Geography & Demographics

Located midway on the west coast of Florida, Hillsborough County's boundaries encompass 1,048 square miles of land and 24 square miles of inland water for a total of 1,072 square miles. With the largest bay in Florida opening to the Gulf of Mexico, its coast spans 76 miles.

The unincorporated area is 84% of the total county area. The municipalities of Tampa (the county seat), Temple Terrace, and Plant City account for the remainder. According to the latest population estimate from the University of Florida's Bureau of Economic and Business Research, the county's April 1, 2020 total population was 1,479,095 making it the third most populous county in the state. Of this population, 1,019,128 or 69% live in the unincorporated area.

A Rich History

Hillsborough County takes its name from Wills Hill, the Earl of Hillsborough and British Colonial Secretary from 1768-1772. The Spanish first mapped and explored the area in the early 16th century. Between 1559 and 1819, the area now called Florida was under the rule of four nations: Spain, France, Great Britain and, finally, the United States. The United States purchased Florida from Spain in 1821 for \$5 million. In 1845, it was granted statehood. On January 25, 1834, the U.S. Legislative Council for the

Territory of Florida approved an act organizing Hillsborough as Florida's 19th county. Its area then was 5.5 million acres and included the present counties of Hillsborough, Pinellas, Polk, Pasco, Manatee, Sarasota, Charlotte, DeSoto, Hardee and Highlands. The civilian non-native population in 1834 was less than 100.

Hillsborough County's Board of County Commissioners held its first meeting on January 25, 1846. The county's first courthouse was a frontier cabin burned during the

Second Seminole War in 1836. In 1847, Capt. James McKay built a two story courthouse at a cost of \$1,358. A third structure was erected in 1855 and was used until 1891, when a red brick, domed structure mimicking the architecture of the Tampa Bay Hotel was built, occupying a square block in downtown Tampa. This is the courthouse depicted on today's County seal. The current courthouse was built in 1952 and a new county government administration building, called Frederick B. Karl County Center, opened in 1994.

The County's Economy

Hillsborough County has a diversified economic base including large professional and management services, health services and financial services sectors, as well as a thriving retail sector. In 2018 the four largest employers in the public sector are Hillsborough County School Board followed by MacDill Air Force Base, University of South Florida, and Hillsborough County government. Major private sector employers include Publix Super Markets, Busch Entertainment Corporation, Amazon, Tampa Electric Company, Bank of America, and JPMorgan Chase. Port Tampa Bay serves as the closest port in the United States to the Panama Canal. It is also the largest tonnage port in Florida and the twenty-first largest port in the United States with respect to 2017 annual tonnage. Ninety-seven percent of the cargo moving through the port is bulk phosphate, phosphate chemicals,

rock, coal, and petroleum products. The Garrison Seaport Center is a \$300 million cruise terminal and entertainment complex. Along with the Florida Aquarium, it is helping spur redevelopment in the area known as the Channel District.

Agriculture remains a significant element of Hillsborough's economy. The 2017 US Census of Agriculture shows Hillsborough County's agricultural product sales were \$447.6 million. Berries accounted for 32% of those sales. Vegetables were the second largest commodity by sales at 25%.

Tourism is another major component of the economy. The number of tourists visiting Florida is expected to continue growing. Busch Gardens of Tampa is one of the leading tourist attractions in the nation. There are numerous other attractions in Hillsborough County such as The Florida Aquarium, the Museum

of Science and Industry, Tampa Museum of Art, the Glazer Children's Museum, Zoo Tampa, the New York Yankees spring training facility, the Tampa Bay History Museum, and the Amalie Arena in downtown Tampa. The Florida State Fair is held in Hillsborough County annually. The county is also the home of the 2003 Super Bowl Champions, the Tampa Bay Buccaneers as well as the 2004 National Hockey League Stanley Cup Champions, the Tampa Bay Lightning. In July 2012, downtown Tampa was the site of the Republican National Convention. Also, in April 2014, Raymond James Stadium hosted the International Indian Film Academy Awards, and in 2017 hosted the College Football Playoff National Championship game. In 2019, the NCAA Women's Final Four was hosted at Amalie Arena. In 2021, the Super Bowl will be played in Hillsborough County.

Governing the County

A political subdivision of the State of Florida, the County is governed by an elected seven-member Board of County Commissioners.

Bonnie M. Wise
County Administrator

Through partisan elections, three are elected to represent the entire county as a district and four are elected to represent single-member districts. Under a Charter Ordinance effective May 1985, the Board is restricted to performing the legislative functions of government by developing policy for the management of Hillsborough County. The County Administrator, a professional appointed by the Board, and her staff are responsible for the implementation of those policies. The County Internal Auditor and the County Attorney also directly report to the Board.

The Board of County Commissioners is responsible for functions and services delivered throughout the county, including municipalities, and for municipal services to residents and businesses in the unincorporated area. The countywide responsibilities include such services as local social services, health care for the medically indigent, animal services, mosquito control, consumer protection, and a regional park system. Its responsibilities to the residents and businesses in the unincorporated area include, for example, fire protection, parks, emergency medical services, planning, zoning, and code enforcement.

The Board of County Commissioners also serves as the Environmental Protection Commission. Individual Board members serve on various other boards, authorities, and commissions, such as the Hillsborough Area Regional Transit Authority, Tampa Bay Regional Planning Council, Tampa Bay Water, Aviation Authority, Expressway Authority, Sports Authority, Arts Council, Drug Abuse Coordinating Council,

Metropolitan Planning Organization, Council of Governments and the Economic Development Corporation.

The County Administrator

The Board of County Commissioners appoints the County Administrator, who is responsible for carrying out all decisions, policies, ordinances, and motions of the Board.

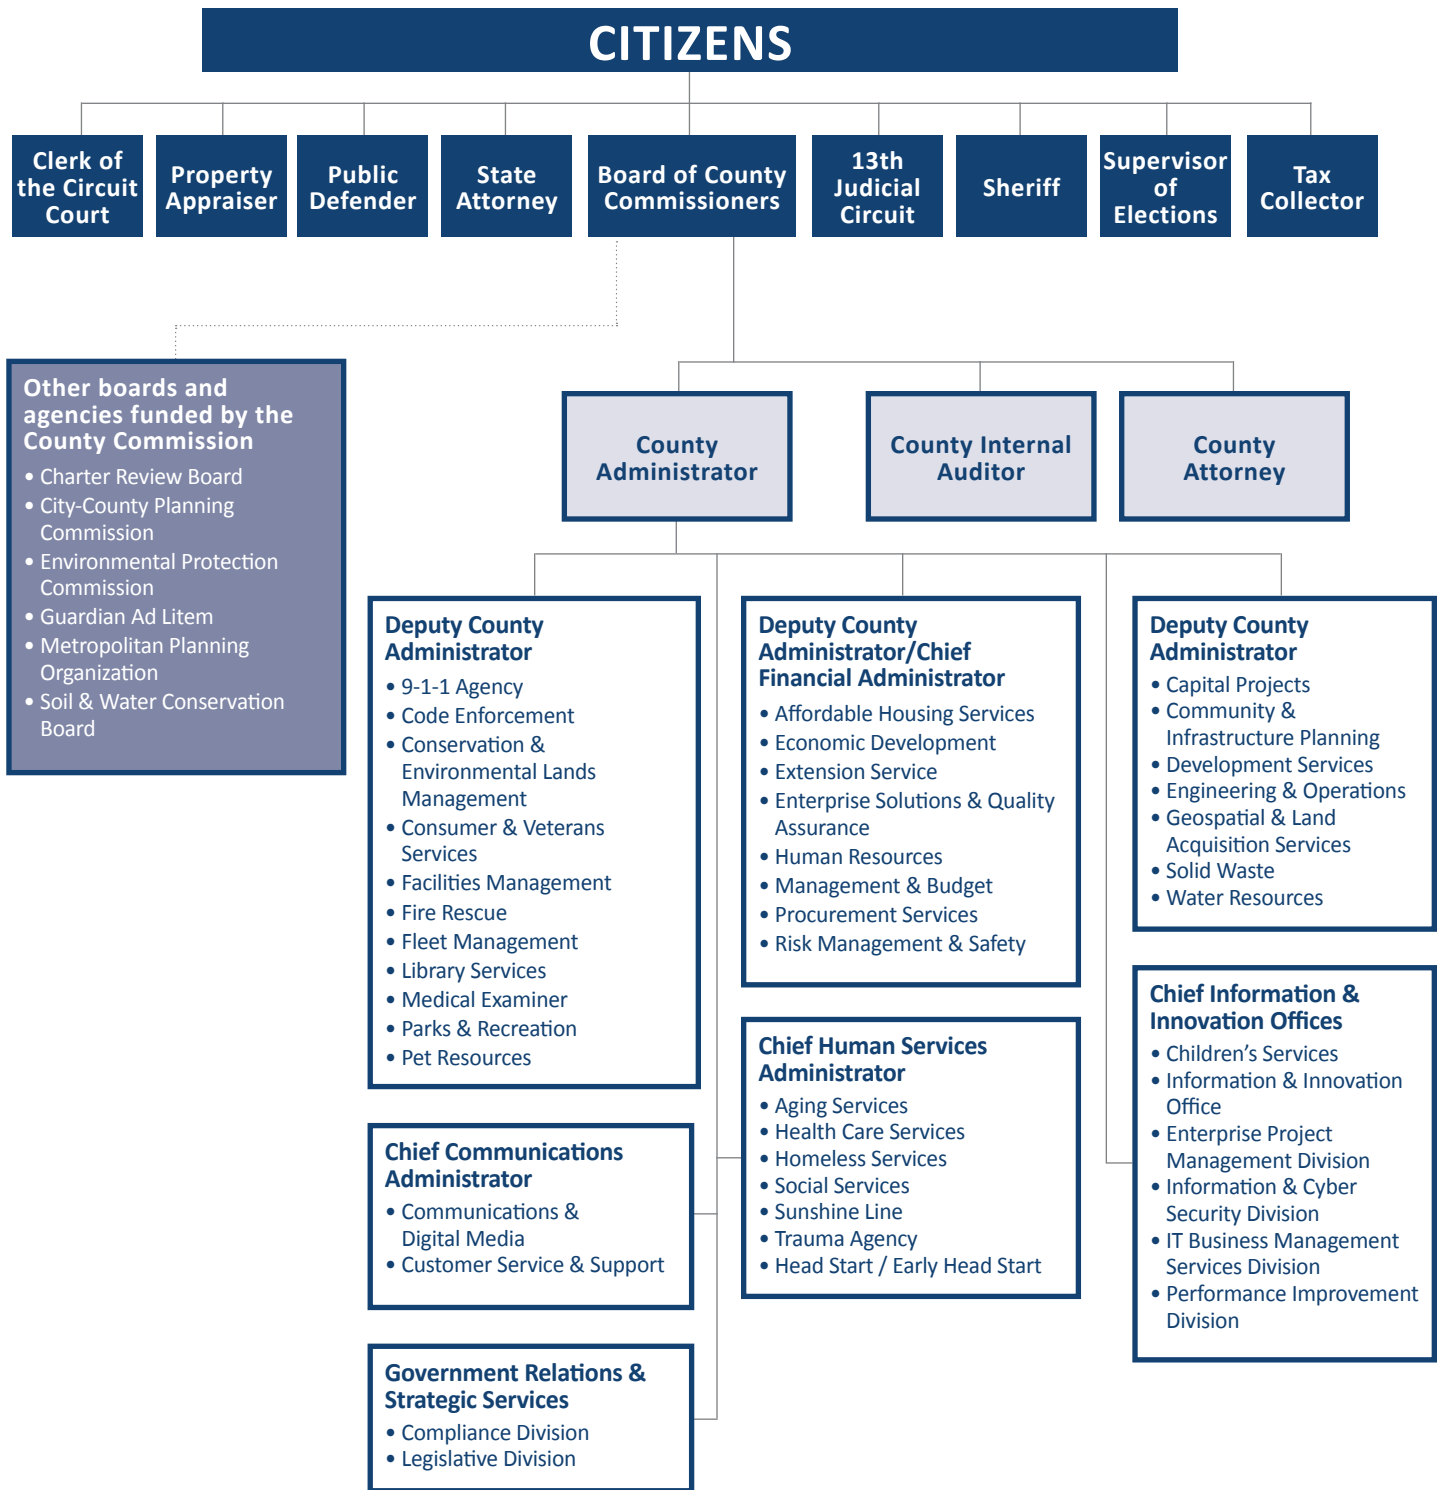

The departments under the County Administrator are responsible for providing services such as social services and public assistance to residents countywide. Departments are also responsible for providing municipal-type services to residents of the unincorporated areas of Hillsborough County such as road construction and maintenance, solid waste disposal, fire and emergency rescue services, parks and recreation, code enforcement and water and wastewater treatment.

Other Government Agencies

Based on the extent of budgetary authority, taxing authority, the ability to obligate funds to finance any deficits and the ability to fund any significant operational subsidies, several other governmental entities also have their budgets reviewed and approved by the Board of County Commissioners. These are the Environmental Protection Commission, the Planning Commission, Soil and Water Conservation Board, Metropolitan Planning Organization and the Law Library Board. The budgets of these offices and the Constitutional Officers are included in the County's budget to the extent of funding by the BOCC.

Hillsborough County Organization Chart

This chart shows the organization of County government entities and their accountability to the electorate. Those directly elected to office by voters are shown directly below the citizens' box. Boards and commissions funded through the Board of County Commissioners, but not otherwise accountable to the Board, are connected by the dotted line.

Mission

The mission of Hillsborough County government is to provide effective, quality service at a reasonable cost with courtesy, integrity, and accountability in a manner which protects and enhances the quality of life of our diverse population.

– Adopted by the Board of County Commissioners, March 18, 1998

Vision

All of Hillsborough County will take pride in the progress which has made our community remarkable. We will have embraced and be inclusive of our diverse population. Both the government and the local economy will be financially sound providing opportunity and success for our citizens. We will have balanced growth with protecting the environment while providing high quality services. All of this culminating in Hillsborough County being the leader for providing a quality of life second to none in the country.

Hillsborough County, as a Community, values:

- A Spirit of Caring
- Individual Freedom
- Human Rights
- Private Property Rights
- Citizen Participation in Government
- Integration, Planning and Feasibility of Public Services
- Educational Opportunity
- Personal Responsibility
- Economic Self-sufficiency
- Sustainable Environment
- Racial and Cultural Harmony
- Health and Public Safety

Hillsborough County, as an organization, values the following:

Accountability — Accepting individual responsibility to perform quality work that contributes to quality service at a reasonable cost.

Diversity — Organizational effectiveness can best be achieved by recruiting and retaining a work force that represents the diversified population of Hillsborough County.

Efficiency and Cost Effectiveness

— The timeliness of meeting our obligations and performing each task; the stewardship and best use of our resources.

Empowerment — The freedom and power to act, command, or decide on a course of action.

Open and Honest Communication

— An expression of a professional work environment which facilitates the exchange of information, ideas, and divergent opinions among all levels of an organization in an atmosphere of respect and genuine concern for the best interest of the County, its employees, and citizens/customers.

Quality — Meeting citizens/customers requirements the first time and every time.

Respect — The quality of accepting and holding in high esteem all persons right to their beliefs, values, autonomy, and differences while treating them with dignity, worth, courtesy, civility, and politeness.

Responsiveness — The willingness and ability to provide information, reply to requests, answer questions, and complete tasks promptly.

Teamwork — The ability of a group of individuals to work together towards a common vision by each doing their part to achieve the efficiency of the whole.

*Adopted by the Board on
April 21, 1999*

Strategic Plan

This Strategic Plan was adopted by the Board of County Commissioners on May 15, 2013. It reflects a broad vision, five strategies, and a series of objectives.

The Vision

Hillsborough County, as the economic core of the Tampa Bay region, has the potential for increased job and business growth in the emerging and dynamic sectors of the global economy. Community wealth is a result of having products and services to export, experiences for which people will pay to come to the County in and the local circulation of money through local service provision. The latter is based on the number of persons and the income of those persons. It is the first two which generate the wealth upon which local services can build.

The County has significant export industries, agriculture, defense and other specialized manufacturing, patents in health care and other fields, specialists who consult globally as well as the transit infrastructure for export (sea, air, rail, overland). It also has a strong experience sector ranging from traditional tourism to health care tourism, educational experiences which draw people and convention/business meetings, the possibility of new forms of specialized tourism and retirement communities.

The County clearly has the potential to become an innovation hub in various sectors that will serve to attract entrepreneurs, investors, skilled workers and existing businesses that see benefits by locating in the County or region. The attributes of those communities that will particularly prosper as the economy continues to change are becoming clearer. They offer a high quality of life, an entrepreneurial culture, strong

research institutions, civic leadership and a strong desire to compete for the industries of the future. In short, it can become the preferred community for even more people.

To become this preferred community, what must occur?

Quality of life must be enhanced.

Neighborhoods must remain safe and stable, arts, culture and recreation opportunities must expand, educational opportunities must be available, health care and other “life” services must be accessible, the physical assets of the County optimized.

The infrastructure for economic growth must be in place.

Adequate water, sewer, stormwater, accessible transportation locally and globally, communication technology are all features which can facilitate or inhibit economic growth.

A start-up, entrepreneurial culture must be fostered.

While most start-ups fail, those that survive and succeed become the job creators of the industries of the future. Since who will succeed and who will fail is unknown at the start, a culture that encourages start-ups, views failure as part of the process, views diversity as a strength, and values entrepreneurship must be nurtured and supported.

Committed civic leadership.

Hillsborough County is in competition regionally, nationally, and globally for the businesses and jobs of the future. To succeed competitively, an understanding of the emerging world,

sustained effort and wise investment are required. These require leadership on the part of both elected and civic leaders.

Hillsborough County can be a county that draws people to make great products and create distinctive experiences. As it does that, business and job growth in the primary sectors of export and experience will grow and with that will be the commensurate growth in the local service sector where most jobs will lie.

The Strategies

Innovative Products. This strategy seeks to grow the export sector of the County by targeted infrastructure development, a comprehensive use of various economic development tools, development of competitive economic related infrastructure, and partnerships to develop the requisite workforce.

Distinctive Experiences. This strategy seeks to expand people visiting or retiring in the County through a broader set of visitor experiences and services that would attract new residents.

Pro-Market Governance. This strategy seeks to institute both policies and practices that encourage desired forms of economic growth.

Great Places. This strategy seeks to provide the safety, arts, culture, recreation and other community features that make it a desirable place to live, work and do business.

Facilitative Leadership. This strategy seeks to bring the community together to address its critical issues.

Mission

Strategy 1

INNOVATIVE PRODUCTS

- Develop, adopt and execute comprehensive economic development strategy to expand product markets.

Strategy 2

DISTINCTIVE EXPERIENCES

- Develop strategy and action plan to expand specialized tourism markets.

Strategy 3

PRO-MARKET GOVERNANCE

- Review business development and growth policies and procedures to create more timely and efficient process.
- Adopt growth design principles that will facilitate desired economic growth.
- Implement strategy management system that promotes an internal culture focused on strategies

Strategy 4

GREAT PLACES

- Adopt comprehensive redevelopment strategy that integrates existing redevelopment efforts.
- Develop strategy and action plan for transportation including pedestrian & bike.
- Establish basic level of services for all areas of the County and then develop long term plan to provide that basic level.
- Maintain homeless service efforts.
- Monitor health care changes and adapt county efforts to maintain service levels

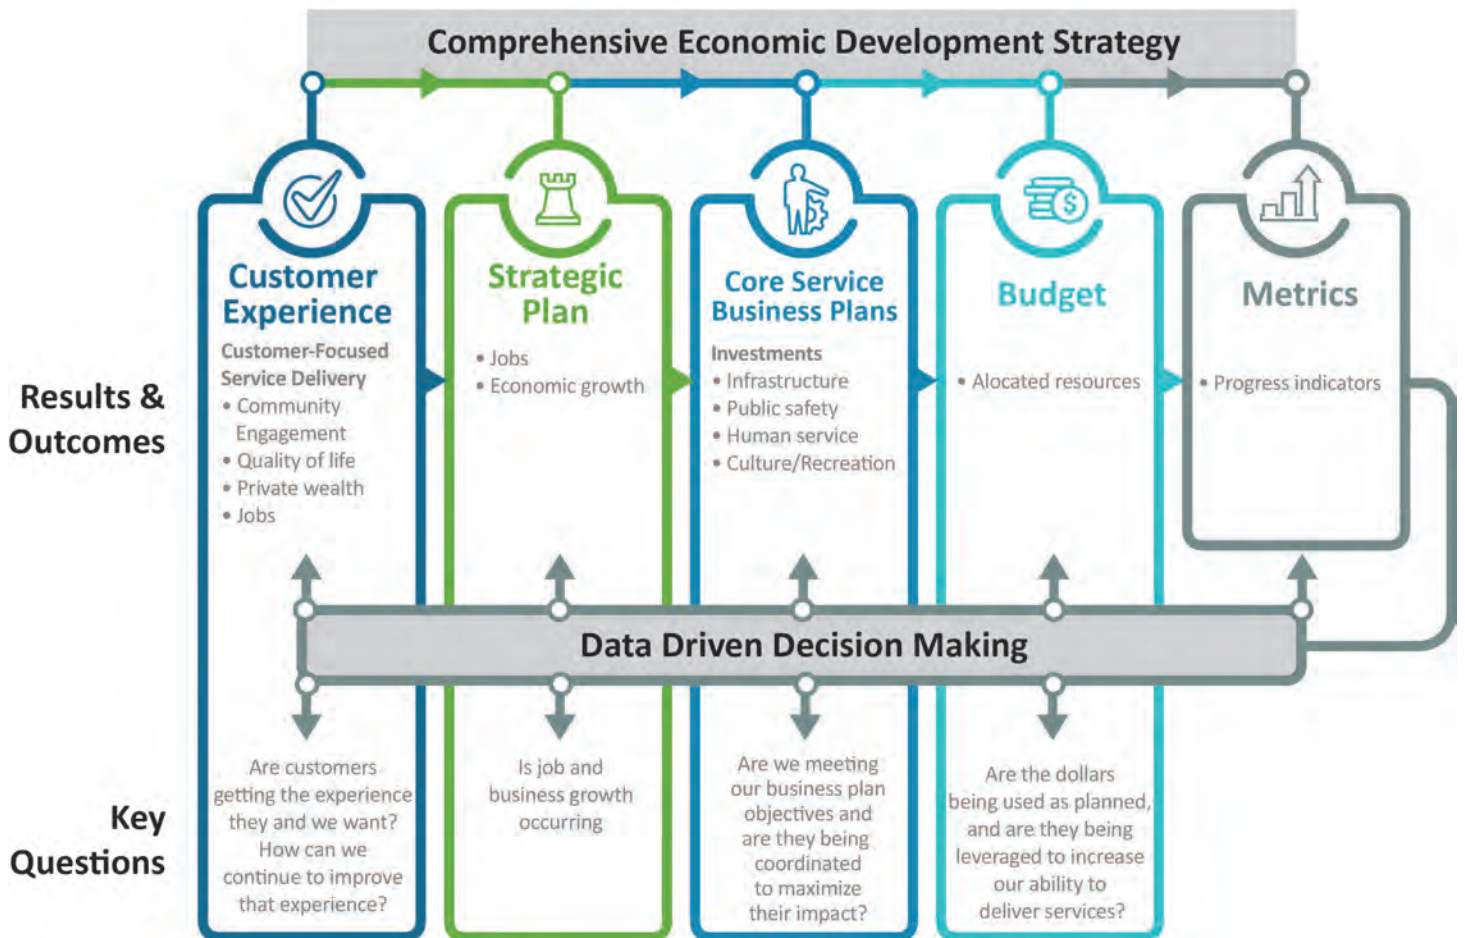

Strategy 5

FACILITATIVE LEADERSHIP

- Review and create public policies that recognize the diversity of its people while strengthening the social fabric of our society.
- Host discussion of strategic plan with other public entities.
- Facilitate development of a county-level human capital development plan with education and business stakeholders.
- Convene summit with Cities to identify business and entrepreneurial attractors and how a start-up community can be supported.

How the strategic plan interacts with the budget and other processes

**Hillsborough County
Florida**

For the Biennium Beginning

October 1, 2019

Christopher P. Morill

Executive Director

Introduction

This document provides the residents of Hillsborough County with the Adopted Capital Improvement Program (CIP) for a five-year period starting with the fiscal year beginning October 1, 2020 and continuing through the fiscal year ending September 30, 2025. The Adopted FY 21 – FY 25 CIP totals \$2.5 billion. This is the second year of the biennial budget cycle.

The CIP is the County's financial plan of proposed capital projects, their costs, and timing over a six-year period in the first year of the biennial budget, and over a five-year period in the second year of the biennial budget. The CIP is designed to meet County infrastructure needs in a strategic and efficient manner. Community sustainability, environmental considerations and changing conditions demand that the CIP be reviewed and updated annually.

The CIP is separate and distinct from the County's operating budget for several reasons. First, capital outlays reflect non-recurring capital improvements rather than ongoing expenses. Where possible, capital projects are funded from non-recurring funding sources such as debt proceeds and grants. These one-time revenue sources are not appropriate funding sources for recurring operating expenses. Second, capital projects tend to have higher costs requiring more stringent control and accountability. Finally, several revenue sources such as the Community Investment Tax, impact fees and certain gas taxes are limited to use on certain types of capital improvements by statute or other legal restrictions.

To provide direction for the capital program, the Hillsborough County Board of County Commissioners approved Policy 03.02.02.00 - Policy for Capital Budget and Capital Improvement Program. This policy defines requirements for projects included in the Capital Budget and Capital Improvement Program. Under the policy, a capital project is defined as a set of activities meeting one or more of the following criteria:

- Delivery of a distinct capital asset or improvement to an existing capital asset which will become an asset of Hillsborough County and be recorded on the financial records of the County as a capital asset under generally accepted accounting principles and applicable State statutes;
- Any contribution by Hillsborough County to other governmental or not-for-profit entities to deliver a capital improvement. In situations where the improvement is not or will not become an asset of the County, it will be included in the Capital Improvement Program as a contribution for tracking purposes;

- Any project or equipment funded from the Community Investment Tax (CIT);
- Any engineering study or master plan needed for the delivery of a capital project;
- Any major repair, renovation or replacement that extends the useful operational life by at least five years or expands capacity of an existing facility.

Hillsborough County categorizes capital improvements into eight programs: Fire Services, Government Facilities, Libraries, Parks Facilities, Solid Waste Enterprise, Stormwater, Transportation and Water Enterprise. The Adopted FY 21 – FY 25 CIP also includes the County's Environmental Land Acquisition and Protection Program (ELAPP). While not specifically meeting the criteria above, this program is tracked through the CIP to provide for better accountability and control.

As previously noted, capital projects only require one-time allocations for a given project unlike operating expenses which recur annually. This funding flexibility allows the County to use financing and one-time revenue sources to accelerate completion of critical projects. Significant projects within each program are discussed below. More comprehensive project information can be found in the individual program sections of this document. Interested parties can review this and other information at the County's website at www.hillsboroughcounty.org.

Financial Policies

Among financial policies approved by the Board of County Commissioners since FY 98, there are several pertaining to the preparation, implementation, monitoring and financing of capital projects. While the County Administrator is responsible for the continued development, monitoring and update of these policies, specific functions are carried out by the Management and Budget Department and the Clerk of the Circuit Court. These and other policies are reviewed periodically by the County Administrator and the Board of County Commissioners and are detailed in the Financial Policies and Procedures section of the Adopted FY 21 Budget document.

Specific policies applying to the Capital Improvement Program and the Capital Budget are:

- BOCC Policy 03.02.01.00 - Bids for Capital Improvement Projects 10% or More in Excess of Estimated Construction Costs
- BOCC Policy 03.02.02.00 - Capital Budget and Capital Improvement Program
- BOCC Policy 03.02.02.05 - Pay-As-You-Go Funding of Capital Projects

- BOCC Policy 03.02.02.06 - Prioritization of Capital Projects
- BOCC Policy 03.02.02.07 - Minimizing the Expense of Financing Capital Projects
- BOCC Policy 03.02.02.08 - Operating Impact of Capital Projects
- BOCC Policy 03.02.02.20 – Budgetary Control
- BOCC Policy 03.02.02.26 - Use of Capital Project Appropriations
- BOCC Policy 03.02.02.28 - Method of Funding Citizen Initiated Localized Capital Projects or Services
- BOCC Policy 03.02.03.00 - Environmental Land Acquisition Program (ELAPP) Fund
- BOCC Policy 03.02.06.00 - Debt Management
- BOCC Policy 03.03.01.00 - Water and Wastewater Financial Policy
- BOCC Policy 03.03.05.00 - Community Investment Tax Financial Policies
- BOCC Policy 03.05.09.00 - Ten Year Commitment to Increase Funding for Transportation - Budget Preparation
- BOCC Policy 04.05.00.00 - Capital Funding for Outside Agencies

Capital Planning

Capital planning refers to the process of identifying and prioritizing the County's capital needs to determine which capital projects should be funded in the CIP as resources become available.

In general, capital planning for projects within the unincorporated area of Hillsborough County is guided by the Hillsborough County Comprehensive Plan. In particular, capital planning for certain types of parks and recreation, solid waste, stormwater, transportation and water facilities are guided by the Capital Improvements Element (CIE) of the Comprehensive Plan. This plan, prepared by the Hillsborough County City-County Planning Commission and formally adopted by the Hillsborough County Board of County Commissioners, provides long-term direction for the growth and development of the county. Proposed capital projects are reviewed for compliance to the adopted comprehensive plan as part of the budget adoption process.

The public has many opportunities to be involved in capital planning both during the comprehensive plan development process and during the budget adoption process. Interested parties can view the Comprehensive Plan at the Planning Commission's website located at www.planhillsborough.org.

Hillsborough County's plan includes a specific growth management strategy called the Urban Service Area.

This strategy is designed to direct growth into areas where public service needs can be more efficiently provided and where existing services are already in place.

In addition to the standards in the Comprehensive Plan and the Capital Improvements Element of the Plan, the planning for parks and recreation, solid waste, stormwater, transportation and water facilities also is guided by master and visioning plans developed by County staff. Planning for fire, government facilities, and library infrastructure in Hillsborough County's unincorporated area is performed primarily within County government. Each capital program has different criteria for assessing project needs and priorities; however, a common characteristic of the planning processes is the recognition of the importance of obtaining input from the public and other interested governmental and private agencies. The individual program planning processes provide the guidance necessary for allocating available resources during the capital budget process. A brief description of the various planning processes follows.

Fire Services – The Fire Rescue Department maintains a Capital Facilities Master Plan which details new fire station needs required to meet emergency and rescue service requirements within the unincorporated area. The plan is prepared based on national service response time standards established by the National Fire Protection Association, the Insurance Service Organization and on the relevant goals, objectives and policies incorporated in the County's Comprehensive Plan discussed above.

In developing this plan, which is updated every five years, the response time standards along with current response data are applied to an analysis of the needs of Hillsborough County's current and projected populations and population distribution to identify where and when new fire rescue facilities will be needed. This plan was recently updated and presented to the Board with additional analysis being performed to ensure that current facilities in need of a major remodel are presently in the best locations. This process may result in the relocation of some existing facilities.

Libraries – Library Services gauges the effectiveness of its facilities through a variety of metrics including current and potential use of a facility, state of existing buildings, grounds, and parking, total cost of operation for all facilities, existence and willingness of neighboring partner agencies, distance from population concentrations, and public demand and presents recommendations for potential capital projects to the Library Board. Annually the Library Board evaluates the data and sends a prioritized

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

list of recommendations for funded and unfunded projects to the Board of County Commissioners.

Parks – The strategic vision of the Parks & Recreation and Conservation & Environmental Lands Management Departments includes the development of goals and objectives to safeguard the inheritance of the County's future generations.

The planning process identifies future developments that may affect expected needs, wants and social environments. It identifies the most critical stakeholders and their major interests and expectations, such as safety and security, high quality experience, well maintained facilities and the preservation of our natural and cultural resources. The tool is evaluated against the current environment in order to develop a Capital Improvement Plan consistent with the vision of Hillsborough County and the values and expectations of our community.

In FY 17, Hillsborough County Parks & Recreation and Conservation & Environmental Lands Management Departments delivered their Master Plans to the BOCC. The Master Plans are long-range planning documents that are meant to help shape the direction, development, and delivery of the County's parks, recreation, and conservation sites. Based on a comprehensive planning approach, these plans take into consideration department goals, existing conditions, and community needs assessments that provide for the framework of recommendations and prioritization strategies. These Master Plans represent the collective vision for the Hillsborough County Parks & Recreation and Conservation & Environmental Lands departments. They serve as a guide for the Department's investments and strategies over the next ten years, shaping the delivery of services in a manner that is consistent with the County's sustainability goals and the community's level of service expectations. The cohesive vision for continually improving parks, recreation, and conservation opportunities in Hillsborough County represents the culmination of the public engagement process. The vision, along with guiding principles and mission statement will guide the implementation of the Master Plans and the future of parks, recreation, and conservation throughout the County.

Solid Waste Enterprise - The Solid Waste Enterprise has an established plan to determine the need to enhance and or change its Capital Improvement Program on an annual basis. This plan calls for information to be gathered from various sources such as staff, stakeholders, public meetings, etc. to identify needs that should be incorporated into the CIP. Management reviews the information and prioritizes each need according to a pre-established ranking system. The ranking system takes

into account mandates by Federal and State agencies, health and safety concerns, capacity needs, efficiency, location requirements, population growth and aging infrastructure.

Stormwater – The County maintains a Watershed Master Plan that incorporates identified needs for each of its seventeen watershed basins. The plan is periodically updated as new development and stormwater improvements are completed throughout the County. Under the plan, the entire County (1,072 sq. miles) is divided into 17 watersheds (basins) and further subdivided into 7,000 sub-basins. The master plan study looks at water quantity, water quality and the natural watershed system. The plan identifies areas with inadequate conveyance systems or poor water quality and recommends solutions.

Flood control project evaluations take into consideration the following factors: frequency of flooding, the category of the road subject to flooding (local/arterial/collector road), the number of structures flooded, stormwater asset conditions (groundwater table, erosion/siltation and structure) and the potential of available matching funds.

The County also maintains a separate list of non-watershed related neighborhood stormwater needs. Criteria for neighborhood stormwater projects is similar to criteria for watershed master plan projects, with the exception that environmental issues and the availability of matching funds are not included in the evaluation.

Water quality or natural system projects are evaluated based on concerns identified by the Florida Department of Environmental Protection, or the County related to the sub-watershed segment of "impaired waters/water bodies," the concern of water quality parameters and the benefits of a natural system.

Both engineers and environmental scientists within the Stormwater Services Section of the Public Works Department contribute to this uniform matrix evaluation process.

Transportation – Efficient movement of people and goods is important to the public safety, economic viability, and overall quality of life in Hillsborough County. Planning occurs on several levels. The Hillsborough County Metropolitan Planning Organization (MPO), working with the County and its three incorporated municipalities (City of Tampa, Plant City and Temple Terrace), and with input from county residents, is responsible by State statute for adopting the Long Range Transportation Plan, a blueprint for comprehensive transportation planning throughout the County. The MPO also

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

consolidates the transportation capital improvement programs of various political jurisdictions constructing transportation projects within the county into an annual Transportation Improvement Program (TIP). The Long Range Transportation Plan and the Transportation Improvement Program are used by the County in prioritizing major capacity projects for funding, determining project impact fee eligibility, and in allocating State and federal grant dollars. These plans can be viewed at the Metropolitan Planning Organization's website www.planhillsborough.org. Apart from these long-established processes, the Transportation for Economic Development initiative engaged in a community-wide effort to identify transportation needs and included the County, the Cities and relevant transportation entities.

As previously indicated, the Hillsborough County City-County Planning Commission is responsible for developing and monitoring compliance with the County's Comprehensive Plan. The Commission also reviews proposed developments of regional impact (DRI) proposals (those development proposals that will have significant impact on existing county roads).

Each municipality is responsible for its own transportation planning; however, major roads determined to have countywide significance may be designated as County roads, with the County primarily responsible for their maintenance and improvement. Capital needs associated with these roads, as well as all transportation needs in the unincorporated area of the County are evaluated for inclusion in the annual capital budget and Capital Improvement Program.

Planning for the transportation program is performed on a sub-program basis. The sub-programs within the transportation program are roads, intersections, sidewalks and bridges. With the exception of roads, where the County adopts the prioritized list from the Long Range Transportation Plan (LRTP) and adds local road improvements not subject to inclusion in the plan, the County has prepared a master plan for intersections, bridges and sidewalks. While specific criteria used for prioritizing the projects on the plans differ by project type, they encompass public safety, traffic volume, environmental mitigation and other key factors as well as incorporating input received during the public outreach part of the planning process.

Water Enterprise - The Water Enterprise is responsible for providing quality water, wastewater and reclaimed water services to Hillsborough County residents within its designated service area, unincorporated Hillsborough County. This includes the operation and maintenance of these facilities including treatment plants, pumping sta-

tions, metering devices and all related transmission piping and above ground appurtenances. The department is also responsible, when operating the above facilities, for complying with all federal, State and local regulatory and permit requirements.

The department uses a CIP Delivery Process. This process uses a systematic approach to develop and refine the scope, schedule and budget for existing and newly proposed expansion and renewal and replacement projects. It allows priorities to be determined and uses schedules to ultimately deliver quality projects from conception to project completion. The goal of the CIP Delivery Process is to deliver department projects in an efficient and economical manner.

The objectives of the process are to:

- Economically build and maintain existing system assets;
- Deliver projects on schedule and within budget;
- Allow for the annual update of the CIP;
- Allow for adjustments to the approved CIP due to changing priorities for those projects not yet in the implementation phase;
- Seamlessly coordinate with the County's CIP;
- Permit performance measurement; and
- Provide documentation for management and historical trending purposes.

The Board of County Commissioners policy 03.02.02.06 requires that capital projects be prioritized. The Department's Project Prioritization Model (PPM) is a formal method of documenting and tabulating the results of applying subjective criteria to prioritize the CIP each fiscal year. There are six categories to score a project against other projects within the Department's CIP:

- Compliance
- Health and Safety
- Expansion / Renewal and Replacement
- Long Range Planning
- Community and Environmental Impacts
- Economic / Financial Considerations

The resulting score for each existing or new "planning" project is used at the beginning of the budget process to rank all of the projects within the CIP.

Additionally, the Department's Payback Analysis Model (PAM) incorporates several economic factors to estimate the payback period of a given capital project. It determines the payback period by modeling the average monthly revenues generated by the Equivalent Residential Customers (ERC) to be served by the capital project. Generally, the information that is required to be input into the model includes:

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

- Project Name, CIP Number and Type
- Payback Analysis Period
- Discount Rate
- Debt Service or Pay-As-You-Go
- Expansion Percentage
- Operating, Maintenance and Fixed Overhead Cost
- Capital Cost by Year
- Outside Funding Sources
- ERCs served by the Project
- ERC Connection Schedule
- Rate and Debt Service Information

The information is used to assign a weighted economic criteria number for the project in the earlier referenced Project Prioritization Model (PPM) during each fiscal year budget process.

Finally, the CIP Master Program Schedule is used as a planning tool to lay out each of the project schedules, provide the cash flow requirements of the program as a whole, anticipate project resource needs and provide historical data for future trend analysis. In addition, the Master Program Schedule is also used at the beginning of each fiscal year to facilitate the efficient distribution of work throughout a six year period.

Financial Planning Strategies

Hillsborough County uses a variety of tools to assist in developing long-term financial planning strategies. One tool is the preparation of an annual Pro Forma document. This document is used to put current budget and financial decisions into a longer-term context. Prepared in accordance with Board policy, the Pro-Forma provides a five year projection of revenues and expenditures for major operating funds, and is particularly useful in showing how capital projects, funded in the biennial budget or planned over the next several years, will impact future operating budgets in terms of maintenance, utility and staffing costs.

Another tool used in financial planning is the County's debt management strategy. Credit ratings assigned by the three international rating agencies, Moody's Investors Service, Standard and Poor's Ratings Services, and Fitch Ratings are key factors influencing interest rates paid on local governments' borrowings. Because of the significant impact interest rates have on our overall financial position, Hillsborough County places a great deal of emphasis on its credit worthiness. The County conducts credit updates each year, and notices of any material credit changes are provided to the rating agencies throughout the year.

The County's general credit ratings are Aaa / AAA / AAA on a scale where Aaa / AAA / AAA are the highest ratings. The County's high ratings are an objective indication of sound financial management, recognition that its overall debt profile is characterized by good debt service coverage from pledged revenues and by sound legal provisions ensuring full and timely payment of debt service. These high credit ratings enable the County to meet its borrowing needs at the lowest cost of capital.

To address short-term capital project funding requirements, Hillsborough County uses a Commercial Paper Program. Under this program the Board authorizes short-term borrowings when needed to provide adequate cash flow for active projects. This approach ensures that long-term debt is issued only when needed in appropriate amounts. Furthermore, tax exempt short-term debt tends to be the lowest cost financing tool available to local governments resulting in substantial savings to the County. Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term, variable rate notes outstanding. The County issues debt in accordance with its debt policy which governs the type and amount of borrowings that are best suited to achieving its financing objectives. The policy guides the County's borrowings by means of targets and ratios, such as direct debt per capita or general governmental debt as a percent of general fund revenue, that balance the need for flexibility to ensure the availability of capital with the need to ensure continued access to the capital markets.

When it is prudent and in the County's economic interest to do so, infrastructure improvements may be financed by means of public-private partnerships in which private corporations, such as real estate developers, agree to fund a portion of such improvements together with funding from the County, State, and/or federal government. Such partnerships enable the County to construct needed infrastructure, in particular transportation improvements, at a lower cost to taxpayers as a result of leveraging private funding sources.

Finally, the County actively and aggressively monitors market opportunities to refinance its debt to achieve lower debt service costs. When legally and economically feasible, lower interest debt will be issued to pay off outstanding debt thereby making revenues available to fund County services.

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Capital Improvement Program Process

The annual Capital Budget and Capital Improvement Program (CIP) update begins in January with a request to the Capital Program directors to review, update and re-prioritize the unfunded capital needs list.

The Capital Budget Team of the Management and Budget Department maintains a comprehensive list of prioritized unfunded capital needs which is used in identifying new projects to be recommended for funding. The list identifies preliminary project information such as name, location, description or scope, the estimated cost and any operating cost impact. The updated Unfunded Capital Projects Request List is then used to determine which new projects will be added to the new Capital Improvement Program.

During the month of January (in the first year of the biennial budget cycle), the Capital Budget Team conducts training sessions to provide capital project management and staff specific direction relating to the capital budget process. As part of this training, those involved in the capital budget process are given a calendar of key budget cycle dates and written documentation including forms, instructions, and definitions to be used in preparing their capital projects budget including revising current project estimates and submitting requests to add new capital projects.

Another key step in the budget process is a review of capital project cost estimates in the current CIP or new projects added during the current fiscal year. This is to ensure that the next CIP will reflect these revised cost estimates. Departments are asked to review and update project information that will be presented in the Capital Improvement Program.

A specific form – the Capital Project Initiation Request Form - is used to document project changes or new project requests. This form is designed to guide the preparer in providing necessary information including the reason for the project, proposed location and scope, funding requirements by fiscal year, proposed project schedule and completion dates, anticipated operating cost impacts and management approvals.

Using updated information, the Capital Budget Team develops draft documents showing projects that have been completed or are anticipated to be completed by the end of the current fiscal year as well as specific detail project pages (see below for sample) for each project proposed to be included in the recommended budget.

Sample Capital Project Detail Page

PROJECT TITLE: WATERBET SPORTS COMPLEX CIE REQUIREMENTS: Y LEVEL OF SERVICE IMPACT: E	PROJECT NUMBER: C3032A000 PROGRAM: PARKS																																																																																																																																																																																																																		
PROJECT DESCRIPTION: This project will provide planning, design and construction for Phase I of a proposed youth sports complex in the South County area. The complex will be within the Unfunded development west of I-75. Land exchange with the developer has been achieved. Construction to be started in phases as scope is developed.	Neighborhood Community Area: Adult Center 																																																																																																																																																																																																																		
OPERATING COST IMPACT: Operating cost is estimated to be an additional \$250,000 per year.																																																																																																																																																																																																																			
PROJECT COMPLETION DATE: Dec 2022

¹ Capital includes, but is not limited to, expenses related to construction (Development, Design, Land Acquisition, etc.) and, if applicable, any other related expenses required to complete the project.
² Contributions include, but is not limited to, funding through an agreement with a governmental agency, third party, private, or other non-county organization.
³ Non-capital includes, but is not limited to, expenses related to Building Maintenance, Support & Administrative, Information Management, Non-Transportation Equipment and other non-capital expenses.

Components for Each Capital Project Page:

Project Title – This is the project’s name.

Project No. – This is a unique identification number assigned to the project for accounting purposes.

CIE Requirement – This indicates whether this project addresses a Capital Improvement Element as defined under the Growth Management Act of 1985.

Level of Service Impact – If the project addresses a CIE element, this indicates what impact it has on the level of service:

- (M) – This indicates a project relates to the repair, remodeling, renovation or replacement of an existing County facility in order to maintain levels of service in the Comprehensive Plan.
- (E) – This indicates the construction of a new facility or expansion of an existing facility that will reduce or eliminate deficiencies in the levels of the service in the Comprehensive Plan.
- (F) – This indicates the construction of a new facility or expansion of an existing facility is needed to meet levels of service for new development.
- (N/A) – This indicates that the project is not covered by the Capital Improvements Element.

Program – This indicates the capital program to which this project pertains.

Project Description – This describes the scope of work.

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Operating Cost Impact – This is an estimate of the ongoing annual operating and maintenance funding this project will require once completed.

Project Completion Date – This is the estimated date the project will be ready for its intended use.

Neighborhood Community Area – This indicates the area of the county the project will occur. A copy of the Neighborhood Community Area map can be found in the Appendix section of this document.

Sources of Funds – This shows by year the sources of funding. Many projects have multiple sources of funding.

Uses of Funds – This shows by year the planned uses of funds summarized by capital, contributions and non-capital.

These draft documents are distributed to the departments for another review and the opportunity to correct information. Upon completing their review, the Capital Budget Team meets with the appropriate program directors and representatives to resolve outstanding issues and ensure that all are in agreement with the current information.

Budget preparation meetings held with Directors, Executive Team members and budget staff during February through April include discussions regarding capital projects. Decisions made at these meetings are incorporated into the documents and communicated to the appropriate departments.

Final revisions are incorporated into the Recommended Capital Budget and the Recommended Capital Improvement Program (CIP) in mid-May and delivered to the Board of County Commissioners in June. Throughout the budget development process, the County Administrator and Management and Budget staff conduct several budget workshops with the Board of County Commissioners to provide them with revenue projection updates and to obtain overall policy guidance.

Once the recommended budget and CIP are delivered to the Board, a series of budget workshops and public meetings are held. During this period, the Hillsborough County City - County Planning Commission also reviews the recommended CIP to ensure compliance with the County's Comprehensive Plan. Two statutorily required public hearings are held in September to gain public input. A separate public hearing is held following the budget adoption to also adopt the CIP.

Final budget documents reflecting the Adopted Budget and Adopted Capital Improvement Program are then prepared and distributed in both hardcopy and electronic formats. Once the Capital Budget and CIP are formally adopted, changes to the budget can only be made in

accordance with the budget amendment process defined in BOCC Policy 03.02.02.00 - Capital Budget and Capital Improvement Program, which ensures compliance with budget amendment requirements per Florida State Statute 129.06. The BOCC policy also specifies that the list of projects included in the adopted CIP may only be revised through formal Board resolution.

Funding Sources

Funding for capital projects comes from a variety of sources, but generally falls into one of several categories: ad valorem taxes, the Communications Services Tax, the Community Investment Tax, gasoline taxes, enterprise fees, special assessments, impact fees, mobility fees, grants or financing.

- Ad Valorem (Property) Taxes are taxes levied by the Hillsborough County Board of County Commissioners on property within the County.

There are three ad valorem taxes imposed by Hillsborough County – the countywide property tax imposed on all properties within the county with use restricted to projects providing countywide benefit; the unincorporated area property tax imposed on all properties in the unincorporated area of the county with use limited to projects that benefit the unincorporated area; and the special library property tax, imposed on all properties within the City of Tampa and the unincorporated area of the County with use restricted to library projects. Both Temple Terrace and Plant City maintain their own library systems so properties within these two municipalities are not subject to the special library tax.

Additionally, two voter approved ad valorem taxes are used to pay debt service on the Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP) bonds and on Parks and Recreation bonds.

- The Communications Services Tax is a 4% tax imposed on local and long distance telephone calls, cable, fax, pagers and beepers, cellular phone services and other related telecommunication services. The Board of County Commissioners originally designated 1% of this tax for the construction of new fire stations. Beginning in FY 06, the Board increased the allocation by an additional ½ %, for a total of 1½% for the construction of fire stations. However, due to the continuing ad valorem roll back requirements by the State Legislature and the effects of Amendment 1, approved by the voters on January 29, 2008, the amount and the percentage allocated

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

to the construction of new fire stations in FY 09 was reduced to ½%. The remainder of the 1½% is used to offset a portion of the reduction in property tax revenues funding operating expenditures.

- The Community Investment Tax is a ½% sales tax on the price of taxable goods, as defined by State statute, sold within the County. Approved for a thirty year period by public referendum in 1996, use of this tax is restricted to acquiring, constructing, and improving infrastructure and purchasing equipment with a useful life of at least five years to promote the health, safety and welfare of Hillsborough County residents. This tax expires on November 30, 2026.
- Gasoline taxes used to fund capital projects are the Six Cent Local Option Gasoline Tax, the Voted (Ninth Cent) Gasoline Tax and the Constitutional Fuel Tax. Permitted uses for each of these taxes are defined by statute, and in the case of the Voted Ninth Cent Gasoline Tax, are further restricted by County ordinances.

The Six Cent Local Option Gasoline Tax is limited to transportation expenditures for public transportation operations and maintenance; roadway and right-of-way maintenance and equipment and structures used primarily for the storage and maintenance of this equipment; roadway and right-of-way drainage; street lighting; traffic signs, traffic engineering, signalization and pavement markings; bridge maintenance and operation; debt service and current expenditures for transportation capital projects including construction or reconstruction of roads.

Use of the Ninth Cent Gasoline Tax is restricted by County ordinance to the road resurfacing program.

The Constitutional Fuel Tax collected by the State on behalf of the County is first used to meet debt service, if any, of debt assumed by the State Board of Administration payable from this tax. Any remaining tax proceeds may be used by the County for the acquisition, construction, and maintenance of roads as defined by statute or as matching funds for grants specifically related to these purposes.

- Enterprise fees are charges for services imposed on users of facilities of the two programs funded through enterprise funds - Solid Waste and Water/Wastewater/Reclaimed Water. An annual fee schedule for each enterprise fund is set by the Board of County Commissioners. Use of these revenues is restricted to operating, maintaining or build-

ing new infrastructure for the respective service for which the fee is being collected.

- Special assessments are charges levied by statute or ordinance for a specific purpose. One example is the stormwater fee, a non-ad valorem special assessment levied on the annual property tax bill, used to help fund the stormwater capital program.
- Impact fees are fees imposed on new commercial and residential construction to help fund additional infrastructure needed to support the added load on County infrastructure resulting from the new construction. The unincorporated area of the County is divided into zones for each type of impact fee.

Use of impact fees collected within each zone is restricted to projects which add capacity to the respective infrastructure within that zone. There are four types of impact fees: transportation, parks, fire and schools. Impact fees are governed by the County's Consolidated Impact Fee Assessment Program Ordinance.

- Mobility Fees are a one-time charge on new development to pay for offsite transportation improvements that are necessitated by new development. On April 26, 2016 the Board of County Commissioners adopted the Mobility Fee Ordinance that would replace the current transportation impact fees and transportation concurrency. The Mobility Fee Program became effective January 1, 2017.
- Financing is the last source of funding. It includes both long-term and short-term financing. Short-term financing via a commercial paper borrowing program is used to borrow funds when needed in order to keep projects on schedule and to keep financing costs down.

Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term, variable rate notes outstanding.

Uses of Funds

Capital budget expenditures are related to one of the eight capital programs: Fire Services, Libraries, Government Facilities, Parks, Solid Waste Enterprise, Stormwater, Transportation, and Water Enterprise. It also includes the Environmental Land Acquisition and Protection Program (ELAPP) and the Major Repair,

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Renovation, Replacement and Maintenance (R3M) program. Planned capital project expenditures are summarized into the following categories:

Capital – These are costs incurred as part of delivering the project that will be capitalized with the asset when the project is complete. Capitalizable development, design, land acquisition, equipment, construction and administration expenditures required to complete the project are examples of capital costs.

Contributions – Contributions represent funding through an agreement to other government agencies, youth organizations, cultural services organizations and other non-profit organizations and won't be capitalized when the project is complete.

Non-Capital – These are costs incurred as part of delivering the project but won't be capitalized with the asset when the project is complete. Building maintenance, grounds and landscape maintenance, non-capitalizable equipment and other professional services are examples of non-capital costs.

Capital Projects Operating Impacts

The Capital Budget and Capital Improvement Program (CIP) are integral elements of the County's biennial budgeting process. The cost of operating new or expanded facilities or infrastructure can be significant and is included in the operating budget in the fiscal year the asset becomes operational. However, in some cases, like the construction of a new jail, the operational impact may be phased-in gradually while the new jail is under construction. This is because as the jail population increases beyond its operational capacity so does the need for additional funds for overtime pay, add new staff, jail and food supplies, and operational equipment, thus spreading the increased operating impact over a number of years rather than impacting the budget all at once when the jail opens. Historically, operating costs of non-enterprise facilities have been funded from property taxes. Consideration of operating costs becomes particularly critical with the property tax restrictions now in effect and the past property tax reductions due to the recession. In some cases, it may be prudent to defer or cancel construction of a facility because there will be no funds to operate it.

Debt service payments on issued debt for capital projects are also included in the operating budget. The amount of required debt service relative to the size of the annual budget is an important indicator of fiscal obligations. Since debt service expenditures reduce the amount of funds available for other operating or capital

uses, it is important that the ratio of debt service to the total operating budget remain at a prudent level.

Issuance of short-term commercial paper to provide adequate cash flow for approved projects does not have an impact on the operating budget. This is because these costs are rolled to subsequent notes until the projects are completed, at which time available cash or long-term debt is used at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term debt.

Specific FY 21 incremental operating cost impacts of capital facilities are discussed below in each program's highlights section. The Adopted Budget for FY 21 includes these operating costs. A full listing of incremental operating cost impacts can be found in the appendix section of this document.

Program Highlights

The following program highlights focus on each program's portion of the FY 21 – FY 25 Adopted CIP. Under annual budgeting, both new funding and any carry-forward funding from the previous year appear in the CIP. As a result, many schedules in this document have separate "Carryforward" and "Additional" columns when presenting FY 21 budget data.

A number of projects that are shown in the program sections appear in the Capital Improvement Program as "Post Construction". These projects have finished their primary construction phases and may have been placed in use; nevertheless, some of these projects still have unspent balances that are earmarked for post-construction project costs.

Fire Services

The Adopted FY 21 – FY 25 Fire Services Program totals \$34.5 million. The program is funded with fire impact fees, Communications Services Tax, general revenues and financing.

No new projects are being added as part of the CIP update, but many important projects continue into the new fiscal year. During FY 19, a new bond was issued that supported various governmental, fire and parks facilities projects. Four of the new projects are in the Fire Services program to help address capacity needs. Two new stations are being constructed to help improve response times – one in Brandon (Central Brandon Fire Station #45) and one in Riverview (Rhodine Fire Station #46). Apollo Beach Fire Station #29 is being built in a new location to replace the existing station which will result in

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

improved response times and a better functioning facility. The Fire Apparatus and Equipment for New Fire Stations project has been established to equip these new stations.

East Lake Fire Station #32

Projects continuing into FY 21 include installing a new roof on Sabal Park Fire Station #9 and post construction activities on the East Lake Fire Station #32 Replacement project. Drainage issues at the Palm River Fire Station and fire alarm code compliance issues at various fire stations will be addressed by continuing projects.

In order to fund the purchase of important fire and safety equipment, the Fire Rescue Equipment Replacement/Modernization project receives \$1.9 million each year from FY 21 through FY 25 from the Communications Services Tax allocated to Fire Rescue. Impact fees were added to this project in FY 19 to fund the purchase Self Contained Breathing Apparatus (SCBA) equipment.

On June 5, 2019, the Board of County Commissioners adopted an Ordinance amending the County's Consolidated Impact Assessment Program Ordinance to update the fire service impact fee schedule and to add an impact assessment for emergency medical services that are currently provided by Hillsborough County Fire Rescue. The revised fees took effect on October 1, 2019 and incremental revenues have been programmed into the Land Acquisition for New Fire Stations project and reserves.

No projects reached substantial completion during FY 20. Two projects were replaced in order to properly account for the capitalization of fixed assets (Fire Stations Hardening and Land Acquisition for New Fire Stations).

Operating Impact – Two projects are scheduled for completion in FY 21. Both are maintenance related (Fire Station #9 Roof Replacement and Fire Station Fire Alarm Code Compliance) so there will be no significant change in operating cost at those locations. An ongoing project to harden fire stations will result in a minor increase in operating cost related to generator maintenance and testing.

Fire Services Projects	New Positions	Operating Impact (In thousands)
		FY 21
Fire Stations Hardening	0	\$10.0

Government Facilities

The Adopted FY 21 – FY 25 Government Facilities Program totals \$173.7 million. Funding sources for the program include Community Investment Tax, enterprise fees, financing, grants, general revenues and the BP oil spill fund.

Twelve new projects are being added to the program in this adopted CIP with many being maintenance related. Four of the projects will tackle painting and parking lot renovations at various County facilities. Carpet will be replaced at the Edgecomb Courthouse and the Roger Stewart Complex. The University Community Resource Center and the Clerks Falkenburg Road Warehouse will have their HVAC systems replaced. Sanitary drainpipes and manholes that serve several buildings located in the northeast area of the Children's Services Campus along Lake Mangum Lane will be replaced. Outdated electronic elevator controls at the County Center will be replaced due to their age to reduce emergency repairs.

One of the new projects will improve space utilization at the Edgecomb Courthouse by renovating the 5th floor to allow for one large courtroom with approximately 160 gallery seats and a full jury box (14-16 seats). The La Paloma Head Start Facility Replacement project will replace the existing modular building at 3419 N. Nebraska Avenue, Tampa with a new, expanded block building which will include Head Start as well as Early Head Start classrooms. The ERP System Enhancements project is not new, but there has been a significant budget increase that will help fund a full system upgrade to address improvement opportunities for the Oracle E-Business Suite software.

Several projects continue in this adopted CIP with many being maintenance related. Cooperative Extension will have its HVAC system replaced and the County Center will have its air handlers replaced along with roof fans

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

replaced in conjunction with the re-roof project. Two of the projects will improve space utilization at existing facilities. A new meeting / training space will be created at the Environmental Protection Commission office and equipment and systems will be reconfigured at the Medical Examiner facility. A project will provide for security enhancements at the County Center and other County buildings. A contribution is being made through a project to the historic Glover School in Bealsville to help install new floors. Funds have been set aside to help establish a future film studio / film school in the county. Funding is also provided for two new facilities - a new Tax Collector building will be constructed in Plant City and a new Adult Day Health Services Center will be developed in South County.

During FY 19, a new bond was issued that supported various governmental, fire and parks facilities projects. Four of the new projects are in the Government Facilities program. Two projects promote sustainability by upgrading lighting in existing facilities to LED and adding solar panels to various buildings. Land will be acquired in downtown Tampa to accommodate a future planned expansion of the court complex. The final project will help fund a new Entrepreneur Collaborative Center (e-Factory) to create a new home for this program.

An important set of projects added during FY 18 and now in large part funded by the bond issue mentioned above are the Consolidated and Hardened Maintenance Facilities projects. These projects will design and construct four new consolidated and hardened maintenance facilities for the Public Works, Public Utilities and Fleet Services Departments to replace the following existing facilities: West Service Unit, East Service Unit, South Service Unit and Traffic Operations/Maintenance Facility at Sabal Park. The current facilities are 40 – 50 years old and are near the end of their useful lives. The new facilities will provide efficient and secure shelter for pre and post disaster response.

Many other important projects are continuing into this adopted CIP. Roofs will be replaced at two locations (Cooperative Extension and Falkenburg Warehouse South Building), and downtown buildings will be water-proofed. The Emergency Generators at Various Locations project includes engineering and installation of emergency generators and associated infrastructure upgrades at various emergency shelters (such as public schools) and other critical facilities to provide back-up power capability. The South County Cultural Arts Center project will develop options for locations, scope and cost for a cultural arts center in the Southshore area of Hillsborough County. A contribution to Mary and Martha

House will assist the organization with various capital improvements.

A project at the Pet Resources facility will replace the roof and improve functionality. The South County Workforce Center is not currently funded but represents a possible future County investment in that facility. The Hanna Facility Repurpose project will renovate portions of the former Fire Rescue headquarters to accommodate other County agencies.

The Historical Preservation Matching fund program continues in FY 21 to help preserve historic community assets. The Capital Asset Preservation Program supports the preservation of community capital assets that enhance tourism, arts and culture, entertainment and community education. (Note: Future funding for this program will come from tourist development taxes and will no longer appear in the CIP after current funds are expended.) The Northwest Area Head Start / Service Center project (formerly known as the Town 'N Country Service Center) will develop a new Head Start facility and research opportunities for a new service center to provide enhanced customer service in the northwest area of Hillsborough County.

Additional funds have been allocated to the Public Art project in FY 21. The Annual Public Art Plan, as recommended by the Public Art Committee, is included within the appendix section of this document.

Seven projects reached substantial completion during FY 20. The second phases of the repaving and re-roofing projects at the Central Fleet facility were completed and a water line was replaced at the Children's Services campus. The Falkenburg Road Jail Expansion Phase VIIA project reached substantial completion and will wind down after post construction activities are finished. Two projects were completed at the 700 Twiggs building in downtown Tampa – both the roof and emergency generator were replaced. Work was completed at the Mary and Martha house with final reimbursements to be made in FY 21. One project was canceled. After further investigation, it was determined that the Clerk's Warehouse Emergency Generator only needed maintenance and not replacement.

There are six projects that are scheduled to reach substantial completion in FY 21. Two of the Consolidated and Hardened Maintenance Facilities (East and South Service Units) will be completed and enhance operational resilience. The Cooperative Extension Office will have its roof and HVAC system replaced. Facility functionality will improve after work is completed on the EPC

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Meeting Room and Medical Examiner Toxicology Lab Modifications projects.

Operating Impact – Of the projects that are scheduled to reach substantial completion in FY 21, only the Consolidated and Hardened Facilities will have an operating cost impact. These projects will replace existing facilities which are already being operated. Net operating impact, if any, will be determined as the projects progress.

Government Facilities Projects	New Positions	Operating Impact (In thousands)
		FY 21
Consolidated & Hardened Maintenance Facilities (East and South Service Units)	0	TBD

Libraries

The Adopted FY 21 – FY 25 Library Services Program totals \$31.4 million. The program is funded with ad valorem tax proceeds from the Special Library Taxing District and grant funding.

Five new projects are being added to the program this year. The Bloomingdale Library will have its chiller replaced and renovations will be completed at the West Tampa Library to improve safety and functionality and to upgrade finishes and systems. The Libraries Safety and Security Upgrades project will install access control systems, replace proprietary alarm systems and install/upgrade surveillance systems, etc., at various libraries to improve safety and security for library staff and customers. Restroom facilities will be renovated at various libraries to update their functionality, fixtures, and finishes. Project development and design will begin on an effort to replace the Thonotosassa Library with a larger and more functional facility.

There are several carry-over projects included in this program. The John Germany (Main Library) Various Improvements and Planning Study project includes various renovations to the building and site to meet customer needs. The Burgert Brothers Photo Archive Preservation project will preserve and digitize the prints and negatives of the collection. Landscaping will be improved at various libraries with the Landscape Renovation project. The Solar Power Systems for Various Libraries project will install new systems to showcase and educate the community on solar energy technology and to reduce operating costs.

The Brandon Library Replacement – Phase 2 project provides funds to construct a new, expanded and relocated library in Brandon (funds may also be used for

improvements to the existing facility). Six continuing projects will renovate existing libraries (Austin Davis, Fendig, Lutz, North Tampa, Southshore and Town ‘N Country). The C. Blythe Andrews, Jr. Library opened and is fully operational, but some post construction activities are wrapping up.

C. Blythe Andrews, Jr. Library

Three projects reached substantial completion during FY 20. One new construction project, the Riverview Library Expansion/Replacement project, reached substantial completion and will open by the beginning of FY 21 to replace the existing library with a new, larger facility in a different location. Two maintenance related projects, the Jimmie B. Keel Library Parking Improvements and New Tampa Library HVAC Replacement projects, were also completed.

Operating Impact – Two projects are scheduled to reach substantial completion in FY 21. The Bloomingdale Library Chiller Replacement project will not have a significant impact on operating costs. The first group of solar power systems installed on various libraries will be functional and are expected to save approximately \$15,000 to \$20,000 annually at each location.

Library Services Projects	New Positions	Operating Impact (In thousands)
		FY 21
Solar Power Systems for Various Libraries	0	(\$30.0)

Parks

The Adopted FY 21 – FY 25 Parks Facilities Program totals \$133.9 million. The program is funded through a combination of impact fees, Community Investment Tax

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

proceeds, ad valorem tax proceeds, long-term financing, BP oil spill funds and Boat Improvement Fees.

Eight new projects have been added to the Parks Capital Improvement Program including the All Peoples Park Expansion at \$1.1 million, Carrollwood Cultural Center HVAC Replacement at \$1.0 million, Park Road Paving at Lithia, Medard, Lettuce and Lake Parks at \$3.2 million, Park Maintenance Unit 1 Roof Replacement at \$350,000, Tennis & Basketball Court Renovations and Replacements at \$1.2 million and Unincorporated Playground Replacements at \$1.0 million. The Unincorporated Playground Replacements project will replace playgrounds at various County parks as part of scheduled lifecycle.

Seven projects are scheduled for completion in FY 21 including the Apollo Beach Site Improvement, the Carrollwood Village Park, the Mann Wagnon Storage Building, the Veterans Memorial Park Amphitheater, the Countywide Soccer Complex and others. The Countywide Soccer Complex will design and construct a regional tournament soccer complex to include restrooms, concession stands, parking, lighting, maintenance building, locker room, equipment and site improvements.

Seventeen projects were completed in FY 20 including the Apollo Beach Recreation Center Improvements, the Forest Hills / Orange Grove Park Improvements, the Northlakes Park Improvements, the Ruskin Commongoods Boat Ramp, the South East County Skate Park, the Veterans Memorial Park Expansion Phase I/II/III and others. The Veterans Memorial Park Expansion Phase I/II/III project will re-design and expand the existing Veteran's Memorial Park and Museum located on Highway 301 North. Phase I included installation of an entry feature, signage and icon, site work, roads, parking and a caretaker area. Phase II included construction of a "Freedom Trail" and observation decks. Phase III included county funding for design and construction of individual memorials. The memorial projects are as follow: Seminole Indian Wars, Mexican War, Civil War, Spanish American War, World War I, World War II, Korean War, Vietnam War, Gulf War, Iraq, Afghanistan, Field of Honor, Committed Forces, Purple Heart, Medal of Honor, and POW/MIA. The project also included an 8,000 square foot Veterans Resource Center, construction of additional parking and fitness equipment to be installed outside the park boundaries along the By-Pass Canal.

One significant project in the program is the Carrollwood Village Park. The project's purpose is to acquire a part of the former Dale Mabry Wastewater Treatment Plant site and develop the land into a community park. This project will be developed in phases and will involve mas-

ter planning, project development, design and construction. Amenities will be prioritized with input from citizens and will include various types of improvements.

Carrollwood Village Park

Another significant project in the Capital Budget is the Lucy Dell Community Pond / Central County Area Park Improvements. This project developed County-owned surplus property located in the vicinity of Nuccio Park into a new Community Park that will encourage prosperity and citizen interaction, deter crime and increase community safety and well-being. The project scope also includes improvements at various other parks located within the Central County Area as budget permits

Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP)

The Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP) is a voluntary land preservation program based in the Conservation and Environmental Lands Management Department. The ELAPP Program is dedicated to the protection and preservation of natural and environmentally significant resources, as well as restoration of natural habitat. Properties preserved through ELAPP are available for recreational uses compatible with the preservation objectives. Some of the criteria used when considering a property for protection are: contains unique or scarce natural habitat for endangered species, protection of water resources, or lands that buffer, link or provide access to existing environmentally sensitive lands.

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Historically, funding was secured through an operating and debt service ad valorem millage not exceeding 0.25 mills in any one-year period. A four-year property tax was originally approved by 71% of the voters in 1987 and in 1990 a referendum authorizing \$100 million in bonds was approved by 73% of the voters. In November 2008, nearly 79% of the voters approved the issuance of up to \$200 million in bonds to continue capital funding for the ELAP Program. So far \$128.4 million has been issued of the \$200 million authorized by the voters.

As of October 1, 2017, the County has preserved approximately 61,811 acres at a cost of \$262.8 million, of which \$87.1 million (or 33%) has been funded by other agencies.

Operating Impact – The following table identifies the stand-alone projects that are scheduled for completion in FY 21 that have a separately identified operating impact. Ongoing master projects that have an identified operating impact are also listed in the table below.

<i>Parks Projects</i>	New Positions	Operating Impact (In thousands)
		FY 21
Carrollwood Village Park	3	\$144.1
Riverview/Brandon/East Area Parks	0	15.0

Solid Waste Enterprise

The Adopted FY 21 – FY 25 Solid Waste Enterprise Program totals \$36.3 million. The Solid Waste Enterprise Program is funded with financing and revenues generated from fees and assessments paid by customers of the enterprise.

One new project has been added to the Solid Waste Enterprise Capital Improvement Program. The Hillsborough County Material Recovery Facility (MRF) project planned to be a 35-ton per hour, single-stream recycling facility designed to process the County’s residential recyclables and operated via a Public Private Partnership. The County facility will also be able to process commercial recyclables, and the awarded vendor will be granted the ability to provide processing and marketing for third parties in exchange for a host fee. The MRF is planned to be constructed at the site of the existing yard waste facility site at 350 N Falkenburg Rd, Tampa, FL. The County will ultimately own the PPP facility at the end of the contemplated contract (12-year term plus 8-year renewal). The County will thus retain the ability to maximize landfill diversion through inclusion of the most recyclable materials and provide a cost-effective alterna-

tive for itself and its interlocal agreement municipal partners.

One significant project in the program is the Southeast County Landfill Facility Improvements. The Southeast County Landfill Facility Improvements at a budget of \$4 million will construct an administration building and scale house for the active Southeast County Landfill.

The program has an additional seven active projects which concentrate on enhancing some of the service centers throughout the county. One of these projects is the Northwest Transfer Facility Improvements. This project will design, permit, construct and provide quality assurance for the Northwest Community Collection Center Improvements project. The improvements are necessary to provide a better site configuration thus improving safety, customer traffic flow, efficiency of the operation and improve the overall customer experience while using the facility.

Resource Recovery Facility Warehouse

The Resource Recovery Facility Warehouse which is scheduled for completion in FY 21 at a cost of \$3.3 million will construct a new warehouse at the Resource Recovery Facility. A new warehouse will allow for the covered storage of parts and equipment that are currently stored outdoors or on the tipping floor. Inside storage will result in improved safety, housekeeping, additional storage space for municipal solid waste on the tipping floor and better organization of spare parts and equipment.

Operating Impact – No projects are scheduled to begin incurring operating costs in FY 21.

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Stormwater

The Adopted FY 21 – FY 25 Stormwater Program totals \$130.4 million. The program is funded with a combination of Stormwater Fees, Community Investment Tax, Enterprise Fees, general revenue, grants and the BP Oil Spill Fund.

The program includes fourteen master projects that provides the maintenance, rehabilitation, construction and improvement of the Hillsborough County Stormwater system.

The Culvert Renewal and Replacement Program replaces or repairs culverts at various locations throughout Hillsborough County. The Watershed Master Plan Updates project studies the water quantity, and water quality if applicable in various watersheds within Hillsborough County. The Neighborhood Drainage Improvements Program is intended to alleviate flooding on County-maintained roadways that do not meet the County's level of service for flood protection. These projects are initiated at the conclusion of a drainage investigation of actual flooding identifying the deficiencies.

Neighborhood System Improvements

The Canal Dredging Grant Program continues into FY 21. This project will provide matching grants for communities that want to have canals dredged to improve navigability.

Three projects were completed in FY 20 including the Master Plan Implementation Program, the Minor Neighborhood Drainage Improvements and the Hollomans Branch Stormwater Improvements project. The Hollomans Branch project constructed a culvert along the north side of West Knights Griffin Road from Peoples Road west to Hollomans Branch Creek.

Operating Impact – New stormwater infrastructure normally does not have explicit additional operating costs beyond additional materials and supplies for maintenance. Ongoing annual maintenance costs for stormwater improvements are estimated at \$2.50 per \$1,000 of project cost. Stormwater infrastructure maintenance requirements include keeping drainage areas free from silt, litter, leaves and debris as well as repairing cracked or broken stormwater pipes, culverts and other stormwater infrastructure. Unanticipated maintenance of new stormwater infrastructure can be absorbed within the operating budget of the various maintenance components of the Public Works Department. However, as more infrastructure becomes operational each year, additional staff and equipment will be needed at some future date to maintain infrastructure at desired levels.

Ongoing master projects with an annual operating cost impact in FY 21 are listed in the table below.

Stormwater Projects	New Positions	Operating Impact (In thousands)
		FY 21
Culvert Renewal and Replacement Program	0	\$63.3
Major Neighborhood Drainage Improvements	0	2.4
Neighborhood Drainage Capital Improvements	0	20.7
Neighborhood Drainage Improvements	0	5.1
Water Quality Improvement & Environmental Program	0	3.2
Water Quality Improvements and Environmental Program	0	5.1
Watershed Drainage Improvements	0	6.3

Transportation

The Adopted FY 21 – FY 25 Transportation Program totals \$761.9 million. The program is funded with a combination of Fuel Tax, Community Investment Tax, Financing, General Revenues, Grants, Impact Fees, Mobility Fees and the BP oil spill fund.

In November 2018, a citizen-initiated transportation ballot initiative was approved by the voters resulting in a new 1% Transportation Sales Surtax. Hillsborough County's portion of the tax is anticipated to generate in excess of \$110 million annually for transportation. These funds are going through legal actions with the State of Florida and are awaiting a decision by the Flori-

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

da Supreme Court. A schedule summarizing the new surtax revenue is included in the appendix section of this document.

The Board of County Commissioners has committed to direct more resources towards transportation. On September 8, 2016, the Board approved Policy number 03.05.09.00, Ten Year Commitment to Increase Funding for Transportation - Budget Preparation, which targets / prioritizes increased funding for transportation over a ten year period. Key areas in the Transportation Work Plan include widening projects (Big Bend Road, Lithia Pinecrest Road, Van Dyke Road), a road extension (Citrus Park Drive), intersection / interchange improvements (Big Bend Road at I -75, various locations on State Road 60, safety enhancements at various locations) and roadway improvements (East 131st Avenue improvements, University Area improvements, Progress Boulevard and South 78th Street improvements, Sun City Center pedestrian mobility improvements and Westshore Boulevard complete street improvements).

One new project has been added to the Transportation CIP in FY 21. The Corridor Safety Retrofit Improvements will provide safety retrofit improvements in high injury crash and high safety risk locations. Includes safety enhancements with major road resurfacing projects.

Lithia Pinecrest / Lumsden / Bell Shoals / Durant Intersection Improvements

Five projects were completed in FY 20 including the 2nd Street Bridge Replacement, the East Keysville Road Over West Branch, the Kinnan Street Extension, the Lithia Pinecrest/Lumsden/Bell Shoals/Durant Intersection Improvements and the Progress Villlage Middle School Access Project. The Progress Villlage Middle School Access Project was a joint project with the Hillsborough County School District and built a multi-lane circulation roadway storage area on school property for vehicle queuing and made changes to the access and circulation roads for Jack R. Lamb Elementary School and Progress Villlage Middle School including a traffic signal at the 78th Street school entrance.

Funds were allocated for the Safe Routes to School Program which includes sidewalks near schools, school safety circulation enhancements, new sidewalks on county roads, new and enhanced pedestrian crossings, signs and pavement markings.

Many other previously funded projects continue in this adopted CIP. Nature's Way Safety Improvements will provide pedestrian and bike lane improvements. To help complete an important trail, the South Coast Greenway Trail Gibsonton Gap (Phase VI) project will construct a 10 to 12 foot wide paved trail from Symms Road to Riverview Drive. The trail will have landscaping, benches, bike racks and shade shelter.

The program includes funding for bridge replacements, Bell Shoals Road Widening, bridge repairs, intersection improvements, sidewalks, pavement preservation, paved shoulders and safety Improvements.

Funds have also been allocated for three trails projects (South Coast Greenway, Tampa Bypass Canal and Upper Tampa Bay) are now being managed by Public Works and are included in the Transportation program.

Operating Impact – While new transportation infrastructure generally has no immediate direct operating costs associated with it, future and ongoing maintenance expenditures are needed to keep the roads up to County standards. Ongoing maintenance costs include pothole patching, lane and crosswalk re-striping, sign and traffic signal replacement, and roadside right-of-way mowing and maintenance. Not including residential street lighting, the County expends approximately \$9,022 annually per lane mile on ongoing maintenance. The County is responsible for maintaining over 6,933 lane miles throughout the county. Note that major road resurfacing is budgeted separately under the capital program. Like stormwater, as more transportation infrastructure continues to become operational, additional staff and equipment will be needed to maintain infrastructure at opera-

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

tional levels. The annual cost to maintain traffic signals is approximately \$6,000 per signalized intersection; \$2,400 for utility cost and \$3,600 for maintenance costs.

The following table identifies the stand-alone projects that are scheduled for completion in FY 21 that have a separately identified operating impact. Ongoing master projects that have an identified operating impact are also listed in the table below.

Transportation Projects	New Positions	Operating Impact (In thousands)
		FY 21
Advanced Traffic Management System Improvement Program	0	\$450.0
Intersection Improvement Program	0	100.0
New & Improved Signalization Program	0	100.0
Sidewalk Retrofit Construction Funding	0	18.0

Water Enterprise

The Adopted FY 21 – FY 25 Water Enterprise Program totals \$1.2 billion. The Water Enterprise Program includes potable water, wastewater and reclaimed water projects and is funded with a combination of long-term financing, revenue generated from fees, rates and charges paid by customers of the enterprise and \$5 million from the BP oil spill fund.

Three projects were added to the Water Enterprise Capital Improvement Program including the Franchise Acquisition and Connection at \$16 million, the Maintenance Facility Northwest at \$20.5 and the Operations Building at the Northwest Regional Water Reclamation Facility at \$11.2 million. The Operations Building at the Northwest Regional Water Reclamation Facility project will design and construct a 15,000 square foot building that will serve as the new operations center for the facility, as well as a welcome center for visitors and educational tours.

Additionally, the program created several projects as part of the Hillsborough County One Water Campus set of projects. These projects include the Hillsborough County One Water Campus Potable Water Distribution project, the Potable Water In-Line Booster Pump Station, the Potable Water Treatment & Distribution, the South County Waste Water Treatment Plant Modular Expansion and the Wastewater Treatment & Collection project. This last project will design and construct a new Region-

al Water Reclamation Facility in the South County Service Area to provide additional wastewater treatment capacity at cost of \$440.1 million.

Seven projects were completed in FY 20 including the Countywide Fire Hydrant Replacement, the Southeast County Landfill Biosolids Composting Facility, the Palm River Utility Expansion Program (Potable Water) and others. The Palm River Utility Expansion Program project designed and constructed utility infrastructure for the Palm River area.

Three projects are scheduled for completion in FY 21 including the Falkenburg AWTP Mechanical Bar Screens Replacements, the Falkenburg Install De-watering Equipment and the South County Potable Repump Station Expansion. The South County Potable Repump Station Expansion project will expand the existing pump station capacity by adding one 3 million gallons storage tank and two additional high service pumps.

Northwest Regional Water Reclamation Facility System Improvement & Expansion

The Northwest Regional Water Reclamation Facility System Improvements & Expansion project at \$208.7 million will design, permit and construct improvements to the facility. The current facility is permitted to treat 10.0 million gallons per day. The anticipated improvements will increase the permitted capacity to 30.0 million gallons per day. This permitted capacity allows for one full

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

treatment train to be out of service for maintenance and operational flexibility. Improvements are essential to long-term environmental needs and the necessary decommissioning of the River Oaks and Dale Mabry Wastewater Treatment Plants.

An ongoing project of importance is the Valrico Solar Power Installation at \$3.4 million. The project will design and construct a solar panel and battery system to provide supplemental power to the Valrico Advanced Wastewater Treatment Facility. The program is exploring alternative energy sources both to save money on power costs and reduce the carbon footprint of its facilities.

One significant project in the program is the Gibsonton Area Septic to Sewer Conversion Program at \$33 million including \$3 million from the BP oil spill fund. This project will build wastewater collection system for existing residents and future developments in the Gibsonton Area.

Operating Impact – The following table identifies the stand-alone projects that are scheduled for completion in FY 21 that have a separately identified operating impact.

Water Enterprise Projects	New Postions	Operating Impact (In thousands)
		FY 21
Public Utilities Telemetry/Data Network and Support Program	3	\$50.0
RWTM Extensions To New and Existing Customers	0	1.2

Major Repair, Replacement, Renovation, and Maintenance Program

During the FY 02 capital budget process, the Board of County Commissioners, concerned about maintaining the condition of County facilities, established the Major Repair, Replacement, Renovation and Maintenance Program (R3M). The program focuses on non-routine

repairs, renovations, replacement or maintenance of existing facilities rather than construction of new facilities or infrastructure. Projects included in this program are typically under \$150,000, do not add square footage to an existing facility, and can be delivered within a twelve-month period. This program is more flexible than the CIP process, allowing the County to react in a more timely manner to facility related emergencies or non-routine repairs and maintenance needs. The projects can be identified, budgeted and completed within a twelve-month period.

To ensure that funding is available to maintain existing facilities, the Board of County Commissioners sets aside a minimum of 1% of anticipated annual revenues in the Countywide General Fund, the Unincorporated Area General Fund and the Library District Fund. The FY 21 Adopted CIP includes an increase of the set aside for the Unincorporated Area General Fund from 1% to 2.3%. The adopted FY 21 allocations will generate approximately \$6.1 million for Countywide General Fund, \$6.5 million for the Unincorporated Area General Fund and \$573,000 for the Library District Fund. A list of proposed FY 21 R3M projects can be found in the appendix section of this document.

Monitoring

The Capital Budget Team conducts regular reviews of capital project status, allocations and expenditures along with related activities. The purposes of these reviews are:

- To ensure compliance with applicable statutes, ordinances, County policies and procedures, and sound accounting and budgeting practices.
- To identify projects with excess appropriations that might be subject to reallocation.
- To track impact fee revenues and expenditures to ensure that impact fees are being spent in a timely manner as required by ordinance.

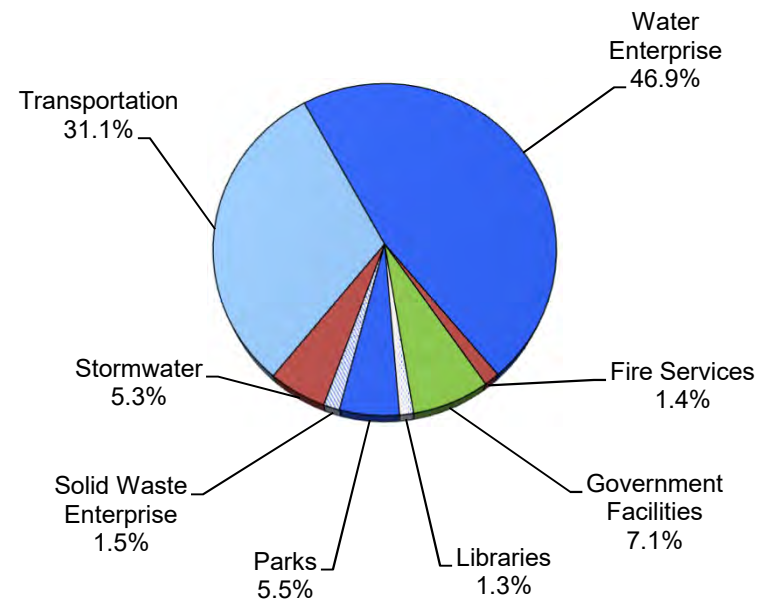

Results of these analyses are communicated to appropriate management and staff for follow-up and corrective action. To assist in the reviews, the Capital Budget Team generates numerous variance and tracking reports from the County's financial system.

* - New Project TBD - To be Determined

^ Accounting changes to the financial system require the creation of this new project in order to properly account for the capitalization of fixed assets.

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the adopted CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:
APOLLO BEACH FIRE STATION #29 REPLACEMENT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91204000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
 Design & construct a new 3-Bay Apollo Beach Fire Station Replacement on County-owned property on the West side of Hwy 41, approximately 1/2 mile North of Apollo Beach Blvd. This project is recommended by Fire Rescue Services Department to enhance services in South Hillsborough County. The project includes furniture, fixtures and equipment (FF&E) and a traffic signal.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Apr 2022

PROJECT TITLE:
CENTRAL BRANDON FIRE STATION #45
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91202000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
 Design & construct a new 3-Bay Central Brandon Fire Station on County-owned property on the South side of Oakfield Drive approximately 200 feet East of Pauls Drive. This project is recommended per the Fire Rescue Master Plan to enhance services in the Central area of Hillsborough County. The project includes furniture, fixtures and equipment (FF&E). A temporary fire station is also included in the scope.

OPERATING COST IMPACT:
 Annual operating cost impact is estimated at \$3.3 million. A total of 24 new FTEs are anticipated.

PROJECT COMPLETION DATE: Apr 2022

PROJECT TITLE:
EAST LAKE FIRE STATION # 32 REPLACEMENT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91179000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:

Design and construct a new 4-Bay Fire Station to replace the existing 2-bay East Lake Fire Station for better response in the East Lake/Orient Park area. Land costs for this fire station were paid for under the Land Acquisition for New Fire Stations CIP project. The existing Fire Station requires upgrading and enlarging due to its age, condition and expanded service needs. However, due to land and location constraints, it will be more feasible and efficient to relocate the station to a larger site to the east.

Neighborhood Community Area:

East Lake Orient Park

OPERATING COST IMPACT:

Additional annual operating cost impact is estimated at \$45,000. No new positions are anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
FIRE STATION FIRE ALARM CODE COMPLIANCE (R3M) (MP)
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91201000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:

Project is for replacing existing fire alarms at various Hillsborough County Fire Rescue stations that currently are not meeting Fire Marshal requirements for remote monitoring capability.

Neighborhood Community Area:

Countywide

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Sep 2021

PROJECT TITLE:
FIRE STATION HARDENING (MP)
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91207000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:

The scope of this project is to provide upgrades to all Fire Rescue Facilities to the extent possible and as prioritized, for the survival and the continued operational ability of the facilities in the aftermath of a major storm. This is to include: access to the facility by staff and the public; the protection of operational functions; the protection of all openings; the structural integrity of the building(s); power, water, sewer and communications support; security of personnel; and the strengthening or removal of potential hazardous elements such as auxiliary buildings, trees and towers.

Accounting changes to the financial system require the creation of this new project in order to properly account for the capitalization of fixed assets (this project will replace C91170000).

OPERATING COST IMPACT:

Additional annual operating cost impact is estimated at \$5,000 per station.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
NEXT GENERATION 911 EQUIPMENT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91190000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:

Next Generation 9-1-1 (abbreviated NG9-1-1) refers to an initiative aimed at updating the 9-1-1 service infrastructure to improve public emergency communications services in a wireless mobile society. In addition to calling 9-1-1 from a phone, it intends to enable the public to transmit text, images, video and data to the 9-1-1 center. This project will upgrade all legacy 9-1-1 call-taking equipment with a solution to provide improved functionality and NG9-1-1 capabilities. The new consolidated Airbus VESTA customer premises equipment (CPE) upgrade solution will be internet protocol (IP) based and capable of processing 9-1-1 calls and requests for emergency services from various communications devices and technologies.

Neighborhood Community Area:

Countywide

OPERATING COST IMPACT:

Project substantially complete - operating costs are included in current departmental budgets.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
RHODINE FIRE STATION #46
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91203000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
 Design & construct a new 4-Bay Rhodine Fire Station on County-owned property on the South side of Rhodine Road approximately 600 feet East of Hwy 301. This project is recommended per the Fire Rescue Master Plan to enhance services in the South-Central area of Hillsborough County. The project includes furniture, fixtures and equipment (FF&E). A temporary fire station is also included in the project scope.

OPERATING COST IMPACT:
 Annual operating cost impact is estimated at \$5.4 million. A total of 42 new FTEs are anticipated.

PROJECT COMPLETION DATE: Apr 2022

* New Project TBD - To Be Determined

~ Formerly known as Children's Services Emergency Generator

" Project includes undetermined funding in the Future column. Future funding to be determined based on project prioritization and available options at BOCC discretion.

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the adopted CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:
700 TWIGGS EMERGENCY GENERATOR REPLACEMENT (R3M)
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77844000
PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

Project is for replacing the emergency generator that has reached its life expectancy. Existing generator serves building life safety functions in the event of a power outage.

Neighborhood Community Area:

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
CAPITAL ASSET PRESERVATION PROGRAM (MP)
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77815000
PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:
 The Capital Asset Preservation Matching Grant Program was established to promote economic development within Hillsborough County through preserving community capital assets that enhance tourism, arts and culture, entertainment, and community education. A listing of funding awarded to organizations to date is included in the appendix section of this document. Future funding for this program is now included as part of the Economic Development Department's budget.

OPERATING COST IMPACT:
 There will be no operating cost impact to the County.

PROJECT TITLE:
 CHILDREN'S SERVICES - VARIOUS IMPROVEMENTS AND PLANNING
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77855000
 PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:
 The project will provide project development, planning and design for various improvements and options to support the Children's Services Department's current and future program needs. This includes options to surplus the existing campus at 3110 Clay Mangum Lane, acquiring property at other location(s), planning and design of improvements at the current location or at other locations.

OPERATING COST IMPACT:
 To be determined.

PROJECT TITLE: CONSOLIDATED & HARDENED MAINTENANCE FACILITIES - EAST SERVICE UNIT PROJECT NUMBER: C77832002
 CIE REQUIREMENTS: N PROGRAM: GOVERNMENT FACILITIES
 LEVEL OF SERVICE IMPACT: N/A

PROJECT DESCRIPTION:
 This project forms one of four consolidated and hardened maintenance facilities for Public Works, Public Utilities and Fleet Services to replace the existing 40-50 year old facilities which are nearing the end of their useful lives. The new facilities will provide efficient and secure locations for pre and post disaster response.

The new East Service Unit will be located on County-owned property at the south-west intersection of Sydney Road and North Dover Road in Valrico, in eastern Hillsborough County. The project includes design/engineering, construction and furniture, fixtures and equipment (FF&E).

OPERATING COST IMPACT:
 This project will replace existing facilities which are already being operated. Operating costs to be shared by the departments.

PROJECT COMPLETION DATE: Dec 2020

PROJECT TITLE: CONSOLIDATED & HARDENED MAINTENANCE FACILITIES - SOUTH SERVICE UNIT PROJECT NUMBER: C77832003
 CIE REQUIREMENTS: N PROGRAM: GOVERNMENT FACILITIES
 LEVEL OF SERVICE IMPACT: N/A

PROJECT DESCRIPTION:
 This project forms one of four consolidated and hardened maintenance facilities for Public Works, Public Utilities and Fleet Services to replace the existing 40-50 year old facilities which are nearing the end of their useful lives. The new facilities will provide efficient and secure locations for pre and post disaster response.

The new South Service Unit will be located on County-owned property on the south side of Rhodine Road approximately 200 feet east of US Highway 301 in south/central Hillsborough County. The project includes design/engineering, construction and furniture, fixtures and equipment (FF&E).

OPERATING COST IMPACT:
 This project will replace existing facilities which are already being operated. Operating costs to be shared by the departments.

PROJECT TITLE: CONSOLIDATED & HARDENED MAINTENANCE FACILITIES - TRAFFIC OPERATIONS / MAINTENANCE CENTER
 PROJECT NUMBER: C77832004
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A
 PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:
 This project forms one of four consolidated and hardened maintenance facilities for Public Works Administration to replace the existing 40-50 year old facility which is nearing the end of its useful life. The new facility will provide an efficient and secure location for pre and post disaster response.

The new Traffic Operations/Maintenance Center will be located on County-owned property at the south side of Columbus Drive on Regional Water Lane, approximately 1/2 mile east of US Highway 301 in central Hillsborough County. The project scope includes traffic maintenance/operations, traffic management and additional space for Public Works operations. Design/engineering, construction and furniture, fixtures and equipment (FF&E) are included in the project.

OPERATING COST IMPACT:
 This project will replace existing facilities which are already being operated. Operating costs to be shared by the departments.

PROJECT COMPLETION DATE: Oct 2021

PROJECT TITLE: CONSOLIDATED & HARDENED MAINTENANCE FACILITIES - WEST SERVICE UNIT
 PROJECT NUMBER: C77832001
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A
 PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:
 This project forms one of four consolidated and hardened maintenance facilities for Public Works, Public Utilities and Fleet Services to replace the existing 40-50 year old facilities which are nearing the end of their useful lives. The new facilities will provide efficient and secure locations for pre and post disaster response.

The new West Service Unit will be located at its current location on County-owned property on the west side of Sheldon Road approximately 500 feet south of Old Linebaugh Avenue in north-west Hillsborough County. Construction will be achieved in phases to facilitate continued occupancy and operations at the site. The project includes design/engineering, construction and furniture, fixtures and equipment (FF&E).

OPERATING COST IMPACT:
 This project will replace existing facilities which are already being operated. Operating costs to be shared by the departments.

PROJECT TITLE:
EMERGENCY GENERATORS AT VARIOUS LOCATIONS (MP)
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77841000
PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:
 The project includes engineering and installation of emergency generators and associated infrastructure upgrades such as electrical/mechanical, HVAC, fencing, safety/security, protection, etc. at various emergency shelters (such as public schools) and other critical facilities to provide back-up power capability. The project is an outcome of post Hurricane Irma analysis conducted by the County.

OPERATING COST IMPACT:
 Preliminary maintenance cost estimated at \$68,000 annually. This cost will be refined during implementation.

PROJECT TITLE: FALKENBURG ROAD JAIL EXPANSION PHASE VII A
 PROJECT NUMBER: C79143000
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A
 PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:
 The Project consists of the following major components: a new Central Cook-Chilled Food Processing Plant (Kitchen) and Food Pantry; renovations and expansion to the existing Service Building; a new internal site Water Loop Service; renovations to the existing Program/Video Court Building; new Prefabricated Emergency Generator Building with bi-fuel back-up emergency generators with all required electrical upgrades to fully power the entire Falkenburg Road Jail Complex; new security and surveillance system; a new Central Air Conditioning Chiller Plant to fully cool and heat entire Falkenburg Road Jail Complex; new air handlers, with associated mechanical upgrades; and all associated site work required for the project. Work also includes upgrades to the Orient Road Jail life safety systems.

OPERATING COST IMPACT:
 No significant increase in operating costs associated with this project. Net annual savings anticipated with construction of central energy plant.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
PUBLIC ART PROGRAM (MP)
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C70000000
PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

The amended Public Art Ordinance, approved by the Board of County Commissioners on January 6, 2010, (effective date January 13, 2010), states that the Public Art Program will be included in the County's Capital Improvement Program (CIP) as a capital project. Funds for the program are to be allocated once annually and the assessments are subject to Board approval as part of the CIP. Use of the funds is subject to Board approval through the annual Public Art Plan. The annual Public Art Plan, as recommended by the Public Art Committee, is included within the appendix section of this document.

PROJECT TITLE:
SOLAR PROJECTS VARIOUS BUILDINGS (MP)
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77848000
PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

The project includes planning, design and construction for a phased implementation of the countywide solar energy project for County facilities as part of the County's sustainability initiative. The project will provide solar power at up to 20 – 25 locations as budget will allow and is anticipated to result in overall energy savings of 15% to 20% for these locations.

Neighborhood Community Area:

OPERATING COST IMPACT:

Net savings to be determined during design.

PROJECT COMPLETION DATE: Apr 2022

* New Project TBD - To be Determined

^ Accounting changes to the financial system require the creation of this new project in order to properly account for the capitalization of fixed assets.

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the adopted CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:
AUSTIN DAVIS LIBRARY RENOVATION
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76039000
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:
Interior renovations to improve library functionality and upgrade finishes and systems. The project includes furniture, fixtures and equipment (FF&E).

OPERATING COST IMPACT:
No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Oct 2022

Sources of Funds (in \$000s):	Total Estimated Sources	Prior Funding	FY 21		FY 22	FY 23	FY 24	FY 25	Future

PROJECT TITLE:
BRANDON LIBRARY REPLACEMENT - PHASE 1
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76031000
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:

Purchase site for relocating and expanding the Brandon Library. Phase 2 (consisting of design and construction of a new library) is funded separately. The existing Brandon Library is functionally obsolete and cannot accommodate the full array of library services requested by customers such as library meeting room space, technology instruction and programs. The building is structurally constrained and inefficient and continues to require significant system upgrades. The site has inadequate parking options and cannot accommodate building or parking expansion. The Library Services Capital Facilities Plan calls for additional library space in the Brandon area.

Neighborhood Community Area:

OPERATING COST IMPACT:

No significant change in operating cost is anticipated for Phase 1.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
BRANDON LIBRARY REPLACEMENT - PHASE 2
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76033000
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:

Design and construction of a new Brandon Library on a site acquired in the Phase 1 project which is funded separately. The new library program and size will be developed once a site is determined. Funds may also be used for improvements to the existing facility.

Neighborhood Community Area:

OPERATING COST IMPACT:

To be determined.

PROJECT TITLE:
BURGERT BROTHERS PHOTO ARCHIVE PRESERVATION
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76030000
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:

Preserve and digitize the prints and negatives of the Burgert Brothers Photograph Collection of the Library. The Burgert Brothers collection is a photographic archive of nearly 15,000 images that chronicle the history of the Tampa Bay area from the 1800's through the 1960s. This one of a kind collection is extremely unusual and important, and was recently appraised at over \$5 million. Preservation efforts have been ongoing and the advent of digital technology has provided an opportunity to ensure the future safety of the collection and expand access to it without compromising the physical items. This project will ensure the preservation of this very valuable and significant resource.

Neighborhood Community Area:
Countywide

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Dec 2021

PROJECT TITLE:
C. BLYTHE ANDREWS, JR. LIBRARY EXPANSION / REPLACEMENT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76017000
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:

Design and construct a new approximately 25,000 square foot replacement library for the C Blythe Andrews, Jr Library on its former site located at 2607 E Dr. Martin Luther King, Jr Boulevard. The old library was demolished. The project includes furniture, fixtures and equipment (FF&E) as well as a collection enhancement.

Neighborhood Community Area:
City of Tampa

OPERATING COST IMPACT:

Annual operating cost impact is estimated at \$704,000. A total of 15 new FTE positions are anticipated.

PROJECT TITLE: JOHN GERMANY (MAIN LIBRARY) VARIOUS IMPROVEMENTS AND PLANNING STUDY (MP)
PROJECT NUMBER: C76040000
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:
 Re-seal and re-caulk the exterior pre-cast concrete walls and associated work including replacement of acoustical ceilings, light fixtures, and the roof drain piping system. Reseal exterior deck and auditorium. Perform planning studies for building utilization/needs assessment. Upgrade HVAC equipment. Perform various renovations to the building and site to meet programmatic needs including decommissioning of the West Annex and associated improvements. This project includes furniture, fixtures, and equipment (FF&E).

Accounting changes to the financial system require the creation of this new project in order to properly account for the capitalization of fixed assets (this project will replace C76001000).

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT TITLE:
SOLAR POWER SYSTEMS FOR VARIOUS LIBRARIES (MP)
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76027000
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:
Install solar power systems at various libraries to showcase and educate the community on solar energy technology and to reduce operating costs. Library locations include the 78th Street, Seminole Heights, North Tampa, SouthShore, Bloomingdale, Jimmie Keel, Seffner-Mango and Town'N'Country Library. Other locations may also be considered if appropriate and if budget permits.

OPERATING COST IMPACT:
The project is estimated to reduce the operating budget by \$15,000 to \$20,000 annually at each library location.

PROJECT TITLE:
THONOTOSASSA LIBRARY REPLACEMENT PHASE I
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76045000
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:

Project development and design of an expanded library to replace the existing 8,000 square foot Thonotosassa Library located at 10715 Main Street, Thonotosassa. The existing library facility cannot accommodate the full array of library services requested by customers such as library meeting room space and technology programs and instruction. The building continues to require significant system upgrades. Phase I will include site analysis and engineering to verify expansion capability for the building and parking at its current location. The Library Capital Facilities Master Plan calls for additional library space in the area.

Neighborhood Community Area:

OPERATING COST IMPACT:

No significant change in operating cost is anticipated for Phase 1.

PROJECT TITLE:
ALL PEOPLES LIFE CENTER ROOF REPLACEMENT
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C83313000
PROGRAM: PARKS

PROJECT DESCRIPTION:
This project will replace the roof at All Peoples Life Center that is at its end of life and beyond routine maintenance repair. Replacing the roof will prevent the need for ongoing emergency leak repairs and avoid damage to interior spaces. This project will incorporate the ability for the installation of solar panels for continued sustainability efforts and associated electricity cost reduction.

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE: ALL PEOPLES PARK EXPANSION
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C83323000
 PROGRAM: PARKS

PROJECT DESCRIPTION:
 The Project consists of master planning for the existing 28-acre All Peoples Life Center property located at 6105 E. Sligh Avenue, Tampa, to provide a phased development plan for the entire site. The intent is to enhance accessible recreational opportunities for County citizens. Design and construction of amenities will follow as funds allow.

OPERATING COST IMPACT:
 Operating costs resulting from the project will be determined in the future.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
 COUNTY FAIRGROUND EVENT CENTER
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C83264000
 PROGRAM: PARKS

PROJECT DESCRIPTION:

This project provides Phosphate Severance Tax (PST) funding for various capital improvements to the existing Hillsborough County Fairgrounds located at the northeast corner of State Road 60 and Sydney Washer Road as requested by the Greater Hillsborough Fair Association and as described in the agreement with the County dated August 5, 2015. The agreement provides a list of equipment and building enhancements deemed necessary to increase the number of visitors and improve visitor experience. The Fair Association will be responsible for the design, permitting, construction and procurement of the items. An additional \$100,000 was approved in FY 18 for this project. The agreement was modified to incorporate additional items.

Neighborhood Community Area:

OPERATING COST IMPACT:

No significant change in operating cost to the County is anticipated.

PROJECT TITLE:
COUNTYWIDE SOCCER COMPLEX
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C80209000
 PROGRAM: PARKS

PROJECT DESCRIPTION:

This project will design and construct a regional tournament soccer complex to include restrooms, concession stands, parking, lighting, and maintenance building. The selected location is a county owned property on Columbus Drive. Additional funding approved in FY 19 for locker room, equipment and site improvements (Phase 2). Phase 1 is completed.

Neighborhood Community Area:
 Brandon

OPERATING COST IMPACT:

Operating cost included in an Interlocal Agreement with Tampa Port Authority.

PROJECT COMPLETION DATE: Dec 2020

PROJECT TITLE:
PARKS TREE RESTORATION PROJECT (MP)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C83300000
 PROGRAM: PARKS

PROJECT DESCRIPTION:

The purpose of the Park Tree Restoration project is to provide an alternative to the onsite restoration of trees or other vegetation removed from a site. Funds received through the ERF fund shall be utilized for acquiring, planting, protecting, and maintaining trees and other vegetation for public purposes within Hillsborough County. Trees and other vegetation acquired shall be suitable to site conditions, freeze tolerant, and representative of the surrounding plant ecology. Funds received through the ERF fund will also be used to complete a mitigation plan in parks to reforest parks with native drought tolerant and diverse species that will benefit the public in the way of shade, aesthetics, heat island effect, and storm water mitigation.

Neighborhood Community Area:

OPERATING COST IMPACT:

No significant change in annual operating costs is anticipated.

PROJECT TITLE: UNINCORPORATED PLAYGROUND REPLACEMENTS (R3M) (MP)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C83318000
 PROGRAM: PARKS

PROJECT DESCRIPTION:
 Project is for replacing the playgrounds at various County parks as part of scheduled lifecycle replacement in accordance with the Repair, Renovation, Replacement and Maintenance (R3M) Program.

Neighborhood Community Area:
 Countywide

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Apr 2023

PROJECT TITLE:
WATERSET SPORTS COMPLEX
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C80324000
 PROGRAM: PARKS

PROJECT DESCRIPTION:
 This project will provide planning, design and construction for Phase I of a proposed youth sports complex in the South County area. The complex will be within the Waterset development west of I-75. Land exchange with the developer has been achieved. Construction to be funded in phases as scope is developed.

OPERATING COST IMPACT:
 Operating cost is estimated to be an additional \$250,000 per year.

PROJECT TITLE:
COUNTYWIDE SOLID WASTE MANAGEMENT FACILITIES R&R (MP)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54065000
PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
 Rehabilitate/ Replace fixed assets and other Countywide Solid Waste facilities, including but not limited to Transfer Stations, Scale Houses, Scales, Surveillance Equipment, Unattended Scale Equipment, Knuckle Boom Cranes, Yard Waste Sites, Closed Landfills, Southeast County Landfill, Landfill Gas Monitoring Facilities, Leachate Collection and Treatment Facilities, etc. to extend their service life and maintain the existing level of service. Refurbish/ Rehabilitate/ Replace existing County equipment to extend its service life and maintain the existing level of service.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT TITLE:
HILLSBOROUGH COUNTY MATERIAL RECOVERY FACILITY (MRF)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54079000
PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
 The Hillsborough County Material Recovery Facility (MRF) is planned to be a 35-ton per hour, single-stream recycling facility designed to process the County's residential recyclables, and operated via a Public Private Partnership. The County facility will also be able to process commercial recyclables, and the awarded vendor will be granted the ability to provide processing and marketing for third parties in exchange for a host fee. The MRF is planned to be constructed at the site of the existing yard waste facility site at 350 N Falkenburg Rd, Tampa, FL. The County will ultimately own the PPP facility at the end of the contemplated contract (12-year term plus 8-year renewal). The County will thus retain the ability to maximize landfill diversion through inclusion of the most recyclable materials and provide a cost-effective alternative for itself and its interlocal agreement municipal partners.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
NORTHWEST TRANSFER FACILITY IMPROVEMENTS
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54067000
PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
Design, permitting, construction, construction quality assurance and inspections for the Northwest Community Collection Center Improvements project. Major improvements are necessary to provide a better site configuration thus improving safety, customer traffic flow, efficiency of the operation and an expanded layout that will improve the overall customer experience while using the facility.

OPERATING COST IMPACT:
No significant change in operating cost is anticipated.

PROJECT TITLE:
RESOURCE RECOVERY FACILITY WAREHOUSE
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54064000
 PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
 Engineering, permitting and construction of a new warehouse at the Resource Recovery Facility. A new warehouse will allow for the covered storage of parts and equipment that are currently either stored outdoors or on the tipping floor, which reduces the ability to store additional municipal solid waste. Inside storage will result in improved safety, housekeeping, additional storage space for municipal solid waste on the tipping floor and better organization of spare parts and equipment.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

³ Non-Capital includes, but is not limited to, expenses related to Building Maintenance, Grounds & Landscaping Maintenance, Non-Capitalizable Equipment and other Professional Services.

PROJECT TITLE: SOUTHEAST COUNTY LANDFILL EXPANSION
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54077000
 PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
 Geotechnical study for the design and construction of the landfill expansion project. It will expand the landfill capacity in order to accommodate the additional waste generation from the growing population of Hillsborough County.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Jul 2023

PROJECT TITLE: SOUTHEAST COUNTY LANDFILL LEACHATE MANAGEMENT IMPROVEMENTS PROJECT NUMBER: C54068000
 CIE REQUIREMENTS: Y PROGRAM: SOLID WASTE ENTERPRISE
 LEVEL OF SERVICE IMPACT: E

PROJECT DESCRIPTION:
 Engineering, permitting and installation of a six inch HDPE line, two new booster pumps and improvements to the existing leachate pump station to connect the leachate collection and treatment system to the sewer main line. Connection is necessary to eliminate the need to haul the leachate off site and improve operations.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the adopted CIP document.

PROJECT TITLE: CANAL DREDGING AND PREVENTATIVE MEASURES STUDY IMPLEMENTATION
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C41175000
 PROGRAM: STORMWATER

PROJECT DESCRIPTION:
 Implementation of recommendations by the Canal Advisory Committee to address County related pollutant loading to canals. This project will address identified needs to reduce pollutant loading to surface waters evaluated as part of the Comprehensive Canal Dredging and Preventive Measures Study.

OPERATING COST IMPACT:
 There are no operating or maintenance costs associated with this project.

PROJECT TITLE: CANAL DREDGING GRANT PROGRAM (MP)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C46143000
 PROGRAM: STORMWATER

PROJECT DESCRIPTION:
 The Canal Dredging Grant Program was put in place to provide grant funding for coastal canal dredge projects that will improve and enhance navigation pursuant to the Board of County Commissioners' Policy #01.31.01.00. Applicants may apply to the County to receive up to \$50,000 in funding for qualifying coastal canal dredging projects. Matching funds must be provided by the applicant on a 2 (applicant) to 1 (County) basis, and County funding, if awarded, will be provided on a reimbursable basis.

OPERATING COST IMPACT:
 There are no operating or maintenance costs associated with this project.

PROJECT TITLE:
COUNTYWISE WATERSHED MASTERPLAN UPDATE PHASE II (MP)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C41142000
PROGRAM: STORMWATER

PROJECT DESCRIPTION:

Update the Hillsborough County Watershed Management Plan that was completed in FY 2002 to reflect land use changes including, but not limited to, converting the datum from NGVD29 to NAVD88; updating basin delineation to reflect land use changes and to correct any existing errors; updating the hydrology / hydraulic model to reflect land use changes and new completed projects; updating the water quality models and updating the GIS database. This second phase will also provide LIDAR imaging which will benefit all County Departments.

Neighborhood Community Area:

Countywide

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT TITLE:
STORMWATER SYSTEM MAINTENANCE (MP)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C46147000
PROGRAM: STORMWATER

PROJECT DESCRIPTION:
The project provides a work plan and schedule of implementation for Countywide roadside drainage system restorations/improvements to maximize the flow function and safety within current Right-Of-Way limits. The project will include assessment of roadside swale/ditch/channel according roadway category, existing condition (sediment/erosion/side slope), flooding condition, and possible impacts of safety; prioritization according cost estimate, and benefit (from assessment); and work plan with schedule of implementation according available resources.

OPERATING COST IMPACT:
No significant change in operating cost is anticipated.

PROJECT TITLE:
 WATERSHED MASTER PLAN UPDATES (MP)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C46140000
 PROGRAM: STORMWATER

PROJECT DESCRIPTION:

This ongoing County-wide master project consists of updating the Hillsborough County Watershed Management Plan with more current or accurate LIDAR and other information to reflect land use changes throughout the County resulting from continuously changing residential & commercial developments and new County infrastructure. The update includes data collection, basin re-delineation, input revision, model calibration, model verification, level of service, determination of deficit of conveyance system, alternate analysis, and final recommendation. GIS database updates, 100-year flood plain and 100-year floodway delineations, DFIRM revisions, and future integration of 17 watersheds are also included.

Neighborhood Community Area:
 Countywide

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

* New Project TBD - To be Determined

" Project includes undetermined funding in the Future column. Future funding to be determined based on project prioritization and available options at BOCC discretion.

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the adopted CIP document.

PROJECT TITLE:
19TH AVENUE NE WIDENING - US 41 TO US 301
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69640000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

This project includes Project Development and Environmental Study (PDE) for the Enhancement of 19th Avenue NE, a 2-lane undivided road, from US 41 to US 301 including enhanced pedestrian, bicycle and bus facilities.

Neighborhood Community Area:

Apollo Beach, Ruskin, Sun City Center

OPERATING COST IMPACT:

Impact on annual operating and maintenance costs is to be determined.

PROJECT COMPLETION DATE: Sep 2021

PROJECT TITLE:
ADVANCED TRAFFIC MANAGEMENT SYSTEM IMPROVEMENT PROGRAM (MP)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69602000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

Project funding for the design and implementation of expansions and enhancements to the County's Intelligent Transportation System (ITS) program, which is comprised of computerized traffic signal control, arterial monitoring and management, and related functions. This includes the Countywide integration of technology upgrades, including realtime communications to signalized intersections and detection to determine travel demands, to be able to provide improved traffic flow, improvements in safety, increased transportation efficiency, enhanced mobility, and reductions in fuel consumption and pollutant emissions. This system uses real-time traffic data from vehicle detectors, intersection controllers, and monitoring video cameras, all routed to one central control system at the County's Traffic Management Center (TMC).

Neighborhood Community Area:

Countywide

OPERATING COST IMPACT:

Hillsborough County-Wide annual operating and maintenance costs are estimated to be \$450,000 per year once all project corridors are completed. This cost includes the daily diagnostic management utilizing the Traffic Management Center software packages to monitor the traffic signals, and operations support for communication repairs, traffic signal optimization with signal timing adjustments, and field maintenance and operations activities.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
BIG BEND/I-75 INTERCHANGE IMPROVEMENTS
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69657000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
The Hillsborough County PD&E Study will analyze the needs and impacts of widening Big Bend Road from four to six lanes. The FDOT Design-Build Project at the I-75/Big Bend Rd Interchange will revise the geometric design to reduce the number of conflicts within the interchange, increase roadway capacity and improve lighting conditions.

OPERATING COST IMPACT:
Impact on annual operating and maintenance costs is to be determined.

PROJECT TITLE: GUNN HIGHWAY AT TARPON SPRINGS RD / WALKER MIDDLE / NORTH MOBLEY
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C69670000
 PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
 Intersection improvements may include NB and SB right turn lanes; converting temporary conditions to permanent configuration at Gunn and Tarpon Springs Road. Sidewalks will be added or replaced to improve pedestrian connectivity through the corridor. ADA ramps, curbing and pavement markings will be brought to code.

OPERATING COST IMPACT:
 Impact on annual operating and maintenance costs is to be determined.

PROJECT COMPLETION DATE: May 2023

PROJECT TITLE:
NATURES WAY SAFETY IMPROVEMENTS
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69665000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

Convert a 1.24 mile segment of Nature's Way Boulevard from 4-lanes to 3-lanes with bike lanes and install bike pavement markings and signs on collector roads.

Neighborhood Community Area:

OPERATING COST IMPACT:

Impact on annual operating and maintenance costs is to be determined.

PROJECT COMPLETION DATE: May 2021

PROJECT TITLE:
NEW & IMPROVED SIGNALIZATION PROGRAM (MP)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69601000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
Funding for new and temporary traffic signals throughout Hillsborough County. Temporary signals will be upgraded to full functionality to improve traffic movement. The funding will also include right of way acquisition for mast arms, signals and controller placements along with minor lane improvement for traffic movement.

OPERATING COST IMPACT:
Annual operating and maintenance costs for incremental projects are estimated to be \$100,000 starting in FY 17.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
SIDEWALK RETROFIT CONSTRUCTION FUNDING (MP)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69508000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

The sidewalk program is designed to provide improved pedestrian facilities with new construction as well as provide connectivity to the existing pedestrian facilities through retrofit projects within unincorporated Hillsborough County

Neighborhood Community Area:
Countywide

OPERATING COST IMPACT:

Annual operating and maintenance costs are estimated to be \$18,000 per year.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
UNIVERSITY AREA TRANSPORTATION IMPROVEMENTS (MP)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69654000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

This PD&E will evaluate the widening of N 46th St, a 2 lane undivided road, from Bruce B Downs Blvd to Fletcher Ave, including additional travel lanes, and enhanced pedestrian, bicycle and bus facilities. Identify potential improvements on 42nd St from Skipper Rd to Fletcher Ave, and on Skipper Rd from Bruce B Downs Blvd to 46th St. Improve intersections at Bruce B Downs Blvd/Bearss Ave, Bruce B Downs Blvd/138th Ave, Bruce B Downs/Fletcher Ave and 22nd St at Bearss Ave.

Neighborhood Community Area:

OPERATING COST IMPACT:

Impact on annual operating and maintenance costs is to be determined.

PROJECT COMPLETION DATE: Oct 2025

PROJECT TITLE:
UPPER TAMPA BAY TRAIL IV
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69661000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

The Upper Tampa Bay Trail is located in residential northwest Hillsborough County. Currently, the trail runs along the west shore of Channel A from a trailhead off Memorial Highway/Montague Street, past Waters Avenue, Linebaugh, and then due north to Gunn Highway, Ehrlich Road and ending at Peterson Road Park. The trail continues north from Van Dyke Road north and then east to the trailhead on Lutz Lake Fern Road, connecting to the Suncoast Trail at the Veterans Expressway. This project includes design, land acquisition, and construction to complete the section of multi-use trail between Peterson Road Park and Van Dyke Road.

Neighborhood Community Area:

OPERATING COST IMPACT:

Impact on annual operating and maintenance costs is to be determined.

PROJECT TITLE:
VAN DYKE ROAD WIDENING - WHIRLEY ROAD TO SUNCOAST PARKWAY
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69646000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

This project will widen Van Dyke Rd, from Whirley Rd to Suncoast Pkwy (approximately 2 miles) from a 2-lane undivided road, to a 4-lane divided facility. Includes enhanced pedestrian, bicycle and bus facilities, and improvements to the associated stormwater drainage. Additional items include: Intersection improvements, enhanced pedestrian safety features such as sidewalks, enhanced crosswalks and signals. A shared-use trail connection from the Upper Tampa Bay Trail to the Northdale Lake Park Trail will also be provided.

Neighborhood Community Area:

OPERATING COST IMPACT:

Impact on annual operating and maintenance costs is to be determined.

* New Project TBD - To be Determined

** These projects were originally set up as two projects in the FY20-FY25 CIP and now they have been converted into five different projects.

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the adopted CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:
19TH AVE. WATER TRANSMISSION MAIN (I-75 TO US 41)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C31982000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
Design and construct approximately 16,000 linear feet of potable water transmission main along 19th Ave. from I-75 to US 41. This project is needed to maintain the County's potable water level of service when development in this area of the county resumes.

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Post Construction

Sources of Funds (in \$000s):	Total		FY 21		FY 22	FY 23	FY 24	FY 25	Future

PROJECT TITLE:
19TH AVENUE RECLAIMED WATER TRANSMISSION MAIN
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10217000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
Design and construct approximately 17,150 LF of Reclaimed Water Transmission Main along 19th Avenue from the TECO easement to 12th Street N.E., then north along 12th Street to US HWY 41, then NE to the entrance of Harbor Isles. The development in the South County area offer opportunity and need to expand the County's reclaimed water transmission and distribution system. Expansion of this system is necessary to serve our customers and is part of the County's program to help reduce surface water discharge and reduce the demand for potable water.

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
19TH AVENUE WASTEWATER FORCEMAIN
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10243000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

This project involves replacing the 12-inch force main on 19th Avenue from US 41 to I-75 with a new 24-inch force main. This is followed by replacing the 16-inch force main from 19th Avenue to the South County headworks with a 36-inch force main. This project will reduce system pressures in the force main system going into the South County plant. This will improve the performance of existing and proposed future pump stations along this main trunk line.

Neighborhood Community Area:

OPERATING COST IMPACT:

No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
 COUNTYWIDE POTABLE WATER TRANSMISSION AND DISTRIBUTION SYSTEM (MP)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C31977000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construction of Countywide water transmission and distribution lines that require replacement or system upgrade. This project includes water distribution projects that improve level of service - pressure, quality, quantity and fire protection. This project will allow for limited line extensions to loop systems or provide fire protection. The County's existing water distribution system has small areas where improvements are required to meet our water quality and pressure goals.

Neighborhood Community Area:
 Countywide

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT TITLE:
FALKENBURG INSTALL DE-WATERING EQUIPMENT
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10289000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
Install a fourth screw press at the Falkenburg AWTF to improve throughput and reliability. This project will include the screw press, piping and appurtenances, and electrical work for a complete working installation. The Falkenburg AWTF currently runs three screw presses at 100 to 120 gpm. With a fourth screw press, POG can slow this flow to each unit, resulting in dryer cake and reducing hauling costs.

Neighborhood Community Area:
Valrico

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT TITLE:
FALKENBURG STRUCTURAL REHABILITATION
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10293000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

This project will repair the cracks and address structural deterioration and damages before structural failure occurs. For each structure, the structural engineer provided four approaches of rehabilitation: 1) ongoing maintenances; 2) minimum rehab which will extend the structure life for 5 years; 3) medium rehab which will extend structure life for 10 years; and, 4) premium rehab which will extend structure life for 15 years.

Neighborhood Community Area:

Brandon

OPERATING COST IMPACT:

No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Dec 2026

PROJECT TITLE: NORTHWEST REGIONAL WRF SYSTEM IMPROVEMENTS & EXPANSION
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10239000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design, permit and construct improvements to the Northwest Regional Water Reclamation Facility. The current facility is permitted to treat 10.0 million gallons per day. The anticipated improvements will increase the permitted capacity to 30.0 million gallons per day. This permitted capacity allows for one full treatment train to be out of service for maintenance and operational flexibility. Improvements are essential to long-term environmental needs and the necessary decommissioning of the River Oaks and Dale Mabry Wastewater Treatment Plants.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT DESCRIPTION:

Design and installation of a new 42-inch potable water transmission main along Balm-Riverview Rd. from approximately Big Bend Rd. south to Balm-Wimauma Rd., then south to approximately SR 674, and then west to US 301. The new transmission main will connect to existing water distribution infrastructure at each end, and will help provide increased potable water service pressures and additional flow.

Neighborhood Community Area:
Balm

OPERATING COST IMPACT:

Impact on annual operating and maintenance costs is to be determined.

PROJECT COMPLETION DATE: Dec 2024

PROJECT TITLE:
POTABLE WATER TREATMENT & DISTRIBUTION (ONE WATER CAMPUS)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C32012000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construction of a new Potable Water Treatment Facility in the South County Service Area to provide increased potable water service pressures and additional flow. The new facility is needed to meet increasing potable water demands due to continuing population growth in the South County Area, and will ensure the utility system continues to provide an acceptable level of service to customers. The project also includes a potable water transmission main to connect the new facility to the existing water distribution system.

Neighborhood Community Area:
 Balm

OPERATING COST IMPACT:
 Impact on annual operating and maintenance costs is to be determined.

PROJECT TITLE:
PUBLIC UTILITIES TELEMETRY / DATA NETWORK AND SUPPORT PROGRAM (MP)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C31978000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construct a facility to centralize command and control of the
 Public Utilities Department water and wastewater facilities. This facility will
 include all necessary support structure, communications, interconnectivity,
 and uplinks to all water and wastewater SCADA systems to allow remote 24
 hour operation during normal and emergency operations. This project is
 required to provide Public Utilities a facility to utilize for centralized
 command and control of our water and wastewater treatment plants and
 pumping stations on a 24-hour basis as well as provide a command and
 control facility for recovery operations following an emergency situation.

Neighborhood Community Area:
 Brandon

PROJECT TITLE:
RIVER OAKS DIVERSION FORCEMAIN AND PUMP STATION
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10276000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
This project diverts wastewater flow from the River Oaks Wastewater Treatment Plant to the Northwest Regional Water Reclamation Facility, decommissions & demolishes the River Oaks Plant, and then repurposes the plant site to a greenfield condition. The project includes the design, permitting and construction of a forcemain and pumping station to transfer wastewater flow from the River Oaks site to the Northwest Regional Water Reclamation Facility. Improvements are essential to meeting long-term environmental needs and decommissioning of the River Oaks plant.

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT TITLE:
SOUTH COUNTY REGIONAL AWTF ODOR CONTROL
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10295000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

This project will include mechanical improvements at the headworks of the facility and/or the addition of chemicals within the collection system that will result in the reduction of hydrogen sulfide gas at the headworks of the facility.

Neighborhood Community Area:

OPERATING COST IMPACT:

No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Dec 2021

PROJECT TITLE:
SOUTH COUNTY WWTP EXPANSION PROGRAM
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10143000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

Expand the existing South County Regional Advanced Wastewater Treatment Plant from 4.5 million gallons per day (MGD) to 10 MGD. The design of the expansion should consider new technologies including membrane biological reactor (MBR) treatment processes to reduce the foot print of the expanded facility. This project will also include an interim rerate to 6 MGD.

Neighborhood Community Area:

OPERATING COST IMPACT:

Operating cost is estimated to be \$703,000 per year. Five new positions required.

PROJECT COMPLETION DATE: Mar 2022

PROJECT TITLE:
VALRICO EQUALIZATION BASIN
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10291000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

Design and installation of a closed equalization tank at the Valrico Advanced Wastewater Treatment Facility. The tank will function between the headworks and the annox basin and will be sized to keep an maintain a constant flow through the plant. It may include aeration for odor control and mixing. A biological facility will operate more efficiently with a steady flow. Currently, influent flows follow a diurnal pattern with two peaks per day. These are also the maximum points of power usage for aeration and UV disinfection. An equalization tank will store flow during high flow periods and feed it to the plant during lower flow periods, so that the plant is fed at a more constant rate. This will stabilize power usage, sludge production, and other processes saving money on power costs.

Neighborhood Community Area:
Valrico

OPERATING COST IMPACT:

No significant change in annual operating costs is anticipated.

PROJECT TITLE:
WASTEWATER TREATMENT & COLLECTION (ONE WATER CAMPUS)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10301000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
Design and construction of a new Regional Water Reclamation Facility in the South County Service Area to provide additional wastewater treatment capacity. The new facility is needed to meet increasing wastewater demands due to continuing population growth in the South County Area, and will ensure the utility system continues to provide an acceptable level of service to customers. The project also includes installation of various wastewater collection system force mains, pump stations, and reclaimed water mains connecting the new facility to the existing utility infrastructure system.

OPERATING COST IMPACT:
Impact on annual operating and maintenance costs is to be determined.

Total	\$11,000	\$5,086	\$5,914	\$0	\$0	\$0	\$0	\$0	\$0

¹ Capital includes, but is not limited to, expenses related to capitalizable Development, Design, Land Acquisition, Equipment, Construction and Administration required to complete the project.

² Contributions includes, but is not limited to, funding through an agreement to other Government Agencies, Youth Organizations, Cultural Service Organizations and other Non-Profit Organizations.

³ Non-Capital includes, but is not limited to, expenses related to Building Maintenance, Grounds & Landscaping Maintenance, Non-Capitalizable Equipment and other Professional Services.

PROJECT TITLE:
WOODBERRY SUPER STATION REHABILITATION
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10292000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

The Woodberry Super Station is one of the largest in the County and pumps all of its flow to the Falkenburg AWTF. It is over 20 years old and requires rehabilitation including new variable frequency drives, wet well coatings, new or rehabilitated pumps, and other piping and appurtenances. Significant bypass pumping will also be required. The Woodberry Super Station is critical to transferring wastewater to the Falkenburg AWTF. Allowing the electrical infrastructure to continue to age presents significant financial and environmental risk to the County.

Neighborhood Community Area:

OPERATING COST IMPACT:

No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Jun 2022

TRANSPORTATION SURTAX REPORT

(In Thousands)

<u>Account Description</u>	<u>FY 21 Budget Amount</u>
Transportation Surtax Revenues FY 21	\$87,666
Interest Earnings	115
Less 5% Required By Law	(4,620)
Projected Carried Forward Revenues From Prior Year	<u>171,043</u>
Total Transportation Surtax	<u><u>\$254,205</u></u>

Note: In November 2018, a citizen-initiated transportation ballot initiative was approved by the voters resulting in a new 1% Transportation Sales Surtax. Hillsborough County's portion of the tax is anticipated to generate in excess of \$100 million annually for transportation. These funds are going through legal actions with the State of Florida and are awaiting a decision by the Florida Supreme Court.

PROJECTS WITH FUTURE FUNDING SOURCE TO BE DETERMINED

<u>Project Number</u>	<u>Project Title</u>	<u>Amount (in thousands)</u>
C77830000	South County Workforce Center	\$3,000
Total Government Facilities		\$3,000
C69661000	Upper Tampa Bay Trail IV	\$4,800
Total Transportation		\$4,800
GRAND TOTAL		\$7,800

Note: At BOCC discretion, future determinations of alternate funding or possible overall funding reductions for specific projects will be based on project prioritization and available options.

CAPITAL BUDGET
 Major Repair, Renovation, Replacement and Maintenance (R3M) Program
 Proposed FY 21 Project List

<u>PROJECT & SUB PROJECT TITLES</u>	<u>Cost Estimate</u>
<i><u>CM15000000 - Boating Improvement R3M Program</u></i>	
Emergency Boat Ramp Repairs	\$100,000
Sub Total	\$100,000
Sub-Projects Completed Prior to FY 20	\$304,127
Available for Future Projects	\$113,844
Total Boating Improvement R3M Program	\$517,971

* Note: To ensure that funding is available to maintain existing facilities, the Board of County Commissioners sets aside a minimum of 1% of anticipated annual revenues in the Countywide General Fund, the Unincorporated Area General Fund and the Library District Fund. The FY 21 1% - 2.5% allocations will generate approximately \$6.1 million for Countywide General Fund, \$7 million for the Unincorporated Area General Fund and \$575,000 for the Library District Fund.

PUBLIC ART PROGRAM
ANNUAL PUBLIC ART PLAN - FY 21
RECOMMENDED PROJECT LIST AS APPROVED BY THE PUBLIC ART COMMITTEE ON MAY 26, 2020 (UPDATED Nov 2020)

No.	Title	FY20 Plan	FY20 Adjustment	FY 20 Expenses (Actual & Planned)	FY21 Adjustment	FY21 Plan * (Estimated Carryforward)	Objective / Design Remarks	Completion Date
Completed FY20								
1	C. Blythe Andrews Library	\$56,750		\$48,250	(\$8,500)	\$0	Exterior art at new library.	Jun-20
2	Progress Village Complex	\$62,429		\$47,000	(\$15,429)	\$0	Entrance Enhancement / Exterior Art.	May-20
3	Seffner Mango Community Park	\$66,395		\$66,395	\$0	\$0	Seffner Mango Community Park	Jan-20
Projects to Continue on FY21 Plan								
1	Admin/Restoration/Maint	\$55,145		\$9,700		\$45,445	Funds used on an as-needed basis.	On-Going

**TRANSPORTATION PROGRAM SUPPLEMENT
DEVELOPMENTS OF REGIONAL IMPACT (DRI)
CAPITAL PROJECTS MANAGED BY PRIVATE SECTOR**

DRI #	Development Name	Project Name	Project Description	Estimated Completion Date (*)
<u>Active Projects:</u>				
266	Waterset (fka Wolf Creek Branch)	24th St	Extend 2-lane road from 19th Ave to Big Bend Road	December, 2022
		30th St	Extend 2-lane road from 19th Ave to Waterset Blvd	December, 2022
		Covington Garden	Extend 2-lane road from Ave A to current terminus	December, 2021
		Avenue A	Extend 2-lane road from 30th St to W project boundary	December, 2021

(*) The projects related to Developments of Regional Impact (DRI's) are subject to the timing of development within a project. Therefore, dates are estimates only.

DEFINITIONS

ADA – Americans with Disabilities Act. There are projects in this document which specifically address ADA compliance. These projects enable handicapped access to County facilities.

AD VALOREM TAX - A tax levied in proportion (usually millage rates) to the assessed value of the property on which it is levied.

ALL YEARS BUDGET - Budgeting and reporting grant and capital project appropriations and expenditures from grant or project inception through the desired reporting period, as opposed to budgeting and reporting on a fiscal year basis. As a result, each year's budget only reflects that year's changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted from the budget.

APPROPRIATION - The legal authorization of funds granted by a legislative body, such as Hillsborough County's Board of County Commissioners, to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and time duration. It is the act of appropriation that funds a budget.

BEGINNING FUND BALANCE - The Ending Fund Balance of the previous period. (See Ending Fund Balance definition.)

BOCC - Hillsborough County Board of County Commissioners

BOND - Written evidence of the issuer's obligation to repay a specified principal amount on a certain date (maturity date), together with interest at a stated rate, or according to a formula for determining that rate.

BUDGET FY 21 - Funds authorized by the BOCC for fiscal year 2021.

CAPITAL BUDGET - The financial plan of capital project expenditures for the fiscal year beginning October 1. It incorporates anticipated revenues and appropriations included in the first year of

the five or six-year Capital Improvement Program (CIP). The Capital Budget is adopted by the BOCC as a part of the annual County Budget.

CAPITAL IMPROVEMENTS ELEMENT (CIE) - An element of the Comprehensive Plan which identifies the revenues, costs, and location of the six public facility types required by concurrency: Parks, Solid Waste, Stormwater, Transportation, Water, and Wastewater based on service level standards and the land use plan adopted by the BOCC.

CAPITAL IMPROVEMENT PROGRAM (CIP) - The financial plan of approved capital projects, their timing, and cost over a six-year period in the first year of a biennial budget, and over a five-year period in the second year of a biennial budget. The CIP is designed to meet County infrastructure needs in a responsive and efficient manner. It includes projects which are, or will become the property of Hillsborough County, as well as, projects that although are not owned by the County, will be part of a joint project agreement.

CAPITAL PROJECT - Funds budgeted/expended for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation, and replacement of a facility or a major component of a facility, with a life expectancy of at least five years, and any land, design, feasibility studies, engineering studies, and engineering costs related thereto. To be included in the CIP, a project must have a definite scope of work, timeframe, and cost estimate.

COMMUNITY INVESTMENT TAX (CIT) - A discretionary half cent sales surtax approved by the voters to finance general government, public safety, educational and other facilities in Hillsborough County and the cities of Tampa, Plant City and Temple Terrace.

DEBT SERVICE – Dollars required to re-pay funds borrowed by means of issuance of bonds or through a bank loan. The components of debt service typically include an amount to repay a portion of the

DEFINITIONS

principal amount borrowed as well as interest on the remaining outstanding (unpaid) principal balance.

DEFEASANCE - is a financing tool by which outstanding bonds may be retired without a bond redemption or implementing an open market buy-back. Cash is used to purchase government securities. The principal of and interest earned on the securities are sufficient to meet all payments of principal and interest on the outstanding bonds as they become due. If the defeasance is consistent with generally accepted accounting principles and complies with the outstanding bond document requirements, the bonds will no longer be treated as debt for accounting purposes nor for purposes of computing any statutory or constitutional debt limitation.

DEVELOPMENT OF REGIONAL IMPACT (DRI) - A property development of large size which, based on state mandated thresholds is likely to impact more than one county.

ELAPP – Environmental Lands Acquisition and Protection Program.

ENCUMBRANCE - Legal commitment of budgeted funds set aside for the payments of outstanding contractual obligations.

ENDING FUND BALANCE - Funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year plus revenues received during the year less expenses equals ending fund balance.

ENTERPRISE FEES – Enterprise fees are charges for services imposed on users of facilities of the two programs funded through enterprise funds - Solid Waste and Water/Wastewater/Reclaimed Water. Use of these revenues is restricted to operating, maintaining or building new infrastructure for the respective service for which the fee is being collected.

ENTERPRISE FUND - A fund used to account for operations that are financed and operated in a manner similar to private business enterprises wherein the stated intent is that the costs (including depreciation) of providing goods and services be financed from revenues recovered primarily through user fees.

FISCAL YEAR 2021 (FY 21) - The 12-month fiscal period beginning October 1, 2020 and ending September 30, 2021. It can also be referred to or shown as FY 21.

FUND - An accounting entity used to record cash and other financial resources as well as an offsetting amount of liabilities and other uses. The resources and uses are segregated from other resources and uses for the purpose of carrying on specific activities or attaining specific objectives in accordance with special regulations, restrictions, or limitations.

FUTURE - Capital funding requirement identified for a project beyond the CIP FY 21 – FY 25 planning horizon.

GENERAL REVENUES - This revenue category includes funding from ad valorem taxes, communication services tax, state revenue sharing and half-cent local government sales tax.

IMPACT FEES - A type of charge for services which is assessed on new construction in order to support specific new demands on a given type of infrastructure, e.g., transportation, schools, parks, and fire protection.

INFRASTRUCTURE - Infrastructure is a permanent installation such as a building, road, or water transmission system that provides public services.

LEVEL OF SERVICE - An indicator of the extent or degree of service provided by or proposed to be provided by a facility included in the Capital Improvements Element (CIE) of the Comprehensive Plan

DEFINITIONS

based on and related to the operational characteristics of the facility. The six public facility types in the Capital Improvements Element of the Comprehensive Plan are: Parks, Solid Waste, Stormwater, Transportation, Water, and Wastewater. The Level of service shall indicate the capacity per unit of demand for each public facility. (FL Administrative Code, Rule 9J-5.003 (47), Vol. 4, Page 973).

LEVEL OF SERVICE IMPACT - Impact on adopted levels of service of the six types of facilities in the Capital Improvements Element (CIE) are coded as follows: (M) the repair, remodeling, renovation or replacement of an existing County facility that will maintain levels of service in the Comprehensive Plan; (E) construction of a new facility or expansion of an existing facility that will reduce deficiencies in the levels of service in the Comprehensive Plan; (F) construction of a new facility or expansion of an existing facility is needed to meet levels of service from new development; (N/A) indicates the project or facility type is not covered by the CIE.

MASTER ACCOUNT - A Master Account is an account that is funded to repair and or replace equipment at various locations within the Water, Wastewater and Reclaimed Water Programs. The anticipated dollars associated with the repair and replacement of equipment at various facilities are grouped according to types and placed in a master account to allow for a more efficient method of handling repair and replacement needs as they arise. Needs are identified at the beginning of the year and are then prioritized throughout out the year to insure that the system is in good working condition.

MILL - A mill is .001 of one dollar, or 1/10th of one cent per dollar.

MILLAGE RATE - A rate per one thousand dollars of taxable property value which, when multiplied by the taxable value, yields the property tax billing for a given parcel.

MISCELLANEOUS (FUNDING SOURCE) - Revenues other than those received from standard sources such as taxes, licenses and permits, grants, and user fees.

MOBILITY FEES - Mobility Fees are a one-time charge on new development to pay for offsite transportation improvements that are necessitated by new development. On April 26, 2016 the Board of County Commissioners adopted the Mobility Fee Ordinance that would replace the current transportation impact fees and transportation concurrency. The Mobility Fee Program became effective January 1, 2017.

MUNICIPAL SERVICES TAXING UNIT (MSTU) - The taxing district which is comprised of all of the unincorporated area of the County. It provides services typically provided by a municipality (e.g., Sheriff's patrol, paramedic services, fire protection, parks and recreation, code enforcement, and road network maintenance) to the residents and businesses in the unincorporated area. The services are financed primarily by an ad valorem tax levied on all taxable property located in the unincorporated area.

NEW PROJECT - A capital project that has not been previously approved by the Board of County Commissioners.

OPERATING COST IMPACT - Unless otherwise stated the operating cost impact reflected on the project's detail page represents the estimated additional annual recurring cost of maintaining the new facility / infrastructure, including any additional personnel required to operate the new facility.

PD&E - The Preliminary Design and Engineering (PD&E) phase of a project consist of studies that provide a project scope and schedule together with its estimated costs, benefits and alternative analysis. The study includes safety considerations, cost benefit analysis and environmental studies consistent with the County's Strategic Plan and

DEFINITIONS

Capital Improvement Element. This project phase includes required public meetings to determine the impact to the community.

PRE-PD&E PROJECTS – Capital projects that have not completed Preliminary Design and Engineering. It is after PD&E that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. As a result, the cost and date estimates associated with projects classified as pre-PD&E are still tentative and subject to change.

PRIOR FUNDING / PRIOR EXPENSES – As of the FY 16 – FY 21 CIP, all programs have been converted to annual budgeting vs. all-years budgeting that has been used in the past. Since all programs have converted to annual budgeting, this column contains an estimate of total sources or total expenditures from project inception through September 30, 2020.

POST-PD&E PROJECTS – Capital projects that have completed Preliminary Design and Engineering (PD&E). It is after PD&E that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. As a result, the cost and date estimates associated with projects classified as post-PD&E are more definitive and represent the information against which project progress is measured.

PROJECT COMPLETION DATE - This is the date the project will be available to the user for its intended purpose but there may be some outstanding financial issues pending such as outstanding invoices, contractual or legal disputes.

PROJECT DESCRIPTION - Brief explanation of each project's purpose and work scope.

RESERVES AND REFUNDS - Included in this category are funds required to meet both anticipated and unanticipated needs: the balance of anticipated earmarked revenues not required for operation in the budget year; estimated reimbursements to organizations, state, or federal governments for revenues received and not spent, and those required to be set aside by bond covenants.

SWFWMD - Southwest Florida Water Management District

TEA-21 - Transportation Equity Act for the 21st Century. Federal program which provides federal funds to assist local jurisdictions with their transportation improvements. Formerly known as ISTEA.

TRANSFERS - Due to legal or other restrictions, monies collected in one fund may need to be expended in other funds. A transfer is accomplished through Transfers-In (a source of funds) for the recipient fund and an equal Transfer-Out (a use of funds) for the donor fund. When a transfer occurs between different funds, it is known as an Interfund Transfer. When it occurs between the restricted and unrestricted portions of the same fund, it is known as an Intrafund Transfer.

USER FEES - Charges for a specific governmental service that cover the cost of providing that service to the user, such as building permits, animal license fees and park fees.
