MISSION, VISION AND VALUES

Mission

The mission of Hillsborough County government is to provide effective, quality service at a reasonable cost with courtesy, integrity, and accountability in a manner which protects and enhances the quality of life of our diverse population. -- **Adopted by the Board of County Commissioners, March 18, 1998**

Vision

In the year 2020, all of Hillsborough County will take pride in the progress which has made our community remarkable. We will have embraced and be inclusive of our diverse population. Both the government and the local economy will be financially sound providing opportunity and success for our citizens. We will have balanced growth with protecting the environment while providing high quality services. All of this culminating in Hillsborough County being the leader for providing a quality of life second to none in the country.

Hillsborough County, as a Community, values:

- ◆ A Spirit of Caring
- ◆ Individual Freedom
- ◆ Human Rights
- ◆ Private Property Rights
- ◆ Citizen Participation in Government
- ◆ Integration, Planning and Feasibility of Public Services
- ◆ Educational Opportunity
- ◆ Personal Responsibility
- ◆ Economic Self-sufficiency
- ◆ Sustainable Environment
- ◆ Racial and Cultural Harmony
- ◆ Health and Public Safety

Adopted by the Board on April 21, 1999

Hillsborough County, as an organization, values the following:

- ◆ **Accountability** - Accepting individual responsibility to perform quality work that contributes to quality service at a reasonable cost.
- ◆ **Diversity** - Organizational effectiveness can best be achieved by recruiting and retaining a work force that represents the diversified population of Hillsborough County.
- ◆ **Efficiency and Cost Effectiveness** - The timeliness of meeting our obligations and performing each task; the stewardship and best use of our resources.
- ◆ **Empowerment** - The freedom and power to act, command, or decide on a course of action.
- ◆ **Open and Honest Communication** - An expression of a professional work environment which facilitates the exchange of information, ideas, and divergent opinions among all levels of an organization in an atmosphere of respect and genuine concern for the best interest of the County, its employees, and citizens/customers.
- ◆ **Quality** - Meeting citizens/customers requirements the first time and every time.
- ◆ **Respect** - The quality of accepting and holding in high esteem all persons right to their beliefs, values, autonomy, and differences while treating them with dignity, worth, courtesy, civility, and politeness.
- ◆ **Responsiveness** - The willingness and ability to provide information, reply to requests, answer questions, and complete tasks promptly.
- ◆ **Teamwork** - The ability of a group of individuals to work together towards a common vision by each doing their part to achieve the efficiency of the whole.

Adopted by the Board on April 21, 1999

**2006
Board of County Commissioners**

These are the Commissioners who were on the board at the time the FY 07 budget was adopted, September 21, 2006.

Front row left to right: Brian Blair (Countywide-District 6); Kathy Castor (District 1)

DESCRIPTION OF HILLSBOROUGH COUNTY

Geography and Demographics

Located midway along the west coast of Florida, the county's boundaries embrace 1,048 square miles of land and 24 miles of inland water for a total of 1,072 square miles. With the largest bay in Florida opening to the Gulf of Mexico, the coast spans 76 miles.

The unincorporated area encompasses 909 square miles or 87% of the total county land area. The municipalities of Tampa (the County seat), Temple Terrace and Plant City account for the remaining 139 square miles. According to the latest estimates from the Hillsborough County City-County Planning Commission, the county's total population as of April 1, 2006 was 1,177,060 of which 785,120 or 66.7% live in the unincorporated area making it the fourth most populous county in the state.

Under Four Flags

Hillsborough County takes its name from the British Colonial Secretary of 1772. The Spanish first mapped and explored the area in the early 16th century. Between 1559 and 1819, the area now called Florida was under the rule of four nations: Spain, France, Great Britain and, finally, the United States. The United States purchased Florida from Spain in 1821 for \$5 million. In 1845, it was granted statehood.

On January 25, 1834, the U.S. Legislative Council for the Territory of Florida approved an act organizing Hillsborough as Florida's 19th county. Its area then was 5.5 million acres and included the present counties of Hillsborough, Pinellas, Polk, Pasco, Manatee, Sarasota, Charlotte, DeSoto, Hardee, and Highlands. The civilian population in 1834 was less than 100.

Hillsborough County's Board of County Commissioners held its first meeting on January 25, 1846. The pay for members was set at \$2 per day when in session. County taxes collected for 1846 totaled \$146.69.

The County's first courthouse was a frontier cabin burned by indians in 1836. In 1847, Capt. James McKay built a two story courthouse at a cost of \$1,358. A third structure was erected in 1855 and was used until 1891, when a red brick, domed structure mimicking the architecture of the Tampa Bay Hotel was built, oc-

cupying a square block in downtown Tampa. This is the courthouse depicted on today's County seal. The current courthouse was built in 1952 and a new county government administration building, called the Frederick B. Karl County Center, opened in 1994.

County Economy

Hillsborough County has a diversified economic base including a large service sector, a large manufacturing sector and a thriving retail trade sector. According to the latest information, the four largest employers in the public sector are the Hillsborough County School Board followed by Hillsborough County government, the University of South Florida and Tampa International Airport. Major private sector employers are Verizon (telecommunications), St. Joseph's Hospital (medical facility), Publix Food Centers (supermarkets), Tampa Electric Corporation (electric utility), Bank of America (banking services), Chase Manhattan Mortgage Corporation (financial services), Busch Entertainment Corporation (tourist attraction), Citibank (financial services) Kash 'n Karry Food Centers (supermarkets), Tribune Company (newspaper publishing), and Price Waterhouse (accounting).

The Port of Tampa serves as the closest port in the United States to the Panama Canal. It is also the largest tonnage port in Florida and the tenth largest port in the United States with respect to annual tonnage. Ninety-eight percent of the cargo moving through the port is bulk-phosphate, phosphate chemicals, rock, coal and petroleum products. The Garrison Seaport Center is a \$300 million cruise terminal and entertainment complex. It is helping spur re-development in the adjacent area known as the Channel District.

Another significant element of the economy is agriculture. The county's total agricultural production ranks 3rd in the state and 45th in the United States. It ranks number 2 in Florida for the number of farms. In 2004, sales of crops were estimated at \$665 million.

Tourism is another major component of the economy. The number of tourists visiting Florida is expected to continue growing. Busch Gardens of Tampa is one of the leading tourist attractions in the nation. There are numerous other attractions in Hillsborough County such as the Florida Aquarium; the Museum of Science and Industry; the Lowry Park Zoo; the New York Yankees spring training facility; and the St. Petersburg Times Forum in downtown Tampa. The county is also the home of the 2003 Superbowl Champions, the Tampa

DESCRIPTION OF HILLSBOROUGH COUNTY

Bay Buccaneers and the National Hockey League Stanley Cup Champion, the Tampa Bay Lightning.

Governing Hillsborough County - Board of County Commissioners

Hillsborough County is a political subdivision of the State of Florida guided by an elected seven-member Board of County Commissioners. Through partisan elections, three are elected to represent the entire county as a district and four are elected to represent single-member districts. Under a Charter Ordinance effective May 1985, the Board is restricted to performing the legislative functions by developing policy for the management of Hillsborough County. The County Administrator, a professional appointed by the Board, and her staff are responsible for the implementation of those policies. A 2002 voter-approved Charter amendment authorized a Board-appointed Internal Performance Auditor. In 2004 another voter-approved Charter amendment made the County Attorney a direct-report to the Board.

The Board is responsible for functions and services delivered throughout the county including municipalities and for municipal services to residents and businesses in the unincorporated area. The countywide responsibilities include such services as local social services, health care for the medically indigent, animal services, mosquito control, consumer protection, and a regional park system. Its responsibilities to the residents and businesses in the unincorporated area include, for example, fire protection, local parks, emergency medical services, planning, zoning, and code enforcement.

Role of the County Administrator

The Board appoints the County Administrator. She is responsible for carrying out all decisions, policies, ordinances and motions of the Board.

The departments under the County Administrator are responsible for providing services such as social services and public assistance to residents countywide. Departments are also responsible for providing municipal-type services to residents of the unincorporated areas of Hillsborough County such as road construction and maintenance, solid waste disposal, parks and recreation, emergency services and water and wastewater treatment.

The departments under the County Administrator are grouped into three offices: Management Services, Planning and Infrastructure, and Human Services. The Strategic Management Initiatives Officer and the Public Affairs Officer report directly to the County Administrator.

Commissioners Serve on Other Boards

The Board also serves as the Environmental Protection Commission. Individual Board members serve on various other boards, authorities, and commissions, such as the Hillsborough Area Rapid Transit Authority, Tampa Bay Regional Planning Council, Tampa Bay Water, Aviation Authority, Expressway Authority, Sports Authority, Arts Council, Drug Abuse Coordinating Council, Metropolitan Planning Organization, Children's Board, Council of Governments and the Committee of 100 of the Greater Tampa Chamber of Commerce.

Constitutional Officers

In addition to the members of the Board, citizens also elect five Constitutional Officers: Tax Collector, Property Appraiser, Clerk of the Circuit Court, Sheriff, and Supervisor of Elections. The Board funds all or, in some cases, a portion of the operating budgets of these Constitutional Officers. The Constitutional Officers maintain separate accounting systems and expanded budget detail information.

Other Elected Officials

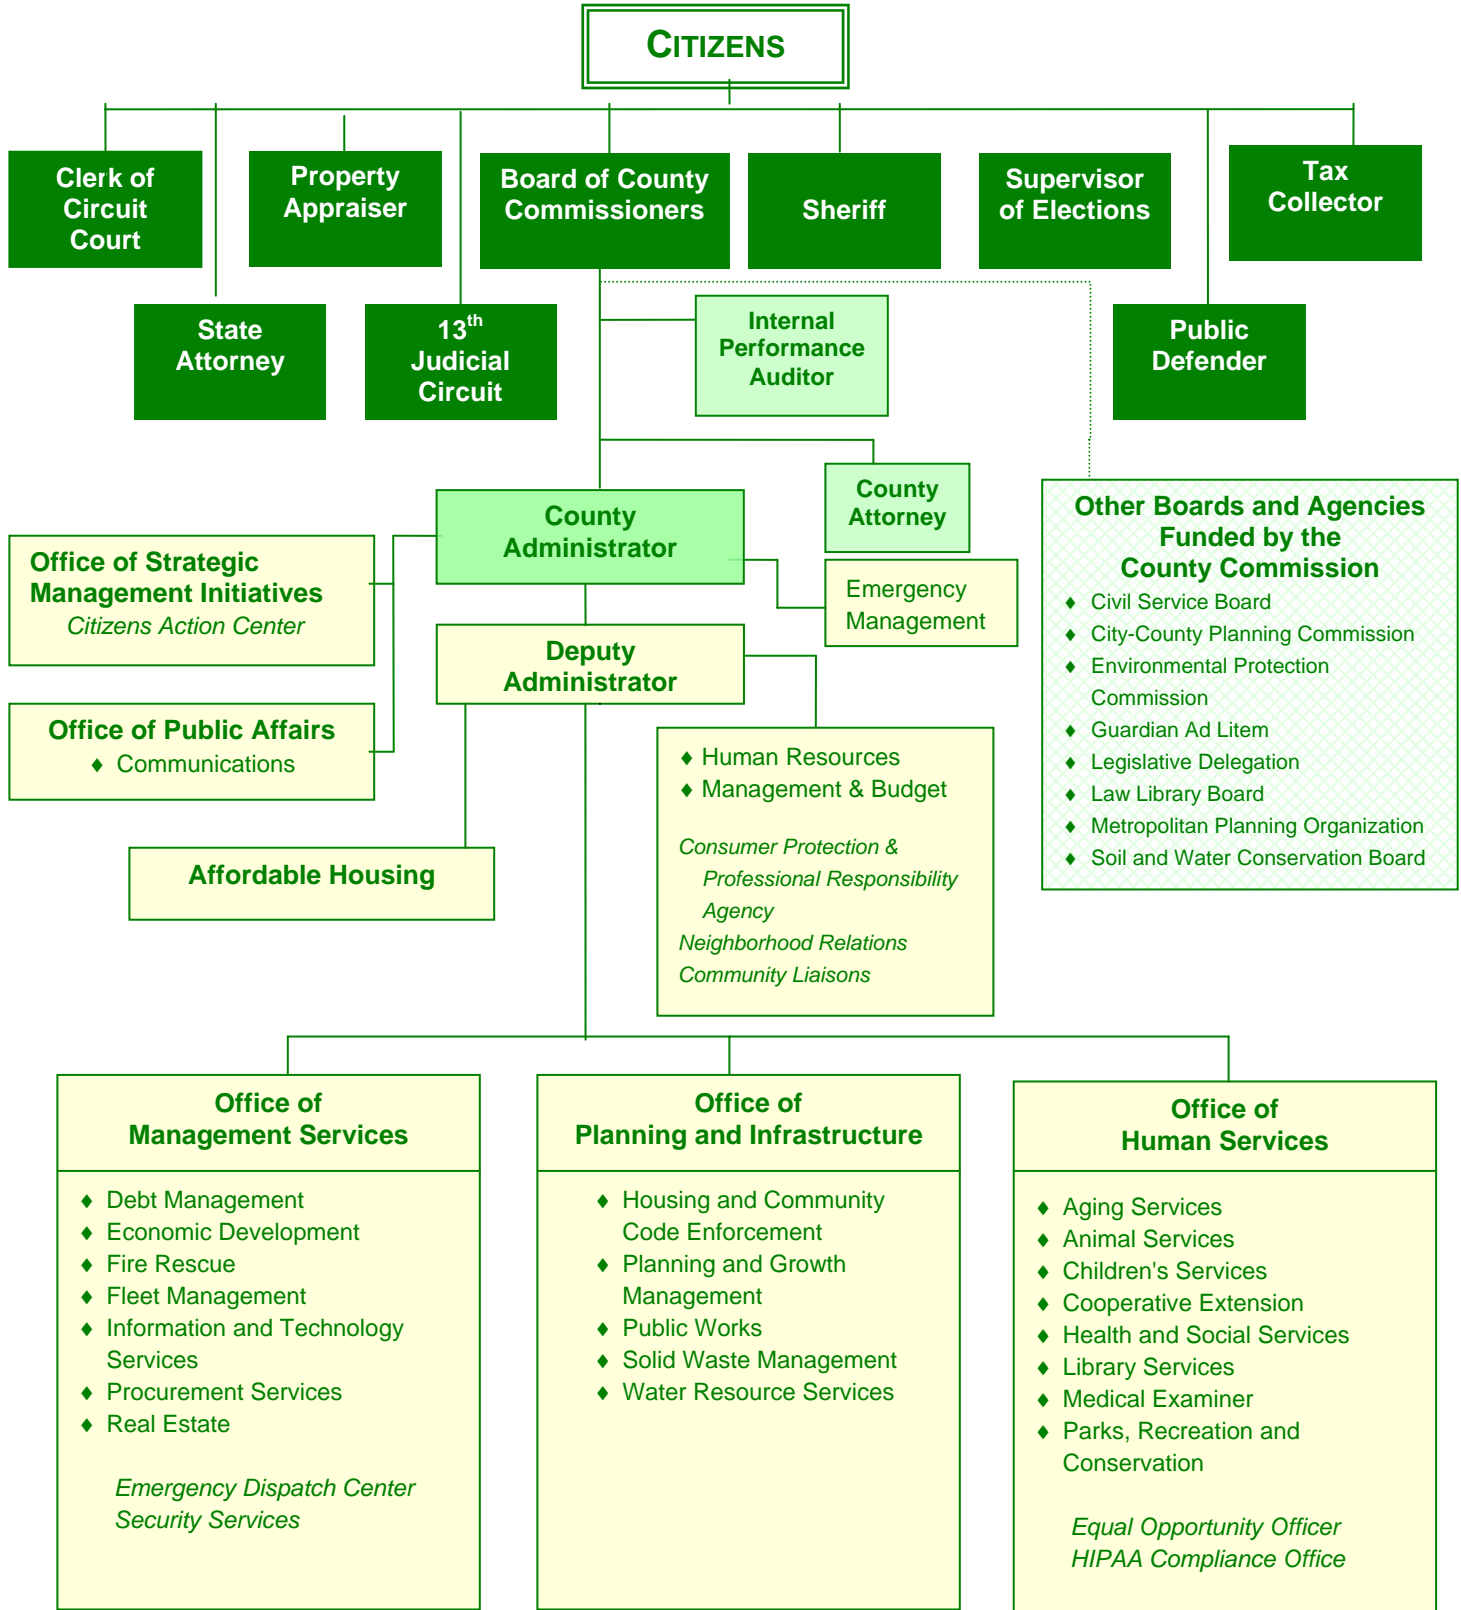

The citizens also elect the State's Attorney and Public Defender. Their budgets are included in this document to the extent of funding by the Board of County Commissioners.

Other Government Agencies

Based on the degree of budgetary authority, taxing authority, the ability to obligate funds to finance any deficits and the ability to fund any significant operational subsidies, several other governmental entities also have their budgets reviewed and approved by the Board of County Commissioners: the Environmental Protection Commission, the Civil Service Board, the Planning Commission, Metropolitan Planning Organization, Soil and Water Conservation Board, the Legislative Delegation, and the Law Library Board. The budgets of these offices and the Constitutional Officers are included in this document to the extent of funding by the Board of County Commissioners.

HILLSBOROUGH COUNTY ORGANIZATION CHART

This chart shows the organization of County government and the levels of accountability to the electorate. Those directly elected to office by voters are shown in dark green boxes. Those reporting directly to the Board of County Commissioners are in light green boxes. Those under the County Administrator are in the yellow boxes. There are also boards and commissions funded through the Board of County Commissioners, but are not otherwise accountable to the Board. These are shown in the light green cross-hatched box.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**Hillsborough County
Florida**

**Special Capital Recognition
Special Performance Measures Recognition**

For the Biennium Beginning

October 1, 2005

President

Executive Director

The **Government Finance Officers Association of the United States and Canada** (GFOA) presented an award of **Distinguished Budget Presentation** to Hillsborough County with **Special Capital Recognition** and **Special Performance Measures Recognition** for its biennial budget for the fiscal years beginning October 1, 2005. The biennial budget was also designated as **Outstanding** as a **Financial Plan**.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

The award is valid for a period of two years only. We believe our current recommended budget continues to conform to program requirements.

GOAL ONE

To ensure that Hillsborough County is financially strong enough to influence its destiny by applying efficient and/or effective policies and practices

Objectives:

- A. Reduce over-reliance on property taxes as a general revenue by relying more on the non-tax portion of total General Fund revenue from 16% (adopted FY 04 budget) to 18% (adopted FY 09 budget).
- B. Reduce over-reliance on property taxes as general revenue by establishing a Countywide target of under 7 mills by FY 09.
- C. Improve protection of stabilization reserves in the General Fund by establishing specific criteria by FY 08 that will determine when such reserves may be used and how quickly they would be subsequently replaced.
- D. To maintain general obligation and sales tax credit ratings of at least "Aa/AA/AA".
- E. Achieve and maintain by FY 07 a financial management rating of at least "A-" as determined by the Governing Magazine review of 40 counties.

Board Initiated Strategy

- Resist unfunded mandates

GOAL TWO

To improve the economic well-being of our citizens

Objectives:

- A. Support economic development initiatives that promote the creation and retention of quality jobs that result in a local average wage exceeding the State average by at least 5 % and equal to at least 95% of the national average, by FY 09.
- B. Reduce the percentage of County residents living in poverty to the lowest quartile of counties in the State of Florida based on the 2010 Census.
- C. Support economic development initiatives that maintain an annual unemployment rate at least 1 percentage point below the State and National averages.
- D. Support economic development initiatives that maintain annual employment growth rates equal to or greater than the State and National averages, by FY 09.
- E. Reduce by 5% the number of homeowners who spend more than 50% of household income on housing costs and have an income of less than 80% of average median income (AMI), by FY 12.
- F. Maintain a rating at, or above, the median housing affordability index for the 7- County Tampa Bay Regional Partnership area as reported by the Florida Data Clearinghouse, Shimberg Center for Affordable Housing, University of Florida.
- G. Diversify economic base by targeting appropriate new industries in order to improve the average wages and reduce unemployment as measured by the objectives above.

Board Initiated Strategy

- Promote the County's breaks on taxes, water and garbage for seniors

GOAL THREE

To work with citizens and neighborhoods in order to ensure quality services are delivered in a courteous and responsive manner

Objectives:

- A. To become the best county in the U.S. by FY 09, as measured by customer satisfaction surveys, benchmark comparisons with other top counties throughout the U.S., and through assessments by independent experts such as the Governing Magazine survey.
- B. Attain, by FY 09, a customer satisfaction rating on the value of County services of 10% over the ratings received from a baseline customer survey.
- C. Attain a customer satisfaction rating of 90% on the County's delivery of services in a courteous and responsive manner, as measured through point-of-service feedback, by FY 06.

GOAL FOUR

To build a high performance diverse professional organization

Objectives:

- A. By FY 08, maintain diversity in the workforce in all EEO-4 categories of Hillsborough County government, under the County Administrator, representative within a 10% variation when compared to the workforce census of Hillsborough County measured by data from the Human Resource Information System (HRIS).
- B. By FY 08, improve employee relations through effective reduction of the number of employee disputes, grievances and lawsuits per 100 employees unresolved at the department level by 20% as compared to the number of outstanding issues as of FY 06 determined by Human Resources and County Attorney records.
- C. Improve efficiencies and effectiveness in County services as measured by internal and external benchmarking by FY 08.
- D. Achieve and maintain, by FY 07, a human resources rating of at least an "A-", as determined by the Governing Magazine review of 40 counties.

GOAL FIVE

To provide a quality of life to citizens and visitors that emphasizes public safety, arts and entertainment, and sports and recreation, in a visually pleasing and healthy community

Objectives:

Public Safety:

- A. Measure citizen satisfaction with County services that ensure public safety by means of an annual survey beginning in FY 05; based on the survey results, adopt milestones for continuous improvement.
- B. After the occurrence of a declared emergency, measure citizen satisfaction with Hillsborough County's preparedness and response by means of a survey; based on the survey results, adopt milestones for continuous improvement.
- C. In partnership with local utilities and through facility upgrades, reduce the downtime caused by electrical outages at County water and sewer treatment and pumping facilities by 15% by FY 10.
- D. In partnership with local law enforcement agencies, the per capita rate of violent crime in Hillsborough County will be the lowest of any large urban county in the State of Florida by FY 15.
- E. In partnership with law enforcement agencies, the per capita rate of property crime in Hillsborough County will be the lowest of any large urban county in the State of Florida by FY 15.
- F. In partnership with law enforcement agencies, the per capita crime ranking for Hillsborough County will be the lowest of any large urban county in the State of Florida by FY 15.
- G. By FY 15, improve the response time of Advanced Life Support personnel to arrive within 8 minutes, 90% of the time throughout unincorporated Hillsborough County -- incrementally improving the existing performance by an average of 2% per year.
- H. By FY 15, improve the response time of Advanced Life Support transport vehicles to arrive within 8 minutes, 71% of the time throughout unincorporated Hillsborough County -- incrementally improving the existing performance by an average of 2% per year.
- I. By FY 15, improve fire response time in the urban area to be within 5 minutes, 64% of the time throughout unincorporated Hillsborough County -- incrementally improving the existing performance by an average of 3.5% per year.
- J. By FY 15, improve fire response time in the rural area to be within 10 minutes, 76% of the time throughout unincorporated Hillsborough County.

Arts and Entertainment:

- K. Measure customer satisfaction with children's programming at County libraries by means of an annual survey beginning in FY 05; based on the survey results, adopt milestones for continuous improvement.
- L. In partnership with local communities, improve the Arts and Culture ranking for the Tampa- St. Petersburg-Clearwater MSA in the Bert Sperling national ranking and rating of cities from 59th to within the top 50 by FY 07.

Visually Pleasing:

- M. Improve the physical appearance of the community as measured by an annual Quality of Life Survey beginning in FY 05 (Also in Goal 8).
- N. Prepare and implement community based plans for 22 communities as set forth in the work program developed with the Planning Commission as set forth in the "Team Approach to Community-Based Planning Agreement" by FY 08 (Also in Goal 8).
- O. Increase the percentage of code violations resolved within a 12-month period to attain a 90% resolution rate by FY 10.
- P. Ensure projects that are zoned Planned Development (PD), which are submitted for permitting after December 2005, fully comply with the Planned Development (PD) zoning that was approved by the Board of County Commissioners. (Also in Goal 8)

Healthy Community:

- Q. By December 2005, establish baselines and benchmarks for measuring the quality of life for senior citizens, and then improve the quality of life by 15% by FY 07.
- R. Reduce swimming pool accidents/drownings.
- S. A measurable objective on the health of the community, related to the County's Indigent Health Care Plan goals, will be developed after clarifying BOCC expectations in a meeting on February 2, 2005.

Sports and Recreation:

- T. For athletic and recreation programs offered by Parks, Recreation and Conservation Department of Hillsborough County, as measured by the department's customer survey, maintain 85% customer satisfaction rating with recreational programs and improve athletic programs to attain 90% customer satisfaction rating by FY 07.
- U. Increase the percentage of underprivileged and hardship participants of Hillsborough County's Parks, Recreation and Conservation Department programs within Community Development Block Grant areas by 10% by FY 07.

Board-Initiated Strategies for Sports and Recreation:

- Outreach to disadvantaged children
- Swimming safety training
- Discounts for minority and underprivileged to afford programs offered
- Dance/music programs for disadvantaged children
- Improve transportation for underprivileged children to get to the facilities

Other Board Initiated Strategies:

- Come up with a better way of providing transportation for the elderly
- Expand senior services by running programs more efficiently

GOAL SIX

To improve transportation in Hillsborough County

Objectives:

- A. Decrease the rate of preventable intersection crashes per million entering vehicles (MEV) by 5% by FY 10.
- B. Reduce the lane miles of County Roads on the BOCC approved constrained roadway list by 15% by FY 07.
- C. Increase the number of intersections being upgraded to accommodate growth by 50% by FY 08.
- D. Increase the number of bike lanes by 5% by FY 10.
- E. Reduce the preventable pedestrian accident rate per 100,000 population (An in-depth analysis will be conducted to determine the causes of pedestrian accidents and feasible solutions. Upon completion, objectives will be clarified based upon what the analysis reveals.)

Board Initiated Strategies:

- Add intersection red light cameras at deadliest intersections (will have to have legislative authority and cooperation from the Florida Department of Transportation)
- Set priority for transportation funding from the CIT and ad valorem taxes (policy discussion & development)
- Collector road traffic calming efforts

GOAL SEVEN

To effectively protect and manage our natural resources, including the conservation of the water supply to create a healthy environment in Hillsborough County

Objectives:

- A. Maintain the average per capita potable water use at 107 gallons per day in a wet weather year, 120 gallons per capita in an average rainfall year, and 130 gallons per capita per day in a dry weather year.
- B. Protect river resources by developing regulatory overlay districts for the Alafia, Little Manatee, Palm and Hillsborough rivers in Hillsborough County by FY 08.
- C. In partnership with SWFWMD and Tampa Bay Water, protect the natural water resources in the County from adverse impacts due to excessive ground and surface water withdrawals by meeting all adopted SWFWMD minimum flow levels by FY 10.
- D. Ensure water supply capacity is at least 6% greater than the service area demand by FY 08.
- E. Provide expanded protection from contamination through the permitting requirements for all the 740 potable water supply wellheads in the County by FY 07.
- F. Hillsborough County will pursue the acquisition of environmentally sensitive and significant resources by leveraging ELAPP funding with 40% non-county funding on an average gross annual basis.
- G. In partnership with the Environmental Protection Commission, increase ambient air quality in the County to meet the Federal Clean Air Standards by FY 08.
- H. Sustain the reuse of 45% of the reclaimed water supply to offset increased demands for potable water through FY 10.
- I. Prevent stormwater flooding attributable to the inadequate design of new development for which permits are submitted after December 05.

GOAL EIGHT

To make Hillsborough County a desired place to live through managing growth

Objectives:

- A. Improve quality of life for County citizens by establishing and monitoring a set of BOCC improvement measures using data from an annual Quality of Life survey, beginning in FY 05.
- B. Prepare and implement community based plans for 22 communities as set forth in the work program developed with the Planning Commission as set forth in the "Team Approach to Community-Based Planning Agreement" by FY 08 (Also in Goal 5).
- C. Improve the physical appearance of the community as measured by an annual Quality of Life survey, beginning in FY 05. (Also in Goal 5).
- D. Ensure projects that are zoned Planned Development (PD), which are submitted for permitting after December 2005, fully comply with the Planned Development (PD) zoning that was approved by the Board of County Commissioners. (Also in Goal 5)

Board Initiated Strategies

- Citizens should have access to PGM documents online
- Have timing of development addressed in comprehensive plan (addressed at front end of approvals)
- Need to promote redevelopment strategies, including cities
- Develop policies in the comprehensive plan by 2006 that will promote a balanced and diversified land use pattern and protect agricultural land

INTRODUCTION

This document provides the residents of Hillsborough County with the Hillsborough County Board of County Commissioners' adopted Capital Improvement Program (CIP) for a five-year period starting with the fiscal year beginning October 1, 2006 and continuing through the fiscal year ending September 30, 2011. This adopted CIP reflects the second year of the biennial budget period.

The CIP is the County's financial plan of proposed capital projects, their costs, and timing over a six-year period in the first year of the biennial budget, and over a five-year period in the second year of a biennial budget. The CIP is designed to meet county infrastructure needs in a responsive and efficient manner. It incorporates needs identified in the Capital Improvements Element (CIE) required under the Growth Management Act of 1985. The CIE focuses on anticipated infrastructure requirements for six facility types: Parks, Solid Waste, Stormwater, Transportation, Water, and Wastewater based on service level standards and the land use plan adopted by the BOCC in order to preclude deficiencies in adopted level of services. In addition to the needs identified in the CIE, the CIP includes other facility improvements not covered by the Growth Management Act such as Fire Services, Government Facilities (primarily public buildings), and Library Services. Community growth, environmental considerations and changing conditions demand that the CIP be reviewed and updated annually.

Capital projects are budgeted on an "all years" basis, a technique frequently used to account for funds that may carry over from one fiscal year to the next for a defined purpose such as funding a specific capital project or a grant. Once the BOCC commits funds to a capital project, those funds remain with that project until either all funds are expended or until the BOCC approves a budget amendment (budget change) reducing the total approved project budget. These amendments are shown in the financial schedules as a negative, or reduction, to a project budget within a specific year.

The Capital Improvement Program provides for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation, or replacement of facilities with a life expectancy of at least five years and any related costs for land acquisition, land improvements, design, feasibility studies, engineering studies and engineering.

It includes projects which are, or will become, the property of Hillsborough County, as well as projects that although not owned by the County, will be part of a joint project agreement with other governmental entities. A capital project is planned and executed in phases as follows:

Project Development: These are costs incurred by the County to identify project requirements, and to define a project's work scope including preliminary design studies, permitting requirements, data collection, public involvement, legal and technical documentation, cost estimates, and assessment of alternatives.

Design: These are costs incurred by the County to design a project in accordance with the scope of work set forth in the development phase. This includes professional consultant fees, legal and technical documentation, constructability review, data collection, advertising, assessment of alternatives related to project design, construction management services, and bid reviews.

Land: Costs incurred by the County for the purchase of land, easements and right-of-way. This also includes purchase price, surveys, appraisals, environmental audit, permitting, legal costs, maps, charts, aerial photography, and other costs such as wetlands restoration.

Construction: This includes costs incurred by the County for all construction related tasks required to place a project in service. This includes project construction contracts, professional and technical assistance, advertising, legal and technical documentation, costs, inspection, testing, and permitting.

Administration: This includes costs incurred by the County for in-house project management, supervision and administration of capital projects. Administration costs include project design, technical reviews, construction management, construction inspection, technical specifications, surveying and mapping, cost of preparing reports and maintaining the capital projects management information system, eminent domain, contract management, monitoring, and processing the related financial transactions.

HOW TO USE THIS DOCUMENT

This document contains the Hillsborough County Board of County Commissioners' adopted five-year Capital Improvement Program that will run from October 1, 2006 through September 30, 2011.

The document contains the following information:

- Introduction
- Capital Improvement Program Highlights
- Capital Improvement Program Sources and Uses Funds Summary
- Individual Capital Program Sections
- Community Investment Tax Phase I Sources and Uses Summary
- List of Community Investment Tax Phase I Projects
- Community Investment Tax Phase II Sources and Uses Summary
- List of Community Investment Tax Phase II Projects
- Community Investment Tax Phase III Sources and Uses Summary
- List of Community Investment Tax Phase III Projects
- Transportation Program Supplement – Developments of Regional Impact (DRI) Active Projects Managed by the Private Sector
- Transportation Trust Fund Sources and Uses Summary
- Estimated CIP Operating Cost Impact Detail
- Repairs and Maintenance Program Project List
- Tentative List of FY 07 A.D.A Ramp Projects
- Tentative List of FY 07 Sidewalk Projects
- FY 07 Water Services Master Account Projects
- Glossary of Terms (Definitions)
- Maps

Introduction – an overview of the CIP, including a discussion of the types of capital projects and their relation to the Capital Improvements Element (CIE) of the Growth Management Act and the phases of a capital project.

Capital Improvement Program Highlights – an overview of the FY 07 – FY 11 Capital Improvement Program highlights by program.

Capital Improvement Program Sources & Uses Funds Summary – summary of funding sources and uses for the entire Capital Improvement Program.

Individual Capital Program Sections – a separate section for each distinct capital program – Fire Services Facilities, Government Facilities, Library Services, Parks, Solid

Waste, Stormwater, Transportation, and Water Services. Each program section is organized in an identical manner.

Each section starts with the program's funding sources and uses summary, followed by a list of completed projects. Next is a summary of adopted projects along with the associated annual budget information and estimated completion date for each project. Finally, detail project pages (printed 2 per page) provide detailed information about each capital project.

The detailed project page is where specific project information can be found. The project header information specifies the project title, assigned project number, whether or not the project meets a Capital Improvement Element requirement as identified in the Growth Management Act, the level of service impact if the project helps to meet a CIE requirement, and the capital program within which the project falls. The level of service impact is indicated by one of the following codes:

(M) – This indicates that the project relates to the repair, remodeling, renovation or replacement of an existing County facility that will help maintain levels of service in the Comprehensive Plan.

(E) – This indicates the construction of a new facility or expansion of an existing facility that will reduce or eliminate deficiencies in the levels of the service in the Comprehensive Plan.

(F) – This indicates the construction of a new facility or expansion of an existing facility is needed to meet levels of service for new development.

Following the project header information is the project scope and description, estimated operating cost impact, the Neighborhood Planning Area, a map showing the project location, estimated project completion date and budgeted funding sources and uses for the project.

Community Investment Tax Phase I Sources and Uses – the sources and uses of Community Investment Tax Phase I funds. Phase I of the Community Investment Tax ran from January 1997 through January 2003.

List of Community Investment Tax Phase I Projects – a list, by program, of specific projects and associated budgets approved for CIT Phase I funding. The list also indicates the year of completion for those projects already completed.

HOW TO USE THIS DOCUMENT

Community Investment Tax Phase II Sources and Uses – the sources and uses of Community Investment Tax Phase II funds. Phase II of the Community Investment Tax runs from February 2003 through January 2008.

List of Community Investment Tax Phase II Projects – a list, by program, of specific projects and associated budgets approved for CIT Phase II or CIT backed debt funding.

Community Investment Tax Phase III Sources and Uses – the sources and uses of Community Investment Tax Phase III funds. Phase III of the Community Investment Tax will run from February 2008 through September 2016, although use of financing to accelerate projects into the current CIP has been approved by the Board of County Commissioners.

List of Community Investment Tax Phase III Projects – a list, by program, of specific projects and associated budgets approved for CIT Phase III or CIT backed debt funding.

Transportation Program Supplement – Developments of Regional Impact (DRI) Active Projects Managed by the Private Sector – projects which private developers have indicated that they would construct at some point in the future. These projects are not secured by enforceable agreements. As a result, there is no assurance that they will ultimately be constructed.

Transportation Trust Fund Sources and Uses Summary – sources and uses of funds within the Transportation Trust Fund, including operating and maintenance uses, capital uses, reserves, and payments to developers and Hillsborough Area Regional Transit.

Estimated CIP Operating Cost Impact Detail – estimated annual operating cost impact through FY 11 of each project in the adopted CIP.

Repairs and Maintenance Program Project List – the County has adopted a policy allocating 1% of countywide and unincorporated area ad valorem tax revenues to ongoing repairs and maintenance of County capital assets. This schedule specifies the projects to be funded from this allocation.

Tentative FY 07 A.D.A Ramp Projects – a proposed list of A.D.A ramp projects.

Tentative FY 07 Sidewalk Projects – a proposed list of sidewalk projects.

FY 07 Water Services Master Account Projects – projects to be funded by Water Services Master Account allocations. A description for a master account is located in the glossary.

Definitions – definitions of terms used throughout this document.

Maps – maps of Hillsborough County Fire, Park, and Transportation Impact Fee Zones and Neighborhood Community Areas.

CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

The FY 07 – FY 11 adopted Capital Improvement Program (CIP) totals \$1.1 billion. It continues to reflect the adoption of biennial budgeting, the same bi-annual budget approach the County uses to develop the operating budget. As such, this five-year CIP reflects the second year of the biennial budget cycle which began in FY 06.

The adopted CIP continues to utilize the \$133.5 million in additional Community Investment Tax (CIT) Phase II backed financing for Parks and Recreation and Transportation projects previously approved by the Board of County Commissioners (BOCC) on January 30, 2002.

The adopted FY 07 – FY 11 CIP uses short-term financing as a tool to provide necessary cash flow to keep projects on schedule and minimize debt service costs. Upon completion of the projects a portion of the short-term financing will be converted to long-term debt. A brief summary of each Capital Program follows this section.

A significant factor impacting all programs in this adopted CIP is the steep increase in costs of many projects already underway. Prices for land, labor and material have been increasing at rates greatly exceeding historical levels. While a portion of the cost changes reflect permanent increases in costs, we feel another portion reflects temporary unique market circumstances arising from Gulf Coast reconstruction associated with hurricane damage sustained during 2005, increased world market competition for certain materials, and an overall level of construction activity in Florida that has governments competing for limited resources. Note that the challenges presented by these price increases are not unique to Hillsborough County, but are also being faced by local and state jurisdictions across the country.

These substantial cost increases necessitated that, during the budget process, County staff reassess how to best complete existing capital projects that were no longer fully funded as well as reassess the cost and feasibility of new projects previously approved by the Hillsborough County Board of County Commissioners (BOCC) in October 2005 for Community Investment Tax Phase III backed funding. To meet these shortfalls, and to allow construction of other vital infrastructure improvements, staff conducted a detailed analysis of all capital project cost estimates and incorporated increased funding where needed. On August 16, 2006, the BOCC approved an additional appropriation of \$451 million to fund capital projects backed by CIT III revenues anticipated to be received from February 2008 through September 2016 in order to address these funding needs and to establish funding for new infrastructure deemed vital to the County.

Fire Services

The adopted Fire Services Program for FY 07 – FY 11 totals \$36.3 million. It is funded through a combination of impact fees, Community Investment Tax, financing and general revenues.

Northdale Fire Station

The program includes additional funding in the amount of \$7.5 million to continue the land acquisition effort begun last year for future fire stations included in the Fire Rescue Capital Master Plan. In addition, four new fire stations (Bearss, Central Brandon, Nuccio Park, and Anderson Rd.), one replacement fire station (Seffner-Mango), a new training facility, and the expansion and renovation of the Gibsonton fire station are added to the program. Other funded projects include renovation of the North Hillsborough fire station, land acquisition for the Ruskin fire station, Fire Rescue Equipment Replacement, and Fire Hydrant Installation.

Government Facilities

The adopted Government Facilities Program for FY 07 – FY 11 totals \$121.4 million. It is funded with general revenues, Community Investment Tax, enterprise fees and short-term and long-term financing.

The FY 07 – FY 11 CIP continues the program adopted by the Board in September 2005. Four new projects have been added – Courthouse Annex Maintenance Systems

CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

Upgrade, Expand Chill Water Lines to 1st and 2nd Floors County Center, Falkenburg Rd. CSX ROW Acquisition, and a new Emergency Power Generator for the University of South Florida's Sun Dome, which is used as a special needs shelter during local emergencies. In addition, there are some projects added to the program that had been approved by the Board since October 1, 2005, such as the Falkenburg Rd Jail Expansion Phase VII, Continuity of Operations (COOP) Alternate Locations, Children's Services Dorm Renovations, Children's Services Playground Equipment Improvements, Dependency Court Expansion and the expansion of the Tax Collector's Office at Falkenburg Rd.

Sheriff's Office Child Care Facility

Major projects in this program include the Children's Services Campus Enhancements, Court Facilities Expansion, Phases VI and VII of the Falkenburg Road Jail Expansion, East County Court Redevelopment / Regional Service Center (Plant City), New Medical Examiner Facility, Roger P. Stewart Complex, Falkenburg Road Water Department Customer Service Warehouse, Brandon Regional Service Center, Riverview Terrace Senior Center, Tampa Bay History Center, Town n Country Senior Center and the Westgate Headstart Building Replacement.

Library Services Program

The adopted Library Services Program for FY 07 – FY 11 totals \$29.1 million. The program is funded with general revenues and the Community Investment Tax. It provides funding to continue the program approved by the Board in FY 06. The South County Regional Library is scheduled for completion in FY 06. Other projects in the program include the Westgate New Regional Library, Robert W. Saunders Sr. Public Library – Phase I, Seffner – Mango Replacement Library, Riverview Additional Land and Parking, Sulphur Springs Partnership Library, Turkey Creek Partnership Library and the University Area Partnership Library.

The Five-Year Library Pro Forma analysis indicates that anticipated capital and operating costs for these facilities can be covered with estimated library revenues over the CIP horizon.

South County (South Shore) Regional Library

Parks & Recreation Program

The Parks and Recreation Program includes a mix of recreational facilities such as local and regional parks, trails, community and recreational centers, dog parks and boat ramps. Regional parks serve citizens in both the incorporated and unincorporated areas of the county and are normally funded with countywide ad valorem taxes. Local parks serve the citizens of the unincorporated area of the county and are normally funded with impact fees.

CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

The Parks and Recreation FY 07 – FY 11 Capital Program has total funding of \$98.3 million using mixed funding consisting of impact fees, Community Investment Tax, general revenues, Boat Improvement Fees and Community Development Block Grant funds.

Thonotosassa Main Street Park

On October 5, 2005 the Board of County Commissioners approved funding the purchase of land and construction of Parks Facilities using Community Investment Tax (CIT) Phase III funds. New projects funded with Community Investment Tax (CIT) Phase III funds include: the Apollo Beach Nature Park Restrooms project, the South Coast Greenway Phase I project, the South Coast Greenway Phase III Design and Construction project and the Springhead Community Center Addition project.

Other projects funded with general revenues and CDBG funds are: the Ben Hill Playground/Park Construction project, the Carolyn Meeker Park / Dog Park project, the Fallen Heroes Park project, the Gardenville Recreation Center Restroom Construction project and the Logan Gate Park Upgrade. An additional \$1.5 million in general revenues was used to complete the funding for the Citrus Park Community Center project.

Included in the parks program is the Environmental Lands Acquisition & Protection Program (ELAPP) which is dedicated to the purchase of land for the protection and preservation of our natural resources. FY 07 – FY 11 funding for this program is \$67 million. The average land acquisition cost for the past several years has been approximately \$7.2 million a year.

Solid Waste Program

The Solid Waste FY 07 – FY 11 Capital Program has total funding of \$3.2 million and is funded with enterprise fees.

South County Transfer Station

Of significance is the funding of \$1.8 million for Hillsborough Heights Landfill Cover Improvements.

Additional funding for current and future capital projects requires the re-timing of scheduled debt requirements. This proposal will be presented to the Board of County Commissioners for consideration in FY 07.

CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

Stormwater Program

The adopted FY 07 – FY 11 Stormwater Capital Program (CIP) consists of 54 stormwater projects budgeted at \$70.8 million. This reflects a large increase over the adopted FY 06 – FY 11 CIP because the Board of County Commissioners on August 16, 2006 approved an additional \$65 million for the stormwater program from Community Investment Tax backed financing. While the specific projects to be funded from this additional funding were not identified in time to incorporate them into this CIP document, the increased program allocation is included. It is anticipated that this additional allocation will allow over 180 new stormwater projects to be completed by 2016.

Balm Road Wetland Mitigation

Among the projects, the Stormwater Capital Program includes funding for Duck Pond Stormwater improvements. The need for significant improvements to the Duck Pond area was reinforced in 2004 when heavy rains from Hurricane Frances caused extensive flooding in the University Mall area. To help address drainage needs at this location, the County entered into an agreement with the City of Tampa to provide stormwater relief in the stricken area. As part of these improvements, the County will build an additional retention pond and install a second large diameter pipe between two existing ponds. The County will also install a new 24,000 gallon per minute pump station near Duck Pond East. The County and the City of Tampa will jointly pay for a new pipe running south along 30th Street that will pump water into Hillsborough River. The County

and the City will seek grant funds to help pay for these improvements. These improvements are tentatively scheduled to be completed by 2011.

In addition to Duck Pond area stormwater improvements, other major funding included in the FY 07 – FY 11 stormwater program includes annual funding for culvert replacements throughout the unincorporated area, stormwater improvements including installation of a wetlands treatment area at Holloman's Branch location HBA 6C, annual allocations for neighborhood system improvements, and project development for Sand Pond Drainage System Improvements. This last project will include providing a second outfall system to Sand Pond by installing a stormwater pump station. Funding is also allocated to allow for planning and project scope development for potential stormwater projects prior to their becoming approved and funded projects. This allows for better cost and completion date estimates being developed in association with requests for funding for new stormwater projects.

Transportation Program

The adopted FY 07 – FY 11 Transportation Capital Improvement Program (CIP) consists of 120 projects and will cost \$433.2 million.

As previously discussed, a major issue impacting the transportation program continues to be the rapid escalation of project land, labor and material costs. Prior to adoption of this CIP, these cost increases had resulted in active road projects under construction no longer being fully funded. As a result of an additional allocation of \$224.1 million in Community Investment Tax (CIT) backed financing approved by the Board of County Commissioners on August 16, 2006, all active major road projects are fully funded based on the revised cost estimates. In addition to CIT backed financing, it is anticipated that a combination of state and federal grants and increased developer contributions for projects required to address concurrency constraints will continue to be required to help address infrastructure funding requirements.

As an illustration of County/private developer partnership, the Transportation Program includes several projects with significant actual or anticipated developer contributions for the US 301 road widening project and proposed improvements to Bell Shoals Road and Lithia-Pinecrest Road.

In recognition of growth throughout the County, the Hillsborough County Board of County Commissioners previously approved an annual increase of \$15 million in recurring funding

CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

from general revenues. This additional funding continues to be allocated equally to capital projects, strategic improvements and increased operating and maintenance needs.

The FY 07 – FY 11 CIP also continues to reflect projects funded with \$132 million of additional CIT backed financing for the Transportation Program previously approved by the Board of County Commissioners on January 30, 2002. This funding allows work to continue on widening Boyette Road, Race Track Road, 22nd Street Community Main Street project, the Brandon Main Street project, and various bridge improvement projects. This is also helping fund Intelligent Transportation System Device Deployment, significant enhancements to the Traffic Signal Control Room and supporting infrastructure and initiation of work on the Citrus Park and Town n Country Community Plans.

Columbus Drive Bridge over the Hillsborough River

The Intelligent Transportation System, when implemented, will provide real time feedback on major roadway traffic conditions. This information will be routed to the enhanced Traffic Signal Control Room, Emergency Operations Center and backup facilities for transmission to drivers, travelers and other interested parties. Timely information will improve traffic flow by providing travelers information on problem areas caused by construction, accidents and other impediments so drivers can use less congested alternate routes.

Significant new funding is proposed to cover cost increases which will allow construction to

continue for various road segments including Boyette Road (Balm Riverview to Donneymoor and Donneymoor to Bell Shoals segments), Bruce B. Downs (Palm Springs to Pebble Creek Drive South), Gunn Highway (Ehrlich to South Mobley), and Race Track Road (Hillsborough to Countryway). Additional funding is also included for bridge replacement projects to cover increased costs. As previously discussed, this additional funding is needed to cover cost increases due to significant inflation in steel, concrete and asphalt prices resulting from high national and foreign demand.

Racetrack Road (Before Improvements)

Improvements to Race Track Road will help alleviate traffic backups and resulting safety issues caused by significant development in the area. When completed, Racetrack Road from Hillsborough Avenue to Linebaugh Road will be widened from 2 to 6 lanes, from Linebaugh Ave. to Nine Eagles Road from 2 to 4 lanes and from Nine Eagles Road to South Mobley Road from 2 to 4 lanes. Improvements to Racetrack Road will cost \$47.9 million and will be funded from a combination of Community Investment Tax revenues, Community Investment Tax revenue backed debt and impact fees. When completed, the segment from Hillsborough Avenue to South Mobley Road will be widened as described above. The project will also improve roadway drainage, implement Intelligent Transportation System enhancements to improve safety and enhance traffic control and install sidewalks, bicycle lanes and bus bays.

Based on the completion of the Project Development and Environmental study by the Florida Department of Transportation (FDOT) in 2004, the Bruce B. Downs project

CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

scope was revised from the initial widening from 4 to 6 lanes from Bearss Avenue through Regents Park Drive to its current proposed scope of 8 lanes from Bearss Avenue to the Pasco County Line. The increase in scope has resulted in funding only the first two phases of this project, from Palm Springs to Pebble Creek Drive South, and

Racetrack Road (After Improvements)

from Pebble Creek Drive to County Line Road. The remaining segment, from Bearss Avenue to Palm Springs, is funded for design only. The current estimate is that up to an additional \$80 million will be required to complete this segment. The County will continue to seek federal and state funding, as well as developer contributions, to help address this need.

Boyette Road improvements will cost \$48.4 million and will be funded primarily from Community Investment Tax backed financing. Boyette Road is located in one of the fastest growing areas of the county. When completed, these improvements will widen Boyette Road from US 301 to Balm Riverview to 6 lanes and from Balm Riverview to Bell Shoals to 4 lanes. Five schools are located along the 2 lane segment from US 301 to Bell Shoals causing safety concerns for students going to and from school as well as significant traffic delays during rush hour. The projects will widen approximately 3.5 miles of roadway, improve roadway drainage, implement Intelligent Transportation System enhancements to improve safety and enhance traffic control and install

sidewalks, bicycle lanes and bus bays. These improvements will reduce traffic backups and increase pedestrian and vehicle safety.

The adopted FY 07 – FY 11 CIP also includes up to \$24.2 million in funding to widen Bell Shoals Road from Bloomingdale to Boyette from 2 to 4 lanes (developer contributions are actively being sought to mitigate concurrency constraints); \$17.8 million in funding for completion of 22nd Street improvements from University Mall to Bearss Avenue; \$3.1 million in funding for Town n Country Community Plan improvements and \$11.25 million for preliminary work and land acquisition for a Citrus Park Drive extension. The CIP further includes \$14.1 million to implement interim improvements on Lutz Lake Fern Road and allocates \$5.1 million in grants and County funds for Friendship Trail Bridge repairs.

Symmes Road Bridge Improvements

Another significant event reflected in this CIP occurred on March 16, 2005 when the County entered into an agreement with the state and numerous developers to facilitate funding of a state project to widen US Highway 301 from SR 674 to Gibsonton Drive to a 4 lane divided roadway. Under the agreement, the state and developers will be contributing land and cash to complete improvements needed to meet concurrency requirements. To date the County has contributed \$27.45 million to facilitate design and right-of-way acquisition for this state road project. The CIP reflects the total cost of the

CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

project, including funding from the County and other non-County sources as specified on the project detail page.

Water Services Program

The FY 07 – FY 11 Water Services Capital Program has total funding of \$324.4 million. The program includes a mix of potable water, wastewater and reclaimed water projects and is funded with a combination of enterprise funds, Community Investment Tax funds and financing. The short term Commercial Paper Program is being used to finance six projects totaling \$4.2 million.

This program includes six new projects: three potable water projects and three wastewater projects. Of significance is the Lithia Auxiliary Power Improvement project. This project is funded at \$5.2 million for the design and construction of two new 480 volt diesel generators and the replacement of three existing generators at the Lithia Water Treatment Facility.

Another important project in the CIP is the Supervisory Control & Acquisition of Data for Pump Stations Phase II (SCADA). This will provide the final phase of Wastewater Pump Station Automation for the Water Department's 600+ stations. It is important to be able to control and to see the status of operating wastewater pump stations in order to stop overflows, switch to back-up power and reset electrical disruptions, especially in emergency/storm situations. The Water Resource Services Department infrastructure continues to age and many renewal and replacement projects for reclaimed water and wastewater have been identified to upgrade or replace these facilities prior to any failures.

A new master plan was completed to determine how to handle the wastewater flows for the South Central area of the County. The plan identified new pipes, pump stations and treatment plant expansions necessary to serve growth in the area for the next 20 years. Many of the identified projects are funded in the current CIP.

A water supply master plan was completed to address the future water needs for the South and Central areas of the County. This plan identified a new pipeline and water treatment plant that needs to be constructed to serve growth in the area for the next 10 years.

Valrico Advanced Water Treatment Plant Expansion

(a) Facility completed in FY 06. Revised project completion date reflects completion of traffic signal.

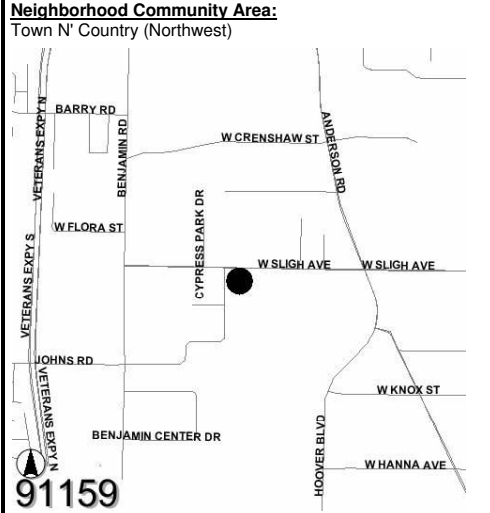

Note: PD&E stands for Preliminary Development and Environmental phase. For purposes of this schedule, PD&E includes all work through 30% design. It is at 30% design that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. This schedule reflects projects that have completed the PD&E phase. As a result, the cost and date estimates for projects on this schedule are those against which project progress is measured.

PROJECT TITLE: ANDERSON ROAD AREA FIRE STATION
PROJECT NO: 91159
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT: PROGRAM: FIRE SERVICES

Project Description:
 Construct a new 5-bay fire station facility to serve the Anderson Road /Sligh Avenue industrial area in N.W. Hillsborough County. Land under consideration may be leased from State of Florida and used jointly with Health Department.

Operating Cost Impact:
 Annual operating cost impact is estimated at \$3 million including a total of 46 new positions.

Project Completion Date: Oct 2009

PROJECT TITLE:
RUSKIN FIRE STATION LAND ACQUISITION
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT:

PROJECT NO: 79141

PROGRAM: FIRE SERVICES

Project Description:

Purchase approximately 2 acres of property to construct a new two-bay fire station in the Ruskin area to replace the existing Ruskin Fire Station at Shell Point Road. The current facility is located in the 100-year flood elevation and does not meet FEMA requirements for floor elevation. Therefore, it cannot be brought up to the standards of other renovated fire stations unless it is re-built at a substantially higher elevation. Current site is too small to allow build up to the required elevation.

Neighborhood Community Area:

Ruskin (South)

Operating Cost Impact:

No operating cost impact is anticipated from this acquisition.

PROJECT TITLE:
SEFFNER-MANGO FIRE STATION REPLACEMENT
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT:

PROJECT NO: 91154

PROGRAM: FIRE SERVICES

Project Description:

Construct a new 3-bay fire station facility to replace the old Seffner-Mango Fire Station which was owned and operated by the Seffner-Mango Fire Department Association. Cost estimate includes project development, design, and construction. Land acquired under CIP 91153. Equipment figures are for station infrastructure only.

Neighborhood Community Area:

Seffner (East)

Operating Cost Impact:

Additional annual operating cost impact is estimated at \$105 thousand; no new positions are anticipated.

Project Completion Date: Oct 2009

Note: PD&E stands for Preliminary Development and Environmental phase. For purposes of this schedule, PD&E includes all work through 30% design. It is at 30% design that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. This schedule reflects projects not yet through the PD&E phase. As a result, the cost and date estimates for projects on this schedule are still tentative and subject to change as the study progresses.

PROJECT TITLE: 700 TWIGGS EXTERIOR WALL REPAIR
PROJECT NO: 77711
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT: PROGRAM: GOVERNMENT FACILITIES

Project Description:
 Renovation of the existing exterior insulation and finish systems on the exterior walls of the building to prevent water infiltration through the wall when exposed to high wind conditions.

Operating Cost Impact:
 No additional operating cost impact is anticipated.

Project Completion Date: May 2007

Expenditure Plan (in \$000's):

	Total Est Cost	Prior Yrs Funding	FY 07	FY 08	FY 09	FY 10	FY 11	Future
Development	0	0	0	0	0	0	0	0

Total	\$272	\$222	\$50	\$0	\$0	\$0	\$0	\$0

PROJECT TITLE: ANIMAL SERVICES ADOPTION, ADMINISTRATION & OPERATIONS EXPANSION
PROJECT NO: 79021
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT: PROGRAM: GOVERNMENT FACILITIES

Project Description:
 Expand and renovate existing facility to accommodate expanded needs for adoption and administration. Construct new crew facility with showers and lockers for operational needs. Provide additional customer parking. As a result of past and anticipated future growth, the current facility is now inadequate. The administrative and adoption areas are cramped and need to be expanded in order to meet the needs of the public and staff. The field crew lacks shower and locker facilities. Additional parking is required for customers and staff.

Operating Cost Impact:
 Annual operating impact is estimated at \$264.3 thousand, including 5 new positions.

Project Completion Date: Oct 2007

Expenditure Plan (in \$000's):

PROJECT TITLE: CHILDREN'S SERVICES CAMPUS ENHANCEMENTS PHASES I & II PROJECT NO: 77721

CIE REQUIREMENT: N PROGRAM: GOVERNMENT FACILITIES
 LEVEL OF SERVICE IMPACT:

Project Description:
 This Project is for the purpose of providing various improvements to the Children's Services Lake Magdalene Facility at 3110 Clay Magnum Lane. Phase I of this Project consolidates two (2) approved projects and includes: design and construction of: a new 7,000-9,000 sq ft Treatment Center, a new 5,000-6,000 sq ft Cafeteria Building with commercial kitchen and a new 24-bed Dormitory (6,000-7,000 sq ft) for a total of 20,000 sq ft of new building. Phase I will also include necessary site improvements for the new buildings. Phase II of the Project will include a new 6,000 sq ft Vocational Education Building, new storage/maintenance facilities. Phase II will also include additional site improvements such as covered playgrounds, covered drop-off/pickup, parking, retention ponds, landscaping, paving/roadways and demolition of old buildings.

Operating Cost Impact:
 Annual operating cost impact is estimated at \$436.5 thousand in FY 10 and \$223.4 thousand thereafter. Four new positions are anticipated.

Project Completion Date: Dec 2009

PROJECT TITLE:
CHILDREN'S SERVICES DORM RENOVATIONS AND MAINTENANCE

PROJECT NO: 77726

CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT:

PROGRAM: GOVERNMENT FACILITIES

Project Description:

Renovation and maintenance at the Children Services Campus at Lake Magdalene. Work primarily include re-roofing, replace air conditioning system and ducting, replace wood exterior doors, replace the gas hot water heater, renovate the back room, new ventilation, new storage shelving, replace existing washer and dryer, renovate restrooms, renovate the time-out rooms to include a new electromagnetic door locking system.

Operating Cost Impact:

No additional operating cost impact is anticipated.

Project Completion Date: Oct 2006

Neighborhood Community Area:

Carrollwood (North Tampa)

PROJECT TITLE:
CHILDREN'S SERVICES PLAYGROUND IMPROVEMENTS

PROJECT NO: 77741

CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT:

PROGRAM: GOVERNMENT FACILITIES

Project Description:

This Project is for the purpose of making improvements to the playgrounds at the Children's Services Lake Magdalene Facility at 3110 Clay Magnum Lane. The Project scope consists of the design and construction of a covered multi-purpose court area with a public address system, restrooms and bleachers; relocation of the baseball field; enhancement of playground areas including replacement of playground equipment; improvements to the existing pond to add a fishing dock; athletic track and bicycle trail. These items will be prioritized and provided as budget allows.

Operating Cost Impact:

No additional operating cost impact is anticipated.

Project Completion Date: Dec 2008

PROJECT TITLE:
CLERK'S OFFICE/JUVENILE DEPARTMENT EXPANSION
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT:

PROJECT NO: 77739

PROGRAM: GOVERNMENT FACILITIES

Project Description:

This project includes the expansion of (A.) The existing Juvenile Department of the Clerk of Court currently located on the fourth floor of the North Tower Courthouse Annex, to accommodate additional judge certifications and revisions to Juvenile Support Responsibilities outlined in Administrative Order S-2005-189/2006-040. The following areas are to be renovated: 1. Existing file room to be converted to office use to accommodate seventeen (17) additional work stations. 2. To relocate file room into existing lobby area. 3. Add two (2) security cameras to monitor files when reviewed by the public. (B.) The first floor of the North Annex is programmed to be converted to a court room requiring the relocation of the Juvenile Department's main file room to shell space located in the Edgecomb courthouse fourth floor. The new file room requires build out to maintain security and functionality.

Operating Cost Impact:

No additional operating cost impact is anticipated.

Project Completion Date: Sep 2007

Neighborhood Community Area:

PROJECT TITLE:
CONTINUITY OF COUNTY GOVERNMENT PHASE II
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT:

PROJECT NO: 79057

PROGRAM: GOVERNMENT FACILITIES

Project Description:

This project is to renovate and upgrade the Museum of Science and Industry (MOSI) to accommodate the Continuation of Government Project which will adequately support and allow the functional operation of several County departments and the necessary associated agencies when the County Center cannot be inhabited due to some emergency event. The primary renovation will take place in the MOSI main building consisting of the installation of a new generator, shutters and other appropriate building, window and door strengthening.

Operating Cost Impact:

To be Determined

PROJECT TITLE: PEDESTRIAN BRIDGE AT MAIN COURTHOUSE (STATE ATTORNEY BRIDGE)
PROJECT NO: 79145
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT: PROGRAM: GOVERNMENT FACILITIES

Project Description:
 This project includes the construction of a pedestrian bridge to provide a secure link between the old Courthouse and the Courthouse Annex in the Downtown Tampa Court Complex. The old Courthouse will be occupied by the State Attorney, Clerk of Circuit Court and Law Library. The proposed bridge would allow secure circulation between the old Courthouse, the Edgecomb Courthouse and Courthouse Annex without the need for additional security screening. This work was previously proposed as part of the Court Facilities Improvement Project, but deferred due to budget constraints.

Operating Cost Impact:
 Annual operating cost impact is estimated at \$7 thousand.

Project Completion Date: Oct 2010

Expenditure Plan (in \$000's):

PROJECT TITLE:
PUBLIC DEFENDER OFFICE EXPANSION
CIE REQUIREMENT: N
LEVEL OF SERVICE IMPACT:

PROJECT NO: 77707

PROGRAM: GOVERNMENT FACILITIES

Project Description:

This project includes the renovation of existing offices within the 6th floor of the 700 Twiggs Street Building that will be vacated in Fall of 2006 when the State Attorney offices are consolidated into the Main Courthouse as part of the Court Facilities Improvement Project. The program for the Court Facilities Improvement Project reserved this floor for future growth needs. The 6th floor offices, totaling 19,767 square feet, will be renovated to accommodate expanded program needs of the Public Defender. Existing interior partitions and finishes within the entire floor area will be demolished and replaced with new tenant finish work to meet the revised floor plan requirement of the Public Defender, consisting of office space for 37 attorneys and support staff, plus training / conference rooms, library, deposition rooms and related functions.

Operating Cost Impact:

Annual operating cost impact is estimated at \$20 thousand.

Project Completion Date: Apr 2009

Neighborhood Community Area:

City of Tampa

PROJECT TITLE:

(a) Former North Tampa Branch Library Expansion

Note: PD&E stands for Preliminary Development and Environmental phase. For purposes of this schedule, PD&E includes all work through 30% design. It is at 30% design that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. This schedule reflects projects not yet through the PD&E phase. As a result, the cost and date estimates for projects on this schedule are still tentative and subject to change as the study progresses.

PROJECT TITLE: ALL PEOPLES MULTI-PURPOSE GYMNASIUM CONSTRUCTION (PHASE I) CIT II
PROJECT NO: 89301
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: PARKS

Project Description:

Construction of a new 26,000 square foot Multi-Purpose Gymnasium to include locker areas, training rooms, offices, concession areas as well as all site work and utilities.

Operating Cost Impact:

Operating cost is estimated to be \$500,808 starting in FY 07 and \$419408 thereafter. Three new positions required.

Project Completion Date: May 2007

Neighborhood Community Area:

East Lake (East)

PROJECT TITLE: ALL WEATHER RUNNING TRACK
PROJECT NO: 83640
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: PARKS

Project Description:

Work with the Hillsborough County School Board and the City of Tampa to construct an all-weather running tracks at the University of South Florida, King High School, Jefferson High School and Spoto High School in Hillsborough County.

Operating Cost Impact:

Operating cost is estimated to be \$71,000 starting in FY08. One position is required.

Project Completion Date: Nov 2007

Neighborhood Community Area:

Countywide

Project Description:
 Expand the existing boat ramp at E.G. Simmons Park to include an additional ramp, parking and improvement of the boating channel. This boat ramp is located in an area of Tampa Bay that is very popular with fishermen but the ramp does not have the capacity to handle the number of boaters forcing excessive boater traffic to other county ramps.

Operating Cost Impact:
 Operating cost is estimated to be \$51,500 a year starting in FY09.

Project Completion Date: Sep 2008

PROJECT TITLE:
TOWN N COUNTRY GREENWAY CONNECTION
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NO: 80329

PROGRAM: PARKS

Project Description:

Install bike lanes on both sides of Sheldon Road from Town N' Country Greenway to Waters Ave. Install bike lanes on Woodlake Blvd. Install mid-block pedestrian crosswalk on Sheldon Road at Greenway to include pedestrian signal installation and median/curb modifications. Modify or install sidewalk as needed. This segment of roadway is close to major trail systems, YMCA and a proposed Hartline facility. The roadway is heavily traveled and providing bike lanes, crosswalk and sidewalk improvements will reduce safety concerns.

Operating Cost Impact:

Operating cost is estimated at \$6,000 starting in FY09.

Project Completion Date: May 2009

Neighborhood Community Area:

Town N' Country (Northwest)

PROJECT TITLE: UPPER TAMPABAY TRAIL PHASE IV LAND ACQUISITION / PD&E -(CIT II)
PROJECT NO: 89002
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: PARKS

Project Description:
 This project is for Project Development and Environmental Study for Upper Tampa Bay Phase IV, including an alignment study, and acquisition of property needed for the project. The project might also include some design related to land acquisition activities. This project will be a 7-mile paved trail with one major trailhead and two minor trailheads. It will link the existing Upper Tampa Bay Trail at its northern terminus at Peterson Road Park to the 42-mile Suncoast Trail at its southern terminus on Lutz-Lake Fern Road, creating a 57-mile paved trail system.

Operating Cost Impact:
 Operating cost is estimated to be less than \$3,000 a year starting FY 08.

Project Completion Date: Sep 2007

Expenditure Plan (in \$000's):

	<u>Total Est Cost</u>	<u>Prior Yrs Funding</u>	<u>FY 07</u>	<u>FY 08</u>	<u>FY 09</u>	<u>FY 10</u>	<u>FY 11</u>	<u>Future</u>

PROJECT TITLE: SOUTHEAST LANDFILL ROADWAY IMPROVEMENTS PROJECT NO: 54046
 CIE REQUIREMENT: Y
 LEVEL OF SERVICE IMPACT: M PROGRAM: SOLID WASTE

Project Description:
 Design, permit, CQA and construction of paved facility interior roadways (approximately 5,700 linear feet) at the Southeast County Landfill. This project will reduce the turbidity impact off site and reduce dust air emissions.

Operating Cost Impact:
 None

Project Completion Date: Apr 2007

Expenditure Plan (in \$000's):

PROJECT TITLE: 131ST AVENUE / 27TH STREET STORMWATER IMPROVEMENTS PROJECT NO: 41119

CIE REQUIREMENT: Y

LEVEL OF SERVICE IMPACT: M PROGRAM: STORMWATER

Project Description:

Runoff from Wal-Mart, 132nd Avenue and a pond on the east side of 28th Street all drain to a storage pond on the east side of 27th Street. During El Nino type rains, the pond overflows to the street and floods the intersection. This project will construct a duplex pump station and 8 inch force main from 27th Street, cross 131st Avenue then go south to the manhole. The flow will drain to the small sum area in the VA Hospital then south to the Duck Pond. The sidewalk at the intersection will also be raised.

Operating Cost Impact:

Annual operating and maintenance costs are estimated to be \$1,413 per year.

Project Completion Date: Jan 2007

Neighborhood Community Area:

USF (North Tampa)

41119

PROJECT TITLE: ALAFIA RIVER ENGLISH CREEK SURFACE WATER TREATMENT AREA SITE 2 PROJECT NO: 41134

CIE REQUIREMENT: Y

LEVEL OF SERVICE IMPACT: E PROGRAM: STORMWATER

Project Description:

This project will restore important wetland habitat and provide stormwater treatment that will help the County meet its goals toward nitrogen load reduction per the Tampa Bay Estuary Program agreement, and help in compliance with the County's NPDES permit. Relatively low relief and absence of riparian forests makes this existing pasture an ideal location to provide increased water quality treatment. County ownership further enhances the site's value as a water quality improvement area. Proposed improvements to this site include the installation of a side-flow weir to divert water from this English Creek tributary into a treatment area consisting of a sump, open water and marshes. A bleed-down structure at the east side of the pond will allow for detention time and recovery of a treatment volume.

Operating Cost Impact:

Annual operating and maintenance costs estimated to be \$2,135 per year.

Project Completion Date: Aug 2009

Neighborhood Community Area:

East Hillsborough (Northeast)

PROJECT TITLE:
BOGGY/BELL CREEK RESTORATION (FDEP CONSENT ORDER)
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NO: 41144

PROGRAM: STORMWATER

Project Description:

This project involves the building of a stream crossing and the restoration of the historic flow path in Boggy Creek to Bell Creek. The project is located on a recently acquired ELAPP property known as the Transcend Parcel. A CMP culvert collapsed within an existing earthen crossing over Boggy Creek which diverted stream flow and caused the east end of the crossing to erode and cut off access to the southeastern portion of the property. This project will remove a portion of the earthen fill within Boggy Creek and install a Conspan culvert to replace the collapsed culvert. The eroded area will be filled in to restore the natural creek flow way and allowing for access across Boggy Creek to the remainder of the ELAPP property for future upland restoration. The project will also provide for restoration of a portion of the stream with planting of aquatic vegetation.

Operating Cost Impact:

Annual operating and maintenance costs are estimated to be \$400 per year.

Project Completion Date: Oct 2008

Neighborhood Community Area:

Riverview/Boyette (Central)

41144

PROJECT TITLE: CHAPMAN ROAD DRAINAGE IMPROVEMENTS PROJECT NO: 41145

CIE REQUIREMENT: Y

LEVEL OF SERVICE IMPACT: E PROGRAM: STORMWATER

Project Description:

Construct a roadside swale along the west side of Chapman Road. Install two ditch bottom inlets and side drains to direct water to Lake Chapman. Chapman Road north of Griffin Road floods as a result of not having a drainage system for stormwater runoff. This water flows across two properties causing problems for residents.

Operating Cost Impact:

Annual operating and maintenance costs are estimated to be \$400 per year.

Project Completion Date: Jan 2009

Neighborhood Community Area:

Carrollwood (North Tampa)

PROJECT TITLE: COMMUNITY INVESTMENT TAX PHASE III STORMWATER PROGRAM PROJECT NO: 46200

CIE REQUIREMENT: Y

LEVEL OF SERVICE IMPACT: E,M PROGRAM: STORMWATER

Project Description:

On August 16, 2006, the Hillsborough County Board of County Commissioners approved a total of \$65 million from Community Investment Tax Phase III revenues and financing for additional stormwater projects. Specific projects were not finalized by the time this Capital Improvement Program was adopted, so the allocation is being shown under this project. Once individual projects are identified, the funding will be moved from this project to the specific project budgets.

Operating Cost Impact:

Annual operating and maintenance costs will depend on final projects selected.

Project Completion Date: TBD

PROJECT TITLE: COUNTYWIDE WATERSHED MANAGEMENT MASTERPLAN UPDATE
PROJECT NO: 48516
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: STORMWATER

Project Description:
 The Watershed Management Plan must be updated in order to make complete and reliable information available to local and regional decision makers. This project consists of updating the Hillsborough County Watershed Management Plan, completed in fiscal year 2002, to reflect land use changes. The scope of work includes, but is not limited to, converting the datum from NGVD29 to NAVD88; updating basin delineation to reflect land use changes and to correct any existing errors; updating the hydrology/hydraulic model to reflect land use changes and new completed projects; updating the water quality loading models; and updating the GIS database. Public meetings will also be conducted during the development of the plans, to solicit input from residents and any other concerned citizens regarding issues in these watersheds.

Operating Cost Impact:
 There are no operating or maintenance costs associated with this project.

Project Completion Date: Ongoing

Expenditure Plan (in \$000's):

PROJECT TITLE: GREENHILLS DRIVE DRAINAGE IMPROVEMENTS PROJECT NO: 41071

CIE REQUIREMENT: Y

LEVEL OF SERVICE IMPACT: M PROGRAM: STORMWATER

Project Description:

The preferred alternative solution is to purchase property to the south where another large sinkhole pond exists. This pond has enough available storage to relieve flooding in the area. Eighteen inch RCP would be installed from a small pond to the south of Greenhills Drive to the newly purchased pond property. This pipe, along with the existing (currently blocked) pipe under Greenhills Drive, will equalize flood elevations in the ponds without flooding streets or homes.

Operating Cost Impact:

Annual operating and maintenance costs are estimated to be \$445 per year.

Project Completion Date: Apr 2007

Neighborhood Community Area:

Valrico (Central)

41071

Expenditure Plan (in \$000's):

PROJECT TITLE: GULF CITY ROAD STORMWATER IMPROVEMENTS-PROJECT 1.1-1 PROJECT NO: 41081

CIE REQUIREMENT: Y

LEVEL OF SERVICE IMPACT: M PROGRAM: STORMWATER

Project Description:

Replace the two existing 48-inch RCPs with three 66-inch RCPs (a detailed survey would indicate if it would be preferable to add two 66-inch RCPs to the existing structures). Historic flooding complaints have been reported in this area. Modeling indicates that the road overtops in excess of 6 inches due to the 340 acre drainage basin to the south that is primarily agricultural land use.

Operating Cost Impact:

Annual operating and maintenance costs are estimated to be \$683 per year.

Project Completion Date: Aug 2008

Neighborhood Community Area:

Ruskin (South)

41081

PROJECT TITLE: HANCOCK STREET SIDEWALK DRAINAGE IMPROVEMENTS
PROJECT NO: 41151
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: STORMWATER

Project Description:
 Construct D.B.I. in the low area of the sidewalk and pipe northward to Hannaway Drive. Replace those pipes that are of insufficient size and at incorrect elevations from Hancock eastward to Providence Road. The sidewalk on the west side of Hancock Street floods due to no outfall established. Students who walk to Riverview Elementary School have to walk in the road due to the high water.

Operating Cost Impact:
 Annual operating and maintenance costs are estimated to be \$275 per year.

Project Completion Date: Jul 2008

PROJECT TITLE: LAKE JUNE WETLANDS RESTORATION PROJECT NO: 41149

CIE REQUIREMENT: Y
 LEVEL OF SERVICE IMPACT: E

PROGRAM: STORMWATER

Project Description:

This project will acquire easements, remove land bridge, restore wetlands, construct new culverts and upgrade ditches. Ditches and culverts do not have adequate capacity to handle the flow. Lake June was partially filled with a land bridge, reducing its storage volume and blocking the historical flow way from Wee Lake to the Windhorst ditch.

Operating Cost Impact:

Annual operating and maintenance costs are estimated to be \$1,675 per year.

Project Completion Date: Jan 2010

Neighborhood Community Area:

Town N' Country (Northwest)

PROJECT TITLE: SAND POND DRAINAGE SYSTEM IMPROVEMENTS PD&E PHASE
PROJECT NO: 41138
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: STORMWATER

Project Description:
 Lakewood Drive had water over topping the road during the 10 year/24 hour storm event. There is also severe flooding of commercial properties and some local street flooding. This project will provide for the PD&E phase for the following two items: 1) Provide a second outfall system to Sand Pond by constructing a pump station and 2) upgrade conveyance along the entire Sand Pond system. The project goes from Lakeside Drive to Lakewood Drive.

Operating Cost Impact:
 There are no operating or maintenance costs associated with this phase.

Note: PD&E stands for Preliminary Development and Environmental phase. For purposes of this schedule, PD&E includes all work through 30% design. It is at 30% design that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. This schedule reflects projects not yet through the PD&E phase. As a result, the cost and date estimates for projects on this schedule are still tentative and subject to change as the study progresses.

PROJECT TITLE:
22ND STREET COMMUNITY MAIN STREET PROJECT
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NO: 61147

PROGRAM: TRANSPORTATION/ROADS

Project Description:

This project will enhance 22nd Street from Club Drive to Bears Avenue. These enhancements will include acquiring, expanding and improving right-of-way to include wider travel lanes, left turn lanes, storm inlets, curbs, sidewalks, bicycle lanes street parking, streetscaping, and landscaping. This project is part of the University Area Community Plan.

Operating Cost Impact:

Annual operating and maintenance costs will be determined once design is completed.

Project Completion Date: May 2009

Neighborhood Community Area:

USF (North Tampa)

Expenditure Plan (in \$000's):

	Total Est Cost	Prior Yrs Funding	FY 07	FY 08	FY 09	FY 10	FY 11	Future

PROJECT TITLE: BRUCE B. DOWNS (BEARSS AVENUE TO PALM SPRINGS) ROAD WIDENING
PROJECT NO: 61045
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: TRANSPORTATION/ROADS

Project Description:
 This project is one of three phases of the Bruce B Downs Road widening from Bearss Avenue to Pasco County Line. This phase is funded for design and land acquisition only. No funding has been provided for construction. The project involves the widening of Bruce B Downs from four to eight lanes as determined by the Project Development and Environmental (PD&E) study managed by FDOT. The widening includes a bridge, new storm sewer systems, ponds, flood plain and wetland mitigation. The design will also include an analysis of pedestrian bridges and noise barrier walls to comply with federal requirements. Hillsborough County is managing the project for FDOT through a LAP agreement. The schedule for construction cannot be determined until funding becomes available.

Operating Cost Impact:
 Annual operating and maintenance costs will be determined when design is completed.

Project Completion Date: TBD

PROJECT TITLE: BRUCE B. DOWNS (PALM SPRINGS TO PEBBLE CREEK DRIVE SOUTH) ROAD WIDENING
PROJECT NO: 61044
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: TRANSPORTATION/ROADS

Project Description:
 This project is one of three phases of the Bruce B Downs Road widening from Bearss Avenue to Pasco County Line. This phase is funded for design, land acquisition and construction. This phase was selected for full funding due to the heavy traffic section occurring within this area. The project involves the widening of Bruce B Downs from four to eight lanes as determined by the Project Development and Environmental (PD&E) study managed by FDOT. The widening includes a bridge, new storm sewer systems, ponds, flood plain and wetland mitigation. The design will also include an analysis of pedestrian bridges and noise barrier walls to comply with federal requirements. Hillsborough County is managing the project for FDOT through a LAP agreement.

Operating Cost Impact:
 Annual operating and maintenance costs will be determined when design is completed.

PROJECT TITLE: GORNTO LAKE ROAD EXTENSION (BRANDON TOWN CENTER TO SR 60)
PROJECT NO: 69127
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: TRANSPORTATION/ROADS

Project Description:
 This project includes PD&E, design, land acquisition and construction of a 4 lane section of roadway from the dead end of the existing Gornto Lake Road at Brandon Town Center to State Road 60.

Operating Cost Impact:
 Annual operating and maintenance costs will be determined once design is completed.

Project Completion Date: Dec 2008

PROJECT TITLE: LITHIA PINECREST RD (SR 60 TO CR 39) PROJECT DEVELOPMENT & ENVIRONMENTAL STUDY
 PROJECT NO: 69125

CIE REQUIREMENT: Y

LEVEL OF SERVICE IMPACT: F

PROGRAM: TRANSPORTATION/ROADS

Project Description:

Perform a Preliminary Development and Environmental (PD&E) study on the Lithia Pinecrest Road corridor from State Road 60 to County Route 39. The results of the PD&E study will determine the scope of the work to be performed and may indicate interim improvements along the corridor (e.g. a four lane facility or other alternatives).

Neighborhood Community Area:

Operating Cost Impact:

There is no operating and maintenance cost impact anticipated.

Project Completion Date: Apr 2008

Expenditure Plan (in \$000's):

	Total Est Cost	Prior Yrs Funding	FY 07	FY 08	FY 09	FY 10	FY 11	Future

PROJECT TITLE: LUMSDEN CONTINUOUS RIGHT TURN LANE FROM I-75 TO PROVIDENCE RD
 PROJECT NO: 61047

CIE REQUIREMENT: Y

LEVEL OF SERVICE IMPACT: E

PROGRAM: TRANSPORTATION/ROADS

Project Description:

Development in the area has resulted in the construction of numerous right turn lanes on the south side of Lumsden. This results in motorists weaving across lanes to get to the right turn lane of their choice. Constructing a continuous right turn lane will eliminate this condition which will provide additional capacity and safer traffic conditions.

Neighborhood Community Area:

Operating Cost Impact:

Annual operating and maintenance costs are estimated to be \$3,497 per year.

Project Completion Date: May 2008

PROJECT TITLE: US 301 WIDENING
PROJECT NO: 61051
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: F
PROGRAM: TRANSPORTATION/ROADS

Project Description:
 This project is a state managed project to widen US Highway 301 from two to six lanes from SR 674 to Gibsonton Drive. Although this is a state project, funding for this project will be provided by contributions from the County, the Florida Department of Transportation, and developers. Right of way exists for the road but land will be needed for storm water management facilities. Several of the required pond sites will be provided by developers. Widening is required to meet concurrency requirements by providing adequate facilities to accommodate future traffic from proposed development.

Operating Cost Impact:
 No impact on annual operating and maintenance costs is anticipated.

Project Completion Date: FDOT Project

PROJECT TITLE: BENJAMIN ROAD OVER SWEETWATER CREEK BRIDGE
PROJECT NO: 69221
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: M
PROGRAM: TRANSPORTATION/BRIDGES

Project Description:
 The complete replacement of a deficient bridge number 104212. The structure has a low sufficiency rating of 59.2. The deck, superstructure and substructure are rated 5 fair condition. A substructure pile bent has settled.

Operating Cost Impact:
 No impact on annual operating and maintenance costs is anticipated.

PROJECT TITLE: COLUMBUS DRIVE OVER HILLSBOROUGH RIVER BRIDGE REHABILITATION
PROJECT NO: 69225
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: M
PROGRAM: TRANSPORTATION/BRIDGES

Project Description:
 The project consists of repairs to the mechanical and electrical systems of a movable bridge. Also the corroded structural steel in the lower portions need to be cleaned of rust and lead paint and repaired or replaced. Detailed schedule and cost estimate to be determined after PD&E study being done under CIP number 62230 is complete. The existing bridge structure is in a deteriorated condition. Heavily corroded steel bottom lateral bracing members have fallen off the structure. The mechanical systems are showing signs of wear and misalignment.

Operating Cost Impact:
 No change in operating and maintenance costs is anticipated.

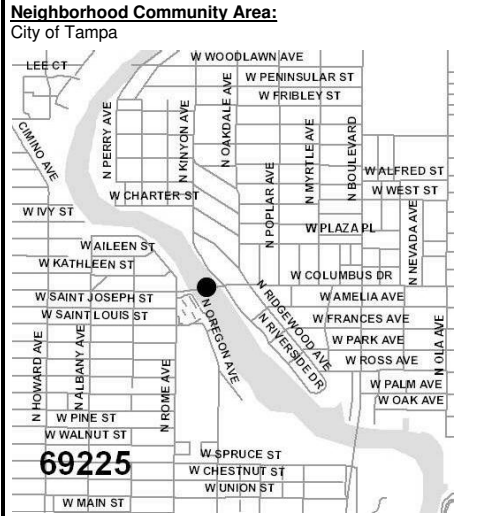

Project Completion Date: TBD

PROJECT TITLE: PLATT STREET OVER HILLSBOROUGH RIVER BRIDGE REHABILITATION
PROJECT NO: 69226
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: M
PROGRAM: TRANSPORTATION/BRIDGES

Project Description:
 The project consists of repairs to the mechanical and electrical systems of a movable bridge. Also the corroded structural steel in the lower portions need to be cleaned of rust and lead paint and repaired or replaced. Detailed schedule and cost estimate to be determined after PD&E study being done under CIP number 62229 is complete. The existing bridge structure is in a deteriorated condition. Heavily corroded steel bottom lateral bracing members have fallen off the structure. The mechanical systems are showing signs of wear and misalignment.

Operating Cost Impact:
 No change in operating and maintenance costs is anticipated.

Project Completion Date: TBD

PROJECT TITLE: TAMPA BAY & COASTAL BASIN WETLAND MITIGATION AREA FOR BRIDGE REPLACEMENT PROJECTS
PROJECT NO: 69224
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: M
PROGRAM: TRANSPORTATION/BRIDGES

Project Description:

Construct the Tampa Bay & coastal basin wetland mitigation area for specific bridge replacement projects which includes the placement of specific plants to meet the requirements of wetland creation. Construction of the Tampa Bay and coastal basin wetland mitigation area will create mitigation at two locations: Balm Scrub and Wolf Branch Creek. This area will provide the mitigation required by the EPC for bridge replacement projects Memorial Highway over Double Branch Creek, Memorial Highway over Dick Creek Branch, Symmes Road over Bullfrog Creek, Fairway Boulevard over Flamingo Canal.

Operating Cost Impact:

Annual operating and maintenance costs are anticipated to be minimal.

Project Completion Date: Jun 2007

Neighborhood Community Area:

Various

PROJECT TITLE: COUNTYWIDE SCHOOL TRAFFIC SAFETY DEVICES PROGRAM
PROJECT NO: 63003
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: TRANSPORTATION/INTERSECTIONS

Project Description:
 With the addition of several schools each year there is a need for traffic control devices in areas where the children cross the street. Increased sidewalk construction has increased the number of children walking to and from school, increasing the need for both new crosswalks and new traffic control devices such as flashing lights to reduce the speed of traffic.

Operating Cost Impact:
 No change in operating and maintenance costs is anticipated.

Project Completion Date: Ongoing

Neighborhood Community Area:
 Countywide

PROJECT TITLE: HANLEY ROAD AND WATERS AVENUE INTERSECTION IMPROVEMENTS
PROJECT NO: 69351
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: M
PROGRAM: TRANSPORTATION/INTERSECTIONS

Project Description:
 This project will consist of designing and constructing intersection improvements that will consist of turn lanes, channelization of traffic and improved signalization.

Operating Cost Impact:
 Annual operating and maintenance costs not yet determined.

Project Completion Date: Feb 2011

Expenditure Plan (in \$000's):

PROJECT TITLE: LAKESHORE ROAD AND VAN DYKE ROAD INTERSECTION IMPROVEMENTS - PHASE II PROJECT NO: 69357

CIE REQUIREMENT: Y PROGRAM: TRANSPORTATION/INTERSECTIONS
 LEVEL OF SERVICE IMPACT: E

Project Description:
 Extend Lakeshore Road north of Van Dyke Road. Install eastbound left turn lane. Modify existing traffic signal. Changing location of the left turn movement to a signalized location will increase safety along Van Dyke Road.

Operating Cost Impact:
 No increase in annual operating and maintenance costs is anticipated.

Project Completion Date: TBD

PROJECT TITLE: COUNTY / HART ADA ACCESSIBILITY ASSISTANCE PROGRAM PROJECT NO: 64099

CIE REQUIREMENT: Y PROGRAM: TRANSPORTATION/SIDEWALKS
 LEVEL OF SERVICE IMPACT: F

Project Description:
 To design and build ADA accessibility, connectivity and completion features at HART transit facilities in coordination with the HART prioritization of existing ADA accessibility completion needs near County pedestrian assets. The intent is to complete accessibility, not construct bus bays and ramps for HART. This will include up to 10 locations from the HART priority list that are acceptable to the County and consistent with County plans.

Operating Cost Impact:
 There are no operating and maintenance costs anticipated.

PROJECT TITLE: SIDEWALK RETROFIT CONSTRUCTION FUNDING FY 06
PROJECT NO: 69505
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: TRANSPORTATION/SIDEWALKS

Project Description:
 Funding of sidewalk retrofit construction in various locations throughout unincorporated Hillsborough County with Ad Valorem Tax and CIT funds. The sidewalk program is designed to provide safer pedestrian facilities with new construction as well as provide connectivity to the existing pedestrian facilities through retrofit projects throughout unincorporated Hillsborough County.

Operating Cost Impact:
 Annual operating and maintenance costs are estimated to be \$18,000 per year.

Project Completion Date: Dec 2006

Neighborhood Community Area:
 Countywide

Expenditure Plan (in \$000's):

PROJECT TITLE: EMERGENCY RESPONDERS TRAFFIC SIGNAL PREEMPTION PILOT PROGRAM
PROJECT NO: 65008
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: M
PROGRAM: TRANSPORTATION/OTHER

Project Description:
 This pilot program for emergency responders for traffic signal preemption will provide the County with its first capabilities to allow emergency vehicles including engines, rescues (ambulance) and other equipment deemed appropriate to pre-empt current traffic signal control at signalized intersections and provide better response times during emergency situations. The pilot program will focus efforts at the Falkenburg Road corridor (from MLK Blvd. to Palm River Road) including eight existing signalized intersections with two nearby fire stations, including the Hazardous Incident Team.

Operating Cost Impact:
 Annual operating and maintenance costs are estimated to be less than \$100 per year.

Note: PD&E stands for Preliminary Development and Environmental phase. For purposes of this schedule, PD&E includes all work through 30% design. It is at 30% design that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. This schedule reflects projects not yet through the PD&E phase. As a result, the cost and date estimates for projects on this schedule are still tentative and subject to change as the study progresses.

PROJECT TITLE: CAUSEWAY BLVD JOINT PROJECT AGREEMENT WITH FDOT FOR WATER/SEWER LINE EXTENSIONS
PROJECT NO: 31958
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: F
PROGRAM: WATER SERVICES/POTABLE WATER

Project Description:

Design and construct approximately 14,000 feet of 12-inch water main and 16,000 feet of sewer force main ranging in size from 6 inches to 18 inches in diameter along Causeway Boulevard from US 41 to US 301 in a joint project agreement with the FDOT. This project is required to handle new customers in the City of Tampa service area that currently do not have access to service.

Operating Cost Impact:

None.

Project Completion Date: TBD

Neighborhood Community Area:

Palm River (Central)

PROJECT TITLE: CENTRAL DRIVE WATER MAIN PHASE II
PROJECT NO: 31962
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: WATER SERVICES/POTABLE WATER

Project Description:

Design and construct approximately 1,200 feet of 6 inch potable water main from the existing 8 inch water main at the intersection of SR 60 and Central Drive to the 6 inch water main at the intersection of Kings Avenue and Central Drive.

Operating Cost Impact:

None

Project Completion Date: Aug 2010

Neighborhood Community Area:

Brandon (Central)

PROJECT TITLE: CENTRAL HILLSBOROUGH WATER TREATMENT FACILITY
PROJECT NO: 31952
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: WATER SERVICES/POTABLE WATER

Project Description:
 Design and construct a new Water Treatment Plant near Falkenburg Road that will serve existing and future customers in the northern portion of the South Central Service area and provide an additional 12.2 Million Gallons per day average capacity.

Operating Cost Impact:
 Operating cost impact of \$794,600 starting in FY 09. Requires 12 new positions.

Project Completion Date: Jan 2009

Expenditure Plan (in \$000's):

PROJECT TITLE: LINEBAUGH AVENUE 12 INCH WATER TRANSMISSION MAIN
PROJECT NO: 31158
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E,F
PROGRAM: WATER SERVICES/POTABLE WATER

Project Description:
 Design and construct 10,500 ft of 12 inch diameter water transmission main along Linebaugh Avenue from Henderson Road to Mullis City Way. Also included in the project scope are three intermediate inter connects: 1) approximately 2,000 feet of 12-inch potable water main along the east side of Anderson Road from Linebaugh south; 2) approximately 800 feet of 8-inch potable water main along Nixon Road from Cedar Dune Drive south to Linebaugh; 3) approximately 900 feet of 8-inch potable water main from Plantation Blvd. south to Linebaugh and install fire hydrants along the north and south right-of-way of Linebaugh from Henderson to Mullis City Way.

Operating Cost Impact:
 Operating cost impact of \$2,250 starting in FY 07 and \$4,500 thereafter.

Project Completion Date: Dec 2009

PROJECT TITLE: LITHIA WTP ADDITIONAL PUMPING CAPACITY & GENERATOR
PROJECT NO: 31949
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E,M
PROGRAM: WATER SERVICES/POTABLE WATER

Project Description:
 Replace two existing constant speed pumps with two new 2000 hp variable speed pumps, controls, electrical, SCADA etc. Add additional emergency diesel back-up power generators and accessories. Design and construct one 5 MG pre-stressed ground storage tank. Repair existing pressure regulating splitter valve. Scope change includes increasing the emergency generator building size for future expansion as well as the installation of an overhead crane to be able to move the generators around for repair and replacement. These items were determined to be necessary after operating during several hurricanes in FY04.

Operating Cost Impact:
 Operating Cost Impact of \$375,000 starting in FY 08

PROJECT TITLE: ARMAND DRIVE GRAVITY SEWER - PUMP STATION REPLACEMENT PROJECT NO: 10641
 CIE REQUIREMENT: Y
 LEVEL OF SERVICE IMPACT: M PROGRAM: WATER SERVICES/WASTEWATER

Project Description:
 This project redirects the flow from the existing Armand Drive pump station to the 15 inch gravity transmission system on Hanley Road at West Cluster Avenue. Design and construction of six new manholes and 100 feet of gravity sewer line and the restoration of nine services will be required. Additionally, demolishing the old pump station and abandonment of 8 manholes and 2,100 feet of piping must be accomplished.

Operating Cost Impact:
 None

Project Completion Date: Aug 2010

PROJECT TITLE: BOYETTE 20" FORCEMAIN TECO/BALM RIVERVIEW TO FISHHAWK
PROJECT NO: 10127
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E,F
PROGRAM: WATER SERVICES/WASTEWATER

Project Description:
 Construction of approximately 23,700 ft of 20" waste water force main within the rights of way (ROW) of Boyette Road and Fish Hawk Blvd. between Balm Riverview Rd. to the west and the extension of Culbreath Rd. to the east. Phase A consists of 9,100 ft to be located in Fish Hawk Blvd. ROW from Bell Shoals Rd. to the proposed extension of Culbreath Rd. Phase B consists of 14,600 ft to be located in Boyette Rd. ROW from Balm Riverview Rd. to Bell Shoals Rd and is tied to the engineering and ROW acquisition required for the County's widening of Boyette Rd. within the above limits.

Operating Cost Impact:
 Operating cost impact of \$18,833 per year starting in FY 07

Project Completion Date: Sep 2009

PROJECT TITLE: COMANCHE AVE PARTIAL FORCE MAIN REPLACEMENT
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NO: 10790

PROGRAM: WATER SERVICES/WASTEWATER

Project Description:

Partial force main replacement along Comanche Avenue from the master pump station to Sweetwater Creek on the east side and from the west side of Sweetwater Creek to Hanley Road for a distance of approximately 2300 linear feet. This includes new air release valve assemblies, replace the 14-inch DIP discharge pipe in the Comanche Avenue pump station to include new bend and fittings and reconnect to existing force mains.

Operating Cost Impact:

None

Project Completion Date: Dec 2008

Neighborhood Community Area:

Town N' Country (Northwest)

PROJECT TITLE: COUNTYWIDE MAJOR WASTEWATER PUMP STATIONS REFURBISH
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NO: 10138

PROGRAM: WATER SERVICES/WASTEWATER

Project Description:

This project provides for the annual major rehabilitation of 40-60 of the 430 lift stations owned, operated and maintained by the Water Dept. Failure to provide extensive maintenance will result in outages and increased O&M costs.

Operating Cost Impact:

No significant change in annual operating costs is anticipated.

PROJECT TITLE: FALKENBURG PLANT EXPANSION FROM 9 TO 12 MGD
PROJECT NO: 10772
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: F
PROGRAM: WATER SERVICES/WASTEWATER

Project Description:
 Design and construct an expansion at the Falkenburg Advanced Wastewater Treatment Plant to expand the facility from 9 to 12 million gallons per day. Scope change includes the design and construction of an additional 5mg effluent storage tank and a 12mg effluent reject pond as well as land acquisition to site these facilities. Recent rule changes may require these items to receive a FDEP permit. Final scope change reflects an additional clarifier to be added and electrical changes related to back-up power as well as recent escalation in construction bid prices overall.

Operating Cost Impact:
 Operating Cost Impact of \$313,000 starting in FY 09. One position required.

Project Completion Date: Jan 2009

PROJECT TITLE: LARGE DIAMETER FORCE MAIN VALVE INSTALLATIONS PROJECT NO: 10642
 CIE REQUIREMENT: Y
 LEVEL OF SERVICE IMPACT: M PROGRAM: WATER SERVICES/WASTEWATER

Project Description:
 This project will install 16", 20" and 24" plug valves (10 valves total) in existing sewage transmission force mains. The force mains are from Nature's Way, Clay Avenue, College Avenue and Miller Mac pump stations. Existing valves have deteriorated beyond use. Installation of these proposed valves are for operational purposes. Valve installations will occur under pressure and systems will not be out of service.

Operating Cost Impact:
 Operating cost of \$1,000 per year starting in FY11.

Project Completion Date: Aug 2010

Neighborhood Community Area:
 Countywide

PROJECT TITLE: NORTHWEST CLASS A SLUDGE PROCESSING FACILITY
 CIE REQUIREMENT: Y
 LEVEL OF SERVICE IMPACT: E,M

PROJECT NO: 10759

PROGRAM: WATER SERVICES/WASTEWATER

Project Description:

Design, permit and construct a class A sludge thermal processing facility including odor control systems at the Northwest Regional Advanced Wastewater Treatment Plant. Scope change includes the design and installation of centrifuges to replace the belt press equipment which has nearly reached the end of its useful life. It is anticipated that the fuel cost for the dryer will decrease the adding this equipment. A payback was calculated to be less than 10 years.

Neighborhood Community Area:

Citrus Park (Northwest)

Operating Cost Impact:

Operating cost impact is estimated to be \$2,120,000 starting in FY 09. Requires 11 new positions.

Project Completion Date: Sep 2008

Expenditure Plan (in \$000's):

PROJECT TITLE: NORTHWEST TREATMENT PLANT EXPANSION FROM 5 TO 10 MGD
PROJECT NO: 10769
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: WATER SERVICES/WASTEWATER

Project Description:
 Design and construction of a phased project to refurbish and replace aging equipment at the existing Northwest Regional Water Reclamation Facility (NWRWRF) and to construct a new parallel 5 million gallon per day (MGD) treatment train to increase the total treatment capacity of the plant from 5.0 to 10.0 MGD. The new treatment train will include a new headworks structure, new aeration tankage and equipment, new clarifiers and equipment, new filters, new disinfection facilities, pumps, piping, electrical, instrumentation and controls, reject pond expansion and new reclaimed water storage tank. The refurbishment / replacement work will consist of new barscreen, augmented aeration equipment, augmented methanol feed system, upgrade of the ammonia feed equipment, and replacement of the sulphur dioxide dechlorination system with a safer sodium bisulfite dechlorination system.

Operating Cost Impact:
 Operating cost impact of \$521,200 starting in FY 09. Requires 4 new positions.

Project Completion Date: Mar 2009

PROJECT TITLE: SUPERVISORY CONTROL & ACQUISITION OF DATA FOR PUMP STATIONS PHASE II
PROJECT NO: 10794
CIE REQUIREMENT: Y
LEVEL OF SERVICE IMPACT: E
PROGRAM: WATER SERVICES/WASTEWATER

Project Description:
 Design and installation of a remote monitoring and telemetry system using VHF radio communications at all County wastewater pumping stations (approximately 700). This project also includes construction of three radio tower sites to accommodate the VHF communications. The goal of this project is to eliminate sewer overflows and increase the operational efficiency of pump stations.

Operating Cost Impact:
 Operating cost impact of \$50,000 in FY10 and \$75,000 thereafter.

Project Completion Date: Dec 2013

LIST OF PROPOSED A.D.A. RAMP PROJECTS

Proposed A.D.A. Ramp projects are now being defined on a square mile basis. Within the indicated 1 square mile area, existing ramps will be evaluated for upgrades and new ramps will be constructed to complete accessible routes as part of the same project. The list below shows map coordinates and general location for each proposed area. The list is tentative and subject to revision. Based upon the priority rating of A.D.A. ramps, the next areas to be evaluated and retrofitted are:

Township	Range	Section(s)	Description
28	17	13	Area N of Linebaugh, between Veterans & Henderson
29	21	30	Area N of Lumsden, between Valrico & Saint Cloud
28	19	13	Area S of Fowler, between City of Temple Terrace & I 75
29	19	24	Palm River Area, S of Adamo and W of 301
29	21	31	Area N of Durant, between Valrico & Saint Cloud
32	19	7	Area S of Shellpoint, between 14th & US 41
30	20	17	Area S of Hackney, between Krycul & Providence
29	19	2	East Lake Area, S of Hillsborough, between Harney & Orient
28	18	29	Area S of Waters between Anderson & Manhattan
30	20	8	Area N of Hackney, between Krycul & Providence

LIST OF FY 07 SIDEWALK PROJECTS

Please note that the following list is tentative and subject to change.

FY 07 Sidewalk Projects

Big Bend Road – Balm Riverview Road to Lovers Lane

Brucken Road – Brooker Road to Guiles Road

Edgeknoll Drive – Myrtlewood Drive to Greenland Drive

Gunn Highway – Casey Road to Existing Sidewalk at Tire Kingdom

Idlewild Avenue – Occident Street to Manhattan Avenue

Occident Street – Knollwood Street to Hiawatha Street

South Pinelake Drive – N. Oregon Ave. to Forest Hills Drive and Round Pond Ave. – Rome Avenue to N. Oregon Avenue

Taliaferro Avenue – 120th Avenue to 127th Avenue

Valrie Lane – McMuulen Loop to Dead End

Multi-year Sidewalk Projects

Rome Avenue – Fletcher Avenue to Magdalene Hill Drive

Rome Avenue – Leisure Avenue to Haven Bend

Haven Bend – Rome Avenue to Bearss Avenue

Vandervort Road – Hanna Road to Livingston Avenue

FY 07 WATER SERVICES MASTER ACCOUNT PROJECTS

Project Number	Project Name	Description	FY07
31957	Fire Flow Deficiency Master Project	Design and construct water lines for areas that cannot currently support fire flow and add hydrants to meet technical manual standards. Specific areas were identified in a study and will be implemented over a 20 year period.	\$2,050,000
31945	Utility Relocation - Master Project	Provide funding to the Public Works Department for CIP projects that require utility relocation of water, wastewater, or reclaimed water lines.	\$1,000,000
30116	Water Treatment R&R -Master Project	Perform renewal and replacement project of approximately \$200,000-\$400,000 each at the Water Treatment facilities including Lithia, Fawn Ridge, Lake Park and the Manors of Crystal Lake.	\$1,222,000
10138	Countywide Major WW Pump Stations Refurbish_Master Project	Refurbishment of 30 pump stations in the Northwest and 30 pump stations in the South	\$2,100,000
10140	Countywide WW Pump Station Replacements-Master Project	Replace 2- 3 pumping stations per year at \$400,000- \$600,000 each	\$1,250,000
10768	Low Pressure Sewer System LPSS - Master Project	Retrofit and install approximately 100 LPSS units in the South County area per year.	\$1,500,000
10744	Manhole Inspection & Rehabilitation Program-Master Project	Replacement of 3 manholes and rehabilitation of 90 manholes in the Northwest and replacement of 3 manholes and rehabilitation of 90 manholes in the South-Central Service Areas.	\$1,000,000
10745	Regional Wastewater Treatment Plant R&R - Master Project	Perform pump, piping and tank R&R of approximately \$200,000 to \$400,000 at Falkenburg, River Oaks, Valrico, Dale Mabry, South County, and Northwest Regional Wastewater Treatment Facilities.	\$2,000,000
10747	Sub-Regional WW Treatment Plant R&R Master Project	Perform pump, pipeline and tank R&R at Bahia Beach and Van Dyke Wastewater Treatment Plants	\$100,000
10750	Wastewater Slip Lining - Master Project	Slipline approximately 10 areas in the South Central and 10 areas in the Northwest service areas. Specific areas have been determined with the review of TV tapes by Line Maintenance.	\$2,000,000
10795	Reclaimed Water Pump Station Refurbishment Master Project	Repair/replace outdated equipment that fails at reclaimed water pumping stations such as pumps and control panels.	\$100,000
19017	RWTM Ext. To New Developments And RWIU's-Master Project	Design and construction of RWTM's to new developments and existing RWIU's.	\$200,000
Total			\$14,522,000

This schedule shows funded projects to be completed during FY 07 based on project needs and public comments.

Schedule is subject to change depending on program demands and emergencies.

DEFINITIONS

ADA – Americans with Disabilities Act. There are a number of projects in this document which specifically address ADA compliance. These projects enable handicapped access to County facilities.

AD VALOREM TAX - A tax levied in proportion (usually millage rates) to the assessed value of the property on which it is levied.

ALL YEARS BUDGET - Budgeting and reporting grant and capital project appropriations and expenditures from grant or project inception through the desired reporting period, as opposed to budgeting and reporting on a fiscal year basis. As a result, each year's budget only reflects that year's changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted from the budget.

APPROPRIATION - The legal authorization of funds granted by a legislative body, such as Hillsborough County's Board of County Commissioners, to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and time duration. It is the act of appropriation that funds a budget.

BEGINNING FUND BALANCE - The Ending Fund Balance of the previous period. (See Ending Fund Balance definition.)

BOCC - Hillsborough County Board of County Commissioners

BOND - Written evidence of the issuer's obligation to repay a specified principal amount on a certain date (maturity date), together with interest at a stated rate, or according to a formula for determining that rate.

BUDGET FY 07 - Funds authorized by the BOCC for fiscal year 2007.

CAPITAL BUDGET - The financial plan of capital project expenditures for the fiscal year beginning October 1. It incorporates anticipated revenues and appropriations included in the first year of the five-year Capital Improvement Program (CIP). The Capital Budget is adopted by the BOCC as a part of the annual County Budget.

CAPITAL IMPROVEMENTS ELEMENT (CIE) - An element of the Comprehensive Plan which identifies the revenues, costs, and location of the

six public facility types required by concurrency: Parks, Solid Waste, Stormwater, Transportation, Water, and Wastewater based on service level standards and the land use plan adopted by the BOCC.

CAPITAL IMPROVEMENT PROGRAM (CIP) - The financial plan of approved capital projects, their timing, and cost over a six-year period in the first year of a biennial budget, and over a five-year period in the second year of a biennial budget. The CIP is designed to meet County infrastructure needs in a responsive and efficient manner. It includes projects which are, or will become the property of Hillsborough County, as well as, projects that although are not owned by the County, will be part of a joint project agreement.

CAPITAL PROJECT - Funds budgeted/expended for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation, and replacement of a facility or a major component of a facility, with a life expectancy of at least five years, and any land, design, feasibility studies, engineering studies, and engineering costs related thereto. To be included in the CIP, a project must have a definite scope of work, timeframe, and cost estimate.

COMMUNITY INVESTMENT TAX (CIT) - A discretionary half cent sales surtax approved by the voters to finance general government, public safety, educational and other facilities in Hillsborough County and the cities of Tampa, Plant City and Temple Terrace.

DEBT SERVICE – Dollars required to repay funds borrowed by means of issuance of bonds or through a bank loan. The components of debt service typically include an amount to repay a portion of the principal amount borrowed as well as interest on the remaining outstanding (unpaid) principal balance.

DEVELOPMENT OF REGIONAL IMPACT (DRI) - A property development of large size which, based on state mandated thresholds is likely to impact more than one county.

ELAPP – Environmental Lands Acquisition and Protection Program.

DEFINITIONS

ENCUMBRANCE - Legal commitment of budgeted funds set aside for the payments of outstanding contractual obligations.

ENDING FUND BALANCE - Funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year plus revenues received during the year less expenses equals ending fund balance.

ENTERPRISE FUND - A fund used to account for operations that are financed and operated in a manner similar to private business enterprises wherein the stated intent is that the costs (including depreciation) of providing goods and services be financed from revenues recovered primarily through user fees.

FISCAL YEAR 2007 (FY 07) - The 12-month fiscal period beginning October 1, 2006 and ending September 30, 2007. It can also be referred to or shown as FY 07.

GENERAL REVENUES - This revenue category includes funding from ad valorem taxes, state revenue sharing and half-cent local government sales tax.

FUND - An accounting entity used to record cash and other financial resources as well as an offsetting amount of liabilities and other uses. The resources and uses are segregated from other resources and uses for the purpose of carrying on specific activities or attaining specific objectives in accordance with special regulations, restrictions, or limitations.

FUTURE - Capital funding requirement identified for a project beyond the CIP FY 07 – FY 11 planning horizon.

FY 07 – Fiscal year beginning October 1, 2006 and ending September 30, 2007.

IMPACT FEES - A type of charge for services which is assessed on new construction in order to support specific new demands on a given type of infrastructure, e.g., transportation, schools, parks, and fire protection.

INFRASTRUCTURE - Infrastructure is a permanent installation such as a building, road, or water transmission system that provides public services.

LEVEL OF SERVICE - An indicator of the extent or degree of service provided by or proposed to be provided by a facility included in the Capital Improvements Element (CIE) based on and related to the operational characteristics of the facility. Level of service shall indicate the capacity per unit of demand for each public facility. (FL Administrative Code, Rule 9J-5.003 (47), Vol. 4, Page 973).

LEVEL OF SERVICE IMPACT - Impact on adopted levels of service of facilities included in the Capital Improvements Element (CIE) as follows: (M) the repair, remodeling, renovation or replacement of an existing County facility that will maintain levels of service in the Comprehensive Plan; (E) construction of a new facility or expansion of an existing facility that will reduce deficiencies in the levels of service in the Comprehensive Plan; (F) construction of a new facility or expansion of an existing facility is needed to meet levels of service from new development.

MASTER ACCOUNT - A Master Account is an account that is funded to repair and or replace equipment at various locations within the Water, Wastewater and Reclaimed Water Programs. The anticipated dollars associated with the repair and replacement of equipment at various facilities are grouped according to types and placed in a master account to allow for a more efficient method of handling repair and replacement needs as they arise. Needs are identified at the beginning of the year and are then prioritized throughout out the year to insure that the system is in good working condition.

MILL - A mill is .001 of one dollar, or 1/10th of one cent per dollar.

MILLAGE RATE - A rate per one thousand dollars of taxable property value which, when multiplied by the taxable value, yields the property tax billing for a given parcel.

MISCELLANEOUS (FUNDING SOURCE) - Revenues other than those received from standard sources such as taxes, licenses and permits, grants, and user fees.

DEFINITIONS

MUNICIPAL SERVICES TAXING UNIT (MSTU) - The taxing district which is comprised of all of the unincorporated area of the County. It provides services typically provided by a municipality (e.g., Sheriff's patrol, paramedic services, fire protection, parks and recreation, code enforcement, and road network maintenance) to the residents and businesses in the unincorporated area. The services are financed primarily by an ad valorem tax levied on all taxable property located in the unincorporated area.

NEW PROJECT - A capital project that has not been previously approved by the BOCC.

OPERATING COST IMPACT – Unless otherwise stated the operating cost impact reflected on the project's detail page represents the estimated additional annual recurring cost of maintaining the new facility / infrastructure, including any additional personnel required to operate the new facility.

PRE-PD&E PROJECTS – Capital projects for which work has not yet been completed through 30% design. It is at the 30% design stage that sufficient information has been developed about a project to have a reasonable idea of the project scope and land requirements, and therefore a better basis for estimating project costs and project duration. Therefore, cost and date estimates associated with projects classified as pre-PD&E are very tentative.

POST-PD&E PROJECTS – Capital projects for which work has been completed through 30% design. It is at the 30% design stage that sufficient information has been developed about a project to have a reasonable idea of the project scope and land requirements, and therefore a better basis for estimating project costs and project duration. Therefore, cost and date estimates associated with projects classified as post-PD&E are more definitive and represent the information against which project progress is measured.

PRIOR YEARS FUNDING – Total dollar amount of all previous fiscal year appropriations by the County for a capital project from inception plus

anticipated appropriations for the current fiscal year through September 30, 2006.

PROJECT COMPLETION DATE - This is the date the project will be available to the user for its intended purpose but there may be some outstanding financial issues pending such as outstanding invoices, contractual or legal disputes.

PROJECT DESCRIPTION - Brief explanation of each project's purpose and work scope.

RESERVES AND REFUNDS - Included in this category are funds required to meet both anticipated and unanticipated needs: the balance of anticipated earmarked revenues not required for operation in the budget year; estimated reimbursements to organizations, state, or federal governments for revenues received and not spent, and those required to be set aside by bond covenants.

SWFWMD - Southwest Florida Water Management District

TEA-21 - Transportation Equity Act for the 21st Century. Federal program which provides federal funds to assist local jurisdictions with their transportation improvements. Formerly known as ISTEA.

TRANSFERS - Due to legal or other restrictions, monies collected in one fund may need to be expended in other funds. A transfer is accomplished through Transfers-In (a source of funds) for the recipient fund and an equal Transfer-Out (a use of funds) for the donor fund. When transfer occurs between different funds, it is known as an Interfund Transfer. When it occurs between the restricted and unrestricted portions of the same fund, it is known as an Intrafund Transfer.

USER FEES - Charges for a specific governmental service which cover the cost of providing that service to the user, such as building permits, animal license fees and park fees.
