in partnership with Hillsborough County, Plant City, Tampa, and Temple Terrace, and provide objective analysis of and creative solutions to planning issues in order to enhance the quality of life for present and future residents.

KEY OBJECTIVES:

1. Conduct the Planning Commission-approved comprehensive planning Work Program consistent with Chapter 163, F.S. and Chapter 97-351 Laws of Florida and professional planning standards which includes: the multi-year planning to update the comprehensive plans for unincorporated Hillsborough County, and the Cities of Tampa, Temple Terrace, and Plant City (background research, data collection, analyses, evaluation and appraisal report, policy development, and public participation); plan amendments (amendments not part of the plan update-background research, data collection, analyses, report preparation, public hearing, and state compliance); plan consistency reviews (rezonings, special uses, subdivisions*, right-of-way vacations*, annexations*, historic landmark designations*, capital improvement programs, school siting, Port Authority permits*, developments of regional impact, special authority master plans) for Hillsborough County and the Cities of Tampa, Temple Terrace, and Plant City; and providing plan information and assistance to the public. *These review types are not applicable to all local governments.
2. Develop community/neighborhood plans in partnership with local governments.
3. Conduct the approved Work Program of the Hillsborough County Metropolitan Planning Organization keeping the urbanized area eligible for federal and state transportation funding, and support the Planning Commission Comprehensive Planning Program by updating Transportation Elements as required and reviewing proposed amendments for transportation impacts.
4. Provide administrative support to all meetings of the Hillsborough River Board and Hillsborough River Technical Advisory Council (TAC), providing minutes of meetings held by the subsequent meeting, and conduct the approved river/environmental Work Program.
5. Function as the single LPA for Hillsborough County, Plant City, Tampa, and Temple Terrace providing timely recommendations to elected/appointed bodies with land development powers, providing public access to planning, meeting at least once per month per Chapter 97-351 Laws of Florida, and conducting meetings, workshops, and public hearings in accordance with adopted bylaws and policies.

The adopted FY 10 budget included a 20% reduction from the FY 09 General Fund transfer to the agency. Personnel costs were reduced \$792,403 that included the elimination of five positions (4.5 FTE's) including: two Principal Planners, a Senior Planner, a Senior Systems Analyst and a Team Leader. A Special Projects Manager position was funded through December 2009 and eliminated thereafter. Two positions (1.90 FTE's); an Executive Planner and a PC Specialist were transferred to the Metropolitan Planning Organization grant budget where they were fully funded at two FTE's. Two new Principal Planner positions were added at a cost of \$179,992 that are responsible for creating and updating the Community Based Plans for Hillsborough County. The Assistant Executive Director position was retained, but unfunded for FY 10. Operating costs remained at the FY 09 level and the capital equipment allocation was reduced \$12,100. As a result of the budget reductions, services were impacted as follows: the agency office was closed to the public on Fridays, Land Use verifications were done only during morning hours, and the Plan Amendment cycle per year for each of the four jurisdictions was anticipated to be reduced from two to one.

The FY 11 adopted budget included the transfer of the following five positions; 4.9FTE's at a cost of \$669,085 to the Metropolitan Planning Organization: one Executive Director Metropolitan Planning Organization, one Team Leader Transportation Planning/Special Programs-PC, one Team Leader Transportation Planning Modeling Program-PC, one GIS Analyst and one Administrative Assistant. One vacant Manager-Special Projects position; .90 FTE at a cost of \$56,050 was eliminated. The Assistant Executive Director position was retained, but unfunded for FY 11. Twenty-nine positions continued to be funded at .90 FTE instead of a full FTE per position. Productivity savings in operating costs totaled \$21,327.

The FY 12 adopted budget included the reduction of two Principal Planner positions at a cost of \$162,366. Twenty-seven positions, previously funded at .9 FTE's, were restored to full FTE positions at a cost of \$235,190. The Assistant Executive Director position which had been unfunded but retained for several years was eliminated. Operating costs were reduced by \$102,254. Capital costs were reduced \$27,000 in FY 12 and \$13,000 in FY 13.

The FY 13 adopted budget includes a reduction of \$73,385 in information technology service costs, \$10,000 in printing costs and \$40,000 in legal advertising costs. Capital costs are reduced by \$13,000.

SOIL AND WATER CONSERVATION BOARD

MISSION:

Our passion is manifested through the benefits derived from stewardship of private lands-benefits we all enjoy, such as cleaner water and air, improved soils and abundant wildlife habitat. Provide voluntary technical assistance and conservation planning to land-users, communities, units of state and local government and other Federal agencies in planning and implementing conservation systems. Educate and serve residents of Hillsborough County to gain a better understanding of local environmental concerns and what can be done to protect and conserve the County's limited natural resources. Continue to provide assistance, service and programs offered through USDA-NRCS (Natural Resource Conservation Services) to promote and to deliver to owners of private land in conserving soil, water, and other natural resources in Hillsborough County.

KEY OBJECTIVES:

1. Reach out to all segments of the agricultural community, including undeserved and socially disadvantage farmers and ranchers, to ensure that all our programs and services are accessible to everyone. Provide technical assistance on soil and water conservation to urban residents and agricultural producers for permitting procedures and issues related to agriculture surface water management, irrigation water management, wetland delineation, water quality relating to nutrient and pest management, wildlife consideration, and cultural resources.
2. Promote/provide at least 4 educational programs such as Land Judging Contest, Florida State Fair, Tampa Bay Regional Envirothon and a Poster Contest to educate Hillsborough County students and citizens in the importance of conserving the natural resources.
3. Provide expertise in Hillsborough County and Pinellas County historical aerials (1938, 1948, 1957, 1976, 1991), wetland flood plain and topographical maps for viewing to the public. Leadership for Soil Surveys of Hillsborough and Pinellas Counties and for the National Resources Inventory which assesses natural resource conditions and trends in the United States.

This department is set up to provide a mechanism for the recording of payments to other governmental agencies that are not attributed to a specific department. Representative costs include redevelopment tax increment funding, community investment tax distribution to the Sports Authority, School Board and municipalities, and distribution of the ninth-cent fuel tax to the cities.

The FY 12 adopted budget reflects the ongoing impact of lower property, sales and gas tax revenues. FY 12 budgets for tax increment financing payments to the three cities decreased by \$2,412,835 from FY 11 reflecting projected lower Plant City, City of Tampa and Temple Terrace taxable values. The payment to the Tampa Sports Authority (TSA) for operating and property tax deficits reflects a one time decrease of \$1,435,629 for FY 12 reflecting a change in the method used to calculate the operating deficit. The FY 12 budget includes \$6,240,000 in new capital funding for TSA for improvements to Raymond James Stadium; an additional \$7,440,000 is planned for FY 13. The interlocal agreement for \$800,000 in funding for TSA from the 3 Cent Tourist Development Tax expired after September 30, 2010, reducing the FY 12 and FY 13 allocation from this funding source to zero. Based on State estimates and FY 11 actual expenditures, funding for the Florida Department of Juvenile Justice for pre-trial incarceration of minors declined by \$1,748,274 for FY 12. Improving sales surtax revenues account for Community Investment Tax budgeted payments to the cities and the School Board being increased by \$1,353,443 in FY 12. The BOCC approved extending the Ninth Cent Fuel Tax through December 31, 2021, resulting in relatively flat FY 12 distributions to cities. The FY 10 allotment of \$561,937 for Legends Field from 4th Cent Tourist Development Tax backed bonds remained unspent at year end; the agreement was extended through December 2011; the FY 12 funds were budgeted in reserves. If a payment is required prior to agreement's end, a budget amendment allocating the funds will be needed. Finally, reflecting greater employee utilization, the allocation for funding discounted HARTline bus passes for employees was increased by \$10,000.

The FY 13 adopted budget continues to reflect the ongoing impact of lower property taxable values. The FY 13 budget for tax increment financing payments to the three cities decreased by \$212,768 from FY 12 reflecting projected lower Plant City, City of Tampa and Temple Terrace taxable values. The FY 13 budgeted payment to the Tampa Sports Authority (TSA) for operating and property tax deficits increased by \$585,705, reflecting the expiration of the one time accounting change benefit experienced for FY 12. The interlocal agreement for \$800,000 in funding for TSA from the 3 Cent Tourist Development Tax expired after September 30, 2010, reducing the FY 12 and FY 13 allocation from this funding source to zero. The second capital infusion of \$7,440,000 reflects continued funding for TSA for improvements to Raymond James Stadium. A projected FY 13 Half Cent Sales Tax revenue required an increase of \$1,209,453 in budgeted distributions to the three municipalities, the School Board, and TSA. The FY 13 allocation from the 3 Cent Tourist Development Tax to the Tampa Convention Center for capital costs is planned to increase \$100,000 over FY 12. Finally, the BOCC approved \$20,000 for the City of Tampa Forest Hills Park which will be monitored by Parks, Recreation, and Conservation Department.

A detailed list of appropriations is shown on the following pages.

This non-departmental organization is established to account for the management of the Small Construction Projects Program. This program is used for the repair, renovation, replacement and maintenance (R3M) of Hillsborough County facilities. Projects administered through the R3M Program are designed to ensure health and safety, prevent further damage to facilities, increase efficiency, or support changes in program requirements. These projects will generally be completed within 12 months and will generally cost under \$150,000.

This department is set up to provide a mechanism for the recording and payment of those items which are general government costs and are not distributed to specific departments. Representative costs include claim payment accounts in the county self insurance fund, outside legal services, the year-end audit, and funds for economic development programs.

The FY 11 adopted budget reduced funding for intergovernmental representation by \$55,750 and audit fees by \$90,000. The reductions were achieved through successful procurement processes, and service levels in each of these areas were not diminished. The budget also adjusted certain other budgets based on expected results and historical spending patterns. \$630,000 was added to the budget to provide for payments to the vendor that is administering the newly enacted Red Light monitoring ordinance. A new budget of \$481,912 was added to provide for security at the County Center. This new budget is associated with the Sheriff's Office assuming responsibility for all County security. A new budget of \$200,000 was also added for the newly Board approved Fallen Heroes program. Finally, the FY 11 budget for unemployment costs was increased by \$133,250 to provide for higher than expected costs associated with staff reductions. The majority of the unemployment cost increase was related to the elimination of the Security Services Department.

The FY 12 adopted budget included one-time funding of \$500,000 for the Film Commission, \$100,000 to develop a plan to address homelessness, \$50,000 for strategic planning, \$25,000 for the South Shore Chamber of Commerce, and \$60,000 to cover lease termination costs associated with transitioning the Section 8 program to the Tampa Housing Authority. The County experienced a significant increase in the number of employee retirements. This increase necessitated an increase of \$193,000 in the health insurance subsidy for retired employees. The FY 11 adopted budget included a significant one-time increase in the budget for unemployment compensation due to the elimination of the Security Services department. Benefits for these employees are no longer payable, and this budget was reduced by \$168,250 to reflect a normalized level for this benefit. Sterling Award funding was not budgeted in FY 12 or FY 13. There was a \$15,000 increase in tax notice mailing costs to reflect increasing costs incurred by the Tax Collector. The FY 12 budget included a \$300,000 one-time allocation to the Tampa Bay Workforce Alliance to allow greater support to County employees who lost their jobs due to budget constraints. It also included a one-time FY 12 increase of \$250,000 for the Tampa-Hillsborough Economic Development Council. Finally, the FY 12 and FY 13 budgets associated with the red light monitoring program increased \$120,000 to reflect actual historical program costs.

The FY 13 adopted budget includes an increase of \$10,000 in bond counsel funding, an increase of \$75,000 in financial advisor costs, \$20,700 in strategic planning costs and an increase of \$15,000 for tax deed sales. Intergovernmental representation funding has been increased an additional \$200,000 for outside consulting costs. Funding for outside attorney's fees has been reduced \$100,000. Funding of \$150,000 for impact fee waivers has been eliminated. One-time funding of \$500,000 was allocated in FY 12 for the Film Commission. The remaining \$425,000 in unspent funds for this purpose is moved into the Countywide Economic Development Activity fund for FY 13 so the funds can be fully expended. Funding for the C-10 Bio Tech Project of \$89,000 is transferred to the Tampa-Hillsborough Economic Development Corporation. Additional funding of \$250,000 is allocated in the Countywide General Economic Development Activity Fund for the Tampa-Hillsborough Economic Development Corporation. The BOCC approved \$50,000 for an agreement with the Drug Abuse Comprehensive Coordinating Office (DACCO) to implement the Narcotics Overdose Prevention and Education (NOPE) program through July 1, 2015. Funding of \$200,000 is included for the Tampa Bay Community Network (TBCN) that will be a grant through the Tampa Bay Workforce Alliance.

A detailed list of appropriations is found in the following pages. The listing does not include funding that these organizations may receive through departmental contracts embedded within departmental budgets.

Included in this budget is funding for social services competitive organizations, social services non-competitive organizations, cultural services competitive organizations, and cultural services non-competitive organizations. This funding is awarded to non-profit groups on a biennial basis for community functions not covered by departments of county government.

The FY 10 adopted budget continued to reflect prioritization of funding based on basic human needs, self-sufficiency, and quality of life service designations. Generally, organizations providing self-sufficiency and quality of life services were reduced 20% and 25%, respectively. Most organizations providing basic human needs were reduced 15%. The Museum of Science and Industry and the Tampa History Center are both considered to provide quality of life services. Each was reduced 25% in FY 10, but were funded at the FY 10 level in FY 11 since both are County owned facilities and the County is committed to maintaining its existing assets. Funding changes for the Agency for Community Treatment Services, DACCO, Goodwill Industries, and Tampa Crossroads was based on a new funding plan proposed by the Health and Social Services Department. Funding recommendations for the 3% tourist development tax were made by the Tourist Development Council. Funding of \$800,000 that would normally have been budgeted for the Tampa Convention Center from the 3% tourist development tax was budgeted from the 4th cent tourist development tax in FY 10 and FY 11. For these two years, \$800,000 of the 3% tourist development tax was used to reimburse the Tampa Sports Authority for Raymond James Stadium maintenance which would normally be funded by the countywide general fund. This funding commitment was included in the Governmental Agencies area of the budget. The FY 11 adopted budget maintained funding for most nonprofits at a level consistent with FY 10 while the County developed a long-term strategy for these agencies. However, the budget for the Arts Council was reduced by \$122,000, and one-time funding of \$250,000 was provided to Lowry Park Zoo in support of their accreditation efforts.

The FY 12 adopted budget included a 10% reduction from FY 11 in countywide funding for most nonprofits, and a 20% reduction in FY 13. The FY 12 budget reflected an increase from the proposed 20% reduction in the recommended budget reflecting the Board of County Commissioners (BOCC) decision to keep nonprofits whole for six months pending delivery of a new system for making awards currently being developed by the Citizens' Advisory Council at the request of the BOCC. The new system focuses on outcome-based measures that align with services determined to be part of the County's core mission. FY 13 planned budgets reflected a full year's reduction of 20% from FY 11.

During FY 11 the County began receiving new revenues associated with the Seminole Gaming Casino pursuant to Florida law. The FY 12 adopted budget for this revenue was \$2,036,367. The BOCC designated that this revenue be allocated on a continuing basis to support the Tampa Bay History Center, the Florida Aquarium, the Lowry Park Zoo, the Museum of Science and Industry, the Straz Center, and the Children's Museum. These organizations were tasked with developing performance outcomes that link with the County's current focus of economic development. Specific allocations for these funds are detailed on the corresponding schedule. Budget pages detailing nonprofit funding show that budgets of Lowry Park Zoo and the Museum of Science and Industry, and the Tampa Bay History Center were \$0 in FY 12 and FY 13. However, the line item titled "Seminole Gaming Revenue Funded Nonprofits" reflected adopted funding for these organizations. The FY 12 and FY 13 allotments funded from the 3 Cent Tourist Development Tax reflect BOCC approved allocations as recommended by the Economic Development Council. One change of note is that the Florida Aquarium will receive \$240,000 and will administer the allocations of \$80,000 each to the Museum of Science and Industry and the Lowry Park Zoo from this allotment. Funding of \$510,988 for ambulance transports provided to the Crisis Center was transferred to the Family and Aging Services department in the FY 12 adopted and FY 13 planned budgets. The department will competitively bid these services. FY 12 and FY 13 funding for Bay Area Legal Services of \$1,100,000 was also transferred to the Family and Aging Services department area of the budget. Bay Area Legal Services continued to receive this funding.

The FY 13 adopted budget maintains funding for most nonprofit organizations at the FY 12 level. The following exceptions were approved by the BOCC: Sickle Cell Association of Hillsborough County, Inc. received an additional allocation of \$10,000, The Family Justice Center received an additional allocation of \$32,500, the Corporation to Develop Communities received an additional allocation of \$40,000 for the Stepping Stones Program, and the Arts Council of Hillsborough County received an additional allocation of \$68,723. One-time funding for Tampa Bay and Company and the Tampa Bay Sports Commission was allocated in FY 12 at \$500,000 each. The remaining unspent funds are moved into the Countywide Economic Development Activity fund for FY 13 so the funds can be fully expended.

Details by agency are shown in the following pages.

RESERVES AND REFUNDS

The following table presents a four-year comparison of reserves and refunds. Unlike most four-year schedules in the various documents that comprise the Annual Budget, this table presents adopted budgets for each year. No actuals are presented. Under governmental accounting, reserves are not expended. Instead, when funds are needed, the budget is amended to reduce the budget for a particular reserve and appropriate more funds in the expenditure category where they are needed. That means there are never actual expenditures of reserves.

Reserves are lump sum dollars set aside in a budget for unanticipated needs. These moneys are not distributed or allocated to operating budgets because specific requirements are not known at the time of budget adoption, or because bond documents require their establishment.

Florida Statutes Chapter 129.01(2)(c) and (d) provides for the following reserves:

1. A reserve for contingencies may be provided in a sum not to exceed ten percent of the total of the budget.
2. A reserve for cash balance to be carried forward may be provided for the purpose of paying expenses from October 1 of the ensuing fiscal year until the time when the revenues for that year are expected to be available.
3. An appropriation for "outstanding indebtedness" shall be made to provide for the payment of vouchers which have been incurred in and charged against the budget for the current year, but which are expected to be unpaid at the beginning of the ensuing year for which the budget is being prepared.

General contingency reserves may be allocated to fund any lawful need as long as funding source guidelines are met. Specific use reserves are restricted to an individual purpose or program within the funding source. Once it has been determined that the specific need has been satisfied or is no longer necessary, the balance in these types of reserves may be reprogrammed into a general contingency account with the approval of the Board of County Commissioners through the budget amendment process. The reserve for cash balance carry-forward, however, may not be reprogrammed during the year.

Refunds are also included in this component of the budget, and may be expended. However, refunds constitute a small proportion of the budget. They usually include the refund of revenues collected in a prior fiscal year for which accounting records have been closed.

The organization of these reserves and refunds is by fund, so that it is generally clear what the funding source is for each reserve. Many of these reserves are funded from restricted revenues, such as the State Indigent Health Care Sales Tax or proceeds from bond issues or other special financings.

All capital project and grant subfunds are budgeted on an "all-years" basis. As such, each year's budget only reflects the annual change in funding and does not include any carryover appropriation from prior years. All-years budgeting of reserves, as shown on this schedule, will only reflect the annual increase or decrease in the specific reserve, not the reserve balance.

For more information on any of these reserves or refunds, please contact the Business and Support Services Department at (813) 272-5890.

Notes:

- 1) Reserves for various capital project funds are shown on an all years budget basis and therefore reflect only the increase or decrease for that year not necessarily the reserve balance ("adjustment to")
- 2) Many reserves include an adjustment for investment fair market value change

INTERFUND TRANSFERS

The following table presents a four-year comparison of interfund transfers. Like most four-year schedules in this document, this table presents actuals for FY 10 and FY 11 and the adopted budgets for FY 12 and FY 13.

All interfund transactions that are not loans, reimbursements or quasi-external transactions are classified as transfers. Transfers are of two types: residual equity transfers and operating transfers.

Residual equity transfers are defined as “nonrecurring or non-routine transfers of equity between funds.” The GASB’s Codification, Section 1800.106, specifically cites the following examples:

- Contributions of capital to proprietary funds.
- The subsequent return to the general fund of capital contributed to proprietary funds.
- Transfers of residual balances of discontinued funds to the general fund or a debt service fund.

All transfers that do not qualify as residual equity transfers are properly classified as operating transfers. Often operating transfers reflect ongoing operating subsidies between funds. For example, the Unincorporated Area General Fund reflects its

annual subsidy to the Transportation Trust Fund as an operating transfer.

The majority of the interfund transfers identified on the following schedule are operating transfers as opposed to residual equity transfers.

The organization of these interfund transfers is by fund, so that it is generally clear where the transfer originates (appropriation) and the destination of the transfer (revenue). Many of the transfers reflect the movement of funds from restricted funds established to account for the proceeds of certain revenues (e.g. Sales Tax Revenue Fund) to an operating or project fund where the County portion of the proceeds are actually expended.

All capital project and grant subfunds are budgeted on an “all-years” basis. As such, each year’s budget only reflects the annual change in funding and does not include any carryover appropriation from prior years. All-years budgeting of interfund transfers, as shown on this schedule, will only reflect the annual increase or decrease in the specific transfer, resulting in instances of a negative transfer in any given year.

For more information on any of these transfers, please contact the Business and Support Services Department at (813) 272-5890.

CAPITAL BUDGET

CAPITAL BUDGET

Overview

The FY 13 Capital Budget is the County's financial plan of capital project expenditures for the fiscal year starting October 1, 2012 and ending September 30, 2013. The Capital Budget incorporates anticipated revenues and expenditures included in the first year of the Capital Improvement Program (CIP).

The Adopted Capital Budget for FY 13 is \$168.1 million. Poor revenue performance and financing conditions during the last recession have limited CIT financing capacity requiring a \$127.6 million reduction in CIT project funding in FY 12. This funding was identified in last year's Capital Improvement Program as undetermined in FY 14. Some of these projects have been funded in FY 13 with various funding sources while others still remain in FY 14 dependent upon the performance of existing funding sources and/or the identification of alternative funding sources.

A Sources and Uses schedule can be found in the Executive Summary section of this document. In addition, a list of adopted projects is included at the end of this section.

The Capital Budget is separate and distinct from the County's operating budget for several reasons. First, capital outlays reflect non-recurring capital improvements rather than ongoing expenses. Where possible, capital projects are funded from non-recurring funding sources such as debt proceeds and grants. These one-time revenue sources are not appropriate funding sources for recurring operating expenses. Second, capital projects tend to have higher costs requiring more stringent control and accountability. Finally, several revenue sources such as the Community Investment Tax, impact fees and certain gas taxes are limited to use on certain types of capital improvements by statute or other legal restrictions.

To provide direction for the capital program, the Hillsborough County Board of County Commissioners approved Policy 03.02.02.00 - Policy for Capital Budget and Capital Improvement Program. This policy defines requirements for projects included in the Capital Budget and Capital Improvement Program. Under the policy a capital project is defined as a set of activities meeting one or more of the following criteria:

- Delivery of a distinct capital asset or improvement to an existing capital asset which will become an asset of Hillsborough County and be recorded on the financial records of the County as a capital asset under generally accepted accounting principles and applicable State statutes;

- Any contribution by Hillsborough County to other governmental or not-for-profit entities to deliver a capital improvement. In situations where the improvement is not or will not become an asset of the County, it will be included in the Capital Improvement Program as a contribution for tracking purpose;
- Any project or equipment funded from the Community Investment Tax (CIT);
- Any engineering study or master plan needed for the delivery of a capital project;
- Any major repair, renovation or replacement that extends the useful operational life by at least five years or expands capacity of an existing facility.

Hillsborough County categorizes capital improvements into eight programs: Fire Services, Government Facilities, Libraries, Parks Facilities, Solid Waste Enterprise, Stormwater, Transportation and Water Enterprise. The Adopted FY 13 Capital Budget also includes the County's Environmental Land Acquisition and Protection Program (ELAPP), the Major Repair, Renovation, Replacement and Maintenance Program, and payment to the Fishhawk developer for improvements to roads previously constructed for which they are being reimbursed from transportation impact fees. These activities, while not specifically meeting the criteria above, are tracked through the Capital Budget to provide for better accountability and control.

As previously noted, capital projects only require one-time allocations for a given project unlike operating expenses which recur annually. This funding flexibility allows the County to use financing and one-time revenue sources to accelerate completion of critical projects. Significant projects within each program are discussed below. More comprehensive project information can be found in the County's Adopted FY 13 – FY 17 Capital Improvement Program. Interested parties can review this and other information at the County's website at www.hillsboroughcounty.org. Compact disks with the Adopted FY 13 – FY 17 Capital Improvement Program are also available for review at all libraries. Disks can also be obtained at no cost by calling the Business and Support Services Department at 813-272-5890.

Note that the Adopted FY 13 Capital Budget differs from the Adopted FY 13 – FY 17 Capital Improvement Program (CIP) because certain adjustments and other expenditures reflected in the recommended capital budget are not included in the recommended CIP. For example, budgeted funds under \$150,000 for the Major Repair, Renovation, Replacement and Maintenance Program as well as payments to developers previously discussed are not reflected in the CIP.

CAPITAL BUDGET

Financial Policies

Among financial policies approved by the Board of County Commissioners since FY 98, there are several pertaining to the preparation, implementation, monitoring and financing of capital projects. While the County Administrator is responsible for the continued development, monitoring and update of these policies, specific functions are carried out by the Business and Support Services Department and the Clerk of the Circuit Court. These and other policies are reviewed periodically by the County Administrator and the Board of County Commissioners and are detailed in the Financial Policies and Procedures section of this document.

Specific policies applying to the Capital Improvement Program and the Capital Budget are:

- BOCC Policy 03.02.01.00 - Bids for Capital Improvement Projects 10% or More in Excess of Estimated Construction Costs
- BOCC Policy 03.02.02.00 - Capital Budget and Capital Improvement Program
- BOCC Policy 03.02.02.05 - Pay-As-You-Go Funding of Capital Projects
- BOCC Policy 03.02.02.06 - Prioritization of Capital Projects
- BOCC Policy 03.02.02.07 - Minimizing the Expense of Financing Capital Projects
- BOCC Policy 03.02.02.08 - Operating Impact of Capital Projects
- BOCC Policy 03.02.02.20 – Budgetary Control
- BOCC Policy 03.02.02.26 - Use of Capital Project Appropriations
- BOCC Policy 03.02.02.28 - Method of Funding Citizen Initiated Localized Capital Projects or Services
- BOCC Policy 03.02.03.00 - Environmental Land Acquisition Program (ELAPP) Fund
- BOCC Policy 03.02.06.00 - Debt Management

Capital Planning

Capital planning refers to the process of identifying and prioritizing the County's capital needs to determine which capital projects should be funded in the Capital Budget as resources become available.

In general, capital planning for projects within the unincorporated area of Hillsborough County is guided by the Hillsborough County Comprehensive Plan. In particular, capital planning for certain types of parks and recreation,

solid waste, stormwater, transportation and water facilities are guided by the Capital Improvements Element of the Comprehensive Plan. This plan, prepared by the Hillsborough County City-County Planning Commission and formally adopted by the Hillsborough County Board of County Commissioners, provides long-term direction for the growth and development of the county. Proposed capital projects are reviewed for compliance to the recommended comprehensive plan as part of the budget adoption process.

The public has many opportunities to be involved in capital planning both during the comprehensive plan development process and during the budget adoption process. Interested parties can view the Comprehensive Plan at the Planning Commission's website located at www.theplanningcommission.org.

Hillsborough County's plan includes a very specific growth management strategy called the Urban Service Area. This strategy is designed to direct growth into areas where public service needs can be more efficiently provided and where existing services are already in place.

In addition to the standards in the Comprehensive Plan and the Capital Improvements Element of the Plan, the planning for parks and recreation, solid waste, stormwater, transportation and water facilities also is guided by master and visioning plans developed by County staff. Planning for fire, government facilities, and library infrastructure in Hillsborough County's unincorporated area is performed primarily within County government. Each capital program has different criteria for assessing project needs and priorities; however, a common characteristic of the planning processes is the recognition of the importance of obtaining input from the public and other interested governmental and private agencies. The individual program planning processes provide the guidance necessary for allocating available resources during the capital budget process. A brief description of the various planning processes follows.

Fire Services – The Fire Rescue Department maintains a Capital Facilities Master Plan which details new fire station needs required to meet emergency and rescue service requirements within the unincorporated area. The plan is prepared based on national service response time standards established by the National Fire Protection Association and on the relevant goals, objectives and policies incorporated in the County's Comprehensive Plan discussed above.

In developing this plan, which is updated every five years, the response time standards adopted by the

CAPITAL BUDGET

County are applied to an analysis of the needs of Hillsborough County's current and projected populations and population distribution to identify where and when new fire rescue facilities will be needed. This plan has been updated with additional analysis being performed to ensure that current facilities in need of a major remodel are presently in the best locations. This process will result in the relocation of some existing facilities.

Libraries – In September 2003, the Library Board delivered a capital facilities master plan to the BOCC. In the preparation of the master plan, two key standards for Library System performance - three volumes of library material per capita and 0.6 square feet of library space per capita, were selected. These standards were then applied to an analysis of the needs of Hillsborough County's current population, and projected population increases, resulting in a long-range capital facilities plan for the Tampa-Hillsborough County Public Library System. The master plan is the primary source for adding new projects to the Library Services Capital Program.

The plan is updated annually by the Library Board and currently identifies a need to add 145,000 square feet of library space, and a minimum of 1,000,000 library volumes (print and e-book formats) to the Library System in addition to the expansion and new library projects currently funded in the Capital Improvement Program.

Parks – The strategic vision of the Parks, Recreation and Conservation Department includes the development of goals and objectives to safeguard the inheritance of the County's future generations.

The planning process identifies future developments that may affect expected needs, wants and social environments. It identifies the most critical stakeholders and their major interests and expectations, such as safety and security, high quality experience, well maintained facilities and the preservation of our natural and cultural resources. This tool is evaluated against the current environment in order to develop a Capital Improvement Plan that is consistent with the vision of Hillsborough County and the values and expectations of our community.

Solid Waste Enterprise - The Solid Waste Enterprise, a Division of the Public Utilities Department, has an established plan to determine the need to enhance and or change its Capital Improvement Program on an annual basis. This plan calls for information to be gathered from various sources such as staff, stakeholders, public meetings, etc. to identify needs that should be incorporated into the Capital Improvement Program. Management

reviews the information and prioritizes each need according to a pre-established ranking system.

The ranking system takes into account mandates by federal and State agencies, health and safety concerns, capacity needs, efficiency, location requirements, population growth and aging infrastructure.

Stormwater – The County maintains a Watershed Master Plan that incorporates identified needs for each of its seventeen watershed basins. The plan is periodically updated as new development and stormwater improvements are completed throughout the County. Under the plan, the entire County (1,072 sq. miles) is divided into 17 watersheds (basins) and further divided into 7,000 sub-basins. The master plan study looks at water quantity, water quality and the natural watershed system. The plan identifies areas with inadequate conveyance systems or poor water quality and recommended solutions.

Flood control project evaluations take into consideration the following factors: frequency of flooding, the category of the road subject to flooding (local/arterial/collector road), the number of structures flooded, stormwater asset conditions (groundwater table, erosion/siltation and structure) and the potential of available matching funds.

The County also maintains a separate list of non-watershed related neighborhood stormwater needs. Criteria for neighborhood stormwater projects is similar to criteria for watershed master plan projects, with the exception that environmental issues and the availability of matching funds are not included in the evaluation.

Water quality or natural system projects are evaluated based on concerns communicated by the Florida Department of Environmental Protection relating to the sub-watershed segment of "impaired waters/water bodies," the concern of water quality parameters and the benefits of a natural system.

Both engineers and environmental scientists from an investigation team, specialized service unit, environmental team and master planning team contribute to this uniform matrix evaluation process.

Transportation – Efficient movement of people and goods is important to the public safety, economic viability, and overall quality of life in Hillsborough County. Planning occurs on several levels. The Hillsborough County Metropolitan Planning Organization (MPO), working with the County and its three incorporated municipalities (City of Tampa, Plant City and Temple Terrace), and with input from county residents, is responsi-

CAPITAL BUDGET

ble by State statute for adopting the Long Range Transportation Plan, a blueprint for comprehensive transportation planning throughout the County. The MPO also consolidates the transportation capital improvement programs of various political jurisdictions constructing transportation projects within the county into an annual Transportation Improvement Program (TIP). The Long Range Transportation Plan and the Transportation Improvement Program are used by the County in prioritizing major capacity projects for funding, determining project impact fee eligibility, and in allocating State and federal grant dollars. These plans can be viewed at the Metropolitan Planning Organization's website www.hillsboroughmpo.org.

As previously indicated, the Hillsborough County City-County Planning Commission is responsible for developing and monitoring compliance with the County's Comprehensive Plan. The Commission also reviews proposed developments of regional impact (DRI) proposals (those development proposals that will have significant impact on existing county roads).

Each municipality is responsible for its own transportation planning; however, major roads that have been determined to have a countywide importance may be designated as County roads, with the County primarily responsible for their maintenance and improvement. Capital needs associated with these roads, as well as all transportation needs in the unincorporated area of the County, are evaluated for inclusion in the annual capital budget.

Planning for the transportation program is performed on a sub-program basis. The sub-programs within the transportation program are roads, intersections, sidewalks and bridges. With the exception of roads, where the County adopts the prioritized list from the Long Range Transportation Plan (LRTP) and adds local road improvements not subject to inclusion in the plan, the County has prepared, and the Hillsborough County Board of County Commissioners has adopted a master plan for intersections, bridges and sidewalks. While specific criteria used for prioritizing the projects on the plans differ by project type, they encompass public safety, traffic volume, environmental mitigation and other key factors as well as incorporating input received during the public outreach part of the planning process.

Water Enterprise - The Water Enterprise, a Division of the Public Utilities Department, is responsible for providing quality water, wastewater and reclaimed water services to Hillsborough County residents within its designated service area, unincorporated Hillsborough County. This includes the operation and maintenance of these

facilities including treatment plants, pumping stations, metering devices and all related transmission piping and above ground appurtenances. The department is also responsible, when operating the above facilities, for complying with all federal, State and local regulatory and permit requirements.

In 2000, the department implemented a new CIP Delivery Process. This process uses a systematic approach to develop and refine the scope, schedule and budget for existing and newly proposed expansion and renewal and replacement projects. It allows priorities to be determined and extensively uses schedules to ultimately deliver quality projects from conception to project completion. The goal of the CIP Delivery Process is to deliver department projects in an efficient and economical manner.

The objectives of the process are to:

- Economically build and maintain existing system assets;
- Deliver projects on schedule and within budget;
- Allow for the annual update of the CIP;
- Allow for adjustments to the approved CIP due to changing priorities for those projects not yet in the implementation phase;
- Seamlessly coordinate with the County's CIP;
- Permit performance measurement; and
- Provide documentation for management and historical trending purposes.

The Board of County Commissioners policy 03.02.02.06 requires that capital projects be prioritized. The Department's Project Prioritization Model (PPM) is a formal method of documenting and tabulating the results of applying subjective criteria to prioritize the CIP each fiscal year. There are six categories to score a project against other projects within the Department's CIP, as listed below:

Compliance
Health and Safety
Expansion / Renewal and Replacement
Long Range Planning
Community and Environmental Impacts
Economic / Financial Considerations

The resulting score for each existing or new "planning" project is used at the beginning of the budget process to rank all of the projects within the CIP.

Additionally, the Department's Payback Analysis Model (PAM) incorporates several economic factors to estimate the payback period of a given capital project. It determines the payback period by modeling the average

CAPITAL BUDGET

monthly revenues generated by the Equivalent Residential Customers (ERC) to be served by the capital project. Generally, the information that is required to be input into the model includes:

- Project Name, CIP Number and Type
- Payback Analysis Period
- Discount Rate
- Debt Service or Pay-As-You-Go
- Expansion Percentage
- Operating, Maintenance and Fixed Overhead Cost
- Capital Cost by Year
- Outside Funding Sources
- ERCs served by the Project
- ERC Connection Schedule
- Rate and Debt Service Information

The information is used to assign a weighted economic criteria number for the project in the earlier referenced Project Prioritization Model (PPM) during each fiscal year budget process.

Finally, the CIP Master Program Schedule is used as a planning tool to lay out each of the project schedules, provide the cash flow requirements of the program as a whole, anticipate project resource needs and provide historical data for future trend analysis. In addition, the Master Program Schedule is also used at the beginning of each fiscal year to facilitate the efficient distribution of work throughout a six year period.

Financial Planning Strategies

Hillsborough County uses a variety of tools to assist in developing long-term financial planning strategies. One tool is the preparation of an annual Pro Forma document. This document is used to put current budget and financial decisions into a longer-term context. Prepared in accordance with Board policy, the Pro-Forma provides a five year projection of revenues and expenditures for major operating funds, and is particularly useful in showing how capital projects, funded in the biennial budget or planned over the next several years, will impact future operating budgets in terms of maintenance, utility and staffing costs.

Another tool used in financial planning is the County's debt management strategy. Credit ratings assigned by the three international rating agencies, Moody's Investors Service, Standard and Poor's Ratings Services, and Fitch Ratings are key factors influencing interest rates paid on local governments' borrowings. Because of the significant impact interest rates have on our overall financial position, Hillsborough County places a great deal of emphasis on its credit worthiness. The County conducts credit updates each year, and notices of any mate-

rial credit changes are provided to the rating agencies throughout the year.

The County's general credit ratings are Aaa / AAA / AAA on a scale where Aaa / AAA / AAA are the highest ratings. The County's high credit ratings are an objective indication of sound financial management, recognition that its overall debt profile is characterized by good debt service coverage from pledged revenues and by sound legal provisions ensuring full and timely payment of debt service. Furthermore, the high credit ratings enable the County to meet its borrowing needs at the lowest cost of capital.

To address short-term capital project funding requirements, Hillsborough County uses a Commercial Paper Program. Under this program the Board authorizes short-term borrowings when needed to provide adequate cash flow for active projects. This approach ensures that long-term debt is issued only when needed in appropriate amounts. Furthermore, tax exempt short-term debt tends to be the lowest cost financing tool available to local governments resulting in substantial savings to the County. Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term, variable rate notes outstanding. The County issues debt in accordance with its debt policy which governs the type and amount of borrowings that are best suited to achieving its financing objectives. The policy guides the County's borrowings by means of targets and ratios, such as direct debt per capita or general governmental debt as a percent of general fund revenue, that balance the need for flexibility to ensure the availability of capital with the need to ensure continued access to the capital markets.

When it is prudent and in the County's economic interest to do so, infrastructure improvements may be financed by means of public-private partnerships in which private corporations, such as real estate developers, agree to fund a portion of such improvements together with funding from the County, State, and/or federal government. Such partnerships enable the County to construct needed infrastructure, in particular transportation improvements, at a lower cost to taxpayers as a result of leveraging private funding sources.

Finally, the County actively and aggressively monitors market opportunities to refinance its debt to achieve lower debt service costs. When legally and economically feasible, lower interest debt will be issued to pay off outstanding debt thereby making revenues available to fund County services.

CAPITAL BUDGET

Capital Improvement Program Process

The annual Capital Budget and Capital Improvement Program (CIP) update begins in December with a request to the Capital Program directors to review update and re-prioritize the list of unfunded capital needs.

The Capital Budget Team of the Business and Support Services Department maintains a comprehensive list of prioritized unfunded capital needs which is used in identifying new projects to be recommended for funding. The list identifies preliminary project information such as name, location, description or scope, the estimated cost and any operating cost impact. The updated Unfunded Capital Projects Request List is then used to determine which new projects will be added to the new Capital Improvement Program.

During the month of January (in the first year of the biennial budget cycle), the Capital Budget Team conducts a series of training sessions to provide capital project management and staff specific direction relating to the capital budget process. As part of this training, those involved in the capital budget process are given a calendar of key budget cycle dates and written documentation including forms, instructions, and definitions to be used in preparing their capital projects budget including revising current project estimates and submitting requests to add new capital projects.

Another key step in the budget process is a review of capital project cost estimates in the current CIP or new projects added during the current fiscal year. This is to ensure that the next CIP will reflect these revised cost estimates. Departments are asked to review and update project information in the County's Project Information Management System (PIMS) as appropriate.

A specific form – the Capital Project Initiation Request Form - is used to document project changes or new project requests. This form is designed to guide the preparer in providing all necessary information including the reason for the project, the proposed project location and scope, project funding requirements by fiscal year, proposed project schedule and completion dates, anticipated operating cost impacts and management approvals.

Using updated information, the Capital Budget Team develops draft documents showing all projects that either have been completed or are anticipated to be completed by the end of the current fiscal year as well as specific detail project pages (see below for sample) for each project proposed to be included in the recommended budget.

Sample Capital Project Detail Page

PROJECT TITLE: PLATT STREET OVER HILLSBOROUGH RIVER BRIDGE REHABILITATION		PROJECT NO.: 69226						
CIE REQUIREMENT: Y		PROGRAM: TRANSPORTATION/BRIDGES						
LEVEL OF SERVICE IMPACT: M		Neighborhood Community Area: City of Tampa						
Project Description: The project consists of repairs to the mechanical and electrical systems of a movable bridge. Also the corroded structural steel in the lower portions need to be cleaned of rust and lead paint and repaired or replaced. The existing bridge structure is in a deteriorated condition. Heavily corroded steel bottom lateral bracing members have fallen off the structure. The mechanical systems are showing signs of wear and misalignment.								
Operating Cost Impact: No change in operating and maintenance costs is anticipated.		69226						
Project Completion Date: Sep 2013								
Expenditure Plan (in \$000's):								
	Total Est Cost	Price Yes Funding	FY 13	FY 14	FY 15	FY 16	FY 17	Future
Development	0	0	0	0	0	0	0	0

Explanation of Terms Used on Capital Project Detail Page

- Project Title** – Brief name of project.
- Project No.** – Unique identification number assigned for accounting purposes.
- CIE Requirement** – Indicates whether this project addresses a Capital Improvement Element as defined under the Growth Management Act.
- Level of Service Impact** – If the project addresses a CIE element, indicates what impact it has on the level of service (a full explanation of levels of service is provided in the CIP document).
- Program** – Indicates the capital program to which this project pertains.
- Project Description** – A description of the project scope.
- Operating Cost Impact** – Indicates the ongoing annual operating and maintenance funding this project will require once completed.
- Project Completion Date** – The estimated date that the project will be ready for use.
- Neighborhood Community Area** – Specifies in which area of the County the project will occur. A project location map is also provided. This allows the website visitor or CD user to easily search for all projects within a certain area of the County.
- Expenditure Plan** – A plan that estimates how expenditures in a project fund will be spent on a yearly basis.
- Funding Source(s)** – A breakdown of the sources of funding by year. Many projects have multiple sources of funding.

These draft documents are distributed to the departments for another review and the opportunity to

CAPITAL BUDGET

correct information. Upon completing their review, the Capital Budget Team meets with the appropriate program directors and representatives to resolve outstanding issues and ensure that all are in agreement with the current information.

Budget preparation meetings held with Directors, Executive Team members and budget staff during February through April include discussions regarding capital projects. Decisions taken at these meetings are incorporated into the documents and communicated to the appropriate departments.

Final revisions are incorporated into the Recommended Capital Budget and the Capital Improvement Program (CIP) in mid May and delivered to the Board of County Commissioners in June.

Throughout the budget development process, the County Administrator and the Business and Support Services staff conduct several budget workshops with the Board of County Commissioners to provide them with revenue projection updates and to obtain overall policy guidance.

Once the recommended budget and CIP are delivered to the Board, a series of budget workshops and public meetings are held. During this period, the Hillsborough County City - County Planning Commission also reviews the recommended CIP to ensure compliance with the County's Comprehensive Plan. Two statutorily required public hearings are held in September to gain public input.

During the FY 13 budget process, the first public hearing to adopt the tentative budget and millage rates was held on September 12, 2012. The second public hearing was held on September 20, 2012 to formally adopt the FY 13 budget and millage rates. A separate public hearing was held following the FY 13 budget adoption to also adopt the FY 13 – FY 17 Capital Improvement Program.

Final budget documents reflecting the adopted budget and Capital Improvement Program are then prepared and distributed in both hardcopy and electronic formats. Once the Capital Budget and CIP are formally adopted, changes to the budget can only be made in accordance with the budget amendment process defined in BOCC Policy 03.02.02.00 - Capital Budget and Capital Improvement Program, which ensures compliance with budget amendment requirements per Florida State Statute 129.06. The BOCC policy also specifies that the list of projects included in the adopted CIP may only be revised through formal Board resolution.

Funding Sources

Funding for capital projects comes from a variety of sources, but generally falls into one of several categories: ad valorem taxes, the Communications Services Tax, the Community Investment Tax, gasoline taxes, enterprise fees, special assessments, impact fees, grants or financing.

- Ad Valorem (Property) Taxes are taxes levied by the Hillsborough County Board of County Commissioners on property within the County.

There are three ad valorem taxes imposed by Hillsborough County – the countywide property tax imposed on all properties within the county with use restricted to projects providing countywide benefit; the unincorporated area property tax imposed on all properties in the unincorporated area of the county with use limited to projects that benefit the unincorporated area; and the special library property tax, imposed on all properties within the City of Tampa and the unincorporated area of the County with use restricted to library projects. Both Temple Terrace and Plant City maintain their own library systems so properties within these two municipalities are not subject to the special library tax.

Additionally, two voter approved ad valorem taxes are used to pay debt service on Environmentally Lands Acquisition and Protection Program (ELAPP) bonds and on Parks and Recreation bonds.

- The Communications Services Tax is a 4% tax imposed on local and long distance telephone calls, cable, fax, pagers and beepers, cellular phone services and other related telecommunication services. The Board of County Commissioners originally designated 1% of this tax for the construction of new fire stations. Beginning in FY 06, the Board increased the allocation by an additional ½ %, for a total of 1½% for the construction of fire stations. However, due to the continuing ad valorem roll back requirements by the State Legislature and the effects of Amendment 1, approved by the voters on January 29, 2008, the amount and the percentage allocated to the construction of new fire stations in FY 09 was reduced to ½%. The remainder of the 1½% is used to offset a portion of the impact of the reduction in property tax revenues which fund operating expenditures.
- The Community Investment Tax is a ½ % sales tax imposed on the price of taxable goods, as defined by State statute, sold within the County. Approved

CAPITAL BUDGET

for a thirty year period by public referendum in 1996, use of this tax is restricted to acquiring, constructing, and improving infrastructure and purchasing equipment with a useful life of at least five years to promote the health, safety and welfare of Hillsborough County residents. This tax expires on November 30, 2026.

- Gasoline taxes used to fund capital projects are the Six Cent Local Option Gasoline Tax, the Voted (Ninth Cent) Gasoline Tax and the Constitutional Fuel Tax. Permitted uses for each of these taxes are defined by statute, and in the case of the Voted Ninth Cent Gasoline Tax, are further restricted by County ordinances.

Use of the Six Cent Local Option Gasoline Tax is limited to transportation expenditures for public transportation operations and maintenance; roadway and right-of-way maintenance and equipment and structures used primarily for the storage and maintenance of this equipment; roadway and right-of-way drainage; street lighting; traffic signs, traffic engineering, signalization and pavement markings; bridge maintenance and operation; debt service and current expenditures for transportation capital projects including construction or reconstruction of roads. This tax is scheduled to sunset on August 31, 2013.

Use of the Ninth Cent Gasoline Tax is restricted by County ordinance to the road resurfacing program.

The Constitutional Fuel Tax collected by the State on behalf of the County is first used to meet debt service, if any, of debt assumed by the State Board of Administration payable from this tax. Any remaining tax proceeds may be used by the County for the acquisition, construction, and maintenance of roads as defined by statute or as matching funds for grants specifically related to these purposes.

- Enterprise fees are charges for services imposed on users of facilities of the two programs funded through enterprise funds - Solid Waste and Water/Wastewater/Reclaimed Water. An annual fee schedule for each enterprise fund is set by the Board of County Commissioners. Use of these revenues is restricted to operating, maintaining or building new infrastructure for the respective service for which the fee is being collected.
- Special assessments are charges levied by statute or ordinance for a specific purpose. One example is the stormwater fee, a non-ad valorem special as-

essment levied on the annual property tax bill, which is used to help fund the stormwater capital program.

- Impact fees are fees imposed on new commercial and residential construction to help fund additional infrastructure needed to support the added load on County infrastructure resulting from the new construction. The unincorporated area of the County is divided into zones for each type of impact fee.

Use of impact fees collected within each zone is restricted to projects which add capacity to the respective infrastructure within that zone. There are four types of impact fees: transportation, parks, fire and schools. Impact fees are governed by the County's Consolidated Impact Fee Assessment Program Ordinance.

- Financing is the last source of funding. It includes both long-term and short-term financing. Short-term financing via a commercial paper borrowing program is used to borrow funds when needed in order to keep projects on schedule and to keep financing costs down.

Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term, variable rate notes outstanding.

Uses of Funds

Capital budget expenditures are related to one of the eight capital programs: Fire Services, Libraries, Government Facilities, Parks, Solid Waste Enterprise, Stormwater, Transportation, and Water Enterprise. It also includes the Environmental Land Acquisition and Protection Program (ELAPP) and the Major Repair, Renovation, Replacement and Maintenance program.

Poor revenue performance and financing conditions during the last recession have limited Community Investment Tax financing capacity requiring a \$127.6 million reduction in CIT project funding in FY 12. This funding was identified in last year's Capital Improvement Program as undetermined in FY 14. Some of the projects have alternative funding in FY 13, others are still undetermined for FY14. At BOCC discretion, future determinations of alternate funding for specific projects will be based on prioritization and available options.

CAPITAL BUDGET

Fire Services

The Fire Services Adopted Capital Budget for FY 13 is \$20.4 million. The program is funded with fire impact fees, Community Investment Tax, general revenues and financing supported by the Communications Services Tax.

Ruskin Fire Station #17

A total of nine new projects have been added to the CIP this year to help address the top priorities in the recently updated Fire Rescue Capital Facilities Master Plan. Communications Services Tax revenue, impact fees and a proposed bond issue supported by the Communications Services Tax will fund seven of the new replacement / expansion / renovation projects: Apollo Beach Fire Station # 29 Replacement, Armwood Fire Station #4 Replacement, Carrollwood Fire Station #19 Expansion/Renovation, East Lake Fire Station #32 Replacement, Falkenburg Fire Station #33 Expansion/Renovation, Riverview Fire Station #16 Expansion/Renovation and Wimauma Fire Station #22 Replacement. Two of the new projects, Brandon Fire Station #11 HVAC System Replacement and West Hillsborough – Memorial Fire Station #31 Renovation, are funded with major repair, renovation, replacement and maintenance funds.

Other key projects in the program carrying over from prior years include the Land Acquisition for New Fire Stations project, South Brandon Fire Station #7 Replacement, North Hillsborough Fire Station Renovation, Springhead Fire Station #25 Replacement and the Fire Rescue Equipment Replacement / Modernization project. No new fire stations were completed in FY 12. The revised schedule for the Ruskin Fire Station #17 Relocation project indicated in the Adopted FY 13 – FY 17

Capital Improvement Program reflects the design and construction of an emergency signal at the fire station egress. The fire station itself was substantially complete and ready for use in April, 2011.

Government Facilities

The Government Facilities Adopted Capital Budget for FY 13 is \$23.7 million. Funding sources for the program are Community Investment Tax, general revenues and financing.

Ten new projects have been added to the program this year. Eight of them are funded with major repair, renovation, replacement and maintenance funds: 700 Twiggs Air Handler Replacement, Animal Services HVAC, Ductwork and Ceiling Replacement, Clerk's Data Center Air Handler Replacement, Cooperative Extension Emergency Generator, County Center Carpet Replacement, MOSI Air Handler Replacements, South Annex Courthouse Life Safety Renovations and the West Tampa Neighborhood Service Center Ductwork and Ceiling Renovations. Two of the new projects, Lee Davis Neighborhood Service Center Renovation and West Tampa Neighborhood Service Center, are funded with general revenues. In addition, \$1.0 million was added to the East County Court Redevelopment / Regional Service Center project to fully fund the construction of the new service center and \$610,600 was added to the Historical Preservation Matching Fund Program to replenish funds that have been committed through the program.

Other projects funded in FY 13 include the Falkenburg Road Jail Expansion Phase VII project, Sheriff's Fleet Equipment Replacement, Animal Services Roof Replacement and Shelter Ventilation and the Central Fleet Maintenance Facility Re-Roof project.

Five projects were completed in FY 12. Among those completed are the Clerk's Traffic Department Build-out, Emergency Operations Center Interim Enhancements, Roger P. Stewart Center Chiller Plant Replacement and Traffic Court Relocation.

Due to unfavorable economic conditions, the Public Art assessment for FY 13 is set at 0%. Work on the Public Art Plan can continue by using funds from previous assessments. For the FY 13 budget, \$220,000 is being realigned from the Public Art Program – Unallocated Assessments project to the Public Art Program – Projects CIP project to fund two new projects: the Sheriff's Office 911 Memorial Monument and the Robert Saunders Library Public Art project. The Annual Public Art Plan, as recommended by the Public Art Committee, is now included within the appendix section of the Capital Improvement Program document.

CAPITAL BUDGET

During FY 12, Public Art Projects for the Southshore Regional Library, University Community Social Services Center, Brandon Skateboard Park, Apollo Beach Skateboard Park, Brandon Community Head Start and MOSI Children's Science Center were completed.

Libraries

The Library Services FY 13 Adopted Capital Budget is \$4.0 million. The Library Services Program is funded with ad valorem tax proceeds from the Special Library Taxing District. There is one new project in the program this year, the Jan Platt Library Chiller Replacement project, which will replace equipment that is no longer functioning properly.

Work continues on three key expansion projects that were added in past years (Bloomingdale Regional Library, Jimmie B. Keel Regional Library and the Upper Tampa Bay Regional Library) and one new replacement library (Seminole Heights). The FY 13 Adopted budget also includes funding for the University Area Partnership Library and the Robert W. Saunders Sr. Public Library. The Jimmie B. Keel Regional Library Parking Lot Expansion and the Radio Frequency Identification Security (RFID) Phase II projects were completed in FY 12.

Parks

The Parks Adopted Capital Budget for FY 13 is \$31.0 million. The program is funded through a combination of impact fees, Community Investment Tax proceeds, ad valorem tax proceeds, long-term financing and Boat Improvement Fees.

The Parks Program includes a mix of recreational facilities such as local and regional parks, trails, community and recreation centers, dog parks and boat ramps. Regional parks serve citizens in both the incorporated and unincorporated areas of the County and are normally funded with countywide ad valorem taxes. Local parks serve the citizens of the unincorporated area of the County and are normally funded with impact fees and the proceeds from the unincorporated area property tax.

Due to unfavorable revenue performance and financing conditions since the 2008-2009 recession, the Community Investment Tax allocation for the program was reduced by \$27.3 million in FY 12. Subsequently, alternative funding has been applied to some of these projects in FY 13, reducing the shortfall by \$21.4 million. A list of these projects and FY 13 actions can be found in the Appendix Section of the FY 13 – FY 17 Capital Improvement Program document under the heading of FY 12 Project Deferrals. The remaining \$5.9 million of unfunded projects are shown with possible funding in FY

14. At BOCC discretion, future determinations of alternate funding for specific projects will be based on prioritization and available options.

In addition the program shows possible funding for fifteen projects totaling \$22.8 million in FY 14 at the discretion of the BOCC.

The decrease in Community Investment Taxes, impact fees (collected from new construction) and decline in property tax revenues have led to the scaling down of what was previously an aggressive building program. Nevertheless, some projects are moving forward with construction with minimal operating cost.

**Brandon Skateboard Park
(Completed in February 2012)**

Twelve new projects are added to the Parks Program. Nine of the twelve funded projects for FY 13 are part of the county's repair, replacement, renovation and maintenance (R3M) program. These projects are primarily intended to preserve or enhance the operational condition of existing facilities and may increase the capacity of the facility. These projects include the Edward Medard Park Campground Renovations, Flatwoods Park Trail Repairs, Lithia Springs Campground Renovations, Nye Park Renovations, Ruben Padgett Park Field, Fencing, Parking & Drainage Renovations, Ruben Padgett Park Storage, Concession & Restroom Renovations, University Community Center HVAC Repairs, Upper Tampa Bay Trail Repairs, and Vance Vogel Park Renovations.

There are five projects scheduled for completion in FY 13 including the Salty Sol Fleishman Boat Ramp Improvements and the County Fairgrounds

CAPITAL BUDGET

Improvements. The County Fairgrounds Improvements project is schedule for completion in June 2013 at an estimated cost of \$2.5 million. The project will provide upgrades to the existing County Fairgrounds such as site/infrastructure, utilities, parking, code corrections, covered arena, restrooms and storage/office building(s) to meet the needs of the public and for public safety.

Nine projects were completed in FY 12. Among these are the : Apollo Beach Park Expansion, Bypass Canal Rowing Facility Phase II, Fishhawk/Alafia Creek Improvements, Gardenville Community Center Restoration, Lettuce Lake Park Boardwalk Replacement, Medard Park Boardwalk Replacement, North Brandon Park Renovations, Rotary All Persons Water Play Area at Clayton Park and the Brandon Skateboard Park. The Brandon Skateboard Park was completed in February 2012. This new 11,000 square-foot skateboard park located in Providence East Park in South Brandon includes an obstacle street section that has two main levels that split the park in two sections, an intermediate/professional bowl with all rounded walls, two hips and two general depths, and transition elements with a 6 foot corner quarter pipe that leads to a long and low A-shaped quarter pipe, and ends at a series of moguls that are located throughout.

Since the FY 13 Recommended Capital Budget the Board authorized the funding of \$29.3 million for 8 projects including the Progress Village Recreation Center at Larry Sanders Sports Complex, the Northdale Recreation Center Expansion, the Town n Country Area Recreation Center, Evans Park Renovations, the Gibsonton Area Recreation Center/Gardenville School Renovation, the Progress Village Park Field Renovations, the Ruskin Area Recreation Center and the Countywide Soccer Complex.

Environmental Lands Acquisition and Protection Program (ELAPP)

A subset of the Parks Program is the Environmental Lands Acquisition and Protection Program (ELAPP). The ELAP Program is dedicated to the purchase of land for the protection and preservation of natural and environmentally significant resources, as well as restoration of natural habitat. Some of the criteria used when considering a property for protection are: contains unique or scarce natural habitat for endangered species, protection of water resources, or lands that buffer, link or provide access to existing environmentally sensitive lands.

Historically, funding was secured through an operating and debt service ad valorem millage not exceeding 0.25

mills in any one year period. This property tax was originally approved by the voters in 1990. In November 2008, nearly 79% of the voters approved the issuance of up to \$200 million in bonds to continue capital funding for the ELAP Program. So far \$59.4 million has been issued of the \$200 million authorized by the voters.

As of October 1, 2011, the County has preserved approximately 60,490 acres at a cost of \$251.6 million, of which \$83.6 million (or 33.2%) has been funded by other agencies (this includes the 12,300 acre Cone Ranch property that was transferred from Public Utilities).

Solid Waste Enterprise

The Solid Waste Enterprise FY 13 Adopted Capital Budget is \$1.1 million. The Solid Waste Enterprise Program, a Division of the Public Utilities Department, is funded with financing and revenues generated from fees and assessments paid by customers of the enterprise.

The program provides funding in FY 13 for the County-wide Monitoring Well Installation, Repair and Replacement project. This project consists of installing, repairing and replacing of groundwater monitoring wells, landfill gas monitoring wells and surface water gauges.

Another project funded in FY 13 is the Landfill Gas System Expansion-Section 9 project at \$1.2 million. This project includes the engineering, design and construction of the expansion of the landfill gas collection system into Section 9 of the Southeast County Landfill. The gas collection system is necessary to remove landfill gas from the landfill and the capacity expansion area.

Resource Recovery Facility Scale House Replacement and Entrance Road Improvements Project

CAPITAL BUDGET

The Resource Recovery Facility Scale House Replacement and Entrance Road Improvements project is scheduled for completion in October, 2012 at an estimated cost of \$3.1 million. This project will widen and improve the entrance and construct and install new scales.

Stormwater

The Stormwater Adopted Capital Budget for FY 13 is \$4.3 million. The program is funded with a combination of Stormwater Fees and Community Investment Tax financing. The program includes funding for the Countywide Culvert Replacement Program at \$1.5 million, the Countywide Watershed Master Plan Update Phase II at \$400,000, the Duck Pond Outfall project at \$200,000, the Major Neighborhood Drainage Improvements Program at \$232,000, the Minor Neighborhood Drainage Improvements Program at \$1.5 million, the Neighborhood System Improvements at \$200,000 and the Water Quality Improvement & Environmental Program at \$295,000.

The Culvert Replacement Program replaces culverts at various locations throughout Hillsborough County. The Master Plan Implementation Program is used to study the water quality and water quantity at various watersheds within Hillsborough County. The Major Neighborhood Drainage Improvements Program is intended to alleviate flooding on County-maintained roadways that do not meet the County's level of service for flood protection. These projects are initiated after the conclusion of a drainage investigation of actual flooding that identified the deficiencies and estimates that the proposed project can be designed, permitted and constructed for over \$400,000. The Minor Neighborhood Drainage Improvements Program has the same intent with a construction threshold amount of \$400,000.

The Heritage Crest Retention Pond Improvements project is scheduled to be completed in December, 2012. This project will design and construct a pump station and force main to alleviate drainage problems in the Valrico area.

The Duck Pond Outfall project is of great importance to this program because of the extensive flooding caused by Hurricane Frances in 2004. To address the drainage needs at this location, the County entered into an agreement with the City of Tampa to provide relief in the area. As part of these improvements the County will build an additional retention pond and the City and County will each build a high volume pumping station to discharge to the Hillsborough River. This project is scheduled to be completed in December, 2014.

East Morgan Retention Pond

Due to unfavorable revenue performance and financing conditions resulting from the 2008-2009 recession, projects funded with CIT revenues were reduced by \$23.2 million in FY 12 and are shown with possible funding in FY 14. At BOCC discretion, future determinations of alternate funding for specific projects will be based on prioritization and available options. A list of these projects is found in the appendix section of the FY 13 – FY 17 Capital Improvement Program document under the heading of FY 12 Project Deferrals.

Transportation

The Transportation Program Adopted Capital Budget for FY 13 is \$11.9 million.

The program includes funding for the Big Bend Road Widening (Covington Gardens to Simmons Loop)- PD&E project at \$6.5 million, the Bridge/Guardrail Rehabilitation Program at \$400,000, the Columbus Drive over Hillsborough River Bridge Rehabilitation and the Platt Street over Hillsborough River Bridge Rehabilitation projects at \$500,000 each, the Sidewalk ADA Retrofit Program at \$550,000, the New and Improved Signalization program at \$2.7 million, the Paved Shoulders/Bicycle Lanes County Rural Roads at \$250,000, the Pavement Treatment Program at \$5.0 million and the Dangerous Intersection and Pedestrian Safety Program at \$8.5 million.

The Pavement Treatment program has been established to rehabilitate existing County roads via asphalt resurfacing and other specified methods. The Paved Shoulders/Bicycle Lanes County Rural Roads program was

CAPITAL BUDGET

established to construct paved shoulders to accommodate bicycle traffic.

There are six projects scheduled to be completed in FY 13. The 22nd Street Community Main Street project at \$22.1 million in August, 2013, the Habana Avenue & Waters Avenue Intersection Improvements project at \$1.8 million in April, 2013 the Lithia Pinecrest (SR 640) over Alafia River / South Prong Bridge project at \$11.5 million in February, 2013, the Columbus Drive over Hillsborough River Bridge Rehabilitation project at \$11.5 million in September, 2013, the Platt Street over Hillsborough River Bridge Rehabilitation project at \$13.5 million in September, 2013 and the School Safety Circulation & Access Program at \$7.6 million in June, 2013.

On August 1, 2007 the Board of County Commissioners (BOCC) approved the Transportation Task Force's recommendation to fund an additional \$500 million to complete or to fund new transportation projects using Community Investment Tax (CIT) backed financing. On October 17, 2007, at a required public hearing, the Board amended the adopted FY 08 – FY 13 Transportation CIP to provide additional CIT funding for four active projects and 23 new projects totaling \$489.4 million. Due to unfavorable revenue performance and financing conditions since the 2008-2009 recession, the CIT allocation for the program was reduced by \$307.1 million in FY 10 and an additional \$75.9 million in FY 12. These projects are shown with possible funding in FY 14 at BOCC discretion, future determinations of alternate funding for specific projects will be based on prioritization and available options.

In addition, the program shows possible funding in FY 14 for the Orient Road Widening (Broadway to Hillsborough) at the discretion of the BOCC.

Since the FY 13 Recommended Capital Budget, the Board authorized an additional \$13.7 million to address road improvements, intersection and pedestrian safety, sidewalks and road resurfacing needs.

Projects that are still underway include the Advanced Traffic Management System (ATMS), New Traffic Signals, and the Intersection Improvements program.

Over the past few years the Bruce B. Downs Widening project has had many revisions. The BOCC prioritized the southern segment (A), Bearss Ave to Palm Springs Blvd, over the northern segment (D), Pebble Creek Drive to County Line Road. The central segment (B/C), Palm Springs Drive to Pebble Creek Drive is now under construction with an anticipated completion date of January, 2014. Based on current funding and the bids received

for the central segment, there should be sufficient funds to also construct the southern segment.

Bruce B. Downs (Palm Springs to Pebble Creek Drive South)
Road Widening

The County, along with other transportation agencies and the City of Tampa are also reviewing the planned widening of Bruce B. Downs Blvd. to ensure that adequate right of way is available to support future rapid transit along the corridor.

More information about specific transportation projects can be found in the Adopted FY 13 – FY 17 Capital Improvement Program document.

Water Enterprise

The Water Enterprise Adopted Capital Budget for FY 13 is \$45.8 million. The Water Enterprise Program, a Division of the Public Utilities Department, includes potable water, wastewater and reclaimed water projects and is funded with a combination of long-term financing, revenue generated from fees, rates and charges paid by customers of the enterprise.

The Capital Budget includes sixteen new projects. One of these projects is the South Area Limited Seasonal Augmentation Program (SALSA) project, at a cost of \$3.0 million. The project will design, permit and construct four (4) supplemental groundwater wells, pumps, motors, controls and piping at two (2) reclaimed water storage tank locations to augment reclaimed water supply within the South/Central service area of Hillsborough County, thus reducing surface water

CAPITAL BUDGET

discharge. This project is intended to further assist the Department in complying with the upcoming regulatory requirements proposed in reducing nutrient loading to surface waters associated with the discharge of reclaimed water into surface water bodies.

There are seven projects scheduled for completion in FY 13 including the Lithia Water Treatment Plant Hydrogen Sulfide Treatment Integration project at a cost of \$5.1 million, the South County Advanced Wastewater Treatment Plant Sludge Processing Conversion, a Department of Energy Grant Funded project at a cost of \$3.3 million, the Crosby Road Reclaimed Water Transmission Main project at a cost of \$3.7 million, the Fawn Ridge Chemical Trim project at a cost of \$1.9 million, the Dawnview Wastewater Pump Station Replacement/Rehabilitation project at a cost of \$1.2 million, the Van Dyke Wastewater Treatment Plant Clarifier & Aerator Rehabilitation project at a cost of \$2.9 million and the Joint Project Agreement SR 574 Utility Relocation project at a cost of \$330,000. The Lithia Water Treatment Plant Hydrogen Sulfide Treatment Integration project will design and construct a piping connection from the regional water supply line to a storage tank onsite, install above grade piping with chemical injection points, sample stations and monitoring equipment at the treatment plant.

An ongoing project of significant note is the current construction of the South County Wastewater Treatment Plant Expansion from 4.5 to 10.0 million gallons per day project at a cost of \$82.5 million. This design and construction expansion project will include a new headworks, aeration and process tanks, clarifiers, filters, a new ultraviolet disinfection system, piping, new electrical upgrades, as well as new operational buildings and emergency generators onsite.

Four projects were completed in FY 12. These projects include the Central Hillsborough Water Treatment Plant Electrical Power Supply-EECBG5 at cost of \$2.3 million, the Four Wheel Drive Water System Replacement at a cost of \$515,000, the Nature's Way Wastewater Pump Station Upgrade at a cost of \$5.1 million, and the South County Potable Water Repump Station at a cost of \$7.0 million. The South County Potable Water Repump Station project constructed a new repump facility and 3.0 million gallon storage tank in the southern portion of the South/Central Potable Water System in assisting meet peak demands. This new facility will now provide 20.0 million gallons per day of firm pumping capacity during periods of heavy water demands. Without this additional pumping capacity, the region could have experienced system pressures below the County's recommended level of service standards for dry season conditions.

South County Potable Water Repump Station Project

Additionally of note, will be the future initiation of the South County Class A Biosolids Facility project. This proposed project will design; permit and construct a new Class A Biosolids Treatment Facility that will process the future Biosolids produced at the Valrico, Falkenburg and South County Advanced Wastewater Treatment Plants that are within the utilities South County Service Area. The scope of this future project will include land acquisition, purchasing of sludge processing equipment and the construction of a building that will house both the contemplated processing equipment, as well as the odor/air pollution control equipment that will be required onsite.

Capital Projects Operating Impacts

The Capital Improvement Program (CIP) is an integral element of the County's biennial budgeting process. The cost of operating new or expanded facilities or infrastructure can be significant and is included in the operating budget in the fiscal year the asset becomes operational. However, in some cases, like the construction of a new jail, the operational impact may be phased-in gradually while the new jail is under construction. This is because as the jail population increases beyond its operational capacity so does the need for additional funds for overtime pay, add new staff, jail and food supplies, and operational equipment, thus spreading the increased operating impact over a number of years rather than impacting the budget all at once when the jail opens. Historically, operating costs of non-enterprise facilities have been funded from property taxes. Consideration of operating costs becomes particularly critical

CAPITAL BUDGET

with the property tax restrictions now in effect and the property tax reductions due to the recession. In some cases, it may be prudent to defer or cancel construction of a facility because there will be no funds to operate it.

Debt service payments on issued debt for capital projects are also included in the operating budget. The amount of required debt service relative to the size of the annual budget is an important indicator of fiscal obligations. Since debt service expenditures reduce the amount of funds available for other operating or capital uses, it is important that the ratio of debt service to the total operating budget remain at a prudent level. Issuance of short-term commercial paper to provide adequate cash flow for approved projects does not have an impact on the operating budget. This is because these costs are rolled to subsequent notes until the projects are completed, at which time available cash or long-term debt is used at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term debt.

Specific FY 13 operating cost impacts of capital facilities are detailed below. The Adopted budget for FY 13 includes these operating costs.

Fire Services – There is one project scheduled for completion in FY 13 – Ruskin Fire Station #17. The fire station has been in use since April, 2011 so there is no incremental operating cost impact in FY 13. The new completion date of June 2013 reflects the completion of an emergency signal at the fire station egress. An ongoing project to harden fire stations will result in a minor increase in operating cost related to generator maintenance and testing.

Fire Services Projects	New Positions	Operating Impact (In thousands)
Fire Stations Hardening	0	\$10.0

Government Facilities – There two projects scheduled for completion in FY 13, but no additional operating cost is anticipated.

Libraries – There is one project scheduled for completion in FY 13, but no additional operating cost is anticipated.

Parks - There are five projects scheduled for completion in FY 13, but no additional operating cost is anticipated.

Solid Waste Enterprise- There is only one project scheduled for completion in FY 13, but no additional operating cost is anticipated.

Stormwater - New stormwater infrastructure normally does not have explicit additional operating costs beyond additional materials and supplies for maintenance. It is estimated that ongoing annual maintenance costs for stormwater improvements are \$2.50 per \$1,000 of project cost. Stormwater infrastructure maintenance requirements include keeping drainage areas free from silt, litter, leaves and debris as well as repairing cracked or broken storm water pipes, culverts and other infrastructure. It is anticipated that maintenance of new storm water infrastructure can be absorbed within the operating budget of the various maintenance components of the Public Works Department. However, as more infrastructure becomes operational each year, additional staff and equipment will be needed at some future date to maintain infrastructure at desired levels.

Transportation - While new transportation infrastructure generally has no immediate direct operating costs associated with it, future and ongoing maintenance expenditures are needed to keep the roads up to County standards. Ongoing maintenance costs include pothole patching, lane and crosswalk re-striping, sign and traffic signal replacement, and roadside right-of-way mowing and maintenance. It costs approximately \$12,500 a year to maintain each lane mile of roadway. The County is responsible for maintaining over 6,933 lane miles throughout the county. Note that major road resurfacing is budgeted separately under the capital program. It is anticipated that additional transportation infrastructure scheduled for FY 13 completion can be maintained within the budget. Like stormwater, as more transportation infrastructure continues to become operational, additional staff and equipment will be needed at some point to maintain infrastructure at desired levels. The annual cost to maintain traffic signals is approximately \$6,000; \$2,400 for utility cost and \$3,600 for maintenance costs.

Water Enterprise - There are seven projects scheduled for completion in FY 13; three projects will begin incurring operating costs in FY 13.

Water Enterprise Projects	New Positions	Operating Impact (In thousands)
Crosby Rd Reclaimed Water Transmission Main	0	\$12.0
Fawn Ridge Chemical Trim	0	10.0
South County AWTP Sludge Processing Conversion	0	50.0

CAPITAL BUDGET

Major Repair, Replacement, Renovation, and Maintenance Program

During the FY 02 capital budget process, the Board of County Commissioners, concerned about maintaining the condition of County facilities, established the Major Repair, Replacement, Renovation and Maintenance Program (R3M). The program focuses on non-routine repairs, renovations, replacement or maintenance of existing facilities rather than construction of new facilities or infrastructure. Projects included in this program are typically under \$150,000, do not add square footage to an existing facility, and can be delivered within a twelve-month period. This program is more flexible than the CIP process, allowing the County to react in a more timely manner to facility related emergencies or non-routine repairs and maintenance needs. The projects can be identified, budgeted and completed within a twelve-month period.

To ensure that funding is available to maintain existing facilities, the Board of County Commissioners sets aside a minimum of 1% of anticipated annual revenues in the Countywide General Fund, the Unincorporated Area General Fund and the Library District Fund. The FY 13 1% allocation will generate approximately \$3.3 million for Countywide General Fund, \$1.6 million for the Unincorporated Area General Fund, and \$309,000 for the Library District Fund. A list of proposed FY 13 R3M projects can be found in the appendix section of the FY 13 – FY 17 Capital Improvement Program document.

Monitoring

The Capital Budget Team conducts regular reviews of capital project status, allocations and expenditures along with related activities. The purposes of these reviews are:

- To ensure compliance with applicable statutes, ordinances, County policies and procedures, and sound accounting and budgeting practices.
- To identify projects with excess appropriations that might be subject to reallocation.
- To identify projects with total expenditures and encumbrances exceeding the current appropriation that might require additional appropriations.
- To track impact fee revenues and expenditures to ensure that impact fees are being spent in a timely manner as required by ordinance.

Results of these analyses are communicated to appropriate management and staff for follow-up and corrective action. To assist in the reviews, the Capital Budget Team generates numerous variance and tracking reports from the County's financial system and Project Informa-

tion Management System (PIMS). Among these reports are:

Monthly Community Investment Tax Report: This report shows the budget, expenditures and remaining balance of projects and reflects the cash position of the fund. Management uses this report to determine the availability of funds that may be used to fund other needs.

Projects 120 Days or More Past Substantial Completion Date: This report identifies open projects that have been coded as substantially complete (defined as completed and ready for use) for at least 120 days in the Project Information Management System. At that time, program managers are asked to fiscally close-out these projects unless they provide valid reasons for keeping the project open. One example of a valid reason is outstanding eminent domain issues associated with a project. This review helps identify allocated funds that may no longer be needed for the intended purpose.

Fiscally Closed Projects with Balances: This report is run periodically to determine if any capital project coded as fiscally closed in the Project Information Management System has an outstanding balance. If any are identified, the managing department is requested to prepare a budget amendment to make residual funds available for other projects.

Negative Balance Report: This report identifies projects that have negative balances within any funding sources. This report is also run periodically and is sent to all departments involved with capital projects to alert them of the need for corrective action.

Impact Fee Threshold Report: This report is used to determine the status of impact fee funds as it relates to timeliness of spending as required by County Ordinance. It shows revenues by impact fee zone and projects when each zone's balance needs to be spent in order to meet ordinance restrictions on timeliness of use. Hillsborough County, by ordinance, requires that all impact fee revenues be utilized within 6 years or may be subject to refund.

Capital Projects Request List: This is a prioritized list of unfunded capital project needs by program that is used to determine what projects should be funded next as funds become available.

Note (A): Please refer to the Major Repair, Renovation, Replacement and Maintenance Program section in the appendix of the FY 13 - FY 17 Capital Improvement Program document for a list of proposed FY 13 projects.

Note (B): To ensure that funding is available to maintain existing facilities, the Board of County Commissioners sets aside a minimum of 1% of anticipated annual revenues in the Countywide General Fund, the Unincorporated Area General Fund and the Library District Fund. The FY 13 1% allocation will generate approximately \$3.3 million for Countywide General Fund, \$1.6 million for the Unincorporated Area General Fund and \$309,000 for the Library District Fund.

Hillsborough County
Florida

DEBT BUDGET

DEBT SERVICE BUDGET

EXECUTIVE SUMMARY

The County issues debt in accordance with its Debt Policy, adopted by the County Commission, which governs the type and amount of borrowings that are best suited to achieving its financing objectives. As of September 30, 2012, total County debt outstanding is \$1,070,680,000, which includes \$114,020,000 in debt issued by the Tampa Sports Authority, and \$956,660,000 in County-issued debt consisting of \$326,790,000 in enterprise fund debt, \$70,130,000 in general obligation and limited ad valorem debt, and \$559,740,000 in non-ad valorem revenue supported debt, including \$93,250,000 in tax-exempt commercial paper.

Of the \$957 million in total County-issued debt outstanding on September 30, 2012, \$863 million is financed with fixed interest rates and approximately \$93 million with variable interest rates resulting in a mix of 90% long-term fixed rate and 10% short-term variable rate debt. This represents a conservative portfolio that is well insulated from interest rate volatility. Depending on market conditions, the County plans to vary its short-term debt issuance in order to lower the County's cost of capital without overexposing the County to short-term spikes in interest rates. This objective is reflected in the County's FY13 - FY17 Capital Improvements Program (the "CIP").

The County has significant debt capacity remaining and is in compliance with its anti-dilution test¹. However, inasmuch as all County revenues are being used to either pay debt service or to fund County operations and reserves, any use of County revenues to secure and pay additional debt could impact County operations unless additional revenue sources are identified. One exception is the Community Investment Tax ("CIT") revenue which was originally levied in fiscal year 1997 for 30 years and may be used only for capital projects. The majority of future CIT revenue has been committed to specific capital projects. The

¹ An Anti-Dilution test is computed with respect to debt secured by the County's covenant to budget and appropriate from legally available non-ad valorem revenues. This test measures the extent to which the County can use non-ad valorem revenues for debt service on additional bonds in relation to general government services. The purpose of this test is to ensure that the County does not excessively leverage its non-ad valorem revenues.

County expects that most of these projects will be debt-financed.

When appropriate, the County utilizes its Commercial Paper program to address short-term capital project funding needs, such as to encumber contracts and provide short-term financing prior to the issuance of long-term debt. Under this program the Board authorizes short-term borrowings when needed to provide adequate cash flow for active projects. This approach ensures that long-term debt is issued only when needed and is only issued in appropriate amounts. Furthermore, tax exempt short-term debt tends to be the lowest cost financing tool available to local governments resulting in substantial savings to the County. Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an advantage in keeping short-term, variable rate notes outstanding. As a part of its funding plan, the CIP includes future issuance of commercial paper notes and bonds as a major source of capital funding.

The County has credit ratings on its debt from Moody's Investors Service, Standard and Poor's (S&P), and Fitch Ratings. Each of the three credit rating agencies has assigned the County general credit ratings of "Aaa", "AAA", and "AAA", respectively. These ratings represent the highest attainable credit rating assigned by each agency. The rating agencies have separately rated other bonds of the County which are secured by specific revenue pledges. These are described later in this report.

The County's enterprise fund, general obligation, and limited ad valorem tax debt continue to be "self-supporting" in that this debt is secured solely by and paid from enterprise fund revenue and ad valorem taxes. Many of the non-enterprise, non-ad valorem revenue bonds are supported by revenues specifically earmarked for such purpose. For example, bonds issued for Criminal Justice facilities are repaid with the State Shared Sales Tax, Community Investment Tax or court fees.

Professional Sports Venues

Bonds issued to finance construction of the Tampa Bay Times Forum (a multi-purpose arena and home to the NHL Lightning franchise) are repaid from the County's 5th Cent of the Tourist Development Tax (the "TDT"), which can only be used for debt service on professional sports franchise facilities and for tourism

DEBT SERVICE BUDGET

marketing costs. Bonds issued to finance construction of Raymond James Stadium (home of the NFL Buccaneers) are repaid with Community Investment Tax (CIT)² revenue, the 4th Cent of the TDT, and payments from a State of Florida sales tax rebate.

Local Government Infrastructure Surtax (CIT)

A major funding source for the County's governmental capital projects is the Local Government Infrastructure Surtax, referred to locally as the CIT. Because capital projects are front-loaded in the early years, financing is required. Furthermore, because the CIT is scheduled to sunset in about 13 years (on December 31, 2026), bank notes and commercial paper notes will be the predominant financing source as opposed to traditional long-term bonds. The County has approximately \$244 million in outstanding capital improvement projects that can be funded through the CIT program. The majority of this will be funded via issuance of commercial paper, which will subsequently be refinanced with fixed rate debt which will mature prior to the expiration of the CIT program.

SUMMARY OF RECENT AND FUTURE DEBT ISSUANCES

On May 23, 2012, the County issued its Series 2012A Community Investment Tax Refunding Revenue Bonds in the amount of \$38,130,000 in order to partially refund, for debt service savings, its outstanding Community Investment Tax Revenue Bonds, Series 2001A (Jail Project), and its outstanding Community Investment Tax Revenue Bonds, Series 2001B (Stormwater Project). The County simultaneously issued its Series 2012B Community Investment Tax Refunding Revenue Bonds in the amount of \$51,625,000, in order to partially refund its outstanding Community Investment Tax Revenue Bonds, Series 2004. The 2012B Bonds also were issued for the purpose of achieving debt service savings. As a result of these refinancings, the County will save more than \$14.9 million in interest expense over the life of the debt. The refunding bonds will be

² This Sales Surtax was approved by referendum, and the proceeds are allocated among the Hillsborough County School District, the County, and the cities of Tampa, Temple Terrace, and Plant City pursuant to an interlocal agreement. The interlocal agreement provides a specific allocation of revenues for debt service and certain other capital expenditures in connection with the stadium.

repaid from CIT revenues and will be fully repaid by November 1, 2026 when the CIT program sunsets.

On June 21, 2012, the County issued its Series 2012 Capital Improvement Program Revenue Bonds in the amount of \$67,445,000 in order to pay off \$50 million of outstanding commercial paper and to fund approximately \$29 million of capital improvement projects approved as part the adopted CIP. The Bonds will be repaid from half-cent sales tax revenues.

As of September 30, 2012, the County has approximately \$244 million in outstanding capital improvement projects that can be funded through the CIT program. The majority of this will be funded via future issuances of commercial paper, which will subsequently be refinanced with fixed rate debt which will mature prior to the expiration of the CIT program.

Public Safety Operations Complex (PSOC)

The County expects to issue \$40 million in new debt in late FY 13 or early FY 14 to cover the construction costs of a PSOC and for improvements to fire stations located throughout the County. Bonds issued will be repaid by Communications Services Tax revenues. On December 5, 2012, the Board of County Commissioners approved a motion to proceed with the design and construction of a new PSOC campus which will consolidate various critical County functions into a new facility to be located on County-owned land at the Columbus Drive Extension, and the design of a County Mall facility that would be a combination of County space and commercial space.

CONCLUSION

The County issues debt in accordance with its Debt Policy, adopted by the County Commission, which governs the type and amount of borrowings that are best suited to achieving its financing objectives. The policy guides the County's borrowings by means of targets and ratios, such as direct debt per capita or general governmental debt as a percent of general fund revenue, that balance the need for flexibility to ensure the availability of capital with the need to ensure continued access to the capital markets. On a per capita basis, Hillsborough County debt is comparable to similarly sized counties.

The County actively and aggressively monitors market opportunities to refinance, defease or redeem its outstanding debt to achieve lower debt service costs. When legally and economically feasible, lower interest

DEBT SERVICE BUDGET

rate debt or available reserves will be issued to pay off higher interest rate debt.

In summary, as confirmed by its credit ratings, the County's financial condition is characterized by strong debt service coverage from pledged revenue, a broad and varied local economy, and strong financial management.

COUNTY CREDIT RATINGS

The County has credit ratings on its debt from Moody's Investors Service ("Moody's"), Standard and Poor's Ratings Services ("S&P"), and Fitch Ratings ("Fitch"). Hillsborough County's general credit rating was upgraded in December 2006 to "AAA" from "AA+" by S&P giving the County general credit ratings of

Aaa/AAA/AAA from all three rating agencies: Moody's, S&P and Fitch. As stated in Moody's credit report for Hillsborough County, an improved credit rating reflects continued health, diversity and growth in the County's economy, strong tax base expansion, strong financial administration and a manageable debt position. The County's strategic goal is to maintain general credit ratings of at least A2/AA/AA. All the County's credit ratings as of September 30, 2012 are shown in the following table. The County's high credit ratings are a notable achievement since they generally lead to lower interest costs on debt financings. The County's debt obligations are issued and administered in such a manner as to ensure and sustain long-term financial integrity of the County, and to achieve the highest possible credit ratings.

Hillsborough County, Florida, Credit Ratings as of September 30, 2012			
Type of Debt Issue	Moody's	S&P	Fitch Ratings
General Obligation Bonds	Aaa	AAA	AAA
Revenue Bonds supported by the County's share of the Community Investment Tax (CIT)	A1	AA	AA

² For a more complete description of Tampa Sports Authority debt see the section titled "Revenue Bonds: Debt Issued by Independent Authorities".

DEBT CAPACITY OF SELECTED REVENUES

The Florida Constitution does not limit the amount of ad valorem taxes a county may levy for the payment of bonds authorized by voter referendum. The County is limited by Article VII, Section 9 of the Florida Constitution, however, to a maximum levy of 10 mills per \$1,000 of the assessed value of real estate and tangible personal property for county purposes other than the payment of voted bonds. The countywide millage rate for calendar year 2012 (fiscal year 2013) is 5.7374 mills.

Debt related to rate-based County services, such as water/wastewater utilities and solid waste collection and disposal, does not affect operations because pledges are made only on net revenues (i.e., total revenue minus operating and maintenance costs of the systems). Therefore, debt capacity for these enterprise operations is a function of the adequacy of rates and fees to support outstanding and additional debt.

The County has considerable debt capacity remaining. However, inasmuch as all County revenues are being

used to pay debt service, fund County operations or increase reserves, any use of County revenues to secure and pay additional debt could impact County operations unless additional revenue sources are identified.

Appendix B of this report shows calculations of the debt capacity of County major non-ad valorem revenues in relation to current outstanding general fund debt of the County. These calculations serve three major purposes. First, they enable the County to determine its ability to pledge the revenues for additional projects. Secondly, they are used to determine the general debt capacity of the non-ad valorem revenues of the County taking into consideration the constraints of the anti-dilution test required by the County's outstanding bond issues and interlocal agreements. Finally, the debt capacity calculation provides an indication of the financial condition of the County.

A graph of the debt capacity of major revenues is illustrated below:

DEBT CAPACITY OF SELECTED REVENUES

The County currently has twelve major non-ad valorem revenues as follows:

- the local government half-cent sales tax,
- the guaranteed entitlement,
- the communications services tax
- the local option infrastructure surtax for community reinvestment (the "Community Investment Tax or CIT"),
- the voted fuel tax (9th ¢),
- the local option fuel tax (1-6¢),
- the county fuel tax (7th ¢),
- the constitutional fuel tax,
- the 4th cent tourist development tax
- the 5th cent tourist development tax
- traffic surcharge revenues
- the Indigent Care half-cent sales tax

In addition, the County has a mix of other non-ad valorem revenues. However, these revenues on a stand-alone basis are difficult to pledge as security for a bond issue due to the volatility and uncertainties of

collections on an annual basis. Therefore, the debt capacity analysis primarily provides information on the above referenced major non-ad valorem revenue sources.

Many of the non-ad valorem revenues discussed here are limited as to use. For example, the county fuel tax and local option fuel tax are limited to transportation and road improvement related costs, including debt service payments on transportation bonds; the 4th and 5th cents of the tourist development tax are limited to capital construction and maintenance of tourist-related facilities such as convention centers, sports arenas and stadiums; and, the Indigent Care half-cent sales tax is limited to indigent care services. The primary, unrestricted direct revenue sources available as security for a non-ad valorem/non-enterprise bond issue are the local government half-cent sales tax, the guaranteed entitlement, the communication services tax, the community investment tax, and the constitutional fuel tax.

DESCRIPTION OF TYPES OF DEBT ISSUED BY THE COUNTY

There are several different types of debt incurred by cities and counties in Florida, including general obligation debt, revenue debt, long-term leases and government loans. To date, Hillsborough County has used the methods summarized below. For a more detailed discussion, see Appendix A.

GENERAL OBLIGATION DEBT

General obligation ("G.O.") bonds of municipalities, counties, school districts and states are backed by a pledge of the full faith and credit of the issuing entity. This pledge generally is supported by a commitment of the issuer to levy and to collect ad valorem taxes, without limitations as to millage rate or amount, for the payment of principal and interest on its bonds. With the County's excellent "Aaa/AAA/AAA" credit rating, G.O. debt offers the lowest interest cost of any form of county debt. The County is limited by Article VII, Section 9 of the Florida Constitution, however, to a maximum levy of 10 mills per \$1,000 of the assessed value of real estate and tangible personal property for county purposes other than the payment of voted bonds. Because of the impact on property owners, the issuance of general obligation debt in Florida requires the consent of the voters through a referendum. The Florida Constitution does not limit the amount of ad valorem taxes a county may levy for the payment of bonds authorized by voter referendum.

REVENUE DEBT: BONDS, NOTES AND GOVERNMENTAL LOANS

Most, if not all, state constitutions authorize either explicitly or implicitly the issuance of revenue debt. Revenue debt may be issued without voter referendum because of a public policy called the "special fund doctrine". The essence of revenue debt

is that a particular stream of revenue is designated as the sole source of repayment of the debt. This revenue source may be derived from a specific project or enterprise, a loan program or even a special tax. In the event that such a source proves inadequate or default is otherwise threatened, the issuer is under no obligation to repay the debt from its other general governmental funds.

Debt related to rate-based County services, such as water and wastewater utilities, does not affect operations because pledges are made only on net system revenues.

FIXED VS. VARIABLE INTEREST RATE DEBT

Historically, short-term variable interest rates ("short-term rates") tend to be lower than long-term fixed interest rates ("long-term rates"). Short-term rates promote the assets/liabilities matching principle. However, long-term rates provide debt service certainty and protect against short-term spikes in interest rates. Of the \$957 million in total County-issued debt outstanding at September 30, 2012, about \$863 million is financed with fixed interest rates and about \$93 million with variable interest rates, (i.e. tax-exempt commercial paper notes), resulting in a debt portfolio mix of 90% long-term rates and 10% short-term rates, which is conservative and well-insulated from interest rate volatility. Depending on market conditions, the County plans to achieve a more moderate debt portfolio mix in the future by increasing its short-term debt issuance. The objective will be to further lower the County's cost of capital without overexposing the County to short-term spikes in interest rates.

GENERAL OBLIGATION AND LIMITED AD VALOREM BONDS

General Obligation Bonds are secured by a pledge of the full faith and credit of the County to levy sufficient ad valorem taxes to pay the debt service on the bonds. The County has three series of general obligation bonds outstanding. The \$18,540,000 **Series 2002 General Obligation Refunding Bonds** (Parks) were issued to refund the Series 1993 and Series 1996 Bonds, each of which was issued in the original par amount of \$10,000,000 to fund the acquisition and development of parks.

The \$11,305,000 **Series 2009A General Obligation Bonds** (ELAPP) and \$48,125,000 **Series 2009B General Obligation Bonds** (ELAPP – Federally Taxable – Build America Bonds) were issued to continue the ELAPP program in accordance with the 2008 referendum authorization. The total amount of debt authorized by the referendum was \$200 million, which would leave \$141.755 million available for future issuances. The final maturity date of the outstanding 2009A Bonds is July 1, 2019 and the final maturity date of the 2009B Bonds is July 1, 2039.

REVENUE BONDS: NON-ENTERPRISE/NON-AD VALOREM

The debt classified as “non-enterprise/non-ad valorem” is supported by a variety of fees, taxes and other revenues of the County, excluding enterprise system revenues and ad valorem taxes. All currently outstanding debt in this category is tax-exempt. The following overview provides a description of each outstanding issue, the original amount and purpose of the issue, and a description of pledged revenues.

The tax-exempt debt issued under the County’s **Commercial Paper Program** (the “Program”) established in April 2000, is payable from and secured by the County’s covenant to budget and appropriate from non-ad valorem revenues. The County’s borrowings under this Program are also secured by a \$300 million irrevocable direct-pay letter of credit (LOC) from State Street Bank. Since its inception, the Program has provided cost-efficient, short-term financing for projects until such time as final project costs are known, sufficient revenue is available to support a long-term financing, multiple projects can be combined into a single long-term financing of adequate dollar size, or a favorable interest rate environment exists.

The **Series 2001A Community Investment Tax Revenue Bonds** were issued in the amount of \$49,725,000 to fund phases IV and V-A of the Falkenburg jail project. The **Series 2001B Bonds** were issued in the amount of \$14,490,000 to refund commercial paper notes originally issued to finance stormwater management projects. Both series of bonds are secured by Community Investment Tax Revenues (“CIT Revenue”).

The **Series 2004 Community Investment Tax Revenue Bonds**, secured by CIT Revenues, were issued in the amount of \$90,000,000 to refund \$33.15 million of commercial paper notes originally issued to fund stormwater management projects, and \$42 million of commercial paper notes originally issued to fund transportation projects. The remaining approximate \$15 million in bond proceeds funded new stormwater management projects (\$1.5 million) and transportation projects (\$13.65 million).

The **Series 2005 Tampa Bay Arena Refunding Revenue Bonds** were issued in the amount of \$17,920,000 to refund a portion of the outstanding Tampa Sports Authority Taxable 1995 Special Purpose Bonds, County Surcharge Loan Series which were originally issued to finance construction of the Tampa Bay Times Forum (formerly known as the St. Pete Times Forum and as the Ice Palace). The security for these bonds is the County’s covenant to budget and appropriate non-ad valorem revenue, but

the payment source is a surcharge on arena general admission tickets, and the 5th Cent Tourist Development Tax.

The **Series 2005 Court Facilities Refunding Revenue Bonds** were issued in the amount of \$38,305,000 to refund all of the outstanding Series 1999 Bonds originally issued to finance the acquisition, construction, equipping and renovation of capital improvements to court system facilities of the County, and to refund the Courthouse Annex Note and the 700 Twiggs Street Commercial Paper Loan. These bonds are secured by court surcharge revenues, with any shortfalls in this revenue met with the Community Investment Tax. This backup pledge may be released as a security source in the future.

The **Series 2006 Capital Improvement Program Refunding Revenue Bonds** were issued in the amount of \$40,285,000 to refund all of the outstanding Series 1996 Capital Improvement Refunding Revenue Bonds. These bonds are secured by Local Half-Cent Sales Tax revenues and were originally issued to fund construction of Steinbrenner Field (formerly Legends Field), the spring training facility for the New York Yankees, and to fund acquisition of a public safety radio communications system. The lien on and pledge of the sales tax are on parity in all respects to the lien and pledge in favor of the Series 2003 Junior Lien Capital Improvement Program Refunding Revenue Bonds.

The **Series 2006 Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds** were issued in the amount of \$18,270,000 to refund the outstanding Tampa Sports Authority Tourist Development Tax Revenue Bonds (Stadium Project), Series 1997B and to finance the acquisition and/or construction of certain capital improvements to Steinbrenner Field, and a grant to the City of Tampa, Florida to pay for certain capital improvements to the Tampa Convention Center. The 4th Cent Tourist Development Tax is the sole payment source for the Series 2006 Bonds.

The **Series 2006A Fifth Cent Tourist Development Tax Refunding Revenue Bonds** were issued in the amount of \$27,125,000 to refund the outstanding County Interlocal Payments Refunding Revenue Bonds, Series 1998, which financed the Tampa Bay Times Forum. The 5th Cent Tourist Development Tax Revenues are the sole payment source for the Series 2006A Bonds.

The **Series 2007 Community Investment Tax Revenue Bonds** were issued in the amount of

REVENUE BONDS: NON-ENTERPRISE/NON-AD VALOREM

\$191,800,000 to finance the acquisition and construction of transportation and other capital improvements in the County. The Series 2007 Bonds are payable solely from and secured by the CIT revenues. The CIT Revenues securing the Series 2007 Bonds are on a parity and equal status with the County's outstanding CIT Revenue Bonds, Series 2001A (Jail Project); Series 2001B (Stormwater Project); CIT Revenue Bonds, Series 2004, and the County's Court Facilities Refunding Revenue Bonds, Series 2005.

The **Series 2008 Capital Improvement Non-Ad Valorem Refunding Revenue Bonds** (Warehouse and Sheriff's Facilities Project) were issued in the amount of \$19,195,000 on May 5, 2008. The Series 2008 Bonds were issued to refund the outstanding Series 1998 Bonds. The Series 2008 Bonds are payable solely from, and secured by, a lien upon, and pledge of, the available non-ad valorem revenues budgeted and appropriated by the County.

The **Series 2012A Community Investment Tax Refunding Revenue Bonds** were issued in the amount of \$38,130,000 on May 23, 2012. The Series 2012A Bonds were issued to refund a portion of the outstanding Community Investment Tax Revenue Bonds, Series 2001A (Jail Project), and a portion of the outstanding Community Investment Tax Revenue Bonds, Series 2001B (Stormwater Project). The Series 2012A Bonds are payable solely from and secured by the CIT revenues. The CIT revenues securing the Series 2012A Bonds are on a parity and equal status with the County's outstanding CIT Revenue Bonds,

Series 2001A (Jail Project); Series 2001B (Stormwater Project); CIT Revenue Bonds, Series 2004; Court Facilities Refunding Revenue Bonds, Series 2005; CIT Revenue Bonds, Series 2007; and the CIT Refunding Revenue Bonds, Series 2012B.

The **Series 2012B Community Investment Tax Refunding Revenue Bonds** were issued in the amount of \$51,625,000 on May 23, 2012. The Series 2012B Bonds were issued to refund a portion of the outstanding Community Investment Tax Revenue Bonds, Series 2004. The Series 2012B Bonds are payable solely from and secured by the CIT revenues. The CIT revenues securing the Series 2012B Bonds are on a parity and equal status with the County's outstanding CIT Revenue Bonds, Series 2001A (Jail Project); Series 2001B (Stormwater Project); CIT Revenue Bonds, Series 2004; Court Facilities Refunding Revenue Bonds, Series 2005; CIT Revenue Bonds, Series 2007; and the CIT Refunding Revenue Bonds, Series 2012A.

The **Series 2012 Capital Improvement Program Revenue Bonds** were issued in the amount of \$67,445,000 on June 21, 2012. The Series 2012 Bonds were issued to pay off \$50 million of outstanding commercial paper and to fund approximately \$29 million of capital improvement projects approved as part the adopted CIP. The Series 2012 Bonds are secured by half-cent sales tax revenues, but may be repaid in part by CIT Revenues depending on excess CIT capacity.

REVENUE BONDS: ENTERPRISE FUNDS

WATER AND WASTEWATER

The County's water and wastewater bonds are secured solely by a pledge of the revenues of the water and wastewater utility system (the "Utility System"). Utility System debt outstanding as of September 30, 2012 is \$179,110,000.

The **Series 2001 Junior Lien Refunding Utility Revenue Bonds** were issued in the amount of \$186,105,000 to refund \$212.9 million in outstanding Series 1991A and B bonds and a portion of the outstanding Series 1993 bonds. The refunding reduced system debt service over the following 15 years by \$108 million; present value savings totaled \$25.5 million. In connection with the refunding of the Series 1991A and B bonds, the County terminated an interest rate swap entered into in November 1998. The \$25.5 million present value savings calculation from the refunding includes the termination payment made by the County. On August 1, 2009 the County legally defeased \$10 million of the serial bonds maturing in 2013.

The **Series 2010A Utility Revenue Bonds** (Tax Exempt), issued in the amount of \$18,035,000, the **Series 2010B Utility Revenue Bonds** (Federally Taxable - Build America Bonds), issued in the amount of \$110,265,000, and the **Series 2010C Utility Revenue Bonds** (Federally Taxable - Recovery Zone Economic Development Bonds), issued in the amount of \$21,700,000, funded \$131 million of the Utility System's \$484 million capital improvement program. The U.S. Treasury subsidizes interest on both of the Federally Taxable Bonds at the rate of 35% on the Build America Bonds and 45% on the Recovery Zone Economic Development Bonds.

WATER AUTHORITY

In September 1998, a new regional water authority was created. This authority, Tampa Bay Water (TBW), replaced the previous West Coast Regional

Water Supply Authority ("WCRWSA") and issued \$372.25 million in bonds to retire the debt of the WCRWSA. In October, 1999, TBW issued an additional \$372,761,143 of Utility System Revenue Bonds to construct new water supply projects. On August 1, 2001, TBW issued its Series 2001A Bonds in the principal amount of \$309,370,000 to advance-refund a portion (\$287,900,000) of its Series 1999 Bonds. On October 1, 2001, TBW issued its Series 2001B Bonds in the amount of \$238,230,000 to construct new water supply projects. In addition, On May 15, 2002, TBW issued its Series 2002 Bonds in the amount of \$108.39 million to purchase a newly constructed desalination facility and to pay outstanding short-term interim loans. As of September 30, 2009, TBW has debt outstanding, including accreted interest on capital appreciation bonds, in the amount of \$1,163,292,433. The County's current proportionate obligation to TBW is treated as a current operating and maintenance expense of the County's water and wastewater system and is not reflected as a debt of the County.

SOLID WASTE

Solid Waste and Resource Recovery Revenue Bonds are secured solely by a pledge of the revenues of the solid waste system. Solid waste system debt outstanding as of September 30, 2012 is \$147,680,000.

The **Series 2006A Solid Waste & Resource Recovery Revenue Bonds** (AMT), issued in the amount of \$116,990,000, and the **Series 2006B Solid Waste & Resource Recovery Revenue Bonds** (non-AMT), issued in the amount of \$40,360,000, funded the cost of design, acquisition, construction and equipping of certain solid waste disposal facilities and expansion of the County's resource recovery facility. Currently, the Series 2006 bonds are the only indebtedness of the County's solid waste system.

REVENUE BONDS: DEBT ISSUED BY INDEPENDENT AUTHORITIES

The Tampa Sports Authority (TSA) has issued debt to finance a multipurpose arena ("Tampa Bay Times Forum") and a community stadium ("Raymond James Stadium"). This debt is primarily secured by certain revenues of the County as described in more detail below. As of September 30, 2012, \$114,020,000 of TSA-issued bonds related to these facilities are outstanding.

ARENA BONDS

Currently the TSA does not have any debt outstanding related to the Tampa Bay Times Forum (formerly known as the St. Pete Times Forum and as the Ice Palace). During 2005 and 2006, the County issued direct debt (refunding revenue bonds) to defease the TSA bonds related to the arena in order to achieve debt service savings. The County-issued bonds are described more fully in the section of this report titled "Revenue Bonds: Non Enterprise/ Non-ad valorem". A history of the transactions related to the arena is presented here for informational purposes:

The Tampa Sports Authority issued its \$27,685,000 Special Purpose Bonds, Series 1995 (the County-supported Bonds), and its \$17,020,000 Taxable Surcharge Bonds, Series 1995 (the Surcharge Bonds) in order to finance a portion of the cost to construct the Tampa Bay Times Forum. The Surcharge Bonds were refunded for debt service savings by the County's Arena Refunding Revenue Bonds, Series 2005 (the 2005 Bonds). The 2005 Bonds are secured by a covenant to budget and appropriate County non-ad valorem revenues. The 5th Cent Tourist Development Tax is the primary payment source for the Series 2005 Bonds.

The 1995 County-supported Bonds were refunded for debt service savings by TSA's \$30,185,000 County Interlocal Payments Refunding Revenue Bonds, Series 1998 (the 1998 Bonds). The 1998 bonds were, in turn, refunded by County-issued Fifth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2006A (the Series 2006A Bonds). On December 19, 2006, the County also issued new money bonds, the Fifth Cent Tourist Development Tax Improvement Revenue Bonds, Series 2006B (the Series 2006B Bonds), to pay for certain capital improvements to the Tampa Bay Times Forum. The 5th Cent Tourist Development Tax is the sole security pledge and payment source for the Series 2006A and B Bonds. The above referenced Series 2006B Bonds have been paid off.

The County expects that the 5th Cent Tourist Tax will produce sufficient revenues to pay debt service on the

Series 2006A bonds and the outstanding Series 2005 bonds.

STADIUM BONDS

Currently, TSA has two debt issues outstanding, both issued in 2005, that are related to Raymond James Stadium (the community stadium). In addition, the County issued direct debt in 2006 to refund a portion of TSA's stadium debt and to raise new money for certain other capital projects. The County-issued bonds are described more fully in the section of this report titled "Revenue Bonds: Non Enterprise/ Non-Ad Valorem". A history of the transactions related to the stadium is presented here for informational purposes:

In June 1997, the TSA issued its Series 1997B Tampa Sports Authority Tourist Development Tax Revenue Bonds in the amount of \$11,190,000 to partially finance the acquisition, construction, and equipping of a new professional sports franchise stadium and related facilities (community stadium). Subsequently, TSA issued its Series 1997 Tampa Sports Authority Florida Sales Tax Payments Revenue Bonds in the amount of \$30,010,000 and its Series 1997 Tampa Sports Authority Local Option Sales Tax Revenue Bonds in the amount of \$148,945,000 to provide additional financing for the community stadium.

TSA issued its **Series 2005 Tampa Sports Authority Florida Sales Tax Payments Refunding Revenue Bonds** (Stadium Project) in the amount of \$27,015,000 to advance-refund the Series 1997B Florida Sales Tax Payments Revenue Bonds.

TSA issued its **Series 2005 Tampa Sports Authority Local Option Sales Tax Refunding Revenue Bonds** in the amount of \$114,865,000 to refund the Series 1997 Local Option Sales Tax Revenue Bonds.

The County issued its Series 2006 Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds in the amount of \$18,270,000 to refund the outstanding Series 1997B Tampa Sports Authority Tourist Development Tax Revenue Bonds (Stadium Project) and to finance the acquisition and/or construction of certain capital improvements to Steinbrenner Field (formerly known as Legends Field) and a grant to the City of Tampa to pay for certain capital improvements to the Tampa Convention Center. The 4th Cent Tourist Development Tax is the sole security pledge and payment source for the Series 2006 bonds. (Please see Revenue Bonds: Non-Enterprise/Non-Ad Valorem for more details.)

The community stadium bonds issued by the Tampa Sports Authority are primarily secured by certain

REVENUE BONDS: DEBT ISSUED BY INDEPENDENT AUTHORITIES

revenues of the County. The bonds are secured in accordance with the Interlocal Agreement for Stadium Financing between the Tampa Sports Authority and the County. Pursuant to this Interlocal Agreement, the County pledged the following revenues to pay debt service on the stadium bonds: the 4th Cent Tourist Development Tax to the \$11,190,000 Series 1997B Bonds (refunded in December 2006; the refunding bonds are direct County debt); receipts from the

community investment tax to the Tampa Sports Authority Local Option Sales Tax Refunding Revenue Bonds, Series 2005 issued in the amount of \$114,865,000; and, \$166,667 of Florida sales tax revenues received monthly from the State of Florida pursuant to Florida Statutes 288.1162 and 212.20(6)(g) 5.a. to the \$27,015,000 Florida Sales Tax Payments Refunding Revenue Bonds, Series 2005.

SPECIAL ASSESSMENT REVENUE BONDS

The following Special Assessment bonds were issued by the County; however, they are not considered "County debt" because they are secured solely by special assessments and liens on the property comprising the respective assessment districts which benefit from the improvements funded by the debt. Accordingly, the following debt is not included in any of the debt summaries presented earlier in this report.

WATER AND WASTEWATER

The **Series 2000 Capacity Assessment Revenue Bonds** and the **Series 2000 Reclaimed Water Special Assessment Revenue Bonds** were issued

by the County in the amount of \$29,575,000 and \$4,930,000, respectively. The Series 2000 Bonds funded capital improvements to the County's water and wastewater system and refunded commercial paper notes issued to finance certain Reclaimed Water Improvement Units.

The **Series 2006 Capacity Assessment Special Assessment Revenue Bonds**, issued in the amount of \$101,110,000, financed the acquisition, construction, equipping and renovation of capital improvements to the water and wastewater system related to the expansion of the system.

EXPLANATION OF TYPES OF DEBT ISSUED BY THE COUNTY

REVENUE DEBT: BONDS, NOTES AND GOVERNMENTAL LOANS

The issuance of revenue debt is usually subject to fewer, less severe restrictions than are imposed on general obligation debt. This is because the purpose of such restrictions is to minimize the loss of popular control over the public purse (i.e., to protect future taxpayers against heavy tax burdens they must bear without their consent). Since the County cannot be compelled to levy taxes or fees, other than those specific taxes or fees pledged to revenue debt, future taxpayers are not burdened with the debt service associated with revenue debt. Therefore, the same level of restrictions is not necessary. Nevertheless, in the case where a revenue source such as a sales tax or franchise fee flows to the General Fund to offset operating expenses, the utilization of such revenues as a security pledge for bond indebtedness will have a direct impact on General Fund revenues. Thus, in order to maintain the same level of general services, the issuer may need to identify other supplemental revenues or reduce operating costs.

Self-Supporting Revenue Debt. The source of funds supporting an issuance of self-supporting revenue debt is usually the receipts from the operation of a facility or enterprise (e.g. a solid waste resource recovery facility or utility system) built with bond proceeds. As such revenues are received, they immediately become subject to the pledge established by the indenture or resolution that such revenues are received by the issuer to: (i) be held in trust for the benefit of the bond or note holder; and, (ii) be applied solely as specified in the indenture or resolution. In accordance with this quasi-fiduciary relationship, it is provided that, upon receipt of the revenues, they are to be deposited into a Trust Fund which is usually deemed the "Revenue Fund."

As stated above, repayment of revenue debt is dependent upon a particular source of funds, not upon any general governmental commitment to provide the amount needed for payment. Therefore, it is essential that the funds flowing from such a revenue source be allocated exclusively for such payment, for building required reserves, and for operating the project or program which generated the funds. Surplus funds may be applied for other uses. Such exclusive allocation is achieved by means of: (1) formally pledging all funds flowing from the source as security for the bonds or notes; (2) specifying the manner of its application, including restrictions on the alternative application of any surplus; and, (3) covenanting not to apply any such funds except as so specified. Most bond or note

resolutions include a requirement that the issuer (such as the County's water/wastewater utility system) charge rates high enough to produce system revenues sufficient to pay not only operating expenses and debt service, but also to provide an adequate margin to protect bond or note holders should there be an unforeseen revenue shortfall. Most such margins are in the range of 25% to 40% of annual debt service, depending primarily on the strength of the revenue source.

Commercial Paper. The most common type of Commercial Paper (CP) is short-term, unsecured promissory notes issued by organizations of recognized credit quality. While corporations usually issue CP on an unsecured basis, legal differences normally require that municipal issuers secure CP with a specific pledge. CP is issuable in virtually any amount at any time on very short notice. The dollar amount of each maturity is usually tailored to the needs of the issuer on the date the notes are brought to market. Virtually all municipal CP is supported by a credit facility from a commercial bank (e.g. letter of credit). The funds available under this credit facility are generally sufficient to pay the outstanding principal of and interest on the CP. Bank-support facilities can take various forms.

Credit ratings by at least one of the major rating agencies (Moody's, Standard & Poor's, Fitch) are essential to enable a CP issuer to reach a broad range of investors, obtain competitive interest rates and be able to issue CP in amounts consistent with its overall program. The best or "prime" ratings are P-1 by Moody's, A-1+ by Standard and Poor's and F-1+ by Fitch, which are the ratings of the County's CP.

CP has many advantages when used in a suitable borrowing situation. Relative to other short-term financing options, the short average maturity of CP results in significant interest rate savings in most economic environments. The effect of this lower average interest rate is a decrease in the overall borrowing costs of the County. Principal amounts and maturities ranging from 1 to 270 days can be tailored to meet the County's changing financial needs in amounts up to the Board authorized limit established by the CP resolution. Finally, CP has the lowest issuance costs of any long- or short-term, public or private placement financing alternative.

DEBT CAPACITY ANALYSIS

Available Revenues (5)	\$ 70,133	\$ 6,752	\$ 15,667	\$ 12,618
Estimated Unused Revenue Debt Capacity (6,7)	\$ 755,031	\$ 89,217	\$ 94,873	\$ 70,449

(1) Assumes a 1.35 X Coverage Requirement.

(2) Assumes a 1.10 X Coverage Requirement; Pursuant to the Revenue Sharing Act, commencing July 1, 2004, the County can assign, pledge or set aside as a trust for debt service on bonds or other indebtedness, an amount up to 50% of its Revenue Sharing Moneys received in the prior state fiscal year.

(3) Source: Hillsborough County Clerk of the Circuit Court, preaudited actual revenue amounts.

(4) The County's share of such revenues is determined by Florida Statutes 218.62 to be about 70.4% of collections after the following deductions: 25% of total collections are paid to the Hillsborough County School District and, on average, about \$9,773,000 is paid to the Tampa Sports Authority, all as set forth in the Interlocal Agreement for Distribution of Community Investment Tax dated July 17, 1996 between the County, the School District, and the Cities of Tampa, Temple Terrace and Plant City.

(5) Revenues less Maximum Annual Debt Service.

(6) Assumes AAA/AAA rated, 30 year debt with average interest rate of 5.5%. Estimated Unused Revenue Debt Capacity is determined by dividing Available Revenues by the applicable coverage factor, and then calculating the amount of debt which can be supported by those revenues assuming the 5.5% average interest rate and a 30 year amortization of debt for Half-Cent Sales Tax, Communication Services Tax and for Guaranteed Entitlement and 10 years for CIT.

(7) Capacity exceeds amount available to fund projects by amount necessary to pay financing costs and fund reserve accounts.

(8) Local government half-cent sales tax revenues are used to pay debt service on other debt including bonds secured by the County's covenant to budget and appropriate from non-ad valorem revenues, such as: the Capital Improvement Non-Ad Valorem Refunding Revenue Bonds, Series 2008 (Warehouse and Sheriff's Facilities Project) and the Tax-Exempt Commercial Paper.

(9) The Series 2005 bonds are secured by a lien on the CIT and Court Surcharges. Pursuant to the 2005 bond resolution, the CIT lien may be released if Court Surcharges are sufficient to provide debt service coverage of at least 1.50x for three consecutive years and that the CIT has not been used to make any debt service payments during such three years.

(10) Assumes a 1.50 X Coverage Requirement; only 62.5% of the Communications Services Tax is available for additional bonding capacity given 37.5% of it has been committed for public safety uses.

DEBT CAPACITY ANALYSIS

Existing Debt (Maximum Annual Debt Service)					
\$19,965,000 Fuel Tax Refunding Revenue Bonds Series 1998 (5)	-	-	-	-	-
Total Maximum Annual Debt Service	\$ -	\$ -	\$ -	\$ -	\$ -
Available Revenues (6)	\$ 6,525	\$ 24,579	\$ 4,718	\$ 2,180	\$ 8,720
Estimated Unused Revenue Debt Capacity (7,8)	N/A	\$ 224,155	\$ 43,031	\$ 19,880	\$ 79,521

- (1) The funds are used for operational expenses only and therefore, not used for the calculation of debt capacity.
- (2) For Transportation related expenses, including reduction of bonded indebtedness.
- (3) Source: Hillsborough County Clerk of the Circuit Court, preaudited actual revenue amounts.
- (4) For acquisition, construction and maintenance of roads.
- (5) The Series 1998 Bonds were paid off during fiscal 2012. There is no other outstanding debt secured by levied fuel taxes.
- (6) Revenues less Maximum Annual Debt Service.
- (7) Capacity exceeds amount available to fund projects by amount necessary to pay financing costs and fund reserve accounts.
- (8) Assumes Aaa/AAA rated, 25 year issue with average interest rate of 5.3% and 1.5X coverage requirement. Estimated Unused Revenue Debt Capacity is determined by dividing Available Revenues by the applicable coverage factor, and then calculating the amount of debt which can be supported by those revenues assuming the 5.3% average interest rate and a 25 year amortization of debt.

DEBT CAPACITY ANALYSIS

Table 3

**Hillsborough County
Debt Capacity Analysis
Non Enterprise Fund Debt
(Amounts in 000's)
Restricted Revenues**

Description	Tourist Development Tax (4th Cent) (1)	Tourist Development Tax (5th Cent) (2)
FYE 9/30/12 Revenues (3)	\$ 4,206	\$ 4,206
<u>Existing Debt (Maximum Annual Debt Service)</u>		
\$18,270,000 Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds, Series 2006	1,179	
\$27,125,000 Fifth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2006A	-	1,780
Total Maximum Annual Debt Service	\$ 1,179	\$ 1,780
Available Revenues (4)	\$ 3,027	\$ 2,426
Estimated Unused Revenue Debt Capacity (5)	\$ 29,334	\$ 23,511

(1) These revenues are also used to pay debt service on that portion of the Series 2006 Capital Improvement Program Refunding Revenue Bonds that refunded the Series 1996 Capital Improvement Program Refunding Revenue Bonds in FY06, which originally financed Legends Field, the spring training facility for the New York Yankees.

(2) These revenues are also used to pay debt service on that portion of the Series 2005 Tampa Bay Arena Refunding Revenue Bonds that refunded the Series 1995 Bonds originally financing Tampa Bay Arena Project.

(3) Source: Hillsborough County Clerk of the Circuit Court, preaudited actual revenue amounts.

(4) Revenues less Maximum Annual Debt Service.

(5) Assumes Aaa/AAA rated, 30 year debt with average interest rate of 5.5%. Estimated Unused Revenue Debt Capacity is determined by dividing Available Revenues by the applicable coverage factor of 1.5X, and then calculating the amount of debt which can be supported by those revenues assuming the 5.5% average interest rate and a 30 year amortization of debt.

Professional And Occupational License Fees	1,736	1,629	1,527	1,577	1,747
Available 5th Cent Tourist Development Tax (6)	418	-	-	41	2,426
Tampa Bay Times Forum Ticket Surcharge Revenues (7)	304	329	286	404	347
Total	100,369	89,491	96,498	100,149	99,901
Non-Ad Valorem Maximum Annual Debt Service (8)					
1996/2006 CIP Non-Ad Valorem Refund. Rev. Bonds (MOSI & County Ctr) (9)	5,189	5,189	-	-	-
1998/2008 CIP Non-Ad Valorem Refund. Rev. Bonds (10)	1,442	1,442	1,442	1,442	1,442
2000 CIP Commercial Paper Program (11)	7,843	6,525	5,546	6,933	8,666
1995/2005 Tampa Bay Arena Refunding Revenue Bonds (12)	1,334	1,334	1,311	1,311	1,311
Total	15,808	14,490	8,299	9,686	11,419
Debt Service Coverage	6.35 x	6.18 x	11.63 x	10.34 x	8.75 x

(1) Does not include the Community Investment Tax proceeds which are payable to the County nor any indebtedness pledging the Community Investment Tax proceeds. The County has, by ordinance, limited the use of such funds to projects expressly approved by the Board as specified in the procedure set forth in the enacting ordinance.

(2) The amounts shown are the county's major sources of Non-Ad Valorem Revenues that are available for the payment of debt service on the outstanding Bonds. In addition, the County has other significant non-ad valorem revenue sources, however, these revenues are either volatile on an annual basis or limited as to their use.

(3) The amount shown is total Half-Cent Sales Tax collections and net maximum annual debt service on the County's Capital Improvement Program Refunding Revenue Bonds, Series 2006 (the "Series 2006 Capital Improvement Bonds") after subtracting out the Traffic Surcharge pledged to the Series 2006 Capital Improvement Bonds.

(4) The amount shown for FY 2004 as "Available" Communications Service Tax is total collections reduced by 1.5% which was allocated to the Fire Rescue Department by the Board of County Commissioners. Starting FY 2005, the amounts shown are 62.5% of total CST collections with the remaining specifically allocated to public safety.

(5) The Clerk of the Circuit Court has no expectation that this revenue source will continue in the future.

(6) The amount shown is total Fifth Cent TDT collections less maximum annual debt service on Fifth Cent TDT pledged bonds. This excess may not be used to pay any of the items in the "Non-Ad Valorem Maximum Annual Debt Service" section of the table except for the 1995/2005 Tampa Bay Arena Refunding Revenue Bonds and is not legally available to pay debt service on the Capital Improvement Non-Ad Valorem Refunding Revenue Bonds (Warehouse and Sheriff's Facilities Project), Series 2008 (the "Series 2008 Bonds").

(7) Upon the issuance of the 2005 Bonds the surcharges were included as part of the lease payments paid to the County for use of the St. Pete Times Forum. Due to a cap on the amount of surcharges that may be collected without impacting the tax exempt status of the 2005 Bonds, the County anticipates cessation of such payments by the TSA in approximately 2011, depending on the rate of receipt of such revenues. The Surcharge has been revenue of the TSA and thus is not shown in the County's audited Financial Statements.

(8) Consists of County debt issues that are secured by a covenant to budget and appropriate legally available County Non-ad Valorem revenue, which include the County's obligations under certain Interlocal Agreements. Debt service coverage for the year ended September 30, 2009 is not materially affected by debt service on bonds delivered after 9/30/2009 either to refund any of this debt, to refund debt for which debt service has been netted from major non-ad valorem revenue shown above, or to repay debt issued to fund new projects.

(9) The Capital Improvement Program Refunding Revenue Bonds, Series 2006 refunded the 1996 Bonds in May 2006 and were defeased in January 2010.

(10) The 1998 Bonds were refunded in May 2008 by the 2008 Capital Improvement Non-Ad Valorem Refunding Revenue Bonds (Warehouse and Sheriff's Facilities Projects)

(11) For the purpose of calculating maximum annual debt service, outstanding commercial paper is amortized over 30 years utilizing the Bond Buyer Revenue Bond Index.

(12) The 1995 Bonds were refunded in June 2005 by the 2005 Tampa Bay Arena Refunding Revenue Bonds.

Hillsborough County
Florida

SUPPLEMENTAL INFORMATION

DETAILED LISTING OF FUNDED FULL-TIME EQUIVALENT POSITIONS

This section provides a listing of full-time equivalent positions by department, pay grade, position classification, and the number of positions in each classification. Also provided are salary schedules for regular classified positions, Fire Rescue positions, executive manager positions, constitutional officer pay ranges as mandated by the State of Florida, and the Administrative Office of the Courts.

In addition to the schedules mentioned above, the following are special pay grade designations and explanations that may be used in this section.

CO	Constitutional Officers' pay.
CTR	Contract-related pay (e.g., the County Administrator, County Attorney, and the Director of the Planning Commission).
MKT	Market-based compensation which is not controlled by Civil Service or tied specifically to the Human Resources Exempt-Pay Plan (e.g., Board/Commission unclassified positions, Assistant County Attorneys).
NCP	Positions that are tied to a pay plan other than that of Hillsborough County (e.g., Cooperative Extension Agents that are paid in accordance with the State of Florida pay plan).
SP	Special pay plans not identified in other categories to include, but not limited to, special library page positions.
TBD	(To Be Designated) Positions which had not been assigned a Manager pay grade at the time of this printing but will be determined pending results of the ongoing compensation study.

CLERK OF THE CIRCUIT COURT

Additional Services/Measures

KEY OBJECTIVES: (continued)

26. Administer the appointment process for all Boards, Councils, and Commissions.
27. Coordinate the Financial Disclosure Reporting for the BOCC, County Administrator and all Constitutional Officers.
28. Audit the adequacy and effectiveness of internal controls & procedures for departments, agencies, programs and functions accountable to the BOCC.
29. Perform follow-up audits within 6-12 months.
30. Conduct special investigations when requested.
31. Perform BOCC approved performance audits.
32. Efficiently sort and redeliver all inbound mail received from the USPS and expedited mail services daily.
33. Efficiently process outbound mail and apply postage cost daily.
34. Efficiently pick up, redeliver, sort and distribute inter-office mail daily.
35. Efficiently fold, insert, seal and apply postage to various notices and checks.

% of children meeting 2/3 of USDA's nutritional requirements		100%	100%	100%	100%

¹Excludes the replacement cost of the Client Eligibility System (CLASS) and other indirect costs for ITS from the Trust Fund.

²For FY 11, we anticipate a slight upturn or improvement in the economy from FY10. This should result in a corresponding reduction in both the number of households being screened for services as well as the number of households qualified for financial assistance.

³For FY 11 there is \$6.45 million in grant applications pending.

⁴Note: Beginning in FY10 breakfast meals previously reported as home delivered meals are now allocated between home-delivered meals served and congregate dining meals served.

---------------------------	----------------------------	------------------------------------------------------	------------------------------------------------------	------------------------------------------------------	----------------------------

¹Excludes the replacement cost of the Client Eligibility System (CLASS) and other indirect costs for ITS from the Trust Fund.

²For FY 11, we anticipate a slight upturn or improvement in the economy from FY10. This should result in a corresponding reduction in both the number of households being screened for services as well as the number of households qualified for financial assistance.

³On January 4, 2010, the Hillsborough County Section 8 Program implemented an "On-line" Wait List Registration process accessible 24/7. The registration process had been closed since December 15, 2006 and the new initiative has produced a surge in the wait list roster to 6,000 applicants and continues to show growth.

GLOSSARY OF KEY TERMS

AD VALOREM TAX is a tax levied on the assessed value of the property minus statutory exemptions on which it is levied. The rate of the tax is expressed in "mills." This tax is also called **PROPERTY TAX**. Also see the definition of **MILL**.

ADOPTED BUDGET is the financial plan for a fiscal year beginning October 1. Florida Statutes require the Board of County Commissioners to approve this budget at the second of two public hearings.

ADVANCED REFUNDED DEBT PRINCIPAL refers to principal owed on outstanding bonds that have been refinanced (refunded) prior to the date on which the outstanding bonds become due or callable. Proceeds from the refunding bond issue are used to pay principal and interest on the outstanding bonds until such time as the original bond issue can be retired.

ALL YEARS BUDGETING is the method of budgeting and reporting grant and capital project appropriations and expenditures from grant or project inception through the reporting period, as opposed to budgeting and reporting on a fiscal year basis. As a result, each year's budget only reflects that year's changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted from the budget.

ALLOTMENTS BY LEGISLATIVE ACTS is a department set up to provide a mechanism for the recording and payment of items which are general government costs and are not distributed to specific departments.

AMENDED OR REVISED BUDGET is the current year adopted budget adjusted to reflect all budget amendments approved by the Board of County Commissioners through the date indicated.

APPROPRIATION is the legal authorization of funds granted by a legislative body such as Hillsborough County's Board of County Commissioners to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and to a time period within which it may be expended. It is the act of appropriation that funds a budget.

ASSESSED VALUE is a value set upon real estate or other personal property by a government as a basis for levying taxes. The assessed value of property in Hillsborough County is determined by the Property Appraiser.

BALANCED BUDGET is a budget where estimated receipts, including balances brought forward, shall equal the total of the appropriations and reserves. This is defined in Chapter 129 of the Florida Statutes.

BEGINNING FUND BALANCE is the Ending Fund Balance of the previous period. (See **ENDING FUND BALANCE** definition.)

BIENNIAL BUDGET PROCESS is a two-year budget process resulting from a policy adopted in 1995 by the Board of County Commissioners. In this process, two separate twelve-month budgets are prepared and approved by the Board of County Commissioners in odd-numbered years. The first year of the biennial budget is adopted as the FY 12 budget as required by State Statute. At the same time, the Board of County Commissioners also approves a budget for the second year, the planned FY 13 budget. Then, in the year 2012, the planned FY 13 budget is reviewed by staff and the Board during the budget update process. This review allows the County to make the necessary adjustments to revenues and expenditures in order to accommodate needs that have arisen since the planned budget was prepared in 2011. The Board then adopts a budget for FY 13 according to procedures outlined by State statute.

BOCC is an acronym for the Board of County Commissioners. See the definition for **BOARD OF COUNTY COMMISSIONERS**.

BOARD OF COUNTY COMMISSIONERS is the seven-member legislative body of Hillsborough County's general purpose government. This board is governed by State law and the County Charter.

BOND is written evidence of the issuer's obligation to repay a specified principal amount on a certain date (maturity date), together with interest at a stated rate, or according to a formula for determining that rate.

CAU is an acronym for Capacity Assessment Unit. See the definition for **CAPACITY ASSESSMENT UNIT**.

CAPACITY ASSESSMENT UNIT (CAU) is a financing tool that allows property owners to pay water and wastewater system connection charges over a 20 year period.

CAPITAL BUDGET is the financial plan of capital project expenditures for the fiscal year beginning October 1. It incorporates anticipated revenues and appropriations included in the first year of the six year Capital

GLOSSARY OF KEY TERMS

Improvements Program (CIP), and any anticipated unspent budget appropriation balances from the previous fiscal year. It is adopted by the Board of County Commissioners as a part of the annual County budget.

CAPITAL EXPENDITURES are payments to acquire or construct capital assets which will benefit the County in both present and future periods.

CAPITAL IMPROVEMENT PROGRAM (CIP) is Hillsborough County's financial plan of approved capital projects with their schedules and costs over a six-year period. The CIP is designed to meet county infrastructure needs in a responsive and efficient manner. It includes projects which are, or will become the property of Hillsborough County, as well as projects that although not owned by the County, will be part of a joint project agreement.

CAPITAL OUTLAY or **CAPITAL EQUIPMENT** is an item such as office furniture, fleet equipment, data processing equipment and other operating equipment with a unit cost of \$1,000 or more.

CAPITAL PROJECT is any improvement or acquisition of major facilities with a useful life of at least five years such as roads, bridges, buildings, or land.

CHARGES FOR SERVICES is revenue derived from charges for current services. They include all revenue related to services performed whether received from private individuals or other governmental units.

CIP is an acronym for the **CAPITAL IMPROVEMENT PROGRAM**. See the definition for **CAPITAL IMPROVEMENT PROGRAM**.

CONTINUATION BUDGET is a level of funding which enables an organization to provide the same amount of services in the following fiscal year as the organization provides in the current fiscal year. A continuation level budget does not necessarily provide funding for growth in demand of services.

DEBT SERVICE is the dollars required to repay funds borrowed by means of an issuance of bonds or a bank loan. The components of the debt service payment typically include an amount to retire a portion of the principal amount borrowed (i.e., amortization), as well as interest on the remaining outstanding unpaid principal balance.

DECISION UNITS are groups of inputs which make a measurable contribution to the achievement of an es-

tablished department purpose--a purpose often dictated by law and/or defined by objectives and measured by service levels or units of output. Decision units are segregated by funding source. Decision units are used to build departmental budgets. They are rank ordered in a hierarchical format.

DEFEASANCE is a financing tool by which outstanding bonds may be retired without a bond redemption or implementing an open market buy-back. Cash is used to purchase government securities. The principal of and interest earned on the securities are sufficient to meet all payments of principal and interest on the outstanding bonds as they become due. If the defeasance is consistent with generally accepted accounting principles and complies with the outstanding bond document requirements, the bonds will no longer be treated as debt for accounting purposes nor for purposes of computing any statutory or constitutional debt limitation. In FY 10 the County will defease two bond issues; the 2003 CIP bonds and the 2006 MOSI / County Center bonds.

DEMAND is a type of measurement category. Demand represents the external factors that demonstrate the needs for the service(s) or program(s), i.e., population, service area, complaints, and waiting lists.

DEPARTMENT is, for budgeting purposes, any distinct government organizational entity receiving direct funding approved by the Board of County Commissioners.

EFFECTIVENESS is a type of measure category sometimes referred to as quality indicators. Effectiveness measures examine the degree to which services are responsive to the needs and desires of the customers (both external and internal). These measures tell how well the job is being performed, how well the intent is being fulfilled. Effectiveness encompasses both quality and quantity. Demand and the response to demand are often linked in these measures. These are the most difficult measures to collect and use, because the organization must develop a method of retrieving the information from outside those served.

EFFICIENCY is a type of measurement category sometimes called productivity. This is often measured in terms of unit costs over time. Sometimes timeliness of responses or reduction in previous delays is used to indicate efficiency. Efficiency refers to the ratio of the quantity of service (tons, gallons, hospital care days, etc.) to the cost in dollars or labor, required to produce the service. An efficiency measure can be either an output or input ratio (e.g., the number of trees trimmed

GLOSSARY OF KEY TERMS

per crew per day) or an input/output ratio (e.g., the dollar cost per permit application processed).

ELAPP is the acronym for Environmentally Sensitive Lands Acquisition and Protection Program. See the definition for **ENVIRONMENTALLY SENSITIVE LANDS ACQUISITION AND PROTECTION PROGRAM**.

ENDING FUND BALANCE is funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year, plus revenues received during the year, less expenses equals ending fund balance.

ENTERPRISE FUND is a fund used to account for operations that are financed and operated in a manner similar to private business enterprises, wherein the stated intent is that the costs (including depreciation) of providing goods and services be financed from revenues recovered primarily through user fees.

ENVIRONMENTALLY SENSITIVE LANDS ACQUISITION AND PROTECTION PROGRAM is a program established by Hillsborough County Ordinance Number 90-19 for the acquisition, preservation, protection, management and restoration of environmentally sensitive lands in Hillsborough County. Under Resolution Number 92-0131, the BOCC is authorized to issue limited ad valorem tax bonds and levy up to 0.25 mills for payment of these bonds.

FINES AND FORFEITURES REVENUES includes revenues received from fines and penalties imposed for the commission of statutory offenses, violation of lawful administrative rules and regulations, and for neglect of official duty. Forfeits include revenues resulting from confiscation of deposits or bonds held as performance guarantees and proceeds from sale of contraband property seized by law enforcement agencies.

FTE is the acronym for Full-Time Equivalent. See the definition for **FULL-TIME EQUIVALENT**.

FULL-TIME EQUIVALENT is one position funded for a full year. For example, a permanent employee funded and paid for 40 hours/week and 52 weeks/year or 2 employees funded and paid for 20 hours/week and 52 weeks/year would be equal to one full-time equivalent.

FUND is an accounting entity used to record cash and other financial resources as well as an offsetting amount of liabilities and other uses. The resources and uses are segregated from other resources and uses for

the purpose of carrying on specific activities or attaining specific objectives in accordance with special regulations, restrictions, or limitations.

FUNDED POSITIONS is a term referring to the number of authorized positions for which funding is included in a given fiscal year's budget.

FUNDING SOURCES is a term referring to the type or origination of funds to finance recurring or non-recurring expenditures. Examples include revenues such as ad valorem taxes, user fees, licenses, permits, and grants and non-revenues such as fund balance and interfund transfers.

FY (FISCAL YEAR) 12 ADOPTED BUDGET refers to the budget for the period beginning October 1, 2011 and ending September 30, 2012.

FY (FISCAL YEAR) 13 ADOPTED BUDGET refers to the budget period beginning October 1, 2012 and ending September 30, 2013.

GAAP is the acronym for Generally Accepted Accounting Principles.

GASB (GOVERNMENTAL ACCOUNTING STANDARDS BOARD) 34 is a new accounting standard used by the Governmental Accounting Standards Board that is applicable to state and local governments. Compliance with GASB Statement 34 is necessary for the preparation of financial statements in accordance with Generally Accepted Accounting Principles. A significant provision of this new standard includes the preparation of government-wide financial statements that summarize the information of the government as a whole using the accrual basis of accounting (in addition to the continuing-requirements for fund financial statements using the modified accrual basis of accounting). The County has selected the "modified approach" for the accounting of these assets. Under the "modified approach," the County records infrastructure assets at estimated original cost, but does not record depreciation against these assets. Instead of recording depreciation, the County is committed to incur the maintenance expenses necessary to preserve its infrastructure assets at specified levels of condition. Infrastructure assets such as streets, bridges, and sidewalks are also to be included in the government-wide financial statements. There are also expanded disclosure requirements.

GLOSSARY OF KEY TERMS

GASB (GOVERNMENTAL ACCOUNTING STANDARDS BOARD) 45 is a new accounting standard used by the Governmental Accounting Standards Board that is applicable to state and local governments. This standard addresses accounting and financial reporting for post-employment benefits other than pensions.

GENERAL REVENUE FUND (GENERAL FUND) is the fund that accounts for all financial transactions except those required to be accounted for in other funds. The fund's resources, ad valorem taxes and other revenues provide services or benefits to all residents of Hillsborough County.

GRANTS AND AIDS includes all grants, subsidies, and contributions from other government agencies or private organizations.

IMPACT FEES are a type of charge for services imposed on new construction in order to support specific new demands on a given service, e.g., transportation, schools, parks and fire protection.

INFRASTRUCTURE is a permanent installation such as a building, road, or water transmission system that provides public services.

INTERGOVERNMENTAL REVENUE includes all revenue received from federal, state, and other local government sources in the form of grants, shared revenue and payments in lieu of taxes.

LIBRARY TAXING DISTRICT is a special taxing district encompassing the City of Tampa and the unincorporated areas of the county. It provides library services for county residents. These services are financed primarily by an ad valorem tax levied on all taxable property located in the district and accounted for in the Special Library Tax District Fund.

LICENSES AND PERMITS REVENUE are fees levied by the County for providing corporations or individuals the right to engage in a business, occupation, or activity otherwise lawful.

MANDATE is a requirement imposed by a legal act of the federal, state, or local government.

MEASURE is a term referring to any one of four different types of measure: a count, a ratio, a percentage, and a dollar amount. Before developing any measure, it is necessary to identify something that can be counted. In order to identify what is to be counted, the

event being assessed must be determined, i.e., days spent in the hospital, certificates of occupancy issued, gallons of water treated, etc.

METROPOLITAN PLANNING ORGANIZATION (MPO) is an agency that provides long-range transportation planning for Tampa, Temple Terrace, Plant City and Hillsborough County. The MPO works hand-in-hand with the three cities, the Hillsborough County City-County Planning Commission and with the West Central Florida Chairs Coordinating Committee, an organization of area MPO's, to ensure that local and regional transportation priorities are coordinated with land use. The MPO is statutorily required by Chapter 339.175 of the Florida Statutes.

MILL is a monetary measure equating to one one-thousandth (0.001) of a dollar. When used in reference to the **AD VALOREM TAX RATE**, it means a 1-mill tax is one dollar of tax on \$1,000 of taxable value.

MILLAGE RATE is the rate per one thousand dollars of taxable property value which, when multiplied by the taxable value, yields the tax billing for a given parcel.

MINIMUM SERVICE LEVEL (MSL) is a term which defines the base outputs which are either legally mandated and/or considered to be the most important set of outputs of an organization. The minimum service level corresponds directly to the purpose or mission of the organization. MSL is the effort, expressed in terms of service and cost, below which it is not realistic or feasible to operate.

MISCELLANEOUS (FUNDING SOURCE) is revenue other than those received from standard sources such as taxes, licenses and permits, grants and user fees.

MISSION STATEMENT is a broad statement of purpose derived from an organization's and/or community's values and goals.

MOSI is an acronym for the facility and organization known in Hillsborough County as the Museum of Science and Industry.

MPO is an acronym for the Metropolitan Planning Organization. See the definition for **METROPOLITAN PLANNING ORGANIZATION**.

MSTU is an acronym for Municipal Services Taxing Unit. See the definition for the **MUNICIPAL SERVICES TAXING UNIT**.

GLOSSARY OF KEY TERMS

MUNICIPAL SERVICES TAXING UNIT (MSTU) is the taxing district encompassing the unincorporated area of the county. It provides services typically provided by a municipality (e.g., Sheriff's patrol, paramedic services, fire protection, parks and recreation, code enforcement and road network maintenance) to the residents and businesses in the unincorporated area. The services are financed primarily by an ad valorem tax levied on all taxable property located in the unincorporated area. Accounting for the funds from this taxing unit is done through the **UNINCORPORATED AREA GENERAL FUND**. See the definition for the **UNINCORPORATED AREA GENERAL FUND**.

NON-AD VALOREM ASSESSMENT is a fee levied on certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit those properties. The value of the property is not considered when calculating a **NON-AD VALOREM ASSESSMENT**. Instead, the cost of the facility or the service is allocated proportionately to the benefited properties in a defined area. It is sometimes referred to as a **SPECIAL ASSESSMENT**. Generally, this is collected by the Tax Collector's Office on the annual consolidated tax bill like **AD VALOREM TAXES**.

OBJECTIVE is a statement specifying achievements to be attained within a prescribed time frame. An objective is exchanged/superseded by another objective at the expiration of the time frame. An objective is directly connected to how the resources of an organization will be used. An objective statement begins with an action verb and includes the quantified statement of the results expected as an outcome of the action, such as *PROVIDE* (the action verb) *WITH EXISTING MANPOWER, 24-HOUR SECURITY COVERAGE FOR FIVE SOUTH COUNTY GOVERNMENT BUILDINGS AT DAILY COST NOT TO EXCEED \$15.60* (quantified results) *DURING THE APPLICABLE FISCAL YEAR* (explicit timeframe).

OPERATING BUDGET is the budget including appropriations for recurring and certain one-time expenditures that will be consumed in a fixed period of time to provide for day-to-day operations (e.g., salaries and related benefits, operating supplies, contractual and maintenance services, professional services, and operating equipment). The operating budget does not include debt service payments (principal and interest), budgeted reserves, transfers between funds, and the capital projects program budget. It does include the Internal Service and Trust funds.

OTHER TAXES are other charges levied by the local unit against the income or wealth of a person, whether natural or corporate.

PERSONAL SERVICES characterizes expenses for salaries, wages, and related employee benefits provided for all persons employed by the County whether on a full-time, part-time, or temporary basis. Employee benefits include employer contributions to a retirement system, social security, insurance, sick leave, and similar direct benefits as well as other costs such as Workers' Compensation and Unemployment Insurance.

PROJECT DEVELOPMENT AND ENVIRONMENTAL STUDY (PD&E) is the preliminary study to determine the best alternatives related to location, facility layout, materials of construction, design parameters, zoning requirements, right-of-way requirements, permitting issues, cost and schedule for completion. Additionally utility relocations, transportation needs, social and economic impacts, environmental impacts, economic factors and public acceptance are considered. The study results in a clear and complete project scope of work, schedule and budget such that a project can be properly prioritized and inserted into the County's CIP process.

PROJECTED EXPENSE is the estimated expense through the end of the current fiscal year for a respective budget line item.

PROPERTY TAX is another term for **AD VALOREM TAX**. See **AD VALOREM TAX**.

RECLAIMED WATER IMPROVEMENT UNIT is a type of **MUNICIPAL SERVICE BENEFIT UNIT** established by Hillsborough County in selected areas of the unincorporated area. The purpose of a unit of this type is to levy non-ad valorem assessments on properties benefiting from the installation of pipes carrying reclaimed water. The non-ad valorem assessments pay for costs associated with the installation of these pipes. There are multiple units of this type.

REPLACEMENT EQUIPMENT is equipment requested by a department for replacing like or similar equipment to be retired because of unserviceability.

RESERVE FOR INVESTMENT FAIR MARKET VALUE CHANGE represents the increase or decrease in the unrealized value of the investments held by any subfund. While the change in the fair market value of any investment is reflected as a revenue (like interest) in the budget, it is important to note that until such time

GLOSSARY OF KEY TERMS

that the investments are sold, this revenue is unrealized and therefore there is no cash to support this revenue. As such, as part of the annual reappropriation process, entries reserving the inception-to-date "Investment Fair Value Change" are recorded at the subfund level. If the Investment Fair Value Change represents a positive gain, the unrealized revenue will result in a higher fund balance, but since there is no cash it is important that this portion of fund balance be included in a restricted reserve to prevent it from being "spent" or appropriated.

RESERVES AND REFUNDS refers to a budget category for funds required to meet both anticipated and unanticipated needs; the balance of anticipated earmarked revenues not required for operation in the budget year; estimated reimbursements to organizations, state, or federal governments for revenues received and not spent, and those required to be set aside by bond covenants.

RESTRICTED REVENUES are funds collected for limited or specific expenditure purposes. These funds are earmarked for specific purposes by requirements within the resource origin, such as: regulations found in bond covenants; grant contracts; local ordinances; donations for a specific purpose; state statute; and federal law or administrative guidelines.

REVENUES are funds received by the County from external sources; income. Revenues are to be differentiated from funding sources which include fund balance, interfund transfers, reimbursements, etc.

ROLLED-BACK RATE is that millage rate which, when applied to the total amount of taxable value of property (excluding new construction), produces the same amount of tax dollars as the previous year. Calculation of the "rolled-back rate" is governed by Florida Statutes.

RWIU is an acronym for Reclaimed Water Improvement Unit. See the definition for **RECLAIMED WATER IMPROVEMENT UNIT**.

SINKING FUND is an account, sometimes called a debt service fund, into which the issuer makes periodic deposits to assure the timely availability of sufficient monies for the payment of debt service requirements. The revenues to be deposited into the sinking fund and payments from it are determined by the terms of the bond contract.

SPECIAL ASSESSMENT is another name for **NON-AD VALOREM ASSESSMENT**.

TAXABLE VALUE is the assessed value of property minus any authorized exemptions (i.e., agricultural, homestead exemption). This value is used to determine the amount of ad valorem tax to be levied. The **TAXABLE VALUE** is calculated by the Property Appraiser's Office in compliance with State law.

TE FLGFC is an acronym for *Tax Exempt Florida Local Government Finance Commission* and for the long term financing packages arranged through the Commission. This Commission is a legal entity formed through inter-local agreement among several Florida governments. This Commission enables public agencies to benefit from the economies of scale associated with large commercial paper financings.

TRANSFERS is a term referring to monies moved from one budgetary fund or subfund to another. Because of legal or other restrictions, monies collected in one fund may need to be expended in other funds. A transfer is accomplished through Transfers-In (a source of funds) for the recipient fund and an equal Transfer-Out (a use of funds) for the donor fund. When this movement occurs between different funds, it is known as an Interfund Transfer. When it occurs between the restricted and unrestricted portions of the same fund, it is known as an Intrafund Transfer.

UNINCORPORATED AREA GENERAL FUND is the fund that accounts for MSTU ad valorem taxes and other revenue sources that provide services for the benefit of the residents of the unincorporated areas of Hillsborough County only. The services provided by this fund include fire suppression, law enforcement, stormwater, parks and recreation, planning and growth management, survey/mapping, code enforcement, and emergency services.

UNRESTRICTED REVENUES is a term referring to those revenues that can be used for any lawful expenditure supporting a wide variety of functions, or objectives.

USER FEES are charges for specific governmental services. These fees cover the cost of providing that service to the user (e.g., building permits, animal licenses, and park fees).

WORKLOAD is a type of measure category. Workload data provides a comparison of how output corresponds to the demand (e.g., people served, transactions proc-

GLOSSARY OF KEY TERMS

essed in certain geographic locations, complaints addressed).

ZERO-BASE BUDGETING (ZBB) is a method of detailed budget analysis and justification that combines elements of management by objectives and program evaluation. It is a vehicle to link management and planning to the budget process. ZBB starts with an

examination of an agency's basic programs and services by the lowest management level, and continues up the organization as funding packages are prioritized at each level in accordance with available resources and desired outcomes. ZBB is a tool for objectively directing the allocation of funds among activities and programs. Its basis is the consideration of the efficiency and effectiveness of activities and programs.
